[The screen door of his house slides open, and Ed walks out, carrying armloads of food.]

Dan Kuso: See?

Eddy: "What's he doing with all my food?"

Edd: "Ed is like a swarm of locusts ready to purge the cul-de-sac and all its good people of their food!"

Nico: And we got to stop him.

Eddy: [after a pause] "Y'know, you scare me when you talk like that Double D. Let's go see what Big Ed's up to!"

Nico: Right.

Eddy: This is gonna be a crazy night.

Nico: But let's drink some coffee to keep ourselves awake.

Dan Kuso: Right. I brought some in a thermos just for this kind of situation.

Nico: Smart thinking.

Eddy: I don't like coffee.

Nico: I brought some energy drinks.

Eddy: Thanks.

They had some and it was good.

[We now see Nazz's room. Nazz is sleeping soundly. On her face, she has skin cream and she has cucumbers over her eyes. As we watch, Ed walks in and grabs one of the cucumbers. On his way out, he drops an egg and an apple.]

[Edd, Nico, Dan, and Eddy peek around the side of the house. They wait for Ed. Ed does not disappoint, making his exit by ramming a fridge through the door and guzzling its contents.]

Nico: Whoa!

Eddy: [entertained] "Woo-hoo-hoo-hoo! Man, tell me I wasn't dreaming. He scarfed the whole fridge!" [He laughs.]

Dan Kuso: He ate that whole thing in one sitting.

Edd: [nervous] "Ssh."

Nico: Man when he sleepwalks there's no stopping him

[Ed is in somebody's kitchen. As Edd and Eddy watch, he opens the fridge. He takes out a pie and eats it, and washes it down with a carton of milk.]

Edd: "I hope he doesn't wake Jimmy. This is not good."

Nico: You know how easy Jimmy gets woke up.

Eddy: "This is rich, guys! Have a seat, front row center to the greatest show on earth!" [He is shown lying on a beach chair and pulls out a bag of popcorn.]

Nico: Where'd you get that popcorn Eddy?

Eddy: Always have some with me just in case.

Edd: [watching with him] "Are you gonna share those?"

[Ed ingests a whole melon. This is nothing compared to what he does next, however; he eats a whole armful of food. He then uses a piece of bread to wipe his face. Ed tosses the bread in the air and catches it with his mouth.]

Edd: [impressed] "That was very good!"

Dan Kuso: Has this happened to you guys before?

Eddy: It sure has.

Nico: It's really crazy to see.

Eddy: "I can't figure out where he's putting it all!" [He looks back at the kitchen and doesn't see Ed.] "Huh? Where'd he go?"

Jimmy is in his bed, sleeping soundly. He has a sleeper over his eyes. He hears a board creak and wakes.]

Jimmy: "Egads! What is that hideous odor?" [He lifts the sleeper off one eye.] "Santa?"

Edd: [in the kitchen with Eddy] "Do you think Ed swallowed himself?"

Nico: I don't think so.

Dan Kuso: Ed would have to be very flexible for that to happen.

Jimmy: "Help! Help!"

[Nico, Edd, Eddy and Dan rush over to his bedroom and open the door. Inside, we can see that Ed is ingesting Jimmy.]

Jimmy: "Saliva! Yuck! Germs!"

Nico: Oh yuck.

[The sober Eds close the door on the scene.]

Eddy: "Good thing I'm a man of the world."

Nico: I think I'm gonna be traumatized for life.

Dan Kuso: Me too.

Edd: "I'm terrified beyond rational thought. I can't look!"

[Eddy turns the doorknob again. Inside is Jimmy, shivering in a puddle of saliva. Ed is nowhere to be seen.]

Eddy: "He spit Jimmy back out!"

Edd: "Phew!"

Nico: That's a relief.

Dan Kuso: Yeah.

Eddy: "Let's go! I don't want to miss Ed getting heartburn!"

Nico: If we don't stop Ed, he'll end up stealing food from one of the villains still out there!

Dan: I agree. But I think he's going after the food from people he knows like he did in Atlanta.

Nico: Maybe.

[A trail of food containers and food leads Nico, Dan, Edd and Eddy to the lane.]

Eddy: "Look at all this! Ed must have bilked the whole neighborhood of its food!"

Nico: What a mess.

Dan Kuso: Yeah. Boy when he sleepwalks there's no telling where he will go and what he will do.

Nico: Yeah.

Drako: At least he doesn't eat people.

Edd: "Messy, messy." [He picks up a milk bottle.] "Sleepwalking and eating everyone's food is one thing. But LITTERING?"

Nico: We better clean this up later or we'll be in trouble with the cops.

Eddy: "Check it out, Double D! Whoo! Ed ate a whole box of bran muffins!"

Nico: That is gonna ravage his insides.

Dan Kuso: He's gonna be on the toilet for hours.

Edd: "This could be dangerous, Eddy."

Eddy: "Oh, yeah!" [He zooms off, following the trail.]

They follow the trail around the side of a house.

Eddy: "This mess should lead us right to him!"

Nico: And it leads to his house.

[There can be seen a trail of sausages. As we watch, it is pulled into a basement window. Ed has returned home.]

Eddy: "Bingo!" [He grabs the sausages and pulls.] "Gotcha. Whoa!"

[Ed yanks back on the sausages, sending Eddy inside. He boomerangs off a table beneath the window onto the ceiling and falls into Ed's chair.]

Edd: "Careful, Eddy."

Nico: Careful there.

Eddy: [pulling a cooked turkey out from beneath the cushion] "Finders keepers!"

Nico: How many cooked turkeys does he keep in that chair?

Edd: "Um, Eddy?" [He points.]

Eddy: "What?" [He looks in the direction Edd indicates and snickers. Ed is lying bloated on his bed, food strewn about him.]

Eddy laughs hysterically.

Nico: Geez.

Edd: "Ed seems quite content among all that food."

Eddy: "Yeah, like a beached whale."

Dan Kuso: Man he really is bloated.

Nico: Like how big I got when I ate the Meat Bomb.

Eddy: [He climbs on Ed.] "He looks so natural. Oh Ed? Ed?" [He grabs Ed's pajamas and shakes.] "Wake up, Goldilocks!"

[Ed awakens.]

Nico: Wakey wakey sleeping beauty.

Ed: "Hi, guys!"

Nico: Geez Ed.

Edd: "Ed, do you know that you walk in your sleep? And that you have consumed all the food within a five-block radius of your bed?"

Ed: [trying to move] "Not only that, but I feel as though I have consumed all the food within a five-block radius of my bed." [He looks at Jim.] "Jim got a haircut."

Edd: "Don't you remember anything, Ed?!"

Nico: Those that sleepwalk don't usually remember anything they did when they wake up.

Drago: Don't they get brain damage from when they get woken up from their sleep?

Nico: No that's been proven to be just a myth. But yeah Ed you should have seen what you did?

Eddy: [eating a loaf of bread with soda] "You were great! You ate everything, including Jimmy!" [The buttons on Ed's pajama top burst off.]

Ed: [talking to his belly] "OH NO! JIMMY, DON'T TELL SARAH! Guys, help me!"

Nico: Relax Ed you spit him out.

Eddy: "Don't worry! We're gonna sleep over, so we can keep an eye out for you. Got any extra blankets?" [He slides open Ed's closet door to reveal his closet is stocked with food. It all falls out in an avalanche which Eddy barely avoids. Edd snickers at the ordeal.]

Nico: Geez Ed.

Dan Kuso: Funny.

Nico: We need to fucking keep you awake!

Dan Kuso: We got to at least try.

Nico: How about we stand watch?

Drago: That works.

[The Eds, Nico, Dan and Drago are in Ed's room and the Eds are snoring away. Nico is watching Ed and Ed is secured to his bed with rope. Suddenly, Ed gets up and starts walking. A crash of something breaking is heard, and Edd and Eddy awaken.]

Nico: Whoa. Guys wake up!

Edd: "Eddy! Ed's walking in his sleep again!"

[Ed walks out a door. His bed, to which he is still tied, gets caught on the doorframe. Ed breaks the ropes and continues on.]

Nico: How in the world is he that strong?

[Ed exits the house and turns right.]

Eddy: [on the outside of the house, not seeing him] "How can he be so big and quick?"

Dan Kuso: For a big guy he sure knows how to be fast with all that weight in him.

Edd: "He's hopping the fence, Eddy!"

[Ed has managed to climb over the fence.]

Nico: Wow.

Eddy: "Ed!" [Ed is now perched on a pole attached to a clothesline. As we watch, he plucks an apple from a tree with his tongue.] "Thataboy, Ed!"

Nico: That's very clever.

Drago: He sure has an awesome tongue.

[Ed steps onto the clothesline, bending it. As he slides towards the middle, a pair of panties come loose. When he reaches the middle, the clothesline acts as a slingshot, shooting him into the sky. As he leaves earth, he grabs the panties in his teeth. Once his descent begins, the panties open and act as a parachute. He flies away on them.]

Eddy: "Oh, that big lug's cracking me up."

Edd: "I think I know how to lure him back!"

Eddy: "Why?"

Nico: Lets get to work.

[Ed is in someone's kitchen, raiding their fridge, when an odor prods him in the nostrils. He sniffs, and then takes a deeper whiff. We can now see that the odor is coming from a pair of his shoes on a rope and stick. The shoes start moving off, and he drops the food in his arms and chases the odor.]

Edd: [with a clothespin on his nose] "The familiar scents of one's personal belongings always makes one long for their natural environment!"

Nico: Remind me to give Ed a big bath later. Eddy, Double D, I don't know how you guys were able to put up with his stench for so long.

Eddy: "You must be a riot at parties, Double D."

Dan Kuso: Yeah.

[Ed follows the scent around the corner of his house. He comes up to the window but does not bend down to get in; rather, he walks straight into the wall. He stumbles backwards.]

Eddy: "I got him I got him!"

[Eddy grabs him by the ankles and drags him partway inside. Once this has been done, he, Nico, Dan and Edd both take a leg and pull, trying to force him through the window.]

Nico: (GROANING) PULL!

Edd: "My, Ed's grown!"

[From an outside view we can see that Ed is much too fat to fit through the window. Inside, Eddy and Edd are now in the bathroom. Eddy, seeing this, lets go of his leg. Ed's left leg snaps back at the same time as his right one, slamming Edd against the wall.]

CRASH!

Edd: [dazed] "I believe Ed isn't going anywhere."

Nico: Sorry Double D.

Eddy: "We got him right where we want him."

[Ed is sleeping soundly, half in and half out of his house.]

Dan Kuso: Looks like Ed's not gonna be going anywhere for a while.

Drago: Yep.

?: Boy no kidding.

They looked behind them and saw an Arburian Pelarota!

Nico: Whoa an Arburian Pelorota!?

Arburian Pelorota: (Spanish Accent) (In a girls voice) You sure have changed a lot Nico.

Nico: That voice. Carlota Santiago?

Arburian Pelorota: Been a long time.

Double D: Pardon me. But you look a little… fat.

Eddy: What the Fuck, Sockhead?! And people say I'm insensitive sometimes!

BONK!

Dan Kuso punched Edd in the back of his head.

Dan Kuso: That's one of the things you never say to a girl.

Double D: Sorry.

Arburian Pelorota: I turned to the side and squeezed through the door that way.

Double D: Oh.

Nico: Lets revert you back to normal.

Nico put on his blind man glasses and the guys covered their eyes and Nico snapped his fingers and Carlota reverted back and she was human and Nico gave her an awesome wardrobe.

Carlota Santiago: Awesome! I look buena.

Nico: Carlota is from Honduras and she is also my penpal. We met when I was busting a drug cartel there in San Pedro Sula.

Dan Kuso: Wow that is cool.

Drago: That's one of the most lawless cities in the world.

Nico: Yep.

Dan Kuso: What's your favorite memory of Nico?

Carlota Santiago: Well me and Nico did all kinds of things in Honduras. We mostly arrested kidnappers and cartel members.

Nico: Yep. But because San Pedro Sula is one of the most lawless cities in the world, pretty much everyone lives in fear because of its high crime rate. But the biggest memory we have together is when we busted the Nemirez Cartel. They were on INTERPOL, The FBI and the CIA's most wanted criminals lists and they were responsible for many crimes all over South and Central America. No one wanted to go after them because they were too terrified of them. That's when me and Carlota decided to do it and they didn't stand a chance.

Eddy: Wow that is cool!

Carlota: Si it sure is.

Nico: Yep. Lets get some sleep.

They did so.

[Morning dawns on Jimmy's house. Jimmy, obviously scared out of his wits, crawls out from under his bed. He makes his way to the kitchen.]

Jimmy: "Holy mackerel! Where's all my food?" [He spots an open box of cookies.] "Yummy! Cookies!" [He shakes the box into his hand, but only a few small crumbs appear. His stomach moans.] "My tummy needs food!"

Later we woke up.

Me: (Yawns) Wow that was great.

Varie: Yeah.

Eddy: [offscreen] "Fresh food! Cheap prices! Get your groceries at Ed's Mart!"

Me: Uh oh. Ed must've had another sleepwalking episode again.

Varie: Oh man.

We all later got up and got ready.

[Jimmy exits his house.]

Jonny: "Hurry, Plank! We need to fill that tummy! Awwow. And mine too!"

Eddy: [as the kids slowly trudge to the store] "We've got all your favorite food here at Ed's Mart! Get it while it's hot, folks!" [We now see that Eddy is speaking through a megaphone.] "No one can beat our prices at Ed's Mart! All your favorite food here- [yells in Edd's ear] -AT ED'S MART!"

We arrived.

Me: Hey guys.

Nico: Perfect timing.

Dan Kuso: I take it you found out about Ed?

Me: Yeah we sure did.

Eli: Looks like he got everyones food in the area.

I saw that he got Kevin, Nazz, Rolf, Jonny and Jimmy's food.

Me: At least it's just Kevin, Nazz, Rolf, Jonny and Jimmy.

Nico: Thank goodness. Lets get them some good food.

Me: Right.

Nico: All right lets make it rain food!

I used my powers and gave everyone some awesome food.

Carlota Santiago: That is muy bien!

Me: Oh hello. I don't think we met?

Nico: This is my penpal from Honduras, Carlota Santiago.

Me: Awesome to meet you Carlota.

Nico: She's an Arburian Pelorota Gene-Slammer.

Eli: Cool!

Me: Yep.

Georgina: Wow. Carlota are you related to Chloe Santiago?

Carlota Santiago: Yes I am. She's my twin sister.

Nico: Whoa! We didn't know that.

Me: Yeah.

We gave everyone good food and later had breakfast.

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, and Jake Long were heading to the Simulator, and for this one, we're heading to Peach Creek Junior High, and not only is Lincoln going to rescue the eleven girls there, but we're also going to make sure that Edd delivers Ed and Eddy's report cards to their parents, and we also got word that another Gene-Slammer, another of Lincoln's Guardian Angels, is also here, and we're also going to pummel the Kankers. The Simulator activated, and we were in Peach Creek Junior High.

Lincoln: Wow, we're here in Peach Creek Junior High, and I think I know what we're going to do here, not only am I going to rescue the eleven girls there, but we're also going to make sure that Edd delivers Ed and Eddy's report cards to their parents.

Nico: That's right, big guy.

TLPS Mr. Wolf: And we also got word that another Gene-Slammer, another of Lincoln's Guardian Angels is here, and of course, we're going to pummel the Kankers.

Me: That's right, TLPS Mr. Wolf.

Edd: And it's a good thing you also called us here, Lincoln.

Lincoln: That's right. You knew of Ed and Eddy's tricks to prevent you from delivering their report cards, and Ed and Eddy also knew what those tricks are, so we needed extra help. (To Jake Long) And thanks for coming with us on this rescue, Jake.

Jake Long: You're welcome, Lincoln, and this is my first time going with you on the rescues, so this is going to be really good.

We then meet up with Edd's Simulator counterpart, and we were going to help him deliver the report cards to Ed and Eddy's parents, and he heard everything from the Eds who are on our team, and he was amazed of what they've done.

Lincoln: Now that the situation's been settled, let's get to work.

[We get to see a hallway where Jonny, Eddy and Ed are at their lockers.]

Jonny: "Right on!" [racing around the hall] "B's and C's for me! B's and C's for me!" [He wedges his head in his locker, where Plank currently is.] "All that extra tutoring you gave me really paid off, buddy!"

Nazz: "Hey, Jonny." [She waves her card.] "Check that out." [Jonny looks it over.]

Jonny: "An A in cheerleading? You sure must have brains!"

Kevin: "Choice! I upped my fine arts mark to a C-minus. Dad's gonna be stoked!"

Rolf: "Cursed present-day phooey! Rolf will need a new tuchus after Papa sees this."

Kevin: "Dude, a D in typing? Rough."

Rolf: [showing Kevin a typewriter in his locker] "Almighty chin-faced Kevin! Of what use is this infernal button box to the son of a shepherd? Rolf asks you!"

Kevin: "Um…" [He goes to the other kids.] "Yo, Nazz, how'd you do?"

[While the kids chat, Eddy seethes.]

Eddy: "How come they get their report cards while some back-stabbing jerk is hand-delivering ours to our parents?"

[A tearful Ed wipes his nose on his sleeve.]

Ed: "Life can be so cruel!" [He slams his face into his locker. Edd comes up to them.]

Eddy: "I mean, what kind of low-down miserable two-timing double-crossing slimeball would do something like that?"

Edd: [behind them] "Well, look at the bright side, gentlemen. This could be a great opportunity for the two of you to sit with your parents and find a corrective curriculum to overcome your academic shortcomings." [He makes to leave as Eddy searches Jonny's bookbag.] "Yes indeedy."

[Edd steps on an apple and slips. His bag flies open, and papers spill out all over the place. The kids laugh.]

Kevin: "Smooth move, dork!"

Ed: "For me? You shouldn't have, Double D." [He claws at the papers.] "Pick paper up, pick paper up, pick paper…"

Edd: [as Ed repeats himself] "No Ed-please-let me do that."

Ed: "Double D!" [He holds up two sheets of paper.] "Your report cards look the same as mine and Eddy's!"

Eddy: "Lemme see those!"

[Eddy grabs the papers and looks at them angrily. He then backs Edd into a locker.]

Eddy: "So you're the backstabbing jerk!"

Edd: [trying to bluff] "Who, me? Why, never! Um, uh, perhaps I should hang on to those for safekeeping?"

Eddy: "In your dreams!" [He throws Edd into a locker.]

Ed: "May I might? I bet I'm doing real good, guys! Oh, oh! Listen to this!"

[Ed pretends to be a teacher as he reads from his card.]

Ed: "Ed has difficulty with his ability to concentrate for even the smallest period!" [He wiggles his finger. Soon enough, he becomes entranced.] "Tick tock. Tick tock. Tick tock."

Eddy: "The teacher's got you pegged, Ed!"

Edd: [in the locker] "Deplorable grades do not a joke make, Eddy."

Eddy: "Who's got de-horrible grades, smart guy? Not us, not anymore!"

[Eddy runs over to his locker.]

Eddy: "Time to get to work, Ed."

[Eddy lifts a picture in the back of his locker. He pulls a guitar case out from the back of it.]

Eddy: "A little hand-me-down from my brother." [He opens the case.] "The good ol' report card-changing kit!"

[Inside the case are a litany of tools designed to change report cards from unacceptable to excellent.]

Eddy: "Here. Get cracking." [He hands Ed some liquid paper.]

Ed: "Already cracked, Eddy!"

Eddy: "The usual A's and B's, and throw in a C-minus just in case. I don't want my folks to get suspicious."

[Ed changes Eddy's grade in Remedial Math to a C.]

Ed: "Looky! A C, I see! And as smart you be, Eddy McGee!"

[A large shadow falls across the cards. Ed and Eddy follow it up the wall. It is an adult.]

Eddy: [whispering] "We're busted, Ed." [Edd sneaks in and takes the cards.]

Ed: [whispering] "Not good, Eddy."

Eddy: [turning around] "Uh, Principal! Sir!" [His eyes bug. The shadow was thrown by a flashlight and a placard.]

Ed: [tearfully] "I surrender!"

[Edd, running down the hall, tucks the cards into his pack. Eddy steps in front of him.]

Eddy: [angry] "Hey! What's the big idea!"

Edd: [backing up, afraid] "I've been entrusted with a very important task, Eddy, and neither rain nor sleet nor you nor Ed shall stop me from completing this duty. I'm sure your parents will be very understanding and-"

Ed: [beseeching] "I'm going to have to live with my aunt! She has a mustache, Double D!"

Eddy: [demanding] "Gimme those report cards!"

Ed: [unhappy] "Her cat makes me sneeze and she never butters my toast!"

Eddy: [frustrated] "The cards! Now!"

Ed: [wailing] "She smells like cabbage and she makes me use toothpicks!"

Eddy: [roaring] "GIMME EM!"

[Edd breaks free and runs down the hall. The bell rings.]

Edd: "Math class! Yes! Sanctuary!" [He runs down the hall to the class.]

Eddy: "Math class! Yes, we got him!"

[Edd grabs the doorknob, turns it, and walks in calmly. Ed and Eddy compose themselves and follow Edd in. Eddy sets an apple on the teacher's desk. Eddy sits on Edd's left, and Ed sits on Edd's right. Eddy smiles at a scared Edd menacingly, while Ed gazes with puppy-dog eyes.]

---

[This seating arrangement continues throughout the day, through wood shop… ]

---

[… history class… ]

---

[… and the final class of the day, cooking. Ed and Eddy scoot closer to their friend to box him in. The clock ticks closer and closer to the final bell, but Edd raises his hand at the last minute.]

Edd: "Pardon me, sir, may I be excused to the restroom? Thank you."

[Edd takes off, escaping his lecherous friends.]

Eddy: [angry] "Sucker punch!"

---

[Edd races down the hall, heading for the door.]

Edd: "Now if I could just get to the outside before the final bell!"

[The bell rings and the kids trample Edd in a rush to get out.]

Jonny: "Race you home, buddy!"

Lee: "Meatloaf Monday, girls!"

Marie: "Last one home files Mom's bunyons!"

May: "No bunyons for me, I'm on a diet."

Eddy, now where were you and Ed as soon as the bell sounded for dismissal?

Eddy (TLPS): Ed and I were outside at both sides of the front double-doors, and Ed had a net and I had a traffic cone when Sockhead heads out. Wait, I got an idea. Lincoln, can you turn into Lincoln Phantom and using both your ghost powers and the Jade Ghost Whisp's powers, turn us invisible, so we can slip past our Simulator counterparts?

Lincoln: Good idea, Eddy.

Lincoln turned into Lincoln Phantom, and using his ghost powers and his snow white hair turning jade because of the Jade Ghost Wisps' powers, he turned us invisible, and we slipped past Ed and Eddy's Simulator counterparts. We turned visible, and Lincoln turned back to normal.

Luan: Eddy, your plan worked.

Eddy (TLPS): Thanks, Luan, but we're not out of the woods yet. Right now, this is where the chase begins, and where they're going to lay out the traps.

Simulator Eddy: It's the rat! Get him, Ed!

Simulator Eddy and Simulator Ed came after us, but we then took to the air with our massive angel wings, and we were flying, and that got Simulator Eddy mad. As we continued on, we continued to dodge all of the traps of Ed and Eddy's Simulator counterparts, we also save Ed and Eddy's Simulator counterparts from getting attacked by the Kankers with Lincoln firing three blasts of water, which had sent them and the Trailer flying away, but we had to send Ed and Eddy's Simulator counterparts away with Jonny 2x4 cracking his knuckles and Simulator Ed ran away and Kevin using a jawbreaker, and it drove Simulator Eddy to it, and he ran into the forest to get it. Suddenly, we arrived at the Cul-De-Sac, and we saw something land and join us, it's an Elemental HERO Rainbow Neos.

Lincoln: Whew, we made it to the Cul-De-Sac.

Elemental HERO Rainbow Neos: (In a girl's voice) Thank goodness.

Lincoln: Wait, that voice. Ellie Brantley, is that you?

Elemental HERO Rainbow Neos: That's right, Lincoln, and it's been a long time.

They went up to each other, and they hugged.

Lincoln: It sure has been a long time, I haven't seen you when you were fifteen, and I've grown a lot since then.

Ellie Brantley: Yeah, I can see, you've really grown a lot from the eleven-year-old cute little boy into a 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Wow, Lincoln, you know her.

Lincoln: I do, Nico. This is Ellie Brantley, I met her when she was fifteen years old, and she, like the other Guardian Angels, have defended me from bullies, and that included Lori, Lynn, Lola, and Luan, when they still had their dark sides in them.

Luna: Yeah, dude, and I've seen what she's done to Lori, Lynn, Lola, and Luan, and trust me, you don't want to be on her bad side.

Ellie Brantley: We'll have to catch up later, we've got to deliver the report cards.

Edd (TLPS): Yes, and if I'm not mistaken, Ed and Eddy were waiting for me right at Eddy's house, and that's where they jumped me to get the report cards.

Simulator Edd: Even though we got them away from the Kankers, they're still after me for the report cards. But, it has to be done.

Lincoln: I've got an idea.

We hid in the bushes, and as Lincoln knocked on the front door, Ed and Eddy's Simulator counterparts jumped out, but they didn't see anyone. We slipped in, and Simulator Edd handed Eddy's dad Eddy's report card and he handed Ed's mom Ed's report card, and they heard everything from the Eddy and Ed on our team, and they're proud of what they've done for the team, and Eddy's Dad was shocked when he found out why Eddy was like this, it was because of Tyrone, and they promised to punish Ed and Eddy's Simulator counterparts. When Ed and Eddy's Simulator counterparts found out, they were too late, and Simulator Ed fell to the floor and was crying.

Simulator Eddy: (Defeated) Our report cards?

Eddy (TLPS): And now, it's finally over. You two have failed to get the report cards, and now, you're both going to pay the consequences.

Simulator Eddy growled at our Eddy and was about to get him, until his dad got in between and he grabbed Simulator Eddy's arms.

Simulator Eddy: Dad?! Wait, um, the grades are in Greek this year, I did good, I swear.

But, it was too late, and he was dragged right back inside the house for his punishment.

Eddy (TLPS): Too bad it's not getting you out of it, trust me, I know.

Then, Ed's mom grabbed Simulator Ed's ear.

Simulator Ed: Uh oh. No Auntie for Ed! Mommy, no Auntie for Ed!

But, it was too late, and she dragged Simulator Ed off back to his house to face his punishment.

Simulator Edd: Thank you all for helping me with this. Though it may have hurt, Ed and Eddy needed to face the consequences.

Edd (TLPS): For shirking their academic responsibilities, yes.

Sima Shi: (To Simulator Edd) And you've already had a long day of avoiding your friends, now why don't you head on home and get some rest? You deserve it.

Simulator Edd: Yes, thank you.

Simulator Edd went back home, and he went inside to get some rest after what he's been through.

?: HELP!

Suddenly, Lincoln heard the sound of eleven girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the eleven girls, but they've been cornered by The Kanker Sisters, and they're going to kill them.

Lincoln: Guys, I've found the eleven girls, but they've been cornered by The Kanker Sisters, and they're going to kill them.

Sima Zhao: Should've known they'd come back for more. Come on, let's get them.

We rushed on over, and Lincoln fired three powerful rainbow energy blasts at the Kankers, and they got hit, and the eleven girls got to safety. When the Kankers saw us, they were mad.

Lincoln: Should've known you Kankers would continue to cause trouble again, well, now, we're going to see to it that you three are put away for good.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms, The Eds transformed into their Super Angel 750,000,000,000 forms and unholstered their massive swords from their backs, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, and Sun Quan got out their weapons, Lincoln's sisters also transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs, Jake Long transformed into his Dragon form, and Me, Eli, Nicole, and Nico also transform and unholstered our massive swords from our backs, and we went at the Kankers, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, steel orbs, stars, rainbow flames, orange flames, blue flames, and green flames at the Kankers, and they exploded with incredible power as they hit them.

Then, Lincoln chained the Kankers up in Neutronium and rainbow energy chains, and sent them off to prison. We cheered as we holstered our weapons and power down.

Ellie Brantley: That was fun.

Lincoln: The rescues are always fun. Now, let's get you back to normal, boys, cover your eyes. Hold still, Ellie, this is going to hurt.

Me, Nico, Eli, and the rest of the boys covered our eyes as Lincoln snapped his fingers, and Ellie was reverting back to normal. Ellie Brantley was a beautiful 17-year-old girl with long brown hair, blue eyes, fair skin, she was 6'0" in height, and she had the body of a goddess. She also now has massive rainbow angel wings on her back, as she reigns in the power of Elemental HERO Rainbow Neos, and she was in her birthday suit.

Lincoln: How do you feel, Ellie?

Ellie Brantley: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Ellie a new wardrobe, a sky blue sleeveless shirt with a rainbow phoenix, a blue skirt with the Elemental HERO Rainbow Neos with rainbows on it, purple leather ankle-high combat boots, and a long rainbow colored sleeveless trenchcoat with the Elemental HERO Rainbow Neos on the back, and on her back is a large Elemental HERO Rainbow Neos-themed sword with a 6'5" massive, wide, double-edged, man-sized rainbow blade with the Elemental HERO Rainbow Neos etched on it, large rainbow angel wings for the crossguard, large rainbow gem for the hilt, longer black handle, and large rainbow faceted sphere pommel with surrounding rainbow gems.

Ellie Brantley: Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Ellie Brantley's neck with rainbow gems and crystals from her new Crystal Necklace of the Buddha on the gold lightning bolts.

Ellie Brantley: Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Ellie.

Ellie Brantley had a smile on her face and tears in her eyes, as

Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the eleven girls, and when Lincoln saw them, he immediately recognized them. The eleven girls are Aira Harune, Rizumu Amamiya, Mion Takamine, Serena Jounouchi, Kanon Toudou, and Kaname Amamiya from Pretty Rhythm, Miho Nishizumi, Saori Takebe, Hana Isuzu, Yukari Akiyama, and Mako Reizei from Girls Und Panzer.

Lincoln: Oh wow, it's Aira Harune, Rizumu Amamiya, Mion Takamine, Serena Jounouchi, Kanon Toudou, Kaname Amamiya, Miho Nishizumi, Saori Takebe, Hana Isuzu, Yukari Akiyama, and Mako Reizei.

Helena McTroy: From Pretty Rhythm and Girls Und Panzer, awesome.

Lincoln: Are you girls okay?

Aira Harune: Yes, we're okay, thanks to you.

Then, when Aira Harune and the ten other girls saw who it was that saved them from The Kanker Sisters, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Aira Harune: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made ten clones of himself, and he and the ten clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Aira Harune: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, eleven Thunderbird Necklaces of Eternal Love appeared right around the necks of Aira Harune, Rizumu Amamiya, Mion Takamine, Serena Jounouchi, Kanon Toudou, Kaname Amamiya, Miho Nishizumi, Saori Takebe, Hana Isuzu, Yukari Akiyama, and Mako Reizei with colored gems and crystals on the gold lightning bolts. We exited the Simulator, and we told everyone what happened: we helped Edd's Simulator counterpart with delivering the report cards of Ed and Eddy's Simulator counterparts, and they got punished, and not only did Lincoln reunite with another Guardian Angel, we also rescued Aira Harune, Rizumu Amamiya, Mion Takamine, Serena Jounouchi, Kanon Toudou, Kaname Amamiya, Miho Nishizumi, Saori Takebe, Hana Isuzu, Yukari Akiyama, and Mako Reizei from The Kanker Sisters.

But, when Lincoln showed and told everyone what he did to The Kanker Sisters, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Ellie Brantley now have a lot of catching up to do, now that she's back. The Kanker Sisters were then sent to prison for the rest of their lives, still bound in rainbow energy straitjackets and rainbow energy chains and Neutronium Chains, and they were put in separate cells in Solitary Confinement, and chained to the walls of their cells.

---

After helping Edd's Simulator counterpart in bringing Ed and Eddy's report cards to their parents and dealing with The Kanker Sisters and sending them to prison in the Simulator, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Ellie Brantley saw Lincoln working out like crazy, she had an atomic red blush on her face.

Ellie Brantley: Whoa, Lincoln has really grown to be a 16-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Ellie, and now, I can also fight and defend myself.

Ellie Brantley: That's awesome.

Nico: It sure is, Ellie. So, what memories did you have with Lincoln?

Ellie Brantley: Oh, I'd remembered that one time, I went over to Lincoln's house to help him out with wanting to practice playing an instrument, and Luna also helped out. We'd eventually settled with him playing the flute, and I helped him in practicing, and he became an amazing flute player, and Luna was so proud of Lincoln.

Zhen Ji: I didn't know Lincoln can play the flute, but then again, none of us have asked.

Lincoln: Ellie's right, Lady Zhen Ji, I know how to play the flute, in fact.

Lincoln stopped for a bit, and got out his green Celtic flute with a Celtic Triquetra carved on it, and it got a lot bigger ever since his transformation. When Duke Lincoln, Lucille, and the Louds' Scottish Ancestors saw it, they were shocked.

Duke Lincoln: (Scottish Accent) Oh, no way. Lincoln, that flute that you had in your possession since those past five years, that's The Flute of Ogma, the Celtic god of eloquence, inspiration, language, magic, music, physical strength, poets, and writers.

We gasped in shock.

Me: Whoa.

Nico: So, that means, five years ago, Lincoln purchased the flute that was said to have been created by the Celtic god, Ogma, and we didn't know about it. But, we saw that it made those crystals when Lincoln played it, and we didn't know about it, until you told us, Duke Lincoln.

Lucille Loud: (Scottish Accent) Aye, and it chose Lincoln because of his talent with playing a flute, amazing.

Lincoln 2: (Through the Rainbow Thunderbird) It sure is, and it's a pleasure to meet you, Ellie

Lincoln 3: (Through the Rainbow Thunderbird) Same here.

Ellie Brantley: Same here, Lincoln 2 and Lincoln 3, and I remembered that while Lincoln, Luna, and I were practicing, Lori barged in and ordered Lincoln to be an ottoman for her, so she could paint her toenails, and she threatened if he didn't, she'd turn him into a human pretzel, and she had Lynn and Lola with her to make her point. But, I wasn't going to let her or those other two boss Lincoln around, and neither was Luna. So, I marched up and roughed up Lori, and Luna restrained Lynn and Lola by grabbing them on their arms and applied a good grip on them, and I also put Lori in an armlock. We then marched downstairs and told Mr. and Mrs. Loud on what Lori did, and they weren't happy about, and they also weren't happy with Lola and Lynn either.

Luna: Yeah, dude, and after the parents found out from us, they grounded Lori, Lynn, and Lola for a total of three weeks with no cell phone, no sports, no tea parties and beauty pageants, no sports competitions, and no going to the mall.

Nico: Ooh, now that's what I call a painful punishment!

Lincoln: You said it, Nico, and when we saw Lori, Lynn, and Lola's eyes twitching like crazy, we knew they wanted revenge on Ellie and Luna for what they did in defending me, and this was due to them having their dark sides still inside them.

Me: Now, I'm really glad we got rid of those animals years ago, because if they saw your Guardian Angels here, big guy, they'll be driven mad by desires for revenge.

Lincoln: That's right, and it's a good thing I had them put into indestructible diamond prisons after we cleaned up Evil Lynn's mess.

TLPS Mr. Wolf: After what she did unleashing the dark sides of Lori, Lynn, Lola, Luan, and Chandler who then proceeded to cause havoc in the lands of the Three Kingdoms, she deserved to spend the rest of her life back in Crematoria for good.

Lincoln: You got that right.

Nico: So, Lincoln, what can you tell us about Ellie Brantley?

Lincoln: Ellie Brantley's known as a smart girl, and she's also talented in playing the flute and guitar, and like the many Guardian Angels, she's defended me from Lori, Lynn, Lola, and Luan, when they still had their dark sides inside them.

Nico: Wow. That's awesome.

Lincoln: That's right, and now, to get a shower and get ready for our date, this time, we're going to have some fun in the snow.

Nico: Awesome, and I still can't forget that on your last date in the snow, the snowball fight we had ended with Plucky getting pelted by us, on the orders of Trunks, and I'm still laughing hysterically. I just hope Plucky won't try anything to seek revenge on Trunks.

Lincoln: I'm sure Plucky's responsible enough to know never to seek revenge on the son of Master Vegeta, Nico. But, luckily, Buster and the others will probably bonk Plucky on the head with a mallet.

We got a shower afterwards, and after that, Lincoln and his harem were getting ready for their date, this time, it's at Cool Cool Mountain in the world of Mario.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in a large orange long sleeved sweater, large red scarf, large blue long pants, large black winter boots, and large orange winter coat, along with his large weighted orange bands on his massive biceps and thighs, his jewelry, and eight large orange orbs orbiting around his legs, and he also still had his weapons holstered, in case of trouble.

And his harem were dressed in long sleeved sweaters, scarves, long pants, winter boots, and winter coats in their favorite colors and they had their weapons holstered, in case of trouble.

Lincoln: Okay, ladies, are we ready?

Twilight Sparkle: We're ready, Linky.

Lincoln and his harem left the Estate, and they head for their destination, Cool Cool Mountain in the world of Mario. When they arrived, it was an amazing winter wonderland with snow falling, and there were penguins here and they were having fun.

Twilight Sparkle: Oh wow, Linky, what is this place?

Lincoln: This, Twilight, is Cool Cool Mountain. I heard about it from Mario, and I figured that this place is a perfect place for us to have some fun in the snow. Shall we?

Lincoln and the girls got started by sliding down the mountain on snowboards, then, they had a race with the penguins, as they belly slide down the slides, and took pictures of it. Then, they built some snowmen right near the cabins. Then, they went inside for some hot chocolate with marshmallows that Lincoln packed and made before they left for Cool Cool Mountain. Then, as soon as the sun was about to set, Lincoln made clones of himself, and he and the clones went up to the girls, and they picked them all up in their abnormally massive and powerful muscular arms, and just as the sun turns orange, they passionately kissed and hugged. Then, they returned home to the Estate, and they returned to their original clothes.

Nico: Hey, Lincoln, how was your date?

Lincoln: It was awesome, Nico. We went to Cool Cool Mountain in the world of Mario for some fun in the snow.

Nico: Awesome.

Lincoln: Plus, we also had a race with the penguins that lived there.

Lincoln showed us the photos of him and his harem racing with the penguins that lived on Cool Cool Mountain, and they were belly sliding with the penguins. Skipper, Kowalski, Rico, and Private saw it, and they were stunned.

Skipper: Impressive belly slide technique, Lincoln.

Lincoln: Thanks, Skipper.

Twilight Sparkle: Then, we went inside the cabin to warm up and have some hot chocolate with marshmallows that Lincoln made and packed.

Me: Perfect treat to have, especially when it comes to Winter and the cold.

Lincoln: You said it, J.D.

Lynn: And I also had to keep the marshmallows hidden from Raj. Lazlo told us of what happened that day in Camp Kidney.

Raj: (Indian Accent) Don't remind me, that day would haunt me for the rest of my life.

Lazlo: It's okay, Raj.

Lynn: Yeah, it's okay, Raj. But, I also had to keep them hidden from Poromon, last time he ate a whole bag of them, he had a sugar rush and went nuts.

Poromon: Sheesh, you eat one bag of marshmallows, and already, you have a reputation.

Poliwag: And don't forget about the fact that you trashed the place when you went on a sugar rush rampage.

Poromon: RUFF!

Poliwag: Don't you bark at me.

Lincoln: Oh boy, I was hoping not to do this, but… , time for me to discipline you two nanny goats.

Lincoln cracked his knuckles just like Jonny 2x4 when he was known as Jonny the Pest, except for Ed, Poromon, and Poliwag.

Everyone: UH OH!

Ed (Ed Edd N Eddy), Poromon, and Poliwag: WHAT A PEST!

Edd: That's disgusting.

Poromon and Poliwag: Make him stop!

We laughed hysterically at Ed, Poromon, and Poliwag running when Lincoln cracked his knuckles.

Nico: (Laughs) Oh man, Lincoln, that gag of Jonny's still cracks me up.

Me: (Laughs) Me too, Nico.

Eli: That should stop them from getting into a fight, but Ed should've covered his ears for that one.

Eddy: I'll get Lumpy to stop.

Eddy knocked Ed on the head, and he stopped.

* * *

Later we were discussing on what to do with Chloe Santiago.

Notacon: Nicole, what can you tell us about Chloe Santiago?

Nicole: She has a REALLY Nasty reputation. She is a truly dangerous sociopath. She has done all kinds of crazy crimes and she has a REALLY impressive record.

Nicole pulled up her info and we saw that Chloe had done it all: Vandalism, Assault and Battery, Theft, littering, burglary, everything except murder.

Nico: Whoa she is bad news!

SpongeBob: We need some way to lure her to us.

Buzz: Leave that to me, Poromon, Poliwag, and Pinkie Pie.

Megan McCallister: Go get her.

Nico: Careful guys.

They went out to get Chloe.

Buzz: This is gonna be so good!

Poromon: Buzz, can I ask you a question?

Buzz: Sure.

Poromon: Do you think I'm ready to become a father?

Buzz: Why do you ask?

Poromon: Because sooner or later, Manaphy's bound to become pregnant.

Buzz: I'm sure you will be a great father Poromon.

Poliwag: I agree!

Pinkie Pie: Me too!

They found her car and put fake vomit in it.

NICE AND FUNNY!

Chloe Santiago: Who's out there?

Pinkie Pie: Right on cue!

Chloe Santiago: Real funny, yeah? Oh, yeah ! Well, you just messed with the wrong girl!

Buzz: Move. Move!

The four of them start running to our location.

Chloe Santiago: Show yourself! You want to take me on? Yeah? You want to take me on? You better bring your A game, 'cause I'm good at what I do!

The four of them keep running.

Chloe Santiago: You will come out! You know I'm going to find you!

The four of them went through a dumpster. But Pinkie was trying to get out.

Pinkie Pie: Help!

Buzz: (grabs Pinkie Pie's hand) Come on.

Pinkie Pie: Something tickles.

A rat came out of Pinkie Pie's sleeve. Buzz screamed and fell down as Pinkie Pie fell back into the dumpster. But Poromon got Pinkie out of there just as Chloe Santiago found them.

Buzz: (they keeps running) Come on. Come on. Come on.

Chloe Santiago: (runs after them) You can't outrun me! I'm a popular girl! Everywhere you go, it's me!

They ran fast until they were out of sight.

Poliwag: Whoa that was close!

Poromon: Yeah no kidding!

Pinkie Pie: Yeah no kidding.

Chloe Santiago: Aha! Caught you!

Cutthroat: That's what you think!

Nico: All you caught was trouble!

Georgina stepped forward.

Georgina: Hello Chloe! Remember me?

Chloe Santiago: Georgina Montgomery. Its been a while.

Georgina: And now it's payback time.

Carlota the came.

Carlota Santiago: Hola sister.

Chloe Santiago: Carlota too?

Carlota Santiago: That's right!

Chloe Santiago: Should've lost your mind completely when you mutated into a monster!

Tracks: Actually, Georgina and her male counterpart were one of the sane ones.

Nico: That's right you bad girl!

Carlota Santiago: And also I sent you here to get you the help you needed.

Chloe Santiago: I don't need any help! I have had it with you always being better than me! You were always the center of attention!

Carlota Santiago: That's not true. I tried to be a great sister to you but you were always out to cause trouble.

Buzz: (mocking Chloe Santiago) I'm a popular girl!

Poromon: (also mocking Chloe Santiago) Everywhere you go, it's me!

Dirge: (chuckles) Okay, you two. That's enough.

Nico: Also Chloe I see what's going on here. You are jealous because your sister was better than you. You hate her because she gets love and you don't and you hate her guts for it.

Chloe Santiago: Don't play psychoanalyst with me!

Nico: Oh I don't need a degree to figure you out.

Carlota Santiago: Chloe you don't understand. I never wanted you to become like this. I was just gifted. But I love you Chloe and I would never do anything to hurt you. I never meant to steal your thunder.

Chloe was later arrested and was declared insane. She was deported back to Honduras for her own safety. After sending Chloe Santiago back home to Honduras, she was committed to a lunatic asylum because her jealousy turned her into a psycho. But she was too dangerous to be around anyone. But Carlota put a restraining order on Chloe essentially banishing her from America. She wasn't allowed to be within 1,000 miles of Carlota.

Later we were getting ready for our next mission.

Nico: There's trouble brewing on the planet Animatron.

Cybertron Scourge: I wonder what's going on at home?

Nico: We'll find out when we get there. But something is telling me it's not good.

Eli: I sense it Nico. Something is up.

Then Thundermon, Atomic Skull, Killer Shrike, New Wave, Count Vertigo, Juggernaut, Abra Kadabra, Mr. Mittens, Magneto, and Vortex appeared.

Thundermon: Can me, Atomic Skull, Killer Shrike, New Wave, Count Vertigo, Juggernaut, Abra Kadabra, Mr. Mittens, Magneto, and

Vortex go with you guys this time?

Nico: You all sure can. We're going to Animatron the Jungle Planet.

Atomic Skull: Oh wow! This is gonna be interesting.

Laney: It sure is.

Nico: But we'll be ready for anything there.

Adam Lyon: You said it, Nico.

Suddenly, Adam Lyon's massive Defender of Charles Darwin Middle school sword unholstered itself from Adam's back, and it was surrounded by a kaleidoscope of water and lions. When it emerged, it was transformed into Maahes' Maelstrom Sword of War and Protection, it's a new large sword with a 6'9" massive, wide, double-edged man-sized aqua blue blade with the Egyptian lion god Maahes and a circle of knives surrounding him etched on it, large aqua blue lion heads with open mouths with gold gems for the eyes for the crossguard, large aqua blue gem for the hilt, longer blue handle, and four large aqua blue lion heads with gold gems for the eyes and aqua blue gems in its open mouths.

Nico: Whoa, Adam, your sword's now gained an awesome transformation, and it's also perfect for you since you now have water powers, just like Luna.

Adam Lyon: That's incredible.

Jake Spidermonkey: Nice one, Adam.

Lynn: That's so awesome!

Then, when Adam Lyon grabbed his new large sword, he felt something happen to him: we saw his eyes turn from black to aqua blue and his ginger colored hair reached to the bottom of his neck, and then, we saw Adam Lyon grow to 7'0" in height, and then, we saw all of his upper and lower body muscles growing abnormally massive and powerful at a very incredible rate, and it caused his yellow t-shirt to rip apart, his dark green shorts had gotten shorter, and his maroon-colored sneakers remain the same, and we saw that

Adam Lyon now has abnormally massive and powerful upper and lower body muscles and eight-pack abs. When we saw what happened to Adam, we were stunned, Adam Lyon has turned into a very muscular hunk, and when he saw what happened, he was amazed.

Adam Lyon: Whoa, what on Earth happened?

We also heard Adam's voice become deeper after his transformation.

Lynn: Whoa, not only did your sword undergo an awesome transformation, when you grabbed it, you also underwent an awesome transformation, Adam.

Luna: Yeah, Adam, you now look incredibly ripped, and your voice has gotten deeper too.

Lincoln: Whoa, that's awesome, the same went with many of us as well.

Adam Lyon: This is so awesome, and I can't help but get the feeling I'm going to face off against an enemy from your harem, Lincoln.

Lincoln: We'll find out about that when we head to Animatron.

Lynn: You said it, Lincoln.

Adam Lyon snapped his fingers, and he was now dressed in an aqua blue version of He-Man 2002's loincloth, large black pants with ocean waves on the legs, and large maroon leather ankle-length combat boots, large aqua blue weighted bands with silver phoenixes on his massive biceps and thighs, and eight large aqua blue orbs orbiting around his legs, and he had his massive Maahes' Maelstrom Sword of War and Protection holstered on his now wider and more muscular back.

Adam Lyon: Alright, now I'm ready.

We were off.

---

We arrived at Animatron the Jungle Planet.

Nico: Here we are guys.

Ashi: Can you believe we were here about a month ago?

Nico: I know and that was during one of J.D.'s rescues. This planet is so awesome.

Fluttershy: It sure is. I like how there are so many amazing Beast Transformers.

Tarantulas: It makes the Maximals and Predacons all feel right at home.

Waspinator: Waspinator thinks Beast Planet amazing.

Beast Wars Scorponok: I agree. It's all amazing to see.

Magneto: Carlota, you have my apologies about your sister.

Carlota Santiago: Thanks Erik. But she had a lot of issues from day one. I feel like I am responsible for my sister turning out this way.

Nico: No Carlota. Your sister was not right in the head from the beginning.

Emily McKale put her hand on her shoulder.

Emily McKale: I know how you feel Carlota. My sister Amy was born pure evil and her heart was as black as pure evil can get.

She told her all about the evil atrocities of Amy and Carlota gasped in shock and horror.

Carlota Santiago: Ay caramba! Your sister was a monster!

Nico: Yeah she sure was.

Lincoln: Emily had no choice but to kill her own sister because she was a big time danger to everyone and everything around her.

Shred Naught: You think Chloe's gonna turn out the same way?

Nico: Lets hope not. Lets hope not.

Laney: Yeah that would not be good.

Whitney Emmington: No it sure wouldn't.

Eli: Yeah. By the way Nico what Gene-Slammer are you hoping to meet next?

Nico: Hmm. Ooh here's a good one. An Appoplexian Gene-Slammer.

Ben: One of Rath's kind! Whoa!

Thundermon: Dark Spicer would get a kick out of that one.

Lana: I can just see it now.

Nico and Lana: LEMME TELL YOU SOMETHING NICO CHAN! I AM READY TO KICK SOME BUTT AND YOUR BUTT WILL BE FIRST IF YOU DON'T WATCH IT!

We all laughed at that.

Nico: (Laughs) That was awesome!

Lola: (Laughs) Yeah it sure was.

Me: (Laughs) That would be awesome! I hope it's someone you know from Boxing or wrestling in gym class.

Lynn: That would be so awesome to see.

Rainbow Dash: It sure would be cool!

Juggernaut: I'd pay to see her in action!

Nico: We all would!

Lynn: I wouldn't mind to see a girl like that kick butt.

Buttercup: Anyone that is like that is a friend of mine.

Rainbow Dash: Me too.

Nico: (Laughs) That would be awesome. And I know a lot of people in wrestling class.

May: That's awesome Nico.

Me: It sure is. I hope we meet one of the Live Action Transformers here.

Tempest Shadow: Scourge, are there any wildlife that aren't Cybertronians?

Cybertron Scourge: Well it's hard to say. But it's mostly all Cybertronians here.

Then a roar came and out of the forest came LIVE ACTION GRIMLOCK!

Me: WHOA! It's Live Action Grimlock!

Nico: AWESOME!

Me: Wow! Like you like Bonecrusher, Grimlock is another one of my favorites.

Live Action Grimlock was confused. Last thing he remembered was Optimus sending him out on patrol before winding up here.

Vortex: Hi there. Grimlock, right?

Live Action Grimlock: Me Grimlock no not where am.

Nico: Easy there. This is actually our universe. I'm Nicolas Chan and we are Team Loud Phoenix Storm. You are in a completely different world.

Nico told him everything about what happened and where he is and how he got there and what has been going on in his universe and how the war with the Autobots and Decepticons is over in our universe and more.

Live Action Grimlock was amazed and horrified. Horrified because of everything that went down in his universe because of Sentinel Prime's betrayal and amazed that the war with the Autobots and Decepticons is over thanks to us.

Live Action Grimlock then remembered Optimus telling him about how Cemetary Wind was created. He knew that it was related to what we just told him.

Sabrina: (Pokemon) I think Grimlock and his fellow Dinobots joined up with the Live Action Autobots after Cemetery Wind's true colors were exposed back in that world.

Nico: That's probably it.

Live Action Grimlock: Me Grimlock remember.

Nico: Yeah he does remember.

Live Action Grimlock growled at Barricade.

Barricade: Easy, Grimlock. I'm one of the good guys now.

Live Action Grimlock then remembered something as he laughed.

Barricade: Wait. Are you remembering when you hit me with your tail?! Because that wasn't funny!

Killer Shrike: That really happened?

Me: It sure did. I watched all the Transformers movies with Nico and they were intense.

Laney: Yeah they sure were.

Lana: Yep.

Maria: I had a feeling we'd find you here.

Skull Man: I honestly didn't.

Me: Yeah.

New Wave: (to Live Action Grimlock) FYI, it's okay for you to harm bad humans on this world.

Nico: That's right. Plenty of them for you to munch on and burn.

**Captain Gutt** is the main antagonist of the defunct Blue Sky Studios' 7th animated feature film *Ice Age: Continental Drift* and a posthumous antagonist in the 2016 TV special *Ice Age: The Great Egg-Scapade* .

He is a *Gigantopithecus* pirate who is the self-proclaimed "undisputed Master of the Seas", as well as the mongering captain of his crew. He is also Manny's arch-nemesis and Shira's former boss.

He was voiced by Peter Dinklage, who also played Dr. Bolivar Trask in *X-Men: Days of Future Past*, Tyrion Lannister in *Game of Thrones* . Simon Bar Sinister in the film adaptation of *Underdog* and Eddie Plant in *Pixels* .

Origin

During the Meltdown event, Captain Gutt and his crew conquered seas and formed a crew of pirates. He and his crew plundered as much as they could. Raz, a member of his crew, was the first to use weapons from the bones, starfish, shells and sticks that the crew had gathered. Gutt even commands certain sea creatures like Flynn and several Narwhals in the film, Shira was his pawn and later Squint takes over Shira's role.

In Continental Drift, he and his crew encounter Manny, Diego, Sid and Granny on a small, defenseless iceship. Threatening them to surrender their ship or face his fury, he destroys their vessel and captures them. Captain Gutt tries to recruit Manny to his crew because his size is useful and needs more help raiding other animals' food supplies.

## His Crew from Different Locations

Shira: Taken in as the first mate.

Silas: Lost in France and founded by Gutt.

Raz: In Australia.

Squint: On a desert island.

Flynn: Lost in England oceans and picked up by Gutt.

Gupta: North America.

Dobson: Lost in South America and saved by Gutt from becoming a pork pie.

## Early Life

Gutt (having undergone a rough relationship with his own parents back home, who never showed him much love or affection) chose instead to live out on the seas on a massive ice floe that he fashioned into a ship with the use of trees, rocks, and vines. Having established his ship, the orangutan found a number of animals that he had rescued and brought them aboard his ship, where, out of for saving their lives, they pledged themselves as his crew, Shira being appointed as Gutt's first mate, with Flynn as his second.

Gutt's crew went on aiding him in scouring the world for whatever fruits and vegetables, deemed their "bounty", they could find. Gutt felt that, as the world was changing and "going under", the only means of survival was to loot whatever he and his crew could to live and thrive out at sea. These animals the ape deemed his own family, though, due to his own strained relationship with his family, his temper remained volatile and harsh.

At some point in his life, the ape began to use his claws as weapons to gut foes, which earned him the name "Gutt".

## New Crew

At some point, Gutt and his crew captured Scrat, who was lost at sea, half-swallowed by a fish and had found a map of sorts, etched onto an acorn shell, which led to a land rife with acorns: Gutt and his crew forced the saber-tooth squirrel to board their ship as a captive. Later, the pirates forced Scrat to dance on the decks with the fish still attached.

Further on, while at sea, a member of Gutt's crew, a blue-footed booby named Silas, brought news of other animals out at sea stranded on an ice floe: a mammoth named Manny, two ground sloths and a saber-tooth tiger. Registering this, Gutt declared that the four mammals' marooning in his waters was a tragic event, which he loved greatly. Taking action, and with the intent to enlist the mammals into his crew, Gutt sets a course for the ice floe, where his crew latched onto the floe by flinging down skulls on vines so that they latched onto the ice floe.

Gutt climbed down the vines nonchalantly, so he called down to the animals on the ice floe that the waters they were in were swarming with pirates and that they were fortunate to have been found by Gutt and his crew first. Explaining his motives, Gutt was mocked by a small rat and flung the rodent into the water in annoyance before continuing. Manny called out that they only wished to reach the continent and his family, to which Gutt coldly replied that there was no way back. At that, Flynn chimed in, calling out that there was a means of returning to the continent: Switch-back Cove provided an ocean current that could take them back to the mainland, to Gutt's exasperation, who stomped on the seal's tail flipper to shut him up.

Returning his attention to the herd, Gutt stated that out at sea, there was no land and that their "ship" belonged to him. With that, Gutt ordered his crew to attack the herd on the ice floe. Gutt himself managed to knock the largest of them, the mammoth named Manny, unconscious with a large boulder of ice.

Gutt had an unconscious Manny tied to a large tree that formed his ship's mast. As Manny was coming to, Gutt appeared and extended his foot as a "hand of friendship". The orangutan then explained his plans out at sea with the help of his crew in the form of a shanty: Gutt, proclaiming himself as the "master of the seas", had rescued all those "lost souls" in his cadre and recruited them as his own piratical crew, sailing through the seas, taking whatever foods they could find as they would treasure.

## Loss of Ship

Manny derided Gutt's name, to which the ape explained that it was not based on his stomach, but rather his jagged sharp claws got him the name "Gutt". Sid piped in, stating that he did not get Gutt's moniker. Gutt slices through Sid's upper ropes, making him dangle upside down. Then he demonstrates the origin of his name by poking his clawed finger on Sid's belly (making Sid laugh from ticklishness), then moves his finger down to the sloth's chin, and Sid's laughter is promptly replaced with a gasp of horror. Sid states he still doesn't understand Gutt's name (though more likely, he is just so terrified that he pretends not to). Regardless of Gutt's offers, Manny turned the ape down, declaring that no one would stop his return to his family. Gutt's calm demeanor quickly disappears and is replaced with a look of pure evil as he tell Manny that his family will "be the death" of him.

Gutt then ordered his first mate Shira to prepare the plank for the castaways to be jettisoned off of, forcing them all to walk the plank off the ship and into the ocean, where angry narwhals awaited them. Sid is brought to the plank first. At that moment, Gutt halted the walk, to Sid's temporary relief, so that Granny, the older sloth, would go first, offering his hand in an oily and feigned-polite manner to help the old sloth move.

Just as the two sloths were about to walk the plank, Diego instructs

Manny to get him to the vines hanging from the mast. Manny turns the mast, moving Diego on the boom. Reaching a taught vine, Diego bites through it, causing the mast to tilt and topple the ship to the side, preventing the sloths from falling into the waters. Manny breaks free of the ropes binding him. Gutt notices this and angrily leaps forward and pulls out his sawfish skull blade and engages Manny in a duel, in which Manny fought using his tusks. Manny gains the upper hand and knocks over the mast, sending it crashing down on the ship's deck, splitting the iceberg in half and it starts to sink.

Gutt holds on with his claws as the ship was split in two, lamenting his lost bounty of food as it fell into the ocean. As the ape held on, he spotted Manny and the others on the other side of the iceberg and snarled angrily. The ape held onto a floe of ice that had once been his ship, along with the others in his crew. Gutt then angrily called out to Flynn, who thought he was drowning, that the seal was a sea creature and couldn't drown, before directing his ire towards Gupta, who suggested running himself as a white flag of peace, smacking the badger. Flynn then called out that Shira was lost, but Gutt dismissed this, instead ordering Flynn to swim them all towards land.

## New Ship

Furious about the loss of his ship, Gutt and the remainder of his crew reached an island and stopped at Switch-Back Cove, where they found enough ice to carve a new ship and hyraxes, which they enslaved to build the new ship and to bring more food aboard, Gutt lashing out at the small mammals with a whip fashioned from bones and vine, calling out for them to finish the ship by sunset or suffer. His cruelty towards the hyraxes even shocked his crew.

## Stolen Ship

The following day, Shira returned to her captain, having been kept as a captive by Manny and the others. Gutt put on a falsely relieved attitude at seeing her alive when she revealed that she washed ashore with Manny and his friends. Gutt then eagerly asked her whether she caused the mammoth pain and suffering for his actions, but Shira responded that Diego impeded her. Enraged at Shira's report, Gutt harshly branded his first mate a failure, calling out that he needed a real action-worthy crew, instead only having "kitty cats and bunny rabbits". Gutt then orders Shira to bring Diego down or die in the attempt. He then relieves Shira of her rank as first mate and gives the position to Squint, much to Squint's joy.

Shira (attempting to explain what Manny and the others had planned to Gutt) was interrupted by the sound of a conch horn, and Gutt, leaping forward with a spyglass fashioned from a conch shell, spotted a number of free hyraxes in the distance, rallied up to fight. Gutt, however, laughed derisively upon seeing their tiny size in the distance, but quickly stopped laughing once he heard a second, louder trumpeting, which brought the silhouette of a mammoth: Manny. Gutt, filled with ire for what Manny had done, rallied his crew to action, rushing forward to do battle with them all, but calling Flynn out on his lack of a weapon, as the seal thought a spoon would be a useful weapon.

Gutt led his crew into battle, armed to the teeth, and the pirates reached the mammoth, stopping cold in their tracks as the hyraxes fled the scene, flying off on leaves. Squint, who eyed Manny's apparent silhouette, rushed in with his blades to tear the mammoth to pieces-instead of a mammoth falling, a large melon with branches tied to its sides fell down and Gutt crushes the melon in anger. Then he spots the real Manny quickly making off with the ship, thus making Gutt realize in fury he had been duped and he and his crew give chase.

Gutt and his crew rapidly chased the herd, but Manny and the gang outran them, reaching the ship first. Gutt whistled for his narwhals, who came quickly, and the ape jumped onto their backs, quick to resume the chase. Manny, however, tilted the ice floe on its side in the water, blocking the narwhals from reaching the herd. Gutt continued his chase, eventually reaching a long ledge where he ran after the ship, only to be tripped up as Shira, in a turncoat move, pushed large ice blocks in Gutt's path, causing him to lose his footing and be launched into the air towards the ship. Gutt nearly had the ship in his grasp, but instead plummeted to the ground, thudding hard on his back on a patch of ice. Gutt scowls furiously as he watches the herd float away on his ship and mock him as they sail into open water.

## Sweet Revenge

Enraged at having lost his ship again, Gutt quickly turns his attention to a crevice in a glacier and he squeezes inside. With a tremendous roar, he dislodges a massive chunk of the glacier with his bare hands, which quickly fell into the ocean and resurfaced. Gutt harshly ordered his crew to board at once and whistled once more for his narwhals, who stuck their tusks into the back of the ship and pushed it on.

Shira stepped forward to apologize to Gutt, but Gutt would not hear of it. Grabbing the saber by the throat, Gutt declared that, once he caught the herd, he'd have a saber-tooth's skin hanging on his wall, regardless of whose it was (somewhat proving Diego's point to Shira that Gutt never had his back on her or anyone else). Gutt further declared that Manny had cost him his ship, along with his bounty and, to further it all, the loyalty of his crew. Setting a course for the continent, Gutt vows to destroy Manny and all he holds dear.

## Herd vs. Pirates

Gutt reached the continent before the herd did, destroyed the land bridge and took Manny's family, consisting of his wife Ellie and their daughter Peaches hostage, along with all the other herds of animals that were led away from the continent by Ellie. Gutt held a shark-tooth dagger to Peaches' throat, introducing his new ship, the *Sweet Revenge*, on which Ellie was tied up and restrained by Gutt's crew. Manny calls out to Gutt that he would willingly turn himself in if Peaches was spared, which Gutt dismissed, but regardless allowed Manny to board the *Sweet Revenge* . Flynn and Raz throw vines to throw the other ship close, then lay down a plank bridge and Manny gets on board. Standing face to face with the pirate captain, Manny demands Gutt to release his family, but Gutt goes back on his word, stating that Manny took everything from him and the ruthless captain intended to do the same. Manny tried to charge at Gutt, but the crew rapidly lassoed him.

Just as everything seemed hopeless, at that moment, Peaches' friend, a molehog named Louis, stood up to the big ape, demanding that he release Peaches. Gutt, amused at Louis' imaginative gumption, accepts the challenge laughingly, and orders Gupta to let the molehog have his blade. Gutt and his crew openly laughed at Louis, who could barely pull the blade out of the ice where it stood, but stopped laughing once Louis managed to pull the blade out and pointed it fearlessly at Gutt. Calling for Louis to fight, Gutt stood by, watching as Louis flung the blade into the air. It lands point-down in the ice, with Louis nowhere to be seen. Confused, Gutt looks around for the molehog, when Louis pops out of the ground beside him and slams a heavy chunk of ice on the pirate's foot, causing him to bellow in pain and release Peaches. Gutt orders his crew to attack as Manny and Peaches escape their bonds, and the battle is on.

During the fight, Gutt chases Diego into the masts and gains the upper hand as he, Raz and Dobson corner Manny and the rest of the herd on the deck's edge. Gutt prepares to attack when Precious, Granny's pet whale, arises from the waters, and Sid positioning himself on her blowhole, directs the sprays of water to blast away Gutt's crew, one by one, with only Gutt dodging them, indifferent about his crew being decimated.

Ellie still remained tied up on the *Sweet Revenge* and Manny rushes in to save her, but Gutt slashes the ropes tethering the two ships, preventing Manny from reaching his wife. Manny gasps in horror as Gutt scrapes his gleaming claws against the icy surface of the ship as he moves closer to Ellie. Peaches, however, knows just what to do. Thinking quickly, she grabs a vine from the mast with her trunk and nimbly swings in a broad circle around the two ships. Just as Gutt prepares to deliver the killing blow on Ellie, Peaches swings in and gives the wicked ape a powerful and crushing kick, knocking him into an ice wall on the *Revenge*, saving her mother just in time. Manny stares in amazement, finally accepting that his daughter is all grown up.

## Final Showdown

Manny knocks the mast over to use as a bridge to his family as Peaches unties Ellie. But the mammoths are still not safe, as the continent's cliffs are looming ominously above them. Manny rushes to the other ship to escape with his family. But Gutt, losing what's left of his sanity, blocks his path by holding the mammoth by his tusks. Just then, massive chunks of the continent's cliffs fell into the sea, launching a landmass upward that splits the *Sweet Revenge* in half, lifting Manny and Gutt hundreds of feet high.

As the ice hunk they fight on slides toward the sea, Gutt lunges at Manny with his bone sword. Manny defends himself with his tusks and a spear held in his trunk. Gutt knocks the spear out of Manny's trunk and swings his sword at the mammoth, barely missing his eye. Manny tries to stomp on Gutt, but the pirate grabs his foot and pushes him off. Manny charges, but Gutt leaps up and swings from vines overhead. Jumping down, he kicks Manny to the edge of the ice mass. Manny eyes the nearing sea, then turns back to Gutt as the fiendish pirate grabs a heavy log to finish him off. But Manny jumps onto the very back of the ice, acting like a seesaw, catapulting Gutt upwards. Manny catches the log and smacks Gutt with it, sending the evil ape flying far away into the distance.

Sirens

Inside a cave, Gutt resurfaces and weakly flings his body over a small ice floe, watching as a number of fins swam past him. At that moment, something shining caught Gutt's eye: in front of him was a massive seashell where a female ape with flowing blonde hair lay amidst a bounty of fruits inside. The female ape called out to Gutt that they could rule the seas together and Gutt, smitten happily, swam closer to the female ape, reaching the seashell. When Gutt got close to the shell, he realized too late that the female ape was, in fact, a siren casting an image and seized his face, pulling him into the shell as it snapped shut, trapping the captain inside as more sirens swam towards them. All that could be heard of Gutt were shouts of pain as the siren devours him alive.

Nico: Captain Gutt!

Jaden: And he caught the Elemental HEROES?!

Eli: That stupid monkey!

Laney: Yeah!

Nico: He is going to pay for this! That monkey just won't stay dead.

Laney: You got that right!

Carlota Santiago: I hate that stupid monkey.

Nico: We all do.

Count Vertigo: What about any other Cybertronians from your Earth? Have you seen any of those?

Live Action Grimlock: Me Grimlock have not seen any.

Nico: So you are the only one that came here. Well then. It looks like we found out the source of the activity here. Now it's time to turn that prehistoric ape into an overgrown pelt!

Abra Kadabra: Wait. Are those the same Elemental Heroes that Jaden always uses?

Nico: Yes they are. Who else do you know that uses the Elemental Heroes?

Eli: I know one. Aster Phoenix. But he has the Destiny Heroes.

Laney: Whoa!

Nico: I don't remember if we ever met him. But we'll have to recruit him later on.

Eli: Good idea.

Winter Soldier: If we don't save them, Jaden won't be able to use them anymore!

Nico: No he still can. I don't know how he managed to get them from the Duel Monster Spirit World but one thing if for sure, Gutt fucked around with the wrong duelist!

Mr. Mittens: Hey, J.D. Why don't you hop onto Grimlock's back? I want to see how good you can ride him.

Sparkman: You will never get our powers!

Gutt: Oh but I will.

Then suddenly the spirits of the Atomic Elements of Darkness appeared and they swirled around Gutt and punched him all over and then the elements all freed the Elemental HEROES and then they got out and the elements all converged and then…

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above him and then a phoenix cry was heard and we came.

Nico: Gutt you're going to pay for your crimes.

Burstinatrix: We owe you guys for freeing us.

Gutt: I will kill you all!

He went at us and Nico kneed him in the face and punched him down.

Nico: We sure did.

Madame Masque: I hope you can replace the food he ate.

Me: We did and you should've seen how much he ate. He looked as big as Nico when he ate that Meat Bomb.

Madame Masque: That is crazy.

?: (Scottish Accent) Aye. It sure is.

A figure came out and it was ROBTISH from episode 12 of Samurai!

---

Robtish was one of Nighloks. He was a fierce warrior among them and it is also stated by Octoroo that all other Nighloks fear him. Robtish wielded a sword in battle and could fire powerful sonic attacks from his helmet. In the eleventh episode, Robtish was sent by Octoroo to destroy Jayden. He attacked Panorama City and encountered the Samurai Rangers. Robtish knocked out all the Rangers, except Jayden and battled him. However, Deker interrupted, as he only considered Jayden as his opponent. After a long fight, which ended with Jayden holding his and Mike's Spin Swords at the two's neck, Robtish started to dry out and was forced to retreat.

Robtish returned in the next episode, ready to battle Jayden again. He attacked the city once more and encountered the Rangers. He again used his sonic attacks, but the Rangers now worked together and protected Jayden from it. Jayden then combined the Fire Smasher in the Bazooka Mode with the Tiger Disk to form the Five Disk Tiger Cannon, which destroyed Robtish. The Nighlok returned as a Mega Monster and summoned some Flying Moogers into action to help him defeat the Rangers' Samurai Megazord. However the Rangers summoned the Samurai Battlewing although Kevin came up with the idea to combine it with the Samurai Megazord, forming the new Battlewing Megazord. It easily destroyed the Moogers and quickly disarmed Robtish with a slash up his front. Now helpless, Robtish was destroyed for good by the Battlewing Megazord's Flying Slash.

---

Jayden: Robtish!

Robtish: Been a while laddies.

Nico: I remember you Robtish. You were sent to battle Jayden in an awesome and epic challenge.

Robtish: Aye. That was a good battle now.

Nico: It sure was.

Scotsman: Nice to meet a fellow Scottish man!

Robtish: Same here! Would ya like to battle against me too?

Scotsman: It will be an honor lad!

Me: And the Loud Family can join too. They are part Scottish as well.

Lucille Loud: (Scottish Accent) Aye. It will be fun.

We got the usual battles underway after Pink Ranger Slayer, Weddinmon, Marcel Bonaparte, The Ghostly Gondolier and Don Octavio appeared.

Hank Scorpio: Yeah I loved school too. Lets do it!

They fired waves of fire, water, magic, gears, metal, lightning and energy and smashed him down.

Sophie Casterwill: That was great!

Pinkie Pie: BEST USUAL BATTLE EVER!

---

Tracer, Fluttershy, Livferna the Life Fairy, Life Skylanders, Cira, Cow, Red Hood and Winter Soldier VS Rojo - Nico waking up so early to help Double D and Eddy

---

Rojo was next.

Rojo: (to Tracer) Nico, Dan, and Drago woke up pretty early to help

Double D and Eddy. I really hope they drank coffee.

Tracer: (British Accent) Dan and Eddy don't really like coffee so Nico gave them energy drinks.

Fluttershy: That is smart thinking there.

Livferna: It sure is. But I feel bad for Ed. He has a really nasty Sleepwalking problem.

Stealth Elf: He might be going through some intense stress because of everything that was going on.

Cira: Maybe. We'll have to probably get him checked out by Ino.

Cow: We have to for his safety.

Rojo: I don't really know what causes sleepwalking.

Tracer: Well it's actually a number of things but iit can be caused by sleep deprivation, certain medications, breathing disorders, neurological conditions, stress, fever, and migraine.

Rojo: Geez. Maybe Ed takes medicine that does it.

Tracer: It's a possibility. One of those must be the cause.

Rojo: Yeah. Lets do it!

They fired waves of leaves, grass, flowers, energy and milk and smashed her down.

Tracer: Jolly good!

Fluttershy: That was fun.

Lexx Loud, Princess Luna, Eclipsola the Dark Fairy, Dark Skylanders, Terroranchula, Tarantulas, Veon and Hagger VS 2016 Morbucks - Poor Ed and Eddy must've been really stressed about their report cards

2016 Morbucks was next.

2016 Morbucks: (to Lexx) Poor Ed and Eddy must've been really stressed about their report cards. I think you and I have been in their shoes before.

Lexx: You're not kidding! They got all F's on them and their parents were totally going to kill them!

Princess Luna: They must really hate school that much.

Eclipsola: Actually only Eddy hated school. Ed was just as stupid as a turkey.

Blackout: Yeah Ed was as dumb as a cockroach. Eddy hated school with a grudge. He despised it.

Terroranchula: He sure did. But thank goodness they aren't like that anymore.

Tarantulas: That is true. I'm glad they aren't like that.

2016 Morbucks: What punishments did they get?

Lexx: Ed was sent to his aunts house and she is worse than Aunt Ruth! She has a mustache, smells like cabbage, makes Ed use toothpicks, she never butters his toast and her cat always makes him sneeze. I think she's Ed's moms sister and she is horribly abusive to him.

2016 Morbucks: I would call that a form of true capital punishment right there! Lets do it!

Tarantulas: That is a true form of punishment. Tarantulas, TERRORIZE!

He transformed!

Veon: I actually would call that a form of torture.

They fired waves of energy, darkness and fire and smashed her

down.

Lexx: YEAH!

Princess Luna: A True victory of the night!

Anakin Skywalker, Princess Celestia, Celestala the Light Fairy, Light Skylanders, Slamworm, Earthworm Jim, Supernova Zap, and Pharaoh Atem VS Dr. Destiny - Another series of Kankers beaten up and sent to prison and it's a shame that Eddy and Ed got punished.

---

Dr. Destiny was next.

Dr. Destiny: (to Anakin) Another series of Kankers has been beaten up and sent to prison. But it's a shame that Eddy and Ed got punished.

Anakin: Yeah that is a darn shame. The Kankers all deserved to be thrown in jail too.

Princess Celestia: Maybe I should banish Ed's aunt to the moon.

Celestala: That's a little too extreme.

Spotlight: We have the moon prison there so that would be fitting.

Slamworm: It sure would.

Earthworm Jim: I agree there though.

Supernova Zap: Me too.

Dr. Destiny: That's true. Lets do it!

They fired waves of Force Lightning, Light and energy and smashed him down.

Anakin: A victory for the Jedi Republic.

Princess Celestia: That was so amazing!

---

Fiona Hernandez the Uria, Lord of Searing Flames Gene-Slammer, Apple Bloom, Sweetie Belle, Scootaloo, Diamond Tiara, Silver Spoon, RD Lola and Misty Tredwell VS Kimberly Ann Hart the Pink Ranger Slayer.

---

Pink Ranger Slayer was next.

Pink Ranger Slayer: I heard that Lincoln is really good with a Flute. Is that really true?

Fiona Hernandez: It sure is. Lincoln accidentally found a mystical Celtic flute called the Flute of Ogma, the god of eloquence, inspiration, language, magic, music, physical strength, poets, and writers. It was really cool.

Apple Bloom: We had no idea that Lincoln found a mystical flute like that.

Sweetie Belle: That is so amazing.

Scootaloo: And he plays it really well too.

Diamond Tiara: It sure is. I think it's so awesome that Lincoln found an amazing flute like that.

Silver Spoon: And Lincoln's ancestors were amazed too.

Misty Tredwell: They sure were. We had no idea that Lincoln was that talented with the Flute.

Pink Ranger Slayer: That is so awesome. Lets do it!

They fired waves of fire and energy and magic and smashed her down.

Marie Hernandez the Gene-Slammer of Hamon, Lord of Striking Thunder, Frozen Fright, Thunder Terror, Magma Gloom, Toxic Horror, Louie PoisonSea, RD Lincoln and Elena VS Weddinmon.

---

Weddinmon was next.

Weddinmon: I'm glad that Ed's mom realized what a monster she was when Mothers Day came a while back.

Marie Hernandez: I wasn't there when it happened but Nico told me what happened with Ed and his mother. She was a total beast to him and it was all because of Sarah when she had her dark side still inside her. Sarah was a total tattletale and she made up lie after lie after lie after lie and got Ed in trouble more times than anyone else could even count.

Frozen Fright: Yeah that was terrible!

Thunder Terror: And that was when they lived in Peach Creek still.

Magma Gloom: Sarah was an anger mismanaged spoiled brat back then.

Toxic Horror: Yeah no kidding! I'm glad she was purified.

Louie PoisonSea: Me too.

Weddinmon: I heard she beat up the Ed's on many occasions.

Marie Hernandez: You have no idea! She went totally apeshit all over them! One time she beat up the Eds for smashing Ed's violin.

Weddinmon: I didn't know he could play the violin.

Marie Hernandez: Well to Eddy and Double D it sounded like it was being played by a braindead baby. But Jonny liked Ed's playing.

Weddinmon: (Laughs) Only a kid like Jonny 2X4 would like Ed's bad violin playing.

Marie Hernandez: You got that right.

Weddinmon: Yep. Lets do it!

They fired waves of lightning and elements and smashed her down.

Marie Hernandez: YEAH LIGHTNING RULES!

---

Marcel Bonaparte was next.

Marcel: So Ed sleepwalks?

Nicole Hernandez: Yeah he sure does. But I don't think he can help it. He has had this happen to him many times in the past. Like earlier this morning he went to all his friends houses and ate all their food in his sleep. Same thing happened in Peach Creek. And the second time he ate all the Kankers food and it caused a big time Kanker Hissy Fit that left the entire neighborhood completely reduced to rubble.

Marcel: Right! I remember that! That was nuts!

Star Swirl: Yeah if we don't do something about that it'll be history repeating itself.

Rockhoof: (Scoltish Accent) Aye lads. The last thing we want is for the Male versions of the Kankers to do what their female selves did now.

Somnambula: (Egyptian Accent) That would not be a good thing.

Mistmane: It sure wouldn't.

Flash Magnus: What the Kankers did was horrible. But Ed needs help and fast.

Mage Meadowbrook: Ino can look into it.

Gusty: Yeah she can help him out.

Clover the Clever: Ino can do it.

Carly Atlas: I agree there.

Marcel: Me too. What causes Sleepwalking?

Nicole Hernandez: It's a number of causes actually. Sleep deprivation, certain medications, breathing disorders, neurological conditions, stress, fever, and migraine.

Marcel: Geez! We'll have to check Ed out. Lets do it!

They fired waves of darkness and elements and smashed him down.

Nicole Hernandez: Darkness wins!

Robtish: Aye. That was amazing from what I was told.

Merida: (Scottish Accent) That is really amazing now.

Nico: It sure is. Lets dance.

Nico teleported and opened Robtish's safe and in it was a bunch of Rings called The Rings of The Omnitrix Gene-Slammers, they're green rings with large gems with the Omnitrix symbol and surrounding them are the aliens from Ben's Omnitrix. Once worn, they'll get a massive power and energy increase.

Jean Descole

Jean Descole, also known as Professor Desmond Sycamore, is the main antagonist of the prequel trilogy of the Professor Layton video game series, being featured as the primary antagonist in both the game Professor Layton and the Last Specter and the film Professor Layton and the Eternal Diva, which was released shortly after. He returns as the driving force behind the Masked Gentleman, the main antagonist of Professor Layton and the Miracle Mask and later redeems himself by joining Layton after fighting him in Professor Layton and the Azran Legacy.

He wants to take control over the three legacies of the Azran Civilization to prevent them from falling into Targent's hands. To achieve this goal he stops at nothing. He has a butler called Raymond. Though he acts as Professor Layton's arch-nemesis, he is actually Layton's older brother, and also the first-born son of Leon Bronev.

He was voiced by Atsuro Watabe in the Japanese dubbed version, Walter Rego in the English dubbed version of the games, and Jonathan Keeble in the English dubbed version of the movie.

Biography

Descole was born under the name Hershel Bronev, as the son of Leon Bronev and the older brother of Professor Layton, who was called Theodore Bronev at the time. Their parents were kidnapped by the criminal organisation Targent, and leaving the brothers as orphans. When Roland and Lucille Layton wanted to adopt Hershel, he gave his name to his brother, so he wouldn't be left alone. A while later, another family was found, and they adopted the remaining child, giving him the name Desmond Sycamore. Researching the Azran Civilisation, the reason for their parent's loss, he eventually became a famous archeologist. He spent most of his life under his new name, and eventually got married and had a daughter. However, when Targent encountered him again to take use of his knowledge, they killed his wife and daughter, making him desperate for revenge, turning him into Jean Descole.

## Professor Layton and the Last Specter

Descole wanted to find the Golden Garden, the first legacy of the Azran Civilization, in the town of Misthallery. To dig it up he designed robots which look like the specter of the town's legend and used them to search for the garden during some nights.

His accomplice was Chief Jakes, who helped him just for his own personal glory. He also disguised himself as Doland Noble, the butler of the Triton family, to blackmail Mayor Clark Triton, a friend of Professor Layton, as he also needed his help.

When Professor Layton foiled his plan he combined the robots to one giant machine and tried to destroy Misthallery. After he was stopped by Layton he escaped and left the town.

## Professor Layton and the Eternal Diva

To raise the town of Ambrosia, the second legacy of the Azran, Descole needed two songs, the song of the stars, which he found on the Ambrosian seal, and the song of the sea, which was only known by Melina Whistler. However, as she had a terminal illness and wasn't able to sing he designed a machine, the so-called Detragan together with her father Oswald Whistler.

It was able to copy a dead people memories into the brain of a living one. To find the right person he designed a puzzle game and trapped some people (including Professor Layton and his apprentice

Luke) in an opera house on a ship. They were told that they had to participate and that the winner would receive eternal live. However, the others would have to give their lives. Despite that threat they were actually sent back to the coast in submarines.

When Professor Layton raised the kingdom instead of him, after Descoles tried to dig it up with another robot, he became angry and attacked him with his sword. In the fight he fell from his own robot.

### Professor Layton and the Miracle Mask

To get the Infinite Vault of Akbadain, the third legacy, Descole had to raise the Akbadain ruins first. To do that he needed two masks, the Mask of Chaos and the Mask of Order. He wrote a letter to Randall Ascot, the former best friend of Professor Layton, who was believed dead after he fell into a pit during an expedition in the ruins, but had actually just lost his memories. Through the letter he regained his memories and was persuaded to take revenge on his former friend Henry Ledore. Descole told him to use the Mask of Chaos to disguise himself and become the Masked Gentleman, who terrorised Henry's hometown Monte d'Or with terrifying miracles, which were actually tricks and illusions created by Descole. While he told Randall he would do it just to help him, he actually wanted Henry to bring the Mask of Order, as he believed that was the only way to save Monte d'Or.

This time he won against Layton and gained the Infinite Vault himself, but then Leon Bronev took it away from him with his organisation Targent.

### Professor Layton and the Azran Legacy

Descole reappears to solve the mystery of the Azran Civilization once and for all. In his identity as Professor Desmond Sycamore, he writes a letter to the Professor to take use of him while travelling around the world in the airship Bostonius with the Azrans' ambassador Aurora, who was frozen in ice for one million years and discovered by Professor Sycamore.

In Targent's town, the Nest, he revealed his true nature after getting the key for the Azran legacy, and flew by jumping off the tower in the middle of the city. He was followed by the Professor and ended up in a sword fight with him. However, he was saved by his butler and travelled to the town Froenborg to enter the Azran's legacy. To stop Bronev, who also went there and took the key from him, he joined forces with the Professor and was even willing to sacrifice his life for humanity. Like the others, he was restored to life and disappeared between two rocks in the collapsing legacy of the Azran after the defeat of the Azran Dolls. He was able to escape to his airship and joined Raymond on a brand new journey when leaving Froenborg.

Personality

Descole is very cunning, arrogant and especially manipulative, using other people to reach what he wants. While he seems like a complete ruthless enemy, he actually has the noble side, as his true goal was to stop the criminal organisation Targent. This side is also shown when he saved Luke from a booby trap in Azran Legacy and injured in process, which is ironic as he once tries to kill him in Professor Layton and the Eternal Diva.

Appearance

Jean Descole wears a suit and over which he wears a cape. His eyes are hidden behind a white mask, and he's wears a hat and a wig that hides his hair.

Powers and Abilities

While being highly intelligent and inventive, Jean Descole is also skilled with martial arts and sword fighting. He is furthermore a talented archeologist and has the ability to disguise himself as everyone he wants.

---

When Katrielle Layton was finished, we were shocked and enraged at Jean Descole's crimes.

Nico: Whoa, this is definitely one person who definitely wants to see the world burn, and his desire for revenge has driven him down a path from which there's no return.

Me: You said it, Nico, and among one of his crimes, he's committed some nasty animal cruelty.

When Fluttershy heard it, she wanted to attack him, but when Adam Lyon had heard it, he growled in anger, and that was enough to stop Fluttershy from attacking.

Adam Lyon: WHAT?!

Nico: Uh oh, now he's in for it.

Suddenly, we then felt something snap inside of Adam Lyon's mind as his aqua blue eyes turned neon aqua blue, and he was surrounded by an aqua blue energy aura with lions and knives, he unholstered his massive Maahes' Maelstrom Sword of War and Protection from his now wider and more muscular back, and as he approached Jean Descole, he left aqua blue energy, lions, and knives with every step.

Adam Lyon: You really make me sick, Jean Descole, you've committed so many crimes in your desire for revenge, and you went to extreme lengths to achieve your revenge. (Getting Angry) But, to turn your back on mankind and wanting to watch the world burn… , YOU'VE CROSSED THE LINE FOR THE LAST TIME, YOU HEARTLESS MONSTER, AND I'LL MAKE SURE YOU NEVER RISE AGAIN!

Luna: Whoa, dude.

Lynn: Yeah, we've known Adam all our lives, and he's known as a cool guy, but when you make him mad, HIT THE DECK!

Suddenly, Adam Lyon screamed like a madman!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive explosion of energy blasted out and he was surrounded by a massive vortex of aqua blue energy with water, ocean waves, and knives surrounding it, there was a lion running around the vortex, and inside of the vortex is a maroon colored phoenix. Then, as the vortex faded, Adam Lyon emerged, but he was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

The 7'0" tall and extremely muscular Adam Lyon remained the same, along with his new clothes and large eight aqua blue orbs orbiting around his legs, he has neon aqua blue eyes and an aqua blue energy aura with water and ocean waves, knives, and lions surrounding him and he has aqua blue highlights in the bangs of his longer neck-length ginger colored hair, Adam Lyon has a lion holding the Water Kanji in its paws emblazoned on his forehead, he has silver lion head stud earrings with aqua blue gems for eyes and the Water Kanji on its heads and he has on his large Crystal Necklace of The Buddha with aqua blue crystals for the links and a silver lion head with aqua blue gems for eyes and the Water Kanji on its head for the pendant across his bare chest. Suddenly, Adam Lyon had felt a sharp pain on his wider and more muscular back, and massive ginger angel wings with aqua blue tips on the large ginger feathers had sprouted out on Adam Lyon's wider and more muscular back.

Adam Lyon had out his massive Maahes' Maelstrom Sword of War and Protection sword in his massive left hand, and he has on his new large cuff Bracelets of the Champions of The Universe with aqua blue gems on his wrists, long aqua blue trenchcoat flaps with ocean waves and lions on the coattails held up by his large Belt of Elemental Bravery with a lion head with a large aqua blue gem in its open mouth for the belt buckle on his waist, aqua blue Spellbook of The Gods and The Universe on his left hip and Eater of Sins revolver holstered on his right hip, and a Green Lantern Corps ring on his right ring finger. Adam Lyon has a lion with ocean waves surrounding it tattooed on his wider and more muscular back, and there's an aqua blue kanji below the lion that said, "Adam Matthew Lyon, Student Alumni of Charles Darwin Middle School, Childhood Friend of Lynn and Luna Loud, Member of The Neptune Crusaders, Friend of Jake Spidermonkey, Windsor Gorilla, Slips Python, Ingrid Giraffe, and Lupe Toucan, Defender of The Animal Kingdom, Emissary of Maahes, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, and Master of Lions, Knives, and Water."

Adam Lyon has transformed into SUPER ANGEL INFINITY OCEAN ANIMAL KINGDOM MAELSTROM LION ANGEL OF OCEAN JUSTICE AND OCEANIC HOPE!

We were amazed by Adam Lyon's Super Angel Infinity transformation, but when Jean Descole saw him, he was enraged and tried to attack, but Adam Lyon fired a powerful blast of aqua blue energy and water at him, and he was drenched.

Luna: Whoa, Adam's transformed. That's so awesome!

Lynn: You said it, Luna. (To Adam Lyon) Adam, how do you feel?

Adam Lyon: (Divine Echoing Cosmic Voice of The Animal Maelstrom and Oceanic Justice) **I feel incredible, Lynn, and now, I'm going to put an end to Jean Descole for good.**

Adam Lyon went at Jean Descole, and he fired powerful blasts of aqua blue energy, water, lions, and knives made of water at Jean Descole, and they explode with incredible power as they hit him. Then, Jean Descole unholstered his sword, and he and Adam clashed, causing sparks to ignite. But, Adam was much more experienced with a sword, and he disarmed Jean Descole of his sword. Then, Adam slashed at Jean Descole with his massive Maahes' Maelstrom Sword of War and Protection sword and knives made of pure water, and he left some nasty scars on Jean Descole, and then, Adam sent him flying into the air.

Adam Lyon: **And now, this is the end for you, Jean Descole. LION MAELSTROM KAMEHAMEHA!**

Adam Lyon had fired a massive Kamehameha wave made of aqua blue energy with water and lions surrounding it, and as it hits Jean Descole, it launched him right into the skies, and exploded with incredible power, and the resulting explosion killed him, and Super Hakaied his spirit forever. We cheered wildly for what Adam Lyon did, as he holstered his massive Maahes' Maelstrom Sword of War and Protection sword on his wider and more muscular back and powered down, and his new upgrades to his attire, angel wings, weapons, and jewelry are permanent. We ran up to Adam Lyon and we hugged him, and he returned it.

Lynn: Wow, Adam, that was so awesome.

Luna: Yeah, Adam, you really did an awesome job in getting rid of Jean Descole.

Adam Lyon: Thanks, Lynn and Luna.

Nico: You sure did an awesome job, Adam. You definitely showed that guy no mercy.

Adam Lyon: Thanks, Nico.

Katrielle Layton: But, this also means, we'll be dealing with more of my old enemies, and I've made a lot of enemies who are part of criminal organizations.

Lincoln: But, we'll bring them down, Katrielle, and they'll be brought to justice for their crimes.

Katrielle Layton looked into Lincoln's deep sapphire blue eyes, and he's telling the truth, and she had a smile on her face.

Katrielle Layton: I know we will, Lincoln.

Nico: Awesome.

Live Action Grimlock: (To the viewers): Me Grimlock glad all this over. Now go back home.

Nico: Yes we can. Great job today everyone. We've officially seen the last of Captain Gutt. Lets go home.

We went back home to Earth and had a great dinner and enjoyed the rest of the day and then went to sleep.

Another awesome fanfiction complete.

This was an awesome and really fun adventure. The world of Animatron from Transformers Cybertron was a really awesome and really amazing world. The first part was for the funny episode of Ed Edd N Eddy called A Glass of Warm Ed and that was a really funny episode. It was about Ed sleepwalking and going on a crazy eating spree. That episode aired on April 12th, 1999 and it was really funny and awesome. One of my all time favorite episodes. The second part was for the Ed Edd N Eddy episode Mission Ed-Possible and that was so funny! Ed and Eddy went to great lengths to stop Edd from getting their report cards to their parents. They really didn't want to get punished. That episode aired on November 4th, 2005 and it was really funny and awesome. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. # Tai Chi Fight in Ireland

In the middle of the city, Nico and Lynn were walking around.

Nico: Thanks for coming with me, Lynn.

Lynn: No problem man. This is gonna be so awesome going with you on a rescue.

Nico: Glad you're going to have fun. And good timing too. Scans show that there's something going on here in this part of the city.

Lynn: You mean like that!

They saw the police at war with a massive army of mercenaries that were hired by OCP!

Nico: Lynn, did Paula get the chance to tell you the truth about her mom?

Lynn: Yes she did and when I was told about it I was infuriated. But when I found out that you guys beat me to it, it calmed me down.

Nico: Good. Lets get these fuckwads!

They flew at the mercenaries.

The Mercenaries were really blasting the cops all over the place and then…

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted above the mercenaries and the shockwave from the blast blew them and the tanks away into scrap metal and Nico and Lynn came out and blasted the

mercenaries all over the place.

Lynn: Now you are finished you dickwads!

Nico: OCP is finished forever!

Nico fired waves of lightning and blasted them into oblivion.

Nico: I'm really sorry, Lynn. I bet before that you really looked up to Paula's mom.

Lynn: Actually to tell you the truth Nico I didn't. I knew there was something fishy with her.

Lynn blasted more mercenaries to dust.

Nico: Really?

Lynn: Yep.

Nico: Oh. Now lets head for the main source of the trouble.

Nico and Lynn set their sights on OCP.

Nico: I know who's behind this.

They flew to the OCP building.

Nico: Open up, motherfuckers. We know you're in there!

They smashed through the window and landed in the office of PAUL MCDAGGETT!

Nico: Paul McDaggett. I had a strong feeling you would come back from the dead.

His men pointed their guns at Nico. But he looked at them and killed them with just a thought by blowing their heads off and splattering their blood and brain matter everywhere!

Nico: Trash is what they were. (To McDaggett) It's over for you McDaggett. Your reign of terror ends now. Just like it did when we killed you before.

McDaggett: I don't think so.

Two Otomo Androids came.

Nico: (in fake fear) Oh no! Otomo Androids! My only weakness!

Lynn: NOT!

Then suddenly an Otomo Android was grabbed by 2 big hands and then they saw it was grabbed by an Appoplexian!

Nico: WHOA! An Appoplexian!

Appoplexian: (In a girls voice) YOU OTOMO ANDROIDS FUCKED AROUND WITH THE WRONG TIGER!

She ripped it in two with her bare hands!

Nico: Whoa! I knew it was you Rita Fox!

Appoplexian: Wow Nico! Its been a while ya big bruiser!

Lynn: AWESOME! You must be the Appoplexian Gene-Slammer we knew we would meet.

Nico: Yep. Lets catch up when we're done here.

Appoplexian: You got it!

Nico: Are you in control of your Appoplexian form?

Appoplexian: I sure am. Full control.

Nico: Lets tear these sons of fucking assholes apart.

Appoplexian: You are speaking my language!

They went at the last Otomo Android and smashed it to pulp and Nico took its sword.

Nico: You can use this Rita.

Nico put the sword in its sheath.

McDaggett: YOU FUCKING FOOLS! DO YOU HAVE ANY IDEA WHAT YOU ALL HAVE JUST DONE TO US!?

Nico: Let me guess. Those androids were programmed to self destruct because of a thermal failsafe device.

McDaggett: That's right. In 15 seconds everything of where we're standing will be atomized. WE'RE DEAD YOU MOTHERFUCKING PIECE OF SLAG!

Nico: Don't count on it you motherfucking piece of garbage!

Nico blasted his leg and painted a kanji on his head.

Nico: UZUMAKI BLACK JUDGEMENT SEALING ART: BLACK GATE!

The Spirits of those he killed and ruined came and found him guilty and destroyed him forever.

Nico: Lets get out of here!

Nico used Instant Transmission and teleported out of there with Lynn and Rita just in time as OCP HQ Exploded with incredible power!

EXTREMELY MASSIVE EXPLOSION!

They saw the explosion and the company OCP was now nothing more than a forgotten memory.

Nico: (puts on sunglasses) (Imitating Arnold Schwarzenegger) Hasta la vista, baby!

Lynn: YEAH!

Appoplexian: Take that.

Nico: Now we can catch up.

Appoplexian: That was so awesome!

Nico: Yep.

Lynn: What's your favorite memory of Nico?

Appoplexian: I have so many of them but they are mostly in gym class. Me and Nico were known as the King and Queen of all sports.

Nico: We were super athletes. Even though I mostly excel at tennis.

Appoplexian: Yep. It's awesome. But you and I were really awesome at Tag Team Wrestling together.

Lynn: Awesome! Tag Team Wrestling rocks!

Appoplexian: Yep. But my favorite was when me and Nico won the national championship.

Nico: I'll never forget that. We were up against the 5 time champion of Tag-Team Wrestling. They were the Brutal Pakowsky Brothers and we took them down with no problem and we won our school the first ever tag team wrestling championship.

Appoplexian: That was so awesome!

Lynn: Wow! I've heard about the Brutal Pakowsky Brothers and they were lethal! That is so awesome that you guys took them on and won!

Nico: Thanks.

Lynn: That was awesome.

Nico: Also, one of our frenemies always tell us that he's going to kick one of our asses as a catchphrase. So, try not to take it personally. I actually like it.

Appoplexian: I'll have to see it to believe it.

Nico: Anyway lets get you back to normal.

Nico put on his blind man glasses and made sure no one was looking and then he snapped his fingers and Rita reverted back to human and she had orange hair and orange eyes and she was in her birthday suit and Nico gave her new clothes and they were sports clothes.

Rita Fox: Awesome! I look great.

Nico: You sure do.

Rita then hugged Nico in a bonecrushing hug.

Rita Fox: I've missed you gym partner.

Nico: (Groans in pain) Me too Rita. You're crushing me.

Rita Fox: Sorry. I don't know my own strength.

She let go and Nico was healed.

Lynn: Are you related to the Fox kids?

Rita Fox: As a matter of fact yes I am. Pam, Kurt, Mick, Ron and Steve are all my siblings.

Lynn: Cool! I babysit for them when they need it. Also they come over to be with us when we go on our babysitting adventures.

Rita Fox: Wow! My little siblings are really hyper and have driven away tons of babysitters because of their antics.

Lynn: That's right. My sisters Lori, Leni, Luna and Luan were their victims so to speak. But not me. I handled them like a pro because my sisters were not the right ones for them.

Nico: It's true.

Rita Fox: That is awesome!

They later went back home and told us everything and it was awesome.

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan,

Catwoman, and Lynn Jr. were heading into the world of the 2004 movie Catwoman, and not only is Lincoln going to rescue the eighteen girls there and meet another Guardian Angel of Lincoln from his past, who's the Gene-Slammer for the Elemental HERO Divine Neos, but we're also going to kill Laurel Hedare, who's captured them, and is going to kill them in cold blood.

Lincoln: Wow, we're in the world of the 2004 movie Catwoman, and I think I know what we're going to do here, not only am I going to rescue the eighteen girls there and meet another Guardian Angel from my past, who's the Gene-Slammer for the Elemental HERO Divine Neos, but we're also going to kill Laurel Hedare, who's captured them, and is going to kill them in cold blood.

Nico: That's right, big guy, and for this one, you also called Selina to join in as well.

Lincoln: That's right, Nico. As soon as Selina found out we were going after Laurel Hadere, she had to join in, and it's also very personal for her: Laurel killed her own husband and framed her for it, which got her arrested.

Catwoman: That's right, she framed me for killing her own husband, but I slipped out and confronted Laurel in her office, and I realized that she was the one responsible for my death and her husband's murder.

We gasped in shock.

Me: She's going to pay for this.

Lynn Jr.: Big time.

TLPS Mr. Wolf: You said it, guys, she will die a very horrible death. If she's at her office, she'll have her security system activated. (To TLPS Ms. Tarantula) Ms. Tarantula, if you would?

TLPS Ms. Tarantula: On it, boss.

TLPS Ms. Tarantula then got started by hacking Laurel's security system in her building, and in a few minutes, she disabled the security system and it was finally down.

TLPS Ms. Tarantula: Got it, Laurel's security system's down, now we can get in and confront her.

TLPS Mr. Wolf: Perfect.

?: HELP!

Suddenly, Lincoln heard the sound of eighteen girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the eighteen girls, but they've been captured and tied up by Laurel Hedare and her goons, and she's going to kill them.

Lincoln: Guys, I've found the eighteen girls, but they've been captured and tied up by Laurel Hedare, and she's going to kill them.

Nico: That cold hearted, vanity-obsessed bitch, let's get her.

We rushed on over.

Laurel Hedare: And now, you will all die!

But, before Laurel Hedare and her goons could kill them, Lincoln fired powerful red energy blasts at Laurel's goons, and he sucked out and absorbed all of their energy, and killed them, and then, he'd blasted Laurel Hadere with a powerful rainbow energy ball, and it hits her in the back, and blew her back. We got the eighteen girls to safety, and when Laurel Hadere saw us here, she was pissed off that we stopped her from killing the girls to satisfy her lust for blood. But, she was also even more pissed off when she saw Catwoman here.

Laurel Hedare: How dare you show your faces here, Team Loud Phoenix Storm! You will all pay for ruining my fun, along with you, Selina!

Lincoln: Not going to happen, Laurel. Your fun is about to come to an end here and now.

Me: Time to die, you bitch!

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, and Sun Quan got out their weapons, Lincoln's sisters also transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs, Lynn Jr. transformed into his Super Angel 750,000,000,000 form, and Me, Eli, Nicole, and Nico also transform and unholstered our massive swords from our backs, and we went at Laurel Hedare, and we we fired powerful blasts of rainbow energy, colored energy, elemental forces, ice, lava, steel orbs, stars, rainbow flames, orange flames, blue flames, and green flames at Laurel Hedare, and they exploded with incredible power as they hit her.

Suddenly, we saw an Elemental HERO Divine Neos appear, and she fired powerful blasts of divine light at Hedare's incoming thugs, and sent her flying into a wall.

Elemental HERO Divine Neos: (In a girl's voice) (Canadian Accent) That'll teach you, eh.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Wait, that voice. Jennifer Torrence, is that you?**

Elemental HERO Divine Neos: That's right, Lincoln, and it's been a long time.

They went up to each other, and they hugged.

Lincoln: **It sure has been a long time, I haven't seen you when you were sixteen, and I've grown a lot since then.**

Jennifer Torrence: Yeah, I can see, you've really grown a lot from the eleven-year-old cute little boy into a 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Wow, Lincoln, you know her.

Lincoln: **I do, Nico. This is Jennifer Torrence, I met her when she was sixteen years old and when she moved to Michigan from Canada, and she, like the other Guardian Angels, have defended me from bullies, and that included Lori, Lynn, Lola, and Luan, when they still had their dark sides in them.**

Nico: Awesome

Jennifer Torrence: We're going to have to catch up later.

Lincoln: **Yeah, we still have to kill her, and because of that Beau-Line skin cream, she's impervious to pain. Let's see just how impervious to pain she really is when she's drained of her energy.**

Lincoln teleported up to Laurel Hedare, and he grabbed her and he hoisted her up with his immense brute superhuman strength. Then, his rainbow energy aura flared up, as he was now draining her of her energy, and while he was getting stronger and stronger and stronger, Laurel Hedare was getting weaker and weaker, and we saw that she was being mummified, as more of her energy was still being drained, and when Lincoln was done, Laurel Hedare was completely drained of her energy, and she'd looked like a mummified husk, and as her spirit appeared, he drew a kanji on her forehead, and she was sentenced to The Black Gates, as the spirits of her victims judged her and her spirit was erased for good.

We cheered wildly as we holster our weapons and power down.

Nico: Awesome job, Lincoln. I'm also going to guess that you had used was the Life-Force Absorption powers of Sauron, Parasite, Darkstar, and Selene, right?

Lincoln: Yep, I figured it'd be perfect for someone like Laurel Hedare.

Jennifer Torrence: (Canadian Accent) And that was fun, eh.

Lincoln: The rescues are always fun. Now, let's get you back to normal, boys, cover your eyes. Hold still, Jennifer, this is going to hurt.

Me, Nico, Eli, and the rest of the boys covered our eyes as Lincoln snapped his fingers, and Jennifer was reverting back to normal. Jennifer Torrence was a beautiful 17-year-old girl with long red hair, green eyes, fair skin, she was 6'0" in height, and she had the body of a goddess. She also now has massive gold angel wings on her back, as she reigns in the power of Elemental HERO Divine Neos, and she was in her birthday suit.

Lincoln: How do you feel, Jennifer?

Jennifer Torrence: (Canadian Accent) Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Jennifer a new wardrobe, an orange sleeveless shirt with a gold phoenix, a green skirt with the Elemental HERO Divine Neos with divine light on it, black leather ankle-high combat boots, and a long gold colored sleeveless trenchcoat with the Elemental HERO Divine Neos on the back, and on her back is a large Elemental HERO Divine Neos-themed sword with a 6'5" massive, wide, double-edged, man-sized gold blade with the Elemental HERO Divine Neos etched on it, large golden angel wings for the crossguard, large blue gem for the hilt, longer black handle, and large golden faceted sphere pommel with surrounding blue gems.

Jennifer Torrence: (Canadian Accent) Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Jennifer Torrence's neck with gold gems and crystals from her new Crystal Necklace of the Buddha on the gold lightning bolts.

Jennifer Torrence: (Canadian Accent) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Jennifer.

Jennifer Torrence had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the eighteen girls, and we'd undone the ropes they were tied up in, and when Lincoln saw them, he immediately recognized them. The eighteen girls are Mia Ageha, Karin Shijimi, Reina Miyama, Ayami Ooruri, Hye In, Shi Yoon, Jae Eun, Chae Kyoung, So Min, Naru Ayase, Ann Fukuhara, Ito Suzuno, Rinne, Bell Renjoji, Wakana Morizono, Otoha Takanashi, and June Amou from Pretty Rhythm, and Wakamei Dalton from Tenkai Knights.

Lincoln: Oh wow, it's Mia Ageha, Karin Shijimi, Reina Miyama, Ayami Ooruri, Hye In, Shi Yoon, Jae Eun, Chae Kyoung, So Min, Naru Ayase, Ann Fukuhara, Ito Suzuno, Rinne, Bell Renjoji, Wakana Morizono, Otoha Takanashi, June Amou, and Wakamei Dalton.

Helena McTroy: From Pretty Rhythm and Tenkai Knights, awesome.

Lincoln: Are you girls okay?

Mia Ageha: Yes, we're okay, thanks to you.

Then, when Mia Ageha and the other seventeen girls saw who it was that saved them from Laurel Hedare, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of

Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Mia Ageha: Oh wow, you're Lincoln Loud of Team Loud Phoenix

Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made seventeen clones of himself, and he and the seventeen clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Mia Ageha: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, eighteen Thunderbird Necklaces of Eternal Love appeared right around the necks of Mia Ageha, Karin Shijimi, Reina Miyama, Ayami Ooruri, Hye In, Shi Yoon, Jae Eun, Chae Kyoung, So Min, Naru Ayase, Ann Fukuhara, Ito Suzuno, Rinne, Bell Renjoji, Wakana Morizono, Otoha Takanashi, June Amou, and Wakamei Dalton with colored gems and crystals on the gold lightning bolts. We returned to the Estate, and we told everyone what happened, and they were shocked when they found out the villain we went after was Laurel Hedare, an old enemy of Catwoman.

But, when Lincoln showed and told everyone what he did to Laurel Hedare, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Jennifer Torrence now have a lot of catching up to do, now that she's back.

---

After getting rid of Laurel Hedare this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Jennifer Torrence saw Lincoln working out like crazy, she had an atomic red blush on her face.

Jennifer Torrence: (Canadian Accent) Whoa, Lincoln has really grown to be a 16-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Jennifer, and now, I can also fight and defend myself.

Jennifer Torrence: (Canadian Accent) That's awesome.

Nico: It sure is, Jennifer. So, what memories did you have with Lincoln?

Jennifer Torrence: (Canadian Accent) Oh, I remembered that one time I was having a hockey game at school, and Lincoln and his family came to cheer me and my team on. I was so proud of Lincoln for that, but Lynn was acting like a heckler, jeering at my team and trying to make me lose focus, and she was laughing at us. But, when I saw Lincoln trying to stop her, she hit Lincoln hard in the eye and he fell to the floor. I asked the referee to stop the match, and I went up to Lincoln, and when I saw the black eye, I wanted to give Lynn such a black eye in return. But, I didn't do so, instead, I picked up Lincoln and we went to the nurse's office, where she tended to Lincoln's black eye, and Lori, Leni, Luna, Luan, Laney, Lucy, Lana, Lola, Lisa, and Lily were with me as well. Mr. and Mrs. Loud scolded Lynn badly, and we heard them yelling from the nurse's office. Long story short, we had to stop the match because of what Lynn did, and she got a major three-month grounding with no sports, and I stayed with Lincoln, in case Lynn tried anything.

Nico: A three-month grounding with no sports?! Triple ouch, and I can also guess that Lynn wanted revenge on you and Lincoln for getting her grounded, right?

Jennifer Torrence: (Canadian Accent) Correct, Nico.

Lincoln: Yeah, it was so bad, Nico. Lynn's eye was twitching like crazy, and she was growling like a wild animal, and gripping the sheets of her bed so hard, she tore through them, leaving tears that looked like claw marks.

Nico: (Stunned) Holy crap!

Me: That's got to be one major-league grounding they enforced on Lynn, buddy.

Lincoln: Big time.

Lori: We literally had to put her in a containment cube in the basement until she cooled down, and we had to keep her away from Jennifer Torrence, and she kept Lynn away from Lincoln, and I remember the words that Jennifer said to Lynn. She said, "If she saw Lincoln with brutal injuries, and I find out you were behind this, I'll do to you what you did to Lincoln."

Nico: Whoa, that's one serious threat. So, Lincoln, what can you tell us about Jennifer Torrence?

Lincoln: Jennifer Torrence is a smart girl and she's a gifted athlete and an awesome sportswoman who displays good sportsmanship, something that Lynn when she still had her dark side in her, hated with a passion, and she's also tough.

Nico: Awesome.

Me: Boy that is cool.

Suddenly, a bright light had descended on the Estate, and we covered our eyes. Then, as the bright lights disappeared, we uncovered our eyes, and to our surprise, the world of The Tenkai Knights, the world where Wakamei Dalton, one of Lincoln's future wives came from, has merged with ours.

Lincoln: Oh wow, Wakamei, your world has merged with ours.

Wakamei Dalton: Incredible, and wait until you meet my friends, Guren Nash, Ceylan Jones, my brother, Toxsa Dalton, Chooki Mason, Gen Inukai, and Guren's girlfriend, Beni, Lincoln.

Lincoln: And I also know what we're also going to do, we're going to take down Vilius, your main enemy from your world. I've heard about him, that guy is a ruthless monster, and Guren and his friends have taken him down many times before, but now, this will be Vilius' end by our hand.

?: You got that right.

Suddenly, we saw Guren Nash, Ceylan Jones, my brother, Toxsa Dalton, Chooki Mason, Gen Inukai, and Guren's girlfriend, Beni arrive at the Estate.

Wakamei Dalton: Guren, Ceylan, Toxsa, Chooki, Gen, Beni.

Toxsa Dalton: Wakamei, oh man, it's so good to see you.

The siblings hugged.

Guren Nash: And it's an honor to meet you and Team Loud Phoenix Storm, Lincoln.

Lincoln: You too, Guren, and I also have to explain what happened this morning.

Lincoln explained everything that happened on his rescue, and that he rescued Wakamei and the other seventeen girls from Laurel Hedare, and they saw that Wakamei has on a Thunderbird Necklace of Eternal Love with green crystals and green gems on the gold lightning bolts, and she's now one of Lincoln's future wives, and they offered their congratulations, and they know Lincoln will take care of her, since he has a massive gold heart.

Lincoln: Alright, I think it's time for us to head to Vilius' castle, and put an end to his ambitions for good.

Guren Nash: Awesome.

We then head for Vilius' castle, and we saw Vilius was planning something, and in his throne room are an army of corrupted Tenkai Knights.

Vilius: Soon, I will have my revenge on those wretched Tenkai Knights.

Suddenly, they see a beautiful nebula appear with stars in the skies, along with knights surrounded by the thirteen elemental forces, and they charged on their horses, ripping apart the Corrupted and sending their souls into Oblivion. Then, a phoenix cry and Thunderbird screech were heard, and from an explosion of fire and elemental forces, we appeared.

Vilius: So, the famous Team Loud Phoenix Storm, along with the wretched Tenkai Knights, have all arrived. Now, I can finally have my revenge on you all and then, I will rule the entire universe!

Lincoln: Not a chance, Vilius, this is the end of your ambitions, and an end to your miserable life. We're taking you down and sending you to Oblivion.

We unholster our massive swords from our backs and transform, and we went after Vilius, and we'd fired powerful blasts of rainbow energy, colored energy, elemental forces, ice, lava, steel orbs, stars, rainbow flames, orange flames, blue flames, green flames, and animal spirits at Vilius, and they all exploded with incredible power as they hit him. Then, Lincoln fired a powerful red energy blast, and it hits Vilius, and Lincoln sucked out all of Vilius' powers and abilities, and he and the rest of us made them our own, and we also assimilated them.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Now, you will pay for the suffering that you have caused.

Then, Lincoln drew a kanji on Vilius' forehead.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) UZUMAKI BLACK JUDGEMENT SEALING ART: BLACK GATES!

Vilius was confronted by the souls of all those he'd killed and they found him guilty, and his evil spirit was erased from existence forever. We cheered wildly for what we've done as we holster our massive weapons and power down, and Wakamei went up to Lincoln, and they hugged and kissed, as we all cheered.

Guren Nash: Oh man, now that was so awesome!

Gen Inukai: Now, we're rid of Vilius for good.

Nico: Awesome job in leading the attack, Lincoln. Thanks to you, Vilius is now finally gone for good.

Lincoln: Thanks, Nico. But, this means we'll be dealing with Vilius' minions who'll be wanting revenge on us for what we did.

Nico: But, we'll be ready for them.

We return home to the Estate, but we're now rid of Vilius, the evil former Tenkai Knight, for good, and we now have the Tenkai Knights as new members to the team.

---

Later it was time for Kendra's final Ambassador Mission.

Kendra: Does anyone want to come with me?

Nico: Me and J.D. do.

Kendra: Awesome!

Nico: Yep. It'll be awesome to see the Peanuts again.

Me: And I can't wait to meet them. I love the movies and stories about them and they were great.

Laney: You guys have fun.

Kendra: Oh we will. Lets head out.

We were off to Minnesota.

We arrived in Charle Brown's neighborhood.

Nico: Hey guys.

Charlie Brown: Wow! Hey Nico. Hey Kendra.

Nico: Awesome to see you all.

Kendra: Guys, meet Nico's predecessor.

Me: Sup. J.D. Knudson, now second in command of Team Loud Phoenix Storm.

Charlie Brown: Wow it's such an honor!

Nico: J.D. promoted me to full time leader after I displayed tremendously great leadership skills during some of our major battles that we had last year.

Me: It's true. The most impressive out of them all was the battle with Team Dark Phoenix Storm.

Charlie Brown: Whoa!

Sally Brown: That's amazing!

Lucy Van Pelt: It sure is!

Me: Yep.

Linus: What do you guys wanna do with us this time?

Kendra: How about we do one of our favorite things and that is go on a treasure hunt?

Charlie Brown: Wow! That is gonna be cool.

Me: My daughter Nicole gave us a map and legends say that there's an amazing treasure over there at that abandoned construction site there.

I pointed to a huge construction sight that was left to rot there because of a stop work order.

Nico: This is gonna be interesting.

Linus: It sure will be awesome.

Pig-Pen: Yeah it will.

Peppermint Patty: Yeah it will!

We were off and we arrived at the construction site but there was something strange there.

Lucy Van Pelt: (sees several Construction Vehicles) That's weird. I don't remember construction near this area being scheduled.

Nico: Hmm. I've got a strange feeling about this. It's like I know those construction vehicles.

Me: They do look familiar.

Charlie Brown: What makes you say that?

Me: It's like we know who and what they are.

Kendra: That's strange.

Nico: Yeah.

Kendra: Better turn into Armorsight if we need to fight them.

Charlie Brown: Cool!

Me: You're about to get a glimpse of Armorsight in action.

Lucy Van Pelt: Awesome!

Kendra: Here we go.

She concentrated and then her eyes turned red and merged into one and then her skin turned rocky and she grew and her clothes ripped and she grew spikes and turned into ARMORSIGHT!

Charlie Brown: Oh that is awesome!

Me: Yep. Armorsight is what's called a Vesuvian Golemcyclops.

Nico: They come from the volcanic planet of Vesuvius Prime.

Armorsight: It's true.

Linus: That is amazing.

Me: Yep.

Live Action Overload: Is that a Vesuvian Golemcyclops?

Live Action Long Haul: What's one doing out here?

Live Action Hightower: Does it really matter?! We're in a new place and we've got targets to take out. I say we go after this one since it's the most strongest!

Nico: (telepathically to me) I resent that!

Me: (Telepathically to Nico) I didn't say anything.

Live Action Scrapper: Let me go first!

Scrapper threw his Flail at Armorsight, who caught it like it was a dodgeball. However, this left her open to Mixmaster, who transformed into his cannon mode and fired at her.

I deflected the blast back and it hit him and to our shock we saw THE LIVE ACTION CONSTRUCTICONS - OVERLOAD, LONG HAUL, HIGHTOWER, SCRAPPER, SCAVENGER AND MIXMASTER!

Nico: WHOA!

Me: It's the Live Action Constructicon Team!

Nico: Yep! Overload, Long Haul, Hightower, Scavenger, Scrapper and Mixmaster!

Live Action Mixmaster: I'm impressed you know who we are.

Nico: And seriously?! Armorsight is definitely not stronger than me! (to Armorsight) No offense.

Armorsight: None taken.

Me: But you guys were are not here to fight you.

Nico: Also you don't want to anyway. You're looking at two of the very people that destroyed Unicron.

Live Action Overload: What!? You guys destroyed Unicron!?

Live Action Long Haul: That's impossible!

Me: I assure you it's possible.

Nico: Also you all should know that you should never fight with your new leader.

Me: That's right!

Nico: Guys listen. Or better yet see for yourselves.

Nico showed his Decepticon Leadership Medal.

Live Action Hightower: That's a Decepticon Leadership Medal!

Live Action Scavenger: Where did you get that?

Nico: It's what we've been trying to tell you. I am now the new leader of the Decepticons. The war in this universe with the Autobots and the Decepticons is over. But I'm afraid you all have bigger problems in the universe you came from.

Live Action Mixmaster: What do you mean?

Nico: We'll explain.

Armorsight: Time for me to revert back.

Nico: Kids you better cover your eyes.

They did so and Armorsight reverted back and Nico covered his eyes and so did I and I formed a dome of darkness to make sure no one can look at Kendra and then I gave her new clothes are she put them on.

Kendra: Ahh that's better.

We then got to talking about whats been happening in the universe the Constructicons all came from. We told them about what went down with the betrayal of Sentinel Prime, Cemetery Wing, the deaths of many Autobots at Human Hands and more and how the Autobots hardened because of it and more and they were shocked!

Live Action Mixmaster: Oh man!

Live Action Overload: Man tons of things have happened!

Live Action Hightower: But that's crazy that our fellow Cybertronians are being hunted like wild animals and the humans that help them are being treated like traitors!

Live Action Scavenger: That's crazy! I hope we do something to help out.

Nico: We will. We go to the Live Action Transformers universe on April 28th. So you got to be patient till then. I promise we will resolve everything that happened and set things all straight. We just need time.

Me: That's right.

They agreed and later we found the treasure and it was the treasure of an explorer that was killed by Indians in Minnesota after burying his loot. It was full of gold, diamonds, coins and more and it was awesome!

Charlie Brown: That was an awesome treasure hunt!

Nico: Boy it sure was.

Charlie Brown: Kendra, don't laugh at me for this. But ever since we met, I've grown to see you as the big sister I've always wanted.

Kendra: Really?

Charlie Brown: I sure have.

Sally Brown: Me too.

Kendra was happy and she hugged both Charlie and Sally.

Nico: So cute.

We later went back home. We told everyone everything and it was amazing.

Eli: Awesome!

Live Action Grimlock: Me Grimlock glad you had fun.

May: Emerald, your Ambassador missions are next.

Emerald Goldenbraid: Yep and I have a feeling I'm going to like where I'm going to go.

Nico: And J.D. is going to see how you do.

Laney: Awesome!

Me: I hope wherever it is we're going is gonna be awesome.

Nico: Yep. But you'll be in for a shock when you go there next J.D. So please don't release your power in an explosion of vengeance.

Me: (GULP) I'll try not to Nico.

Nico: Good.

* * *

Later Varie, Allie Wilde and Celica had the Dazzlings blindfolded.

Sonata Dusk: I wonder where we are.

Aria Blaze: I hope it's an awesome place where we can kick some butt.

Adagio Dazzle: Me too. That would be cool.

Varie: You girls are going to love it.

Prizma was talking to Nico.

Prizma: Nico, you know J.D.'s gonna kill you for this, right?

Nico: No he won't. Besides he and everyone else did this before. It'll be fun.

Vince was guiding me and I was blindfolded.

Me: I hope we are going to a place that's fun.

Vince: Oh believe me partner you will love it.

We were at the beach and it was gonna be a fun time.

They took off our blindfolds and we were surprised.

Me: Adagio, Aria and Sonata?

Adagio Dazzle: So you are our blind date?

Me: Nico you sly fox. Looks like we're going to have some fun.

Jaina Proudmoore: Enjoy your fun at the beach. We're gonna buy some M&Ms.

Me: Okay. Lets go lift some weights girls. But first lets change into our swim clothes.

They agreed.

We went and got changed and everyone went to a candy cart.

Dirtbag: Hi. We'd like to buy some M&Ms.

Man: Sure thing.

Everyone got some M&Ms.

I was in my beach clothes. I had blue swim clothes with flames on the trunks and I had a red shirt with a phoenix on the back.

Sonata Dusk: I'll go first!

Sonata was in a pink one piece

Sonata Dusk: Check this out guys.

She picked up a pole with ease!

Sonata Dusk: TA-DAH!

Aria Blaze: Sonata that's just a stick with 2 large marshmallows on the ends of it.

She saw that she was right.

Sonata Dusk: Oh! Right.

Adagio Dazzle: Watch this.

Adagio had a purple 2 piece bikini on. She picked up a heavy 5000 pound weight with one hand with ease and everyone cheered!

Me: Awesome Adagio!

Grapple: Nico, how did you even know that JD has feelings for the Dazzlings?

Nico: Lincoln told me.

Lincoln: Thanks for throwing me under the bus!

Nico: Well you did!

CLANG!

Adagio Dazzle: Beat that.

Aria Blaze: No problem.

Aria Blaze had a green 2 piece bikini on. She went over to the bleachers and then to everyones shock and amazement she lifted up a 20 ton bleachers like it was nothing!

Aria Blaze: GRAH!

Nico: WHOA!

Me: AWESOME ARIA!

Eli: That is awesome!

CRASH!

She came back and everyone cheered.

Aria Blaze: Top that J.D.

Me: Piece of cake.

I went over to two huge boulders and they had a big pole in them and then I lifted it up with no problem! Everyone gasped in sheer amazement!

Nico: WHOA! Way to go J.D.!

Eli: AWESOME BRO!

Everyone cheered wildly for me!

Varie: YEAH!

KRASMASH!

I came back. And I was stretching my arms.

Me: How's that ladies?

Sonata, Aria and Adagio were amazed.

Adagio Dazzle: You are one strong guy J.D.

Me: Thanks. All the benefits of training.

Nico: That was awesome!

Live Action Overload: Wow J.D. is one strong guy. Aria is amazingly strong too.

Nico: Yep.

Me: That was great girls. How are you all so strong if I might ask?

Adagio Dazzle: When we were in Equestria, we were incredibly strong and we had intense strength.

Sonata Dusk: We had enough strength to smash mountains with sheer brute force.

Aria Blaze: Yep it's true.

Me: That is so awesome!

We later came back.

Nico: Have fun?

Me: You bet we did Nico.

Adagio Dazzle: It sure was awesome.

Sonata Dusk: Yep. We had a lot of fun with J.D.

Nico: I'm glad.

Flash Man: (to the Live Action Constructicons) You guys wanna come with us on the mission?

Live Action Overload: You know, when people try to be heroes, there are always consequences.

Maria: You guys don't have to come if you don't want to. But if you go back to your world, you're gonna have to deal with Autobots hardened after being betrayed by the humans there.

Nico: Blame Sentinel Prime for that.

Live Action Overload: So, it's either go with you guys or die. Not much of a choice, is it?

Live Action Long Haul: We'll go with you guys. (smirks evilly) But if things go wrong, I'm gonna use my flamethrowers to fry all of you from the inside out!

Nico: Long Haul that's enough.

Live Action Long Haul: Sorry force of habit.

Me: But Nico? (Cracks Knuckles) You better start running.

Nico: Uh oh.

Nico got jumped by me and the Dazzlings and we tickled him all over.

Me: Coochie coochie

Nico: (LAUGHING HYSTERICALLY) OKAY OKAY OKAY! (LAUGHING) I'M SORRY!

Me: Apology accepted. But it was awesome of you to set this up.

Nico: (Panting) You're welcome.

May: But it was awesome how you guys lifted those awesome weights.

Larry the Lobster: It sure was. Aria that was like how I lifted those bleachers in Goo Lagoon.

Nico: Yeah how did you girls do that?

Aria Blaze: When we were the sirens back in Equestria we have the power to smash mountains with our strength.

Adagio Dazzle: It's true.

Sonata Dusk: It was intense.

Me: Wow! That explains how you 3 are so strong. That is awesome.

Lily: Wow it sure is. And what's very coincidental is that Sandy, Larry and SpongeBob all did the same levels of weights you all did. But J.D.'s lifting those huge boulders is brand new.

Me: Yeah it was cool huh?

Nico: Yep. Also now it's time for our next mission. But first lets get rested for a bit before heading out.

We were then resting in the World Tree Estate and watching TV in the living room. Suddenly, Lincoln's rainbow Thunderbird emblazoned on his forehead was glowing and our rainbow energy auras with elemental forces flared up, and we knew what that means.

Lincoln: Uh oh, I'm going to guess by the glowing rainbow Thunderbird and flaring energy auras could only mean one thing: Dragonoid trouble, Lincoln 2.

Lincoln 2: That's right, Lincoln.

Rai: Figures we'd get some trouble from the Dragonoids again. Lincoln, Lincoln 2, can you guys tell us who it is?

Lincoln 2: You're not going to like it, Rai.

Lincoln: Yeah, the next Dragonoid who's come out is General Vicious, and he's really pissed off at J.D. for killing his men, and he harbors a really intense and incredible burning hatred towards him.

We gasped in shock.

Nico: Whoa.

Me: Yikes. We may have been the ones dealing the killing blows towards the Dragonoids, but General Vicious really hates me the most for killing his men. So, this is going to be one dangerous battle with a man consumed by a really intense and incredible burning hatred towards me.

Nico: You got that right, J.D., and you've foiled and pissed off a ton of villains, and because of that, they developed a really intense and incredible burning hatred towards you. (Smirks) So, when we get to General Vicious, why don't you have a little bit of fun with him first, then, we jump in and pulverize him?

Me: (Smirks) I like that idea, bro.

TLPS Mr. Wolf: We've heard about the fights you've had against Luka and the other Dragonoids, and you've been acquiring the Tai Chi cards, and they're definitely awesome.

Eli: You got that right, TLPS Mr. Wolf. Lincoln, do you know exactly where General Vicious is at?

Lincoln: He's right near Bucharest, Romania, and he's hiding in the shadows of the alleys of the city.

Eli: And that's where it will be his final resting place.

Ty the Tasmanian Tiger: (Australian Accent) You got that right, mate.

Suddenly, Ty and Sly's massive Swords of The Ancient Tasmanian Tiger Clan unholstered from their backs, and Ty's massive Sword of The Ancient Tasmanian Tiger Clan and massive Destroyer of Team Dark Phoenix Storm sword were merging, and they were suddenly surrounded by a kaleidoscope of red energy, boomerangs, and the forces of fire, ice, and lightning, and Sly's massive Sword of The Ancient Tasmanian Tiger Clan and massive Sword of The Redemption Squad and massive Destroyer of Team Dark Phoenix Storm were merging, and they were surrounded by a kaleidoscope of dark energy, boomerangs, and shadows. When they emerged, their swords were transformed.

Ty's new sword was known as Tasmanian Tiger's Fangs of Justice, it's a new large sword with a 6'9" massive, wide, double-edged man-sized crimson red blade with the Tasmanian Tiger and a circle of boomerangs and the three elemental forces of Fire, Ice, and Lightning arranged in a triangle and the anti-Team Dark Phoenix Storm symbol surrounding it etched on it, large gold Tasmanian Tiger heads with open mouths with red gems for the eyes for the crossguard, large crimson red gem for the hilt, longer black handle, and four large gold Tasmanian Tiger heads with crimson red gems for the eyes and red, blue, and green gems in its open mouths.

And Sly's new sword was known as Tasmanian Tiger's Fangs of Redemption and Justice, it's a new large sword with a 6'9" massive, wide, double-edged man-sized dark grey blade with the Tasmanian Tiger and a circle of boomerangs and the symbol of darkness and the anti-Team Dark Phoenix Storm symbol surrounding it etched on it, large dark grey Tasmanian Tiger heads with open mouths with red gems for the eyes for the crossguard, large crimson red gem for the hilt, longer black handle, and four large dark grey Tasmanian Tiger heads with crimson red gems for the eyes and dark grey gems in its open mouths.

Ty the Tasmanian Tiger: (Australian Accent) Whoa! Our swords have undergone a massive change!

Sly the Tasmanian Tiger: (Australian Accent) Incredible. Now, that's what I call awesome.

Then, when Ty and Sly grabbed their new large swords, they felt something happen to them: Ty's emerald green eyes were glowing and Sly's blue eyes were glowing too, then, we saw what's about to happen to them.

Ty the Tasmanian Tiger grew from 6'10" to 7'0" in height, and then, we saw all of his large upper and lower body muscles growing abnormally massive and powerful at a very incredible rate, and it caused his long red sleeveless trenchcoat to rip, his red handkerchief fell off and his red shorts with yellow flowers had gotten shorter, and we saw that Ty the Tasmanian Tiger now has abnormally massive and powerful upper and lower body muscles and eight-pack abs, and when Shazza saw what happened, she had an atomic red blush on her face, and her nose was bleeding when she saw Ty had become an even more muscular hunk than before.

And Sly the Tasmanian Tiger grew to 7'0" in height, and then, we saw all of his upper and lower body muscles growing abnormally massive and powerful at a very incredible rate, and it caused his dark grey vest to rip apart, his tail's gotten longer, his brown long pants ripped apart and turned to shorts, and his dark grey boots remain the same, and we saw Sly the Tasmanian Tiger now has abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Ty the Tasmanian Tiger: (Australian Accent) Whoa, what on Earth happened to us?!

Sly the Tasmanian Tiger: (Australian Accent) We also underwent the same kind of physical change as soon as we grabbed our new large swords. I got to admit, I could get used to this.

Ty the Tasmanian Tiger: (Australian Accent) Same with me, but I can't help but get the feeling that we're about to face an old enemy from the past, and if it is who we think it is, then, he's one dead cassowary.

Ty the Tasmanian Tiger then snapped his fingers, and he was now dressed in a red version of He-Man 2002's loincloth, large red shorts with flames, lightning bolts, and snowflakes on the legs, and large red leather ankle-length combat boots, large red weighted bands with silver phoenixes on his massive biceps and thighs, and eight large crimson red orbs orbiting around his legs, and he had his massive Tasmanian Tiger's Fangs of Justice sword holstered on his now wider and more muscular back.

And Sly the Tasmanian Tiger snapped his fingers, and he was now dressed in a dark grey version of He-Man 2002's loincloth, large brown shorts with shadows on the legs, and large dark grey leather ankle-length combat boots, large dark grey weighted bands with silver phoenixes on his massive biceps and thighs, and eight large dark grey orbs orbiting around his legs, and he had his massive Tasmanian Tiger's Tasmanian Tiger's Fangs of Redemption and Justice holstered on his now wider and more muscular back.

Ty the Tasmanian Tiger: (Australian Accent) Alright, now we're ready to confront General Vicious.

Nico: Alright, everyone, let's head out, and put an end to General Vicious.

Laney: But why did it take this long for them to resurface?

Eli: They must've gone into hiding after we killed Mischka.

Nico: Maybe. But now they are back.

Then Madame Masque, Electrocutioner, Shiva, Absorbing Man, Brass Knuckles, Ranamon, Hank Scorpio, Rojo, 2016 Morbucks, and Dr. Destiny appeared.

Madame Masque: Can me, Electrocutioner, Shiva, Absorbing Man, Brass Knuckles, Ranamon, Hank Scorpio, Rojo, 2016 Morbucks, and Dr. Destiny go with you guys?

Nico: You all sure can. We're going after another Dragonoid. It's General Vicious.

Hank Scorpio: Oh man!

Nico: Yep.

We got ready.

Thetis: Where's Skipjack?

Live Action Rampage: He said he wanted to stay behind at the Estate in case things go south.

Nico: That's good. Lets head out!

We were off to find the next Dragonoid. And we were gonna be in for a brutal battle.

Electrocutioner: Who is it we're going to face this time?

Sena: General Vicious and he has a burnning hatred towards J.D.

Lily: Whoa! His name sounds terrifying.

Eli: What can you tell us about him?

Sena: He's not a nice guy.

She told us about him.

---

General Vicious is one of the major antagonists of Tai Chi Chasers and the former general of the current brigade of Dragonoid villains after the Tai Chi symbols alongside the Chasers. He has only used one Tai Chi symbol, the forbbiden symbol of Ghost, which drains the soul of whoever wields it.

His voice actor is Darren Dunsten in the 4kids dub.

The general has not had many important roles, other than giving orders to the Dragonoids and having conversations directly to the Dragonoid Emperor and his servant.

He took a more major role when the emperor was finally fed up with the general and his subordinates for the constant failures against the Chasers. He used a forbidden Tai Chi card, the ghost symbol, and took their main airship out with only robotic servants onboard to attack the Tigeroid airship. He lured them into a trap, baiting them with two Tai Chi symbols in one area, before sending massive waves of Dragonoid robots after them. While Donha, Tori and Finn tried to fight the robots and return to the ship, the general began to wage armageddon on their airship, charging a giant blaster in the mouth of the ship with his Tai Chi ghost symbol. The first blast missed the ship while the second shot directly hit and punctured right through the side of the ship.

But there was a heavy price with each time the blaster was used. It took time to recharge and the Ghost symbol was feeding off the life force of the general, driven insane by its influence. While charging his third and final blast, the Chasers managed to use their newly gained symbols to trick the general into firing at a hologram illusion of their ship, giving them enough time to close the distance between them and shoot down the airship with a giant collision of their Tai Chi symbols.

The general failed once again and was forced to flee as his ship exploded, possibly taking the Tai Chi ghost symbol with it. Back at their lair, the general was finally relieved of his position by the emperor and strangely transformed into something terrible by an unknown power, putting great pain on Vicious as he was heard screaming in agony with only Duran watching. After he is stripped of his rank, General Mischa takes his place, making Vicious seem pathetic in comparison with his personality and punishments towards his former men. After this he was never shown again.

---

When they were done we were shocked!

Nico: So he was stripped of his rank and went into hiding. Then we need to kill him for good.

Me: Yeah. Dragonoids are a threat to the world.

Hank Scorpio: We haven't been here in a while on the ship.

Live Action Mixmaster: So, this is your plan? No lab, No facilities? What, are you going to play Uno with us while waiting for the Dragonoids to make their move?

Live Action Scrapper: I could go for a game of Uno.

Live Action Mixmaster: (to Scrapper) You idiot! They're gonna get us all killed!

William: (sighs) Well, let's hope not.

Nico: Don't worry guys. It'll take more than Dragonoids to kill us.

Larry Koopa: Well, we might as well keep ourselves occupied while waiting for Vicious.

Nico: And I know just how to do that. Lets demonstrate our powers in the Tai Chi Characters.

Sena: Good idea Nico!

Laney: I always love doing that.

Rei: I think it would be awesome if we tried that too.

May: But first, there's a reason that we bought M&Ms earlier.

Shiva: Why's that?

May: So the mascots can find out who eats the most of them!

Live Action Mixmaster: (facepalms) They're gonna get us all killed.

Nico: Mixmaster the mascots will NOT get us all killed. I assure you we are stronger than we all look. We are more than just human beings. We're gods among man.

Me: It's true. We've done so much good all over the universe and the multiverse.

Live Action Overload: Wow.

Live Action Mixmaster: Well, can you really blame me after how the Megatron of our world led us to our deaths?

Thundercracker: Oh, I know the feeling.

Nico: Yeah. Many of the Decepticons in our universe know that feeling. That's why I am leading them on the road to redemption. The war may be over but I am now the leader and leading them to redemption.

Laney: It's true.

Armada Starscream: Lots of Transformers were lead to death because of many versions of Megatron that we know.

Lana: It's true.

Nico: Yep. Anyway lets get to demonstrating the powers of the Tai Chi Characters. You'll get a thrill out of this. We all do.

Electrocutioner: Can the mascots have the M&M eating contest in the meantime?

Nico: Yes they can.

We got into the gym of the ship and we had training dummies set up.

Nico: Okay Rei how about you go first?

Rei Miyamoto: Gladly. Watch this one. DECAY! 朽

She fired a beam of energy and it hit a dummy in the shape of McDaggett and he decayed into a skeleton and was destroyed.

Nico: WHOA! Awesome!

Saya Takagi: Here's a good one. COMET! 彗

She fired a ball of stars and fire and it hit a statue in the shape of the Digimon Emperor and exploded!

MASSIVE EXPLOSION!

Nico: WHOA!

Eli: AWESOME!

Live Action Mixmaster: Wow that was amazing.

Roscoe: Can me and Desoto have some M&Ms too?

Desoto: Can't let the mascots hog all of them.

Nico: Dogs can't eat chocolate you two.

Fluttershy: He's right on that.

Roscoe: Oh right.

Desoto: Darn! We forgot that chocolate is poisonous to dogs.

Fluttershy: Um may I try one shot?

Nico: Go for it Fluttershy.

Fluttershy went over.

Fluttershy: LEAF! 葉

She fired a vortex of leaves and it hit a statue that looked like the Void Knight and shredded it into ribbons.

Lincoln: WHOA!

Clyde: Nice one Fluttershy!

Fluttershy: Oh thank you.

Rarity: I think I'll give it a shot darlings. JEWEL! 玉

Rarity fired a stream of jewels and they hit a statue in the shape of

Evil Cozy Glow and smashed it into dust.

Nico: AWESOME!

Laney: I got one. SHOT! 射

She fired a beam of energy and it hit a statue in the shape of Billy McLean and blew it to splinters!

Joey: (British Accent) That was amazing!

Laney: Thanks Joey.

2016 Morbucks: (to the mascots) Okay. On your mark. Get set. EAT!

They got to eating.

Eli: Try this one. BURN! 燃

He fired a massive blast of fire and it incinerated a bunch of statues that looked like the Z-Fighters most evil enemies.

Sora: COOL!

Kairi: Awesome! How about this one? SHRINK! 縮

Kairi fired a beam of energy and it shrunk a statue that looked like Xehanort to the size of an action figure and she jumped and crushed it with a powerful stomp.

Kira Ford: That was awesome!

Carly Atlas: How about this for me? HUMMINGBIRD! 蜂鳥

She sprouted Hummingbird Wings and flew at a statue that looked like Sayer and she kicked it and smashed it into sawdust!

Jack Atlas: Wow! Well done Carly!

Nico: That was great!

Heckyl: So, who's eating the most M&Ms right now?

Poromon: It's me!

Poliwag was half way done with his pile. Poromon was almost done with his. Jirachi, Manaphy, Horsea, Tentacool, Ninetales, Eevee and Spike the Dragon were eating and eating.

Nico: Wait Spike is a Mascot?

Twilight Sparkle: Well I did hatch him from an egg for my entrance exam.

Nico: Ah. Good point.

The Mascots were eating like mad.

Dr. Destiny: Damn! Look at them go!

Anakin: They sure eat a lot huh?

Adagio Dazzle: I have one.

Me: Go for it Adagio.

Adagio Dazzle: SONG! 歌

She sang her song and it made numerous statues fight and we got a massive power boost from the negative energy.

Me: Whoa! I didn't know that statues can give us a Negative Energy Power Boost.

Nico: Wow! You learn something new every day.

Aria Blaze: I got one. EARTHQUAKE! 震

Aria punched the floor and sent a massive wave of earth and it smashed into a bunch of statues that looked like the evil duelists Yugi and friends faced and smashed them into sawdust.

Nico: AWESOME!

Lana: YEAH!

Ruckus: Are they done eating yet?

The Mascots belched.

Nico: That answer your question?

Live Action Scavenger: Little guys sure have a huge appetite.

Sunset Shimmer: Poromon finished first so he wins!

Poromon: ALL RIGHT!

Jirachi: But that was awesome.

Laney: Yep.

Rainbow Dash: Maybe I can give it a shot. RAINBOW! 虹

She fired a beam of Rainbow light and it hit a statue that looked like disgraced former Wonderbolt Wind Rider and blew it apart!

Rainbow Dash: AWESOME!

Ruckus: Wow that was cool!

Ranamon: (to Poromon) You all full, sugah?

Poromon: Oh yes I sure am. (LOUD BELCH!)

Nico: He sure is.

Manaphy: Poromon always had that big of a sweet tooth.

Nico: Thank goodness he doesn't have any teeth or he would have to go to the dentist. Right Rita?

Rita: You said it Nico.

Rita Fox: Yeah. May I try my hand at a Tai Chi Power?

Nico: Go for it Rita.

Rita Fox went over.

Rita Fox: RAGE! 怒

She fired a red beam of energy and it hit a statue that looked like Chase Young and blew him to dust!

Nico: AWESOME! Nice job Rita.

Rita Fox: I've always been a very quick learner.

Dr. Ghastly: Nico, which Gene Slammer do you think you'll meet on your next rescue?

Nico: Well this will be crazy. But I'm hoping to meet a Celestialsapien Gene-Slammer next.

We gasped.

Ben: An Alien X Gene-Slammer?!

Gwen T.: That would be the most powerful one of them all!

Laney: Wow! That would be amazing!

Me: It sure would be awesome.

Nicole: Yeah! A Gene-Slammer with omnipotent power like that would be amazing.

Me: So someone with knowledge of the stars and planets should go with you.

Nico: Okay.

Brass Knuckles: How about I try a card?

Nico: Go for it.

Brass Knuckles went over.

Brass Knuckles: STEEL! 鋼

He fired a beam of energy and it turned a statue in the shape of Anti-Cosmo into solid metal!

Nico: AWESOME!

Me: Hmm. Let me try one.

I went over.

Me: This one is golden. GOLD! 金

I fired a beam of yellow energy and it hit a statue of Queen Chrysalis and it turned it into 24K Solid Gold!

Nico: WHOA! That was amazing!

Lola: That was awesome!

Me: That was a GOLDEN Work. (Laughs)

Everyone laughed.

Luan: (Laughs) Good one J.D.!

Lynn Sr.: (Laughs) Good one!

Eddy: (Laughs) That was a good one!

Me: Lets see how you like this one. DIAMOND! 剛

I fired a beam of rainbow energy and it hit a statue in the shape of Tirek and it turned it into SOLID BEAUTIFUL DIAMOND!

Rarity: Oh my! That is amazing!

Me: Very Dazzling. (Laughs)

Everyone laughed again.

Eddy: (Laughs) That was a good one!

Rotwood: Odd. Vicious hasn't made a move at all while we've been training.

Nico: He's waiting for us.

Me: I sense him though.

Eli: We're over Ireland. He's here.

Nico: Then without a doubt he's gonna come to us. Lets land and head on out.

We agreed. We landed and we arrived in Castlewellan Forest Park.

Nico: Wow Castlewellan Forest Park.

Me: I remember this forest. While we're here I want to show you all something.

Nico: What is it?

Me: Follow me.

Everyone followed me and we arrived at the castle of The Fairies.

Nico: WHOA!

Eli: Wow! What a castle!

Me: This is the Castle of The Fairies. Last time I was here was when I was 3. I told you all about it when we saw Count Grogan again in the Moonlands.

Nico: I remember.

Princess Jessica and Mickey came.

Princess Jessica: (British Accent) Wow J.D. is that really you?

Me: It sure is Jessica. Its been a long time. About 16 years. And you and Mickey are doing well.

Mickey Muldoon: (Irish Accent) We sure are. Wow you sure have grown J.D.

Me: I know. I was just a little guy when we first met.

Nico: Wow it's an honor to meet you both. My name is Nico Chan and this is the team.

Everyone waved.

Me: A lot has happened since we first saw each other.

Absorbing Man: Let me absorb something for the battle.

Nico: Plenty of trees all over.

Absorbing Man: Thanks.

Me: Its great to see you again Mickey and you too Jessica. Things have been really busy for me and all of us.

Nico: They sure have.

Princess Jessica: We sure can tell. We got word that Count Grogan is now in your frenemies.

Nico: He sure is.

Edyn: He's now my archenemy.

Mickey Muldoon: Wow.

Me: We got to get ready to face a dangerous man. His name is General Vicious.

Princess Jessica: He's right around the castle area and all our soldiers are on guard.

Me: Thanks for telling us. Now we can be ready.

Nico: Yep. Lets get ready everyone.

We got ready and we went to a clearing and we saw him.

Burner Man: Time for our entrance!

Nico: Lets do it!

We went at him.

General Vicious was seething in rage and fury and then the spirits of the elements of technology swirled around him and smashed him all over and then they converged and then…

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above him and a phoenix cry was heard and we came out and we were facing GENERAL VICIOUS!

Nico: General Vicious it's time for you to die!

Me: And you will join your fallen comrades in oblivion!

He was enraged when he heard that.

Vicious: I HATE YOU MORE THAN LIFE ITSELF J.D.! I WILL KILL YOU! I HATE YOU!

My aura flared up with incredible intensity!

Me: What's wrong? Mad that I killed your buddies?

Vicious: Don't flatter yourself. I know that J.D. was the one that did that.

Rojo: Does it matter?! Nico's still leader now!

Vicious: DOESN'T MATTER! I WILL KILL YOU J.D.! I HATE YOU!

My aura flared up more!

Me: You can hate me all you want but all you're doing is making me more powerful.

Vicious then came at me and then he punched at me and I grabbed his fist and then kneed him in the face and then punched him in his stomach with incredible speed with a massive flurry of punched that hit him all over and then kicked him in the face and smashed him into the ground.

Me: Plenty more where that came from.

Nico: Nice one.

Then Dark Spicer, SkullMeramon, Killer Croc, Katnappe, Mirror Master, Man Ray, Roxy Rocket, Dumbbelltron, Gameface, and Pyros appeared.

Nico: Dark Spicer, SkullMeramon, Killer Croc, Katnappe, Mirror Master, Man Ray, Roxy Rocket, Dumbbelltron, Gameface, and Pyros.

Me: Guys these two are my friends from 16 years ago. I helped them end the war with the Leprechauns and the Fairies back when I was three.

SkullMeramon: (to Princess Jessica and Mickey) It really is nice to meet you.

Princess Jessica: Likewise.

Killer Croc: Looks like we got here just in time.

Nico: You sure did.

Katnappe: (to Nico) We heard you blew up OCP HQ.

Nico: Yep.

Mirror Master: Hopefully, we've seen the last of it.

Nico: Oh don't worry we sure have.

Dark Spicer: (to Rita Fox) Here's your warning: Your ass is about to be kicked!

Rita Fox: Not if I kick yours first!

Nico: That's his catchphrase Rita.

Rita Fox: Oh. I like it.

?: I do too.

Then a figure came out and it was FANDAHO OF NONSENSE from episode 8 of Goseiger!

Fandaho comes to Earth on his own, to make an impression on Great King Mons Drake by causing chaos on the streets, causing chaos to machines; while none of the Warstar generals instructed him to go, Mons Drake let him remain to see what happens. When he uses his power on the Goseiger, his electric shock strikes Alata, making his Gosei Powers go haywire preventing him from invoking anything that he wishes to with Gosei Cards and likewise causing problems where he becomes stuck in his Goseiger suit for a long time. He fled using super speed when his power had seemingly no affect and Agri fired on him with his Gosei Blaster. Due to this ability and what happens to Gosei Red, Buredoran begins to become interested in him and decides to take Fadaho under his wing to further use him for his own plans.

Alata tries to work down his Gosei Power by multiple invocations, but his powers become more chaotic with each one, further made troublesome with Fandaho and Buredoran working together. The other Goseiger trick Fandaho in revealing his weakness, but Buredoran prevents them from striking him and uses his Bibi Bugs to grow the Warstar Insect to prevent it from being destroyed so easily. Yet as Alata becomes nearly out of Gosei Power to even summon a Headder, he tries a last-ditch option in drawing a Dragon Headder with poor art skills and in four colors which are not associated with Dragon Headder. Miraculously, the drawing ends up summoning a special set of Headders: the Exotic Headders, four multi-colored Dragon Headders which destroy Fandaho's towers and restores Alata's abilities. Transforming and gathering the means to control Gosei Great, the Goseiger use the four Exotic Headders to become Exotic Gosei Great, which easily destroy the Warstar Insect with the Ecotic Strike.

Eli: Fanhado of Nonsense! I remember you! You were sent to cause chaos with your machines and your lightning caused the Goseiger's Gosei powers to go haywire and out of whack!

Fanhado of Nonsense: That's right Eli. You have a sharp memory.

Eli: Comes in handy for the Unadapted monsters not for America.

Nico: Yep.

Maria: The way your electricity disrupts the brain is very interesting.

Fandaho of Nonsense: I know! Too bad I wasn't featured in America.

Me: Yeah what a ripoff!

Laney: Darn shame too.

Nico: You would have had an awesome episode too.

Fandaho of Nonsense: That would have been awesome.

Dark Spicer: We have tons of new recruits.

A bunch of figures came out and they were BOBO THE VULTURE, QUADRA ORG from episode 16 of Wild Force, Jonny 2X4's Evil Villain counterpart THE GOURD, CRAB NEZILAR from Megaranger VS Carranger, MOLTOR from Operation Overdrive, MOLTAR, Justine Hammer A.K.A. CRIMSON COWL, Clone of the Akuma COPYCAT, WICKED LADY and SARAWARETEIRU OF THE FAIRY from episode 25 of Goseiger!

## Wicked Lady

Black Lady, or Wicked Lady, is the evil adult version of Chibiusa Tsukino that was created after Wiseman used the Malefic Black Crystal to corrupt her.

She was voiced by Misato Fukuen in Japanese and Liz Brown and Sandy Fox in English.

## Biography

### Manga - Black Moon arc

In the manga, Chibiusa goes to the Door of Space-Time after remembering how everyone in Crystal Tokyo had teased her and how she met Sailor Pluto. However, she sees that Pluto is happy and thinks that no one needs her anymore. She tries to return to the 20th Century but unknowingly drops the key in the process and as it is needed to travel through time, they can't be seen or heard from if they are warped into the hole.

Chibiusa remembers the key and Wiseman appears, pretending to be her ally and comforting her by saying that he needs her. He takes her hand and Chibiusa complies before a space-time storm occurs. Pluto knows that Chibiusa has caused this as a result.

Later on in the arc, an adult who strongly resembles Chibiusa appears by Wiseman as a shadow. She introduces herself as Black Lady during the beginning of Act 24. She quickly discards Luna-P and regards it as a foolish toy before she attacks the sailor guardians, hypnotising Tuxedo Mask in the process.

Sailor Pluto arrives to assist Sailor Moon in stopping Prince Demande from bringing both the past and future Silver Crystals together into contact as it would have destroyed everything. She manages to stop time but she dies as a result. Black Lady sees this and mourns her death, realising that she is loved and cared for. The Evil Black Crystal breaks and triggers her transformation into Sailor Chibi Moon.

### 1990s Anime

Due to this, Rini became the perfect person to be absorbed by the Dark Crystal and she became the

Wicked Lady.

Luna-P had also been transformed into one of Wiseman's minions as well and when Black Lady touches it, the moon crescent turns into the one used by the Negamoon Family. It becomes uses to fight against the sailor guardians.

After a few failed attempts to get Black Lady to revert back to Rini, Sailor Moon used the Silver Crystal to transform into Neo-Queen Serenity, reminding her that she was always loved and remembered by them. ## Moltor (Operation Overdrive)

**Moltor** is one of the two main antagonists of *Power Rangers: Operation Overdrive* (along with his brother Flurious) is an evil warrior, fire based creature, who wants to find Corona Aurora, to destroy the Power Rangers and beat his brother.

When they were once humans, Moltor and his brother, Flurious, tried to obtain the Corona Aurora, but he was transformed into a fiery, dragon-like being. He was then imprisoned in a distant planet, only to be freed when Andrew Hartford discovered the Corona

Aurora. Moltor set out to obtain the jewels of the Corona Aurora, before Flurious could, whom he held a grudge against. He attacked Andrew Hartford to try and get the crown, setting off a volcano after getting what he thought was the crown. It was actually a clever fake, but Moltor captured Andrew and the real crown and tried to make the explorer help him get the jewels. However the rangers arrived and saved Andrew, destroying a monster Moltor sent against them. Flurious confronted the fire being, demanding the crown, and they fought, ending in a tie and agreed to be enemies.

At one point, Moltor tried to gain his brother's respect by creating a device to control weather. However Moltor lost control of it, leaving the Power Rangers to destroy it and Flurious mocked him for his failure. After this, the fire being transformed one of his Lava Lizards into a half-dragon monster named Volcan. In order to make him invincible, Moltor went after a dragon scale that the rangers were also trying to get. After a fight with the Rangers, he got the scale and planned to use intense heat to completely empower Volcan. However the rangers interfered and took the scale, destroying Volcan with their new Drill Blaster Weapon.

Later Moltor received a proposal from his brother to join forces since now Kamdor and Miratrix were also looking for the Corona Aurora's jewels. Using two giant robots Moltor was constructing, he and Flurious were able to take down the Rangers and disable their Megazord.

They managed to take Mack, the Red Ranger, prisoner, but he was able to play on their hatred towards each other to make Moltor and Flurious enemies again. He managed to escape with the Megazord and with the other rangers help, destroy Moltor's robots. After this, when Miratrix and Kamdor obtained a parchment that led to the Toru diamond, one of the jewels of the Corona Aurora, Moltor sent a monster to take care of them.

They managed to bury the monster in a cave and then created monsters of their own, as well as brainwash stunt actors to become their army. Moltor engaged them with his own forces, but the rangers joined the fight and Dax brought in the Transtek Armor. The fire-being and Kamdor teamed up temporarily to fight the armor, but both lost and retreated, with the parchment falling into the ranger's hands.

So as to get the parchment back, Moltor sent Tyzonn, a good alien who he'd turned into a monster, promising to change him back if he served him, to get it back, along with the monster, Bullox. However in the struggle, the most important piece was torn off and ended up in Mack's hands. Moltor sent the two to get the piece, but Tyzonn was convinced to turn against the fire being. He told his former master he wouldn't help him anymore and eventually helped the rangers get the diamond with the rangers restoring him to normal. Later the Lava Lizards retrieved a map to Thor's hammer, Mjolnir, for Moltor from a museum in Norway, but the rangers arrived at the rainforest he met up with them in.

The fire being managed to defeat them and returned to his lair to find Norg, who had left Flurious after the ice being had gotten mad at him. The yeti gave Moltor Chiller stones to let him stay and he commanded Norg to clean his lair, before going to find Mjolnir. After the Rangers arrived, he released the Chillers against them and continued searching for the hammer. Tyzonn and Will caught up with him and Moltor released more Chillers to fight them. Tyzonn went after him and managed to get Mjolnir first, prompting the fire being to engage him and succeeded in taking the hammer. When all the rangers caught up with him and defeated his Lava Lizards, Moltor used Mjolnir to ressurect three Lava Lizards in giant size, more than twice the size of the Drivemax Ultrazord. Tyzonn managed to get the hammer from him and grow the Drivemax Ultrazord to match the Lava Lizards. After his Lizards were defeated, Moltor returned to his fortress, before kicking Norg out for the failure of the Chillers. Later, the rangers were trying to break open the rock that held the next jewel of the Corona Aurora with help from "Thor" (actually Loki in disguise).

Moltor attacked with his Lava Lizards, but the real Thor appeared and the fire being retreated. But after the rangers broke open the stone to find it contained a powerful compass, the Piedra Aztec del Compás, instead, Moltor reappeared and stole it, before teleporting away. His old friend, Blothgaar, arrived and the fire being commanded him to use the compass on the rangers. He succeeded in giving Mack excessive bad luck with the compass and Moltor brought Blothgaar to a suppository of energy to help finish the rangers. The rangers arrived to confront them with Mack bearing numerous good-luck charms from his friends, much to Moltor and Blothgaar's amusement. They didn't help at first and the fire being left while Blothgaar and some Lava Lizards fought the rangers. The rangers emerged victorious due to Mack using the good luck charms, taking the compass, but Moltor returned with an army of Lava Lizards. While Tyzonn battled his minions in the Transtek armor, the fire being fought the rangers himself, eventually retreating. Moltor helped Blothgaar into the energy suppository, growing him to giant size only for the monster to finally be destroyed.

Moltor later contacted the Fearcats and offered them invincible armor, in exchange for defeating the Power Rangers. He gave them a map to the armor, but they weren't interested and mobilized a new giant robot. After their robot failed due to being unable to handle the power, the Fearcats decided to go after the armor. Despite the rangers' interference, they equipped it to the robot, but the rangers still defeated them and took the armor, much to Moltor's disappointment and anger. Soon after this, Moltor, along with Flurious, Kamdor, Miratrix, and the Fearcats, was called to a meeting by Thrax. He proposed a temporary alliance between them all to destroy their mutual enemies, the Power Rangers. They agreed, since it would leave Earth open for them to plunder for the jewels of the Corona Aurora. Moltor and the rest of the alliance faced off against the rangers and devastated them in the battle, then combined their energies to cut off the team's link to the Morphing Grid, leaving them unable to morph. After the Sentinel Knight teleported the rangers away, Moltor and the others set off to find the Crown's jewels. However the Sentinel Knight restored the powers of some previous rangers, who battled the evil alliance in place of the Overdrive Rangers. Moltor and the others talked about the fact that Thrax hadn't kept his promise to get rid of the Power Rangers and were getting suspicious of him. Finally Moltor and the rest of the evil alliance faced off against the Power Rangers in one final battle. However they proved unable to win against two Ranger teams and with Thrax' destruction, were defeated by one final blast from the group, before severing their ties.

Some time after this, Moltor was working on another robot that was powered by one of Flurious' gyro generators, which he got from the Fearcats. However it didn't work and he confronted them about this, but they said they'd kept their part of the deal and told him to find another way. Moltor and the Fearcats attacked the city, luring the rangers into a trap, and successfully captured Ronny and Will, as well as the Sentinel Sword. The Fearcats got angry about taking Will, saying he could be a liability and Moltor agreed to destroy him. Will and Ronny managed to escape their bonds, but the Fearcats recaptured Ronny, who'd stayed to give Will a chance to escape. The Fearcats brought her to the energy harnessing device and Moltor plugged the Sentinel Sword into a converter that would turn the Sentinel Knight evil or destroy him. Moltor activated the device and started draining Ronny's energy, eventually gaining enough for his robot. He got in a brief fight with the Fearcats when he left to activate his robot before Ronny was completely drained. Moltor faced off against the Rangers' Zords with help from a now evil Sentinel Knight and a fleet of his Lavadactyls. He managed to devastate them, even blasting the Drivemax Ultrazord into its individual zords. However the rangers struck back with their new Battlefleet zords and suddenly Moltor's robot ran out of energy, forcing him to retreat. He began draining more energy, telling the Fearcats the energy draining machine worked too slowly. However Moltor noticed Will and Norg approaching on a monitor and sent Lava Lizards to attack them.

Will managed to fight them off and infiltrate Motlor's fortress, only to be confronted by the fire being himself. They fought and Will won with use of his Drive Slammer, then freed Ronny and Moltor used what energy he'd gathered to mobilize his robot. The rangers used the Battlefleet Megazord to fight him and managed to destroy his robot, forcing Moltor and the Fearcats to retreat. Moltor later retrieved the Root of Hesper to keep it out of the hands of the Fearcats, but was confronted by Ronny and Mack. He and his Lava Lizards engaged them and Moltor was eventually defeated by the sudden arrival of Dax. The Fearcats arrived, taking the root and taunting the fire being, as well as the other villains who'd gotten other relics the cats were after, but had lost them to the aliens.

They watched as the Fearcats summoned the being, Agrios, then defeated the rangers, trashing the Rangers' Zords. Moltor and the others watched Mack in the Flashpoint Megazord have a rematch with Agrios, angered that the Fearcats would make them their servants when they won. But when the Fearcats lost, Moltor contacted Flurious, saying out he would claim the gems, only for the ice being to demand that his brother join him, but he refused.

Moltor was watching the Rangers as they discovered the location of the last Corona Aurora jewel and that they needed a key to get to it. However his volcano fortress began growing unstable, Flurious' doing with use of the Corona Aurora jewel in his possession.

Moltor pursued the rangers to Japan and confronted them with the monster, Magmador. They fought and the fire being almost managed to get the key, but it burrowed underground, forcing Moltor to try and find it again. Magmador used his tentacles to search for the key and brought his master to where it would appear, but the rangers arrived. Another fight ensued and the rangers destroyed Magmador but he revived in giant form and was engaged by the Sentinel Knight. While his monster fought the Sentinel Knight and Tyzonn in the Flashpoint Megazord, Moltor battled the other rangers. Magmador was destroyed, just as the key appeared, but before the fire being could get it, Will took it. After being badly weakened by an attack by Will, Moltor retreated to his crumbling lair and marshaled his Lava Lizards for a final attempt to get the jewel. Suddenly Will arrived to take the crown and the fire being and his Laca Lizards engaged him as the volcano started to erupt. Moltor was stuck down as the volcano exploded, but escaped and went to Flurious with the crown and Vella, Tyzonn's fiancé. At first his brother treated him kindly, but then he simply froze Moltor, then shattered him to pieces.

Moltar

Moltar is one of the main antagonists of the Space Ghostfranchise. He was one of Space Ghost's greatest villains. He later became one of his co-hosts on his talk show Space Ghost: Coast to Coast. Moltar was also briefly the host of Toonami, before he handed the role over to his friend TOM.

He was voiced by the late Ted Cassidy in the 60s series, and the late C. Martin Croker in Space Ghost: Coast to Coast, who also played Zorak.

Moltar was a brilliant scientist who made a base on the uninhabited molten planet Moltor. There, he created powerful "Magma Men" who were giant and could easily destroy entire armies on their own. He planned to conquer the galaxy with them, but was thwarted by Space Ghost. Space Ghost destroyed his planet, but Moltar escaped.

Moltar later joined the Council of Doom and aided in the attempted assassination of Space Ghost and his teenage sidekicks. He was almost successful, briefly banishing Space Ghost to another planet while he prepared to execute the twins. But Space Ghost managed to escape with the help of the Herculoids and returned to defeat Moltar.

Moltar was one of the villains present when Space Ghost and his friends assaulted the Council of Doom's headquarters and was left for dead when the HQ collapsed. However, it is likely that he and his cohorts survived, merely dispersing until they could rebuild their forces and attack Space Ghost once again.

In his first appearance, he wears a yellow suit with white gloves, boots, and a belt. In his later appearances, his color scheme is changed to the more recognizable one.

## Justine Hammer A.K.A. Crimson Cowl

Justine Hammer, also known as the Crimson Cowl, is an antagonist from Marvel Comics. Her usual guise is that of a hooded individual in red with glowing yellow eyes and she is mostly known as a villain towards the Thunderbolts (themselves made out of semi-reformed villains). She is also one of the leaders of the Masters of Evil and a recurring enemy to Iron Man and Big Hero 6.

### History

Not much known about her past, except that she is the daughter of another criminal Justin Hammer. Her father forced her so much in the past to earn the right to be a member of the elites. Witch escalated in Justine becoming the villainess Crimson Cowl. She also re-created the Masters of Evil, so she could gather power.

Once Thunderbolts found out about Crimson's re-creating of Masters of Evil, who were all former members of the Masters of Evil, they instantly wanted to confront the usurpers. Justine sends her team to a HYDRA, who is trying to take charge of the New York underground.

The team was sent to confiscate the warehouse from a mob boss, which would never agree on the new leadership. Once Thunderbolts appeared, Justin quickly realized that their plan is impossible, using her teleportation skills to teleport her team to a safe location. Their next goal is to provide high tech weapons which would make HYDRA's soldiers stronger. Thunderbolts found out about the goal, making them attack her team but this time Justine fought against Thunderbolts.

They lost the battle against Thunderbolts, making Justine teleporting her team again. After the battle, Justine created her own base, known as Factor 3 facility, witch others used in the past, witch Justine re-made. She kept the base as a private information, not spreading the message about it, keeping it totally secretly. Thunderbolts found out that the team is actually a bunch of criminals, Justine quickly sent a member of her team to attack them, and lure them into a meeting, which was a success.

She offered them to unite together as one. Justine decided if they don't accept her offer, she will tell all their enemies their location, to attack them and totally demolish them. Justine let the Thunderbolts decide about the offer. Thunderbolts continued being heroes, but they had to decide to unite or go down hard. At that time Justine's team was stealing money, printing plates, ink, paper and destroying records. Thunderbolts denied the offer and attacked them again, witch Justine took disappointingly. Justine wanted to teleport her team to safety, but her teleporter wasn't working. So she ordered her team to kill and get rid of all of the Thunderbolts, while she was trying to fix the teleporter.

As they did not demolish all Thunderbolts, Hawkeye started leading them, making a plan of destroying Justine's team. Eventually, Justine attacked a city, which was a trap for Thunderbolts. She activated a weather device, releasing hurricanes over the town. While Thunderbolts we're saving the victims, new Citizen V tried turning off the device, as he falls into her trap.

Justine then expanded her team, creating it the largest as it ever was. The weather expanded causing destruction all over the world, as she said she will turn it off if she gets a trillion dollars. Thunderbolts also recruited some of her members. Eventually, she teleported away, while leaving Dallas Riordan as a copy of her Crimson Cowl to take all the blame in the aftermath of the chaos.

Shanan: Bobo the Vulture!

Cole: Quadra Org!

Nico: Jonny 2X4's Supervillain Alter-Ego The Gourd!

Eli: Crab Nezilar and Sarawareteiru of the Fairy!

Sailor Moon: Wicked Lady!

Marinette: Copycat!

Mack Hartford: Moltor!

Space Ghost: Moltar!

Me: And Justine Hammer A.K.A. Crimson Cowl!

Eli: I remember Crab Nezilar and Sarawareteiru! Crab Nezilar teamed up with the Electric Kingdom to get the wishing shell to destroy the Megarangers and Carrangers.

Me: They were the Japanese Versions of the Turbo and In Space Rangers.

Eli: Yep and Sarawareteiru you were sent to destroy the Goseiger's with their new Miracle Headder upgrades by taking advantage of Moune's homesick feelings by impersonating her mother.

Crab Nezilar: That's right!

Sarawareteiru: Good memory Eli.

Me: And Quadra Org I remember you all too well! You were an amalgamation of the Elephant, Giraffe, Black Bear and Polar Bear Zords and you easily overwhelmed the other Rangers. But Merrick got the drop on you and made his full time debut as the Lunar Wolf Ranger.

Quadra Org: That's right. Good memory J.D.

Me: Yep. And Moltor how can I forget you. You're looking good even after our previous battle we had.

Moltor: Indeed. Thank goodness I get one of you as my archenemy.

Nico: As long as it's not Flurious we're okay with this.

Me: Yep. The reason you two hated each other was because you represented fire and he represented ice. 2 elements that don't mix and it's one of the oldest battles that's been around ever since the beginning of time and as old as the universe itself: Fire VS Ice.

Moltor: That's right. And you are right on that.

Nico: Yep. And Moltar you're another one of the iconic awesome enemies of Space Ghost.

Moltar: That's right.

Nico: So awesome. And Copycat how can I forget about you?

Me: He blasted me with a Cataclysm blast and sent me crashing into a building.

Copycat: That's right.

Me: And Justine Hammer you were one of the leaders of the Original Masters of Evil.

Crimson Cowl: That's right. And it feels great to be back in action but in a whole new Masters of Evil.

Me: It sure does. (To The Gourd) What could have caused you to become like this?

Nico: Wait! I think I know what it was. The Vengeance Express!

The Gourd: That's right! I was betrayed by everyone.

[Suddenly, a bus honks as it pulls in. It parks by a truck, and the doors swing open. Jimmy cowers while everyone else looks at it, confused. A voice speaks from it, and the Eds start in fear.]

Captain Melonhead: "The time of reckoning is now, rapscallions!"

[Two masked figures leap from the bus and rush towards Eddy.]

Captain Melonhead: "It's Melon Time!"

Eddy: "WHERE'D HE COME FROM? Jonny! No! Wait!"

[Splinter grabs the Eds and tosses them in the air. They land on top of one another, and Captain Melonhead leaps on top of the pile of Eds.]

Captain Melonhead: "No thanks are necessary, citizens." [He grins proudly.]

Sarah: "You idiot! Leave our friends alone!" [She attacks him.]

Kevin: "Back off, melon dweeb!" [He joins in the attack.]

Rolf: "Leave some produce for Rolf!" [He and Nazz leaps into the fray. Jimmy helps the Eds up, and the fight concludes.]

Kevin: [wiping his hands] "Sorry about that. Say, let's go to my place! Jawbreakers are on me!"

[The kids cheer, and the Eds grin.]

Jimmy: "Party at Kevin's, yay!"

Eddy: "We did it, Double D! Everyone loves us! We're finally in, baby!"

Edd: "And it only took 130 episodes, 4 specials, and a movie, Eddy."

Ed: "Let's sing a song!"

FLASHBACK ENDS

The Gourd: I was left there and mangled up and left for dead. But I came back.

FLASHBACK 2

The sun rises on a bright new day in the cul-de-sac. In the lane, a familiar red hedge rises. Beneath it is a periscope. When we follow it, we find it leads down into the earth into the Melon Cave. Captain Melonhead cackles evilly, his costume in tatters.]

Captain Melonhead: [crazy] "This is your craazzyest plan ever, Plank! We'll show them!" [He spins Plank's chair around.] "WE'LL SHOW THEM ALL! What's that?"

Splinter the Wonderwood:

Captain Melonhead: [leaning towards his sidekick] "They did, didn't they?" [He grins insanely.]"Yeeeaahhh…" [serious] "The goody-goody-two-shoe days of Captain Melonhead and Splinter have come to an end!" [He rushes into the darkness in the back of the cave. When he arrives, he has on a new cape.]"And out of the darkness will rise the villainous days of the Gourd!" [He plops a gourd on his head.]

The Gourd: "And his evil cohort, Timber, the Dark Shard!" [He swishes his cape dramatically.] "Together, we will exact revenge, on the entire cul. De. Sac!"

[The Gourd spins around evilly, laughing insanely.]

FLASHBACK 2 ENDS

We gasped in shock!

Me: That is nuts!

Jonny 2X4: I can't believe I would become this way if the Vengeance Express ended that way!

Me: But it had a completely different outcome than what you went through.

Laney: No kidding.

Dark Spicer: Now lets see you like this.

Dark turned into Hot Burn!

Leo Corbett: Isn't Hot Burn the first one you showed us.

Hot Burn: Yep. Good times, huh? (fires blast of fire at Leo)

Leo sent the fire back and it hit him and smashed him down.

Then Dark turned into Menace Arms!

Nora: Menace Arms! Another classic!

Menace Arms: What can I say? I'm feeling nostalgic. (Throws some punches at Nora)

She dodged them all and smashed him down with a powerful punch.

We then got the usual battles underway.

Eddy: You got that right!

Dark Spicer: Yeah. Lets do it!

They fired waves of magic and energy and smashed him down.

?: I will have my revenge on all of you for foiling my plans for world domination!

Ty the Tasmanian Tiger: (Australian Accent) I knew there's no mistaking that voice from anywhere. You can come out now, Boss Cass.

Sly the Tasmanian Tiger: (Australian Accent) You too, Professor Karlos.

Two figures came out, the first figure was Professor Karlos, Julius' mad scientist uncle, and the other was none other than our old enemy, Boss Cass, who's returned from the dead seeking revenge on us.

Me: Boss Cass, I should've known you'd come back from the dead.

Sly the Tasmanian Tiger: (Australian Accent) And because of the gems on your Bracelets of The Champions of The Universe glowing, it also meant one thing: Boss Cass was brought back by a Dark Orb, a Dark Orb Karlos had in his possession.

We gasped in shock.

Professor Karlos: That's right, and now, I will have my revenge on all of you for ruining Boss Cass' dreams of world domination.

Boss Cass: And I'll also have my revenge on you two Tasmanian Tigers for ruining everything for me!

Sly the Tasmanian Tiger: (Australian Accent) I think not, Boss Cass, this will be the last time that we deal with you.

Ty the Tasmanian Tiger: (Australian Accent) And for bringing Boss Cass back from the dead, Professor Karlos, you will pay for what you've done.

Suddenly, Sly the Tasmanian Tiger's blue eyes turned neon blue, and he was surrounded by a dark grey energy aura with shadows, Tasmanian Tigers, and boomerangs, he unholstered his massive Tasmanian Tiger's Tasmanian Tiger's Fangs of Redemption and Justice from his now wider and more muscular back, and as he approached Boss Cass, he left grey energy, Tasmanian Tigers, shadows, and boomerangs with every step.

Suddenly, Ty the Tasmanian Tiger's emerald green eyes had turned neon emerald green, and he was surrounded by a crimson red energy aura with fire, ice, lightning, Tasmanian Tigers, and boomerangs, he unholstered his massive Tasmanian Tiger's Fangs of Justice sword from his now wider and more muscular back, and as he approached Professor Karlos, he left crimson red energy, fire, ice, lightning, Tasmanian Tigers, and boomerangs with every step.

Sly the Tasmanian Tiger: (Australian Accent) Boss Cass, I will never forgive you for what you've done in antagonizing my friends and family.

Ty the Tasmanian Tiger: (Australian Accent) And I'll never forgive you in assisting Boss Cass with his plans, Professor Karlos, and all because of your jealousy towards your own nephew, Julius. That just makes me sick.

Sly and Ty the Tasmanian Tiger: (Australian Accent) And for your crimes, you will both be sentenced to death by our hands, and you both will be banished to Oblivion forever.

Suddenly, Sly the Tasmanian Tiger was surrounded by a massive vortex of dark grey energy with shadows and boomerangs surrounding it, there was a Tasmanian Tiger running around the vortex, and in the vortex is a brown phoenix.

And Ty the Tasmanian Tiger was surrounded by a massive vortex of crimson red energy with fire, ice, lightning, and boomerangs surrounding it, there was a Tasmanian Tiger running around the vortex, and in the vortex is a gold phoenix.

Then, as the vortexes faded, Sly and Ty had emerged, but they were changed forever.

The 7'0" tall and extremely muscular Sly the Tasmanian Tiger remained the same, along with his new clothes, large dark grey weighted bands with silver phoenixes on his massive biceps and thighs and large eight dark grey orbs orbiting around his legs, he has neon blue eyes and a dark grey energy aura with Tasmanian Tigers, shadows, and boomerangs surrounding him, he has dark grey highlights in the bangs of his longer neck-length orange hair, Sly the Tasmanian Tiger has a Tasmanian Tiger holding the Dark Kanji in its paws emblazoned on his forehead, he has Tasmanian Tiger earrings with blue gems for eyes and the Dark Kanji on its heads and he has on his large Crystal Necklace of The Buddha with dark grey crystals for the links and a Tasmanian Tiger with blue gems for eyes and the Dark Kanji in its paws for the pendant across his bare chest.

Sly the Tasmanian Tiger had his massive Tasmanian Tiger's Tasmanian Tiger's Fangs of Redemption and Justice sword in his massive left hand, he has on his new large cuff Bracelets of the Champions of The Universe with dark grey gems on his wrists, long dark grey trenchcoat flaps with shadows and Tasmanian Tigers on the coattails held up by his large Belt of Elemental Bravery with a Tasmanian Tiger head with a large dark grey gem in its open mouth for the belt buckle on his waist, dark grey Spellbook of The Gods and The Universe on his left hip and Eater of Sins revolver holstered on his right hip, and a Green Lantern Corps ring on his right ring finger. Sly the Tasmanian Tiger has a Tasmanian Tiger with shadows and skulls surrounding it tattooed on his wider and more muscular back, and there's a dark grey kanji below the Tasmanian Tiger that said, "Sly the Tasmanian Tiger, Older Brother of Ty the Tasmanian Tiger, Older Son of Di and Bri, Brother of Betty, Destroyer of Boss Cass' Delusional Ambitions, Boyfriend of Naomi, Member of The Redemption Squad, Friend to Many, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, and Master of Darkness, Tasmanian Tigers, and Boomerangs."

Ty the Tasmanian Tiger has transformed into SUPER ANGEL INFINITY TRI-ELEMENTAL BOOMERANG TASMANIAN TIGER OF

# ELEMENTAL JUSTICE AND AUSTRALIAN BRAVERY!

We were amazed by Sly and Ty's Super Angel Infinity transformations, and when Naomi and Shazza saw their boyfriends, they had an even more atomic red blush on their faces and nosebleeds and hearts in their eyes upon seeing their boyfriends. But, when Boss Cass and Professor Karlos saw it, they both fell into a homicidal rage, but Sly fired a powerful blast of dark grey energy with shadows, Tasmanian Tigers, and boomerangs at Boss Cass, and Ty fired a powerful blast of crimson red energy with fire, ice, lightning, Tasmanian Tigers, and boomerangs at Professor Karlos, and the two blasts hit both Boss Cass and Professor Karlos, and sent them flying into a wall.

Nico: (Stunned) Holy crap, Sly and Ty have transformed into their Super Angel Infinity forms, and it also means double trouble for both Boss Cass and Professor Karlos.

Me: Oh, this is going to be good.

Ty the Tasmanian Tiger: (Divine Echoing Cosmic Voice of The Elements and Australian Bravery) (Australian Accent) **That's right, gang. And this is going to be the last time we deal with Boss Cass and Professor Karlos.**

Sly the Tasmanian Tiger: (Divine Echoing Cosmic Voice of Divine Darkness and Dark Justice) (Australian Accent) **Alright, Ty, let's send these two blokes straight to Oblivion for good.**

Sly the Tasmanian Tiger and Ty the Tasmanian Tiger went after Boss Cass and Professor Karlos, and they fired powerful blasts of dark grey and crimson red energy, fire, ice, lightning, darkness, Tasmanian Tigers, and boomerangs, and as they hit Boss Cass and Professor Karlos, they exploded with incredible power as they hit them, and Professor Karlos' hover chair exploded, and that ruined Professor Karlos' mobility. Then, Sly and Ty slashed at Boss Cass and Professor Karlos with their new massive swords and they hit them with their boomerangs, and left nasty scars with their swords, and Sly ripped the Dark Orb out of Boss Cass' wing and threw it into the Warp.

Sly the Tasmanian Tiger: (Divine Echoing Cosmic Voice of Divine Darkness and Dark Justice) (Australian Accent) **Ready to end this once and for all, Ty?**

Ty the Tasmanian Tiger: (Divine Echoing Cosmic Voice of The Elements and Australian Bravery) (Australian Accent) **I was born ready, Sly. Let's do this.**

Sly and Ty: **FOUR ELEMENTAL BOOMERANG FIRESTORM KAMEHAMEHA!**

Sly and Ty fired two massive Kamehameha waves of dark grey and crimson red energy, boomerangs, fire, ice, lightning, darkness, and Tasmanian Tigers at Boss Cass and Professor Karlos, and as they hit them, they exploded with incredible power, and the resulting explosion killed Boss Cass and Professor Karlos, and Super Hakaied their evil spirits and banished them into Oblivion forever. We cheer wildly for what Sly and Ty did, as they holster their massive Tasmanian Tiger Fang's of Redemption and Justice sword and Tasmanian Tiger Fang's of Justice sword on their now wider and more muscular backs and power down, and the new upgrades to their attires, weapons, and jewelry are permanent. Suddenly, Ty and Sly felt a sharp pain from their now wider and more muscular backs, and then, we saw they had sprouted out their new massive angel wings: for Ty, his massive angel wings are in the same color as his light orange fur with red, blue, and green tips on the large light orange feathers, and for Sly, his massive angel wings are in the same color as his orange fur with dark grey tips on the large orange feathers.

Then, Naomi went up to Sly and Shazza went up to Ty, and they wrapped their arms around the waists of the two male Tasmanian Tigers in a hug, and Sly and Ty wrapped their abnormally massive and powerful muscular arms around the girls and hugged them back.

Shazza: (Australian Accent) That was some impressive word from you and Sly, possum.

Naomi: (Australian Accent) Shazza's right, you and Ty have come a long way, and you both have now gotten so much stronger, Sly.

Sly and Ty had a blush on their faces.

Sly the Tasmanian Tiger: (Australian Accent) Thanks, Naomi.

Ty the Tasmanian Tiger: (Australian Accent) You too, Shazza, and there's also another reward me and Sly want to give you.

Shazza and Naomi: (Australian Accent) Oh, and what's that?

Sly and Ty the Tasmanian Tiger: (Sly Grin) (Australian Accent) Oh, this.

Then, Ty the Tasmanian Tiger, still embracing Shazza, leaned down to Shazza's face, and they kissed passionately as she wraps her left arm around Ty's wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them were a Tasmanian Tiger and Dingo running behind them and the display of the elemental forces of Fire, Ice, and Lightning in the air, along with boomerangs in the air.

And Sly the Tasmanian Tiger, still embracing Naomi, leaned down to Naomi's face, and they kissed passionately as she wraps her left arm around Sly's wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them were a Tasmanian Tiger and Dingo running behind them and the display of shadows along with boomerangs in the air. We cheered wildly for the two Tasmanian Tigers and Dingoes.

Nico: I always knew that Sly and Naomi's slight crush would one day turn into a true relationship, and Ty and Shazza's relationship has blossomed even more, awesome.

Me: And I can't wait until those two plan out their weddings.

Julius: Indeed, and although I'm glad that Professor Karlos has paid the price, it still hurt to know the fact that he was once my uncle, but his jealousy towards my naturally gifted intelligence has driven him down into darkness, and it led to him helping Boss Cass with his evil plans.

Lincoln: Sometimes, the truth does tend to hurt, especially when that secret is from someone whom you've known from your own family, and their hidden darkness has come out, and driven them down the road to no return. Professor Karlos paid the price for his crimes, along with Boss Cass, and now, they will never return to cause trouble and mayhem to anyone ever again.

Ty the Tasmanian Tiger: (Australian Accent) You got that right, Lincoln.

Sly the Tasmanian Tiger: (Australian Accent) Same here.

Nico: Yep.

Rai: (To the viewers) This was an awesome adventure and I hope you all loved it as much as we have.

Nico: The next one will be just as good. Great job everyone. Lets head home.

We went home and enjoyed the rest of the day and went to sleep.

In the city of Boston, Massachusetts set in the 1920's, Nico and Twilight Sparkle were walking around.

Nico: Thanks for coming with me, Twilight.

Twilight Sparkle: No problem Nico. This is gonna be awesome going with you on a rescue.

Nico: It sure is. Wow. This is Boston, Massachusetts. But it's back in the 1920's.

Twilight Sparkle: Wow. That means a lot of crime is going on.

Nico: Yep. But something about this is very familiar to me.

Twilight Sparkle: Like how?

Nico: I saw this in a book and on a movie. Hmm. (GASP) Oh wow! This is the world of Lemony Snicket's A Series of Unfortunate Events! Wow I love that movie. Then that must mean we're here to rescue the Baudelaire kids from the evil Count Olaf.

Twilight Sparkle: Count Olaf?

Nico: You would not like this guy Twilight. He is one greedy and absolutely ruthlessly money-hungry monster.

Nico went over his history.

---

Count Olaf is the main antagonist of Lemony Snicket's A Series of Unfortunate Events novel series and its 2004 Nickelodeon movie.

Count Olaf is greedy and will go any lengths to get what he wants, even if it involves murder. He appears in every book of the Series of Unfortunate Events, in some form or another. He is also the archenemy of Violet, Klaus and Sunny Baudelaire.

He is a very intelligent villain, having the ability to stay ahead of the authorities and know just what the authorities will do in order to hunt him. Count Olaf can fool even the most intelligent (mostly dumb) person around him and even guardians of the Baudelaires-some of whom have known Olaf for years - are not above his deceit and villainy. Except he can't fool the Baudelaire siblings, because they appear to be a lot more smarter than Count Olaf, and the adults who should've never foolishly listened to Olaf.

In the movie, he was portrayed by Jim Carrey, who also played the title character in The Mask, The Riddler in Batman Forever, the title character in The Cable Guy, Hank in Me, Myself & Irene, The Grinch in How The Grinch Stole Christmas, Steve Gray in The Incredible Burt Wonderstone and Dr. Robotnik in the Sonic The Hedgehog movie adaptation. in various animated adaptations, he was voiced by Fred Tatasciore, Tony Jay, Christopher Lloyd, Jim Cummings, Corey Burton and Keith David.

The version of the character in the 2017 Netflix series was portrayed by Neil Patrick Harris, who also portrayed Dr. Horrible in Dr. Horrible's Sing-a-Long Blog, Foy in A Million Ways to Die in the West, Chester Creb in American Horror Story: Freak Show, John Tagman in Law & Order: Criminal Intent, Music Meister in Batman: The Brave and the Bold, Ray Thompson in Justice League, and Dr. Blowhole in The Penguins of Madagascar.

Olaf was raised by his parents who apparently trained him in the art of villainy and pyromania, the latter of which became something of an addiction for him. During his childhood, Olaf was indoctrinated in the organization of V.F.D. (Volunteer Fire Department). Despite being trained to extinguish fires, Olaf loved arson so much that the hobby never really went away. It is proposed that he did not very much like the V.F.D. training nor its courses, because he aspired to be an individual practitioner, but Olaf did befriend two fellow arsonists within V.F.D.: The man with a beard but no hair and the woman with hair but no beard.

Together this triumvirate of arsonists engineered a Schism within the ranks of V.F.D., and slowly the calm of the entire organization shattered as Olaf and his comrades spread doubt and uncertainty amongst the volunteers, forcing them to be untrustworthy of each other. Olaf promised wealth, freedom and power amongst the volunteers who would abandon their posts at V.F.D. and join him, but in reality this was just a cover-up so Olaf could gain the world's riches for himself. Eventually Olaf left V.F.D. to pursue his own goals, although not without doing enough damage to the organization. Many families were ripped apart by the conspiracy, and lives were claimed by the fire which the arsonists now began using. More and more volunteers joined the ranks of the arsonist half of the Schism, and hope was fading for the noble volunteers. Olaf eventually acquired a band of faithful henchmen who all aspired to set the houses of the noble volunteers on fire, and to end the fiasco in a blaze of flame. Count Olaf was the leader of his troupe, second only to his superiors the man with a beard but no hair and the woman with hair but no beard. Eventually these two villains took to arson and treachery with such an affiliation that even Count Olaf, who merely desired wealth and power, began to be afraid of them.

Count Olaf began threatening the Baudelaire, Quagmire and Snicket families for their fortunes, for these three combined fortunes would bring him immense power and friends in high places. Count Olaf wanted above all else to be respected and served, and the fortunes were his key to success. It appears he was very close to getting the Snicket fortune by the time the series began, but he was having trouble with the Quagmire fortune, that is, until he kidnapped the Quagmire triplets. He was also about to get the added bonus of the Squalor fortune, through his girlfriend Esme, and as Count Olaf had his girlfriend (who coincidentally was the city's sixth most important financial advisor) he was well on his way to having important connections. Count Olaf chased the Snicket brothers for their fortune, but even though he murdered Jacques Snicket, the younger brother, Lemony, was still at large. But Olaf framed Lemony for a crime he did not commit. Lemony's sister Kit was also still at large but posed a problem as she was pregnant and this meant that if the child was male, the fortune would be his; but if the child was female, her future husband would get the fortune. Count Olaf apparently seduced Kit in order to gain the fortune, but he apparently did not care about the Snicket, Squalor, or Sebald fortunes, because of the five, the Quagmire and Baudelaire fortunes were the most important.

## The Baudelaires

Count Olaf first met the Baudelaire children - having been recently orphaned - after they had lost their home and their parents in a horrible fire. The Baudelaires suspected Olaf had killed their parents, but when they finally confronted him upon his death, he denied it, saying "You know nothing," probably implying that the Baudelaire parents were killed by the man with a beard but no hair and the woman with hair but no beard. Nonetheless, even if he hadn't killed the Baudelaire parents, Olaf was certainly a very evil man, because when the Baudelaires were adopted into his care, all he did was abuse his power over them by enslaving them to commit pointless chores such as chopping wood for the fun of it and mending broken windows which Count Olaf could have fixed himelf. Count Olaf also made the Baudelaires cook for him and twelve other people - His theater troupe, whom the Baudelaires met for the first time during their time at his house. The troupe were as cruel as their master, laughing at Olaf beating Klaus Baudelaire and mocking Violet and then thumping on the table, rudely demanding supper. Count Olaf also was extremely mean as well as evil because when the Baudelaires kindly made him and his troupe Puttanesca sauce Count Olaf insulted their effort and said they somehow ought to have known he loved roast beef. Nonetheless, he ate their meal but said they were barred from attending his troupe's play that night.

Halfway through the Baudelaire's stay, Olaf concocted a plan to get the Baudelaire fortune and rise in power. He would marry Violet in his play, with everyone believing it was a dramatization, and he would switch the documents for legal official documents which would mean Violet was truly married to him. The plan succeeded, but was foiled at the last moment by Violet using her left hand to sign the form rather than her right. As Violet was right handed, this foiled Count Olaf's plan, and he and his associates vowed to kill Violet and her siblings as soon as Olaf could get their fortune. A blackout was caused by one of Olaf's henchmen and Olaf and his gang ran out the theater and drove off into the night, plotting revenge.

## Hunting the Orphans

The Baudelaires went to live with their Uncle Montgomery Montgomery, a herpetologist but when he hired a new assistant it turned out to be the evil Count Olaf in disguise. The Baudelaires were shocked to find that their enemy had found them so quickly, and tried to warn Uncle Montgomery about Olaf's arrival, but Count Olaf threatened to kill them all if they revealed his secret. Count Olaf eventually killed Uncle Montgomery, and framed the murder on one of his snakes, which already had a reputation for being extremely poisonous. Violet Baudelaire however managed to reveal Count Olaf as the murderer when she found the venom from the snake in a phial and a doctor's syringe which Count Olaf had used to inject their uncle.

During their stay with their aunt Josephine Anwhistle, Count Olaf miraculously arrived in town pretending to be a captain looking for business. Josephine was very taken to Olaf, as he was seemingly lonely and friendless, but despite the Baudelaire's attempts to warn her of the real danger, Count Olaf killed Josephine by feeding her to Lacrymose Leeches.

Count Olaf made use of his connections with a hypnotist named Dr Georgina Orwell to hypnotise Klaus Baudelaire during the orphans' stay at a Lumbermill. Count Olaf had killed the previous foreman and replaced him with his close associate, a bald man with a long nose. Count Olaf hypnotized Klaus twice, under the pretence of having Dr Orwell repair Klaus's broken glasses, and this was probably his greatest plan yet and one of the few plans which came close to succeeding. Olaf was just about to have the bald man feed Charles, the deputy manager of the mill, into a gaping saw and blame the murder on the hypnosis, and as he found out that Violet and Sunny Baudelaire were present at the murder, Olaf had Dr Orwell attempt to kill the infant Sunny so Olaf would get the Baudelaire fortune which would go to him upon the orphans' deaths, but Dr Orwell stepped backwards into the revolving saw and this particular plan failed.

Even at boarding school, the Baudelaire orphans could not escape the evil clutches of Count Olaf. At Prufrock Preparatory School, the Baudelaires finally met the Quagmire orphans, who had been triplets until they had allegedly lost their brother, Quigley, in a fire. The two

Quagmire triplets, Duncan and Isadora Quagmire, befriended the Baudelaires, having both had similar backstories, and believed the Baudelaires the first time when they said that the new gym teacher, Coach Genghis, was actually Count Olaf in disguise. As Coach Genghis, Olaf made the Baudelaires run nine nights of successive laps, hoping that the Baudelaires would become so exhausted they would fail all their exams, and therefore they would be expelled from the school and Count Olaf said he would foster them (but in reality it was just so he could kill them and steal their fortune). Although he did not gain the Baudelaire fortune, he *did* succeed in kidnapping the Quagmire triplets, who tried to tell the Baudelaires that they had found a crucial, horrible secret related to Count Olaf's villainous past. All Duncan Quagmire managed to yell concerning the secret were the initials "V.F.D.!" before he and his sister Isadora were snatched away. Eventually the Baudelaires met up with the Quagmires at a tower block named 667 Dark Avenue, one of the richest blocks in the city. The Baudelaires were by this time being fostered by Jerome and Esme Squalor, the latter of which revealed herself to be Count Olaf's girlfriend and, having held the Quagmires hostage in her tower block, used her ignorant husband as bait for the Baudelaires. Jerome, who was truly innocent, attempted to arrest Count Olaf and his previous wife for kidnapping and child abuse but Count Olaf and Esme escaped with the Quagmires before any official action could be taken.

The Baudelaires participated in the village fostering programme, whose slogan was *It Takes a Village to Raise a Child!* and they coincidentally found a village named "V.F.D." in the programme. There was no other clue as to what the name of the village stood for. Having moved there, the Baudelaires were rather disappointed to find the initials stood for Village of Fowl Devotees, as a collection of ornithologists lived there and protected the crows - which actually belonged to the real V.F.D. It transpired that this would be one of the darkest episodes of the Baudelaires' lives. Count Olaf arrived in the village and framed the Baudelaires for the murder of Jacques Snicket, a man who had the same ankle eye tattoo as Olaf did, as well as the same monobrow, and who had indeed been mistaken for Olaf. Count Olaf now knew that he no longer needed a disguise, and after disguising himself as "Detective Dupin" he framed the Baudelaires for the murder of Jacques, even though the Baudelaires knew that Olaf was the real killer. Hector, the Baudelaire's guardian at the time and the only friendly person in the village to the orphans, was too afraid of the village elders to speak for them, but he helped the Baudelaires escape in his own dirigible. Esme Squalor, however, shot the rope ladder and caused the Baudelaires to fall back to earth and only the Quagmires - who had been imprisoned in the village fountain - were rescued by Hector, who was an agent of V.F.D. The Baudelaires next visited a hospital which contained the Volunteers Fighting Disease. Believing that this might be the real V.F.D., the siblings were once again disappointed. However, they did capture page thirteen of the Baudelaire file, an important piece of evidence against Count Olaf which could put him and his criminal friends in jail.

Escaping the burning hospital which Olaf had set aflame, in order to destroy the Baudelaire file, the orphans fled in the boot of Olaf's black car, which Olaf drove to Caligari Carnival, revealing how he had hunted down the orphans so easily. It turned out that Count Olaf had been duped by Madame Lulu (real name Olivia Caliban) who had turned traitor to both V.F.D. and the arsonists, selling information from newspapers to both sides and pretending that her crystal ball found the answers. All of Olaf's troupe were duped into believing that fortune telling was real. The Baudelaires found the truth and confronted Madame Lulu about her deception, and Lulu revealed her real name as Olivia Caliban and told them she was once an agent of V.F.D. Now she wanted to fight the arsonists and, in journeying into the mountains with the Baudelaires to find V.F.D. Headquarters, become noble again by rejoining their ranks. But before she could leave the Carnival with the Baudelaires, Count Olaf betrayed Madame Lulu and fed her to lions as an "exciting new attraction" the Carnival would offer. Olaf then set the Carnival aflame, as he did the hospital, to again destroy evidence against him and fled to the mountains. He revealed that the Baudelaires' identity was revealed - as at the Carnival he thought they were circus freaks - and pushed their cart down the mountain to their doom. However, Violet and Klaus stopped the cart and trudged up the mountain to rescue Sunny, their baby sister. Atop the mountain, they were reunited with Quigley Quagmire, who had turned out to have survived the fire after all and been tracking the Baudelaires ever since, and after rescuing Sunny, fled down the mountain but lost

Quigley in the stream. Quigley was later revealed to have rejoined V.F.D. On the mountain peak, Count Olaf was given the Snicket file, which he read and destroyed, by his superiors: The man with a beard but no hair and the woman with hair but no beard. For the first time, Olaf began to show doubt and was noticeably afraid of his bosses.

## Medusoid Mycelium

After these pursuits, Count Olaf believed the Baudelaires had drowned in the mountain river and was celebrating with his girlfriend Esme, when his submarine picked up another submarine which had previously belonged to V.F.D. Aboard the second vessel, to his disappointment, Olaf found the living Baudelaires, albeit with a very ill Sunny, who had been infected with a mycelia of the Medusoid Mycelium, the very weapon with which Olaf had planned to use to destroy V.F.D. Olaf showed his ruthlessness when he withheld the vaccine from Sunny, and he seduced Fiona Widdershins, the Baudelaire's previous friend and sister of Count Olaf's henchman Fernald, into joining the arsonists. Fiona took the Medusoid Mycelium and betrayed the Baudelaires.

Violet, Klaus and Sunny fled to the last safe place, the Hotel Denouement, and Count Olaf jumped on them in the lobby, demanding their fortune. Count Olaf finally got into an argument with Esme, his girlfriend, and dumped her, due to her choosing V.F.D.'s precious sugar bowl - containing an antidote of the Mycelium - to the fortunes Olaf desired. Olaf killed Dewey Denouement, the manager of the hotel, and then thwarted V.F.D.'s attempt to arrest him and put him on trail by, yet again, setting the hotel aflame. Initially Olaf wanted to infect all the V.F.D. agents in the hotel with the Medusoid Mycelium, but realized that he might need it to threaten the Baudelaires. Rather, he let the fire finish everybody else.

Olaf escaped off the hotel rooftop with the Baudelaires and fled out to sea on a small boat.

## Death

Count Olaf and the Baudelaires were shipwrecked on a Nameless Island, and while the Baudelaires were recruited as the island's guests due to their kindness and gratitude, Count Olaf was left on the coastal shelf for being mean, conceited and evil. Eventually, Count Olaf returned, disguised as Kit Snicket, Jacques's sister, but the islanders recognized him immediately as Count Olaf, and imprisoned him in a cage. A mutiny then occurred amongst the islanders, stirred up by Olaf, and the latter threatened to unleash the Medusoid Mycelium on the former unless they worshipped him as their one and true king. However, their leader, Ishmael, who had been orphaned by Count Olaf - or so Ishmael claimed - shot Count Olaf in the stomach with a deadly harpoon gun Esme had previously owned, and then as Olaf was wearing the helmet containing the Mycelium in his gown, the helmet shattered and the mushroom spores flew out and infected everyone. The Baudelaires saved themselves by eating apples smeared in horseradish, the only antidote for the Mycelium, but when they tried to save the islanders there was a second mutiny and the islanders were leaving, although they were contagiously infected. Count Olaf was slowly dying from a combination of Medusoid Mycelium poisoning and harpoon spear wound. Kit Snicket had been washed up on the island and was slowly giving birth. The Baudelaires finally confronted Count Olaf of ruining their lives by killing their parents and destroying their home but when they pressed him, Count Olaf said "Is that what you know? You know nothing." He dies soon after, but not before kissing Kit and reciting a verse from one of the V.F.D. agents "Man hands on misery to man/It deepens like a coastal shelf/Get out as quickly as you can/And don't have any kids yourself."

Twilight was horrified when Nico was finished.

Twilight Sparkle: What a monster!

Nico: Yeah and he went for too long to avoid the law. Now it's time for us to make sure he suffers big time for his crimes. I know where his house is. Follow me.

They went to Count Olaf's home.

They arrived at Olaf's house and it was a total dump.

Twilight Sparkle: This is his house? What a dump.

Nico: Like Timon would say, Talk about your fixer upper.

Twilight Sparkle: No kidding.

Nico: One of us should own this house after Olaf's dealt with.

Twilight Sparkle: And I have just the people in mind. The Rainbooms.

Nico: That's perfect. But we're going to need to fix it up real nice. But luckily I have a plan to get Olaf to talk. No one should underestimate the cunning and smart mind of Nicolas Ocampo Chan.

Twilight Sparkle: Lay it on me.

Nico whispered into her ear and he told her that he was going to hide a tiny microphone in his shirt and broadcast the conversation of him and Olaf to the police and get him to confess his crimes. Nico is also going to be in disguise. He was going to be dressed as a newspaper reporter.

Nico went up to the door and Count Olaf answered.

Nico: (Falsetto Voice) Hi! You must be Count Olaf!

Count Olaf: Yes I am and you are?

Nico: Royce Channelton, Boston Press. I would like to do an interview with you on the mysterious Baudelaire Murders.

Count Olaf: Oh of course. Come on in. (See's Twilight) Who's she?

Nico: My associate Lola Tablois. She's my partner.

Nico looked at Twilight who was dressed in a reporter outfit and he winked at her.

They went in and asked questions and Count Olaf sang like a bird. He told them everything he did and it was being broadcasted to the police and Sheila, Tom and all the cops were ready to move in. A cop gave them the thumbs up.

BUSTED!

Nico: Thank you for your time.

With that, Nico exited the house.

Nico: All right, officers! Do your thing!

They busted in and pointed their guns at him!

Count Olaf: OH NO!

Sheila: Count Olaf you're under arrest!

Nico took off his disguise.

Nico: Hook, line and sinker!

They slapped the cuffs on Olaf.

Nico: Where are the children!?

Count Olaf: YOU WILL NEVER GET THEM!?

Twilight Sparkle: Don't worry Nico I know where they are.

Nico: Go get them.

Twilight went up to the tower and then she kicked the door down and she saw Klaus, Violet, Sunny and Beatrice Beaudelaire II.

Twilight Sparkle: You are all safe now. Olaf is going to face trial for his crimes. Wait.

Then she saw a Celestialsapien with them.

Twilight Sparkle: Whoa! Are you a Celestialsapien Gene-Slammer?

Celestialsapien: (In a Girl's Voice) (Stellar Voice) Yes I am.

Twilight Sparkle: Wow!

They came down.

Nico: Thank goodness you all are safe.

Celestialsapien: Nico!? Is that you?

Nico: Carla Wong III? Whoa!

Celestialsapien: Awesome to see you again Nico.

Nico: Same here. How long were you guys in there?

Klaus: 1 year.

Nico: I'm afraid we got a dark revelation for you all and you aren't gonna like it.

Twilight Sparkle: Olaf killed your parents all to get your family's fortune.

Nico: He wanted that fortune all for himself. It's true what they say: The Love of Money is The Root of All Evil.

Count Olaf: I will be back! Goodbye children. It's been fun. I'm gonna get you! No matter where you go, no matter what you do, I'LL FIND YOU, Oh, you are so deceased!

Nico: Good luck with that. Because the only place you're heading for is Hell because you're going right to the Gallows.

Sheila: Just for that threat, you are to be looking at the Death Chair.

Nico: Get him outta here.

Tom and Sheila took him away and he screamed in fury as he was loaded and taken away.

Twilight Sparkle: What's your favorite memory of Nico?

Celestialsapien: Oh I have lots of them. But my favorite is when me and Nico found a really huge buried treasure when I met him in the Philippines. We went into the jungle and we found a forgotten temple and it was on the island of Balatok. Me and Nico went in and we found a Sword that was made by the God of Volcanoes, Dumabag. I pulled it out of the altar and it made me its wielder.

Nico: I remember that. That was so awesome.

Twilight Sparkle: Wow! That was cool.

Celestialsapien: Yep. I lived in the Philippines for a while before I moved back to America 2 years ago.

Nico: Cool!

Twilight Sparkle: That is awesome.

Nico: You're gonna be a great addition to the team!

Violet Beaudelaire: It sure is.

Nico: Lets get you back to normal. Klaus you better cover your eyes.

Klaus: Oh right.

Nico put on his blind man glasses and he snapped his fingers and Carla reverted back and she was in her birthday suit and Nico gave her new clothes and she was dressed in a beautiful purple dress and Nico saw that Carla had a purple dragon tattoo on her back.

Nico: Wow that Purple Dragon tattoo is new.

Carla Wong III: Yeah my mother gave it to me. She calls it a tradition. I'm now called Lady Star Dragon.

Twilight Sparkle: That's a cool nickname.

Violet Beaudelaire: Wow it sure is.

Nico: Yep.

Nico and Carla then hugged.

Carla Wong III: I've missed you Nico.

Nico: And I did too Carla.

Twilight Sparkle: Are you by any chance related to…

Carla Wong III: Yes I am. Carla Wong is my mother and she is a video game designer.

Twilight Sparkle: Wow! Sam told us all about her and she is a dangerous woman. She abducts people and puts them into a video game she made of her own creation.

Carla Wong III: That's right. I can never bring myself to hate my mom for what she does. I love her and I just want her to get help.

Nico: I know. I'm sorry, Carla. But in the future, we might have to arrest your mom.

Carla Wong III: I know Nico and I know you are going to do what you can to stop her. But help her all you can.

Nico: We will. Lets head home.

Nico snapped his fingers and teleported the house with them in it back to the Estate and they told us everything about what happened and then we got to work on the house and fixed it up. Count Olaf was found False imprisonment, Forced marriage, Animal cruelty, Impersonation, Child abuse, Capital Murder and 1st Degree Arson. He was sentenced to Death and he was executed by the Gallows. He was sent to Hell for his crimes.

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, the TLPS Cul-De-Sac Kids, and Arkayna Goodfey are heading into the Simulator, and our destination is at Peach Creek, and not only is Lincoln going to rescue the twenty one girls there, but we are also going to fight Eddy's supervillain persona, Professor Scam, and we also got word that one of the Gene-Slammers for the Malefic Dragons is here, and is another of Lincoln's Guardian Angels. The Simulator activated, and we arrived at Peach Creek.

Lincoln: Wow, we're in Peach Creek, and I think I know what we're going to do here, not only am I going to rescue the twenty one girls there, but we are also going to fight Eddy's supervillain persona, Professor Scam.

Nico: That's right, big guy.

TLPS Mr. Wolf: And we also got word that a Gene-Slammer for one of the Malefic Dragons is here, and this Gene-Slammer is another of Lincoln's Guardian Angels.

Me: Whoa, a Gene-Slammer for one of the Malefic Dragons? This is going to be good.

Luan: You said it, J.D.

Lincoln: Actually, this Gene-Slammer is someone from Nico's past, TLPS Mr. Wolf, but we're going to find out which one it is. And thanks for coming with me on this rescue, Arkayna.

Arkayna: You're welcome, Lincoln. This should be one funny and action-packed rescue.

Eddy (TLPS): I'm looking forward to this, after what I did in that scam, I feel like throwing a stink bomb at myself for this. But, I'll settle for pummeling Professor Scam into pulp for this.

Jonny 2x4 (TLPS): Ooh, I've got an idea, why don't you guys turn into the Full House Gang for this one?

Lincoln: (Smirks) I was just about to say that one, Jonny. You're in for a real treat for this one.

Me: Oh yeah.

Lincoln: TIME TO DEAL OUT SOME JUSTICE!

Lincoln was surrounded by a massive vortex of crimson red energy with spades, clubs, hearts, aces, and diamonds, and when he emerged, the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen's orange version of He-Man 2002's loincloth, large orange bands on his massive biceps and thighs, long orange trenchcoat flaps, and eight large orange orbs orbiting around his legs turned blue, his large blue pants had turned crimson red except for the gold lightning bolts, his large ankle-length white combat boots turned black, and he doesn't have on a mask. Lincoln's transformed into Ace Savvy, and it got one awesome upgrade.

Lincoln: So, what do you think?

Helena McTroy: Awesome, and I knew you'd turn into Ace Savvy, Lincoln.

Lori: And Lincoln's not the only one, Helena.

Me, Nico, and Lincoln's sisters transformed into our Full House hero forms and they got an awesome upgrade, and those who hadn't joined the team were stunned and amazed.

TLPS Mr. Wolf: Whoa, that's so awesome!

Arkayna: That's right, I remembered seeing you guys transform into your Ace Savvy forms when you faced off against Freaky Fred in Nowhere, and this is perfect for dealing with Professor Scam.

?: HELP!

Suddenly, Lincoln heard the sound of twenty one girls calling out for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard where the call for help was coming from. He saw the twenty girls, but they, along with Captain Melonhead and Splinter the Wonderwood, have been captured and tied up by Professor Scam, and he's about to send them to their graves in Ed's tub of gravy.

Lincoln: Guys, I found the twenty one girls, but they, along with Captain Melonhead and Splinter the Wonderwood, have been captured and tied up by Professor Scam, and he's about to send them to their graves in Ed's tub of gravy.

Nico: That greed-obsessed fiend! Let's get him!

We rushed on over.

Professor Scam: And now, your gravy-filled tombs await you all! (LAUGHING MALEVOLENTLY)

But, before the twenty one girls, along with Captain Melonhead and Splinter the Wonderwood, would meet a gravy-filled end, Lincoln fired an energy card, and it cut them all free, and the twenty one girls got to safety, and when Professor Scam saw us, he was mad. But, when he and his two allies had seen the Eds who are on our team, they were stunned.

Edd (TLPS): You two should stay back. What we're going to do to Professor Scam isn't going to be good.

They agreed, and they got out of the way because what we're going to do to Professor Scam is going to be quite messy.

Lincoln: Alright, Professor Scam, your reign of greed and terror is over!

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back, and we also unholstered our massive swords from our backs, and Arkayna got out her massive Defender of Gemina and Drake City mage's staff, and we went at Professor Scam and we fired powerful blasts of rainbow energy, colored energy, elemental forces, green flames, spades, clubs, hearts, aces, and diamonds at him, and they exploded with incredible power as they hit Professor Scam. Captain Melonhead also fired acorns and melons at Professor Scam, and they hit him and exploded.

Professor Scam: Perhaps, my Ray of Riches will curl your toes!

Professor Scam fired his Ray of Riches from his forehead, but Lincoln held out his massive free right hand, and he was absorbing the energy dollar signs. Then, Lincoln fired cards at Professor Scam, and the cards blinded him. Suddenly, we saw a Malefic Blue-Eyes White Dragon land, and fired a blast of dark white lightning at Professor Scam, and he hit the wall, and was knocked out, and Lincoln chains him up with powerful rainbow chains, so he can't escape. We cheer wildly as we holster our weapons on our backs, and change back to normal.

Malefic Blue-Eyes White Dragon: (In a girl's voice) That'll teach you, you greedy villain.

Nico: Wait, that voice. Alex Ramirez, is that you?

Alex Ramirez: That's right, Nico, and it's been a long time.

They went up to each other and they hugged.

Nico: Yeah, it sure has, and I haven't seen you since Economics class in Middle School.

Alex Ramirez: And you sure grew like a weed, Nico, you're now a 7'0" tall, handsome, and extremely muscular man.

Nico: That I am, and I also am married, and like my friends, J.D., Lincoln, and Clyde, I'm part of an ordinance, and I also have a harem.

Alex Ramirez: Then, count me in your harem, big, tall, muscular, and handsome.

Lincoln: I knew it was someone from Nico's past, and she's the Gene-Slammer for the Malefic Blue-Eyes White Dragon, awesome.

Nico: That's right, Lincoln, and let me introduce you guys to her. Guys, this is Alex Ramirez, she was my partner and classmate in Economics class in Middle School and she has a reputation as a party girl, but she doesn't throw any of those wild parties like Sergio and Sancho do in Great Lakes City.

Me: Thank goodness.

Eli: At least, until Sergio was found guilty in court and he can't throw or go to any wild parties anymore.

Nico: You got that right, Eli. Now, let's get you back to normal, Alex. Guys, cover your eyes, just hold still, Alex, this is going to hurt.

Me, Lincoln, Eli, and the boys covered our eyes, as Nico snapped his fingers and Alex was reverting back to normal. Alex Ramirez is a beautiful 19-year-old girl with short light blue hair, light blue eyes, she is 6'0" in height, and she had the body of a goddess. She also now has massive blue angel wings on her back, as she reigns in the power of the Malefic Blue-Eyes White Dragon, and she was in her birthday suit.

Nico: How do you feel, Alex?

Alex Ramirez: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Nico gave Alex Ramirez a new wardrobe, a long blue dress with a white phoenix on the top and with the Malefic Blue-Eyes White Dragon on the long dress, blue leather ankle-high combat boots, and a long blue sleeveless trenchcoat with the Malefic Blue-Eyes White Dragon on the back, and on her back is a large Malefic Blue-Eyes White Dragon-themed sword with a 6'5" massive, wide, double-edged, man-sized blue blade with the Malefic Blue-Eyes White Dragon etched on it, large Malefic Blue-Eyes White Dragon wings for the crossguard, large blue gem for the hilt, longer black handle, and large blue faceted sphere pommel with surrounding blue gems.

Alex Ramirez: Wow, I love the new outfit and large sword you made for me, Nico.

Nico: Thanks, Alex, and consider yourself welcome to my harem.

Alex Ramirez had a smile on her face and tears in her eyes, as she went up to Nico, and he wrapped his abnormally massive and powerful muscular arms around her, and they kissed, and we cheered for them. Then, we went up to the twenty one girls Lincoln saved from Professor Scam, and when Lincoln saw them, he immediately recognized them. The twenty one girls are Koizumi-san, Osawa Yuu, Nakamura Misa, Takahashi Jun, and Ogawa Noa from Ramen Daisuki Koizumi-San, Chie, Hayami Ayuko, Katsuda Naoko, Noriko, Onna Shachou, and Terayama Reiko from Golden Boy, Irokawa Ruki, Katsuki Tsubasa, Koizuka Koyume, Moeta Kaoruko, Amisawa Mayu, Fuura Suzu, Hanazono Ririka, and Nijino Miharu from Comic Girls, Jahy-Aama and Druj from Jahy-sama wa Kujikenai!

Lincoln: Oh wow, it's Koizumi-san, Osawa Yuu, Nakamura Misa, Takahashi Jun, Ogawa Noa, Chie, Hayami Ayuko, Katsuda Naoko, Noriko, Onna Shachou, Terayama Reiko, Irokawa Ruki, Katsuki Tsubasa, Koizuka Koyume, Moeta Kaoruko, Amisawa Mayu, Fuura Suzu, Hanazono Ririka, Nijino Miharu, Jahy-Aama, and Druj.

Helena McTroy: From Ramen Daisuki Koizumi-San, Golden Boy, Comic Girls, and Jahy-sama wa Kujikenai!, awesome.

Lincoln: Are you girls okay?

Koizumi-san: Yes, we're okay, thanks to you.

Then, when Koizumi-san and the other twenty girls saw who it was that saved them from Professor Scam, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Koizumi-san: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made twenty clones of himself, and he and the twenty clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Koizumi-san: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, twenty one Thunderbird Necklaces of Eternal Love appeared right around the necks of Koizumi-san, Osawa Yuu, Nakamura Misa, Takahashi Jun, Ogawa Noa, Chie, Hayami Ayuko, Katsuda Naoko, Noriko, Onna Shachou, Terayama Reiko, Irokawa Ruki, Katsuki Tsubasa, Koizuka Koyume, Moeta Kaoruko, Amisawa Mayu, Fuura Suzu, Hanazono Ririka, Nijino Miharu, Jahy-Aama, and Druj with colored gems and crystals on the gold lightning bolts. We exit the Simulator, and we told everyone what happened there, and they were shocked when they found out the villain we went after is Eddy's supervillain persona, Professor Scam.

But, when Lincoln showed and told everyone what we did to Professor Scam, they cheered wildly for Lincoln and the rest of us, and they then hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Nico and Alex Ramirez now have a lot of catching up to do, now that she's back. As for Professor Scam, Lincoln put him into a Containment Card and gave it to Eddy, so he can keep him prisoner in his room.

* * *

After we put a stop to Professor Scam in the Simulator, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Alex Ramirez saw Nico working out like crazy, she had an atomic red blush on her face.

Alex Ramirez: Whoa, I wasn't kidding when I said that Nico grew like a weed, and I also knew of how strong he was back in Middle School, but now, look at him.

Lincoln: And he's the new leader of Team Loud Phoenix Storm, and we knew it was coming ever since he did an awesome job in leading the team against Xehanort and Team Dark Phoenix Storm. Plus, we soon found out that the nightmare he had was caused by the demon that Stewie encountered back when he was in Quahog.

Alex Ramirez: Sheesh, and I hope Nico kicked its butt.

Lincoln: Actually, Brittney Knudson, J.D.'s daughter and The Empress of Darkness, removed it from Nico's dream and sent it back to the Netherworld. Trust me, she's not called The Empress of Darkness for nothing.

Alex Ramirez: Awesome.

Me: It sure is. So, Nico, what memories did you have with Alex?

Nico: Oh, I remembered that one time in Economics class, we did a project on the impact of taxation on economic development in a country around the world. For this one, we chose Nigeria, and we had to do research on that one, and you wouldn't believe the amount of information that we dug up on how the impact of taxation on economic development in Nigeria has affected the country. We cited our sources and put it altogether, and as a result, we got an A on it.

Me: Awesome job.

Lincoln: Nice one, you guys.

Alex Ramirez: Nico also helped out, since he's also been to Nigeria as well.

Lincoln: Just like with J.D. So, Nico, what can you tell us about Alex Ramirez?

Nico: Alex Ramirez is a genius when it comes to economics, and she's really smart. But, away from school, she turns into a party girl, and she throws some awesome and fun parties. But, she also hates it when someone threatens to crash it, and she's also very tough, she protected me from a bunch of bullies as she karate-chopped them on their heads and Judo-threw them into trash cans. We told the principal what happened, and they got expelled, but they swore to get revenge on us.

Lincoln: Whoa, it sounds like you have a Guardian Angel looking after you, just like with Salem.

Salem (RWBY): You got that right, Lincoln.

Helena McTroy: And don't forget yourself, Linky.

Alex Ramirez: Nico told me you also have a lot of Guardian Angels looking after you, Lincoln. That's so awesome.

Nico: And now, they're part of his harem, and trust me, they also have a tough reputation of putting Lori, Lynn, Lola, Luan, and any bullies in their place, Alex, and we heard a lot of stories from Lincoln about what they've done.

Lynn: And still to this day, we know better than to mess with them. But, our dark sides are nothing but a bunch of vengeance-crazed animals.

TLPS Mr. Wolf: Until we put them in their place, when they started attacking the lands of Wei, Wu, and Shu.

Alex Ramirez: I heard from Nico about that, and I'm also honored to meet you and your gang, TLPS Mr. Wolf.

TLPS Mr. Wolf: You too, Alex.

We got a shower afterwards, and after that, Lincoln and his harem were getting ready for their date, this time, it's at The Mamanuca Islands in Fiji.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo, and elemental forces on it, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

And his harem were dressed in two-piece bikinis in their favorite colors, sandals, along with their jewelry, and they also had their weapons holstered in case of trouble.

Lincoln: Well, ladies, shall we?

Sam Simpson: Of course, Lincoln.

Lincoln and the girls left the Estate, and they head for their destination, The Mamanuca Islands in Fiji. When they arrived, The Mamanuca Islands of Fiji were indeed amazing, as the islands offer crystal clear waters, palm fringed sandy beaches and live coral reefs. There are islands, villages, resorts to visit, snorkel and swim.

Ronnie Anne: Whoa, is this the Mamanuca Islands in Fiji?

Lincoln: That's right, Ronnie Anne. I figured this would be the perfect place for our date, and Nico told me about it, so I figured we'd go here, and I also made sure to thank him by giving him a little treat from me: a double-decker cheese-filled cheese burger topped with lettuce and tomatoes.

Mollie: That was a nice thing you did for him, Linky, and of course, you knew his favorite.

Lincoln: That's right, Mollie. Now, then, shall we?

Lincoln and the girls dived into the crystal clear waters and they were swimming, then, they also saw the colorful coral reefs that grow there, and they also took pictures. They also saw the resorts, and they know one day to check those out with all of us. Then, they had some lunch underneath the palm trees on the sandy beaches, and they also had fun diving and snorkeling. Then, as soon as the sun's about to set, Lincoln made clones of himself, and he and the clones went up to the girls, and they picked them all up in their abnormally massive and powerful muscular arms, and just as the sun turns orange, they passionately kissed and hugged. Then, they returned home to the Estate, and they returned to their original clothes.

Nico: Hey, Lincoln, how was your date?

Lincoln: It was awesome, Nico. We went to the Mamanuca Islands in Fiji.

Nico: That's right, and I remembered telling you about them, were they exactly as I told you and the girls?

Lincoln: It's exactly as you told us, Nico, and we also saw the coral reefs when we went snorkeling into the crystal clear waters.

Lincoln showed us the pictures of the coral reefs, and we were amazed.

Lily Loud: Oh, wow, those are so awesome.

Lincoln: I knew you'd love them, Lily, along with the rest of The Neptune Crusaders.

Varie: It's amazing, one day, we have to go there.

Lincoln: And we'll also check out the resorts there too, when we go on another date.

Me: Awesome.

---

We later were watching TV.

Hannah Fairchild: Hey Heidi, I heard from Dartz that you all defeated him the first time. How did that turn out?

Heidi: That was one of our most epic and most amazing battles.

Eli: Can I hear it too?

Heidi: Sure. We found a massive Negative Energy Spike coming from the Atlantic.

FLASHBACK - Chapter 332

We arrived and landed on Duel Academy and all the students were wondering what's going on.

Jaden: What's happening J.D.?

Me: I don't know Jaden. But whatever it is it's definitely not good.

Bastion: I don't like it J.D. We have to go check it out.

Me: I know. Lets go guys.

We went over to the island and we were accompanied by Yugi Moto, Seto Kaiba, Tea Gardner, Tristan Taylor, Mokuba Kaiba and Rafael

Yugi: J.D. Knudson. We've heard so much about all your achievements.

Me: It's a pleasure to meet you Yugi.

Tea: You're an awesome guy J.D.

Me: Thanks. Lets head in.

We head into the island stronghold and I felt that it was completely flooded with Negative Energy.

Me: This place is filled with Negative Energy. It's everywhere.

Lincoln: I can feel it.

Cody: Me too. What do you think is causing it?

Kaiba: It's a man named Dartz. He's responsible for this.

Yugi: He wants to wipe out humanity somehow.

Vince: What!? Why would he do that!?

Tea: We don't know Vince.

Me: Lets search the island and see what we can find.

We went all over the island and found a strange sight. In one room we saw a huge stash of Duel Monster Cards. It's all the cards ever made.

Lincoln: Boy what a collection.

Linka: Yeah.

Lily: This is awesome.

Me: It sure is. Without a doubt these cards were all stolen.

Lincoln put all the cards in a scroll.

Me: Good work buddy. But I sense something else. This way.

We go to an alter and we found the Egyptian God Cards - Slifer the Sky Dragon, Obelisk the Tormentor and The Winged Dragon of Ra.

Yugi: It's the Egyptian God Cards. But their energy was drained somehow.

Me: I wonder what for?

Carol: Hey guys you got to take a look at this!

We go into another room and we saw a horrific sight. We saw millions of people inside stone tablets.

Me: What? What is this room!?

Sailor Mars: These are all people that are captured. Whoever did this wants to use them for their own evil purposes.

Vince: This is an evil feature to this place.

?: That's a matter of opinion.

We saw Dartz himself waiting for us.

Me: So you are Dartz I presume?

Dartz: That's correct J.D. Knudson. I've heard and seen your achievements over the last 10 years.

Me: It's mutual. But enough with the formalities. Why do you want to wipe out Humanity? What have we ever done that would warrent such a horrible transgression?

Dartz: Humanity is a menace to the world because of the darkness inside their own souls and they must be destroyed.

Me: I don't believe that at all. But why do you want to kill everyone?

Dartz: I should tell you all my story and how I found this out.

Dartz took us on a journey into the past and we were over the city of Atlantis from 10,000 years ago.

---

10,000 years ago, Atlantis, an island that was isolated from the rest of the world, was a perfect civilization. One day, however, meteors rained down upon the kingdom when a volcano erupted. Those meteorites were the mysterious and powerful Stones of the Orichalcos, and they glowed a bright greenish blue. Those stones imbued the people of Atlantis with ultimate knowledge and power. In just a few years, Atlantis became the most advanced civilization on the planet, and was even more advanced than the modern world. However, with power came corruption and greed.

Ironheart, the King of Atlantis and Dartz's father, gave his throne to his son, Dartz. Soon, the stones of the Orichalcos began to expose the evil in people, and turned those with darkness on the inside into monsters on the outside. Dartz witnessed his own wife, Iona become a horrid, ugly beast.

Confused and frightened, Dartz consulted a stone of the Orichalcos for guidance. The Orichalcos granted Dartz great power and lent him the Orichalcos Soldiers to do his bidding. It told him to resurrect an ancient mystical beast known as the Great Leviathan, which would help him to destroy the world and create a new one that would be free of evil. Dartz became corrupted and misguided.

Ironheart and Chris, (Dartz's daughter) fled and called upon the world of Duel Monsters and its guardians, the three Legendary Dragons (in actuality, three soldiers whom Dartz had transformed into dragons) for help against the corrupted Dartz. One day, an army of benevolent magical creatures-including the three dragons-led by Ironheart, met with Dartz's Army of the Orichalcos Soldiers and the Great Leviathan, and the Battle of Atlantis took place. The battle concluded with neither side victorious: The three dragons were frozen in ice, the magical creatures were sent back to their own world, the Soldiers of the Orichalcos were destroyed, the Great Leviathan was sealed away from the world, and Atlantis sank beneath the sea.

The corruption of the Orichalcos made Dartz believe that the world was a wicked place, and that humans had an inherent malice in their hearts. The transformation that the Orichalcos had inflicted on his fellow Atlanteans was, he believed, the punishment for being evil, as the outside of man became as twisted as their inside. Dartz was driven to revive the Great Leviathan to raze the world, so that he may reconstruct it in the image of glorious Atlantis. To do so, Dartz required souls of humans.

Dartz wandered the Earth for 10,000 years, presumably kept alive by the power of the Orichalcos. He knew that he had found one of the powerful souls that he required when he encountered the Pharaoh Atem in ancient Egypt, and witnessed his control of the powers of darkness and his ability to command Duel Monsters. He also witnessed the Pharaoh, with Slifer the Sky Dragon pursuing Thief King Bakura and Diabound. However, Dartz could not capture the Pharaoh's soul because Bakura and Zorc Necrophades were in his way, However Dartz seems to not have any fear of Zorc and when he showed the past of the Pharaoh, Dartz never saw Zorc as a threat to the Great Leviathan, because the powers of the Leviathan were greater than those of Zorc. He therefore had to wait another 5000 years to capture the Pharaoh's soul.

It was unclear precisely when Dartz began to collect souls of boys and men, but eventually, he established a multinational conglomerate that was named Paradius, which became a well-known, yet mysterious force in the business world. But that was not the only organization that Dartz had formed. Dartz also controlled the Doma Organization, a group formed to gather souls of boys and men to feed the Great Leviathan by challenging unsuspecting male players to games of Duel Monsters only to have their souls taken by

"The Seal of Orichalcos", a card that he had suffused with the Orichalcos' power.

For ten thousand years, Dartz collected the souls of boys and men in order to ensure the return of the Great Leviathan into the world. With time, the number of souls of boys and men that Dartz had stolen stretched into the millions, thanks in part to his underlings.

---

Alexis: This is Madness!

Me: You killed all these people!

Dartz: No. These people are gonna be used for a greater purpose.

Varie: You won't get away with this Dartz!

Cody: You're days of terrorizing the planet are finished forever!

Me: I agree.

I unsheathed my sword.

Me: You will pay for this Dartz.

Dartz: So it's a sword fight you want. Very well then.

Dartz formed a sword into his hand.

Me: Lets dance.

Me and Dartz clashed with our swords and sparks were flying every clash. But then I got the drop on Dartz and slash his cheek.

Me: That was for all the people you killed.

Suddenly a portal opened up and out came a dark dragon and swallowed him.

Lincoln: That was creepy.

Bastion: It was.

Zane: Yes.

A massive earthquake then rattled the area and we went outside and saw a strange sight. We saw a beam of green light come out of a whirlpool and we saw the ruins of an ancient city rise out of the ocean. It was the ruins of the Lost City of Atlantis.

Tea: Don't tell me, It's Atlantis!

Me: Unbelievable!

Jaden: That's Atlantis? It looks all run down.

Me: It's been underwater for 10,000 years Jaden. But without a doubt that's where Dartz went to.

If that weren't bad enough, we found out that a massive hurricane was heading towards the East Coastline. It was over 6,000 miles wide and we had 1 hour before it hit.

We went back to the Soul Room and went through the portal and it took us to the city of Atlantis.

Me: This place has seen better days.

Heidi stayed in the Soul Room and she was crying.

Heidi: (Crying) I can't believe that Dartz did this to all of you.

But then she got a look of avenging justice on her face and she unsheathed her sword and knelt in a knight pose.

Heidi: Everyone what Dartz is gonna do will ultimately destroy the entire planet if we don't stop him. Please lend me your strength, light, virtue and power to help me vanquish Dartz once and for all. Let my sword be your ultimate instrument of justice.

The tiles all lit up with rainbow light and they all went into Heidi and she was glowing in a light until she became a ball of rainbow light. Her eyes opened and they were ocean blue with rainbow glowing sclera.

---

We searched the city.

Tea: Lets hope that we make Dartz pay the ultimate price for everything hes done.

Me: Yeah. (Sees something) I see something.

We ran to the alter and saw a glass statue of Dartz sitting on a throne.

Joey: Is that Dartz?

Me: It is. But I don't sense his energy.

I touch it and it disintegrated.

Yugi: Dartz must've somehow left his body behind.

Tristan: Maybe.

Kaiba: Please. It's just another one of his cheap tricks.

Dartz: Is that your answer to everything Kaiba? You really need a new catch phrase.

Me: Where are you Dartz?

Dartz appeared on the ceiling.

Dartz: I'm right here with the Great Leviathan.

Yugi: Hold on Dartz! You told us your leviathan couldn't awaken without the souls of the Three Chosen Duelists!

Dartz: Yes I did say that didn't I? Well I substituted your souls with an equally powerful one.

Yugi: Your soul!

Dartz: Bingo!

The green beam of light redirected and went to the ocean and out of a whirlpool arose a huge dragon and it roared as it came to Atlantis.

Dartz: Fueled by the power of my spirit the Great Beast has returned!

We saw the dragon. It was

**THE GREAT LEVIATHAN - THE HARBINGER OF ARMAGEDDON!**

Me: That is an enormous Dragon!

The level of power it had was incredible.

Lincoln: What a terrible power it has!

Me: It's pure evil!

Joey: That thing could pick its teeth with an Egyptian God Monster!

Yugi: And it's here to conquer mankind.

Tea: What a terrible monster!

Jaden: How can a monster like this be that evil?

Joey: Hold on what's that?

Kaiba: What?

Joey: That little green pimple on its nose.

We saw closer and it was really Dartz. He somehow merged with the Great Leviathan.

Joey: Wait! It's Dartz.

Yugi: Yes. When he lost against J.D. in that swordfight he somehow merged together with the Great Leviathan.

Dartz: Yes it's true. Nothing gets past you Pharaoh.

Kaiba: That's it! I'm not gonna stand here and talk to some mutated hood ornament! I'm just gonna blast you into next week!

Dartz: (Laughs) I'd like to see you try.

The Great Leviathan roared.

Me: Uch! Your breath is just as bad as your ego Dartz.

Chazz: Honestly… I think some of us are gonna be dead way before we waste Dartz. And you know what? I don't mind. It's an honorable end. But we've still gotta shut Dartz and his pals down. All of us Duelists have monsters that are probably weaker then the Orichalcos grunts. (to Tara) All you can do is hurl rocks. No offense. (to Lincoln & Linka) You two are shrimps that can shoot lightning. And we don't now if that'll be enough. (to Sailor Mars) You've got an explosive temper and you've got high heels and a skirt that you might trip over. (to She Hulk) And you? You're drop dead gorgeous, fierce, and strong. And I'm not just talking about when you're green. I'm also talking about when you're a regular chick. And both of your transformations both to and from your green skin are pretty awesome, especially when your clothes over your costume rip off. You know what? I don't wanna die. I'm young. There's stuff that I still wanna do. I just feel like being a jerk to most people because I didn't want to be seen as weak by most Duelists. I've been a loner my whole life. But being part of something bigger like this makes me proud to consider you guys my friends.

Jaden: (smiles) Aw! Thanks, Chazz!

Chazz (glares at Jaden and Syrus): If you two tell anyone else about what I just said, I'm gonna send every powerful monster I own after you!

Jaden: (sweatdrops) My lips are sealed!

Syrus: (scared) I honestly didn't hear anything you said after the part where some of us might die.

Yugi: I play Legend of Heart and now show us your true form.

We saw that they were really Knights.

Me: They're really knights? Awesome!

Rafael: It sure is. I summon Guardian Eatos, Guardian Grarl and Guardian Kay'est!

Me: Now. MONSTERS ATTACK!

We fired blasts of energy and many elements and more at the Leviathan. It was an epic battle that will decide the fate of Humanity.

The attacks were hurting the Leviathan but weren't enough.

Dartz: Is that the best you can do? (Evil Laughter) Now do you realize what you are dealing with?

Me: No we don't and we don't care!

Yugi: Timaeus! Absorb Kuriboh's ability to multiply! Attack with the force of 10,000 Knights!

Timaeus got the powers in his Sword.

Timaeus: Go Sword of Justice! End this now!

Me: Varie, Vince, Lincoln, Linka, Together!

Me, Varie, Vince, Lincoln and Linka : KAAAAA! MEEEEEEE! HAAAAAAA! MEEEEEEE!

We fired our attacks at the same time.

Me, Varie, Vince, Lincoln and Linka: HAAAAAAAAAAAAAAAAAAAAA!

They combined and they hit the Leviathan head on and exploded with incredible power.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOMM!

Me: Bullseye!

Varie: That got him!

Joey: Direct hit!

Yugi: The prisoners are free!

When the smoke cleared the Leviathan was blown half apart.

Me: Whoa! It's power took a huge drop. That blast cut its power in half!

Varie: Yes! I sense that half of the prisoners are free.

Dartz: I am not beaten yet!

Me: You don't know how to quit do you?

But we saw the Great Leviathan regenerate it's body but it was weakened. Then it charged up its attack. It was a breath blast made of pure Negative Energy. But just as it was about to fire, a bright ball of rainbow light appeared out of nowhere and slammed into the Leviathan with devastating force.

KRABLAM!

Me: Whoa!

The ball landed in front of us and faded. It was Heidi and she was glowing in a rainbow aura that was 1,000 times brighter than the Sun and I sensed an unusual thing in her.

Me: Heidi? Wha? What happened?

Heidi: We have united to help destroy Dartz and the Great Leviathan. I have called upon the people Dartz imprisoned and converted their negative energy into light.

Varie: That's unbelievable!

Jaden: Incredible! Get your game on Heidi!

Me: I can sense everyone that Dartz imprisoned inside you Heidi. They've lended their power to you to destroy Dartz.

Heidi: That's right Grandpa. Also I summoned them.

Beams of Blue, Red and Yellow Light shined out of the clouds and 3 figures came out. It was Obelisk the Tormentor, Slifer the Sky Dragon and The Winged Dragon of Ra.

Heidi: Dartz will get what's coming to him.

Me: We believe in you Heidi. Go get him!

Heidi: With Pleasure.

Heidi, Obelisk, Slifer and Ra flew up into the sky above the clouds and were facing Dartz and the Great Leviathan.

Heidi: You will pay!

Dartz: You dare to challenge the Great Leviathan!? You have a lot to learn Heidi!

Heidi: We've learned all we need about you.

Obelisk punched the Leviathan but it only amused it.

Dartz: (Evil Laughter) They're powerless!

The Leviathan wrapped around Obelisk and Heidi punched it and freed him. Slifer and Ra fired their attacks and hurt it.

Dartz: My Great Leviathan existed long before the Egyptian Gods were ever born! And it will rule the Earth long after those pathetic creatures are gone! Now Leviathan ATTACK!

The Leviathan fired a blast of pure Negative Energy at Heidi and the Gods.

Heidi: Obelisk, Fist of Fury!

Obelisk clenched his fist and it glowed blue.

Heidi: Slifer, Thunder Force Attack!

Slifer charged up a blast of pure lightning.

Heidi: Ra, Ignite your mighty Blaze Cannon!

Ra charged up a fire cannon.

Heidi: KAAAAA! MEEEEE! HAAAAA! MEEEEE! HAAAAAAAAAAAAAAAAAAAAAAAA!

Heidi fired a green Kamehameha Wave, Obelisk fired a blast of blue energy from his fist, Slifer fired a blast of red energy and Ra fired a blast of yellow energy. The attacks combined and the blasts collided and exploded when the struggle began.

KRAAABBBOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMMMMMM

The explosion blew away some of the storm clouds and illuminated the darkness under the clouds. The level of power being generated was incredible.

Me: Unbelievable!

Varie: What power!

Vince: This is amazing!

The battle was intense.

Dartz: My beast is fueled by the darkness of my prisoners!

Heidi: Not anymore Dartz! Good, Kindness, Love and Light are far more powerful than Darkness and Hate! Now feel their power!

The blast overtook Dartz's blast and it hit the Leviathan and exploded with incredible power.

KRAAAAABBBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOO

Dartz: NO! WHAT HAVE YOU DONE HEIDI!?

Heidi: We killed you! Go to Hell and stay there!

Beams of light exploded out of the Leviathan and it completely exploded into dust and was completely obliterated.

Heidi: That did it.

Everyone left Heidi and they were free. The souls that Dartz killed or imprisoned can now rest in peace and go back to their bodies.

Heidi landed by us.

Me: You did it Heidi!

Heidi: No Grandpa. We all did it.

Atlantis then started rumbling.

Me: This place is crumbling! Lets go!

We ran for the portal and all our Duel Monsters returned to our decks. Most of us went through the portal and got out.

Heidi and Me were about to go but she stopped me.

Heidi: Wait grandpa!

Me: What's wrong Heidi?

Heidi: Something's not right.

We saw Dartz still alive and he was hurt bad.

Heidi: I thought I killed you. There's no way you could've survived that blast!

Dartz: I couldn't say goodbye just yet. (Malevolent Chuckle)

A black smoke came out of him and became a ferocious evil snake made entirely out of pure Negative Energy and it had a dark aura of pure evil!

Me: What does it take to kill this monster!?

Heidi: We'll find out now.

Heidi took her sword and slashed the snakes head. But the sword didn't affect it.

Heidi: That didn't work.

Dartz: So you've come to your senses and given up?

Heidi: Not gonna happen Dartz!

Dartz: Haven't you figured it out yet? All the monsters in the world combined together couldn't destroy my Leviathan. Not even you.

Me: Why is that?

Dartz: Because this creature isn't one of your little Duel Monsters. It was born from the very darkness of the human soul!

Heidi: It was created from the very Negative Energy within all humans!

Dartz: That's right. What I mean is the Great Leviathan was created by the hatred and rage of humans! So as long as Mankind exists, so does the Great Beast!

The evil snake's eyes glowed red with pure evil.

Heidi: You don't have any idea how wrong you are Dartz. That creature was created by the Orichalcos! You were lied to and you were brainwashed into believing that mankind must be eradicated. But Human beings are not the evil ones Dartz. It's you! Think about what you're doing. When you ruled all of Atlantis 10,000 years ago all of your people were generous and peaceful. But then the Orichalcos Stones arrived. And everything changed. Those fragments carried with them an evil force and brought Chaos, Death, Destruction and Hatred to Paradise!

Me: That's right Dartz. The Orichalcos is using you as a pawn in its diabolical ambition to destroy the Earth!

Heidi: So if you want to wipe out all of humanity you'll have to go through me!

The snake lunged at Heidi and enveloped her in a tornado of pure Negative Energy.

Dartz: I'm going to enjoy this!

Heidi: But you don't know what else I can do. I live off of Negative Energy. My body converts it into Positive Energy and it makes me more powerful! I will absorb you into the darkest recesses of my mind and seal you away for all eternity! NOW DIE!

Heidi sucked in Dartz and the Orichalcos into her body.

Dartz was being destroyed in her mind.

Dartz: NO! THIS IS IMPOSSIBLE!

Dartz and the Orichalcos were destroyed in the darkest reaches of Heidi's mind and sealed away for all eternity.

Heidi: (Sighs) It's done. It's finally over.

The dark hurricane vanished and was gone forever. The darkness was gone forever.

Heidi collapsed from exhaustion and I caught her.

Me: Are you all right Heidi?

Heidi: Yeah. I'm fine Grandpa. I'm just exhausted and so tired.

I pick her up Bridal Style.

Then Ironheart and Chris appeared.

Me: King Ironheart and Princess Chris.

Ironheart: That's right J.D. Thank you for saving all of the world from total destruction. You have saved us all from death.

Me: You're welcome your majesty. I'm so sorry about Dartz.

Chris: I know J.D. But I know that dad is always with me.

Me: I know. The Orichalcos destroyed everything you all worked so hard to achieve. If those evil stones hadn't come we would've learned from everyone in Atlantis and it would've been greatly beneficial for the Human Race in its entirety.

Ironheart: I know. But you have the eternal gratitude of everyone in Atlantis J.D.

Me: It was what we had to do your majesty to ensure the survival and safety of the world. But Heidi is the real hero. She stopped Dartz's evil plans to destroy the Earth. Duel Monsters, Angels and Humans united together in this time of crisis.

I had tears come down my face.

Me: I also had a feeling that you were with us the whole time. But also I couldn't be anymore prouder of my granddaughter Heidi.

Ironheart: I know J.D. Thank you again my friend. We're gonna explore the world and learn about it more.

Me: I understand. I also have a feeling that we will meet again someday. Take care your Majesty. [To Chris] And you too your highness.

Chris: Take care J.D. and thank you.

I nod and went through the portal and we went back to Duel Academy.

Atlantis went back into the ocean with a big splash and destroyed Dartz's lair. We celebrated our victory at Obelisk Blue Dorm.

April O'Neal: No it wasn't.

She told us who this version of the Shredder was.

Oroku Saki, better known as the Shredder or later the Super Shredder, is the main antagonist of the 2012 TV series Teenage Mutant Ninja Turtles.

He is the deadly and ruthless leader of the Foot Clan, the kidnapper of Karai, and the archenemy of Hamato Yoshi/Master Splinter and Leonardo (sometimes with the rest of the turtles). He is also the master of Tiger Claw, Rahzar, Fishface, Bebop, Rocksteady, and Baxter Stockman.

He is also Yoshi's former best friend and adopted brother. At the end of the Season 4 episode "City at War", Shredder is mutated and becomes a greater threat than ever before.

He is voiced by Kevin Michael Richardson, who also played Sarevok Anchev from Baldur's Gate, Captain Gantu from the Lilo & Stitch franchise, Goro in the Mortal Kombat film, Chairman Drek in the video game, Ratchet & Clank, Joker in the Kids WB show, The Batman, Darkseid in Superman: Shadow of Apokolips, Trigon in Teen Titans, Trigon's 2013 incarnation in Teen Titans Go!, and Rhombulus from Star vs The Forces of Evil.

Shredder was the son of the leader of the Foot Clan, Oroku Keiji. During the long war between the Foot and the Hamato Clans, Hamato Yuuta, the leader of the rival clan, kill Keiji. Out of sympathy, he took Saki in as his adoptive son and raised him and his biological son, Hamato Yoshi, as brothers. They were best friends. However, despite the happiness Saki and Yoshi had, he was a troubled kid, getting visions of the world in flames. Saki and Yoshi then became rivals like most brothers are and got competitive. It worsened when they had a crush on Tang Shen and competed for her love. In their adulthood, Shen eventually chose Yoshi and married him.

Since Tang Shen was in love with Yoshi, Saki was overcome with jealousy, so he approached the two one day, and pointed out many harsh and violent words at Yoshi, insulting him to the point of uncontrollable rage. Yoshi stopped Saki with a violent attack that left him limping away, and since that day, Yoshi and Saki's rivalry became a bond of hatred.

As revealed in "Tale of the Yokai", a young Oroku Saki helps some other members of the Hamato Clan when the Turtles (who were ended up in said time period by fate itself to rescue Splinter from the flames) battled them, referring to them as yokai, ancient Japanese monsters before Michelangelo throws a smoke bomb to escape. Saki goes to the dojo to explain to Hamato Yuuta of his encounter, only to be dismissed by an arrogant Hamato Yoshi. The two "brothers" then combat one another in sparring; the duel turns intense over the mentioning of Tang Shen, with Saki claiming his friend doesn't love her. Knocking him down, Yoshi offers a hand to his friend only for Saki to bitterly reject the kind gesture (cruelly hurting Yoshi's feelings).

Later at night, Saki protects Shen and her daughter Miwa when the Turtles foolishly behave which causes Miwa to cry. Oroku reveals to Shen of overhearing an earlier conversation between her and Yoshi of the latter's refusal to move to New York and is willing to fill Yoshi's role, claiming to be a changed man before softly kissing her forehead. The tenderness of Saki is seen by Yoshi; when dueling with Saki again, Yoshi fights angrily, demanding to know of the discussion between his wife and "brother". Despite Yuuta's attempts of calming the two, jealousy and bitterness harms Yoshi and Saki's friendship.

Out of a lust for vengeance and finding out the truth about his heritage, Saki offscreen drills several Hamato Clan ninjas of the clan's ignorance. Desiring revenge, he torches a shrine and declares the Foot Clan's rise once more; his first target is none other than his former "brother" Hamato Yoshi. Armed with two claw gauntlets, Saki attacks the couple out of rejection and insanity, refusing to stop his merciless attack on Yoshi from the conflicts he's fought overtime, which knocked some candles but and burned the dojo down. When Shen renters the dojo to prevent further harm, Oroku Saki tries to commit a fatal slash on Yoshi, but Shen steps in the way to prevent a murder between two brothers, killing her instead accidentally, shocking even him. Though he attempts to save Shen's body, a piece of burning debris hits Saki, giving him the face burn as a reminder of the tragic day. He then takes Miwa away where he restarts the Foot Clan under a new moniker: The Shredder. It is also hinted that Shredder killed Hamato Yuuta off-screen (for killing his birth father, Oroku Keiji).

Shredder then has trained Miwa, renaming her Karai as a ninja and fed her many lies about who her true heritage is, just like what Yuuta did to him, and that Yoshi killed her mother, which Karai believed and had a disdain on Splinter due to this. He also was in partnership with weapons dealer Ivan Sterenko, who supplied him weapons for 10 years before the events of the season. he also has trained Chris Bradford, who then became a top member of the Foot Clan and a world-famous martial artist. He also employed Xever Montes, impressed by his skills when he tried to steal Shredder's suitcase.

Season 1

The Shredder's first appearance was in Rise of the Turtles, as Master Splinter explained to Leonardo about his first failure, telling about his history with the Shredder. Shredder, who has recently restored his cannon-fodding birth clan, called The Foot, saw a televised news bulletin from America, which tells how "Ninjas" were in New York. As the bulletin continued, he caught a glimpse of a shuriken with Yoshi's insignia. Now realizing the status of his "old nemesis", Saki dons his helmet and leads the Foot to America, where he intends to visit an "old friend". Off screen, he informs several of his men about his discovery.

Though he had no actual appearance in Turtle Temper, the Shredder's reason for hating Yoshi was explained to a grumpy Raphael by Splinter, who was explaining how careless decisions of anger could jeopardize the people around him. Splinter never forgave himself for acting so careless as he feels that him losing his temper was the reason Saki ended up destroying the Hamato Clan and his family. The episode reveals that this is why he is so harsh on Raphael whenever he loses his temper as he fears that his son would become no better than himself and Saki if his temper is left unchecked.

In New Friend, Old Enemy, Shredder appears before his greatest pupil, Chris Bradford, and alerts him to Hamato Yoshi still being among the living. So he assigns Bradford with the job of eliminating Yoshi and his disciples. However, he was required to work alongside Shredder's street contact, Xever Montes. When Chris objects, Shredder makes it clear that he will not tolerate their feud getting in the way of their mission.

In Never Say Xever, Bradford returns to his master and reports his failure, AND that Yoshi's disciples were actually "man-sized" turtles. Disappointed by Bradford's failure, the Shredder decides to have him follow Montes instead, hoping that the outcome will be different. However, the results were the same, and Shredder could not accept his minions' lack of victory. So he announces that he will deal with the Turtles himself.

In The Gauntlet, Shredder remains disappointed in his two pupils for failing him, and lets his pet dog, Hachiko, bite Bradford's hand, and the Shredder explains that the dog wasn't pleased with him, nor was his master. Shredder's words of disappointment towards Bradford and Montes were as painful as Hachiko's teeth, going so far as to telling his pupil that he shamed his master with his incompetence even after every lesson and secret he shared with him, and he then cursed Montes, wishing that he never released the hoodlum from prison. The Shredder's words burned inside Bradford's mind, making him want to finish the Turtles off even more. And when the Foot reported to him about the Turtles current location, he and Montes followed them, hoping to please their master by killing the Turtles once and for all. After Bradford and Montes were washed away by the Mutagen inside a bomb, the Turtles celebrated their victory over them, but were shocked to hear a booming voice… "Your skills are impressive… but they will NOT save you." The Shredder made his presence known, making it all the more obvious that he is there to kill them. They all attacked him one by one, but he easily batted them back. He was proven not to be invincible though, as they managed to get in a few good hits each (Donatello most notably), and Michelangelo managed to hang him by his arm with the use of his nunchaku, though not for more than a few seconds. After Shredder defeated Donatello, Raphael, and Michelangelo, he grabbed Leonardo and demanded to know Splinter's whereabouts, promising that if Leo complied, he would die without suffering.

Shockingly, Shredder released the Turtles' leader when he saw Montes and Bradford changed into mutant animals. Though Shredder was terrified (and it is implied that he was even concerned) by this new surprise, he still intended to interrogate the Turtles, but they were already gone. He roared at his loss and confusion.

In Panic in the Sewers, Splinter has a nightmare about the Shredder killing the Turtles one by one, so the wary sensei takes matters into his own hands by training the Turtles further and restricting their right to leave the lair and play their games. He even denies them rest until Leonardo pleads on his brother's behalf. Meanwhile, Shredder orders Bradford (whom Mikey dubs Dogpound, because of his new dog-like form) to take command of the Purple Dragons and a pair of Foot Ninjas, and locate a tanker truck of chlorosulfonic acid. After a few hours, Bradford reports how the Turtles defeated them with "go-karts and a water balloon." Before Bradford could make an excuse, The Shredder sliced off a part of his seemingly unbreakable spikes, indicating that Shredder is now tempted to kill his pupil if he fails him again.

In Mousers Attack!, Dogpound proves useful to the Shredder as he reported the Purple Dragons agreement to increase the Foot Clan's cut to 80% with 'no complaints'. Montes (stuck in a tank of water, due to his new fish-like form) yells out his frustrations about how useless he is in his current body. Dogpound and Shredder agree with him with Shredder outright expressing his disappointment at his weakness, but Shredder is quick to threaten Dogpound for the price of another loss… his legs. However, Dogpound is quick to change Shredder's mind. The feral hound brings over Baxter Stockman, whose creations, the Mousers, cost The Shredder his chance of finding the Turtles' base. Shredder, of course, blames the scientist, but he also finds a use for him and his talents at technology. So, he spares Stockman in exchange for the latter's services…

In New Girl in Town, Shredder is not pleased with Karai's failure in killing Leonardo and tells her that the next time she must finish him off or else implying that despite his love for her, he is more than willing to punish her whenever she fails.

In The Alien Agenda, Shredder's patience is wearing thin when

Stockman failed in his attempt to build mechanical legs for Montes. When Karai came with information about the Kraang, Shredder dismissed it and told her to focus on her mission to destroy the Turtles and their master. When Karai brought a Kraang droid, which proved useful, Shredder, although upset that she disobeyed him, was pleased and wanted Karai to find out everything she can about the Kraang. He then has Stockman use the droid to repair Xever's legs.

In "Baxter's Gambit", Shredder for the first time does not act out so much in this episode, but he gives Stockman permission to set out a trap for the Turtles, unaware it was also for Dogpound and Montes (whom Mikey recently dubs Fishface, because of his new fish-like form) as well.

In "Enemy of My Enemy", Shredder ignores Karai's warning about the Kraang Invasion, since he is more focused on a weapons trade he has planned with his weapons dealer and mafia business partner, Ivan Steranko and the Turtles whom he now considers a major threat. He faces the Turtles once more, this time having some trouble because of their improved skill and them keeping their distance intead of fighting him directly. After they evade him and take down the Kraang spaceship, Shredder along with Karai, capture one of the Kraang and take him to his lair.

In "Karai's Vendetta", Shredder interrogates the captive Kraang. He threatens to kill the Kraang with one of his blades unless he tells him what he needs to know. The Kraang tells him that the reason they are trying to destroy the Turtles is because they are protecting the Kraang's main target; April O'Neil. Shredder then orders Karai to capture her. Luckily, April manages to get away.

In "The Pulverizer Returns", he decides to obtain mutagen from the Kraang so that he can transform some of the Foot Soldiers into mutants, though warned by the captive Kraang operative of unpredictable results. After the Turtles thwart the plot, the captive Kraang operative tells Shredder that they have a common enemy in the Turtles and thus an alliance was born.

In "Operation: Break Out, at TCRI", Shredder tells the Kraang that the Newtralizer nearly interfered in the plan. However, the Kraang remarks that it didn't prevent Kirby O'Neil from being taken (which was part of their plan to find the turtles' lair and April). Shredder then says that vengeance will soon be theirs.

In "Booyaka-Showdown, Part 1 and Part 2", Shredder abducts April O' Neil and forces Splinter to duel with him. Splinter later finds out that the April that Shredder "abducted" is just a hologram. When Shredder finds out that Splinter is now a rat, he laughs, saying that he is "a rat caught in his trap". He then reveals that he only need April as bait to lure him out and now that he had, he had no use of April so he handed her over to the Kraang. Splinter battles the Shredder at the Foot Clan's hideout. Shredder later reveals sometime into the battle that Karai is in fact Miwa: Splinter's supposedly dead daughter. During the battle, Splinter, in a new flurry of rage, knocks off Shredder's helmet, to reveal the latter's horribly burned face, and moved in for the finishing blow. This was prevented by Karai, however. Shredder informs Karai that the rat is Hamato Yoshi, the man that he had told her had killed his mother, which happens to be another lie fed to her by her false father.

Season 2

In "The Mutation Situation", Shredder can be seen in his lair, approving The Kraang's plan of creating an ape-like creature to attack the turtles. However, after The Kraang's plan fails, Shredder informs Karai that since the aliens are of no use to him now, he will begin to develop an army on his own.

In "Follow The Leader", Shredder tests his new robotic foot soldiers built by the Kraang (which indicates that the Kraang are still in fact still useful to him, and their alliance still stands) by having them fight Karai. He then leaves for Japan to take care of an "urgent matter", while he tells Karai not to make any move on the turtles while he is gone.

In "Target: April O'Neil", He speaks to Karai through a mouser projection screen [for he's still in Japan]. He is very angry at her for disobeying him and his orders after she went after the Turtles and failed miserably. Karai states that the Kraang have made improvements to the Footbots which she blames for the Turtles escape, so Shredder then cuts her off and orders her to not have any more dealings with the Kraang until he returns. He then threatens to her punish her should she disobey him again and he assures her the consequences will be severe. He then signs off.

In "The Manhattan Project", Shredder brings Tiger Claw onto his team and makes him his second-in-command. Karai is appalled by this, saying that she earned this position fair and square. Shredder, refuses to consider given her a second chance, ouright stating that this was her punishment for abusing her power while he was away. Shredder then sends Tiger Claw off to find & abduct Splinter and the Turtles, commanding Karai to follow Tiger Claw's every order. After the capture of Splinter, Shredder enters the lair, along with Karai. He tells both Dogpound (whom Mikey recently dubs Rahzar, because of his new near-skeletal form) and Fishface that they must leave the area for the time being. Afterward, he immediately approaches Splinter and purposely tries to exacerbate things by telling him that he has grown to be 'a wretched rat-man only waiting to be put out of his misery'. Splinter retorts that, at least he is not someone who wears a mask, hiding the low amount of humanity that they have left. Shredder says that Splinter is the one and only reason that he wears his signature helmet. The Shredder then extends one of his gauntlets and prepares to kill his mortal enemy. However, Karai halts his horrible action. Shredder asks why she would dare to try and stop him, to which Karai replies that executing a sworn enemy while the latter is poisoned and chained is just improper. She then recommends allowing Splinter to perish with the slightest bit of honour and in a combat situation, preferably. Tiger Claw ends up siding with Karai on this one. Thus, Shredder offers Splinter one last chance to inhale and exhale before fighting with him. Meanwhile, Leo is climbing up the side of the Foot Headquarters with the usage of Tegaki. After destroying a couple Footbots that were put on guard, he successfully gains entry into the building and jumps down several platforms until he has reached his sensei. However, the throne room is then lit up with dozens of orange lights at the sidelines, and this is when the Shredder appears from behind his throne. Just when Leo is about to pull out his twin weapons, Tiger Claw (along with the Rahzar, Fishface and Stockman) appears and twists his arm, disarming him and knocking him onto the floor. The Shredder then asks where the other three Turtles are, but Tiger Claw, using his very keen sense of smell, says that he senses no one else in the area. The Shredder then removes his own cape, breaks the bindings around Splinter's arms, and instructs Leo to watch in horror as the retribution with Splinter is finally carried out to the end. In spite of being poisoned, Splinter is actually able to avoid just a few of Shredder's attacks, but Yoshi is then kicked hard in the torso, sending him flying a good length of the way across the room. Shredder then picks him up and is about to put him out of his misery for certain when yet another earthquake occurs, catching the Shredder and his henchman off-guard. Not only that - but our heroes then enter, armed with some handy fire crackers, which they actually use to distract the ' attention and escape with their sensei.

In "The Lonely Mutation of Baxter Stockman", Shredder and Rahzar walk into Stockman's lab, scolding Stockman for creating a bunch of useless mutants, including a duck. Stockman explains that it swims, flies, and knows Taekwondo, but this is obviously not enough to please Shredder, so he then says that he has devised plans for pigs and rhinos, but this still doesn't get himself off the hook. Shredder knows that Stockman has failed him one time too many, and Rahzar begins approaching the scientist with the intention of severely harming him, but Shredder has a much more suitable fate in mind - mutating Stockman. Shredder presses a button on the controller that triggers the bottles on Baxter's neck brace to crack, slowly spewing the contained Mutagen all over him. Shredder and Rahzar then leave him behind to mutate. Later, the Footbots drag a dazed Stockman-Fly all the way back to the Foot HQ. They then pause and Rahzar approaches. He says that he wants to squish Stockman here and now, but Shredder has "other plans". Shredder then says that Stockman will need to create one last Mutant to be evaluated- and if he messes up, the villain will pluck his wings. Knowing that his hateful life will continue from this point, Stockman-Fly thanks Shredder for his 'generosity', while Rahzar tosses a chocolate bar for Stockman-Fly to eat.

In "The Wrath of Tiger Claw", Shredder sees Karai looking at a photo of her mother and asks what troubles her. Karai asks him to tell her the truth about Hamato Yoshi, Shredder tells her that he is responsible for the death of her mother just as Tiger Claw enters the room. Tiger Claw explains how he crossed different dimensions to return so he could have is revenge against all those who have wronged him. Shredder tells Tiger Claw to go after the turtles and and destroy them despite Karai's objections, he orders her to go with Claw brings Karai before Shredder, telling him of her betrayal. Karai demands that he tell her the truth about Splinter to which Shredder finally admits that she is Hamato Yoshi's daughter. Shredder then tells Tiger Claw to take her away, locking her away in a cell.

In "The Legend of the Kuro Kabuto", Shredder visits Karai in her jail cell explaining why he kept her real father a secret and hopes that she will one day understand what he had to do. After Shredder's helmet called the Kuro Kabuto is stolen by Steranko's master thief, Anton Zeck, on his boss's behalf, Shredder finds his calling card on a glued-down Rahzar and orders him to get him everyone. After explaining the history of the Kuro Kabuto, Shredder orders his minions to hunt for Zeck (Fishface is sent with Stockman-Fly while Rahzar is sent with Tiger Claw). When Leonardo confronts Shredder for a trade, he kept him busy long enough for the others to get to Karai. Shredder managed to get the Kuro Kabuto back upon the Turtles' retreat. The Karai that was traded later turned out to be a bomb as the Turtles evade it.

In "Vengeance is Mine", Shredder appears and orders Tiger Claw to spare Karai's life. Tiger Claw agrees and, later, Karai awakens with chains around both of her wrists, while Shredder is standing behind her. Shredder takes off the lower part of his mask and asks why Karai has insisted on trying to hurt him. Karai refuses to speak, causing Shredder to ask why 'his daughter' does not have a thing to say. Karai harshly scolds him and, at the top of her lungs, yells that she is not his daughter. As Karai escapes, she looks up to see Shredder staring down at her from the top of the building with an enraged look in his eyes. Tiger Claw reports back to Shredder, stating that he has searched the city in search of Karai and that he has ordered some Footbots to continue the search and to return with every detail. After Tiger Claw reveals that he hasn't had any luck yet, Shredder tells his minion that his efforts are pointless and that Karai's escape was to be counted on. He then goes on to say that Karai will most likely arrive with Splinter and his pupils to finish what they have started, which will allow the Shredder to have his vengeance. Shredder then commands Tiger Claw to inform

Stockman-Fly of the situation. Breaking back into Shredder's headquarters, Karai notices that her former 'father' seems to be resting in his throne, but, after coming closer, it is then revealed that Shredder has put Chrome Dome there instead. She is then nearly captured by the robot, but manages to stab it through the chest before it can possibly inflict any harm. Shredder then emerges from the shadows and says that she has returned sooner than expected. She then confronts Shredder in combat, vowing to give him a final goodbye. However, Shredder quickly tells her that the mistake she's made is foolish and that he has taught her everything she has come to learn. Shredder then brings his blade up close to her neck and has her handed over to a massive hoard of his own henchmen. Karai is then taken away so that a mysterious experiment can Stockman-Fly's new lab, Shredder walks in and it is soon revealed that Stockman-Fly was told to extract a large portion of DNA from a serpent and place it inside of his vat filled with Mutagen. Shredder then orders his men to have Karai bound to a table within a cage hanging over the vat. Tiger Claw remarks that Shredder is pretty ruthless if he's wanting to mutate his own 'cub', but Shredder replies that Karai becoming a Mutant is not his actual intentions. His plan is that, when the Turtles attempt to save Karai, he drop them into the Mutagen, and this will cause them to become brainless serpents that will immediately start to target Splinter. Therefore, the latter would be left mortified and this is when Shredder would get the chance to 'shatter' his body. However, what Stockman-Fly did not reveal is that, the split second before Shredder entered, a different substance was accidentally spilled into the jar that is containing the modified Mutagen. Regardless, he states that everything has been prepared perfectly. During the next moment, Splinter and his sons all jump down from the ceiling. It is not that long before Donnie, Mikey, and Raph are all trapped inside of spring-loaded cages that were set on the floor, while Master Splinter is restrained by ropes thrown onto him by the Footbots. Leo is also tossed into a cage by a Foot-Bot, but, luckily, just as the cage detracts, he slips a part of his katana into an opening and this lets him pry his way out. He then jumps up and over the vat in order to reach Karai. He removes the gag from her mouth and she thanks him. However, Shredder then tries to stab Leo from behind, but Leo ducks and Shredder's gauntlet accidentally cuts through the chain that is holding up Karai's cage. Leo and Shredder both jump clear of the vat, but Karai's cage drops, and sinks deep into the Mutagen, as Master Splinter observes this in sadness. As a now mutant serpent Karai makes her way out of the Mutagen, Shredder is also filled with remorse. Shredder immediately tries to pin the blame on Splinter for Karai's mutation, and he charges off to finish his foe, only to be stopped when a large piece of the ceiling caves in and prevents him from continuing further. Tiger Claw says to Shredder that they have won this fight and should retreat proudly. Shredder is angry when he hears these words, as he does not feel like he has won at all and vows to avenge Karai, before disappearing into the debris.

In "The Invasion", Shredder is seated on his throne, remembering Karai as a human and his pride in her skills as a ninja. Tiger Claw then enters the room, asking the Shredder if he's made up his mind about a deal with the Kraang. The Shredder states that he does accept their alliance with the Kraang, as they have provided the Foot Clan with a lot of Technology and have asked for little in return. Tiger Claw questions the Shredder's decision because the Kraang will most likely betray him, as they have no care for the human race. The Shredder states that he has no regard for it, either. Kraang Prime then contacts the Shredder, asking for a decision as well. In exchange for the Kraang to reverse Karai's mutation and 'deliver' Splinter and the Turtles to the Shredder, the Shredder will then help the Kraang take over New York and the world. As chaos erupts during the Kraang invasion, watches it with his disciples. He gets word that Leonardo is moving in their direction. The Shredder prepares an ambush for him. Leo battles the Shredder's Footbots. He demands the Shredder to face him, but the Shredder denies this, stating that Leo is beneath his abilities. Leo begins to tire from the Footbots' attacks, but the Foot do not let up. Tiger Claw asks the Shredder if he can finish Leo off and the Shredder tells him not to do it yet, as he wants to see Leo fights off more Footbots at the construction site and loses both his katana in the process. When his enemies seem to be defeated, Leo pauses, but a Foot-Bot on the ground grabs his leg and Leo loses balance, causing him to roll down the embankment and into the ice water collected in the pit below him. Leo soon comes out of the water, chilled and exhausted, but is unwilling to flee from his enemies. The Shredder then gives Tiger Claw, Rahzar and Fishface the go-ahead to attack Leonardo, and they do so. Leo fights them off and, amazingly, he defeats all of them, but the Shredder then slashes him across the chest, causing Leo to fall completely unconscious. Tiger Claw picks up the battered and senseless Leo and looks at his T-Phone, seeing the text messages from Mikey telling Leo to come to April's home. The Shredder demands his minions to draw every one in the apartment out by throwing in Leo. As Tiger Claw and the others leave to do this, the Shredder is confronted by Splinter, who demands to know where Leo is. The Shredder states that he has 'taken' Leonardo much like he took Miwa from Splinter and then they Shredder states that Splinter is weak, while the Shredder is still strong with his rage. After Splinter knocks down the Shredder, however, Splinter tells him that anger is something that doesn't last. The Shredder ignores Splinter's wisdom and kicks him against a machine, causing lead pipes to fall on top of him. As the Shredder is poised to drive his gauntlets between Splinter's eyes, Leatherhead leaps on top of the Shredder and grabs him inside of his jaws, trying to crush him. However, the Shredder also defeats him and kicks him down into the water at the bottom of the pit. Now, full of righteous anger, Splinter starts to battle the Shredder with newfound strength and they both fall into the pit after Leatherhead. Splinter and the Shredder continue to fight in the sewer, April, Donnie, Mikey and Raph follow April's vision to the end of at drain pipe where they are trapped behind bars and only able to watch and shout words of encouragement to Splinter as he fights with the Shredder. Although Splinter is able to send his enemy flying through a wall, the Shredder strikes him down and turns a nearby wheel, activating a whirlpool that he throws Splinter into. This enrages Raph beyond words. The Shredder then leaves and Raph is angry beyond words, calling the Shredder a monster.

Season 3

In "Vision Quest", he appears in the spirit realm as Leonardo's opponent. At first, he overwhelms him by attacking the injured leg and being able to snatch the twin katanas welded. Leo is nearly defeated until he realizes the pain is all in his mind, leading to him to finally take the Shredder on. Shredder then grows to a giant size and is able to grab Leo, but is defeated upon Leo escaping his clutches and shooting him with an arrow to his burnt eye. Following this victory, Leo states that one day he'll beat him in the real world.

In "Return to New York", he warns Tiger Claw to watch his tone, and reveals he knows much more about the Kraang's plan. For some reason, Shredder had other plans. He decides to destroy the Kraang and take over the city himself when the time is right. While telling Tiger Claw to continue his search for Karai, the Footbots arrived in with Splinter (who's lost his mind from the injuries). He has Stockman-Fly to place him in a containment unit to have his memories restored (not out of compassion, but so he considered killing Yoshi less fun if he couldn't remember him). Later, when Mikey accidentally sets that alarm on, Shredder and his gang arrive in to see the Turtles, Casey and April with Splinter, who's mind has been restored. Shredder has his clan to go after them, but they quickly get out with the help of ninja smoke bombs.

In "Serpent Hunt", Shredder has Rahzar and Fishface continue their search for Karai. At the docks, he discovers Zeck was employed Steranko to steal his helmet, but Steranko arrives with a restrained Karai, who he promises to get back to Shredder in exchange for a way out of the city safely. After Karai and the Turtles escape, Shredder becomes furious at Zeck and Steranko for attempting to steal his helmet and hunting Karai, and proceeds to have them both mutated in Stockman-Fly's lab, despite Steranko's pleads for forgiveness, since they've known each other for about 10 years. When Stockman-Fly adds warthog DNA in the first batch of mutagen, Shredder orders Fishface to have Zeck to be mutated first for stealing the Kuro Kabuto. After Zeck is mutated, Shredder then has Stockman-Fly add rhinoceros DNA in the second mutagen batch to have Steranko mutated for his betrayal. He tells Steranko that his animal (the rhinoceros) is apropos. Steranko still tries to convince Shredder he would be better for him as a human, but Shredder, still ignoring his pleads, nods at Rahzar, who kicks Steranko in the second mutagen batch.

In "The Pig and The Rhino", Zeck and Steranko attack Shredder for mutating them but he easily defeats them and makes them his new servants. He orders them to find Karai again or else he will further injure them. Despite the two (whom Mikey dubs Bebop and Rocksteady, because of their new warthog-like and rhino-like forms) originally disobeying him to go after the Turtles, they end up capturing Karai and bring her to his lair. Shredder vows to cure Karai and have his revenge on the Turtles.

In "Casey Jones Vs. The Underworld", he is seen watching Karai in Stokman's lab, then later meets with Don Vizioso, an Italian crime lord. After mentioning how he controls the Russian Mob through Rocksteady, the Asian gangs through Hun and the rest of the Purple Dragons and the South American gangs through Fishface, Shredder proves his point by slicing his meatballs and candles, Vizioso swears his allegiance with Shredder. Hun then brings him the chemicals he was looking for. After Stockman-Fly told Shredder they did not have the proper equipment they needed Hun gave Shredder access to the abandoned Auman Chemicals (where the chemicals were obtained from) on the Purple Dragons' turf in extage for being put in charge of the facility. After the Turtles and Casey Jones toss an additive into a chemical vat which causes a chain reaction, he says that they have only delayed his plans and orders his henchmen to clean up the factory and start all over. Donnie later learns that The Foot are working on a mind control formula.

In "Clash of the Mutanimals", the planned Mind Control Serum is complete by Baxter Stockman while Saki examines the mentally unstable Karai caged. Rather than use Karai as a weapon, Shredder orders Stockman to place the Brain Worms into the minds of Slash and Dr. Rockwell (previously captured by Tiger Claw at the docks) as test subjects. Shredder later appears after Raphael, who was captured by Rockwell and Slash, is subjected to the same experimentation. Despite Raphael wanting to defeat Shredder permanently, he falls to the injected worm's control. When the other Turtles and remaining Mutanimals arrive in a rescue attempt, Shredder orders the three brainwashed mutants, Stockman, and Tiger Claw to eliminate the guests; Shredder watches over the battle from a throne surrounded by flames. After Rockwell, Slash, and Raphael are freed Shredder decides to take matters into his own hands, combating all eight mutants with relative ease. While battling Leonardo and Raphael, Slash and Leatherhead are able to push a statue down to blindside Shredder before escaping when Tiger Claw and Stockman return with reinforcements. Once freed by the Foot Bots, Shredder bellows in anger for another failure to eliminate his enemies.

In "The Deadly Venom", Shredder only appears at the episode's beginning. After Karai is administered the brain worm by Baxter Stockman and easily defeats Rocksteady, he orders his mind controlled "daughter" with a mission: the elimination of the Turtles, Casey Jones, April O'Neil, and Splinter.

In "Attack of the Mega Shredder!", Shredder is watching as Karai, in her mutated state, is being repeatedly injected with mind-control worms. He shows no remorse in what he's doing, instead apologizing for his actions and how they will have their revenge soon. He then requests that Bebop and Rocksteady double the security as he senses the Turtles will attempt another move against him, threatening them with punishment if they fail again. Though the Turtles make it into the catacombs and are beaten back by Bebop, Rocksteady, Tiger Claw, and the Shredder Elite, Shredder is still furious and threatens to punish all of them if it happens again. In an attempt to make it up to him, Bebop and Rocksteady try to help as they manage to capture Mikey and Leo when they infiltrate Stockman's lab alone, but thanks to the turtle brothers suggesting adding the Shredder Elite to what Bebop and Rocksteady intend to do to them, it results in the three Shredder mutants being fused into the Mega Shredder, an amalgamation of all three that proves to be a difficult enemy to the Turtles. After it has been destroyed by the Turtles, Shredder is furious with Bebop and Rocksteady over their stupid act, and leaves Tiger Claw to punish them for their actions.

In "Annihilation Earth", Shredder is surprised to find April and Splinter having infiltrated his lair and wonders why. Splinter requests that they call a truce and unite to stop the Triceratons from destroying the Earth with the Heart of Darkness. When he hesitates as to why he would join forces with his sworn enemy, April tells Shredder that if the Earth is destroyed, he will never see Karai again. Taking this into account, Shredder agrees to the truce between the Hamato and Foot clans, and has his mutant lackeys assist in fighting the Triceratons. However, with the timer on the Heart of Darkness detonator reaching zero, Splinter calls Shredder to help stop it, but instead of saving the Earth, Shredder condemns it to annihilation as he seizes the moment, and murders Splinter in cold blood, finally attaining his vengeance: this resulted in April blasting him back with a psychic blast. When Tiger Claw calls him up on this as they are about to be sucked up by the black hole, Shredder shows no remorse in what he has done, only happy to know that his long-time enemy is finally dead and the clan war between him and Splinter has ended in victory for him. With that, Shredder and his lackeys are among the first victims to be sucked up by the black hole to their doom.

Season 4

In "Beyond the Known Universe", Shredder was shown in the flashback when the earth was getting destroyed. However, after the turtles, Casey Jones and April were saved by Fugitoid, he sent them 6 months back in the past so they can find the three fragments of Heart of Darkness to save Earth. This means Karai has not been turned into a snake and Splinter has not been killed yet.

In "Trans-Dimensional Turtles", Leonardo envisions Shredder stabbing Splinter while he talks to him in the dojo.

In "Earth's Last Stand", Shredder had agreed to save Earth as he did in the other timeline, however, he was almost about to stab Splinter and doom the planet like before. This time, future Leonardo, remembering this action, quickly warns Splinter and prevents his death. A disgusted Splinter is furious that Shredder would rather have the world destroyed than let his vendetta go to save it with the treacherous villain giving a poor excuse by blaming the rat for Karai's disappearance. Splinter and Shredder briefly fight, the former going about how meaningless their feud is at this point. In the end, Splinter effortlessly defeats Shredder by paralyzation and leaves him for dead. Tiger Claw, despite possibly not improving of his master's actions, carrys him off while swearing vengeance on the Hamato Clan.

In "City at War", Karai and her old friend Shinigami plan to rebuild the honor of the Foot Clan and take down Shredder's criminal empire. At the end of the episode, Tiger Claw talks to Shredder about his, Rahzar, and Fishface's failure to stop the girls and Turtles from destroying one of their fronts in their new hideout, revealing that Shredder has actually been left sick and dying since his last encounter with Splinter, with Baxter Stockman pumping mutagen into his body to keep him alive. Shredder proclaims if Karai wants a war, she'll get one.

In "The Insecta Trifecta", Shredder gives a very back-handed thank you to Stockman for his efforts, being the only mutant he can truly rely on in his current situation. After Stockman's attempts at creating a mutant insect army for him fails, Shredder reveals that Stockman's plan of putting mutagen in his body is working, popping two claws out of his right hand. His slightly nicer treatment of Stockman would be one of the few times he shows compassion before his death.

In "The Super Shredder", though his recovery is doing well, Shredder grows impatient, and orders Stockman to inject the rest of the mutagen into him at once. Though Stockman warns that it needs to be stabilized first or the effects could warp Shredder's mind towards insanity and mutate him into a monster, Shredder threatens to pluck him up to his head. Stockman reluctantly does as ordered, but as Shredder starts to get up, the unstable mutagen kicks in, causing him to thrash around the room, grabbing the Kuro Kabuto and putting it on, before fully mutating into a hulking form, just as Rocksteady enters to see what happened when he heard Shredder scream. Tiger Claw arrives shortly thereafter, and immediately demands to know what happened from Stockman. Mutant Shredder tells them it is what he wanted and denies letting Stockman perfect the serum, finally letting his thrist for revenge fully consume him. He orders them to fetch Rahzar for it is time to bait a trap for Splinter. After cutting power to the Turtles's lair and his old headquarters where Karai has now stationed, Shredder arrives with Tiger Claw and Rahzar, and confronts a shocked Karai who he still loves even after all the damage she caused to her operations. Despite the best efforts of Karai, Shinigami, and their Foot Ninja, Shredder overpowers all of them, before forcing Karai to surrender to him under threat of hunting down Shinigami if she doesn't. Once outside, with Karai his prisoner, Shredder is confronted by the Turtles and April in the Shellraiser. When they try to ram him, he easily lifts the front of the Shellraiser off the ground before telling them to deliver an ultimatum to Splinter: if the rat master ever wants to see his daughter again, he meets Shredder at the last place in the sewers where they fought and Shredder beat him. With that, Shredder tosses the Shellraiser across the street, then ignites the leaking fluid from the Shellraiser, engulfing it in flames.

Taking Karai to where he sets up his trap for the Turtles and Splinter, Shredder begins his trap by luring Splinter away from the Turtles with various photographs of his and Splinter's past regarding Tang Shen, Karai, and other moments, setting them ablaze. He finally confronts him when he arrives where Karai is being held hostage, with Splinter horrified at what Saki has done to himself. Super Shredder proves too powerful for Splinter, and Splinter is forced to use a smoke bomb to escape and lure Shredder to where he fought the Rat King. Though Splinter has the advantage at first, Shredder soon has him right where he wants him, but before Shredder can finish the job, his arm begins to act crazily, a side-effect of the unstable mutagen that Stockman had warned of. Despite that, Shredder soon manages to crush one of Splinter's feet under his own and prepares to kill him, but a distraction from the Turtles, April, and Karai gives Splinter the chance to toss a kunai at where he had set up several explosives, detonating them and causing the segment of broken bridge Super Shredder and he were on to crumble and collapse. Shredder tries to jump to safety, but Splinter manages to grab him, and both of them plunge into the abyss, presumably to their deaths, leaving Bebop, Rocksteady, and an army of Chrome Dome Elite Foot-bots to deal with the Turtles, April, and Karai who now believe that they lost their Sensei and father.

In "Darkest Plight", Shredder survives the fall Splinter pulled him into by landing on an I-beam, while Splinter falls deeper into the chasm, but cannot pull himself back up to the top of the undercity due to the damage his left hand suffered from the unstable mutagen. Tiger Claw arrives and helps him back up, but is horrified when he sees Shredder's hand, and pleads with him to avoid taking any more mutagen as it could be deadly. However, Shredder ignores this, and orders that Bebop and Rocksteady remain behind to ensure Splinter's dead while he and Tiger Claw return to his hideout to recover before resuming the hunt for the Turtles and Karai.

Once recovered, Shredder and Tiger Claw return to hunt them down, and upon finding Leo, Karai, and April, Shredder orders Tiger Claw to go after the girls while he kills Leo. They attempt to draw Shredder and Tiger Claw to the surface, but Shredder soon finds Leo lying in a pile of garbage bags, grabs him, and flings him out into the street, in full view of several innocent civilians who run for their lives upon seeing Super Shredder. Grabbing Leo, Shredder starts to squeeze him to death between his hands, before being interrupted by April and Karai. At one point, April seems to have the advantage over Shredder thanks to her psychic powers, but when Shredder is slammed into a building by a fuel tanker semi-truck, he throws it towards Karai, only for April to catch it in her psychic grip, and after having her eyes glow blue and smile malevolently thanks to her Sol Star crystal aiding her, April flings it back at Shredder, before collapsing in fatigue. Shredder prepares to finish off Leonardo, but Karai intervenes, pleading for him to do something good in his life instead of wasting it on vengeance. Moved by that, Shredder attempts to apologize to Karai for his behavior and asks her to call him her father but she punches him right in his exposed mutated heart, weakening him so his hands begin to fall apart again from lack of stable mutagen. Before Karai can finish him, Tiger Claw arrives to evacuate him back to their hideout, and Karai does not pursue as she helps April get Leo home for medical attention.

Once back at his hideout, Shredder demands a larger dose of the mutagen from Stockman, but Tiger Claw intervenes, saying it is too dangerous, only to be pushed aside as Shredder forces Stockman to administer the dosage. Tiger Claw can only watch in horror as Shredder lets out an painful scream as the mutagen takes effect.

In "Requiem", Super Shredder checks on Stockman, who has finally perfected the mutagen. The scientist injects a dose of the perfected super mutagen into Super Shredder, causing him to spawn more blades on his body and feel stronger and more stable. Deciding to test it out on some Elite Foot-bots and a hologram of Karai, Shredder shows no remorse as he cuts the hologram Karai down and prepares to face her and Splinter once and for all when word arrives that Karai and Shinigami are hiding out at the Mighty Mutanimals' hideout in the Bronx. Super Shredder lays siege to the place and sets it on fire, overpowering all the Mutanimals before confronting Karai who he no longer cares about, taunting her at how she'll be meeting the same fate as her mother: perishing in an inferno. When an enraged Karai tries to run Shredder's mutated heart through with her tanto blade, the stabilized mutagen causes her blade to break, and Shredder throws her to the ground to be buried under rubble and left to perish in the fire.

Afterwards, he waits for Splinter at the Wolf Hotel, the very same place he and the Turtles had their very first battle before his mutation. He easily overpowers and knocks out Slash, badly wounds Raphael, wounds April on her arm, and throws Casey off the building, only for him to survive thanks to his grapple hook, before facing Splinter. At one point, it looks like Shredder loses as Splinter trips him up and flings him off the roof. Super Shredder recovers and ambushes Splinter, running him through the chest and finally killing him, attaining his vengeance. However, Super Shredder only enjoys his victory for a short while before a furious April calmly blasts him off the roof with her psychic powers, sending him crashing into the back of a garbage truck, where Casey coldly activates the crusher, hoping to end Shredder's life and avenge Splinter. However, after the Turtles leave in the Shellraiser with Splinter's lifeless body, Super Shredder punches his way out of the garbage truck through the roof, barely even winded despite the injures he sustained.

In "Owari", Leonardo, informs his brothers about Shredder still being alive after Splinter visits him as a spirit. After making it to the hideout, fighting much of the Foot Clan's forces and mutants, the Turtles, April, and Casey are confronted by the Super Shredder, who throws Molotov cocktails at them from the from the roof of the mansion. Casey and April are cut off as the flames spread, leaving the Turtles to go after Super Shredder alone.

Super Shredder expresses how he assumed the Turtles would retreat from the city now that Splinter was gone as they did in the successful Kraang invasion, but the Turtles stated they would not run and everything would end tonight. The Super Shredder tossed off his cape and the five engage in battle.

The Turtles each attack with the best of their abilities, but the Super Shredder proves to be stronger and overwhelms them while mocking their tactics. The fight becomes more intense as the Turtles pin Super Shredder down and even dose him with Donatello's bulb of retro-mutagen, but Super Shredder proves to be immune.

Back on his feet, Super Shredder attacks and throws Donatello, Michelangelo, and Raphael one by one off the roof until he and Leonardo are the only ones left. In the midst of the duel, Leo furiously reminds Super Shredder that he killed Splinter, his brother and best friend, and questions how could he do it. As Super Shredder beats Leo, he replies that Splinter was cursed from the beginning to become a lonesome rat that refused to fight his fate. Leonardo snaps at Super Shredder by referring him as a monster and a demon before asking those were his destiny. During a brief moment of humanity, Super Shredder considers Leonardo's word and hesitates to kill him. Leonardo takes advantage and attempts to strike deciding to kill Saki even if he did feel remorse, but Super Shredder overpowers him and tosses him aside. Super Shredder walks over to the battered Leonardo with blades at the ready and prepares to finish him off. However, Leonardo sees Splinter's spirit once more and is told to fear nothing. Filled with drive, Leonardo rises and fend off Super Shredder with a powerful assault of blows before retrieving his katana. Now armed, both Leonardo and Super Shredder charge in the air at each other and Leo strikes Super Shredder with fatal blow before they vanish within the flames. Leo reunites with his brothers and human friends and throws the mutated Kuro Kabuto to the ground to prove Shredder is no more; thus avenging Splinter, Tang Shen, and possibly Hamato Yuuta's deaths at his bladed hands.

Season 5

In "Scroll of the Demodragon", Tiger Claw releases the Demodragon Kavaxas, intending to have him revive Shredder and help him get his revenge on the Turtles. He also has him revive most of the Fallen Foot Clan members.

In "The Forgotten Swordsman", Tiger Claw and the rest of his followers collect Shredder's remains so Kavaxas can revive him, however, in order for the process to be complete, Kavaxas states that he needs the Kuro Kabuto, which contains Shredder's mental energy, and his heart, which contains his soul. Later, upon learning of Tiger Claw and Kavaxas' plans, the Turtles, April and Casey Jones decide that it is best to help Karai and Shinigami retake the Foot Clan and Kuro Kabuto from Hattori Tatsu. After the Turtles, while fighting Tatsu, discover that he is blind, he explains that he was born blind, yet had an acute sense of hearing, and, while others mocked him, Shredder saw his skills as an asset and let him join the Foot Clan.

In "Heart of Evil", the Turtles, April and Karai fight with Tiger Claw and his forces over Shredder's heart, which is in the possession of Don Vizioso and his gang. Ultimately, the Turtles fail to retrieve the heart, allowing Kavaxas to finally revive Shredder, albeit in a more zombie-esque state.

In "End Times", Shredder is confused and disoriented after his revival, stating that he had been dead for millennia when he had really only been so for a few months. However, after Tiger Claw informs him of what had happened, Shredder decides that it is time to take revenge on the Turtles. After the Turtles enter Tiger Claw's lair, they end up fighting Zombie Shredder, who proves to be too much for them (due to now having telekinetic and regenerative powers on top of being even stronger before Leo killed him), until Michelangelo steals the Seal of the Ancients and forces Kavaxas to battle Shredder for them. After the Turtles escape, Shredder immediately tells Tiger Claw that Kavaxas will be his new second-in-command.

Later, Tiger Claw begins to suspect that Shredder is under Kavaxas' influence, a thought that is only amplified when Shredder demands that he hand over the Seal of the Ancients to him. When Tiger Claw refuses, Shredder and Kavaxas unleash a feral Rahzar on him, and, during their struggle, Shredder stomps on the Seal, splitting it into three pieces. Kavaxas then laughs and states that his actions; killing an evil warrior (Tatsu), reviving an evil warrior (Shredder) and destroying the Seal had actually been part of a ritual that would allow him to unleash the spirits of the underworld on the Earth and wipe out humanity. When a horrifed Tiger Claw pleas with his master to help him fight Kavaxas, Shredder states that Kavaxas is in fact *his* master now.

As Leonardo, Karai, Michelangelo and Leatherhead arrive to fight Kavaxas, Shredder fights with Leonardo and Karai and is seemingly defeated when the latter knocks him off the edge. After Michelangelo fixes the Seal and forces Kavaxas to undo everything and banish himself, Kavaxas tries to resist entering his portal, and

Shredder, angry at being used and dissatisfied with his current body and new life, jumps on top of him and forces him through, stating that they do not belong in the mortal realm.

In "The Frankenstein Experiment", when The Mummy uses his magic to make the Turtles and Renet face their greatest fears, Leonardo is forced to fight Shredder, Super Shredder, and Zombie Shredder at the same time. This is Saki's last appearence during the show.

---

When she was done we were shocked and it was horrible! I then growled ferociously and clenched my fist tight and blood poured out through my knuckles.

Me: SHREDDER I WILL NEVER FORGIVE YOU FOR THIS!

My aura flared up and I screamed in a massive explosion of rage and fury and then my energy blasted out through the sewer and my energy was felt all over the city! Everyone back at the Estate felt it too!

Nico: OH NO! J.D. found out!

Laney: What is it!?

Nico: The 2012 version of The Shredder killed the 2012 version of Master Splinter in cold blood and the turtles were devastated because of it.

Everyone gasped in sheer shock and horror!

2003 Leo: Oh man!

Eli: That's horrible!

Nico: It is. But the crimes of 2012's Shredder pale in comparison to those of the Utrom Shredder. He killed millions.

Eli: Nothing can compare to that.

I then calmed down and broke down crying and weeped for 2012 Splinter.

Me: (Crying) Splinter!

Emerald Goldenbraid: It's all right J.D.

2012 Raph: Man J.D.'s power is amazing!

2012 Leo: Wow! No kidding!

2012 Raph: Oh, stop acting like me, will ya?! It's not your dad Shredhead killed!

2012 Leo: Raph's right. Instead of getting mad at every villain out there, you should be more grateful that you still have your father. (sadly) Ours is gone forever.

Me: (Calms down) No he's not. You haven't been told about this but I actually have the power to resurrect people. I've done it many times before for many of our friends.

2012 Don: No. Don't give us false hope! Like the time Mikey tried to win the lottery!

2012 Mikey: Oh, c'mon! I thought those tickets were real!

Emerald Goldenbraid: So, you've got fake lottery tickets in this world, huh?

Me: That's crazy but I assure you that this is not a joke. I've done this before. Watch.

I snapped my fingers and then a massive beam of white light shined down onto the floor and the divine singing of angels was heard and then a figure came down and it was 2012's Master Splinter back from the dead!

2012 Master Splinter: I am now back my sons.

2012 Leo: SENSEI!

2012 April: SENSEI!

They went and hugged him and cried in joy.

Me: Master Splinter. (Bows) It's an honor to meet you.

2012 Splinter: And to you J.D. Knudson. Thank you for reuniting me with my family and April.

Me: I'm sorry that this worlds version of the Shredder killed you. But if he does come back you have the promise of Team Loud Phoenix Storm that he will pay for his crimes all in full.

2012 Splinter: Thank you J.D. And Emerald it's an honor to have you with us.

Emerald Goldenbraid: (Bows) Same here sensei.

Then the alarm went off and they saw that NEWTRALIZER was up to no good!

---

Newtralizer was a character in TMNT. He was the arch enemy of The Kraang and first appeared in Operation: Break Out. He is the Anti-Hero of the show.

Season 1

Operation:Break Out: Newtralizer was accidentally released from his cell by Donnie and proceeded on a rampage against the Kraang and the Turtles. He was supposedly crushed under a car by none other than Mikey but recovered, very much alive.

Season 2

Metalhead Rewired: Newtralizer made a cameo and was one of the trapped mutants escaping to freedom.

Newtralized!: Newtralizer teams up with Slash, who he rescued from the Kraang, and together they allied to take them out. He revealed a little about his past; that he was experimented on and tortured by these alien scums, and planned to wipe them all out with one big blast. However, Slash turned on him, saying that doing so would wipe out the innocent human population in New York. When Casey Jones hit a puck bomb into the Tripod he was in, the Newtralizer was forced to teleport away before he dies, porting back when the action is over, with an unknown scheme on his mind.

Season 5

When Worlds Collide: It turns out the Newtralizer didn't die after his last meeting with the Turtles and returns more powerful than ever. He now has the ability to absorb and shoot out eletricity. He is the one who took Sal Commander's left eye and his real name is K'Vathrak. He nearly eats Bishop's Utrom brain and desintegrates Michelangelo but the latter reappears, still alive and with eletrical powers similar to K'Vathrak's. He is also allies with Lord Dregg, helps him unleash his invasion on Earth and helps the Vreen kidnap Leonardo, Donatello, Karai and Sal Commander. While the rest of the gang is fighting Dregg and his Vreen, K'Vathrak, Mikey and Sal Commander fall into Dregg's ship core and the former two engage into a eletrical-powered battle until K'Vathrak knocks Mikey down and prepares to destroy him but Sal Commander manages to throw K'Vathrak into the core with his tail. Once K'Vathrak falls into the core, his eletrical powers overload the core and the ship starts getting ready to explode. The ship explodes which killed Dregg and the Newtralizer for good.

---

2012 Mikey: Newtralizer? Again?!

Me: He's an anthropomorphic newt! Wow!

2012 Don: Raph, think you can call Slash and the others for this?

2012 Raph: Nope. They're out finding any Krang remnants.

2012 Leo: (to 2012 Splinter) Father, I know you just came back. But-

2012 Splinter: (smiles) I understand. Go out there and do what you do best.

2012 Leo: Thanks sensei.

Me: We'll be all right sensei. But Slash from this world sounds like a perfect candidate for the Redemption Squad for us.

Emerald Goldenbraid: That's right.

2012 Splinter: I'm glad you think so. Go get him.

Me: With pleasure sensei.

We were off.

We faced him.

Me: Newtralizer I presume?

Newtralizer: That's right.

2012 Donny: Hope you are ready for a huge buttkicking.

Newtralizer: Before you attack me, just hear me out.

Me: (growls) Fine! But you better make it quick. I'm not in a good mood right now!

Newtralizer: Because of the Shredder, right?

Me: Uh yeah. How did you know that?

Newtralizer: I just knew. Well, I have the solution to our common enemy.

Me: Well the Utrom Shredder is worse than this one. But what is your offer?

Newtralizer stood aside to reveal a bomb!

Me: A BOMB!?

2012 Don: If I have to guess, that's a bomb to take out Shredder if he comes back, right?

Newtralizer: (laughs) It won't just take out Shredder. It'll take out the entire city too!

Emerald Goldenbraid: Are you nuts?! That'll kill millions of people too!

Me: YEAH!

Newtralizer: Sometimes, in order to destroy an enemy, sacrifices are needed!

2012 Mikey: (to me) Well, dude. You should've been careful of what you wished for. Because now, it might come true!

Me: Don't worry. Newtralizer you can take your offer and shove it up your scaly ass!

I snapped my fingers and teleported the bomb into space where it exploded harmlessly!

EXTREMELY MASSIVE EXPLOSION!

April O'Neal: Awesome save!

Newtralizer: Fine! You win! But know this! When Shredder comes back, you will regret rejecting my offer! (runs off)

Me: We prefer to do things the way we normally do.

2012 Leo: (to me) Let him go. We'll see him again in the future.

Me: Yes we will. But when we all come we're going to make that horrible monster wish he was never born.

2012 Donny: When are you gonna come?

Emerald Goldenbraid: We're projecting March 14th.

Me: Just hold out for 1 more month and we'll be here.

2012 Leo: Okay.

2012 Leo: Emerald, next time you come here, how about me and

Master Splinter train you in the art of the ninja?

Emerald Goldenbraid: I would be honored.

Me: And I can be with her. I have lots of people that I know that are ninjas too. But they have all sorts of amazing and incredible powers and I'm sure we all can teach you some of our moves.

2012 Raph: Wow! We would like that very much.

Me: Awesome.

We later went back home.

May: How did it go?

Emerald Goldenbraid: Better than I hoped.

Me: Emerald did really great on her first ambassador mission.

We told them all about it.

Nico: Awesome! Great job Emerald.

May: (to Emerald) Who should come with you next time?

Emerald Goldenbraid: Well J.D. already decided on that. We're going to have Naruto and the Leaf Shinobi come with next time.

Naruto: Wow we're gonna look forward to this.

Nico: That will be awesome to have them teach the 2012 Turtle Brothers all their moves.

Me: I'll ask Lady Tsunade if I can borrow a bunch of technique scrolls and books for them too.

Fu: It'll be an honor to teach the 2012 Turtle Brothers.

Eli: Wow that is gonna be cool. Can I go too?

Me: Sure bro. Also I'm sorry I worried you guys and I was told about the revelation Nico warned me about. But I resurrected the 2012 version of Master Splinter.

Nico: Sorry I kept you in the dark J.D. I didn't want you to go after that version of The Shredder just yet.

Me: I know Nico. But I promise we ALL will go after him as a team.

Nico: You can count on that.

Me: Please excuse me, I need to go vent.

Nico: Okay.

I went to the gym to go vent my anger. I was doing that by going at the punching bag. I was really pissed at what the 2012 Shredder did and I had never been so infuriated in all my life! I really wanted to snap that fuckwad's neck for what he did!

Me: (PUNCHES A PUNCHING BAG) I WILL MAKE THAT MONSTER PAY FOR EVERYTHING HE DID! (PUNCHES IT MANY TIMES) WHAT HE DID REALLY CROSSES THE LINE! (PUNCHES IT HARD) I WILL MAKE HIM SUFFER! (PUNCHES IT!) HE WILL RUE THE DAY HE FUCKED AROUND WITH ME!

I then punched the bag so hard that it ripped in two and all the sand poured out and I panted hard.

Dick Dastardly then appeared.

Dick Dastardly: Wow! You really punched that bag hard.

Me: What are you doing here, Dastardly? Have you come to gloat?

Dick Dastardly: No. Nico told me that you're having stress problems and asked me to talk to you.

Me: Nothing more needs to be said! Because of my anger problems, I'm no longer leader! So congratulations for finally beating me!

Dick Dastardly: To think I saw you as a worthy rival! You're acting like this is a race! But it isn't! So you've had a setback. Big deal! Do you think that the greatest people in this world didn't have a few hiccups along the way? MILLIONS of people have bad days, but they get back up and fight back! They don't wallow in self-pity! Nico had a terrible day during the 20 Days of Darkness!, but he didn't wallow in self pity! No! He got back up and moved forward thanks to you guys! You can't fix what has been done, but you can make the most out of the new situation!

Dastardly sighs and turned to leave.

Dick Dastardly: (to Nico) I've done all I can, Nico.

Nico: That's all I can ask for. Thanks. (smiles) You know, you could be a good addition to the Masters of Evil.

Dick Dastardly: Thanks Nico.

Nico: You're welcome.

I went over to the couch and sat to watch TV.

Aligned Bulkhead: I think it's time to take more drastic measures.

He walked up to me and picked me up off the couch, much to my surprise.

Me: Hey! What are you doing?! Put me down!

Aligned Bulkhead: Nope, not happening.

Me: I fucking said put me down! Now!

Aligned Bulkhead just started carrying me across the room. After a second, I kicked out hard, catching Aligned Bulkhead in the stomach. He coughed and dropped me, trying to catch his breath as I glared at him.

Aligned Bulkhead: Bet that felt good.

Me: What? Being carried around like a fucking sack of potatoes?!

Ed: If only we had a sack of potatoes.

Eddy: Shut up Ed.

Aligned Bulkhead: That's not what I meant. You're not sad, you're angry, and you're trying not to be. You have every right to be angry, so just let it out. (holds out his hands like someone teaching a lesson in boxing) I'm a Wrecker. I can take it, kid, so let it out.

I looked at him for a moment, eyes flickering from his face to his outstretched hands. Deciding to go for it, I started punching the hands. I did this a dozen or so times, imagining that it was 2012 Shredder you were punching. After a bit, I stopped, letting out a few deep breaths before wiping my eyes. I then just walked forward, leaning on Aligned Bulkhead and just buried my face in his chest. He gently wrapped his arms around me.

Aligned Bulkhead: There you go. Don't shut yourself off kid. You're allowed to feel.

Nico: That's right J.D. That shows that underneath all that godly power you are still human no matter what.

Me: (Sniffles) Thanks guys.

Later I was in my room and Eli was knocking on my door.

Eli: (knocks on the door) C'mon, bro! We're headed to the Krusty Krab for some lunch!

William: I thought Nico said to give J.D. some space.

Eli: He did. But the J.D. I know would've been first out the door.

Nico: Yeah you're right on that.

I came out.

Me: I'm all right now guys. I'm calm now.

Nico: You sure J.D.?

Me: Yeah I'm sure.

Nico: Good. Lets go.

We were off to the Krusty Krab. We arrived.

Maria: Good morning, Krusty Krew!

Mr. Krabs: Top of the morning lads!

SpongeBob: Hey guys!

Eli: What's happening everyone?

Mr. Krabs: We're having a big day today. It's an eating contest.

Nico: Cool! You said one of my favorite things on Earth.

Me: Me too!

Poromon: Eating contest?!

Nico: Didn't you have M&Ms the other day?!

Poromon: Yes we did.

Laney: What's this contest for?

Squidward: It's the Bikini Bottom Founders Day Eating Contest and we're having a Krabby Patty Eating Contest.

Nico: Cool! But aren't you worried that if you eat too many Krabby Patties they will explode?

Lily: Yeah Squidward remember what happened to you?

---

SpongeBob: You like Krabby Patties, don't you, Squidward? [Squidward begins to sweat, then slams the door on SpongeBob]

Squidward: Yes! Yes! I admit it, SpongeBob! I love Krabby Patties! [eats two patties]

SpongeBob: I knew it all along, Squidward. No one can resist a Krabby Patty! [Squidward eats a bunch of Krabby Patties in all sorts of ways, even a dozen at a time] Squidward! How many are you eating? Squidward! [Squidward keeps eating all the Krabby Patties in the vault, Pac-Man style] Squidward, you can't eat all those patties at one time! Squidward! [As soon as he ate dozens of Krabby Patties]

Squidward: What's gonna happen? Am I gonna blow up?

SpongeBob: No, worse, it'll go right to your thighs… !

Squidward: [surprised] My thighs? [pan down showing Squidward's enlarged thighs, he looks at thighs]

His thighs were humongous massive!

SpongeBob:… and then you'll blow up! [The Krusty Krab explodes. Squidward's head is sitting on the ambulance's bench while his legs are in a bucket]

Joe: [laughs] Yeah, I remember my first Krabby Patty.

FLASHBACK ENDS

Squidward: Don't worry it's not for me. Patrick is gonna be in this.

Squilliam: It's true. He's going to face the eating champion Oswald McNulty. He won the annual eating contest every yeah and never lost once.

Me: Whoa! He must have 3 stomachs.

Laney: Yeah he is a vacuum cleaner!

William: Wait. What happens if someone loses?

Mr. Krabs: Then that person goes home in disgrace.

SpongeBob: But they also have to pay the bill for the patties they ate.

Me: Geez! That's gonna be one helluva bill. What's the goal total for the most patties?

Mr. Krabs: 1,000 Patties.

Eli: HOLY SHRIMP!

Plankton: Wow! That's a lot of patties.

Lana: Wow!

Nico: If Patrick loses, I'll pay the bill for him.

Patrick: Thanks guys.

Mr. Krabs: Awfully generous of you lad. (Sees me all pale and tired) Whoa J.D. are you all right?

Me: Ugly story Mr. Krabs.

Maria: When's the contest starting?

Mr. Krabs: 20 minutes. Want to have some Krabby Patties before we start?

Nico: Sure. We're hungry.

SpongeBob: Coming right up.

We then got to eating and man was I hungry.

I ate 40 Krabby Patties.

Emerald Goldenbraid: Sorry I let Newtralizer go, guys.

Nico: It's okay, Emerald. We'll have another chance at him in the future. If he doesn't join the Masters of Evil by then.

Eli: I have a feeling he won't.

Me: Yeah. Sorry I was such a total asshole guys.

Nico: It's all right J.D. You were just upset about the Shredder doing all that.

Human Torch: Like Boulder, Graham, and my Yost Counterpart said, you shouldn't bottle up your feelings like that.

Me: I know. I guess I forgot about that. I became so embroidered in my power that I forgot about myself being human still.

Nico: It's all right.

We saw Oswald McNulty and he looked like the kind of guy that wouldn't cause any harm.

Stewie: Guys, I'm getting a bad feeling about this.

Dark Spicer: What do you mean?

Stewie: Well, if Oswald McNulty loses, he's gonna be wanting to kill Patrick as revenge. Trust me. I've seen it before.

Me: Right with Chris. He won that eating contest against that Charles Yamamoto fella.

Joe Swanson: That's right and he was trying to frame Patrick Pewterschmidt and make it look like he did the killings.

Nico: I remember that from Brian. That was crazy.

Eli: It sure was. We better keep an eye on Oswald.

Firefly: By the way, Nico, which Gene Slammer do you think will appear in your next rescue?

Nico: I'm hoping to meet a Necrofriggian Gene-Slammer next.

Chione: Wow! That would be awesome.

Ben 10: That would be cool to see.

Me: So Chione, Lana, Dana, Kiralai, or one of the Ice Skylanders will go with you.

Horsea: Time for the contest to start!

Nico: YEAH!

Laney: YEAH!

The contest was on!

DING!

**Perch Perkins:** There's the bell! And we're off and eating. *[McNulty starts eating]* McNulty taking an early lead and really going to work with those patties, what a dynamo! A little skull from three towns over eating at a terrific pace! But what's this? *[shows Patrick struggling to eat a single Krabby Patty.]* Patrick Star isn't moving, he seems stuck in the gate!

Me: Come on Patrick! Eat!

**Perch Perkins:** McNulty is pressing forward, looks like this is gonna be a blowout!

**Boy with a Broken Foot:** Patrick, *[wearing Patrick merchandise]* I believe in you Patrick. *[Patrick is about to cry but he then starts eating.]*

**Perch Perkins:** But wait! Patrick Star is on the move, and patties are starting to disappear, look at that little sea star eat! He's inching closer to McNulty, and it look like McNulty can feel the heat, never have there been a more pretentious display of competitive eating! The amount of patties being consumed is astounding. *[Patrick finishes a whole plate of patties and is starting to suck everything in.]* And now, yes, yes! Patrick Star has matched Oswald McNulty! And they are tied as they come into the home stretch! Both eaters are so full they could barely eat but eat they do, moving so slowly now. One can't help but wonder if they are going to hit the patty wall at some point.

Shiv: Look at Patrick go!

Me: EAT EAT EAT EAT EAT EAT EAT EAT EAT!

Nico: YEAH! EAT!

Laney: YEAH!

Maria: Horsea, don't even think about it.

Horsea: Aw man.

Laney: Wow it's really close! Patrick is sucking in all those patties!

William: It could be anyone's game right now!

Perch Perkins: And, and, [both McNulty and Patrick stop eating and fall on the table.] Both eaters have stopped! With only seconds left, we are tied in patties eaten, and neither one seems to have the room to go on! Oh! What is this? [McNulty falls down.] And down goes McNulty, down goes McNulty! [the crowd is cheering] It looks like we do have a tie!

Patrick: It's over SpongeBob, I can't go on.

SpongeBob: The taste, Patrick, [pulls Patrick's tongue and slaps it.] Remember the taste!

Patrick: The taste. [Patrick gets up and stands on the table pointing.]

Perch Perkins: What's this? Patrick Star has risen from his seat, and is pointing to center field, [points somewhere else.] No wait! He's pointing to a little boy with a hurt foot. [Patrick points to his mouth.] Ladies and gentleman, he's pointing to his mouth, as if to indicate something.

Boy with a Broken Foot: [holds out a Krabby Patty.] Here you go champ, you can have one. [Patrick sticks his tongue out and the boy puts the Krabby Patty in his mouth and his taste buds carry it to his mouth, and then he eats and finishes it.]

Perch Perkins: And, he's eating! He's eating! The Great Starbino, is eating! [Patrick's nine hundred ninety nine became a thousand and broke the counting machine, and the crowd is cheering.] Patrick Star wins! The belt is back in Bikini Bottom! The belt is back in Bikini Bottom!

We cheered wildly for PATRICK! HE WON! HE WON!

Nico: (looks at McNulty) We have to keep a close eye on him now.

We agreed. And we watched him like a hawk. REALLY CLOSELY.

Eli: Hmm.

Maria: Anyway, Patrick, congratulations!

Patrick: Thanks guys!

McNulty; NO! THIS CAN'T BE HAPPENING! I REFUSE TO LOSE!

Lynn: Take your loss like a man!

Me; YEAH!

Mr. Krabs: And you got the bill.

999 Krabby Patties came to a total of $50,823.73!

McNulty: $50,000.00!? (Grumbles)

Nico: Whoa! Better pay up or you're gonna be washing dishes for 1,000 years.

We laughed. McNulty had every penny he had taken from him to pay for it all.

It was a great day for us.

THE END

---

Another awesome and really funny adventure done.

This was a funny one. It was a parody of the funny SpongeBob episode called What's Eating Patrick? and that was so awesome how Patrick won in an Eating Contest. The episode aired on October 2nd, 2015 and it was so awesome! The first part of the chapter was for the 2004 movie based on the book called Lemony Snicket's A Series Of Unfortunate Events and Jim Carrey did a great job in that movie as the greedy Count Olaf. But it was terrible that Count Olaf was that evil. The second part was for the awesome and funny Ed Edd N Eddy episode called Robbin Ed and that was so awesome how Jonny made his superhero alter ego as Captain Melonhead in that one. That episode aired on February 6th, 2004 and it was awesome! NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be in the Ed Edd N Eddy episode A Fistful of Ed and we're going to have Nico, Lana and Kaede see what happened to Edd when he was going through that accident day. It's gonna be brutal so buckle your seatbelts as we're going to see lots of people get hurt at Peach Creek Junior High. They are also going to meet a Necrofriggian Gene-Slammer named Kanai Humuhumunukunukuapuaa from Hawaii and she is Nico's Penpal that he helped over in Paradise. The second part for Lincoln's rescue that is gonna be for the Ed Edd N Eddy episode Little Ed Blue and Ed is gonna be in a REALLY ROTTEN MOOD and he is gonna be so mad that he'll want to tear the world apart because he has a wood tick in his shoe. Lincoln is also going to meet a Malefic Red-Eyes Black Dragon Gene-Slammer named Riley Kurayami who is another one of Lincoln's Guardian Angels. The next chapter also starts a mini-arc as we go after Sailor Moon Monsters and we're going to start with the monsters of the Dark Kingdom of Queen Beryl and the 4 generals are going to be majorly infuriated with us for killing Queen Beryl and destroying all their hard work. Shanan is gonna have a group go with her to take them on. First will be Morga and she is gonna pay for her crimes when trying to impersonate Molly's mom. That Rubberite is gonna pay big time. Shanan, Eli, Sailor Moon and Rita Fox are gonna go after her. The next chapter is gonna be for the 7th Episode of Digimon and we're going to follow the episode and face Unimon who is under the influence of a Black Gear. But we're also going to come across a Hot Spring area on File Island and have Eggs for dinner.

See you all tomorrow.

# Battle with Unimon

HAPPY GROUNDHOG DAY 2022 EVERYONE!

---

In Peach Creek in Atlanta, Georgia, Nico, Lana and Kaede were walking to the school.

Nico: Thanks for coming with me, Lana and you too Kaede.

Lana: No biggie wiggie Nico.

Kaede: I'm honored to go with you on one of your awesome rescues Nico.

Nico: You'll have a lot of fun on them. And from the looks of things we're going to Peach Creek Jr. High. It'll be awesome to see more of the Eds old school.

Lana: It sure will.

They went in.

[Kevin enters a hallway. Nazz creeps up to him and begins to tell a story.]

Nazz: "Dude! Did you hear what went down yesterday?" [Eddy hears and listens in.]

Kevin: "No. What?"

Nazz: "You're not going to believe this, Double D made Lee Kanker's foot swell up like a beach ball!"

Nico: Geez. That must've hurt. Serves that heartless witch right.

Lana: Yeah that stupid 3-Eyed freak had it coming.

Kaede: How did that happen?

Nico: Double D accidentally dropped a huge heavy book that weighed 75 pounds onto her foot.

Kaede: Ouch.

Kevin: [begins to snicker] "Yeah, right. What'd he use, the deadly art of algebra?" [laughs]

Nazz: "No, seriously. I heard they had to use a whole refrigerator of ice just to stop the big toe from ballooning!"

Nico: Ouch.

Lana: That must've taken a lot of ice.

[Eddy has heard enough. He looks towards Edd, who is ironing his tie IN SCHOOL. Eddy then goes over and twangs Edd's arm. The arm wobbles and goes slack.]

Nico: Hmm.

Eddy: [Rolling up Edd's arm] "You sent the Kankers packing?" [He laughs.] "What'd you use, the deadly art of allergies?"

Ed: "Do not taunt the D, Eddy." [He turns, fear in his eyes.] "I was there."

Nico: Really?

Edd: "Oh, please, it was an accident, honestly! I feel just awful."

Nico: (Puts his hand on his shoulder) It was all an accident Double D.

Kaede: Yeah you didn't mean to.

Rolf: "Head in sock Ed-boy! Rolf requires your assistance." [He grins.] "May you have a spare writing stick? Rolf's has been reduced to that of a size of a baby's bazoo!" [He holds up a tiny pencil.]

Nico: Boy you wore it down to the Nub.

Edd: "Why, of course I do, Rolf."

[Edd rummages through his locker. Suddenly, he high-kicks Rolf in the face.

KROW!

[Rolf stumbles backwards and bows, pained. Edd then brings his foot down on Rolf's head.

SMASH! CRASH!

[Rolf stands up, haggard, and the final blow comes-a rain of pencils, nailing him to a locker. Edd's body shakes as he lowers the cup and the last few pencils fall out.]

Nico: Man that gag is old!

Rolf: "Rolf would have taken a simple 'no, not today,' yes?"

Kaede: Let me help you down Rolf.

She used her phantom hands to get him down and Lana formed a shadow clone to take him to the nurse.

Nazz: "Dude. It's always the quiet ones, I swear." [She drags Kevin away.]

Sarah: "Did you see the look in his eyes?"

Jimmy: "We didn't. See. Anything. Sarah."

Edd: [protesting his innocence] "But I-I-"

Jonny: "Head for the hills, buddy! Double D's cracked! Lost it I tell ya!" [The two bail, Jonny carrying Rolf away.]

Eddy: [joyful] "Double D! I never knew you had it in ya! You're an animal! Pow! Kablooey! Badda-boom!"

[Edd runs away.]

Eddy: "Aw. Where ya goin?"

Ed: [horrified, clutching Eddy] "Gaah! Double D has fallen down the deep dark crack between the couch pillows of life, Eddy! Slipping through the fuzz in our belly button existence, burrowing-"

[Eddy reaches up and turns Ed's sound off by twisting his eye.]

Eddy: "We're gonna rule this dump, Ed!"

[Eddy takes off. Ed stands in the hall, looking sad.]

Nico: Deja Vu.

Lana: This is REALLY BIG Deja Vu.

Kaede: This happened to you before Nico?

Nico: It sure did.

[Rolf is holding up an X-ray of his head.]

It showed that his skull was cracked. OUCH!

Rolf: "How can one who wears a sock on his head do this? I ask you!"

Nico: You're lucky that Double D didn't kill you Rolf.

Kaede: Yeah that would have done you in normally.

Kevin: "Dude, you should frame that."

Nico: Yeah that would be awesome on your wall.

[Eddy throws the doors to the lunchroom wide open. He is dressed sharply in a black leather jacket and his hair is spiked up.]

Nico: Whoa! Love the badass look Eddy. (In his head) I think Luan would like to see you like that.

Eddy: Thanks Nico. Rocks huh?

[Jimmy cowers. Eddy takes a can of soda and cracks it open. Knowing that Edd will protect him if the kids go on the offensive, he thwacks Jonny and slaps Sarah, sending her spinning. He then takes Jimmy's lunch.]

Eddy: "Gimme that!"

[Edd goes to sit at a table, and the kids at the table immediately get up.]

Nico: (In his head) They think Double D is a bully when he really isn't.

Edd: [confused] "Why are you all leaving?"

Eddy: [enjoying his power] "Yeah! Why ya leaving?"

Edd: "Didn't I say that already, Eddy?"

Nico: He really is enjoying the power.

Lana: No kidding.

Eddy: "Here. Let me help ya!" [helping Edd into a chair] "Pretty good seat, huh?" [Sarah grabs him.]

Sarah: [fist cocked] "Who the heck do you think you are!"

Nico grabbed her arm.

Nico: Put him down. (Threateningly) NOW.

Jimmy: "No Sarah, don't! You can't! He's watching."

[Edd is watching them out of the corner of his eye. Noticing that Sarah and Jimmy are looking at him, he turns and waves, smiling in a friendly manner. Sarah, cowed, puts Eddy down and dusts him off.

Nico: Hmm.

[Ed goes to the end of the table far away from Edd.]

Ed: "Just me."

Edd: "Why is Ed sitting way over there?"

Eddy: "Way over there! You are so right!" [Something distracts him.] "Whoa, Rolf's got grapes!"

[Eddy runs towards Rolf. Edd scratches his head.]

Marie: "That's my pie, I saw it first!"

Jonny: "No way, Plank saw it first!"

[Marie and Jonny are fighting over a piece of pie.]

Marie: "In your dreams, weirdo."

Jonny: "Plank had first dibs, before you and your bad vibes showed up!"

Marie: "Gimme it!"

Jonny: "No!"

Marie: "Gimme it!"

Jonny: "What are ya, hard of hearing?"

Nico: MARIE GIVE JONNY THAT PIE YOU BLUE-HAIR FREAK!

Marie: WHAT DID YOU CALL ME!?

[Edd looks in the other direction. Rolf is feeding Eddy grapes.]

Marie: "Let go, kid!"

Jonny: "It's Plank's!"

Marie: "Ask me if I care!"

[Edd approaches the arguing couple.]

Edd: "Pardon my intrusion, but surely a compromise is not out of the question?"

[Jonny begins to sweat.]

SMACK!

[Edd reaches up and smacks him into Marie. Marie topples over, throwing Jonny off.

CRASH! SMASH!

[Jonny flies through a wall and lands on the grass at the base of a tree.]

CRASH!

Jonny: "Have I stopped yet?"

Nico: OUCH!

Kaede: I'll go get him to the nurse.

Nico: Thanks Kaede.

[Edd is holding the defeated Marie.]

Nico: Whoa. Ouch.

Eddy: "Who's next!" [He sings La Cucuracha.] "Ba, da da da da da da da da da, da da da da da da da da da, da da da da da da da, da da da da da da!"

Kevin: "Oh, man."

Nazz: "Not cool."

Kaede: This is al totally accidental.

Nico: Yep. And this all happened to me too.

Lana: It's true Kaede.

Jimmy: [cowering] "Viciousness, thy name is Double D."

Eddy: "Ole!" [He throws confetti at Edd.]

Edd: "Please, let me explain!"

Eddy: "Yeah, let him!"

Rolf: "Flee for your lives!"

[Eddy's words start a panic. All the kids except for Ed run for a corner and cower there.]

Edd: "There's been a great breach of judgement!"

Eddy: "Yeah! Breach the heck out of em, Double D!"

Edd: "Things are not as they appear!"

Jimmy: "WHAT DO YOU WANT WITH ME!? Take my money!" [He throws it at Edd. Eddy, in the background, takes the money.] "My comb!" [It hits Edd.] "My moisturizing lotions!" [They land in front of Edd.] "Take it, take it!"

Nico: Ok. Everyone, just calm down.

No one was listening.

Nico: Whoa! They think Double D is a sociopathic monster!

Edd: "Sarah? You certainly can't believe-" [Ed, wearing an angry look on his face, steps in front of Sarah.]

Nico: Looks like Ed's love for his sister kicked in.

Lana: It sure did.

Ed: "Stay away! Stay away from my baby sister, you meanie!" [Ed uses a chair to back Edd up.]

Edd: "Ed! My dear friend! How can you say that?" [Ed presses the chair into Edd's face.]

Ed: "We are friends no more! My mom says I can't be chums with a Fighting Fisticuffs like you!"

[Ed's heart wells up in his throat and breaks and he swallows it. Edd melts. Both begin to cry.]

POOR EDD AND ED.

Edd: [tear-filled] "This ends now!" [He grabs the end of the chair.]

Ed: "AAAAH!" [The beatdown begins]

SMASH WHAP BIFF WHOMP BIFF!

Ed: "Holy schmoly!"

CRASH!

[Ed leaves his imprint on the ceiling]

TREMENDOUS CRASHING AND SMASHING!

Ed: "Oh, Help me! Uncle! Uncle!" [The cafeteria is torn up by the fight.] "Run away!" [Ed digs his way out and escapes.]

Edd: "Come back here, you!"

Kevin: "Now's our chance!"

Sarah: "Jimmy get out of there!"

[Edd turns around just in time to see the kids exit the lunch room. They are all afraid of him.]

Nico: WHAT A BEATDOWN!

Lana: No kidding!

Nico: I can't believe that I accidentally did all that and everyone thought I was a Nasty McDusterknuckles all because I slipped on some mop water.

Kaede: Geez.

Eddy: "Yeah! You better run! 'Cause Double D's got all your numbers! And your addresses! Ooh yeah, I'm pumped baby!" [serious] "Maybe a little rough on Ed, huh? He is our pal, you know."

[Edd begins to look angry.]

Eddy: [a bit nervous] "Right! You know best, champ! So hey, I'm gonna go make Nazz rub my feet." [He leaves.]

Edd: "What have I become? Are these indeed the hands of a lowly thug?" [He holds out his shaking arms.]

Nico, Lana and Kaede went over to console him.

Edd is in the science and gardening room filled with plants, tending a flower]

Nico, Lana and Kaede were comforting him as he was crying. Poor Double D.

Nico: Relax, Double D. We know you didn't mean it on purpose. How about we take you out for some jawbreakers? I'm buying.

Lana: Yeah Double D it's not your fault man.

Kaede: You wouldn't hurt anyone like that. It's just that they are scared of you for no good reason.

Nico: Yeah man.

[Suddenly, They hears a noise behind them. A cup rolls out, and Edd turns around. He looks under a table.]

Nico: There's someone under the table.

Edd: "Ed? Is that you? Here, let me have your hand!" [He extends his hand into the blackness.]

Jimmy: "AAH! You leave me alone!" [He runs around the room.] "You dirty gorilla! You punky palooka!" [His screams grow less and less distinct as his hysteria builds.]

Edd: [crying] "Oh, what's the use!? Who'll ever believe I'm anything other than a rambunctious rough egg!"

Edd was crying hard.

Nico: Nice going Jimmy.

[Jimmy hides in a watering can. He peers out as Edd's tears water the flower. The flower starts to sprout and blooms into a thing of magnificent beauty, formed to the symphony of Edd's tears.]

Lana: Ooh that is beautiful.

Kaede: What a beautiful flower.

Kaede smelled it and it smelled like roses times 10.

Kaede: It smells magnificent.

Jimmy: "Double D!"

CRASH!

[Edd, startled, leaps up, banging his head on a florescent light. He falls to the ground.]

Nico: OUCH!

Jimmy: [gazing at the flower, amazed] "You cross-pollenated a rose with a Baby Blue Gym Sock!

Nico: I didn't know that was possible. Sounds like something Laney and Fluttershy would do.

Jimmy: I agree. Only hands as gentle as hummingbird's wings could have spliced the two together! I believe you, Double D!"

Lana: (In her head) If Linka were here she would console Double D to the max.

Edd: [grateful] "You do? Oh, thank you, thank you Jimmy!" [He hugs Jimmy.] "If only the others had listened to my pleas of innocence!"

Jimmy: "Sounds like you need a shoulder to cry on, Double D." [He takes out some hedge clippers.] "Be right with you!" [He trims a hedge into the shape of a psychiatrist's couch.] "Gimme the dirt, and don't spare me the details!"

Nico: A psychiatrist couch from a hedge. Very cool.

[Edd lies on the couch, and Jimmy brings up a stool, ready to listen to Edd's story.]

Edd: "Oh, Jimmy, I'm blurred, bewildered, befuddled at this maylay of misinterpretation! First, when my book plunged onto the top of Lee's foot-a fortuitous mishap, I assured them-yet that's the seed of fear. Then Rolf, oh, dear Rolf, in need of a new pencil! His worn, old, unusable! I was only to happy to provide him with one." [He flashes back to the scene in the hall.]

Flashback Edd: "Oh, why of course I do, Rolf."

[Searching for his pencils, he knocks a container of Liquid White onto the floor. Stepping on it, he slips, and his foot slams into Rolf's chin. His tie catches on a hook in his locker, and his foot comes down on Rolf's head. The tie then yanks him back. He snaps forward afterwards, and the pencils in his cup fly forward, pinning Rolf to the locker.]

Flashback Rolf: "Rolf would have taken a simple 'no, not today,' yes?"

Nico: You accidentally slipped on a liquid white container and your tie got caught in your coat hook?

Kaede: Ouch.

Edd: "Another regrettable blunder! As would be the one that happened next!"

[Edd remembers the cafeteria.]

Flashback Marie: "That's my pie, I saw it first!"

Flashback Jonny: "No way, he saw it first!"

Edd: "Remembering Mother had packed my lunch with a slice of her heavenly apple crumble pie, I thought the best thing to compose this conflict would be to share it." [In the flashback, Edd reaches in and stabs his finger on the fork. His hand leaps out, hitting Jonny. This leads to the destruction seen earlier.] "Not again! Again, my good intentions were cowed by my gawkish demeanor!"

OUCH!

Kaede: You accidentally stabbed your finger with your fork?

Nico: YIKES!

Lana: That must've hurt!

Flashback Ed: "Stay away!"

Edd: "Then came the hardest blow of all! My dear friend lost his hope and faith because of my stumblings! Enough was enough. I could see it was up to me to vindicate myself. So in order to do this, I needed to remove the chair that separated our beloved friendship." [Edd grabs the chair and pulls at it. Ed falls onto him. Ed, panicking, then begins to scream, and runs around, destroying the lunchroom as he runs.]

Flashback Ed: "Uncle! Uncle!"

Edd: [back to the real world] "Couldn't they see? How am I to blame? It's so obvious! Is it me? But I'm a pacifist!"

Nico: Double D it was all just a bunch of accidents. I mean look at Eugene in Arnold's class. He's more prone to accidents because he gets himself hurt all the time.

Lana: Yeah.

Jimmy: [coming up with a diagnosis] "You've been marked with a scarlet letter, Double D. All you need is someone to strip it from you, and validate that sweet and gentle you!" [He throws the door open.] "Follow me, silly!"

Edd: "Wait, Jimmy!"

[Jimmy runs down the hall. Suddenly, he stops and backs up. He is staring at Kevin, who is leaning against the soda machine. Kevin kicks it, but no soda falls out. Edd comes up next to Jimmy.]

Kevin: "Weak."

Jimmy: "You think you're so tough!" [He slaps Edd with a glove.] "I challenge you to a battle royale! Are you aware of the Marquis of Queensbury rules?"

[Edd stands silent. Suddenly, he gazes down the hall and sees Kevin. The plan becomes clear.]

Edd: "Explicitly! I think. I will make you consume your foolhardy words! We shall meet at-at-oh dear…"

Jimmy: "The Pit!"

Edd: "Ah! Yes! The Pit! Three P. M., yes?"

[Kevin backs up and turns a corner, ready to spread the news.]

Kevin: "No way!"

Jimmy: "And… scene!"

Nico: Ah I get it. You're going to fake a fight.

Lana: I hope this works.

Nico: Lana, Poromon and Poliwag left the Estate before we did. Should I be concerned?

Lana: No idea.

Kaede: I have a feeling it's something crazy.

Kevin: "Double D and Jimmy are duking it out at the pit, man! Pass it on!"

[Sarah and Nazz exit the school, headed for the pit.]

Nazz: "Oh no! Poor Jimmy's a goner!"

[Ed, bruised and bandage, peers out from behind the goalposts on the football field. He takes out his egg, which how has a face drawn on it and is wearing a hat replicating Edd's.]

Ed: "So, little Double G, seeing as my old pal Double D is now a

Nasty McDustYourKnuckles, you are going to be my new friend. What would you like to do today?" [as Egg] "I, Double G, am gentle, unlike that evil Double D you speak of. Um, shall we talk about fossils and dish soap?" [as Ed, sorrowfully] "Double D used to talk about dish soap all the time!"

[Eddy grabs Ed and sets him on a chair. Eddy is being carried on the chair by Jonny and Rolf.]

Eddy: "Move it, slow coaches! Or I'll make sure you're next in the pit!"

Jonny: "Yes sir, Mr. Eddy, sir!" [Ed fell off the chair]

[The kids are gathered at the pit. Jimmy is wearing a robe and practicing his punches.]

Eddy: [arriving] "Out of the way, make room, best friend of the school bruiser coming through! So move if you know what's good for you!"

[Edd, bored, checks his watch.]

Sarah: [worried] "Jimmy, are you crazy? He's gonna turn you into cold cuts!"

Jimmy: "Sometimes a man's gotta do what a man's gotta do, Sarah!" [His snake tattoo has reappeared.]

Eddy: "Spare the cliches, twerp, 'cause Double D's gonna mop the floor with that curly head of yours!"

Edd: "You still have time to yield to your inevitable fate of losing to me, Jimmy. Make haste, before I change my mind!"

Rolf: "The pasty boy is done for!"

Jimmy: "I got your knuckle sandwich with a side of black eye right here!"

Nico: Whoa nice talk.

Nazz: "Poor Jimmy!"

Nico: Just follow the plan Double D.

[Edd and Jimmy enter the ring, dukes up. They are at a crossroads with each other, both unwilling to throw the first punch. Suddenly, they start to slap at each other, engaging in a slapping fight.]

Nico snickered.

Jonny: "Give 'im the ol' one-two, Jimmy!"

Ed: "This isn't happening!"

Eddy: "That's my boy! Stay on him, Sockhead!" [He pulls out a hot dog and bites into it.]

Sarah: "Run, Jimmy, run!"

[Jimmy is now running in circles. Edd is chasing him around and around.]

Kevin: "Quit prancing around and pound him, Jimmy!"

Eddy: "What's the matter, Jimmy, your curls go limp on ya?"

Jimmy: "Pardon?"

[A hot dog with mustard hits him in the face, splashing mustard everywhere.]

Eddy: "That mustard looks good on you! It's yellow! Like you! Get it? I got a million of them!"

[Jimmy turns away and faces Edd.]

The Kids: "JIM-MY! JIM-MY! JIM-MY! JIM-MY!"

Jimmy: [to Edd] "Okay. Ready?"

SMACK!

[A relish-topped dog hits Jimmy on the back of his head. He turns around and gets one with ketchup in the face.]

Eddy: [laughing] "My bad!"

[Jimmy clears his eyes, but Eddy launches another relished dog at him. A mustard-filled hot dog follows.]

SMACK!

Jimmy: "Stop that! How can I concentrate with you-" [Ketchup.]

Nazz: "Hey, that's not fair!" [Edd turns and looks at her.] "Uh… nevermind."

Eddy: "Bombs away!"

[Eddy throws another hot dog, this one with mustard, at Jimmy. Jimmy catches it, anger in his eyes.]

Nico: Wow! Nice catch.

Lana: Yeah.

Plank:

Jonny: "I don't know where he's getting all those hot dogs from, Plank!"

Eddy: [taunting Jimmy] "Jimmy looks like he's gonna blow up! Oh wait, he already did when we turned him into a sumo wrestler, remember?"

Nico: Oh boy.

Jimmy: [charging Eddy] "I hope you're wearing a cup, 'cause you're creme brulee, mister!"

Eddy: "Yeah right."

[Jimmy tries to get to the top of the metal where Eddy is sitting. Edd grabs him by the pants.]

Edd: "Nonono. Have you forgotten our mission here?"

Jimmy: "Lemme go!"

Kevin: "Sha! Double Dweeb's gonna pants him!"

Edd: "Stop it! Right now!"

[Edd yanks Jimmy's hands free. Jimmy goes flying backwards and slams into Kevin and Rolf.]

SMASH! CRASH!

Eddy: "Way to go, Sockhead!"

[Jimmy lies on the ground as Eddy laughs. His face turns red, and steam starts to come out of his ears.]

UH OH!

Sarah: "Jimmy, are you okay?"

TTTTTTOOOOOOOOOOOOOOOOOOOTTTTTTTTT!

[Jimmy explodes. He charges at Edd in a fury, looking for all the world like a mad dog. Edd is helpless against the berserk Jimmy; a thug through happenstance, he has no idea how to defend himself against the onslaught.]

POW WHAM SMASH BLAM BIFF CRACK WHOMP SMASH SMACH BIFF WHAM ZONK ZOWIE THWACK WHAP THOTH!

Eddy: [seeing Edd losing] "Double D! Do something! You're the tough guy!"

[Jimmy finishes up. The dust clears, his face turns to normal, and he looks around.]

Jimmy: "What happened?"

Rolf: "The reign of the head-in-sock tyrant has ceased!"

[Edd lies on the ground in pain, bruised all over with a bite mark on his tongue and looking like he lost a fight with a crazed superhero. Jimmy is shocked of learning of what he has done to Edd]

Nico: HOLY MOTHER OF FUCKING SHIT!

Kaede: Double D REALLY got his butt handed to him!

Lana: MAN! Thank goodness that didn't happen to you Nico!

Nico: Yeah! Now it's time to set things straight!

Lana: Yeah!

Nico: Jimmy, what the Hell was that back there?! That wasn't part of the plan!

Jimmy: I know!

Nico: EVERYONE SHUT UP NOW!

They stopped.

Nico: NOW YOU WAIT JUST ONE GODDAMN MINUTE HERE! DOUBLE D IS NOT A BULLY! EVERYTHING THAT HAPPENED TO YOU ALL WAS ONE BIG FUCKING ACCIDENT!

Nico told everyone everything that happened because it was all an accident and how it was not Double D's fault. Kaede was healing him up and he was really mangled up. Double D was a total mess and was practically beaten to within an inch of his life.

Nico: Now I believe you all owe Double D an apology.

Nazz: Double D we're sorry. We thought you were a bully.

Kevin: Yeah sorry Dork.

Rolf: Rolf is sorry Double D Ed Boy.

Sarah: Sorry Double D.

Jonny: Yeah sorry Double D and Plank says he's sorry too.

Jimmy: Sorry too Double D. I snapped.

?: Blame Eddy for that.

A Necrofriggian came.

Nico: Whoa a Necrofriggian.

Necrofriggian: (In a girls voice) (Hawaiian Accent) Been a long time Nico.

Nico: That voice. Kanai? Kanai Humuhumunukunukuapuaa?

Necrofriggian: Yep.

Double D: Interesting. Are you from Hawaii?

Necrofriggian: Yes I am.

Nico: Kanai is my friend from Geology Class. We went to Hawaii, her native land to go study all about the volcanoes of Hawaii.

Necrofriggian: Yep. We got samples of rocks and even samples of red hot molten lava.

Nico: Yep. We had to put on volcano heat suits to protect us from the sulfuric poisonous gasses and even the intense heat when we were on Kilauea. It was awesome and amazing.

Necrofriggian: It sure was. And very dangerous too. But we got A+'s on our projects by going to the source.

Nico: Yep.

Lana: That is awesome.

Kaede was healing up Edd as best as she could as he was on a bed she got out.

The Kankers came.

Nico: You 3 stay put!

Eddy: Okay, Sockhead. Maybe I was pushing things too far. And I really am sorry for that.

Nico: You're forgiven, Eddy. Besides, that jacket does look cool on

you.

Marie: Wait. You're just letting Lee's man off that easily?!

Nico: (glares at the Kankers) Be happy I'm doing the same for you three. Because as much as I hate to admit it, you three really have been through enough today. But the next time you want to harass the Eds and anyone else here, just remember this small act of mercy. And the fact that I can kill you three in seconds.

Kaede: And Nico is not afraid to do so!

Lana: But it goes against our code.

Nico: Oh right. I forgot about that. Sorry. Thanks for reminding me Lana. Let me rephrase that. Because as much as I hate to admit it, you three really have been through enough today. But the next time you want to harass the Eds and anyone else here, just remember this small act of mercy. And the fact that I can send you 3 to prison just like that.

Lana: What's your favorite memory of Nico?

Necrofriggian: I have a lot of them but my favorite would be when we were at my favorite restaurant in Honolulu and we ate a huge stack of pancakes that was as big as a whole pizza.

Nico: I remember that! The Super Hawaii Pancake Challenge. It was awesome!

Lana: Sounds like my kind of challenge.

Kaede: Man I love pancakes.

Lana: Did you guys eat the whole thing?

Nico: We sure did and we won an awesome Hawaiian Pancake Trophy and a great T-Shirt.

Necrofriggian: We sure did and it was awesome.

Nico: It sure was. Also our teammate Ben, you'll think this is crazy but he has 8 Necrofriggian children.

Necrofriggian: That is crazy.

Nico: Okay. Time to revert you back.

Nico put on his blind man glasses.

Lana: You guys better cover your eyes. Nico's friend Nicole can smell perverts when they surface.

Kevin: Oh.

The boys covered their eyes and Nico snapped his fingers and Kanai reverted back and she had blue eyes and ocean blue hair and she was in her birthday suit and Nico gave her a new outfit and she was awesome in it.

Kanai: Wow! Look at this outfit.

Nico: Yeah we have an amazing team fashion team.

Kanai: This is amazing though.

Marie: Your clothes suck eggs!

Kanai fired a wave of ice wind from her hand and froze the Kankers in a big block of ice.

Nico: Wow! Thanks for saving me from having to do that.

Kanai: No problem Nico.

Nico and Kanai then hugged and Nico felt a cold shiver.

Nico: (Shivers) Whoa! You are cold.

Kanai: Sorry. But I missed you Nico.

Nico: Me too Geology Pal.

Later they came back home and told us all about everything that happened and it was nuts. Edd was rushed to the Infirmary to rest up and Linka was gonna be by his side the entire time as he heals.

---

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, the TLPS Cul-De-Sac Kids, Linka, and Leif Loud are heading into the Simulator, and our destination is at Peach Creek, and not only is Lincoln going to rescue the eleven girls there, but we are also going to deal with Ed's Simulator counterpart, who's in a REALLY ROTTEN MOOD and he's going to be so mad that he'll want to tear the world apart because of a wood tick in his shoe, and we got word of another Malefic Dragon-Gene Slammer here, but this one is indeed another of Lincoln's Guardian Angels. The Simulator activated, and we arrived at Peach Creek.

Lincoln: Wow, we're in Peach Creek, and I think I know what we're going to do here, not only am I going to rescue the eleven girls there, but we are also going to deal with Ed's Simulator counterpart, who's in a REALLY ROTTEN MOOD and he's going to be so mad that he'll want to tear the world apart.

Nico: That's right, big guy. From what Double D and Eddy told us the last time this happened, Ed had a pebble in his shoe. This one may be different, it may be like how you were in a bad mood, due to getting a wood tick in your shoe, thanks to Lana.

Me: This is going to be one dangerous fight.

TLPS Mr. Wolf: But, we're ready for him. And I got word that the next Malefic Dragon Gene-Slammer is here, and this time, it's another of Lincoln's Guardian Angels.

Lincoln: You're right on this one, TLPS Mr. Wolf. (To Leif) And thanks for coming, Leif.

Leif Loud: You're welcome, Lincoln.

Lana: If this is just like what happened to you, Lincoln, we're going to need to restrain Ed.

Lincoln: And I've got just the idea on how to restrain Ed's Simulator counterpart.

Lincoln was surrounded by snowflakes, ice crystals, and ice lightning, and when he emerged, the 16-year-old 7'0" tall, white-haired, handsome, and extremely muscular teen's orange version of He-Man 2002's loincloth, large orange bands on his massive biceps and thighs, long orange trenchcoat flaps, and eight large orange orbs orbiting around his legs turned marine blue, his long white hair reaching the bottom of his neck turned marine blue, his large blue pants had turned marine blue except for the gold lightning bolts, his large ankle-length white combat boots remained the same, and his deep sapphire blue eyes turned deep marine blue. Lincoln's transformed into ARCTIC LINCOLN, The Arctic Elemental Hero of Ice and another elemental hero form Lincoln's unlocked. We were really amazed, including Lana, Leif, and Luna and when Lincoln's harem saw it, their faces had an atomic red blush and hearts in their eyes.

Me: Whoa, now that's awesome.

Nico: Dang, Lincoln's unlocked another elemental hero form, I remember he transformed into Inferno Lincoln dur, Shadow Lincoln, and now, he's turned into Arctic Lincoln, awesome.

Lana: That's so awesome, Lincoln.

Lincoln: Thanks, Lana.

?: HELP!

Suddenly, Lincoln heard the sound of eleven girls calling for help, along with a really loud yell. With his deep marine blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the eleven girls, but they've been cornered by Ed's Simulator counterpart, who's gone full-blown crazy thanks to Eddy's Simulator counterpart losing his temper and slapping Ed's Simulator counterpart in the back of the head, and he's going to kill them.

Lincoln: Guys, I found the eleven girls, but they've been cornered by

Ed's Simulator counterpart, who's gone full-blown crazy thanks to Eddy's Simulator counterpart losing his temper and slapping Ed's Simulator counterpart in the back of the head, and he's going to kill them.

Eddy (TLPS): (Getting Mad) What?! Why, that flat-headed, greed-obsessed, no-neck chump! He has no idea of what he's just caused!

Lincoln: Let's head down there at once!

We arrived at the park, and it was a total mess, Ed's Simulator counterpart ripped everything apart with his mouth, and we saw Ed's Simulator counterpart with a light pole he ripped out of the ground and he was going to attack. But, Lincoln fired a powerful blast of ice, which froze Ed's Simulator counterpart, and the eleven girls got to safety, and just in time, as Ed's Simulator counterpart had busted out. When he saw us, he was really mad, as his eyes were red with madness and fury, and he tore his unibrow in two.

Lincoln: Whoa, he's even worse than when I had that wood tick in my shoe, and look at the carnage he's just caused, unbelievable. Sorry, Ed, but we're putting a stop to this.

Arctic Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back, and we also unholstered our massive swords from our backs, and we went at Ed's Simulator counterpart, and we fired powerful blasts of rainbow energy, colored energy,

and elemental forces, and they exploded with incredible power as they hit him. Then, Lincoln fired a powerful blast of ice, which froze Ed's Simulator counterpart to his head, except for his feet.

Arctic Lincoln: Now, let's see what's caused Ed to be in a bad mood.

We took off his shoe, and we saw what it was that was causing him to be in a REALLY ROTTEN MOOD: it was a wood tick and it's biting his big toe. We were surprised and shocked.

Arctic Lincoln: A wood tick?! It's just like what happened with me, and it wasn't a pebble in Ed's shoe this time. And it's the same wood tick that Lana put in my shoe, and caused my bad mood.

Lynn: (Gasps) Oh man, we got to get rid of that nasty monster off before Ed's Simulator counterpart gets loose, and tears more of Peach Creek apart.

Lana: What?! You can't, look at how cute this guy is.

We looked at Lana, and we were annoyed.

Lincoln: Lana, I'm going to personally make sure you never bring anymore harmful bugs into the Estate again.

Nico: And that's a promise.

Lincoln: J.D., do you have that anti-Wood Tick medicine you used on the wood tick that bit me?

Me: Got it.

I handed Lincoln the anti-Wood Tick medicine I used on the wood tick that bit him, and he applied it on the wood tick, and it caused it to get so woozy, it fell off Ed's toe and was put in a jar with a lid full of holes, and we saw a Malefic Red-Eyes Black Dragon had appeared and melted the ice encasing Ed's Simulator counterpart. When Ed's Simulator counterpart saw the wood tick was off his toe, he had a big goofy smile on his face, and he was back.

Ed's Simulator Counterpart: Ed is happy once more!

We holstered our massive swords on our backs and Lincoln changed back to normal.

Malefic Red-Eyes Black Dragon: (In a girl's voice) (Japanese Accent) Whew, now that was way too close.

Lincoln: Wait, that voice. Riley Kurayami, is that you?

Riley Kurayami: (Japanese Accent) That's right, Lincoln, and it's been a long time.

They went up to each other, and they hugged, and Riley was surprised at how much stronger and at how much taller and much more muscular Lincoln's gotten since she last saw him.

Lincoln: It sure has been a long time, I haven't seen you when you were eleven, and I've grown a lot since then.

Riley Kurayami: (Japanese Accent) Yeah, I can see, you've really grown a lot from the eleven-year-old cute little boy into a 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Wow, Lincoln, you know her.

Lincoln: Yeah, I do, Nico. This is Riley Kurayami, she came to Michigan from Japan when she was only eleven, and she, like the other Guardian Angels, have defended me from bullies, and that included Lori, Lynn, Lola, and Luan, when they still had their dark sides in them.

Nico: Awesome.

Riley Kurayami: (Japanese Accent) And that was fun.

Lincoln: The rescues are always fun. Now, let's get you back to normal, boys, cover your eyes. Hold still, Riley, this is going to hurt.

Me, Nico, Eli, and the rest of the boys covered our eyes as Lincoln snapped his fingers, and Riley was reverting back to normal. Riley Kurayami is a beautiful 17-year-old with long black hair going down to the bottom of her neck, red eyes, fair skin, she is 6'0" in height, and she had the body of a goddess. She also now has massive black angel wings on her back, as she reigns in the power of the Malefic Red-Eyes Black Dragon, and she was in her birthday suit.

Lincoln: How do you feel, Riley?

Riley Kurayami: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Riley Kurayami a new wardrobe, a sleeveless black shirt with a blood red phoenix and a black skirt with the Malefic Red-Eyes Black Dragon with dark flames on it, black leather ankle-high combat boots, and a long black sleeveless trenchcoat with the Malefic Red-Eyes Black Dragon on the back, and on her back is a large Malefic Red-Eyes Black Dragon-themed sword with a 6'5" massive, wide, double-edged, man-sized black blade with the Malefic Red-Eyes Black Dragon etched on it, large Malefic Red-Eyes Black Dragon wings for the crossguard, large blood red gem for the hilt, longer black handle, and large black faceted sphere pommel with surrounding blood red gems.

Riley Kurayami: (Japanese Accent) Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Riley Kurayami's neck with blood red gems and crystals from her new Crystal Necklace of the Buddha on the gold lightning bolts.

Riley Kurayami: (Japanese Accent) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Riley.

Riley Kurayami had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the eleven girls, and when Lincoln saw them, he immediately recognized them. The eleven girls are Kahoko Hino, Shoko Fuyuumi, Kanade Kohinata, Nia Hasekura, Ryouko Mikage, Mari Tsuzuki, Shiori Myoga, Megumi Shouji, Nami Amou, Nao Kobayashi, and Mai Koizumi from La Corda D'oro.

Lincoln: Oh wow, it's Kahoko Hino, Shoko Fuyuumi, Kanade Kohinata, Nia Hasekura, Ryouko Mikage, Mari Tsuzuki, Shiori Myoga, Megumi Shouji, Nami Amou, Nao Kobayashi, and Mai Koizumi.

Riley Kurayami: (Japanese Accent) From La Corda D'oro, awesome.

Lincoln: Are you girls okay?

Kahoko Hino: Yes, we're okay, thanks to you.

Then, Kahoko Hino and the other eleven girls saw who it was that saved them from Ed's Simulator counterpart who went berserk thanks to Eddy's Simulator counterpart, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Kahoko Hino: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made ten clones of himself, and he and the ten clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Kahoko Hino: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, eleven Thunderbird Necklaces of Eternal Love appeared right around the necks of Kahoko Hino, Shoko Fuyuumi, Kanade Kohinata, Nia Hasekura, Ryouko Mikage, Mari Tsuzuki, Shiori

Myoga, Megumi Shouji, Nami Amou, Nao Kobayashi, and Mai Koizumi with colored gems and crystals on the gold lightning bolts. We exit the Simulator, and we told everyone what happened there, and they were shocked when they found out that Ed's Simulator counterpart had a wood tick in his shoe, and it was biting him on the toe, and it caused his bad mood, and not a pebble this time.

But, when Lincoln showed and told everyone what he did, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Riley Kurayami now have a lot of catching up to do, now that she's back. Luan also gave our Eddy a kiss for beating up his Simulator counterpart for what he did that caused the mayhem.

---

After our wild adventure in Peach Creek in the Simulator, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Riley Kurayami saw Lincoln working out like crazy, she had an atomic red blush on her face.

Riley Kurayami: (Japanese Accent) Whoa, Lincoln has really grown to be a 16-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Riley, and now, I can also fight and defend myself.

Riley Kurayami: (Japanese Accent) That's awesome.

Nico: It sure is, Riley. So, what memories did you have with Lincoln?

Riley Kurayami: (Japanese Accent) Oh, I remembered that one time, Lincoln and I worked together to complete an incredibly difficult Algebra assignment in Algebra Class, and there's another time that we even performed a magic show while working alongside Luan during one of the birthday parties.

Luan: They did an awesome magic show, Nico, and you should've seen it, it was so amazing.

Nico: That's so awesome, and Lincoln's been getting even better with magic, thanks to his constant training and reading from the spellbooks in our vast library and his large Spellbook of The Gods and The Universe.

Riley Kurayami: (Japanese Accent) And I've also gotten along with Lucy and The Young Morticians' Club, and they were surprised to see me again.

Lucy Loud: We truly were surprised to see you again, Riley.

Me: So, Lincoln, what can you tell us about Riley Kurayami?

Lincoln: Riley's a smart student, especially when it comes to Algebra, and like the Goths of Darkness, she adores The Occult, and she also defended me from Lynn who wanted to beat me up, and she had used her martial arts skills that she'd learned from her parents to stop Lynn, and it resulted in Lynn getting a two-week grounding.

Nico: She'll fit along great with the Goths of Darkness, and I found out that Brittney's already looking forward to teaching her everything she knows about the Occult and the darkness.

Me: Awesome, and Riley will also learn a lot more martial arts under Master Goku and the Z-Fighters.

Lincoln: That's right, guys. Oh, it's time for our date, and Nico and his harem are also joining in on the date.

Nico: Right, but first, let's get a shower.

We got a shower afterwards, and after that, Lincoln and his harem were getting ready for their date, this time, it's at Megafruit Paradise in the world of Mario.

Lincoln then snapped his fingers, and the 16-year-old 7'0" tall, white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo, and elemental forces on it, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

Nico then snapped his fingers, and the 7'0" tall, black-haired, handsome, and extremely muscular Saiyan was dressed in large red swim trunks with a phoenix and elemental forces on it, along with his red weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large red sandals, and eight large colored orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

Lincoln's harem were dressed in two-piece bikinis in their favorite colors, sandals, along with their jewelry, and they also had their weapons holstered in case of trouble.

And Nico's harem were dressed in two-piece bikinis in their favorite colors, sandals, along with their jewelry, and they also had their weapons holstered in case of trouble.

Lincoln and Nico: Well, ladies, shall we?

Lily the Mermaid and May: Of course, boys.

Lincoln, Nico, and their harems left the Estate, and they head for their destination: Megafruit Paradise in the world of Mario. When they arrived, Megafruit Paradise is a tropical island with structures made of fruit: watermelon and pineapple, with a sandy beach and crystal clear waters. They were amazed by the place.

Nico: Whoa, so this is Megafruit Paradise. This is so awesome, the structures are made of watermelon and pineapple. (Drools) My mouth is already drooling.

Lincoln: Nico, don't get any ideas, the locals won't like it. Well then, shall we?

Lily the Mermaid: Of course, Linky.

May: And we'll keep Nico from looking at and planning to eat the buildings.

Lincoln: And don't feel bad, Nico. I packed us something for lunch.

Nico: Thanks, Lincoln, I think you saved me from doing something that could upset the locals.

Lincoln, Nico, and their harems got started by jumping into the clear waters, and they are swimming in the waters. Then, they explored the buildings, and May had to keep Nico from drooling like crazy. Then, it was time for lunch, as they went outside to a picnic area, and he got out some grilled cheese sandwiches with pieces of shredded grilled chicken and bacon in it, and it satisfied Nico, and he did remember that Valerie Brinkley made those grilled cheese sandwiches with pieces of shredded grilled chicken and bacon in it. Then, as soon as the sun's about to set, Lincoln and Nico made clones of themselves, and they and the clones went up to the girls in their harems, and they picked them all up in their abnormally massive and powerful muscular arms, and just as the sun turns orange, they passionately kissed and hugged. Then, they returned home to the Estate, and they returned to their original clothes.

Me: Hey, Lincoln, Nico, how was your date?

Lincoln: It was awesome, J.D. We went to Megafruit Paradise in the world of Mario.

Me: Awesome.

May: And we had to keep Nico from eating the buildings made from watermelon and pineapple, and when it came time for lunch, Lincoln gave us the grilled cheese sandwiches with pieces of shredded grilled chicken and bacon that Valerie Brinkley made long ago, and it satisfied him.

Nico: It was so good. Valerie's an awesome cooking genius.

Lincoln: Wait until tonight, Nico, we're having the chocolate pie that we made a few hours ago, and we have it chilled in the fridge, and away from my chocoholic siblings, thanks to our mascots.

We saw the mascots standing guard at the fridge, and they scared Lana and Lola off, as they barked like dogs, and they went running from them, and that caused the other sisters to groan in defeat.

Luan: Dang it, Lincoln knew we'd try to get the chocolate pie, and he hired the mascots to guard it.

Luna: Looks like we're waiting until dessert tonight, dudes.

Lori: We've got no choice, those mascots are tough, and if we try anything, they'll get after us. So, we'll wait until tonight to have a slice of chocolate pie.

Nico: Good idea.

* * *

Later Poromon came back and he had a bag and it was full of a white powdery substance.

Me: Is that the stuff that I think it is?

Avery: What the Hell did you two just bring home?!

Poromon: The government agents after Kaede were using cocaine to strengthen their efforts. So me and Poliwag stole some of it.

Lola: Oh my God! What did you two do?!

Nico: OH NO!

Laney: This is bad guys!

Me: But on the bright side, we're going to have them come right to us so we can smash their fucking assholes into pulp!

Tayuya: You said it J.D. Lets pulverize those motherfucking idiots into dirt!

American Dad Roger Smith: Cocaine bricks! Perfect! We now have enogh crazy items to kill the rogue agents!

Roger put the cocaine bricks next to several beer bottles and red bull cans.

Shining Armor: (sighs) Well, it's either this or Kaede gets taken away.

Nico: No way am I got to let that happen! Kaede you go into my room. You'll be safe in there.

Kaede: Okay.

She went into Nico's room.

Nico: They want a fight, we'll give them a war.

We took the elevator down to the surface and we were ready.

We faced the Agents.

Rogue agent: Have some of this!

SMACK!

He hit Poromon with a bat, sending him towards one c*** brick.

Wildrider: Big mistake, pal!

Nico: NOW You're in for it!

Instantly, Poromon felt its' effects, grabbed the bat, and hit another rogue agent with it, making him drop his gun. Poromon picked up the gun and fired at the rogue agents.

BANG BANG BANG BANG BANG BANG BANG BANG!

Poromon: YEAH! YOU LIKE THAT?!

He blew their chests open and pumped their guts full of lead.

Eli: Take that!

American Dad Roger: Lori, drink a bottle of beer! Lynn, drink a red bull can! It's time to get crazy!

Lynn: You got it!

They got to drinking and then they went nuts and drunk and went at the thugs and ripped their necks open and smashed their heads into pulp with complete unpredictability.

Me: Lola! Go crazy on sugar!

I gave Lola some sugary candy and she went on a hyper sugar rush and smashed the thugs into pulp!

Poromon: I'M AMAZINGLY FOCUSED RIGHT NOW!

HE BLASTED THE AGENTS ALL OVER THE PLACE!

Lola: TAKE THAT YOU CLODS!

Clyde: YEAH YOU DORKS!

Poromon was about to kill the last rogue agent when he suddenly ran out of bullets. To add insult to injury, the c*** wore off as the agent walked over to him when an evil smirk.

Poromon: (touches the TV) Outside TV is safe!

G1 Smokescreen: Don't worry, Poromon! I've got your back!

He smashed the last agent into dust.

The agents were all either dead or being arrested and taken to the pokey.

Nico: Good riddance. At least Kaede is safe.

May: Thank goodness. The surviving agents are going to prison where they belong.

Me: Yep.

On the hologram phone was the Prime Minister of Japan, Mr.

Takeshi Takahashi.

Me: (Speaking in Japanese) こんにちは首相。私たちに迷惑をかけてきた悪党の話を聞いたと思います。(Hello Mr. Prime Minister. I guess you heard about the rogue agents that came over to cause trouble for us.)

Prime Minister: (Japanese Accent) Yes J.D.

Blackout: Hi there, Mr. Prime Minster!

Maria: Sorry about the mess.

Prime Minister: Actually we are the ones that are sorry. Those rogue agents that were after Ms. Kaede are part of an evil terrorist group we are after. They want to use her as a weapon to destroy the world. But you don't have to worry anymore. They are all arrested and brought to trial for their crimes. Just this morning we raided their major compound in Kyushu.

Nico: Thank goodness. We'll have these monsters deported back to Japan to face judgement.

Prime Minister: Thank you Nico.

Lori, Lynn and Lola all had tremendous headaches. Same with Poromon.

Lori: (Groans) I literally have the worst ever headache.

Lynn: That's the last time I'm drinking Red Bull.

Lola: And have that much sugar. (Groans)

Nico: You'll be all right guys.

Poromon: (Groans) That was awful.

Eli: But at least we made sure those monsters are gone for good.

Me: Yeah.

Nico: Yep. It's time for our next mission and it's on File Island.

There's a report of a Black Gear flying around. We got to find it and destroy it.

Eli: That's not gonna be easy. Where is it at?

Nico: It's in the cold zone near Infinity Mountain. Man that mountain is gonna be a big challenge.

Then Roxy Rocket, Dark Spicer, SkullMeramon, Killer Croc, Katnappe, Mirror Master, Man Ray, Dumbbelltron, Gameface, and Pyros appeared.

Roxy Rocket: Can me, Dark Spicer, SkullMeramon, Killer Croc, Katnappe, Mirror Master, Man Ray, Dumbbelltron, Gameface, and Pyros go with you guys?

Nico: You all sure can. We're going to File Island.

Katnappe: Awesome!

Mirror Master: We saw the battle. Are you all okay?

Nico: We're all fine.

We were off and we later arrived at File Island.

We arrived at File Island and we were in the cold sector of the island not far from Infinity Mountain.

Nico: Here we are.

Eye Five: Damn, it's cold!

Nico: Good thing were put on our jackets for this.

Megan McCallister: Yeah.

Laney: Wait I smell something.

We smelled what appeared to be sulfur.

Me: I know that smell. It's sulfur.

Lana: And it's from there!

We saw steam!

Man Ray: Kanai, I hope you're prepared to go through pregnancy like Big Chill did.

Kanai: Oh I will be prepared.

We arrived at the hot springs and we saw that it was scaldingly boiling hot.

Nico: Whoa this water in these springs is much too hot for us.

Laney: We would be cooked like steamed lobsters in this.

Lana: Yeah no kidding.

Kanai: That would not be good.

Grier: Nico, which Gene Slammer do you think will appear on your next rescue?

Nico: Crystalsapien next this time.

Rainbow Dash: Awesome! That means me, Luan, Princess Celestia, Takanuva or Eddy will go with you next.

Nico: Yep.

Me: Awesome! It'll be cool to see where you meet a Crystalsapien Gene-Slammer.

Nico: Also, even though Kanai froze the Kankers in my rescue, I hope you don't mind that I let them go.

Killer Croc: Not at all, Nico. At least you gave them a warning.

Dark Spicer: Next time it will be a big time asskicking.

Nico: You got that right.

Our stomachs then growled.

Nico: Getting hungry.

T.K.: I think we found something.

Nico: What do you mean?

T.K.: Take a look there.

We turned and saw a refrigerator? What the?

Nico: A refrigerator on File Island? That is strange.

Overkill: Something's not right here.

Nico: What do you mean?

Overkill: How can a refrigerator be here on File Island of all places?

Joe Kido: I said the exact same thing before Overkill.

Nico: That's right you guys had crazy experiences like this before. Phone Booths, telephone poles, lots of things like that.

Joe Kido: Yeah.

Eli: Lets open it and see what's in it.

Nico opened it and inside it were shelves upon shelves of eggs.

Nico: Eggs!

Ed: Eggs eggs Eggs eggs eggs eggs eggs.

Gameface: We still shouldn't let our guard down.

Nico: I agree.

Lana: Come on guys lets eat.

Eli: Lana's right. I sense it's not a trap and that these eggs are safe.

Nico: Good.

William: Okay. If the eggs aren't a trap, then what's it doing here.

Pounce: That's a good question.

Tai Kamiya: Trust us. We know this thing.

We got to cooking the eggs and we made omelets, sunny side up eggs and more on a really hot cooking rock.

We got to eating them.

May: These eggs actually are delicious!

Pyros: Can I cook some of them?

Nico: Go for it.

He used his lava to cook them.

Laney: Awesome eggs.

Nico: Yep.

Matt: If we had some ketchup to go with this it would be perfect.

King Dedede: I brought ketchup!

Matt: Great!

Matt and T.K. put ketchup on their eggs. Silly.

Me: Boy you guys must like your eggs in different ways.

Joe Kido: I always like my eggs to have salt and pepper on them.

Tai Kamiya: I like soy sauce.

Matt: Mine with Salsa.

Izzy: I like mine with mustard and jellybeans.

Me: That's silly.

Nico: Funny.

Kanai: That is awesome though.

Mimi Tachikawa: I know. My favorite way is eggs topped with maple syrup and I like it sometimes with cherries on top.

Nico: That sounds more like a dessert than a breakfast.

Lana: Yeah but it sounds tasty.

Dumbbelltron: Eggs aren't sundaes.

Nico: No but that is awesome though.

Me: It's amazing how many experiences you all have here.

Gomamon: But we have to be ready for anything that comes our way.

Joe Kido: I agree.

Me: Joe you have experiences with this area. What can you tell us about what happened here in this part of File Island?

Joe Kido: Well it is a really amazing adventure.

---

The DigiDestined and their partners are wandering through a cold forest. They are discussing all of the fun things they could do in the snow when Joe tells them they need to be more serious and safe but everyone else laughs and thinks Joe should lighten up. They find themselves at a field covered with snow and try to decide between crossing it or climbing the nearby Infinity Mountain. Before a discussion is reached, the kids smell something and see steam. After following the steam, they find a bunch of pools filled with boiling water. There is also a refrigerator filled with nothing but eggs. Joe doesn't think they should eat them but everyone else is hungry and disagrees.

As everyone enjoys their feast of eggs, they start to feel homesick.

The kids feel better after talking about their favorite kinds of eggs but Joe just gets annoyed. Everyone thinks he is acting weird and should lighten up but Joe says he is just being careful because nobody else will and he needs to be the voice of reason.

Tai and Matt are fighting over whether or not to climb Infinity Mountain. Tai says it would give them a great view of the whole island but Matt says it would be too dangerous and they don't know what's up there. As Joe goes to break up the fight, they try to make him take sides. Unfortunately, he sees valid points in both of their arguments. The kids finally decide to go to bed and figure it out in the morning, but Joe is worried that he is not being responsible enough as the oldest to take care of everyone. In the middle of the night, he and Gomamon go off on their own to climb Infinity Mountain.

After getting halfway up the mountain, it starts to shake violently. Black Gears start to appear at the top of it. As Joe and Gomamon go to see where the gears are coming from, a Unimon flies over them. Gomamon is about to go over and talk to him when a gear comes from the sky and embeds itself into Unimon's back. He then starts to attack.

Meanwhile, Sora wakes up and finds that Joe is gone. She thinks he went up Infinity Mountain and wakes up everybody else. As Unimon is about to unleash an attack on Joe and Gomamon, Birdramon shows up with Sora, Tai and Agumon. Unimon defeats Birdramon so Agumon digivolves to Greymon, but he is defeated too. To protect his friends, Joe jumps onto Unimon's back to try to pull out the gear. He can't do it and he falls off. Just then, Gomamon digivolves to Ikkakumon and catches Joe. He is also able to destroy the gear. Joe, Tai, Sora, Gomamon, Agumon and Biyomon then make their way to the top of Infinity Mountain. Upon getting there, they see that beyond the island is nothing but water.

---

We were amazed.

Nico: Wow that's amazing.

Laney: It sure is.

Me: So that's it. Our mission is to save Unimon from a Black Gear should the time come.

Lana: Yeah.

Blot: How many eggs are in that fridge?

Me: No idea. But it's a lot of eggs.

Lana: No kidding.

Lisa Loud: I counted 3,000 eggs.

Laney: But don't worry, I used my imagination powers to make many more eggs.

Lola: Good thinking Laney.

Lily: Yeah.

Me: Also Joe you don't have to be a total worrywart. I know you were trying to look out for everyone but in a world with lots of Evil Digimon things can get out of hand really fast.

Nico: He's right on that. The Dark Masters, Etemon, MaloMyotismon, Myotismon, Devimon and all sorts of Digimon that are bad and pose a threat to everyone. Joe in a situation like that with those threats its life or death and you are right to worry about everyone. Just like I worry about everyone on the team. It's a massive responsibility.

Mirror Master: Let's not forget about the other villains out there. Like Bagra, Yost Dr. Doom, Morocco, and the General.

Nico: That's right. We have our work cut out for us.

Me: Not to mention the 2012 version of the Shredder that is bound to return.

Nico: You're right. Either by a Dark Orb, Number Card, Aparoid or all

3. We have to be ready for anything.

Lana: Yep.

Meowth: I hope it's not all three! Can you imagine 2012 Shredder as a fucking Aparoid Zombie?!

Nico: That would be wicked scary. But we can face him.

Lana: Yeah.

Lola: But we'll be ready.

Me: We killed the Shredder before. I vowed that if the 2012 Shredder returns that I would make sure he would pay the biggest ultimate price ever.

Laney: Black Gate?

Me: Black Gate.

Laney: Good.

Katnappe: (to the mascots) Are you guys enjoying the eggs?

Poromon: You bet we are!

Manaphy: Yummy!

Jirachi: Delicious.

Matoombo: It's been a few hours now. Maybe Unimon's safe.

Nico: Well lets find out. Lets head over to Infinity Mountain.

Eli: I can sense where he is. (Concentrates) Oh no! He's got a black gear in him!

Nico: Oh no! We got to hurry. But from Joe and everyone's experiences we're gonna be in for a rough and powerful battle. Lets get ready for action team!

SkullMeramon: I just hope he hasn't done any damage!

Nico: (Sees something) There!

We saw him patrolling the mountain.

Nico: He's flying around the mountain and keeping an eye out for any intruders. And I see the black gear. It's imbedded in his back.

Eli: Then we need to fire a blast at him.

Nico: Yep. Lets go guys. Entrance time.

Chill Bill: Anytime you guys are ready!

Nico: CHARGE!

We flew at Unimon.

Unimon was flying and then the spirits of the vigilant animals all flew around him and then they swirled and converged and then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above him and a phoenix cry was heard and we came out.

Nico: Lets see how you like this! (ECHOING) HORNBLASTER!

Nico fired a ball of energy using Unimon's powers and then it hit Unimon and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: Not used to fighting someone that has the same powers as you do huh?

Cold Death: (to Unimon) Here's your warning: Your ass is about to be kicked!

Kanai: By me and Dark!

They fired blasts of ice and froze his wings.

Then Turtle, Unicorn, Dodgeball Wizard, Multiplex, Black Spider, Grodd, Trickster, Toiletnator, Raven Branwen, and Beast Man appeared.

Nico: Turtle, Unicorn, Dodgeball Wizard, Multiplex, Black Spider, Grodd, Trickster, Toiletnator, Raven Branwen, and Beast Man

Unicorn: Looks like I get to meet the Digimon based on the animal I got my name from.

Turtle: Good thing we brought you along with us.

Nico: Yep.

Dodgeball Wizard: You can talk with him after this.

Multiplex: (to Nico) We heard you once again visited the Eds' old school.

Nico: We sure did.

Black Spider: How was it this time?

Nico: We saw what happened when Double D was having an accident day and it was crazy. It's like what happened with me.

Rotwood: That was nuts.

?: No kidding.

Then 2 figures came and they were THE SNEAK BROTHERS from episode 8 of Gokaiger!

---

They were sent by Damaras to spy on the Gokaigers to learn more of their' goals, as he thinks their hunt on the planet would be detrimental to the Zangyack's invasion. They were able to detect the GokaiGalleon's current location. Elder tells Younger that the infiltration could be suicidal, as the two brothers seem to have a heartfelt moment before Younger tries to throw Elder into the GokaiGalleon so he could spy on them from inside the ship. It takes several failed tries but he soon manages to aim well. He is able to discover their goal to obtain the Greatest Treasure in the Universe before his cover was almost blown by Joe Gibken who luckily just went to do pushups. He ends up having to move around the ship when the GokaiGalleon crew look for Navi who is missing. Elder hides inside the chest with the Ranger Keys, on Ahim's boot, in one of the sound tubes, and in a box of dessert. He finds a hiding spot where he can see Navi showing back up and giving the treasure navigation, this time being an island in the sky. That's when Elder chooses to reveal himself and gloat, long enough for Joe to pick up a baseball bat and swat him out the galleon and back to Younger. Not wanting them to leave alive after hearing the information, the Gokaigers defeat their Gormin with the Ranger Keys of Gaoranger & Denziman. The brothers reveal they were just trying to tire them out, but the Goklaigers use the Goggle-V forms to fight them. Once given a good thrashing, the Gokaigers use the Gokai Slash Final Wave on the both of them

Insarn, lamenting that they were her favorite among the Action Commanders, grows them both. The Sneak Brothers, believing they outnumber Gokaioh, attack with Younger throwing Elder towards GokaiOh. But the mecha uses the Gokai Bat to swat him away into outer space demise. Devastating him, Younger tries to take revenge, but he is destroyed when GokaiOh becomes Deka GokaiOh for the Gokai Full Blast. Despite their death, Damaras learns all he needed, making their mission a success (Until Warz Gill brushes off the greatest treasure in favor of conquering Earth)

---

Eli: The Sneak Brothers! I remember you guys. You were sent to find the GokaiGalleon.

Elder: That's right Eli.

Eli: Yep.

Elder: It's a shame we weren't adapted for America.

William: Maybe it's because too heads in one body was considered freaky.

Maria: I don't see any problem with it.

Nico: Me neither.

We then got the usual battles underway after Pink Ranger Slayer, Marcel and Weddinmon appeared.

---

Hikaru Akatsuki, Rainbow Dash, Scootaloo, Air Skylanders, Sasami, Turtle Brothers, Barricade and Blackout VS Jai West A.K.A. Turtle (DC) - Lincoln's rescues from today and yesterday

---

Turtle was first.

Turtle: (to Hikaru) Lincoln had a rescue today and yesterday. Can you explain what they were?

Hikaru: I sure can. Yesterday Lincoln's rescue involved the battle between Jonny 2X4 as Captain Melonhead and Eddy as Professor Scam. That was awesome and funny. The rescue today was around Ed being in a really bad mood. You should have seen how mad he was.

Rainbow Dash: Yeah he was terribly mad! He was so mad that he wanted to rip the world to shreds.

Scootaloo: And all because he had a wood tick in his shoe.

Whirlwind: He was out of his mind with pain from it.

Sasami: No kidding. It was terrible.

Leo: Yeah it was terrible.

Raph: It was. And I thought I had nasty anger problems.

Mikey: No kidding.

Donny: Poor Ed was in a lot of pain from it.

Turtle: Ouch. Lets do it!

They fired waves of lightning, wind, rainbows and energy and smashed him down.

Hikaru: YEAH FOR ASGARD!

Rainbow Dash: That was AWESOME!

## Sheila Castille, Rarity, Sweetie Belle, Water Skylanders, Aeilene (Summoner Wars), Lori, Eye Five and Eye Scream VS Unicorn - Meeting a Malefic Red-Eyes Black Dragon Gene Slammer and a Malefic Blue-Eyes White Dragon Gene-Slammer

---

Unicorn was next.

Unicorn: (to Sheila) I heard you guys met a Malefic Red-Eyes Black Dragon Gene Slammer and a Malefic Blue-Eyes White Dragon Gene-Slammer. What are their names?

Sheila: We sure did and the Malefic Blue-Eyes White Dragon Gene-Slammer is Alex Ramirez and she is one of Nico's friends in economics class and she is a party girl. Not a wild party girl like Sergio and Sancho but she does really cool parties. The Malefic Red-Eyes Black Dragon Gene-Slammer is Riley Kurayami. She's from Japan and she is another one of Lincoln's Guardian Angels and she excels in Algebra and is fascinated with the occult.

Unicorn: Wow that is awesome!

Rarity: Oh it most is amazing. We are now going into Paradox's most amazing signature monsters.

Sweetie Belle: They sure are cool. Even though they are corrupted versions of the most famous duelists signature dragon monsters they are awesome.

Gill Grunt: They sure are.

Unicorn: They represent each of the 7 Deadly Sins from what I heard right?

Sheila: That's right. Lust, Envy, Gluttony, Wrath, Greed, Sloth and Pride.

Aeilene: Scary but awesome and cool.

Lori: It literally is.

Unicorn: Yep. Lets do it!

They fired waves of energy, jewels, ice and water and wind and smashed him down.

The Dodgeball Wizard was next.

Dodgeball Wizard: (to Dan) Nico did a good job in busting Count Olaf. And he proved that Double D isn't a bully.

Dan Kuso: No kidding! Nico did amazingly well in both rescues.

Sunset Shimmer: He sure did! I read Lemony Snicket's A Series Of Unfortunate Events and that was horrible that Olaf did all that just to satisfy his own greed.

Sunburn: All he ever cared about was no one but himself and nothing but money!

Cannonbolt: Heartless monster! He killed those poor kids mother and father and burned their whole house to the ground all for money! Making them orphans in the process!

Choji: Yeah! What a beast! He deserved to die like a mad dog!

Dodgeball Wizard: No kidding! Lets do it!

They fired waves of fire and energy and smashed him down.

Dan Kuso: OH YEAH!

Multiplex: (to Rex) Ed must've been in a rotten mood. He must've been more destructive then he is as Edzilla.

Rex Salazar: He was and he was out of his mind with pain because he had a wood tick biting his foot.

Applejack: Yeah it was painful. Poor Linky went through that himself.

Apple Bloom: Yeah he sure did and Lincoln was one mad guy. Ed was worse though.

Flashwing: Yeah poor guys. I hope Ed didn't get Lyme Disease.

Upgrade: Good thing we have medicine for that.

Multiplex: Poor Ed. But I also heard that his Baron Of Beef Dip toy has a flamethrower function. What kind of people would make a toy like that!?

Rex Salazar: People that are really stupid that's what! Geez!

Multiplex: No kidding! Lets do it!

They fired waves of energy, earth, apples, crystal, and rocks and smashed him down.

Rex Salazar: ALL RIGHT!

Applejack: YEEHAW! That was great!

## Jenny Wakeman, Starlight Glimmer, Undead Skylanders, Ultimate Spidermonkey, Rachnera, Spiderman, Pounce and Wingspan VS Eric Needham A.K.A. Black Spider - Olaf was a monster

Black Spider was next.

Black Spider: (to Jenny) Olaf was a monster. It's good that he got what he deserved.

Jenny Wakeman: He was more than a Heartless monster. He was a ruthless beast! He wanted the entirety of the fortune of Klaus, Violet, Beatrice and Sunny. It was a King's Ransom.

Starlight Glimmer: He was going to steal a fortune from the Baudelaire Family worth $474,250,944,375.00.

Black Spider: WHOA! That's a lot of money! That's many times more than Rockefeller. But that just small change compared to all the money you all have.

Hex: Yeah no kidding.

Ultimate Spidermonkey: It's true what they say. The Love of Money Is The Root of All Evil.

Rachnera: And he killed 2 innocent people and kidnapped the heirs to the fortune all for money.

Spiderman: Yeah no kidding.

Black Spider: That's amazing. How did Rockefeller make his fortune?

Jenny Wakeman: He got his fortune with drilling for oil. He was worth $23.6 billion.

Black Spider: HOLY COW! The Baudelaire Family would be the richest family in the world! Olaf REALLY wanted that fortune all for himself and himself only.

Spiderman: You're not kidding.

---

Gorilla Grodd was next.

Grodd: (to Donkey Kong) Ed was in a rotten mood because of a wood tick in his foot. Sound familiar?

Donkey Kong: Very familiar. Lincoln had a wood tick biting his foot and it drove him nuts.

Fluttershy: Yeah poor Linky and poor Ed.

Stealth Elf: We really need to keep an eye on what kinds of animals Lana brings home.

Fluttershy: Lana has a good heart but she needs to be more careful on what kinds of animals she finds.

Lana: I'm sorry guys. I love all animals great and small. You know that.

Miti: Oh we know Lana. But you need to also care about your family too and watch out for their safety as well.

Grodd: I Agree. You have a good heart though. Just be careful. Lets do it!

Donkey Kong: HERE COMES DONKEY KONG!

They fired waves of coconuts, ice, leaves, grass and flowers and smashed him down.

Donkey Kong: (HOWLS AND POUNDS CHEST IN VICTORY)

Fluttershy: That was fun.

---

Raimundo, Pinkie Pie, Tech Skylanders, Maina McMahon, Lucy Loud, Brittney, Rippersnapper and Blot VS Trickster - Crazy how Everyone thought Double D was a ruthless bully when he really wasn't.

---

Trickster was next.

Trickster: (to Raimundo) It was crazy how everyone thought Double D was a ruthless bully when he really wasn't. Did something similar happen before I joined up?

Raimundo: Yes something like this did happen. It was before Twilight and her friends and many of us joined us and it was a while before the war with the Royal Defenders and the major events that happened. Rotwood, Squidward, Master Frown and Brad put mop water on the floor and Nico slipped and dropped a heavy book on Lynn's foot and lots of accidents happened because of it and everyone thought Nico was going crazy.

Pinkie Pie: That was crazy!

Sprocket: But thanks to J.D.'s suspicions he and Ben figured it all out with Clockwork's time reviewing powers and we saw that Rotwood and his group was behind all that.

Maina McMahon: That was crazy! I wasn't there when it all happened but that was nuts.

Lucy Loud: It sure was.

Brittney: Yeah no kidding. But dad was onto Rotwood back then.

Trickster: Wow that was crazy! Thank goodness Nico didn't get hurt. But Double D got really mangled up from what I heard.

Raimundo: You got that right! He's in the infirmary right now recuperating. Jimmy beat the living crap out of him like a pack of rabid wolves!

Trickster: Oh man! I hope he's all right. Jimmy must've really done a number on him!

Raimundo: Yeah he sure did.

Trickster: Wow. Lets do it!

They fired waves of wind, metal, gears, lightning and darkness and smashed him down.

Raimundo: THAT WAS AWESOME!

Pinkie Pie: BEST USUAL BATTLE EVER!

## Layla, Twilight Sparkle, Sunny Starscout, Magic Skylanders, Cassie (Sailor Moon), Sunset Shimmer, and Team Rocket VS Toiletnator - Ed really was mad

---

Toiletnator was next.

Toiletnator: (to Layla) Ed really was mad, huh? Usually, he's a nice guy.

Layla: He was REALLY MAD and all because he had a wood tick in his foot.

Twilight Sparkle: Yeah that really hurt him.

Sunny Starscout: Poor Ed.

Spyro: Yeah he was out of his mind with pain from it.

Cassie (Sailor Moon): Lana needs to be more careful with what to bring back.

Sunset Shimmer: Yeah no kidding.

Toiletnator: Wow. Lets do it!

They fired waves of magic and water and smashed him down.

Layla: ALL RIGHT!

Twilight Sparkle: That was amazing!

---

## Lars Loud, Princess Luna, Moondust, Dark Skylanders, Ball Weevil, Matoombo and Itasis VS Raven Branwen - Poor Double D

---

Raven Branwen was next.

Raven Branwen: (to Lars) Poor Double D. All of that was by pure accident.

Lars Loud: Yeah he didn't have anything to do with all that. It was all an accident.

Princess Luna: He was really hurt too. But that plan that he and Jimmy did was amazing. Even though it didn't go as planned all because of Eddy throwing hot dogs at them.

Moondust: Yeah no kidding.

Blackout: What a waste of good hot dogs.

Ball Weevil: Yeah no kidding.

Raven Branwen: Yeah. Lets do it!

They fired waves of darkness and smashed her down.

Lars Loud: Wicked.

Princess Luna: A true victory of the night!

## Nanette, Princess Celestia, Light Skylanders, Rainbow Dragon, Jesse Anderson, Chill Bill and Chompy VS Beast Man - Unimon is one amazing flyer

Beast Man was next.

Beast Man: (to Nanette) Unimon's one amazing flyer. But probably not as amazing as you guys.

Nanette: Maybe maybe not. But he does fly really awesomely.

Princess Celestia: That is really amazing and he must be an alicorn here in the Digital World.

Spotlight: I wonder if there is an Alicorn Digimon in the Digital World.

Rainbow Dragon: That would be really something to see.

Jesse Anderson: It sure would be amazing.

Beast Man: I think so too. Lets do it!

They fired waves of light, rainbows and magic and smashed him dow.

Nanette: That was awesome!

Princess Celestia: That was so awesome!

## Fiona Hernandez the Uria, Lord of Searing Flames Gene-Slammer, Apple Bloom, Sweetie Belle, Scootaloo, Diamond Tiara, Silver Spoon, RD Lola and Misty Tredwell VS Kimberly Ann Hart the Pink Ranger Slayer - Count Olaf Doing all those crimes

---

Pink Ranger Slayer was next.

Pink Ranger Slayer: It's hard to imagine that he would do all those horrible and unspeakable crimes because of greed. He was going after all that money that the Baudelaire had.

Fiona Hernandez: No kidding. I read the book for Lemony Snicket's A Series of Unfortunate Events back when I was a little girl and it was terrible that Olaf could go to such terrible lengths to get all that money. He was after almost $475,000,000,000.00 in the Baudelaire Fortune.

Pink Ranger Slayer: Whoa! That is far more than Rockefeller!

Fiona Hernandez: No kidding! That is more than 20 times the wealth of Rockefeller.

Apple Bloom: How did they get all that money?

Fiona Hernandez: We don't really know ourselves Apple Bloom but if I were to place a guess it would be a massive haul in diamonds, gold and jewels worth hundreds of billions of dollars. In 2022 today it would be worth over $12,000,000,000,000.00.

Sweetie Belle: WHOA! They would easily be the richest family ever.

Scootaloo: No kidding! Wow!

Diamond Tiara: That is a TON of money and profits.

Silver Spoon: Boy no kidding!

Misty Tredwell: Wow no kidding! Rockefeller got his wealth from Oil. But that is amazing that the Baudelaire's were able to get that much money and that Olaf wanted it all for himself.

Pink Ranger Slayer: You got that right. But in the end he paid the ultimate price for his greed.

Fiona Hernandez: He sure did! He was a money-hungry fortune hunter and he was not going to stop until he got that fortune all for himself. What a jerk! Also before he was hanged at the gallows, Nico cursed him.

Pink Ranger Slayer: He cursed him!? With what?

Fiona Hernandez: A punishment that I would consider a fate worse than death and Eternal Suffering in Hell combined. Nico cursed him to forever wander the Earth as a forgotten shadow eternally forbidden from entering the afterlife and no one will ever see him, hear him or know he's even there. When he was dead we put a tombstone on his grave that had this symbol on it.

She held up a piece of paper and it had the Sigil of Mammon on it.

Fiona Hernandez: It's the Sigil of Mammon, the Demon of Greed. Like with the Mark of Cain in the Bible, Olaf will have this symbol emblazoned in the middle of his forehead.

Pink Ranger Slayer: That's terrible! But it fits a monster like Olaf perfectly.

Fiona Hernandez: It sure does. Justice was brought to Olaf and the Baudelaire parents have been avenged. I would say that we brought down the divine wrath of God unto Olaf.

Pink Ranger Slayer: Good riddance. Well done to Nico and everyone in his rescue.

Fiona Hernandez: I'll tell him you said that. Thank you.

Pink Ranger Slayer: You're welcome. Lets do it!

They fired waves of fire and energy and elements and smashed her down.

Fiona Hernandez: FIRE RULES!

Cutie Mark Crusaders: CUTIE MARK CRUSADER VICTORY! YAY!

---

## Marie Hernandez the Gene-Slammer of Hamon, Lord of Striking Thunder, Frozen Fright, Thunder Terror, Magma Gloom, Toxic Horror, Louie PoisonSea, RD Lincoln and Elena VS Weddinmon - What happened in the Ed's school was horrible

---

Weddinmon was next.

Weddinmon: It's horrible that all that happened in the Eds school. I can tell they went through so much.

Marie Hernandez: You're not kidding there. And it was all because Double D accidentally dropped a huge heavy book on Lee's foot. Ouch.

Frozen Fright: I can't believe he tried to pick up a book that heavy. You know how physically weak he is like that.

Thunder Terror: Yeah but I don't think he can help that. P.E. was never really his strongsuit.

Magma Gloom: Yeah the guy can't help that.

Toxic Horror: No kidding. The other kids like P.E. but not Double D.

Louie PoisonSea: No kidding and many of us all love it because of the fun games.

Weddinmon: Yeah that is true. But Jimmy accidentally wailed on him like a bunch of rapid wolverines.

Marie Hernandez: No kidding! That was terrible! But he'll be all right thank goodness.

Weddinmon: Yeah thank goodness. Lets do it!

They fired waves of lightning and elements and smashed her down.

Marie Hernandez: ALL RIGHT! LIGHTNING COMES DOWN!

Fearful 5: FEARFUL FIVE WINS!

Nicole Hernandez the Raviel, Lord of Phantasms Gene-Slammer, Star Swirl the Bearded, Rockhoof, Somnambula, Mistmane, Flash Magnus, Mage Meadowbrook, Gusty the Great, Clover the Clever, RD Lucy and Carly Atlas VS Marcel Bonaparte - Now we're doing Malefic Dragon Gene-Slammers

---

Marcel Bonaparte was next.

Marcel: So we're now doing the Malefic Dragon Gene-Slammers next?

Nicole Hernandez: Yeah we sure are and they are awesome.

Marcel: Wow. But what are the Malefic Dragons?

Nicole Hernandez: They are corrupted versions of the signature dragon monsters of the great duelists. We already met Alex Ramirez and she is a Malefic Blue-Eyes White Dragon Gene-Slammer and just recently we met Riley Kurayami and she is a Malefic Red-Eyes Black Dragon Gene-Slammer. There are 7 Malefic Dragons all together and we have 5 left.

Marcel: Which ones are they?

Nicole Hernandez: We have the Malefic versions of Cyber End Dragon, Stardust Dragon and Rainbow Dragon and we also have Malefic Paradox Dragon and the most powerful one of them all Malefic Truth Dragon. That one has 5000 ATK points.

Marcel: Whoa! That is amazing! But aren't they also the signature monsters of a duelist that went back in time to kill Pegasus because of an apocalyptic future?

Nicole Hernandez: That's right. He wanted to kill Pegasus to stop Duel Monsters from being created and prevent his apocalyptic future from ever happening.

Rockhoof: (Scottish Accent) Aye. That was terrible lad.

Star Swirl: Yeah it was so scary.

Somnambula: (Egyptian Accent) It was horrible that all that happened.

Mistmane: But he didn't realize the ramifications of such an action.

Flash Magnus: Yeah it would have destroyed everything.

Mage Meadowbrook: Yeah it sure would have.

Gusty: Yeah no kidding.

Clover the Clever: Yep.

Carly Atlas: I'm no physicist but yeah I agree.

Marcel: It's good that Yusei, Yugi and Jaden stopped him. Lets do it!

They fired waves of darkness and elements and smashed him down.

Nicole Hernandez: ALL RIGHT!

Star Swirl: That was amazing!

---

Nico: He's right on that. Zocks Goldtsuiker is from a world in the Zenkaigers that are huge fans of the Super Megaforce and Gokaiger Rangers. He based his uniform off of Gokai Red but with gold on it. It sounds confusing but that is really awesome!

Eli: It sure is awesome!

C.C.: I think that is so awesome myself.

Nunnally: No kidding.

Nico: Yep. Lets get him! SUPER MEGAFORCE CANNON!

They summoned the Super Megaforce Cannon and Eli, Nunnally, C.C. and Lana charged it up with their keys.

Nico: You were under the control of one of Devimon's Black Gears and you were flying around to kill us.

Unimon: I'm very sorry about attacking you all.

Kanai: It's okay, Unimon.

Grodd: You weren't in control of your actions.

Nico: You did all that against your will.

Trickster: And you're not the first one to be mind controlled by a Black Gear.

Alex Ramirez: I think I'm going to like it here with you guys.

Riley Kurayami: Same with me.

Toiletnator: We're happy to hear that.

Raven Branwen: Trust me. You two won't regret it.

Beast Man: Now we just need to find the other Malefic Gene Slammers.

Nico: Yep.

Shanan: Uh oh. I sense a disturbance.

Then a figure came out of a cave and it was Molly's mother!? What the?

Nico: Molly's mother? What is she doing here?

Shanan: I've got a bad feeling about this.

Then she laughed malevolently and she changed and it was really MORGA!

---

Morga (モルガ Morga?) is the first Negamonster sent to Earth by Jedite to gather energy for the Negaverse. She appeared in Sailor Moon episode #1, "A Moon Star is Born".

Biography

On Earth, Morga drained the energy from Molly Baker's mother, Susan Baker, and impersonated her. Morga took over her jewelry store and charged the jewelry with dark energy that would send anyone who touched it into a frenzy and drain the energy from their bodies.

Sailor Moon arrived to fight Morga, but was attacked by her victims, who were under her control. However, her scream attack immobilized them all. Before Morga could attack, Tuxedo Maskarrived and intervened. Sailor Moon attacked Morga with her Moon Tiara attack. Morga dissolved into dust with promise that she would return.

---

Shanan: MORGA! I should have known you would be back for round 2 especially with monsters of the Negaforce.

Morga: Nice to see you too Shanan.

Shanan: You sure are a persistent Rubberite aren't you? Too bad you have to die again.

Morga: We'll see about that.

She stretched her arms and Shanan grabbed Morga's arms and slashed them off and then fired an energy blast and Sailor Moon blasted her too. The blasts all hit Morga and she exploded into nothing and was banished to the Warp.

Shanan: Looks like the Negaverse is not going to take Queen Beryl's death lying down.

Sailor Moon: Yeah.

?: I will make sure that all of you will feel the cold chill of death!

Nicole: Uh oh, I was hoping not to hear that voice. You can come out now, Bonechill.

A figure came out, and it was none other than Bonechill, an undead dragon with a large, blue-scaled head, six small, white-feathered wings on his back, and a large golden cannon with two wheels for a lower body. He is the leader of the Skellobit army and attempts a takeover of The Overthere.

Nico: Whoa, so that's Bonechill. Yikes, he's one dangerous icy undead dragon.

Nicole: He sure is, Nico, and he's another of Mario's enemies who needs to be put down.

Dana (Loud House): And that's what I'm going to do to him.

Suddenly, Dana's eyes turned neon marine blue, and she was surrounded by a rainbow energy aura with marine blue energy, snowflakes, and ice crystals, and as she approached Bonechill, she left rainbow energy, marine blue energy, snowflakes, and ice crystals with every step. Suddenly, Dana was surrounded by a massive vortex of rainbow and marine blue energy with snowflakes and ice crystals surrounding it, there was an owl flying around the vortex, and in the vortex is a marine blue phoenix. Then, as the vortex faded, Dana emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Dana grew to 6'5" in height, she had the body of a goddess and she had marine blue highlights in the bangs of her dark brown hair, she has neon marine blue eyes and a rainbow energy aura with marine blue energy, snowflakes, and ice crystals surrounding her. She has a rainbow owl with the Snow Kanji in its claws emblazoned on her forehead, she has on owl earrings with marine blue crystals for the eyes and the Snow Kanji in its claws, and she also has on her Crystal Necklace of The Buddha with marine blue crystals and marine blue gems for the links, and she has an owl with marine blue crystals for the eyes and it has the Snow Kanji in its claws for the pendant. Dana has on a long sleeveless purple shirt with a marine blue phoenix on it, purple skirt with snowflakes and ice crystals on them, purple pants with snowflakes on the legs, and purple ankle-length combat boots with silver snowflakes for the buckles, and she has on purple weighted bands with silver phoenixes on her biceps and thighs, and she has on a long purple sleeveless trenchcoat with snowflakes and ice crystals on the coattails, and on the back is an owl and a phoenix flying in the air surrounded by snowflakes.

Dana felt a sharp pain on her back, and then, massive dark brown angel wings with marine blue tips on the large dark brown feathers sprouted out of her back. Dana has a new large sword in her left hand called Marzanna's Ice Sword of Cold Justice, it's a new large sword with a 6'5" massive, wide, double-edged man-sized marine blue blade with a circle of snowflakes surrounding Marzanna, the Slavic Goddess of Winter, Death, and Rebirth etched on it, two large marine blue owl heads with ice blue eyes for the crossguard, large ice blue gem for the hilt, longer marine blue handle, and four large owl heads with ice blue eyes and ice blue gems in their mouths. Dana has on her new large cuff Bracelets of the Champions of The Universe with marine blue gems on her wrists and her Star Sapphire Corps ring on her left ring finger, Belt of Elemental Bravery with a large marine gem for the belt buckle on her waist, large purple Spellbook of The Gods and The Universe on her left hip and Eater of Sins revolver holstered on her right hip. There's an ice blue kanji right below the owl on the back of her long purple sleeveless trenchcoat that said, "Dana, Loving Girlfriend of Axel Adell, Dear Friend of Lori, Whitney, and Carol Pusateri, Student of Tora Olafsdotter A.K.A. Ice, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, and Master of Snow, Ice, and Owls."

アクセル・アデルの愛するガールフレンド、ロリの親愛なる友人、ホイットニー、そしてトラ・オラフスドッターA.K.A.の学生であるキャロル・プサテリのダナ氷、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、そして雪、氷、フクロウの達人

Dana has transformed into SUPER ANGEL INFINITY ABSOLUTE ZERO ARCTIC ICE OWL ANGEL OF ARCTIC JUSTICE AND SNOW LOVE!

We were amazed by Dana's Super Angel Infinity transformation, and when Axel Adell saw it, he had an atomic red blush on his face and hearts in his eyes. But, when Bonechill saw it, the undead evil dragon fell into a rage and fired a blast of ice fire, but Dana fired a powerful rainbow energy blast with marine blue energy, snowflakes, and ice crystals, which overwhelmed Bonechill's blast, and it hits the dragon, and sent him into a wall.

Nico: (Stunned) Whoa, Dana's transformed, awesome.

Lori: And now, she's literally going to let that undead dragon have it.

Dana: (Divine Echoing Cosmic Voice of The Arctic and Sub-Zero Love) **That's right, Lori. Alright, you undead dragon, time to put an end to you.**

Dana went at Bonechill, and she fired powerful blasts of rainbow energy, marine blue energy, snowflakes, ice crystals, and owls, which hits Bonechill, and they explode with incredible power, as they hit him. Then, Dana fired a powerful red energy blast, which hits Bonechill, and she sucked out all of Bonechill's powers and abilities, and she and the rest of us made them our own, and we also assimilated Bonechill's powers and abilities. Then, with her massive Marzanna's Ice Sword of Cold Justice, she slashed off Bonechill's six small wings, and he screeched in pain.

Dana: **Alright, Bonechill, this is the end for you. ARCTIC SNOWSTORM KAMEHAMEHA!**

Dana fired a powerful Kamehameha energy wave made of rainbow energy and marine blue energy with snowflakes and ice crystals surrounding it, and as they hit Bonechill, it exploded with incredible power, and the resulting explosion killed him, and Super Hakaied his spirit and banished him into Oblivion forever. We cheered wildly for what Dana did, as she holstered her massive Marzanna's Ice Sword of Cold Justice on her back and powered down, and Dana's new body, clothes, weapons, jewelry, and angel wings are permanent. Then, Axel Adell went up to Dana, and they hugged, and then, they shared a passionate kiss, and right behind them was an owl and a phoenix flying in the air as snow was falling on them.

Me: That's so awesome.

Nico: You said it, J.D.

Lori: I'm literally proud of Dana for what she did.

Me: We all are, Lori.

Nico: But still awesome job everyone!

Joe Kido: (To the viewers) This was an amazing adventure. Hope you all liked living one of our great adventures from the past.

Me: We all did Joe. It was awesome.

Nico: Yep. Lets head home everyone.

We did so and went to enjoy the rest of the day and went to sleep.

THE END

---

Another awesome adventure done.

This was an awesome adventure. This chapter was based on the awesome Digimon Season 1 episode from the 1st season called Ikkakumon's Harpoon Torpedo and that was a really awesome episode. Joe was a total worrywart in that one and he was doing his job as a voice of reason in that one and it was awesome. That episode aired on September 21st, 1999 and it was awesome. The 1st part of the chapter was for the awesome and really funny episode of Ed Edd N Eddy called A Fistful of Ed and it was fitting that Lee and the Kankers got beaten up and it was really funny all together. That episode aired on April 20th, 2007 and it was awesome and funny. Poor Double D. The 2nd part was for the awesome episode of Ed Edd N Eddy called Little Ed Blue and it was awesome and funny. But it was crazy that Ed was in a really rotten mood like that all because he had a rock in his shoe. That episode aired on November 17th, 2003 and it was awesome. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be in the Townsville sector of the city and Nico and Luan are going to convince the Powerpuff Girls to use their powers whether those civil justice blockheads Stan and Sandra Practice like it or not! Nico is going to tear that contract up and disband P.A.P.P. or Parents Against Powerpuff by force! They are also going to meet a Crystalsapien Gene-Slammer named Naomi Yukito from Japan and she is Nico's partner in Astronomy. The second part is gonna be in the Powerpuff Girls episode Just Desserts and Lincoln and his group are going to face the Smith Family and make that bad family wish it was never born! They are also going to meet a Malefic Cyber End Dragon Gene-Slammer named Minnie Metarikku. The 2nd Part of the Sailor Moon Arc is gonna be for the monster Fro so I'll need the scene for that please guest. Shanan, Eli, Laney and Lola are going to face her. The next chapter is gonna be for an awesome treasure hunt as we go into the jungles of Thailand to find an awesome and ancient treasure of incredible power and magic and also we're going to face Mitch Wilkinson from National Treasure 2.

See you all tomorrow.

# TREASURE IN THAILAND POWER

In the early morning hours at 1:27 AM, Ed was asleep in his bed and he was having a good dream.

[Sarah is sitting in a chair watching TV while listening to her brother play with a paddleball. Annoyed, she moves closer to the TV.]

Ed: "Back and forth, back and forth, back and forth!"

[The sound is a constant, drumming on the edges of her consciousness, driving into her mind, slowly becoming all she hears.]

Sarah: "YAARAHOEHAAA!" [She grabs the toy.] "STOP IT!"

Ed: "Sarah, no!" [Sarah is about to cut the string. Ed yanks his toy away.]

Sarah: "Gimme it, Ed." [Ed shakes.] "What?" [angry] "You gimme that stupid thing or I'll-I'll-" [calm] "Fine. If that's the way you want it." [vengeful] "I'm telling Mom!"

UH OH!

Ed: "Don't tell Mom, Sarah!" [He rushes to the kitchen, where he sees Sarah about to tell on him.]

Sarah: "Mom? As much as I hate tattletaleing, I think you should know, Ed won't let me watch television." [She pouts exaggeratedly.]

Ed: "Mom, Sarah's fibbing! Honest and for truly!" [His mother takes off her rubber gloves.] "I was in my happy place, lost in the void of my mind!"

[Ed's mom turns around. She has Jonny's face.]

Ed's Mom: "Edward, how many times have I told you to be nice to your baby sister?" [Sarah sticks her tongue out.]

Ed: "AAAAAAAAAAAAHHHHHHHH!"

[Ed runs away. He runs down the hall full tilt only to suddenly find that he is moving upward. He looks down and finds himself on a spoon.]

Ed's Mom: "Don't you look at me like that!"

Ed: "AAAAAAHHH! Please, Mom, it wasn't me!"

Ed's Mom: "I see we'll have to wipe that silly grin off your face, won't we?"

Ed: "But Mom, Sarah!" [His mouth disappears. His mom appears in a judge's chair made of Planks.]

Ed's Mom: "You are accused of shirking the responsibility of an older brother. What do you have to say for yourself, young man?" [Ed, mouthless, cannot form words.] "Has the jury reached a verdict?"

[The jury is composed of twelve Sarahs. The verdict is obvious.]

Sarahs: "Guilty."

Ed's Mom: "Well, Edward, as your mother, I sentence you to be thrown into… the Kanker pit!"

[She brings her spoon down on a rest, signaling that verdict has been passed and the trial is over. Ed's mouth reappears and he screams in horror. A pit opens beneath him, revealing sharklike Kankers waiting below.]

Ed: "Bad for Ed, Mommy! Bad for Ed!"

Ed's Mom: "This hurts me more than it does you, son."

[The chains holding him back release and he falls.]

HE SCREAMED IN A BLOODCURDLING SCREAM!

Ed: "AAAAAAAAAAAAAAAAAAAAAHHHHHHHHHHHHH!" [Cold water splashes over him. Ed is in his own bed; apparently the whole judge-jury sequence was a nightmare.]

Ed woke up in fright at 8:23 AM.

Eddy: "I told you that would shut him up."

Edd: "Ed? Are you alright? [He places a towel on the side of Ed's bed before sitting down.] You must have had a horrible dream."

We all came in!

Me: Ed are you okay!?

Trent Fernandez: Hey, Ed. You okay?

Me: Didn't I ask that Trent?

Trent Fernandez: Sorry.

Me: Geez Ed you must've had a really horrible nightmare.

Ed: IT WAS GUYS!

He told us all about it and it was horrifying!

Natilee: Is this what you saw?

She showed us the picture she drew of his dream and it was horrifying.

Hong Kong Phooey: Wait. Jonny was your mom in your dream?!

Ed Edd N Eddy Sarah: Ed, in what way does Jonny look like Mom?!

Jonny 2X4: Yeah I don't even look like your mom Ed.

Ed saw Jonny and he shivered.

[Ed, scared, skids to a stop. He looks up at Jonny, and memories of his nightmare echo in his head.]

Ed's Mom: "I see we'll have to wipe that silly grin off your face, won't we?"

[Ed screams and backs into the wall]

Ed: "WAAAA! IT WASN'T MY FAULT! Don't take my mouth! Don't take my mouth!"

Nico: Ed calm down!

Ed: Jonny's mad at me, guys!

Eli: Why? You didn't do anything to him.

Jonny: "Boy, Ed, you're freakin' me out."

Ed: "AAAAAAHHHH!" [In his haste to escape, his body ties a knot around me. Nazz looks on, confused, and Kevin laughs.]

Eli punched Kevin in the face.

Me: (GROANS) ED You're cutting off the blood to my chest!

Crankcase: Ed, you know Jonny's a boy, right?

Me: (Straining) YEAH! Ed how can he look like your mom?

Nico: Don't worry Ed. You have someone coming.

Angela, Ed's mom came in.

Angela (EENE): Ed!? Are you okay?

Me: He's tied around my body.

I got my arms out and pushed him down and off me.

Me: Man Ed you have a really tight grip.

Ed then hugged his mom and cried hard.

Edd: There, there Ed.

Laney: Poor Ed.

Nico: Man that nightmare really hurt him.

Angela (EENE): Oh Ed it'll be all right. What did he dream about?

Natilee: It was this.

Natilee showed the picture to Ed's mom and she gasped in shock!

Angela (EENE): Oh Ed it was just a dream. It's all not real.

Kevin: Okay. First off, Eli's got a good punch.

Armada Hoist: That's Eli for you.

Me: He was trained really well.

Kevin: And second, maybe there's some reason why Ed had that nightmare. Maybe he ate something bad. Or maybe he saw something scary. Or maybe another dream demon is haunting him.

Brittney: No I don't sense anything. My spirit senses would have told me so.

Me: Ed did you eat something before you went to bed?

Ed: Uhh.

Laney: I think I found the culprit.

Laney pulled out a box of rotten gravy from his trash can.

Me: EW! Rotten Gravy mix!

Nico looked at it.

Nico: Arctic Tuna Gravy. Use before March 27th, 2013!? YUCK!

Eli: YUCK!

Laney: Poor Ed.

Later it was time for Nico's rescue. In the Townsville sector of the city, Nico and Luan were walking around.

Nico: Thanks for coming with me, Luan. Even though you're not a big fan of my leadership methods.

Luan: I think you're doing a great job leading the team Nico. You have done so much good for all of us like J.D. has.

Nico: Glad you think so Luan.

Luan: Besides you have not been leading us down paths of darkness. There's no Rotting about that. (Laughs) Get it?

Nico: (LAUGHS) That was a good one.

Luan: Thanks.

Nico: I have a feeling I know what is going on here in this part of the city. Those Social Justice dirtbags Stanley and Sandra Practice are up to no good!

Luan: Those monsters that want to make the Powerpuff Girls not use their powers to protect the children!? When will they ever learn!?

Nico: Never. Even after we gave them that big reprimanding about the city being without the Powerpuff Girls and everyone being dead.

---

Stanley "Stan" Practice and Sandra Practice (or Mr. and Mrs. Practice) are a pair of one-time villains from the Cartoon Network original series, The Powerpuff Girls, only appearing in the episode "Girls Gone Mild". They are a parody on "Standards and Practices".

Stan and Sandra Practice are characterized very strict couple, who do not want The Powerpuff Girls to fight crime or use their powers, as they believe it is a shining example of the dangerous and senseless violence that happens in their city, as well as being a bad influence on their community's youth. They refuse to acknowledge the fact that The Powerpuff Girls' violence saves their town from even greater and far more deadly threats.

Stanley was voiced by Daran Norris, while Sandra was voiced by Susan Blakeslee.

After forming P.A.P.P. - Parents Against Powerpuffs, Stan and Sandra tell Professor Utonium that the girls MUST stop fighting crime by kicks and punches, as they think this might be impressionable to younger kids. They have issued a contract threatening to sue the Professor if the girls don't obey this. In the end, at the brink of destruction brought forward by the Dooks of Doom, the Practices tear up their contract, allowing the girls to save the day once again. After the girls saved the day, it is unknown what happened to the Practices, but it can be implied that after they were saved, they abolished the contract and never bothered the girls again.

---

Luan: They are social justice rotten eggs!

Nico: Just like those sophisticated rotten fish hags.

Luan: You mean…

Nico: Yep. Ms. Gristlepuss and **T** he **U** nited **O** rganization **O** f **F** ish **A** gainst **T** hings **T** hat **A** re **F** un **A** nd **D** elicious or T.U.O.F.A.T.T.A.F.A.D. for short.

Luan: Man that is a long name.

Nico: Damn, some acronyms are so long!

Luan: Yeah! No kidding. It Names a lot of rotten eggs! (Laughs) Get it?

Nico: (Laughs) That was a good one.

Luan: Thanks. Hey there's the girls.

They went over.

Nico: Girls thank goodness we found you.

Blossom: I'm sorry you have to see us like this Nico and you too Luan.

Nico: Look, are you really gonna let a contract stop you?

Buttercup: Easy for you to say! You guys aren't being forced to stop fighting bad guys because of a contract!

Nico: No. But in the future, we'll probably be faced with beings replaced by a so called team of heroes who are actually villains. But if that ever happens, we'll find a way to solve that problem.

Just then, They heard an explosion.

KRABBOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMMMMMM

Nico: Looks like it's time to save the day. But whether that's you girls or someone else is up to you. C'mon, Luan. With any luck, that might be the next Gene Slammer.

Nico and Luan started heading towards where the explosion was.

The girls were in a lot of thought.

Nico: Luan, if you really support my leadership, then why did you, Lincoln, Laney, Luna, Lily, and Lisa let Girl Jordan go after Carnage by herself?

Luan: Because we wanted to help her. She's our friend and Lincoln's future wife so we couldn't let her go without some form of help.

Nico: That does make sense.

Luan: Besides after everything she went through she needed a lot of support for what happened.

Nico: That's a very admirable reason.

Luan: Are you still mad about that?

Nico: No no! I'm not mad. I really have gotten over that. I just want to make sure that the 7 of you and J.D. aren't against me being leader.

Luan: No way! You are still doing a great job and we're all with you all the way. J.D. taught us so much to prepare for your future leadership when the day should come.

Nico: I'm glad he did and thanks Luan.

Luan: You're welcome.

Blossom, Bubbles and Buttercup came.

Blossom: Guys we thought about what you said and we don't need a contract.

Nico: Great!

Nico took the contract and tore it to shreds and then threw it in a trash can.

Blossom: Thanks guys.

Nico: Anytime.

Buttercup: We got work to do!

Nico: Whoever's making things go boom, you're interrupting a very important ritual there - traffic's sacred in every part of the world!

A figure came out and it was SILICO from the 2016 Powerpuff Girls!

---

Silico is a recurring antagonist in the 2016 The Powerpuff Girls cartoon series. He is a supervillain, the owner of Silico Industries, and holds a grudge against The Powerpuff Girls.

He was voiced by Jason Spisak, who also voiced Vulpes Inculta in Fallout: New Vegas, Silas in The Vampire Diaries, Packrat in the same 2016 Powerpuff Girls series,Jason Dante in The Uncharted: Golden abyss, Oswald Cobblepot in Telltale's Batman, Scorpion in Marvel's Spider-Man, Deag Ranak in Doom: Eternal, and Joker in Batman: Hush.

Prior to the event of the series, Silico had a lonely childhood. He did not had a lot of companions, as he didn't have a lot of friends, and his parents were barely there for him. Eventually, he discovered his own talents in technological engineering. Using his knowledge and skill in this field, he was able to create robots that would keep him company. For the first time, he felt loved.

One night, Silico left to get some RAM cards. At the same time, The Powerpuff Girls were battling a monster. The Powerpuff Girls eventually manage to defeat the monster by knocking it into Silico's home, but destroyed all of Silico's robots in the progress, which Silico witnessed. Ever since witnessing the death of the friends, Silico swore revenge on The Powerpuff Girls.

Silico makes his debut in the episode "Viral Spiral" where he teams up with the Amoeba Boys to ruin Bubbles' new internet game. He approached the boys and provided them with a micro-chip, claiming it will to wipe out the internet and cause worldwide catastrophe. The Amoeba Boys initially weren't interested in his plan until Silico added it would really annoy The Powerpuff Girls.

The Amoeba Boys were transported into the Internet, tasked to place the micro ship at the core of the internet, but were eventually defeated by The Powerpuff Girls. However, they remained unaware of the chip or why the Amoeba Boys were able to access the net in the first place. Small viruses emerged from the chip, which began to spread through the internet and transmit information to Silico. He commented how The Powerpuff Girls may have won the battle, but they've already lost the "war".

Silico made his next appearance as the main antagonist of the episode "Halt and Catch Silico", where he begins posting false articles about the citizens of Townsvile. He then begins posting false and embarrassing articles about The Powerpuff Girls (I.E "Blossom doesn't wash hands after porta-poopin' and Buttercup wears Toupee), in order to damage their reputation, which caused the citizens of Townsvile to form a mob against them.

They eventually figured out that the articles were coming from Silico Industries and decided to pay him a visit. Upon arriving, Silico confronted the girls for the first time by projecting a hologram of himself. Blossom asked Silico to stop posting the false information, but Silico refuses, saying he wouldn't after they did to him in the past. This prompted Buttercup to attack the hologram. Silico berates them for predicatively resorting to violence before summoning his robot minions to defeat them.

The girls soon discover that some of the robots are merely holograms, making it difficult to tell between the fake and the real ones. Blossom then devises of plan of going after Silico while Bubbles and Buttercup handled the robots, but Silico was able to protect himself by projecting holograms of fake articles about her. However, he pushed his luck too far by calling her "disorganized". Enraged, Blossom hurled her light pin constructs, causing damage throughout the entire building. She was able to get a shot off on Silico's control booth, shutting down his robots and holograms.

With Silico defeated, Blossom asked why Silico holds a grudge against them, which Silico tells them his past and how his house and robots destroyed by The Powerpuff Girls. The girls, however, thinks the robots were mere "toys", and Buttercup says Silico is "Messed Up". Silico concur, but says they messed up him, and vow that someday he'll messed them up before disappearing. Bubbles and Blossom begins to feel sorry for him, and Blossom says while there's nothing they can do about their past mistakes, they can make up for their current ones. This encourage them to visit Mojo Jojo to apologize for wrongfully beating him up (As Silico posted an article about him cooking kittens earlier), only to beat him up again when they discover Mojo Jojo was building a kitten army. Silico is last seen on Mojo Jojo's computer laughing.

Silico returns in "Take Your Kids to Dooms Day", where he disguised himself as the Professor's boss, Miss Lacosi. Later, he ultimately reveals himself after he stole the Professor's power suit. Silico also reveals that the workers of Techo Industries were just holograms. He easily defeats the Powerpuff Girls with the power suit, but he is defeated at his own game by the Professor who has his own power suit with a few upgrades and had discovered Silico's plans from the beginning. He gets beaten up by the Professor and is bashed into the stage floor.

He seemingly escaped, returning in "The Trouble With Bubbles", where he hacks Bubbles' 3D printer to create a clone of her. He uses to clone to lure the Powerpuff Girls to a pancake factory, where he sics the clone on them. The clone manages to best the heroines and prepares to finish them off, until a cat outside distracts the clone, still imbued with Bubbles' personality. Frustrated, Silico activates the clone's self-destruct sequence and attempts to flee, only to be thwarted by the clone, who grabs hold of him just as it explodes. The girls believe Silico to have finally perished, but he's revealed to have survived and uses Bubbles' printer to create a 3D clone of himself, which takes the image of the Professor. Silico laughs as the episode ends on an ominous note.

In "Lights Out!", He disguised as Bliss to celebrate Town-Topia. He gives the people of Townsville the Bugley. At night, he shuts down the technology and mind controls the people of Townsville to destroy the Powerpuff Girls. But Bliss joins the Powerpuff Girls and transported themselves to the library. Silico finds them, and have a fight with them. Bubbles puts a reprogrammed Bugley at him and cause him to think he destroyed the Powerpuff Girls and won. The next morning, he is in jail while he's stuck on a never-ending dream.

---

Blossom: Silico!

Silico: (Techno Voice) Yes and now I can have my revenge on you all.

Nico: So he is Silico. We haven't faced him yet.

Bubbles: You don't want to.

Nico: Well he is going to have his computer crash for good.

Then a rainbow beam of light blasted Silico's head off and killed him instantly!

Nico: Whoa! Nice shot Luan.

Luan: That wasn't me.

?: It came from me.

Then a Crystalsapien appeared.

Nico: Whoa! A Crystalsapien.

Crystalsapien: (In a girls voice) (Japanese Accent) Been a long time Nico-san.

Nico: Wait a sec. Naomi Yukito?

Crystalsapien: That's right.

Nico: Awesome!

Blossom: If Silico makes a return appearence in the future, I hope he doesn't go down that easily.

Nico: I have a feeling he won't return. But I think those explosions came from there.

They saw that Silico Industries was completely destroyed and on fire.

Luan: Whoa! That building was Blown Sky High. (Laughs) Get it?

They laughed!

Crystalsapien: That was a good one.

Buttercup: (Laughs) That was a good one!

Nico: It was. Naomi it's awesome to see you again.

Crystalsapien: It is good to see you again too Nico.

Bubbles: You know her, Nico?

Nico: I sure do Bubbles. Naomi is from Japan and she was my partner in Astronomy Class. She knows so much about the stars and everything.

Crystalsapien: It's true. Nico was a big help to me. We both really worked together on the maps of the universe.

Nico: That was fun.

Luan: What's your favorite memory of Nico?

Crystalsapien: My favorite memory was when Nico and I found a bunch of conspiracy theorists heading to attack Area 51 and we busted them and sent them all to prison for a long time.

Nico: That was awesome. That was the Area 51 Liberation Army. It was a group that was designed to destroy the base and stop spreading lies.

Luan: That is crazy!

Nico: Yeah it sure was. Now we need to go have a little chat with 2 social justice warriors that we met a while back.

Crystalsapien: Oh you mean Stan and Sandra Practice.

She brought them out and they were tied up and gagged.

Nico: Wow that is helpful and it saves us the trouble of having to bust into their home.

Luan: It sure does.

Nico: Alright. Dirtbags are tied up. Now, we just need to revert you back. (To the Practice's) Consider your contract null and void.

Nico put on his blind man glasses and snapped his fingers and Naomi reverted back and Nico gave her a new outfit and she put it on.

Naomi Yukito: This is an amazing outfit. Thanks Nico.

Nico: You're welcome Naomi.

Luan: Wow Naomi your hair looks amazing. Magenta is beautiful for you.

Naomi Yukito: Thank you Luan.

Nico and Naomi then hugged.

Naomi Yukito: I've missed you Nico.

Nico: Me too Naomi. Lets give the Practice's a good reprimanding together.

Naomi Yukito: Yeah.

Nico grabbed them and yelled at them and it was really strong and powerful. Nico told them that without the Powerpuff Girls the City of Townsville and everyone they knew would be dead and more. The Practice's were sent to prison for good.

---

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Adult Blossom, Adult Bubbles, Adult Buttercup, their kid counterparts, and Lane Loud are heading into the Simulator, and our destination is Townsville, and not only is Lincoln going to rescue the thirteen girls there, but we're also going to deal with the Smith Family and make them wish they were never born, and we got word that the Gene-Slammer for The Malefic Cyber End Dragon is also here. The Simulator activated, and we were in Townsville.

Lincoln: Wow, we're here in Townsville, and I know what we're going to do here, not only am I going to rescue the thirteen girls there, but we're also going to deal with the Smith Family from Townsville, and make them wish they were never born, and we got word that the Gene-Slammer for The Malefic Cyber End Dragon is also here. The Simulator activated, and we were in Townsville.

Nico: You got that right, big guy. First, I dealt with those civil justice blockheads Stan and Sandra Practice, and now, we're going to deal with the Smith Family from Townsville.

Me: That's right. This is going to be good.

TLPS Mr. Wolf: But, what makes me sick is that their descent into crime was due to a ruined dinner. I'm sorry, but that's just completely petty.

Adult Blossom: And like we said to Marianne Smith, that wasn't even a good reason to seek revenge on us. But, it'll be good to send them to prison yet again, by merging the Simulator counterparts with the real ones who are back in prison, TLPS Mr. Wolf.

Lincoln: That's right, Blossom. And thanks for joining me on this rescue, Lane.

Lane Loud: You're welcome, Lincoln, in fact, I'm looking forward to making that bad family pay for what they've done.

Lincoln: And I've also got a new elemental hero form to show you guys.

Lincoln was surrounded by light, light animals, and rainbow lights, and when he emerged, the 16-year-old 7'0" tall, white-haired, handsome, and extremely muscular teen's orange version of He-Man 2002's loincloth, large orange bands on his massive biceps and thighs, long orange trenchcoat flaps, and eight large orange orbs orbiting around his legs turned white, his long white hair reaching the bottom of his neck remained the same, his large blue pants had turned white except for the rainbow lightning bolts, his large ankle-length white combat boots remained the same, and his deep sapphire blue eyes turned yellow. Lincoln has transformed into SOLAR LINCOLN, The Solar Elemental Hero of Light and another elemental hero form Lincoln's unlocked. We were really amazed, including Luan and Lane and when Lincoln's harem saw it, their faces had an atomic red blush and hearts in their eyes.

Luan: Whoa, now that's awesome, Lincoln's transformed into a new elemental hero form.

Lane Loud: That's right, first it was Fire, then it was Shadow, and yesterday it was Ice, and now, for today, it's Light. This is going to be really good.

?: HELP!

Suddenly, Lincoln heard the sound of thirteen girls calling for help. With his deep marine blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the thirteen girls, but they, along with the counterparts of the Powerpuff Girls and Professor Utonium, have been cornered by the Smith Family, and they're going to kill them by running them over.

Lincoln: Guys, I found the thirteen girls, but they, along with the counterparts of the Powerpuff Girls and Professor Utonium, have been cornered by the Smith Family, and they're going to kill them by running them over.

Nico: What?! Ooh, let's get them!

We head for the Powerpuff home, and it was a total mess, the Smith Family made a mess by trashing the house in their van. We got to the location, and Lincoln fired a powerful blast of light, which totals the van, leaving the Smith Family in their car seat.

Young Blossom: What's wrong with you people?! Why are you doing this?!

Marianne calmly undoes her seat belt and stands up, as some semblance of her original perkiness returns.

Marianne Smith: Why am I doing this? (Laughs)

Then, she leans into Blossom's face, catching Blossom by surprise as she shakes in shock as Marianne snaps at her.

Marianne Smith: (screams) I'LL TELL YOU WHY I'M DOING THIS! (standing up, composing herself) We try and be good neighbors. We invite you into our home. We provide you with food and hospitality, and how do you repay us? You drove my husband insane, you sent him to prison, but on top of all that, (screams) YOU UNGRATEFUL LITTLE BRATS RUINED MY DINNER!

We stare at her in silence.

Bubbles: That's it?

Blossom: That's not a good reason at all.

Marianne: Really?

Lincoln: Really. Let's get them!

Solar Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back, and we also unholstered our massive swords from our backs, and we went at the Smith Family, and we then fired powerful blasts of rainbow energy, colored energy, and elemental forces, and they exploded with incredible power as they hit them. Then, Lincoln had fired seven powerful blasts of rainbow lights, and they hit them and knocked them out, and Lincoln formed rainbow chains and bound them, so they can't escape. Then, like before, Lincoln sprouted out four of his powerful massive and long eleven deep sapphire blue werewolf tails, which turned white when he transformed into Solar Lincoln, and they had four large suction cup proboscis, and as he plunged them onto the heads of Julie Smith, Bud Smith, Marianne Smith, and Harold Smith, Lincoln began sucking out and draining their brains, and he gained a massive intelligence boost. When Lincoln was done, the Smith Family were now brainless monkeys.

Then, and we saw a Malefic Cyber End Dragon appear, and it fired a powerful blast of dark energy and it hits the Smith Family, and knocked them out. Lincoln then beamed them to the Uranus Prison, where they merged with their counterparts in our world, and they also became brainless monkeys. We cheer as we holstered our massive swords on our backs and Lincoln changed back to normal.

Malefic Cyber End Dragon: (In a girl's voice) That'll teach that pathetic excuse of a family.

Lincoln: Wait, that voice. Minnie Metarikku, is that you?

Minnie Metarikku: That's right, Lincoln, and it's been a long time.

They went up to each other, and they hugged, and Minnie was surprised at how much stronger and at how much taller and much more muscular Lincoln's gotten since she last saw him.

Lincoln: It sure has been a long time, I haven't seen you when you were eleven, and I've grown a lot since then.

Minnie Metarikku: Yeah, I can see, you've really grown a lot from the eleven-year-old cute little boy into a 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Wow, Lincoln, you know her.

Lincoln: Yeah, I do, Nico. This is Minnie Metarikku, she's from Royal Woods before it became Gotham Royal York, and she, like the other Guardian Angels, have defended me from bullies, and that included Lori, Lynn, Lola, and Luan, when they still had their dark sides in them.

Nico: So, one of your Guardian Angels is from Royal Woods before it became Gotham Royal York, that's awesome.

Minnie Metarikku: And that was fun.

Lincoln: The rescues are always fun. Now, let's get you back to normal, boys, cover your eyes. Hold still, Minnie, this is going to hurt.

Me, Nico, Eli, and the rest of the boys covered our eyes as Lincoln snapped his fingers, and Minnie was reverting back to normal. Minnie Metarikku is a beautiful 17-year-old with long purple hair going down to the bottom of her neck, gold eyes, fair skin, she is 6'0" in height, and she had the body of a goddess. She also now has massive silver angel wings on her back, as she reigns in the power of the Malefic Cyber End Dragon, and she was in her birthday suit.

Lincoln: How do you feel, Minnie?

Minnie Metarikku: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Minnie Metarikku a new wardrobe, a sleeveless purple shirt with a silver phoenix and a purple skirt with the Malefic Cyber End Dragon with gears on it, purple pants, purple leather ankle-high combat boots, and a long purple sleeveless trenchcoat with the Malefic Cyber End Dragon on the back, and on her back is a large Malefic Cyber End Dragon-themed sword with a 6'5" massive, wide, double-edged, man-sized silver blade with the Malefic Cyber End

Dragon etched on it, large Malefic Cyber End Dragon wings for the crossguard, large blue gem for the hilt, longer black handle, and large silver faceted sphere pommel with surrounding blue red gems.

Minnie Metarikku: Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Minnie Metarikku's neck with blue gems and crystals from her new Crystal Necklace of the Buddha on the gold lightning bolts.

Minnie Metarikku: Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Minnie.

Minnie Metarikku had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the thirteen girls, and when Lincoln saw them, he immediately recognized them. The thirteen girls are Yurisia Farandole, Christelle Balladur, Elma, Gertrude Baird, Grace Synclavia, Henrietta Macintosh, Hokuto, Kurumizawa Momo, Scarlet Fairchild, and Sharon Cunningham from Masou Gakuen HxH, Flare Arlgrande Jioral, Eve Reese, and Kureha Clyret from Kaifuku Jutsushi no Yarinaoshi.

Lincoln: Oh wow, it's Yurisia Farandole, Christelle Balladur, Elma, Gertrude Baird, Grace Synclavia, Henrietta Macintosh, Hokuto, Kurumizawa Momo, Scarlet Fairchild, Sharon Cunningham, Flare Arlgrande Jioral, Eve Reese, and Kureha Clyret.

Helena McTroy: From Masou Gakuen HxH and Kaifuku Jutsushi no Yarinaoshi, awesome.

Lincoln: Are you girls okay?

Yurisia Farandole: Yes, we're okay, thanks to you.

Then, when Yurisia Farandole and the other twelve girls saw who it was that saved them from the Smith Family, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Yurisia Farandole: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made twelve clones of himself, and he and the twelve clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Yurisia Farandole: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, thirteen Thunderbird Necklaces of Eternal Love appeared right around the necks of Yurisia Farandole, Christelle Balladur, Elma, Gertrude Baird, Grace Synclavia, Henrietta Macintosh, Hokuto, Kurumizawa Momo, Scarlet Fairchild, Sharon Cunningham, Flare Arlgrande Jioral, Eve Reese, and Kureha Clyret with colored gems and crystals on the gold lightning bolts. We exit the Simulator, and we told everyone what happened there, and they were shocked when they found out the villain we'd went after was the Smith Family.

But, when Lincoln shows and told everyone what he did to the Smith Family's Simulator counterparts, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Minnie Metarikku now have a lot of catching up to do, now that she's back, and now, we're rid of the Smith Family of Townsville for good, and they're never coming back for more.

After dealing with the Smith Family of Townsville this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Minnie Metarikku saw Lincoln working out like crazy, she had an atomic red blush on her face.

Minnie Metarikku: Whoa, Lincoln has really grown to be a 16-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Minnie, and now, I can also fight and defend myself.

Minnie Metarikku: That's awesome.

Nico: It sure is, Minnie. So, what memories did you have with Lincoln?

Minnie Metarikku: Oh, I remembered that one time on Lincoln's birthday, I gave him a golden arm bracelet in the shape of a Thunderbird as a gift. You still have it, Lincoln?

Lincoln: I do. In fact, take a look, Minnie.

Lincoln showed Minnie the golden arm bracelet in the shape of a Thunderbird with blue gems for the eyes, and it merged with his large left orange weighted band on his massive left bicep. We also saw it, and it was so amazing.

Me: Wow.

Nico: That's so awesome.

Sheila Castille: And it's also perfect: Lincoln also has a rainbow colored Thunderbird emblazoned on his forehead, and of course, he and Linka have two Thunderbirds from Equestria as their pets, and they're also the mascots for The Crusaders of The Thunderbird.

Nico: That's right. So, Lincoln, what can you tell us about Minnie Metarikku?

Lincoln: I'm glad you asked, Nico. Minnie Metarikku is my partner in History Class, and she's an expert in memorizing all of the historical events from Prehistoric Times to the Modern Era, but her true talent: she's an expert on metals, especially Gallium, Mercury, and other metals. In fact, she wear platinum earrings.

Minnie Metarikku showed us her platinum earrings, and they were amazing.

Nico: Whoa, those are awesome, and she's also an expert on metals and remembering the events of history, incredible.

Jessie Knudson: Whoa, you're also an expert on history, as well? That's awesome.

Minnie Metarikku: And I remembered that one time, Lincoln and I were both in his room working on a history assignment, but Lisa came in and wanted Lincoln to test something, but I remembered about Lisa's habit of using Lincoln and his sisters as human guinea pigs in her experiments, and it's not for the good of science, it's torture, so he told Lisa "no". But, Lisa knew he'd do something like this, so she hired Lynn to help her. But, I restrained Lynn and Lisa, and dragged them to Mr. and Mrs. Loud, and I told them everything, and they weren't pleased.

Lincoln: And long story short, Lisa got grounded for two weeks with no experiments and Lynn got two weeks grounded with no sports for being hired as Lisa's reinforcement.

Nico: Yikes.

Lori: But, it was good while it lasted, no getting experimented on by Lisa and no rough housing from Lynn.

Suddenly, a bright light had descended onto the Estate, and we covered our eyes. Then, as the bright lights faded, we uncovered our eyes, and to our surprise, we saw that the world of Jet Set Radio, the world where Lincoln's future wives, Gum, Cube, and Piranha, came from, has merged with ours.

Cube: Whoa, no way, our world has merged with yours, Lincoln.

Lincoln: Awesome, which means, we're going to meet your friends, girls.

Sonic the Hedgehog: And I think I've got a mission perfect for you, Lincoln, and this is also one that Sheila is also going to enjoy: arresting Captain Onishima. Trust me, this guy is bad news to Beat and his gang, and from the look of him, he's probably corrupt.

Lincoln: I was just about to say that, Sonic, and you did an awesome job in picking out the perfect target: arresting a corrupt police captain.

Sheila Castille: Ooh, the Gotham Royal York Police Department's going to have a field day with this scumbag.

Nico: Along with any of the other corrupt police officers, this could lead to the closing of an entire police department.

Lincoln: But, that's not going to happen, Nico. There'll be some new officers who won't be driven by personal hatred and they'll do the job in protecting the public and upholding law and order. Now, let's get going.

We then head off to Tokyo-To, and we met with Beat and his friends, who made up the Graffiti Gang, and whose headquarters was in The Garage in Shibuya. When they saw us, they were excited to meet us, and they also met with Sonic and his friends again. Then, when they saw Gum, Cube, and Piranha, they were glad to see them again, and they told them they're now the future wives of Lincoln, and they offered their congratulations, and they know Lincoln will take good care of them, and when we told them why we're here: to take down and arrest Captain Onishima, they were now in on this.

Beat: So, how are you all planning on arresting Captain Onishima?

Lincoln: Lola's going to dig up the information on Onishima, and she's going to give that evidence to the Gotham Royal York Police Department, and we've already got Sheila Castille and Tom Lair, two of Gotham Royal York's finest, with us.

Beat: Alright, let's do this!

Lincoln: Right. Get ready, Onishima. (Eyes turn red) We're coming for you, and there's no way you're escaping from us.

We were amazed to see Lincoln's eyes turn red with justice.

Nico: (Gasps) The red eyes of justice?! Then, it's true, Lincoln's also becoming a leader.

With the plan in place, we head for the location of Captain Onishima, which was right in Tokyo-To, and we were also hiding in the shadows, and as Lincoln discussed, Lola Loud pulled up the information on Captain Onishima on her laptop, and what she found out was disturbing.

Lola Loud: Guys, take a look at this, Onishima's more than just a corrupt and delusional police officer, he's a loose cannon.

We then saw that Captain Onishima's caused a whole lot of property damage, he's abused his power as the chief of police, and he's also tried to murder the Graffiti Gang. When we saw all of his crimes, we were shocked.

Lincoln: I knew it, this guy is more than just a corrupt cop, like Lola said, he's a loose cannon and he's completely delusional. He's way too dangerous to let him keep running loose, he's going right to prison. Lola, send that information to the Gotham Royal York Police Department.

Lola Loud: On it, Linky.

Lola Loud sent the information to the officers of The Gotham Royal York Police Department, and as soon as that happened, they got dressed in bulletproof vests and SWAT helmets and riot shields in hand, along with machine guns, since the officers under Onishima are also armed. Then, the officers of The Gotham Royal York Police Department arrive, and they began arresting Onishima's police officers on charges of corruption, attempted murder, and property damage.

Lincoln: And now, it's time for the grand finale.

Sheila Castille: Go for it, Lincoln, and make that dirty cop pay.

We also saw that Lincoln's eyes were still red with overflowing justice.

Lincoln: We will, Sheila. Alright, everyone, time to bring the long arm of the law down on Onishima.

Inside the building, Onishima was already fuming with anger as soon as he saw that many of the officers were being arrested.

Captain Onishima: When I get my hands on those Graffiti Gang bastards, they're going to die for this!

Suddenly, the symbols of the police departments from all over the world swirl around the room, along with the thirteen elemental forces in the forms of German Shepherds, the police dogs, and they went at Onishima and they attacked him. Then, a phoenix cry and Thunderbird screech were heard, and an explosion erupted, as the symbols of the police departments disappear, and then, out of the smoke, we appeared.

Captain Onishima: So, the famous Team Loud Phoenix Storm has arrived, along with the Graffiti Gang. Now, I can get rid of you all.

Lincoln's red eyes still glare at Onishima, but he can tell Onishima was already afraid, and he brushed off Onishima's pathetic attempt at bravado.

Lincoln: Not a chance, Onishima. We're placing you under arrest for property damage, attempted murder, and abuse of power, you corrupt cop.

Troy Burrows: And we've got just the form for this one.

Megaforce Rangers: LEGENDARY RANGER MODE: S.P.D.

The Megaforce Rangers transform into the S.P.D. Rangers, and the S.P.D. Rangers also transformed, Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms, and the rest of us transformed, and we had unholstered our massive swords from our backs, and we went at Captain Onishima, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, ice, lava, steel orbs, stars, rainbow flames, colored flames, and lasers at the corrupt police captain, and they exploded with incredible power as they hit him.

Then, Lincoln fired rainbow chains and bound Onishima, and he couldn't escape. We cheered as we holstered our massive swords and weapons on our backs and power down. Lincoln's red eyes then changed back to deep sapphire blue.

Beat: Alright, Onishima has been arrested, along with the officers loyal to him. Now, what do we do?

Lincoln: Now, we take Onishima to trial, and with the evidence Lola gave the officers, Onishima's now looking at getting convicted for his crimes.

We threw Onishima into a police wagon, which carted him off to

Gotham Royal York for trial, and we returned home and with the Graffiti Gang with us, who've now become new members of the team. Then, we attended the trial for Onishima, and with the evidence presented in court and with a solid case, Captain Onishima was convicted of Property Damage, Abuse of Power, and Attempted Murder, and like with Mike Brikowski, he was sentenced to Life in The Neptune Prison Without the Possibility of Parole. Onishima was then placed in a separate cell in Solitary Confinement, and still bound in a rainbow straitjacket and rainbow chains, he was then chained to the wall with rainbow chains and Neutronium chains.

In separate trials, the officers involved with Onishima were also convicted of the same charges, and not only were they fired, they were sentenced to Life Without Possibility of Parole, but this time, they were sent to federal prison, where they'll remain there for the rest of their lives. The Tokyo-To Police Department had fallen into corruption, due to Onishima's actions, and because of it, their reputation has been tainted. The commissioner decided to hire better officers, and undo the tainted reputation that Onishima has brought upon the police department, and he'll also revamp the practices, and any rogue cops try to get in, they'll immediately be fired and they'll be arrested and face prison for their crimes.

Later it was time for Emerald's second Ambassador mission.

Emerald Goldenbraid: Electrocutioner's coming with me next time.

Nico: Good idea Emerald.

Naruto: I can't wait to meet the 2012 Turtles.

Me: You'll love them bro. They are really awesome.

Sakura Haruno: It'll be so awesome to meet them and teach them everything we know.

Fu: I can't wait to see what they are like.

Kiba: I hope they are like the ones we know here.

Emerald Goldenbraid: Oh they are just as awesome and good. Lets head out.

Me: Lets go!

We were off to the world of the 2012 TMNT.

We arrived and they saw us.

2012 Donny: Hey guys!

Emerald: Guys, meet my ninja friends. Minus the Ninjago heroes. And the Ninja Storm Rangers.

Naruto: Awesome to meet you all. My name is Naruto Uzumaki Namikaze.

Sasuke: Sasuke Uchiha.

Sakura H.: Sakura Haruno.

Kiba: I'm Kiba Inuzuka.

Hinata: I'm Hinata Hyuga.

Shino: Shino Aburame.

Neji: Neji Hyuga.

Tenten: Tenten.

Rock Lee: I'm Rock Lee.

Shikamaru: I'm Shikamaru Nara.

Ino: Ino Yamanaka.

Choji: I'm Choji Akimichi.

Fu: My name is Fu.

Rin: Rin Nohara.

Akiko: Akiko Suzuki.

Yakumo: And I'm Yakumo Kurama.

2012 Raph: Wow! Awesome to meet you all.

2012 Leo: Same here.

2012 Splinter: It's an honor to meet you all.

Naruto: It's a pleasure.

Me: Naruto is my little brother. We're not related by blood. I've adopted Naruto into my family because of his background.

2012 Splinter: What background is that?

Me: (Sighs) Well Naruto comes from a very dark background. Many of the Leaf Shinobi have dark histories.

Naruto: It's true.

They went over their backgrounds and it was not a pleasant thing.

When they were done the 2012 group was shocked.

2012 Raph: Man that is crazy!

2012 April: Wow no kidding!

2012 Leo: Emerald, you're gonna have to do on the job training.

Emerald: Why?

2012 Raph: There's this one mutant we didn't believe Mikey about. Until a few hours ago.

Emerald: Who is that?

2012 Mikey: His name is Pizza Face.

Me: Whoa! This is gonna be cool. Sounds like my kind of villain and I love pizza. I think he would make a great addition to the Masters of

Evil.

Emerald: We'll have to see what he looks like and what he can do.

Me: Anyway I brought a bunch of books and Jutsu Scrolls for you all. You wouldn't believe what I had to go through to borrow them.

I pulled out a scroll and unsealed the scrolls and books for them.

Me: Okay. First we're going to test your Chakra Natures.

I told them about what Chakra Natures are and everything and how it is determined with Chakra Paper and the reactions that follow.

Me: Watch this.

I took a piece of Chakra Paper and channelled Chakra into it and then it bursted into stardust.

Me: Mine bursted into stardust and that means it's universal.

2012 Leo: That's interesting.

Me: Yep.

We gave them a piece and April tested hers and it shredded into pieces which meant her nature was wind and hers was really powerful. 2012 Leo's got wet for water, 2012 Raph's bursted into flames for Fire, 2012 Donny's crumbled into dust for Earth, And 2012's Mikey's wrinkled up for Lightning. 2012's Casey's split in 2 and then one side formed into light and the other formed into darkness.

2012 Raph: Slash and his team are waiting for us near Pizza Face's hideout.

2012 Mikey: Make sure not to let any of his pizza get into you. If that happens, you become a pizza zombie!

2012 Don: I don't even want to know what'll happen if you guys become pizza zombies yourselves!

Me: Whoa! But we are completely immune to all forms of Zombie Transmogrification.

Emerald Goldenbraid: It's true. J.D. got bit by a zombie in the world of Resident Evil and he didn't change one bit because his poisonous blood got rid of the poison from a zombie.

Naruto: It's true.

Fu: That was an epic and amazing adventure though.

Choji: It sure was.

Me: Yep.

2012 Raph: Wow that is amazing!

Me: It sure is. Anyway lets get to training.

Emerald Goldenbraid: Lets do it!

Me: And I know just the spot for it.

I opened a portal into the Hyperbolic Time Chamber and we got to training them in 1 day which was equal to 5 years.

French Narrator: (French Accent) 1 Day Later.

We came out and our clothes were all shredded and tattered but we were all more powerful than ever and we didn't age at all because I put seals on us that kept us from aging.

2012 April: Wow! I look awesome.

Me: You sure do. Great job to you all.

Naruto: You all learned really well.

Later we met Slash and his team.

Slash: So, you're J.D. Knudson, huh? Nice to meet ya!

Me: Pleasure to meet you too Slash.

2012 Leatherhead: We saw a massive explosion of energy. Are you all okay?

2012 Raph: Yeah we're all right.

Slash: I take it that energy was from J.D. when he found out about the Shredder?

2012 Leo: That's right.

Me: Yep. I vowed that I would make the Shredder pay for his crimes when he returns when we all come here on March 14th.

Slash: That's good. Are you gonna banish him to the Warp?

Me: Nope. Worse. I'm going to use the Black Gate on him. It's a powerful sealing jutsu that Naruto taught me. It calls the spirits of everyone that person murdered and they judge the target. If that target is found guilty they will be erased from existence forever. It is 100 billion times worse than Super Hakai.

2012 Leatherhead: Whoa! That is amazing.

Me: Yeah it sure is.

Sakura Haruno: But for a monster like the Shredder he deserves it.

Me: I did it on the Utrom Shredder the first time and it was a really handy technique as well as one where we will make sure that we never have to face any of our most dangerous enemies again.

Slash: Wow that is awesome! (Sees the new changes of the turtles) Wow you guys look awesome! Did you guys work out?

2012 Leo: We sure did.

2012 Mikey: We got an awesome training session from J.D. and all the Shinobi here.

Emerald Goldenbraid: It's true. It's so awesome.

We then saw PIZZA FACE!

---

Antonio is the owner of the Antonio's Pizza-Rama food chain, a famous New York City pizzeria in the 2012 Teenage Mutant Ninja Turtles TV series, at least until he was turned into the evil Pizza Face when he was exposed to a canister of mutagen in the second season. He is the titular main antagonist of the episode "Pizza Maze" and a cameo antagonist in "Meet Mondo Gecko".

He was voiced by John DiMaggio, who also played Bender in the Futurama franchise, and The Joker in Batman: Under the Red Hood.

appeared in pizza boxes, but he was also the owner and main chef of Antonio's Pizza-Rama. As revealed in the episode Pizza Face, Antonio found one of the Kraang's lost mutagen canister, and, due to his culinary curiosity, he tasted it hoping it would turn out a good ingredient for his beloved pizzas.

The mutagen caused him to mutate into a pizza monster with the ability of creating living pizzas that would help him to capture humans for satisfy his hunger. Michelangelo was the only one left to stop him as his brothers and Splinter were already under Pizza Face's control and so he literally ate his way to victory, eating the cheesy villain from his insides only leaving a slice behind that freed the humans and his brothers. Pizza Face's last slice attacked Mikey and caused him to faint, then he woke up at home and thought it all was a dream, but as it turns out, Pizza Face was actually inside an empty pizza box in his room.

He was also seen attending Mr. X's X-treme Skate to the Death Death-a-thon 5000 with great excitement, and would've died when the Blackhole Generator destroyed Earth, which was luckily reversed. It is unknown what happened to Antonio afterwards.

---

Me: WHOA! So you are Pizza Face. Wow! You're an anthropomorphic pizza.

Pizza Face: (Italian Accent) That's-a right. And it's-a a good honor to meet-a the famous J.D. Knudson of-a Team Loud Phoenix Storm.

Me: Pleasure is mine.

Pizza Face: Michelangelo! Good to see you again!

2012 Raph: This time, we're not joining your pizza army!

Several pizza minions went at Dr. Rockwell but he used his psychic powers to throw them back.

Me: Whoa! I'm getting hungry just from looking at you Pizza Face. Your Pizza powers are awesome.

Pizza Face: Grazi.

Emerald Goldenbraid: You know, you could make an excellent Masters of Evil recruit.

Pizza Face: Tell-a Zemo I'm not interested!

Me: No this is a completely different Masters of Evil. The original one run by Baron Zemo disbanded. This is one lead by Vypra.

I told him everything about it and what our frenemies were like and more and it was amazing.

Pizza Face: Mama-mia! That is-a amazing.

Emerald Goldenbraid: It sure is.

Sakura Haruno: And it's really fun too.

Naruto: It sure is. Many of us are planning on getting archenemies of our own too.

Me: Many villains out there and many to choose from.

Later me, Naruto and Emerald and the group all came back and we told them everything.

May: A villain made of pizza? It.. probably isn't the first time.

Nico: Nope. Mad Mike the Pizza Chef. But also many of us have had encounters with Pizza Villains.

Jimmy Neutron: You are correct on that Nico. Carl accidentally made nightmare pizzas.

Carl Wheezer: Yeah it was an accident.

Qin: And there's the Evil Pizza monster. He was an anthropomorphic pizza monster made by Professor Pericles.

Me: Boy I remember seeing that. That was awesome!

Shaggy: Like it was my kind of villain.

We laughed.

Eli: Yeah you sure love pizza.

C.C.: Me too.

Mandy: Lets not forget the pizza monsters made by Nergal by accident.

Grim: (Jamaican Accent) That's true mon.

Me: Lets not forget Pizza the Hut from the 1987 movie Spaceballs.

Nico: (LAUGHS) That was so awesome and funny. He was Jabba the Hutt in Pizza form.

Me: Yep and Pizza Face looked very similar to Pizza the Hutt from that movie.

Nico: Neat. Also there's the Pizza Bear that Peter killed.

Meg Griffin: Oh yeah. He was a silly hunter.

Me: Yep.

Nico: Awesome. Now lets get ready for our next mission.

Strike Man: Ed, we're about to go on another mission. I need you to keep calm and not freak out, ok?

Eddy: Yeah, Lumpy. Look, I know sometimes I tend to yell at you. But deep down, I do care about you, okay? We're get you through this.

Nico: Just remember Ed, the Nightmare you had is not real. It's all fake. Jonny wouldn't even punish you if his life depended on it.

Ed: (Gulps) Okay. I'll go with you.

Me: Good.

Then Turtle, Unicorn, Dodgeball Wizard, Multiplex, Black Spider, Grodd, Trickster, Toiletnator, Raven Branwen, and Beast Man appeared.

Grodd: (See's Ed) Is Ed okay?

Nico: He had a really horrible nightmare.

Multiplex: Oh man. What was it about?

Natilee: It was this.

Natilee showed her sketch of the dream to them and they gasped in shock!

Black Spider: Oh man! Ed's mom looks nowhere near like Jonny.

Marie K.L.: And my stupid sisters are both in prison and with you.

Laney: No kidding.

Trickster: Oh poor Ed. That must've been a really terrifying nightmare.

Kate Lloyd: Yeah it was.

Sarah (EENE): I can't believe I was such a stupid tattletale back then.

Black Spider: Anyway, can me, Turtle, Unicorn, Dodgeball Wizard, Multiplex, Grodd, Trickster, Toiletnator, Raven Branwen, and Beast Man go with you guys?

Nico: Yes you can. We're going on an awesome Treasure Hunt.

Unicorn: AWESOME! I love going on Treasure hunts.

Nicole: Yep and I have just the hunt for us and it's in the jungles of Thailand.

Eli: Awesome!

Naomi Yukito: It'll be amazing to see Thailand.

Nico: It sure will. What are we going to find there?

Nicole: You'll like this guys. It's a mystical and powerful book called The Book of Asmān, the God of the Sky in Thai Myth.

Nico: Cool! Lets head out to Thailand.

Lynn: Wait guys. I have some guests coming if you don't mind.

The doorbell rang and in came the Fox Quints!

Pam: We're here!

Rita Fox: Pam! Guys!

Pam: Big sis!

They went and hugged Rita.

Rita Fox: I missed you guys.

Kurt Fox: We missed you too sis.

Pam: We heard you're an Appoplexian Gene-Slammer now.

Rita Fox: I sure am and it's awesome.

Nico: It's gonna be awesome having your family with us Rita.

Rita Fox: It sure is.

Nico: Now we can go.

We were off to Thailand.

BANGKOK, THAILAND

We arrived in Bangkok, Thailand.

Nico: Here we are guys.

Tussle Sprout: Good old Thailand.

Nico: Yep.

Mindy Chan: And the very spot where I killed M. Bison.

Nico: Yep.

Toiletnator: Hey, Nico. Which Gene Slammer do you think you'll meet on your next rescue?

Nico: I'm hoping to meet an Orishan Gene-Slammer next.

Ben 10: Wow! An underwater rescue next?

Nico: Yep. So Luna, Maria, Varie, Nokama or Gali will go with me next.

Luna Loud: Rockin dudes!

Nico: Yep.

Emerald saw Sydney in thought.

Emerald Sustrai: Sydney, is there any reason why you're looking at Akira?

Sydney Burlington: You'll think it's silly but. I actually have a crush on him.

Emerald Sustrai: Do you really?

Sydney Burlington: I sure do. But I'm nervous to tell him.

Emerald Sustrai: You can tell him when you're ready.

Unicorn saw Akira Akatsuki in thought.

Unicorn: Akira, I can't help but notice that you're looking at Sydney funny.

Akira: I had a feeling you would. I have a crush on her.

Unicorn: Wow. I knew it was coming eventually.

Akira: Yeah but I'm so nervous to tell her how I feel.

Octopunch: Nicole, do you have any reports about anyone unfriendly in this area?

Nicole: As a matter of fact yes. I just found out that my old enemy Mitch Wilkinson has just escaped from the Bank Kwang Maximum Security prison.

Me: Wasn't he that treasure hunter that tried to find the Lost City of Gold and be famous?

Nicole: Yep. But in the end, I stopped him. Let me tell you about him so you would understand.

She did so.

Mitchell "Mitch" Wilkinson is the main antagonist in the 2007 Disney live action film National Treasure: Book of Secrets. He is a homicidal man who seeks to leave his mark on history by any means necessary. In the end he redeemed himself and sacrificed his life to save Ben Gates.

He was portrayed by Ed Harris, who also played General Hummel in The Rock, Carl Fogarty in A History of Violence, Blair Sullivan in Just Cause, Wilford in Snowpiercer, The Man in Black in Westworld, Leonard Dekkom in Geostorm, and Christof in The Truman Show.

Mitch is a treasure hunter who is descended from both a Confederate Army General and a conspirator in the Lincoln Assassination. When Ben Gates' great-great-great grandfather, Thomas Gates, is announced as a new addition to a Civil War Heroes exhibit at a Civilian Heroes conference for his involvement in keeping the map to Cibola, the legendary city of gold, from Booth and his associates, Wilkinson presents one of the missing pages of Booth's diary. The page lists Thomas Gates as the architect behind the Assassination, but in reality, this was fabricated so Gates could find Cibola as proof and Wilkinson could take credit for the discovery.

Mitch begins to show his true intentions when he attacks Ben's father, Patrick Gates, and clones his cell phone in order to keep tabs on Ben during the hunt. He follows Ben and his friends, Riley Poole and Abigail Chase, through London and obtains one of the clues Ben found within a desk in Buckingham Palace. He also discreetly follows them during Ben's kidnapping of the President and infiltration of the Library of Congress. Mitch then goes to Dr. Emily Appleton, Ben's mother and a college professor skilled in ancient Native American languages, and blackmails her into helping him find Cibola.

Mitch meets Ben and his friends at Mount Rushmore, where Cibola is supposedly located, and makes a deal with Ben to assist him in finding the treasure. Ben reluctantly agrees, and after travelling through several levels and chambers, they finally locate the city. Mitch apologizes for slandering Thomas Gates' name and reveals his true intent, but the city then begins to flood. The group manages to find a way out, but both Mitch and Ben get trapped in a chamber with a heavy stone door. Realizing that the only way for anyone to make it out alive is for somebody to stay behind and hold the door open, Mitch volunteers so that everyone else can escape, with Ben promising to give Mitch credit in the discovery. As the rest of the group flee from the chamber, Mitch slips and is pulled under the water, where he eventually drowns as the chamber fills up completely. Ben fulfilled Mitch promise that he gets credit of finding Cibola and he did.

When she was done we were shocked!

Nico: Whoa man!

Nicole: Yep. We found Cibola. But I stopped him from getting it and in the end because his crimes were so severe, I had him deported from America and sent to Bang Kwang Maximum Security Prison in Thailand. He should have been killed on sight because of it. But somehow he bypassed all the security and got out.

Raven Branwen: I hate to admit it. But that actually is impressive.

Nico: No kidding.

Nicole: Now he and I have an old score to settle. He is going to coming after me to get revenge. He wants me dead no matter what the costs and he's going to get the Book of Asman to get absolute power so he can kill me.

Lincoln: Whoa, this guy is one homicidal maniac, he's even willing to sacrifice his own men just to get what he wants. This guy's looking at a lifetime in prison for this one.

Nico: My thoughts exactly, Lincoln. Alright, let's head down to Thailand.

Skippy: Alright.

Suddenly, a bright light had descended onto us, and we saw something appear from the ground: it's a large sword with a 6'9" massive, wide, double-edged man-sized marine blue blade with ice blue Greek Runes etched in a circle right around Boreas, The Greek God of the Cold North Wind and The Bringer of Winter, large marine blue curved upward ram horns for the crossguard, large ice blue gem for the hilt, longer marine blue handle, and four large marine blue arctic fox heads for the pommel with ice blue gems for the eyes and large ice blue gems in their open mouths. The sword is known as Boreas' Ice Sword of Winter's Justice.

Me: Whoa, that's one awesome sword.

A large book of legends manifested from rainbow light shined from the Thunderbird emblazoned on Lincoln's forehead, and it turned to the page with the image of the sword on it, along with the info on it.

Lincoln 2: I thought that sword looked familiar, that's Boreas' Ice Sword of Winter's Justice, the sword is said to have been made by Boreas, The Greek God of Winter, and the father of Khione, The Greek Goddess of Snow, the very deity Lana got her powers from.

Me: Whoa.

Lincoln: Awesome.

Suddenly, the sword called out to Skippy, and he grabbed the large blade's marine blue handle. Then, we saw something happen: Skippy's eyes turned marine blue, and his dark brown hair grew longer as it reached the bottom of his neck. Then, we saw Skippy grow to 7'0" in height, and then, we saw all of his upper and lower body muscles growing abnormally massive and powerful at a very incredible rate, and it caused his blue long-sleeved shirt to rip, his long grey pants ripped and turn into shorts, and his white shoes remained the same. and we saw that Skippy now has abnormally massive and powerful upper and lower body muscles and eight-pack abs. When we saw what happened to Skippy, we were stunned, Skippy has turned into a very muscular hunk, and when Lana saw what happened to Skippy, she had an atomic red blush on her face and hearts in her eyes when she saw him.

Skippy: Whoa, what on Earth happened?

We also heard Skippy's voice become deeper after his transformation, and that made Lana's atomic red blush on her face turn even brighter. Lincoln made a mirror out of water, and when Skippy saw what happened to him when he grabbed the sword, he was amazed.

Skippy: (Stunned) Whoa, now I look really awesome.

Lincoln: You sure do, and you also have Lana blushing like crazy.

Skippy saw Lana blushing like crazy, and he went up to Lana, and he brought Lana in for a hug, and she was comforted by Skippy's now abnormally massive and powerful muscular body wrapped around her.

Lana: I got to admit, I like what happened to you, Skippy.

Skippy: Same here, Lana.

Skippy snapped his fingers, and he was now dressed in a blue version of He-Man 2002's loincloth, large grey pants with snowflakes on them, and large black leather ankle-length combat boots, large blue weighted bands with silver phoenixes on his massive biceps and thighs, and eight large blue orbs orbiting around his legs, and he had his massive Boreas' Ice Sword of Winter's Justice holstered on his now wider and more muscular back.

Nico: WHOA!

Lana: AWESOME!

Me: You look incredible Skippy.

Nico: You sure do. But we got to stop Wilkinson.

G1 Venom: He's not laying a single hand on the treasure!

Nico: Not if we have anything to say about it!

Nicole Knudson: He wants a battle, we'll give him a war! Lets go guys. We got a treasure to find.

We were off into the Thai Jungle.

Trickster: Hey, Ed. You okay now?

Ed: Yep!

Trickster: Wow that was fast.

Nico: Yeah I guess so.

We were trekking through the jungle.

Nicole: We should be just about there.

We then arrived at an ancient temple.

Nicole: At last we found it! The Temple of Asman!

Nico: Whoa!

Maria: Ed, you should remember that you, Eddy, and Double made amends with everyone in Peach Creek a long time ago.

Acid Storm: Including your parents.

Ed: That's right.

Nicole: Good.

We went into the temple.

Nico: Whoa. Looks like no one has been in here for a long time.

Vinyl Scratch: Wow no kidding.

Laney: Look there's a story on this wall.

Me: Hmm.

I went over and looked at it.

Nico: Wow. What does it say?

Me: It's a really amazing story. "Long ago when the world was young, a terrifying gryphon of darkness ravaged the lands. It destroyed villages and devoured farms and crushed any brave warrior bold enough to face it. But when all was about to seem lost, a brave boy made a pact with the God of The Sky, Asman, and was bestowed a powerful book made by the God of the Sky himself and with its mighty magic was able to hold the Gryphon back. But then he did something really amazing. "I will never fear you Gryphon" he said. "You can crush my home and my friends and my family but you will never crush my heart or the power, courage, hope and love that it holds within!" The people of the world were all moved by the brave boys courage and they came to join him in unity. Defeated by the power of the boy and his courage and hope, the Gryphon could no longer feed off of their fear and was forced back into the darkness of the shadows from whence it came. The boy was hailed as a great hero. But after the defeat of the Gryphon, fearing that the book of Asman was going to fall into the wrong hands, he hid it in this temple for safety. The power the book has is so great that in the wrong hands it would destroy everything around it. Only one brave soul that is pure of heart and filled with good and love and hope can wield it."

We were in awe.

Nico: Wow! That is so amazing!

Laney: It sure is. Just like what we learned in that African temple.

Nico: Yep.

Grodd: Ed, if you want, I can use my mind powers to calm you down a bit.

William: Don't worry. Grodd will be careful not to damage your mind.

Ed: Okay. Thanks Grodd.

Grodd did so.

Nico: Wow that story is incredible.

Lana: It sure is.

Princess Celestia: I wonder who is worthy of a book like that?

Me: We'll find out soon.

Sunstorm: As usual, let's be careful of any traps.

We got to watching out for traps and then we got away from the traps and then in a huge room in a beam of sunlight was The Book of Asman! It was a book with the Sun, Moon, Stars, Earth and Thai Symbols on the cover and it had the Thai Symbol for Sky on it and it had jewels all over it.

Nicole: There it is!

Eli: Wow! The Book of Asman.

Nico: Wow!

Rarity: It's beautiful.

Naruto: Who will have that book?

But then Amber Morning glowed and she was carried over to the Book and it floated over to her and then a massive beam of light exploded out of the floor and enveloped her and it was as bright as 1,000 suns!

Nico: WHOA! WHAT POWER!

Me: UNBELIEVABLE!

Eli: WHOA!

Amber then grew into a beautiful woman and she had a beautiful dress and her hair grew longer and she had amazing wings. When the light faded, Amber Morning was forever changed. She looked like she was 17 years old and had grown to 5' 7" and she had longer red, orange, yellow and purple hair as beautiful as a sunrise and her eyes were ocean blue and she had a beautiful sunrise shirt and a red skirt and she had red and purple and yellow shoes and she had an amazing sleeveless trenchcoat on and it had the sunrise on. Her cutie mark was the sun rising over the world. She had the kanji for "Amber Morning, Long Lost Daughter of Princess Celestia the Princess of the Sun and Ruler of Equestria and Master of the forces of the sky and the light."

琥珀色の朝、プリンセスセレスティアの長い間失われた娘、太陽の王女、エクエストリアの支配者、そして空と光の力の達人。

Nico: WHOA!

Laney: Wow Amber looks amazing!

Amber Morning: What happened to me!? WHOA I can talk now!

Wow!

Me: Wow! Amber you look incredible! Look what happened.

I formed a mirror and Amber saw herself and she was amazed!

Amber Morning: Wow! I'm… I'm all grown up now! I look amazing!

Princess Celestia: Amber you look amazing!

Amber Morning: Wow! Mom I sure do.

They hugged.

Beast Man: Think we should put the drawing of Ed's nightmare here and disguise it as the book?

Nico: Hmm. Not a bad idea.

Natilee: Awesome idea.

Nico: Cool.

Buzzerbeak squawked at Amber's new look.

Nico: I know. She looks awesome.

Laney: It's like she ascended.

Lana: Yeah.

Luan: No kidding.

Dodgeball Wizard: Amber, you deserve your first big girl food!

Amber Morning: I sure do but I have so much to learn now.

Nico: Take all the time you need.

Eli: I sense someone coming!

Nico: It's Mitch.

Nicole: Right on time.

We formed the Decoy book and hid.

Ren: Let's not make a move yet.

Linehalt: Let's see if he brought backup.

Nico: Shh.

We stayed quiet as we hid and saw MITCH WILKINSON! He came in. He was in a prison uniform. He surprisingly was the only one.

Mitch Wilkinson: Ahh. At last! I found the Book of Asman. With its power I will destroy that bitch Nicole for what she did to me.

He went up to the book.

Multiplex: Speaking of backup.

Multiplex made 310 clones of himself.

Nico gave the thumbs up.

Mitch got the book and looked at it and he saw a sketch of Ed's Nightmare!

Mitch: Huh?

He then saw the book vanish.

Mitch: IT'S A TRICK!

Nico: Now.

We went at him and then the spirits of the furious jungle swirled around him and roared and then they converged and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted in front of him and a phoenix cry was heard and then we came out.

Nico: Game is over Wilkinson!

Nicole: Been a long time Wilkinson.

Mitch: YOU RUINED EVERYTHING FOR ME NICOLE!

Nicole: And I show no remorse for it!

Broccoli Guy: Also, that isn't a drawing making fun of you. It's a picture of a nightmare. It's not yours.

Nico: That's right.

Nicole: You and I have a score to settle.

Mitch Wilkinson: Where's the book!?

Amber Morning: I have it and it chose me!

Nico: You're going back to prison Wilkinson. So come with us quietly or die.

Mitch Wilkinson: NEVER!

Turtle: As Zzazz would say, it's beatdown time!

Nico: Yeah! And it's Buttkicking time!

Mitch ran at us and Eli fired a blast of Force Lightning and blew him back.

Mitch growled and Amber Morning fired a blast of lightning and electrocuted him with the awesome power of the God of The Sky!

Amber Morning: WHOA! That is awesome!

Nico: AWESOME!

Then Duff Killigan, Kaos, Dr. Viktor, Top, Gearhead, Ragdoll, Swordsman, Batroc, Tri Klops, and Trap Jaw appeared.

Nico: Duff Killigan, Kaos, Dr. Viktor, Top, Gearhead, Ragdoll, Swordsman, Batroc, Tri Klops, and Trap Jaw.

Ragdoll: Amber Morning?! Is that you?!

Amber Morning: It is.

Duff Killigan: (Scottish Accent) You're all grown up, lass!

Kaos: You can tell us how this happened to you later.

Dr. Viktor: (to Nico) We heard you took care of the Practices.

Nico: We sure did.

Top: How'd you deal with them this time?

Naomi Yukito: Well it was actually me that took care of them. I tied them up and brought them to them. Sorry my name is Naomi Yukito. I'm a Crystalsapien Gene-Slammer.

Dr. Viktor: Pleasure to meet you.

Nico: But we sent them to the Jupiter Prison for good.

?: Good riddance.

A figure came out and it was MELTATRON from episode 6 of Beast Morphers!

---

Meltatron was created by Scrozzle when he infected an acid tank in the Cyber Dimension. He, along with Roxy, were tasked with retrieving Slicerdrone. He was later tasked with destroying the Rangers while they were trapped in the hangar. But Ravi was able to throw Devon out of the shutting door, allowing him to escape. Devon and Cruise later attempted to use the Racer Zord to free the other Rangers but were interrupted when Meltadrone put their plan of rescue to a halt. While Devon fought against Meltadrone, Zoey and Ravi were able to obliterate his extinguisher after three shots from Zoey's Beast-X Blaster and destroy Meltatron with their Beast-X Cannons. Afterwards both Slicerdrone and Meltadrone were finally destroyed by the newly formed Beast-X Megazord.

Devon Daniels: Meltatron!

Meltatron: Been a while rangers.

Me: I remember you! You were made from an acid tank and you were sent to retrieve the Slicerdrone and then you went to destroy the rangers.

Meltatron: That's right J.D. Good memory.

Me: Never missed an episode.

Meltatron: I bet you're still shocked about Venjix being Evox as well.

Me: You got that right!

Maria: Your episode was the first time Devon and his team formed their Megazord.

Meltatron: I know. Usually, Megazords are first formed in early episodes.

Nico: That's right on that.

Meltatron: Yep. Also we have a bunch of new recruits and you may get hungry seeing them.

Pink Ranger Slayer, Weddinmon, Marcel and the Cheese Monster came and then out came PIZZA THE HUT, PIZZA BEAR (Family Guy), EVIL PIZZA (Scooby Doo), NIGHTMARE PIZZA (Jimmy Neutron), THE PIZZA MONSTER (Billy & Mandy) And a New villain called ANGRY PIZZA!

Meg Griffin: OH MY GOD! Pizza Bear!

Mandy: The Pizza Monster!

Me: That is so funny! We were just talking about you guys! Also (To Angry Pizza) We never saw you before.

Angry Pizza: Sorry I'm brand new. I'm Angry Pizza! I was made as a result of a scientist exposing his lunch accidentally to cosmic rays and I became alive. I became a villain to get revenge on people for eating pizza.

Nico: Boy that is strange.

Pizza Monster: (Italian Accent) And you can-a call us the-a PIZZA TERROR 6!

Me: Awesome name!

C.C.: (DROOLS) You guys are making me hungry for some pizza!

Laney: Me too!

Me: Who are you guys gonna face?

Pizza Bear: We picked Rita and her siblings.

Rita Fox: AWESOME!

Pam: This is awesome! We get our own archenemies!

They high five!

Nico: (Drools) I hope there's an all chicken wing group. That would be awesome.

We laughed.

Suddenly, we saw Love Line come out, but then, we heard her laughing malevolently, and she then transformed into FRO.

---

Fro

Fro (フラウ Flau?) is a Negamonster sent by Jedite to gather energy for the Negaverse. She appeared in Sailor Moon Episode 2, "Talk Radio".

Biography

Fro was disguised as a member of the talk show, Love Line. Jedite charged flower broaches with dark energy to give to people, which would drain their energy.

When Fro revealed her true identity, she fought Sailor Moon, using her deadly breath as a weapon. Sailor Moon used Moon Tiara Magic, but Fro dodged it. Sailor Moon then sent the tiara back at Fro, slicing her in two and destroying her.

---

Shanan: Fro, I should've known you'd be here.

Fro: How good to see you again, Shanan. Now, I can get my revenge on you all for what you did to Queen Beryl and Jedite.

Shanan: That's not going to happen.

Fro: We'll see when you all are frozen to death!

Fro fired her ice breath, but Laney, Shanan, Eli, Sailor Moon, and Lola fire powerful blasts of fire, and melted her ice breath to nothing but steam. Then, they fired powerful blasts of fire, which incinerated her, and her evil spirit was banished to the Warp forever.

Shanan: That's another monster of The Negaverse down and out!

Skippy: But, we're not done yet.

?: I will make sure that all of you will die a horrible death!

Suddenly, the eight large planets and stars orbing around my legs, the eight large orange orbs orbiting around Lincoln, Linka, TLPS Ms. Tarantula's, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large midnight blue orbs orbiting around TLPS Mr. Wolf's legs, the eight large crimson red orbs orbiting around Naruto and Nate Adams' legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large pink orbs orbiting around Lola and Lexx Loud's and Steven Universe's legs, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam, Lana, and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight coral red orbs orbiting around Timon's legs, the eight large blue orbs orbiting around Lori, TLPS Mr. Shark, Skippy, and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan, TLPS Mr. Snake, and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, the eight large rainbow orbs orbiting around Rainbow Dash's legs, the eight large aqua blue orbs orbiting around Varie and Adam Lyon's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs, along with our gems on our Bracelets of The Champions of the Universe were glowing, and that means we've got big trouble incoming.

Then, an Ice Phoenix appeared and it was emblazoned on Skippy's forehead, and we heard a voice speak out through the Ice Phoenix. It was Boreas, The Greek God of Winter.

Boreas: (Through the Ice Phoenix emblazoned on Skippy's forehead) I knew there's no mistaking that voice, you can come out now, Night King.

A white figure came out, and it's none other than the evil monster from Game of Thrones, The Night King, the master and first of the White Walkers.

Nico: Oh man, that's The Night King from Game of Thrones. This is not good, this guy is a dangerous super ice zombie, and he's a big time danger to all mankind.

Boreas: (Through the Ice Phoenix on Skippy's forehead) Yes, that's correct, Nico, and it's an honor to meet you and all of Team Loud Phoenix Storm.

Nico: You too, Lord Boreas. So, you were the one who gave Skippy the sword before we left for Thailand.

Boreas: (Through the Ice Phoenix on Skippy's forehead) Yes, that's correct, Nico.

Me: I get it, Lana got her powers from the divine blessing by Khione, and Skippy got your powers through a divine blessing when he grabbed your sword, wow.

Nico: It sure is. But, Lord Boreas, what can you tell us about The Night King?

Boreas: (Through the Ice Phoenix on Skippy's forehead) You won't like him, Nico.

Boreas proceeded to tell us about The Night King, and as expected, we weren't going to like him one bit.

---

Night King

The Night King is one of the overarching antagonists of the TV series Game of Thrones. Having existed since the age of the First Men, the Night King is the leader of the White Walkers, the very first of their kind and, by extension, the master of the wights. He is a creation of the television series and is not expected to appear in the A Song of Ice and Fire novel series. In the TV series adaptation, he is the apparent mastermind behind their coming invasion, and as such, he is the most dangerous threat to the Seven Kingdoms. He serves as a minor antagonist in Season 4, one of the secondary antagonists in both Season 5 and Season 6, one of the two main antagonists of Season 7 (alongside Cersei Lannister) and the main antagonist of the first half of Season 8. He is also the main antagonist of Jon Snow's storyline.

The religion of R'hllor claims that he and the Walkers are servants of an evil god of ice, archenemy of the Lord of Light, known as the Great Other. Red Priests claim that only Azor Ahai reborn can stop them and the Long Night that Never Ends. It is shown that the Children of the Forest created him as the very first White Walker to defeat the invading humans known as the First Men. The Night King himself was a First Man. In Seasons 4 to 5, he was portrayed by Richard Brake, who also portrayed Joe Chill in Batman Begins. In Seasons 6 to 8, he was portrayed by Vladimir Furdik.

Game of Thrones

The episode "Oathkeeper" reveals the fate of the infants, as well as introduces the Night King. A White Walker takes Craster's last son to what appears to be an altar where the Night King himself greets the infant, and with a poke to his cheek, turns him into another White Walker. In the episode Hardhome, in which Jon Snow, now Lord Commander himself, goes to the titular village on a mission with Tormund, to make peace with the remaining wildlings from the army of Mance Rayder fled during the attack of King Stannis Baratheon (all the other wildlings and giants are around beyond the Wall like groups, Craster's wives, and a group at the river Milkwater) and get them to the Wall. While they are evacuating the village, an army of wight's attack, and a massacre ensues. The Night King and other White Walkers oversee the attack. During the fight, Jon Snow kills as White Walker, which the Night King witnesses. After the fighting, Jon and his men flee with the last of the evacuates, and the Night King walks down the dock. Jon and the Night King make eye contact, and the king has him watch as he resurrects the dead of the battle into new wights.

In the episode The Door, it is revealed that the Night King was the first White Walker (who was one of the First Men) and that the White Walkers were created by the Children of the Forest as a weapon against the First Men during the wars of the Dawn Age, the First Men slaughtered the Children of the Forest and cut down their sacred weirwood trees. During one of his greendreams, Bran sees the undead forces of the White Walkers. He walks through the army until he stands before the Night King who sees him. The Night King grabs Bran by the arm which leaves a lasting mark, even after Bran has woken. This mark allows the Night King to penetrate the security spells around the cave and he sends his undead army inside it. Bran and Meera are able to flee but the Night King and his men eradicate all remaining Children of the Forest as well as the Three-eyed raven who is slain by the Night King himself.

Later in Beyond the Wall the Night King and his army surround Jon, Sandor Clegane, Tormund Giantsbane and Beric Dondarrion north of Eastwatch-by-the-Sea, during their mission to capture a wight to show proof of the White Walkers' existence. Daenerys Targaryen and her three dragons Drogon, Viserion and Rhaegal arrive to rescue the group, but the Night King takes an ice lance and lunges it through the sky directly at Viserion, successfully killing the dragon. The group narrowly escapes, but the Night King then resurrects Viserion as an undead dragon. He rides the wight of Viserion and destroys the eastern part of the Wall at Eastwatch-by-the-Sea, breaking the spell of the Children of the Forest and making a passage for his army to invade the Seven Kingdoms. The Night King's army is currently marching south, invading the Seven Kingdoms.

The Undead successfully sack Last Hearth and kill off House Umber, then proceed to march on Winterfell. The defenders fight valiantly, but the Undead are beyond count and eventually breach the walls. The Night King himself engages Jon and Daenarys on their dragons, but later retreats to Winterfell and raises the fallen dead. The Night King then proceeds to enter the Weirwood forest, intending to kill Bran. Theon makes a brave, but vain attempt to protect Bran, but the Night King kills Theon by impaling him through the abdomen with his own spear. The Night King proceeds towards Bran, and reaches for his sword. But just as it seems that all hope is lost, Arya lunges at the Night King from behind only to be grabbed by the throat. But before the Night King can finish her off, Arya drops her Valyrian steel dagger and uses her free hand to catch it in midair before driving it into the Night King's chest, destroying the Night King, the White Walkers, and Wights once and for all, after thousands of years of spreading terror.

Despite the extinction of the White Walkers, the Night King's attack on Winterfell is a great cost to be paid by the Targaryen and Northern forces due to their numbers being heavily decimated to the point that it is questionable for them to resume their war with Cersei and Euron's armies. It is estimated that half of the Northern Force, Unsullied and Dortharki perished in the battle. During the Battle of King's Landing, after losing so much in the wars of late, Daenerys Targaryen succumbs to the infamous "Targaryen Madness" that her father and brother had before her. Daenerys would grow to become a threat to this world, as the Night King was. Ironically, both Daenerys and the Night King died of the same thing; a dagger to the heart.

## A Song of Ice and Fire

In the novels, there's no mention of this character. There is only a legend about a traitor known as Night's King. George R.R. Martin stated that the Night's King is a legendary figure who's most likely to be dead. There's also no mention of the Others having a leader at all. The Night King from the show has been added only for the TV version of the events. There are different rumors and theories about possible candidates for a new leader of the Others who will lead them during the Long Night that Never Ends.

A possible candidate for the "next Night's King" is Stannis Baratheon, due to his similarities with Night's King and the fact he took the Nightfort as his seat in the North. Stannis is also said that he will break before he bends. In the House of the Undying, Daenerys Targaryen sees in a vision a blue-eyed king with a red sword, who casts no shadow. The description matches with Stannis, who's said to have deep blue eyes, has the magic red sword called Lightbringer, and created two Shadow Assassins with Melisandre. Voices of the Undying Ones call Daenerys "slayer of lies".

In the book version the situation with the wildlings is more complicated and the events at Hardhome is happening "off-screen" as Jon Snow, who is the POV character of this storyline, stays at Castle Black and sends Cotter Pyke and Tormund there.

---

When Boreas was finished, we were horrified and enraged at The Night King's genocidal actions.

Me: Whoa, he's just as bad as I've seen in Game of Thrones.

Nico: And now, hearing about it for ourselves, I guess it proves that he's just as bad as we've seen, this ice cold monster's got to go.

Skippy (Loud House): And that's what I'm going to do to him, Nico. I've had it up to hear with this monster to last an eternity.

Suddenly, we felt something in Skippy's mind snap as his marine blue eyes turned neon marine blue, and he was surrounded by a marine blue energy aura with snowflakes, snow, ice, and ice phoenixes, he unholstered his massive Boreas' Ice Sword of Winter's Justice from his now wider and more muscular back, and as he approached the Night King, he left marine blue energy, snowflakes, snow, ice, and ice phoenixes with every step.

Skippy (Loud House): Night King, I will never forgive you for the crimes that you've committed against Winterfell, you've lived for far too long, and now, you're 10,000 past overdue with death, you heartless, cold-blooded monster from Hell!

Then, Skippy screamed like a madman, as he was surrounded by a massive vortex of marine blue energy with snowflakes, snow, and ice surrounding it, there was an Ice Phoenix flying around the vortex, and in the vortex is a grey phoenix. Then, as the vortex faded, Skippy emerged, but he was changed forever.

The 7'0" tall and extremely muscular Skippy remained the same, along with his new clothes and large eight marine blue orbs orbiting around his legs, he has neon marine blue eyes and a marine blue energy aura with snowflakes, snow, ice, and ice phoenixes surrounding him and he has marine blue highlights in the bangs of his longer neck-length dark brown hair, the Ice Phoenix emblazoned on his forehead now had the Ice Kanji in its claws, he has on Ice Phoenix earrings with marine blue gems for eyes and the Ice Kanji in its claws and he has on his large Crystal Necklace of The Buddha with marine blue crystals for the links and an Ice Phoenix with marine blue gems for eyes and the Ice Kanji in its claws for the pendant across his bare chest. Suddenly, Skippy had felt a sharp pain on his wider and more muscular back, and massive dark brown angel wings with marine blue tips on the large dark brown feathers had sprouted out on Skippy's wider and more muscular back.

Skippy had his massive Boreas' Ice Sword of Winter's Justice in his massive left hand, and he has on his new large cuff Bracelets of the Champions of The Universe with marine blue gems on his wrists, long marine blue trenchcoat flaps with snowflakes, snow, ice, and ice phoenixes on the coattails held up by his large Belt of Elemental Bravery with a phoenix head with large marine blue gem in its open mouth for the belt buckle on his waist, marine blue Spellbook of The Gods and The Universe on his left hip and Eater of Sins revolver holstered on his right hip, and a Blue Lantern Corps ring on his right ring finger. Skippy has an Ice Phoenix with snow surrounding it tattooed on his wider and more muscular back, and there's a marine blue kanji below the Ice Phoenix that said, "Skippy, Local Grease Monkey of Gotham Royal York, Loving Boyfriend and Future Husband of Lana Loud, Emissary of Boreas, Skilled Mechanic of Gotham Royal York, Ambassador of Hope, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Student of Powerful Teachers, and Master of Snow, Ice, and Ice Phoenixes" Skippy has transformed into SUPER ANGEL INFINITY ABSOLUTE ZERO ARCTIC ICE PHOENIX ANGEL OF ARCTIC HOPE AND SNOW JUSTICE!

We were amazed by Skippy's Super Angel Infinity transformation, and when Lana saw it, she had an even more atomic red blush on her face and hearts in her eyes. But, when The Night King saw it, he fell into a rage, and fired a blast of ice, but, Skippy fired a powerful blast of marine blue energy with snow, ice, and ice phoenixes at him, which hits The Night King, and sends him into a wall.

Nico: (Stunned) Wow, First Skippy gets a brand-new sword, and he's transformed into his new Super Angel Infinity form, awesome.

Lana: (Stunned) Whoa, Skippy, you look even more awesome than ever. How do you feel?

Skippy (Loud House): (Divine Echoing Cosmic Voice of The Arctic Phoenix and Sub-Zero Hope) I feel incredible, Lana, and now, I'm going to put an end to The Night King once and for all.

Nico: Show that ice-hearted bastard no mercy, Skippy!

Skippy went at The Night King, who fired blasts of ice at him, but Skippy absorbed them, and it made him even stronger than ever, and Skippy fired powerful blasts of marine blue energy, snow, ice, and ice phoenixes right at The Night King, and they exploded with incredible power as they hit him. Then, Skippy slashed at The Night King with his massive Boreas' Ice Sword of Winter's Justice, and he left nasty slashes and scars on The Night King's flesh, and it really hurt him badly. Then, Skippy grabbed The Night King by his neck, and he sucked out all of The Night King's powers and abilities, and he and the rest of us made them our own, and we also assimilated The Night King's powers and abilities.

Skippy (Loud House): (Divine Echoing Cosmic Voice of The Arctic Phoenix and Sub-Zero Hope) Now, you will never return to torment anyone ever again.

Then, Skippy drew a kanji on The Night King's forehead, and it also affected The Night King's Army of The Dead.

Skippy (Loud House): (Divine Echoing Cosmic Voice of The Arctic Phoenix and Sub-Zero Hope) This is for all those you've killed. UZUMAKI BLACK JUDGEMENT SEALING ART: BLACK GATES!

Skippy came back to us, and The Night King was confronted by all those he'd killed, and they found him guilty, and his evil soul was erased from existence forever. We cheered wildly for what Skippy did as he holstered his massive Boreas' Ice Sword of Winter's Justice on his wider and more muscular back and powered down, and the improvements to Skippy's attire, clothes, weapons, jewelry, angel wings, and eight large marine blue orbs orbiting around his legs are permanent. Then, Lana went up to Skippy, and he then wrapped his abnormally massive and powerful muscular arms around her waist, and she did the same, as she wrapped her arms around Skippy's waist.

Lana: Skippy, I'm so proud of what you did in getting rid of The Night King and his Army of The Dead for good.

Skippy (Loud House): Thanks, Lana, and there's something that I want to give you.

Lana: And what's that?

Skippy (Loud House): (Sly Grin) Oh, this.

Then, Skippy, still embracing Lana, leaned down, and they kissed passionately as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them were an owl and an ice phoenix flying around in the skies, and snow was falling on them. We cheered for them, and we had a smile on our faces and tears in our eyes.

Lincoln: That's our little grease monkey.

Lori: This is literally too amazing.

Lola: You said it, Lori. And I knew Lana had feelings for Skippy, and we already found out Skippy had feelings for Lana, and now, their relationship has truly blossomed.

Nico: Now, we have to wait for them to plan their wedding.

Skippy (Loud House): But, that won't be for a few more years, Nico.

Lana: Yeah, and when we plan our wedding, we have our own ideas for that.

Me: And we can't wait for that.

Nicole Knudson: (To the viewers) Hope you all loved this awesome treasure hunt. Amber Morning transformed and we brought another dangerous villain to justice for good.

Nico: We sure did. Great job today everyone. This was an awesome treasure hunt.

Eli: Boy it sure was.

C.C.: All this battling made me hungry.

Nico: Good idea. Lets go back home and get some pizza.

We cheered.

We went back home and went to Nergal's Pizza and had an awesome meal. Then we went back home and enjoyed the rest of the day and went to sleep.

THE END

---

Another awesome adventure done.

This was an awesome treasure hunt and also Mitch Wilkinson was from the movie National Treasure 2: The Book of Secrets and now he is gonna be the star prisoner of a much tougher prison forever. The 1st part was for the episode of the Powerpuff Girls called Girls Gone Mild and those Social Justice Warriors Stan and Sandra Practice were stupid as all get out and they deserve to be thrown in jail. That episode aired on January 16th, 2004 and it was crazy. I was too young to know what it was about. The second part was from the episode Just Desserts and that was the sequel to the episode Supper Villain. That episode aired on April 28th, 2000 and it was crazy. The nightmare scene for Ed was the one from the Ed Edd N Eddy episode Rock A Bye Ed and that was a really funny one. That episode aired on March 22nd, 2002 and it was really funny. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be in Bikini Bottom at the Krusty Krab and Nico and Luna are gonna be having lunch at the Krusty Krab when they get an unwelcoming visit by our old enemy Ms. Gristlepuss and the entirety of T.U.O.F.A.T.T.A.F.A.D. and they are gonna try to shut down the Krusty Krab. But not if Nico and Luna are gonna have anything to say about it! They are also going to meet an Orishan Gene-Slammer named Olga Astronomonov (No relation to Mandark or his little sister). Also for Lincoln's rescue it's going to take place in the video game SpongeBob Squarepants: Battle For Bikini Bottom Rehydrated and they are gonna go all over the place and destroy countless robots and make them scrap metal and send Evil Plankton to Inferno Island. Lincoln is also going to meet a Malefic Stardust Dragon Gene-Slammer named Fujisaki Sutādasuto. In Bikini Bottom, Nico and Luna were walking around the city.

Nico: Thanks for coming with me, Luna. Even though you may or may not approve of my leadership.

Luna Loud: It's no problem dude. I always love going to Bikini Bottom and to tell you the truth, I do approve of your leadership because you are a rocking bro dude.

Nico: Thanks Luna. I can't wait to see who we get to meet during our rescue. And while we're here lets go get some grub over at the Krusty Krab.

Luna Loud: Good idea.

They went to the Krusty Krab.

Nico: Luna, is it still possible for you and Sam to give birth?

Luna Loud: I don't think we work that way dude. We can adopt so that option is always open.

Nico: Yeah you're right.

They went into the Krusty Krab.

Nico: Good morning Krusty Krew!

SpongeBob: Hey Nico! Hey Luna! How have you all been?

Nico: Good SpongeBob.

Mr. Krabs: What can we get ya lads?

Nico: 2 Monster Krabby Patties please.

Lily: Coming right up guys!

They gave them money and waited.

Nico: Always good to eat during a rescue.

Luna Loud: You said it dude.

Lily later came out with their huge monster Krabby Patties and they got to eating them.

Lily: By the way guys I saw an Orishan here and I think it's one of your friends Nico.

Nico: Really?

Lily: Yep. Just want to let you know. Well back to work.

ZOOM!

She went back to the grill.

Nico: Whoever looks like Water Hazard and Bivalvan, please sit where me and Luna are! Thank you.

?: You called?

A figure came out and it was an Orishan.

Nico: Wow!

Orishan: (In a girls voice) Wait a second. Nico is that you?

Nico: That voice. Olga? Olga Astronomonov? Wow! You look awesome as a Orishan.

Orishan: I sure do and it's awesome to see you.

Luna Loud: Your last name is the same as Mandark's. And his little sister is named Olga too. Are you one of their cousins?

Orishan: (Laughs) No. We may have the same name but we are not related at all.

Nico: Wanna eat with us?

Orishan: Sure but first can I revert back?

Nico: Sure. Better make sure no one looks.

Nico put up a dome around them and he put on his blind man glasses and he snapped his fingers and Olga reverted back and she had blood red hair and aqua blue eyes and and Nico gave her an amazing red wardrobe and she looked awesome.

Olga Astronomonov: Wow this is awesome.

Nico: It looks awesome on you.

Luna: What's your favorite memory with Nico?

Olga Astronomonov: Me and Nico went to band class together and I was a master of the bagpipes.

Luna: Rocking!

Nico: We would play all kinds of great Celtic songs together.

Olga Astronomonov: Yeah. But my favorite memory was when Nico did a solo on the stage when we were playing Yach Ean by the Barleyshakes and he really knows how to play the recorder flute.

Nico: That was fun.

Luna: You and J.D.'s daughter Natilee would get along great Olga. She loves Celtic music.

Olga Astronomonov: That's cool!

Nico: If no one shows up to cause trouble in an hour, we'll leave after we eat.

Luna: You got it.

Lily came.

Lily Loud: You guys sure were hungry.

Nico: Yeah.

Lily: Oh right I forgot to tell you that old sea hag Ms. Gristlepuss and her sophisticated band of fun restaurant hating hags have escaped from prison and are on their way to finish what they started.

Nico: Oh man!

Luna Loud: Not those old crones again!

Olga Astronomonov: Who is Gristlepuss?

Nico: You would not like her at all Olga. She's the leader of an organization called T.U.O.F.A.T.T.A.F.A.D.

Olga Astronomonov: T.U.O.F.A.T.T.A.F.A.D.?

Nico: It's an acronym. It stands for **T** he **U** nited **O** rganization **O** f **F** ish **A** gainst **T** hings **T** hat **A** re **F** un **A** nd **D** elicious. Their goal is to shut down all the restaurants that are fun and full of flavor and replace them all with sophisticated, luxurious bland and flavorless food restaurants.

Lily Loud: Yeah. Years ago when Nico first joined the team we took them down and sent them all to prison and reopened all the restaurants they ruthlessly shut down.

Nico: Yep.

Olga Astronomonov: Oh man! I may not have been a big fan on Sophisticated and Posh Cuisine that's flavorless, no offense to the luxurious class of society but those fish are taking things WAY too far!

Luna Loud: No kidding!

Lily: Yeah Rarity would absolutely hate these guys.

Nico: I do too.

Olga Astronomonov: Me too.

Nico: First time I reverted someone back before the main event.

Olga Astronomonov: But it won't be the last time either.

Nico: Lets get ready for them.

Lily Loud: They are coming right now. Bikini Bottom has been put on full alert for them.

Nico: Good.

Luna Loud: I think they are here now.

They saw a bus pull up.

They finished eating and Nico, Lily, SpongeBob, Olga and Luna went outside and the ladies all came out.

---

Miss Gristlepuss is the leader of T.U.O.O.F.A.T.T.A.F.A.D. and Al Priss' wife. She appears in the episodes "Banned in Bikini Bottom," "Gramma's Secret Recipe" and "I Smell a Pat." Her husband is the chief of police and she has many identical sisters.

At some point in her life, she married Al Priss.

At another point, she founded T.U.O.O.F.A.T.T.A.F.A.D. with her sisters. She had banned Krabby Patties from being served at the Krusty Krab with T.U.O.O.F.A.T.T.A.F.A.D. However, she later lifted the ban after trying one and liking it.

She wants Krabby Patties to be banned because they are "too fun and delicious." She has her husband close the Krusty Krab, and with the help of Plankton, destroys SpongeBob's house, where they are serving Krabby Patties illegally.

She then plans to arrest SpongeBob and Mr. Krabs for circumventing a law. However, when she sees her husband eating a Krabby Patty, she runs over to stop him, but in doing so, she trips over her untied shoelace and falls in front of him. The patty drops then into her mouth; after she eats it, she realizes that Krabby Patties are not so bad after all. Thus, she decides not to ban Krabby Patties, pardon the Krusty Krew, and reopen the Krusty Krab.

She appears in a knitting circle along with SpongeBob, Sheldon J. Plankton in disguise as "SpongeBob's great grammyma," Incidental 84, Gramma and Granny.

---

Nico: Long time no see, ladies!

Ms. Gristlepuss: Well Nicolas Chan! You have a lot of nerve showing up in this wretched dump that we're going to ban and shut down forever.

Nico: I'd like to see you try you sophisticated old crone.

Olga Astronomonov: That's right! No one is closing the Krusty Krab on our watch!

Ms. Gristlepuss: I heard J.D. Knudson's no longer leader. (laughs) That's what he gets for trying to run a terrorist group like yourselves!

Nico: For your information you thousand year old prune, You're the terrorists!

Ms. Gristlepuss: HOW DARE YOU!?

Nico: I'm not finished! Second you don't have the right to talk to us like that.

Olga Astronomonov: YEAH! J.D. and all of Team Loud Phoenix Storm has done so much good for the entire universe and people like you think that they are so better than other people that it gives you the right to drag peoples names through the mud like they are worthless pieces of fucking trash! But the way I see it, the ONLY FUCKING PIECES OF TRASH AROUND HERE ARE YOU! YOU ARE NOTHING BUT A BUNCH OF SPINELESS AND

WORTHLESS SHITFILLED PIECES OF INSIGNIFICANT DIRT POOR SACKS OF GARBAGE!

The members of T.U.O.F.A.T.T.A.F.A.D. were shocked that Olga can speak like that and they fell over dead from a heart attack!

Nico and the group cheered for her.

Luna: Wow you tell them Olga!

Nico: That was AWESOME!

Squidward: Um.. Olga, can you still demonstrate your powers on the corpses?

Olga Astronomonov: Sorry Squidward. Just wanted to get my point across.

Olga then fired a powerful jet of high pressure water and it hit the corpses and smashed them into piles of mush! Then sharks appeared and ate them.

Nico: WHOA!

Lily: Take that!

Nico: Awesome!

Ms. Gristlepuss: YOU WRETCH!

Then the Police cars came and rearrested Gristlepuss. They slapped the cuffs on her and put her in the car.

Nico: And before anyone asks, no, we're not using the superlaser on her. She's not worth it.

Luna Loud: Besides we only use that on our enemies that pose a serious threat. Not anyone else.

Nico: Yeah.

Olga Astronomonov: Those old prunes are true liars.

Lily: Yeah no kidding. We're going to send Gristlepuss to Inferno Island this time. She also has a terrible curse put on her. That's the same curse that Lincoln put on Gabriel Tinsley.

Nico: Sweet.

Lily: Yep. I put it on her. Eternal Life Without Eternal Youth and being forever plagued by the very demons she has.

Nico: Nice.

Olga Astronomonov: Good riddance to bad rubbish.

Nico: It really is good to see you again, Olga.

Olga and Nico then hugged.

Olga Astronomonov: I missed you band partner.

Nico: Me too. Band partner.

They later went home and they told us all about what happened and we were amazed.

---

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, The Neptune Crusaders, and Luke Loud were heading to the Simulator, and for this one, we're heading to Bikini Bottom, and not only is Lincoln going to rescue the nine girls there, but we're also going to destroy countless robots and make them scrap metal and send Evil Plankton to Inferno Island, and we got word that the Gene Slammer for The Malefic Stardust Dragon is also there, and who's another of Lincoln's Guardian Angels. The Simulator activated, and we were in Bikini Bottom.

Lincoln: Wow, we're here in Bikini Bottom, and I know what we're going to do here, not only am I going to rescue the nine girls there, but we're also going to destroy countless robots and make them scrap metal and send Evil Plankton to Inferno Island.

Nico: That's right, big guy, and we got word that the Gene Slammer for The Malefic Stardust Dragon is also there, and who's another of your Guardian Angels. This is going to be good.

Lily Loud: You said it.

Plankton: And once we send my evil self to Inferno Island, we should also destroy the Chum Bucket, to make sure the last bit of Evil Plankton stays gone for good.

Squidward: That's exactly what's going to be done, and if I see my Simulator counterpart, remind me to punch him in his big nose.

Lincoln: We'll make sure you do just that, Squidward. And thanks for coming with us on this rescue, Luke and The Neptune Crusaders.

Luke Loud: You're welcome, Lincoln.

Luna Loud: And I can also tell you also have another elemental hero form you're going to show us, right, bro?

Lincoln: (Smirks) You know me all too well, Luna.

Lincoln was surrounded by water, sea creatures, and aqua blue energy, and when he emerged, the 16-year-old 7'0" tall, white-haired, handsome, and extremely muscular teen's orange version of He-Man 2002's loincloth, large orange bands on his massive biceps and thighs, long orange trenchcoat flaps, and eight large orange orbs orbiting around his legs turned aqua blue, his long white hair reaching the bottom of his neck turned aqua blue, his large blue pants turned aqua blue except for the rainbow lightning bolts and his massive and indestructible deep sapphire blue angel wings turned aqua blue, his large ankle-length white combat boots turned aqua blue, and his deep sapphire blue eyes turned aqua blue. Lincoln has transformed into MAELSTROM LINCOLN, The Elemental Hero of Water and another elemental hero form Lincoln's unlocked. We were really amazed, including Luna and Luke and when Lincoln's harem saw it, their faces had an atomic red blush and hearts in their

eyes.

Luna Loud: (Laughs) I knew it, and this is also perfect since we're underwater.

Luke Loud: That's right, and in that form, Lincoln could also join The Neptune Crusaders.

Lily Loud: It would be awesome for Lincoln to also join in, and since Girl Jordan, Lily the Mermaid, Ariel's sisters, Shizuura the Mermaid, Fukami the Mermaid, Eri the Mermaid, Miura the Mermaid, and Arte the Mermaid are part of his harem, I think they'll like it even more if their man's a part of it.

Nico: Not a bad idea, Lily.

Lincoln: Now, then, let's trash those dirt bag robots.

TLPS Mr. Wolf: And save Bikini Bottom!

We then got to work by trashing the countless robots all over Jellyfish Fields, Goo Lagoon, Downtown Bikini Bottom, The Mermalair, Rock Bottom, Industrial Park, Flying Dutchman's Graveyard, The Kelp Forest, and Spongebob's Dream, and we also took care of the giant robot versions of Sandy, Patrick, and Squidward. Then, we saw that the robots were coming from the Chum Bucket, and that's where the source of the trouble was coming from.

Maelstrom Lincoln: So, the robots were coming from The Chum Bucket, and that means Evil Plankton was the one responsible for this one.

TLPS Mr. Wolf: That little monster! Well, like Plankton said, we're sending Evil Plankton to Inferno Island, at least, it's better than killing him again.

?: HELP!

Suddenly, Lincoln heard the sound of nine girls calling for help. With his deep aqua blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the nine girls, but they've been cornered by a giant robot version of Plankton and Spongebob, and they're going to kill them, and he also saw Evil Plankton there as well, and he was laughing malevolently at the girls' impending demise.

Lincoln: Guys, I found the nine girls, but they've been cornered by a giant robot version of Plankton and Spongebob, and they're going to kill them, and I also saw Evil Plankton there as well, and he's laughing malevolently at the girls' impending demise.

Squidward: Let's tear that little monster to shreds!

Plankton: And trash those overgrown buckets of bolts for good. I don't care if Evil Plankton sees me here, I'm going to brutally pummel him into the dirt for this!

We rushed on over, and we broke into the Chum Bucket, and Maelstrom Lincoln fired two powerful blasts of water at Robo-Plankton and Robo-Spongebob, which short-circuited them, and they explode in a powerful explosion. The nine girls got to safety, and when Evil Plankton saw us here, he was really mad.

Evil Plankton: How dare you fools get in my way of taking over the world? I WILL DESTROY YOU ALL!

Maelstrom Lincoln: Don't even try it, you little pipsqueak, we've had it with you causing so much trouble in Bikini Bottom for the last time.

Maelstrom Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, and Sun Quan got out their weapons, Lincoln's sisters also transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs, Luke Loud transformed into his Super Angel 750,000,000,000 form, The Neptune Crusaders got out their weapons, and Me, Eli, Nicole, and Nico also transform and unholstered our massive swords from our backs, and we went at Evil Plankton, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, ice, lava, steel orbs, stars, rainbow flames, orange flames, blue flames, and green flames at Evil Plankton, and they exploded with incredible power as they hit him.

Then, we saw a Malefic Stardust Dragon appear, and fired a powerful blast of stars, which hits the The Duplicatotron 3000, and it sent Evil Plankton into a demonic rage, but Lincoln tied him up with a small but still powerful rainbow energy straitjacket and rainbow energy chains. Lincoln sprouted out one of his powerful massive and long eleven deep sapphire blue werewolf tails, which turns aqua blue when he transformed into Maelstrom Lincoln, and it had a suction cup proboscis in the perfect size for Evil Plankton's head, and as he plunged it onto the head of Evil Plankton, Lincoln began sucking out and draining his brain, and he gained a massive intelligence boost. When Lincoln was done, Evil Plankton was now a brainless monkey. Lincoln then beamed the now brainless Evil Plankton into a very special doorless and windowless cell on Inferno Island, where he'll never be free again.

We got out and Lincoln fired a powerful energy blast, which destroyed The Chum Bucket, and we cheered as we holstered our massive swords on our backs and power down and Lincoln changed back to normal.

Malefic Stardust Dragon: (In a girl's voice) (Japanese Accent) That'll teach that evil little monster.

Lincoln: Wait, that voice. Fujisaki Sutādasuto, is that you?

Riley Kurayami: (Japanese Accent) Wait, Fujisaki's here, and she's been turned into the Malefic Stardust Dragon?! Awesome!

Fujisaki Sutādasuto: That's right, Lincoln and Riley, and it's been a long time.

They went up to each other, and they hugged, and Fujisaki was surprised at how much stronger and at how much taller and much more muscular Lincoln's gotten since she last saw him.

Lincoln: It sure has been a long time, I haven't seen you when you were eleven, and I've grown a lot since then.

Fujisaki Sutādasuto: Yeah, I can see, you've really grown a lot from the eleven-year-old cute little boy into a 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Wow, Lincoln, you know her.

Lincoln: Yeah, I do, Nico. This is Fujisaki Sutādasuto, she, like Riley Kurayami, came to Royal Woods from Japan, and she, like the other Guardian Angels, have defended me from bullies, and from Lori.

Nico: Awesome. But, I can sense there's a reason why it's only Lori, and not Lynn, Lola, and Luan.

We saw that Lori did go pale when she saw Fujisaki Sutādasuto here, and it brought something back.

Lincoln: We'll talk about that later. Boys, cover your eyes, hold still, Fujisaki, this is going to hurt.

Me, Nico, Eli, and the rest of the boys covered our eyes as Lincoln snapped his fingers, and Fujisaki was reverting back to normal. Fujisaki Sutādasuto is a beautiful 17-year-old with long light green hair going down to the bottom of her neck, jade green eyes, fair skin, she is 6'0" in height, and she had the body of a goddess. She also now has massive white angel wings with stars on her back, as she reigns in the power of the Malefic Stardust Dragon, and she was in her birthday suit.

Lincoln: How do you feel, Fujisaki?

Fujisaki Sutādasuto: (Japanese Accent) Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Fujisaki Sutādasuto a new wardrobe, a sleeveless jade green shirt with a purple phoenix and a jade green skirt with the Malefic Stardust Dragon with stars on it, jade green pants, jade green leather ankle-high combat boots, and a long black sleeveless trenchcoat with the Malefic Stardust Dragon on the back, and on her back is a large Malefic Stardust Dragon-themed sword with a 6'5" massive, wide, double-edged, man-sized black blade with the Malefic Stardust Dragon etched on it with stars on it, large Malefic Stardust Dragon wings for the crossguard, large purple gem for the hilt, longer black handle, and large black faceted sphere pommel with surrounding purple gems.

Fujisaki Sutādasuto: (Japanese Accent) Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Fujisaki Sutādasuto's neck with purple gems and crystals from her new Crystal Necklace of the Buddha on the gold lightning bolts.

Fujisaki Sutādasuto: (Japanese Accent) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Fujisaki.

Fujisaki Sutādasuto had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the nine girls, and when Lincoln saw them, he immediately recognized them. The nine girls are Mizusawa Mao, Aihara Nana Futami Eriko, Hoshino Yuumi, Kawada Tomoko, Kuryuu Megumi, Sakino Asuka, Satonaka Narumi, and Shijou Mitsuki from KimiKiss Pure Rouge.

Lincoln: Oh wow, it's Mizusawa Mao, Aihara Nana Futami Eriko, Hoshino Yuumi, Kawada Tomoko, Kuryuu Megumi, Sakino Asuka, Satonaka Narumi, and Shijou Mitsuki.

Helena McTroy: From KimiKiss Pure Rouge, awesome.

Lincoln: Are you girls okay?

Mizusawa Mao: Yes, we're okay, thanks to you.

Then, when Mizusawa Mao and the other eight girls saw who it was that saved them from Evil Plankton, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Mizusawa Mao: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eight clones of himself, and he and the eight clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Mizusawa Mao: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, nine Thunderbird Necklaces of Eternal Love appeared right around the necks of Mizusawa Mao, Aihara Nana Futami Eriko, Hoshino Yuumi, Kawada Tomoko, Kuryuu Megumi, Sakino Asuka, Satonaka Narumi, and Shijou Mitsuki with colored gems and crystals on the gold lightning bolts. We exit the Simulator, and we told everyone what happened there, and they were shocked when they found out the villain we'd went after was Evil Plankton.

But, when Lincoln shows and told everyone what he did to Evil Plankton, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Fujisaki Sutādasuto now have a lot of catching up to do, now that she's back, and now, we're rid of Evil Plankton for good, and he's never getting out ever again.

* * *

After dealing with Evil Plankton this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Fujisaki Sutādasuto saw Lincoln working out like crazy, she had an atomic red blush on her face.

Fujisaki Sutādasuto: (Japanese Accent) Whoa, Lincoln has really grown to be a 16-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Fujisaki, and now, I can also fight and defend myself.

Fujisaki Sutādasuto: (Japanese Accent) That's awesome.

Nico: It sure is, Fujisaki. So, what memories did you have with Lincoln?

Fujisaki Sutādasuto: (Japanese Accent) I actually have two memories with Lincoln, and one of them will explain why Lori turned pale when she heard my name earlier. One day, I saw that Lincoln and his siblings were really frightened, and Lincoln told me that Lori was in a REALLY ROTTEN AND HORRIBLY BAD MOOD because she saw that her phone had a crack on the screen, and she immediately blamed all of her siblings, and she was really angry at all of them, including Lily, and she was a baby. When I saw Lori, she was growling like a wild animal and her eyes were red and burning with intense hatred and rage, and when she found out that Lincoln and the rest of the siblings told me about the situation, she full-blown lost it and went completely ballistic, and she was going to kill them all in a nasty fit of rage, that basically crossed the line, and I got into a nasty fight with Lori. Then, Lana tied Lori up with powerful nylon rope, it was so strong that not even Lori could chew out of them. Then, we went up to Lisa's room, and her camera recorded everything. We saw that Lori's phone fell out of her pocket, and she wasn't even looking, it fell out of her pocket, and the screen had cracked. This brought Lori out of her really rotten and horribly bad mood, and her red eyes changed back to normal, and she had tears in her eyes, and we saw regret in her eyes. She then apologized to Lincoln and his siblings, but she didn't get off easy: Lori was grounded for five months, her driving privileges were restricted heavily only for work or school, and she was forbidden from seeing Bobby, and he had to take a break from her, after hearing the news from Lincoln.

We gasped at what Fujisaki Sutādasuto told us everything, including Loki.

Nico: Holy crap!

Loki Loud: This is just like what happened to me, and I falsely blamed Loni for that one, and I had a lot of regret for that one. But, thanks to the team, I was brought out of that for good.

Me: That's right, Loki.

Lori: And I literally still had nightmares because of that day, and Dark Lori took control of me, and she forced me to try and kill all of my siblings.

Lincoln: She's nothing but a bloodthirsty animal, but it's a good thing that after we defeated her in Chen Cang, we imprisoned her in an indestructible diamond prison, and she's never getting out.

Me: That's right, Lincoln.

TLPS Mr. Wolf: Yeah, you made the right call on that one to imprison Dark Lori again after you, Lori, and TLPS Mr. Snake put a stop to her for good, Lincoln.

Luna Loud: And it's a good thing Fujisaki came to the rescue, and really restrain Lori, otherwise, she would've killed us all in a fit of rage, and that would've ended her dreams forever, and she would be remembered forever as a murderer and be imprisoned for the rest of her life.

Fujisaki then went up to Lori, and they hugged, and Lori broke down in tears. Then, Lincoln and the rest of us went up to Lori, and we also hugged her, and she was comforted.

TLPS Mr. Wolf: So, what else can you tell us about Fujisaki Sutādasuto?

Lincoln: Fujisaki was my partner in marine biology, and we did a very awesome project in making a diorama of sea life, and we got an A on that one, and she's also an astronomy wiz. In fact, we got our first taste in astronomy when we were six years old, and we saw a shooting star.

Me: Wow.

Nico: You said it, J.D. That's so awesome, and you also saw that Lincoln has a birthmark in the shape of the Pisces the Fish constellation with Aquarius Zodiac sign in it, along with the constellation of Cygnus the Swan on his massive right hand.

Fujisaki Sutādasuto: Yeah, I remembered seeing it long ago. And I also saw the other constellations that you all have on the backs of your necks, that's awesome.

Suddenly, a bright light had descended onto the Estate, and we covered our eyes. Then, as the bright lights faded, we uncovered our eyes, and to our surprise, we saw that the world of Killer Instinct, the world where Black Orchid and Kim Wu, two of Lincoln's future wives, came from has merged with our world.

Lincoln: Whoa.

Black Orchid: Our world has now merged with your world, Lincoln. But, this also means we're going to get into fights with Ultratech.

Lincoln: I was about to say, Orchid.

Suddenly, the alarm went off, and we saw that one of Ultratech's monstrosities, Fulgore, is going on a rampage in the city.

Lincoln: Fulgore, I should've known that Ultratech would send that cyborg out to cause havoc.

Black Orchid: But, this will be the last time I ever deal with him.

We then head out, and we saw Fulgore blasting at everything in his sights. Then, Lincoln fired a blast of water, which hits him in the back. When he saw us, he was about to fire a plasma blast at us, but Lincoln fired a powerful rainbow energy blast at Fulgore, and it hits and disorients the cyborg.

Black Orchid: I've had it with you Ultratech bastards to last an eternity.

Suddenly, Black Orchid's green eyes turned neon green, and she was surrounded by a green energy aura with lightning and wildcats, and as she approached Fulgore, she left green energy, lightning, and wildcats with every step. Suddenly, Black Orchid was surrounded by a massive vortex of green energy with lightning and wildcats surrounding the vortex, there's a wildcat running around the vortex, and in the vortex is a green phoenix. Then, as the vortex faded, Black Orchid emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Black Orchid grew to 6'5" in height, she had the body of a goddess and her long raven black hair has green highlights in the bangs, she has neon green eyes and a green energy aura with lightning bolts and wildcats surrounding her. She has a wildcat with the Thunder Kanji in its paws emblazoned on her forehead, she has on wildcat earrings with green crystals for the eyes and the Thunder Kanji in its paws, and she also has a wildcat with green crystals for the eyes and the Thunder Kanji in its paws for the second pendant of her

Thunderbird Necklace of Eternal Love with green gems on the gold lightning bolts and green crystals from her Crystal Necklace of The Buddha which merged with her Thunderbird Necklace of Eternal Love. Black Orchid has on a sleeveless green shirt with a jade green phoenix on it, green pants with lightning bolts on them, and black ankle-length combat boots with silver wildcats for the buckles, and she has on green weighted bands with silver phoenixes on her biceps and thighs, and she has on a long green sleeveless trenchcoat with wildcats and lightning bolts on the coattails, and on the back is a wildcat and a phoenix, and surrounding them are lightning bolts.

Black Orchid has a new large sword in her hand called Bastet's Lightning Sword of Justice, it's a large sword with the Egyptian deity Bastet etched onto the 6'5" massive, wide, double-edged, man-sized raven black blade, large wildcat heads with jade green eyes for the crossguard, large green gem for the hilt, longer black handle, and large wildcat heads with green gems for the eyes for the pommel. Black Orchid has on her new large cuff Bracelets of the Champions of The Universe with green gems on her wrists, Belt of Elemental Bravery with a wildcat with a green gem inside its mouth for the belt buckle, large green Spellbook of The Gods and The Universe on her left hip and Eater of Sins revolver holstered on her right hip. There's a black kanji right below the wildcat on the back that said, "Black Orchid, US Military Agent, Leader of the Disavowed, Half-Sister of Jago, Loving Future Wife of Lincoln Loud, Destroyer of Ultratech, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Emissary of Bastet, and Master of Wildcats and Lightning."

ブラックオーキッド、米軍エージェント、否認されたリーダー、ジャゴの異母姉妹、リンカーンラウドの愛する未来の妻、ウルトラテックの駆逐艦、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、バステトの使者、そしてマスターワイルドキャッツとライトニング

Black Orchid has transformed into SUPER ANGEL INFINITY SUPERCELL LIGHTNINGSTORM WILDCAT ANGEL OF ELECTRIC JUSTICE AND ELECTRIC HOPE!

We were amazed by Black Orchid's Super Angel Infinity transformation, and when Lincoln saw it, he had an atomic red blush on his face and hearts in his eyes. But, when Fulgore saw it, he fired a plasma blast at Black Orchid, but she fired a powerful blast of green energy, lightning, and wildcats at him, and it exploded with incredible power, as it overwhelmed his blast, and hits him.

Nico: Whoa, Black Orchid's transformed, and this means, Fulgore's now in big trouble.

Lincoln: Wow, Black Orchid, you look beautiful. How do you feel?

Black Orchid: (Divine Echoing Cosmic Voice of the Thunderstorm and Wildcat Justice) **I feel incredible, Lincoln, and I'm going to make that overgrown cyborg pay for what he's done. And I already know you're also going to join in.**

Lincoln: (Smiles) That's right.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Black Orchid.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's turn that overgrown cyborg into scrap metal.**

Black Orchid and Lincoln went at Fulgore, and they fired powerful blasts of rainbow energy, elemental forces, lightning, Thunderbirds, Phoenixes, Buffalo, and wildcats at Fulgore, which exploded with incredible power, as they hit him. Then, Lincoln and Black Orchid decapitated Fulgore, and they fired powerful blasts of energy at his decapitated body, and it exploded in purple flame, and his spirit was Super Hakaied for good. We cheered wildly for what Lincoln and Black Orchid did, as they holster their massive swords on their backs and power down, and Black Orchid's new body, clothes, weapons, angel wings, and jewelry are permanent.

Black Orchid: That's one step closer to destroying Ultratech for good. (To Lincoln) Lincoln, thank you for helping me.

Lincoln: (Smiles Warmly) You're welcome, Orchid, and there's also something I want to give you.

Black Orchid: Oh, and what's that?

Lincoln: (Sly Grin) Oh, this.

Lincoln wrapped his abnormally massive and powerful muscular arms around Black Orchid's waist, and he brought her into an embrace, which took her by surprise and that brought an atomic red blush to her face. Then, as Lincoln leaned down to her face, they kissed passionately as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird and Phoenix flying in the air, and we also saw a herd of Buffalo and a pack of wildcats running across the field, and the display of the elemental forces and lightning crashing down behind them. We had tears in our eyes and a smile on our faces. Then, Lincoln and Black Orchid came up to us.

Nico: (Smiles) Impressive work in leading the team today, big guy.

Lincoln: Thanks, Nico. But, this means one thing: we're now at war with Ultratech and its associates.

Me: But, we'll make sure they will all pay the price for their wrongdoings.

Suddenly, Black Orchid felt a sharp pain on her back, and then, we saw a pair of massive raven black angel wings with green tips on the large raven black feathers sprout out from her back.

Lincoln: Whoa, Orchid, you now have angel wings.

Black Orchid saw the massive angel wings, thanks to a mirror of water that Lincoln made, and she was amazed by them.

Black Orchid: Wow, that's amazing, and I always wanted to see what I look like with angel wings.

Lincoln: And now, you've got your wish, Orchid. Alright, everyone, let's head back, the day's not over yet.

We return home to the Estate, and we've gotten rid of Fulgore for good, and we'd made our message clear: Ultratech will pay for every last one of their crimes, and they and their associates will pay for their crimes with blood.

---

Later we were taking Sydney and Akira somewhere. Nico had Sydney blindfolded.

Sydney: Where are you guys taking me?

Fuse Man: If we told you know, it wouldn't be a surprise.

Nico: Yeah you'll love it.

I was doing the same to Akira.

Akira: I have a feeling this is gonna be fun.

Me: Yep it sure will.

Tarzan: Here we are!

We took their blindfolds off and they saw that we were at the park.

Nico: It's a picnic at the park for you.

Sydney: Awesome!

They saw each other.

Sydney: Akira!? You're my blind date!?

Akira: Sydney? Wow!

Me: (Whispers to Nico) Sydney is totally gonna go apeshit on you for this.

Runamuck: Enjoy your date!

Akira: Where are you going?

Nico: We're just going to watch and make sure your date doesn't go wrong. It's a beautiful day outside. Enjoy it.

Akira: Okay.

We went to a picnic table by the playground and watched them.

Lana: Hey Olga that was awesome laying the smackdown on those old dirtbags.

Varie: Yeah you would make an awesome and fine member of the Neptune Crusaders.

Olga Astronomonov: Thanks Varie. And I'm glad you think so.

Lola: Yeah and it's awesome that you share the same name as Mandark's sister.

Olga Astronomonov: That is amazing huh?

Noriko Kaiba: It sure is awesome.

Natilee: And I'm so glad that you like Celtic music like I do.

Olga Astronomonov: Thanks Natilee.

Natilee: (Irish Accent) You'll make an amazing Celtic Festival Music star lass.

We laughed.

Nico: That is true and Saint Patrick's Day is next month.

Me: It sure is.

We had a nice talk and then Akira and Sydney came back.

Cybertron Red Alert: How was your date?

Akira: It was so fun!

Sydney: That soup we had was delicious.

Me: It was Rosa Casagrande's Calde de Siete Mares or Soup of The Seven Seas. She also puts crab in it to make it awesome. Rosa makes awesome soup.

Rosa Casagrande: (Spanish Accent) Oh thank you J.D. I do my best.

Me: You sure do Ms. Rosa.

Akira: And thanks for setting all this up Nico. But… (Cracks Knuckles) You need to start running now.

Nico: YOU'LL NEVER TAKE ME ALIVE!

ZOOM!

Nico ran fast!

Gravity Man: Nico really is dead if Akira D Smashes his world's Iron Man.

Me: Yep.

Akira and Sydney then jumped onto Nico and then they tickled him.

Akira: Coochie coochie coo!

Sydney: Tickle tickle tickle!

Nico: (LAUGHING HYSTERICALLY) HAHAHAHAHAHAHAHAHAHAHAHAHAHAHAHAHAHA! OKAY OKAY OKAY OKAY!

They stopped.

Nico: WHEW! Okay now that the date and my tickle punishment is done, it's time for our next mission and I got a treat for you all. We're going to head to Moose Jaw Heights in Saskatchewan, Canada to meet Betty Barrett. You guys will love her. She is also an interstellar member of the Galactic Guardians.

We were in awe.

Ben: WHOA! The Galactic Guardians are in every way like the Plumbers.

Gwen T.: That is so cool that we're going to meet her.

Tara: It sure is gonna be awesome.

Laney: That is amazing.

Nico: Yep.

Swordsman, Duff Killigan, Kaos, Dr. Viktor, Top, Gearhead, Ragdoll, Batroc, Tri Klops, and Trap Jaw then appeared.

Swordsman: Can me, Duff Killigan, Kaos, Dr. Viktor, Top, Gearhead, Ragdoll, Batroc, Tri Klops, and Trap Jaw go with you guys?

Nico: You all sure can. We're going to meet Betty Barrett who is also a member of the Galactic Guardians. She goes all over the universe and stops all kinds of interstellar threats.

Eli: This is gonna be so awesome to meet her.

Nico: Alright, everyone, shall we get going?

Lincoln: You got it.

Dudley Puppy: Yeah!

Suddenly, Dudley Puppy's massive Defender of T.U.F.F. and Petropolis sword and massive Sword of International Spy Organizations sword had unholstered from his back, and it was surrounded by a kaleidoscope of dark fire and dark energy, and when it emerged, it's transformed forever. Dudley Puppy's new large sword is known as Cerberus' Hellhound Sword of Dark Justice, it's a new large sword with a 6'9" massive, wide, double-edged man-sized black blade with blood red Greek Runes etched in a circle right around Cerberus and right on top of the blood red Green Runes are the symbols of Petropolis and T.U.F.F, large black hellhound heads with blood red eyes for the crossguard, large blood red gem for the hilt, longer raven black handle, and four large raven black hellhound heads for the pommel with blood red gems for the eyes and large blood red gems in their open mouths.

Nico: Whoa, that sword looks pretty scary and dark.

The large book of legends manifested from rainbow light shined from the Thunderbird emblazoned on Lincoln's forehead, and it turned to the page with the image of the sword on it, along with the info on it.

Lincoln 2: I thought that sword looked familiar, that's Cerberus' Hellhound Sword of Dark Justice, this large sword is said to have been imbued with the powers of the hellhound, Cerberus, and it also has the symbols of Dudley's two other large swords on top of the blood red Green Runes surrounding Cerberus.

Me: Whoa, now that's incredible, and from what we've seen, our swords that we'd gotten from those treasure battles have merged together, and they turn into even more powerful swords.

Dudley Puppy: Wow, that's so awesome!

Suddenly, the sword called out to Dudley Puppy, and he grabbed the large blade's longer raven black handle. Then, we saw something happen: Dudley Puppy's eyes turned from blue to blood red, and he now had a full head of black hair which reached the bottom of his neck, and he had on a pair of long black pants. Then, we saw Dudley Puppy grow to 7'0" in height, and then, we saw all of his upper and lower body muscles growing abnormally massive and powerful at a very incredible rate, and it caused his black short-sleeved shirt to rip, and his long black pants grew longer and stretched, and we saw Dudley Puppy now has abnormally massive and powerful upper and lower body muscles and eight-pack abs. When we saw what happened to Dudley Puppy, we were stunned, Dudley Puppy has turned into a very muscular hunk.

Nico: Whoa, now that's awesome!

Dudley Puppy: Whoa, what on Earth happened?

We also heard Dudley Puppy's voice become deeper after his transformation, and Lincoln made a mirror out of water, and when

Dudley Puppy saw what happened to him when he grabbed his brand-new sword, he was amazed.

Dudley Puppy: (Stunned) Whoa, now I look really awesome. But, I can't help but get the feeling that the person I'm going to face is another of Ultratech's goons.

Lincoln: I was about to say, Dudley. But, whoever it is, you're ready for any of Ultratech's goons.

Dudley Puppy snapped his fingers, and he was now dressed in a black version of He-Man 2002's loincloth, his new large long black pants now have dark flames on them, and large black leather ankle-length combat boots, large black weighted bands with silver phoenixes on his massive biceps and thighs, and eight large black orbs orbiting around his legs, and he had his massive Cerberus' Hellhound Sword of Dark Justice holstered on his now wider and more muscular back.

Dudley Puppy: Alright, now I'm ready.

Nico: Alright, everyone, let's go.

We were off to Moose Jaw Heights.

---

## MOOSE JAW HEIGHTS, SASKATCHEWAN, CANADA

---

We arrived and we were at the school.

Me: Wow Betty's school is nice.

I then saw a bully hurting a kid and then I went over mad. It was DUNCAN PAINE and he's one of Nicole's hits. I just pinned Duncan Paine against a locker and pointed a knife at him.

Me: (laughs insanely) Let's put a smile on that face!

Elec Man: (sarcastically) Well, this is off to a good start.

Nico: (pushes me back) J.D., stop! He's not worth it!

Jack Darby: Yeah, dude! What's wrong with you?!

Me: (angrily) Well, if people are gonna accuse me of being like the Joker, I might as well act like him. Right? RIGHT?!

William: (to Duncan Paine) Get out of here, Paine! And you better pray we don't catch you bullying anyone else again!

Duncan Paine: (laughs) Whatever! Later, losers! (walks off)

Me: What a monster. Pretty good acting there.

Laney: That was all an act? Good job.

Me: No I would never act like that fucked up monster.

Nico: Very clever.

We then saw a red hair girl.

Top: Finally, a friendly face.

Betty: Wow Team Loud Phoenix Storm! It's an honor to meet you.

Nico: You must be Betty Barrett. It's an honor to meet you too.

Me: We heard so much about you.

Ben: Yeah and it's awesome how you go all over the universe and fight bad guys.

Betty: How did you know that?

Nico: You would be amazed at what we know.

Ben: Yeah.

Nico: I have to say, Betty. I've seen pictures of your mom and she's pretty hot.

Maria: You know she's older then you, right?

Nico: (blushes) I know that. I meant… what I was try to say was…

Betty Barrett: (laughs) You're the most awkward leader ever!

We laughed.

Nico: Yeah that is awkward. But I'm now in a harem like J.D., Lincoln, and Clyde.

Me: It's true.

Laney: Yep.

Betty Barrett: That's cool.

Laney: Oh boy.

We saw another girl come and it was PENELOPE LANG, the rich girl and the most popular girl in the school.

Penelope Lang: Well, if it isn't the so called heroes.

Spark Man: Hey, I'll have you know that we ARE heroes!

Penelope Lang: Real heroes wouldn't hang out with villains like your 10 buddies.

May: I'd really like to teach you a lesson. But right now, we'd like to eat in the cafeteria in peace.

Poromon: I call dibs on the pizza!

Lynn: Didn't we have some yesterday?

Nico: Yeah we did. So Penelope how about you do us a favor and buzz off like the worthless insignificant runt you are. You aren't even worth the hair on a poor old man's back.

Penelope Lang: WHY YOU LITTLE!? (GROWLS)

She walked away.

Diamond Tiara: I hate that girl.

Chloe Bourgeois: Me too! She is one depraved human being!

Me: She thinks she's so much better than everyone else because she has more money than anyone. But we have more money than a million of her put together.

Betty Barrett: That's what I heard. Wow.

We then saw a boy named Noah.

William: That's your crush, right?

Betty Barrett: Yep. His name is Noah Parker and he is one of my childhood best friends and my crush.

Nico: Wow. Well you should tell him how you feel.

Betty Barrett: I'm too nervous.

Nico: You'll tell him when the time comes.

We were then having lunch in the cafeteria.

Then Penelope came.

Tri Klops: Seriously, you're still here?

Penelope Lang: Batman has a coterie of supervillains. Joker, Riddler, Mad Hatter…

William: Your point?

Penelope Lang: You guys always say you're superheroes, like Batman. Don't you guys have a coterie of supervillains?

May: Said coterie of supervillains varies depending on any upcoming war. But they never seem to stick.

Penelope Lang: So, that's a no?

Maria: Pretty much.

Penelope Lang: Then I guess you guys aren't superheroes after all.

Having enough of the conversation, Nico walk up to Penelope Lang.

Nico: You wanna know why we don't have a coterie of supervillains?

Penelope Lang: Why?

Nico: Our coterie of supervillains is six-feet-fucking-under!

Penelope Lang: There, you see? Batman doesn't kill people!

Batman: Actually, I have!

Penelope Lang: Say what?

Batman: Last year, the rogue Amazon Aresia tried get rid of all the men in the world which would have resulted in the extinction of the entire human race. And she tried to attack Wonder Woman from behind. Killing her was the only way to save Diana's life. Besides, how many people do you think I inderectly murdered because I kept sending monsters like the Joker and Scarecrow back to prison only for them to break out all over again?!

Flash: And FYI, out of the 3 Gotham villains you just mentioned, Riddler's the only one of them who's part of the Masters of Evil! What do you have to say to that, Morbucks 2.0!

Sarah Tinsley: Easy, Barry. She's not worth it.

Penelope Lang: Figures you'd defend them, Tinsley. With attitudes like that, you and your friends definitely supervillains. You're gonna end up in jail with your father soon enough!

OH SHE DID NOT JUST GO THERE!

Nico widened his eyes. But just as he turned to Sarah Tinsley and Lincoln to knock them out, Lori already beat him to it with his club.

WHACK WHACK!

Nico: Is that my club?!

Lori: You literally should start using this again more often.

Nico: (sighs) Point taken. Only if you ask my permission next time before using it.

Lori: Okay.

I went over and grabbed Penelope.

Me: Listen here you little parasite! Sarah Tinsley had been through hell because of her so-called father and he killed a lot of people and she was in fear for her life because of him! The blood of those people is on his hands alone and not hers! If you ever say anything like that again to her, I will make sure that you suffer the most horrifying nightmare I can muster for you in the Malevolent Insanity realm! But on a better note I can always have Venom eat you for dinner.

Penelope then fainted.

I put her down.

Betty then got a call on her watch.

Nico: Uh oh.

Betty Barrett: Duty calls.

Noah: Betty, where are you going?

Betty Barrett: I'm gonna show my new friends around town.

Elena Validus: Just so we know the area more.

Noah: Cut the bullshit, Betty. I know you sneak out during class. I know you sneak out of your house at night. I know you sneak around after school during the day. That's not fine. Betty, you have to tell me what's going on. Don't you trust me?!

Nico: Betty I think it's time for you to tell him the truth.

Betty Barrett: Oh you're right.

Betty revealed everything about her job that she was doing and

everything.

Noah: My word. I didn't know you had such a massive responsibility.

Nico: She has a tremendous responsibility. Lets get the ship ready and head out.

Duff Killigan: (Scottish Accent) Lass, do you have any friends in your… space job?

Betty Barrett: I sure do. Sparky and X-5 and my superior officer Admiral DeGill.

Nico: Cool. And who is your number one enemy?

Betty Barrett: His name is Maximus. Maximus I.Q.

Shanan gasped!

Shanan: Oh man! I've heard of Maximum I.Q. He is a monster that wants total Galactic Domination.

Nico: I've heard of him too and he was on the Saiyans hit list for a long time.

Eli: What c09an you tell us about him?

She told us about Maximus.

---

The third in a legacy of evildoers, Maximus I.Q. is one of the most sinister beings in the galaxy. A megalomaniac with an ego the size of Galactus, Maximus's main goal is the conquest of the universe, as well as complete his collection of duck-themed objects. But like luckily for us, Atomic Betty is the only thing standing in his way. No matter what evil scheme Maximus comes up with, you can always bet Betty'll be the one who crushes it. He gets very mad if someone else defeats Betty, not him.

His downfall is always his ego and his own incompetence that gets the best of him.

Nico: Whoa!

Laney: Looks like his own Ego will be used to our advantage as we take him down.

We then got on board the U.S.S. Valorous Phoenix and brought Betty's ship on board.

X-5: Greetings, Betty. I hope you had a nice day at school.

Sparky: Wait. Why's Noah here?!

Batch: He caught us sneaking out, asked to know the truth, and we explained it all to him.

Sparky: WOW! Team Loud Phoenix Storm! It's an honor to meet you all!

X-5: Same here it's an honor.

Nico: Pleasure is ours. Sorry Noah has been brought with Betty but he was catching on to her.

Sparky: Oh.

Admiral DeGill appeared.

Batroc: (salutes) Hey there, Admiral DeGill!

Mevya: (hops over to DeGill) Hi, fellow fish!

Admiral DeGill: What the!?

Nico: Admiral DeGill we should explain why we're with Betty and her team.

Admiral DeGill: Nico Chan and all of Team Loud Phoenix Storm!

Nico: That's right.

Admiral DeGill: It's an honor to meet you all.

Nico: Pleasure is ours.

Tengu Man: Also, don't mind Mevya. He's a fish alien just like you.

Admiral DeGill: I see.

Nico: Yep.

Trap Jaw: Long story short, we're here to help take Maximus out.

Admiral DeGill: Really?

Nico: Yep. We're going to make that monster pay for his crimes.

Admiral DeGill: Thank you very much. Scans show that he's on the forest moon of Endor.

Nico: All the way over there where the battle of the 2nd Death Star took place.

Eli: This is gonna be awesome!

Me: Which means his hideout is vulnerable.

Ratbat: Since his hideout is empty at the moment, let's invade it and steal his duck collection.

William: Why?

Poliwag: I want to keep the ducks for myself!

Nico: (Laughs) That's a funny but good idea.

Eli: Yep. We better be ready though.

Betty Barrett: Yeah he is a smart guy but his ego goes to his head.

Me: We'll be ready.

Nico: Set course for Maximus I.Q.'s hideout.

We were off to his hideout.

We then raided Maximus's hideout and then saw all his plans and everything he was going to do and more and it was incredible and devious. We also saw his duck collection and Poliwag loved them.

Ragdoll: We should sell this place after we loot it

Poliwag: My ducks! Mine!

Nico: Poliwag don't go Gollum on us.

Poliwag: Sorry.

Nico: But that's a good idea. We'll sell this place and get Betty a great amount of money to rub in that Penelope's face.

Eli: Nice.

Nelson Muntz: Nico, which Gene Slammer do you think will appear in your next rescue?

Nico: Well I'm hoping to face a Geochelone Aerio Gene-Slammer next and I have a feeling I know who it's going to be. Like Carol said during her usual battle you're hoping it's someone that I know from Italy and I do know someone that is from there. Francesca Giordano.

Eli: What can you tell us about her?

Nico: You guys would love her and she is REALLY amazingly talented. She comes from a long line of master pizza chef champions and her family has been making all kinds of (drools) delicious Napolitan Pizza for many generations. It's some of the best I've ever had and tasted.

Me: Wow!

Laney: She and her family must have one amazing history with pizza.

Nico: They sure do. Her family has won every pizza contest around the planet and all over Italy. That's what makes them one of Italy's great pizza treasures.

Dr. Viktor: Fitting considering the many pizza bodied individuals we met the other day.

Nico: Very fitting. And also her family's pizza is some of the best in the world.

Lily: Wow! That must be some really awesome pizza. Just as good as Jim when he worked at the Krusty Krab.

SpongeBob: Wow.

Nico: Yep. And I think Francesca would be perfect as 2012 Pizza Face's archenemy. That's why I decided on her being his archenemy.

Eli: That's a really good reason.

Qin: Man I haven't seen Francesca in a long time.

Fiona Hernandez: Me neither. I forgot how good her pizzas are.

Nicole Hernandez: Me too. They are amazing pizza.

Marie Hernandez: No kidding.

Skullgrin: Any volunteers for Nico's next rescue?

Lori: It should literally be the wind users so I'll go next.

Nico: Good idea.

Loki: Lori, how about instead, I literally go with Nico?

Nico: Now now. It's ladies first so I chose Lori to go since she called it first. So it's ladies first.

Lori: Thanks Nico. Such a gentleman.

Nico: Thanks.

Me: Cool.

Nico: But just to be on the safe side, Hay Lin can go with me too.

She's a girl as well.

Hay Lin: I would be honored Nico.

Lori: Awesome and she is literally a wind user too. Sorry Loki.

Loki: No worries.

Nico: Great. Now that that's covered lets get ready to settle the score with Maximus.

Gearhead: Any nearby vehicles I can use for the battle?

Betty Barrett: You can use one of Maximus's ships for that.

Gearhead: Thanks.

Nico: Awesome. Lets get ready guys.

Eli: May the Force be with us.

We got back on the ship and we were off to Endor.

## PLANET ENDOR

We arrived at the planet Endor and it was a beautiful planet.

Me: Wow! The Planet Endor.

Nico: The very site where the Battle of Endor that lead to the Fall of the Galactic Empire took place.

Eli: Yep. And this was where Palpatine was thought to have died.

Laney: Yeah.

We went down to the planet and we arrived at a clearing and we saw MAXIMUS I.Q. and his minion Minimus.

Alister: Target sighted.

Rafael: There he is. Entrance time.

Nico: Lets do it.

Maximus was at the sight of the abandoned Galactic Empire Landing Sight which was not far from the destroyed Shield Generator.

Maximus: Soon my supplies will be ready.

Then the spirits of the jungle heroes in the forms of the Avengers appeared and orbited around him and smashed him all over the place. Then they converged and then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above him and a phoenix cry was heard and we came out.

Nico: Maximus I.Q. your 9 lives are done!

Maximus I.Q.: Team Loud Phoenix Storm!? What are you doing here?!

Nico: What else? To destroy you!

Kaos: Minimus, you can either join the Masters of Evil or the Redemption Squad. But Maximus? You're going down!

Maximus: Give me my duck collection!

Poliwag: NO! MY DUCKS! MINE!

Minimus: I'll join you guys Kaos.

Maximus: WHAT!?

He went over to them.

Nico: Surprise surprise.

Maximus: TRAITOR!

POW!

Betty punched him in the stomach and kicked him in the face and smashed him down.

Betty: Take that!

Then Dr. Light, Molten Man, Snake, Technus, Eccentro, Titanium Toenail, U Foes, Marluxia, Titanium Man, Merman, Pink Ranger Slayer, Weddinmon, Marcel and Dr. Diablos then appeared.

Nico: Dr. Light, Molten Man, Snake, Technus, Eccentro, Titanium Toenail, U Foes, Marluxia, Titanium Man, Merman, Pink Ranger Slayer, Weddinmon, Marcel and Dr. Diablos.

Merman: Actually it's just Dr. Light, Molten Man, Snake, Technus, Eccentro, Titanium Toenail, U Foes, Marluxia, Titanium Man and me today.

Nico: Oh.

Dr. Light: So, Minimus is joining us, huh?

Minimus: If that's okay with you.

Molten Man: Of course it is.

Snake: Sure, we'll have to get used to your two faces. But we can manage, dude.

Nico: Good.

Technus: (to Nico) Heard you dealt with Gristlepuss.

Nico: We sure did.

Eccentro: I hope you ate good Krabby Patties too

Nico: We did too.

Bones then appeared for another round.

Nico: Back for round 2 huh Bones?

Bones: Yep I sure am.

Nico: Awesome.

Bones: Since Minimus is with us now, can I remove Maximus' backbone until the battles are done?

William: Go right ahead.

He did so and Maximus was quivering in fear and he went into hiding.

Kairi, Princess Celestia, Amber Morning, Light Skylanders, Sein the Siren, Varie, Maria, Luna, Magnet Man and Gravity Man VS Dr. Light - Nico's rescue

---

Dr. Light was first.

Dr. Light: (to Kairi) It's good that Nico ate Krabby Patties during his rescue. Can't rescue Gene Slammers on an empty stomach.

Kairi: That's true and Nico and Luna were awesome and hungry in that one.

Princess Celestia: They sure were and they needed all that energy for taking down Gristlepuss and her cronies.

Amber Morning: They sure did. What does TUOFATTAFAD stand for again?

Spotlight: It stands for The United Organization Of Fish Against Things That Are Fun And Delicious. They are a group of sophisticated fish that want to destroy all restaurants that are fun and awesome and they want to turn all of Bikini Bottom into a Sophisticated Food Only restaurant city that's bland, luxurious and flavorless. They thought that they were so much better than all the restaurants in the city that they think they can turn it into something that only THEY like.

Amber Morning: Oh I get it! Like with what happened with Restaurant Row in Canterlot when Zesty Gourmand tried to make it flavorless and bland.

Varie: That's right.

Sein: But at least Mary Knudson made it better than ever by making it full of flavor.

Varie: Yep. But thank goodness Gristlepuss and her posse didn't do so on land.

Maria: Yeah no kidding!

Luna: That would not be good for us.

Dr. Light: I agree. No offense to those that have sophisticated good tastes but they need to have places and food that is full of good flavor and fun and not things that are flavorless and bland and are boring.

Princess Celestia: I agree myself.

Dr. Light: Good. Lets do it!

They fired waves of light and water and smashed him down.

Kairi: ALL RIGHT!

Princess Celestia: That was so awesome!

Molten Man was next.

Molten Man: (to Kaz) I hope Lincoln had fun in his rescue. He must've destroyed lots of robots!

Kaz: He sure did. It was so awesome!

Sunset Shimmer: Twilight kept track of how many robots we took down thanks to a machine she made and we counted 500,230,256,231 robots all together!

Molten Man: HOLY VOLCANIC METEORS! That is a lot of robots! Awesome job!

Pipsqueak: (British Accent) We have had so much fun on all that and it was so great.

Sunburn: It was like blasting zombies and bad guys in the Time Crisis games and they were awesome and fun.

Haous: They were awesome to destroy.

Yugito Nii: It sure was fun.

Molten Man: Wow! You guys all had a good time on that. Lets do it!

They fired waves of fire and smashed him down.

Kaz: YEAH BABY!

Sunset Shimmer: That was amazing!

---

Snake Jailbird was next.

Snake: (to Fiona) Dude, Robo Plankton would make a good Masters of Evil member. Especially since Plankton's in the Redemption Squad.

Fiona: I think so too! Robo-Plankton is amazingly well built and it was so awesome taking him down along with giant robot versions of SpongeBob, Patrick, Squidward and Sandy. They were awesomely well built too.

Rainbow Dash: I may not be an expert in robots and all that stuff but they were awesome.

Scootaloo: They sure were awesome.

Whirlwind: I think this too.

Kagachi: Yeah no kidding! They were so awesome.

Anko: I thought so myself. Plankton did a great job with those robots.

Snake Jailbird: No kidding there. Lets do it!

They fired waves of lightning, wind, rainbows and fire and smashed him down.

Fiona: Take that dude!

Rainbow Dash: That was AWESOME!

## Cyborg, Pinkie Pie, Featherweight, Tech Skylanders, Nanomech, Rex Salazar, Elena Validus and Circe (Generator Rex VS Technus - Sydney and Akira's date

Technus was next.

Technus: (to Cyborg) I hope Sydney and Akira had fun on their date. They both earned it.

Cyborg: I agree with that. They both had a really fun picnic too and Nico then got tickled by Akira and Sydney too.

They laughed.

Pinkie Pie: Being tickled is great! At least Nico is not getting hurt from it.

Featherweight: That's a good thing.

Sprocket: Yeah it sure is. I'm glad it's being tickled instead of punched.

Nanomech: (Tiny Voice) Yeah it sure is a good thing.

Rex Salazar: We always get a good laugh out of it.

Technus: I agree too and I'm glad that Nico is a great helper with these dates. Lets do it!

They fired waves of metal, gears, energy, lightning and sound and smashed him down.

Cyborg: BOOYAH!

Pinkie Pie: BEST USUAL BATTLE EVER!

Linka Loud, Fluttershy, Tornado Bolt, Life Skylanders, Česká the Mosquito, Lucy, Brittney, Batch and Luxord VS Eccentro - What Penelope said was REALLY LOW and she is expecting an annoyance session with Cheese

Eccentro was next.

Eccentro: (to Linka) What Penelope Lang said was REALLY LOW. Lucky for her, she should only expect an annoyance session with Cheese!

Linka: Yeah what she said was horrible! What a monster! She's just as bad as Kurt!

Fluttershy: Yeah and she deserves it too.

Tornado Bolt: YEAH! She has no right to say that about Sarah especially after everything she went through!

Stealth Elf: If our code didn't allow it we would kill her right there right now. But being pestered by Cheese is a great idea.

Česká: Lets see how she is liking Cheese.

Česká showed on a view screen what is going on at Penelope's house and it was showing Cheese REALLY driving Penelope crazy and making a mess!

They were laughing!

Lucy Loud: That is funny.

Brittney: She had it coming!

Eccentro: That is so awesome! She deserved it.

Linka: I agree. It's better than going to prison.

Eccentro: Yep. Lets do it!

They fired waves of lightning, leaves, grass, flowers and darkness and smashed him down.

Linka: OH YEAH!

Fluttershy: That was fun.

Nuju, Rarity, Sweetie Belle, Water Skylanders, Sacajawea, Ice, Tengu Man and Sword Man VS Titanium Titan - My threat to Penelope and to Duncan Paine

---

Titanium Titan was next.

Titanium Titan: (to Nuju) I know J.D. might beat me up for this. But- (gulps)- should I be concerned about his threats to Penelope Lang and Duncan Paine?

Nuju: Nah. Those were totally justified. Those two had it coming for what they were doing and what they said.

Rarity: I most agree there darlings and what those two said even made Diamond Tiara and Chloe mad.

Sweetie Belle: I agree there! What they said was absolutely low!

Gill Grunt: No kidding!

Sacajawea: (Norwegian Accent) They had it coming for what they said.

Ice: (Norwegian Accent) I agree with you there too.

Titanium Titan: Me too amigos. Lets do it!

They fired waves of ice, water and jewels and smashed him down.

Twilight Sparkle: It sure is awesome.

Sunny Starscout: You got that right. It's amazing.

Spyro: I'm glad that Betty does an amazing job saving the universe.

Wildvine: And she has an amazing job too.

Sam Manson: That is so awesome.

Laney: It sure is. And she does so much out in space all over the galaxy.

X-Ray: That is so awesome.

Layla Williams: Her name is Fujisaki Sutādasuto. She's from Japan and she is Lincoln's partner in Marine Biology.

Starlight Glimmer: She knows so much about fish and the ocean.

Cozy Glow: You should have seen what she did to Lori when she went ballistic.

Marluxia: What did she do?

Hex: She went ballistic after her phone fell out of her pocket and cracked and she threatened to kill her siblings and Lily too. Fujisaki subdued her and she got grounded for 5 months.

Marluxia: OH MAN! And this was because of her dark side?

Reshia: That's right and she is a total bloodthirsty animal.

Sam Manson: Dark Lori is an absolute nightmare.

Laney: No kidding. She is as bad as Emily's evil sister Amy.

Syd Chang: No kidding! What a beast!

Nelson Muntz: That is terrible! What Dark Lori did was absolutely horrible! But thank goodness that Lincoln had Fujisaki to save them.

## Gristlepuss wants to destroy all restaurants

---

Titanium Man was next.

Titanium Man: (to Mack) I can't believe Ms. Gristlepuss wanted to destroy all restaurants! Good thing she never visited Lynn's table!

Mack Hartford: She was a fish and she wouldn't be able to breathe on land anyway. Also we wouldn't let that happen.

Applejack: No way, no how, no chance! She would have to get passed us first.

Apple Bloom: And that would not be easy.

Flashwing: You got that right.

Warrior Lady of The Wasteland: Yeah she has to get passed us and that would be like taking on the universe.

Tara: I agree there.

Lynn: Same with me.

Geoforce: Me too.

Titanium Man: Yeah. Lets do it!

They fired waves of earth, rock, crystal, apples and energy and smashed him down.

Mack Hartford: ALL RIGHT!

Yumi: It was so awesome. Evil Plankton deserves to be locked up as a braindead moron.

Princess Luna: He had it coming to him.

Moondust: Yeah it was great.

Fiona Hernandez the Uria, Lord of Searing Flames Gene-Slammer, Apple Bloom, Sweetie Belle, Scootaloo, Diamond Tiara, Silver Spoon, RD Lola and Misty Tredwell VS Kimberly Ann Hart the Pink Ranger Slayer

---

Pink Ranger Slayer was next.

Pink Ranger Slayer: I can't believe that Lori's dark side took over her all because of her phone dropping out of her pocket and cracking the screen.

Fiona Hernandez: Geez! I know and that is brutally intense. Lori's dark side is one of the worst I've ever seen next to Emily's deranged and evil sister Amy. What she was gonna do would have landed her in prison for the rest of her miserable life. I don't even want to think about what would have happened if Fujisaki hadn't stepped in.

Apple Bloom: You're not kidding there. But it's a good thing that Fujisaki was there to stop her. Lori really had terrible nightmares because of it.

Sweetie Belle: That is awful.

Scootaloo: You're not kidding there. But at least we put Lori's dark side in a unbreakable crystal for good in the Pluto Prison.

Diamond Tiara: That is good. But she is an absolute bloodthirsty savage.

Silver Spoon: You're not kidding there.

Misty Tredwell: Poor Lori. And she was grounded for 5 whole months because of it. Lincoln is one lucky guy to have so many guardian angels looking out for him.

Pink Ranger Slayer: 5 whole months is really extreme but yeah Lincoln sure is lucky. Lets do it!

They fired waves of fire and energy and magic and smashed her down.

Fiona Hernandez: FIRE WINS!

Cutie Mark Crusaders: CUTIE MARK CRUSADER VICTORY! YAY!

Marie Hernandez the Gene-Slammer of Hamon, Lord of Striking Thunder, Frozen Fright, Thunder Terror, Magma Gloom, Toxic Horror, Louie PoisonSea, RD Lincoln and Elena VS Weddinmon

---

Weddinmon was next.

Weddinmon: I heard about the awesome book that Samurai Jack made after the battles with Aku. Have you read it?

Marie Hernandez: Boy I sure have and it was one of the most amazing series of adventures I've ever read about. I had no idea that before the team started out that J.D. and the others met Jack and helped him out the entire time and became the Brave 12. That is so awesome.

Frozen Fright: That was an epic story. But if we get the chance we'll have to ask Jack how he got trained to become a samurai.

Thunder Terror: J.D. said that he had a dream about how the emperor fought Aku before and how after Jack was born that he and his family must have a plan.

Magma Gloom: That's right. That was awesome.

Toxic Horror: It's amazing how Aku was able to terrorize the entire universe for so long.

Louie PoisonSea: Yeah no kidding!

Weddinmon: That is terrible. But who is Aku?

Marie Hernandez: He was the ultimate form of Pure Evil and he has been around since the beginning of time and the great gods, Odin, Ra and Vishnu almost destroyed him.

Weddinmon: What do you know about Aku?

Marie Hernandez: He was evil in its ultimate purest form.

She went over Aku's entire history.

---

**Aku** is the main antagonist of the series *Samurai Jack* . Born from The Black Mass of Darkness, Aku was an evil, shape-shifting demon who took over the world and ruled it for countless eons, the arch-nemesis of Samurai Jack and the biological father of Ashi and her twin sisters. Throughout seasons 1-4, Aku was voiced by Mako

Iwamatsu, but due to Mako's death in 2006, Aku was voiced by Greg Baldwin in Season 5.

Though Aku was capable of shifting his form into virtually anything that he wished due to his metamorphic body, his standard form after he self-upgraded and adapted to the Earth was roughly a humanoid being with a black body, a green mouth, and a red beard which extended from the bottom of his chin. Aku had six horns, four long and two short, that extended from his head, and his eyebrows were made of red, flickering flame. Aku typically assumes a humanoid form, concealing his entire lower body in a massive, thick robe that sometimes manifested as flames. There is one known instance where Aku removes the robe to reveal his thin legs in "Jack and the Zombies". Aku can stand several stories tall and a deep droning noise was often heard around him when he appeared.

Aku constantly antagonized Samurai Jack: he often attacked him when he was weak, and other times defended himself from Jack's own gambits. Prior to Ashi sending Jack back in time to vanquish Aku's past self, the two seem doomed never to defeat each other, and while Jack had beaten Aku on numerous occasions, Aku merely transformed into a creature, retreated, and usually called out a taunt over his shoulder. Aku was entirely aware of his inability to defeat Jack and even lamp-shaded that in "Episode XLVIII: Jack versus Aku", which eventually discouraged him from fighting Jack further. Aku could have been considered the Deuteragonist of the series as a whole (albeit a rare, villainous one), as while Ashi became that in Season 5. Aku had the most focus in the narrative besides Jack.

While he's usually presented as a serious and threatening foe, Aku was also a source of comedy in the show, due to his outrageous design and sometimes wise-guy behavior, that was supported by Mako's over the top voice-acting.

Aku means "Evil" in Japanese. It is written as "悪" in Kanji. The kanji can also be pronounced as "Waru".

In Samurai Jack: Battle Through Time, Aku made a last ditch attempt effort to save his existence and secure his rule in the future.

Long ago in the vastness of space, a great, formless, mindless entity of evil arose. Before it could do harm to the universe, it was set upon by three deities, each one originating from Norse, Egyptian, and Hindu mythologies: Odin (the father of Thor), Ra (the Sun God), and Vishnu. The three deities fought a fierce battle against the black mass and burned the entity almost completely out of existence with their divine power. However, during the battle, one small fragment of the entity was incidentally cut from the whole by Odin and was never burned away.

Unnoticed by the three deities, that seemingly small fragment floated away from the site of the battle and drifted through space for an untold amount of time, until it eventually, and violently, crashed on Earth during the Cretaceous Period in the Mesozoic Era. It was implied that the fragment of the black mass is the very object that caused the extinction of the dinosaurs, although the crash occurred in prehistoric Japan as opposed to the Yucatán Peninsula by a massive asteroid.

Over eons, the fragment evolved into an ever-growing ominous forest of black tree-like spikes, which surrounded a tar-like pit at its center, that devoured any living thing that dared to enter. Eventually, the forest grew so large that The Emperor (Jack's father) decided to kill the evil at its source. After he was armed with a poison elixir that was given to him by a Buddhist Monk, the Emperor, with his cavalry, rode into the forest. As they rode, the forest began to gradually kill off the Emperor's men and left the Emperor himself as the only survivor. Once he arrived at a black lake in the forest's center, the Emperor doused one of his arrows into the elixir that he was given and fired it into the black lake, with him believing that it would destroy the evil forest.

Unexpectedly, the poison arrow's magic had the unforeseen effect of galvanizing the evil mass into a humanoid form: it gave it intelligence, sentience, and shape-shifting abilities. This entity proclaimed itself with the name of Aku and thanked the Emperor for inadvertently helping him. The Emperor then attacked Aku, but with nothing more than his mundane and mortal weapons, he couldn't inflict any harm upon Aku. Aku then easily defeated the Emperor and strapped him to the side of a tree so that he could watch as Aku began destroying his kingdom and slaughtering his people.

However, the Deities, after they sensed the good in the Emperor, summoned him with the aid of Odin's horse, Sleipnir. After the Deities took the good from inside the Emperor, they then used their powers in creating an Enchanted Sword that was capable of harming Aku. After he was armed with the sword and a magical suit of armor, the Emperor plunged into battle against Aku. In the end, the Emperor was victorious and imprisoned Aku into the devastated wasteland in the form of a jagged black tree. As he was sealed away, Aku vowed that he would one day return. During the battle, The Empress gave birth to a son. After he was determined to learn from the catastrophe, and was aware that Aku would indeed one day return, the Emperor hatched a plan while orchestrating the events that would set Jack on his eventual years of training.

## Return

Eight years later, during a solar eclipse, the seal that the Emperor placed on him broke and Aku was released. Aku's first target was the village of the Emperor who sealed him away eight years prior. In a castle, Jack was a young child and his father told him the tale of how he defeated Aku. After the story was done, Jack was left alone, and played with a toy sword. Suddenly, the castle was covered in Aku's shadow. Aku then unleashed a vicious attack on the village. The Emperor then attempted to grab the sword, but Aku captured him before he could reach it. The Emperor told the Empress that it was time to enact the plan they had prepared for. Following the plan, Jack's mother escaped with Jack and the sword. Jack then started on a journey to prepare him both physically and mentally for his confrontation against Aku.

Many years later, a formidably trained Jack returned to find his land devastated and his people, including his father, enslaved: they were forced to harvest the rich resources of their land for Aku so the demon could increase his powers and spread his evil across the entire planet. After he was filled with righteous wrath, Jack quickly slew the Minions of Aku and then went to Aku's Castle to slay him. After a vicious battle, Jack eventually overpowered Aku. However, before Jack could finish Aku off, a desperate Aku then tore open a time portal and flung Jack into the distant future, a future in which Aku was certain that his evil would be spread out all over the world.

## The Future

Unknown millennia passed before Jack reappeared into the future. During that time, Aku managed to terrorize or subjugate a majority of the entire world and declared himself the undisputed ruler of Earth. Although he began with demonic servants to carry out his will, Aku later became enamored with mechanical ones since his demonic servants couldn't carry out his tasks fast enough. Aku then recruited a council of Mad Scientists into creating the X-Model. All except X-49 were eventually destroyed before the next generation of Aku's Army was developed: the Beetle Drones. Successors to the X-Models, the Beetle Drones became the model for a series of insect-themed robots which served Aku well into the height of his power and were his standard henchmen.

Hungry for more power, Aku established Earth as a space-faring world and opened his ports to surrounding galaxies in order to plunder or conquer worlds beyond as well. The influx of aliens, who ranged from enslaved species to rough immigrants, transformed Earth into a hodge-podge of dystopian societies that were primarily run by tyrants or gangs. The few bastions for peace and hope typically remained out of Aku's wide field of vision. During Jack's revelation to Ashi, he showed her how Aku had apparently spread the word throughout the universe that criminals were welcomed on Earth, which had made it a safe haven for some of the worst scum in existence. They, in some cases, had decimated occupied settlements that were inhabited by innocent, helpless residents without any scruples. Corrupted agents also made the lives of countless citizens worthless under Aku's regime. Unsavory establishments such as the Dome of Doom and Creature Combat Club were common in the world under Aku.

Aku initially had a habit of watching Jack from afar and stewed over his inability to kill him. Aku used any opportunity to destroy Jack, whether through unleashing his minion armies, hiring bounty hunters, using mystical weapons, clever traps, simple trickery, and other methods in an unending struggle.

Despite being highly feared, hated, and despised by almost all sentient beings in the world or the universe, some beings worshiped Aku as a divine figure.

During his last encounter with Jack, Aku managed to stop him from jumping through the last known time portal and then subsequently destroyed it. Aku then revealed to Jack that he had destroyed all the other Time Portals in existence, which ostensibly ended Jack's quest to return to the past, which also inadvertently broke the seal that Jack placed on Mad Jack. After he reveled in Jack's anger, Aku fled the scene after he transformed three baby goats into monsters, which Jack then butchered in his rage. Immediately after that encounter with Aku, Jack lost his sword, but, as Aku had left moments before, he didn't witness this event.

## 50 Years in the Future

After he destroyed the last known time portal and eliminated Jack's ability to return to his own time, Aku decided to stop confronting Jack personally. Instead, Aku then continued to send bounty hunters after Jack while he simply waited for him to die of old age and believed that his victory would be assured. However, it later became apparent that Jack's initial time-traveling had halted his natural aging process: it eternally left him at the same biological age as when Aku first sent him into the future. This discovery scuttled Aku's plan and left him at somewhat of a loss as to what to do about his seemingly ageless foe. Ironically, despite Aku's fear of confronting him, Jack never manage to recover his lost sword, which rendered the samurai helpless against any potential attack by Aku. Because Aku had given up attempting to defeat Jack personally, he did not discover that Jack had lost his sword, and none of the bounty hunters who encountered Jack ever managed to report back to Aku alive. Somewhat oddly, though Aku never discovered that Jack had lost his sword, he did somehow learn Jack had grown a beard. During that time, Aku also came to realize, much to his annoyance, that stories of Jack's experiences began to inspire relatively widespread rebellion against him. Frightened of encountering Jack, Aku could do little personally to stop the uprisings and fell into something of a depression. Trapped in an eternal stalemate with Jack, Aku began to develop a degree of apathy even towards his tyrannical rule. He even began to see a Therapistin a sense, split himself into two entities, and talked with himself.

At one point, long after his last encounter with Jack, Aku's Castle was attacked by a large military force, which included an army of Scotswomen who were led by their father, The Scotsman. After he hoped to shake himself out of his boredom, Aku then nonchalantly destroyed most of the Rebel Army himself. After he simply flattened most of his enemies by rolling over them in the form of a giant black sphere, Aku then prepared to destroy the group of Scotswomen, who had been instructed to flee by their father. However, before he could do so, Aku was then confronted by the Scotsman. Hoping to distract Aku, the Scotsman mocked him incessantly for being scared of Jack and consequently losing much of his fearsome reputation. After he endured the Scotsman's taunts for a short time, Aku then incinerated the Scotsman with his eye-beams. However, Aku then quickly became unhappy again due to the Scotsman mentioning Jack, returned to his castle, forgot to kill the Scotsman's Daughters, and missed the Scotsman's return as a ghost. Aku also later received a phone call from the severed head of the assassin, Scaramouche, who learned that Jack's sword was missing and hoped to inform Aku. However, random circumstance and Scaramouche's undiplomatic nature conspired to prevent Aku from learning of Jack's plight.

Eventually, however, Scaramouche managed to reach Aku and reported the status of Jack's sword: unknown to Scaramouche, that the information arrived too late. After Scaramouche told him, Aku then angrily pushed down hard on Scaramouche's head and asked him if he was sure. Excited with the news, an immediately reinvigorated Aku confronted Jack for the first time in decades with a full-bodied Scaramouche, only to discover that Jack had already recovered his sword. After he destroyed Scaramouche in anger, Aku casually attempted to leave the area until he noticed a familiar smell that came from Jack's companion, Ashi. After he suddenly remembered the time that he had visited the Cult of Aku and offered them some of his essence, Aku quickly deduced that Ashi was his biological daughter and then used the essence inside her to control her into fighting Jack. Aku casually remarked to a giant robot corpse how his (last remaining) daughter had fallen and run off with his mortal enemy. After he was already bored with Jack's attempt to free her, Aku then simply tossed the robot onto them before he corrupted Ashi with a new bodysuit in his likeness. When Jack couldn't bring himself to kill Ashi and surrendered, Aku then ordered

Ashi to stand down, claimed Jack's Sword for himself, and relished in his victory..

## Demise

In the Series Finale, Aku captured Jack, stole his sword, broadcasted his victory to everyone in the world, if not the universe, and, once again, relished in his victory. Aku then prepared to kill Jack in front of the whole universe, but was confused as to how he should kill him. After a period of indecision, Aku decided that it was best for Ashi to kill Jack. As Ashi prepared to kill Jack, all of Jack's allies soon arrived and fought Aku and his forces in a grand-scale battle while Jack dealt with the corrupted Ashi.

Aku found amusement in the army's attempts to save Jack: while they may have been able to fight off Aku's forces, Aku himself was nearly untouchable. Eventually, Ashi freed herself of Aku's corruption but retained his powers. After Ashi realized that, she quickly took Jack's Sword back, and, before Aku could stop them, she warped Jack and herself back to the past with her own time portal. The last time that the Future Aku was seen he uttered his last words: "Oh no…" with an extremely worried look on his face and knew that his end would soon come.

In the past, the events of the first episode played out: Jack had just defeated and weakened Aku, who promised that he would destroy Jack in the future, opened up a time portal, and sent Jack into the future. However, Aku was soon caught off guard when Jack and Ashi arrived in the same spot where he was cast in the future, ten seconds after it happened, which confused Aku as to how Jack was "back already" and was unaware that the Jack who stood in front of him had spent fifty years searching for a way back to the past. Jack then rushed at Aku and attacked him without mercy.

Jack made short work of the weakened Aku, and sealed him inside his katana again. That time, however, Jack used his sword to destroy Aku once and for all: Jack plunged his sword with Aku still inside into the ground, which then caused Aku's Castle to explode, took Aku with it, which prevented the rise of Aku and spared both the universe and the future from his tyranny.

## Legacy

Tragically, since Ashi was Aku's Daughter, Ashi "passed away" before she and Jack were married. This may or may not have happened to anyone and potentially *everyone* else from the future, as Aku's long-term conquest had shaped all their lives in some way or another; if they did exist in the new timeline, most would be very different people living in likewise radically, albeit positively, altered circumstances. Despite these implications, Aku's destruction meant that all the evil that he had inflicted was undone, thus sparing future generations from life under his tyranny.

Ironically, it was shown that Aku still, albeit indirectly, was capable of hurting Jack emotionally when his past destruction affected Ashi's existence since she was his daughter.

## Battle Through Time

In a desperate, last-minute attempt to prevent his destruction at the samurai's hand, Aku transports Jack into a time pocket, a rift of time and space that is not affected by the main timeline and under the demon's complete control, forcing Jack to relive many of the challenges he has faced before in familiar locations. Aku also corrupted the royal family's kamon crests with his black magic and scattered them throughout the world.

Fighting through various robots, demons, and bounty hunters, as well as Ashi and her sisters again, Jack cuts through the remains of Aku's armies with the aid of Scotsman and his daughters, Da Samurai, and Sir Rothchild and engages in a final showdown with his hated nemesis within his fortress.

Finally defeating Aku, the rift of time the demon created begins to fade away as the portal back to Ashi and the past opens back up for Jack. Expressing disbelief that his final plans have failed, Aku refuses to surrender just before Jack delivers the final blow,

After Aku's defeat, the time pocket collapses on him and Jack slices through him. Jack is reunited with Ashi as both are transported back to the past where Jack finally destroys Aku, alongside his fortress, undoing all his evil in the future.

When she was done they were shocked!

Weddinmon: WHOA! That is brutal!

Marie Hernandez: Yeah! That was incredibly intense! What happened throughout the course of history was absolutely incomprehensible. The damage that was dealt by Aku to much of the universe was completely unfathomable.

Weddinmon: Whoa! That is incredible.

Marie Hernandez: Yeah it sure was. But thanks to J.D., Jack and the Brave 12 they restored all hope to the world that Aku ravaged and formed a massive rebellion to take back the planet from Aku's evil grasp. Aku is now destroyed forever.

Weddinmon: Thank goodness. Lets do it!

They fired waves of lightning and elements and smashed her down.

Black Orchid: I knew there's no mistaking that voice from anywhere. You can come out now, Sadira.

A figure came out, and it was none other than Sadira, the bloodthirsty and sadistic Thai assassin, the leader of The Red Eyes of Rylai, and associate of Ultratech.

Nico: I should've known Sadira would show up here. Not only is she an associate of Ultratech, but she's the ruthless and sadistic leader of The Red Eyes of Rylai, they're an assassination group from Thailand, and I've been after them for years.

Ra's Al Ghul: And indeed, many of the League of Assassins' top agents have battled with The Red Eyes of Rylai during the 1980s, and many of them were killed by Sadira and her agents.

Lincoln: Orchid, what can you tell us about Sadira?

Black Orchid: You won't like her one bit, Lincoln.

Black Orchid proceeded to tell us about Sadira, and as predicted, we weren't going to like her one bit.

## Sadira

Sadira is the first female antagonist introduced to the series. She is a mysterious female assassin whose allegiance lies with Ultratech, and she was the first completely new character revealed for the first season of Killer Instinct (2013).

### Biography

### Appearance

Sadira is an extremely pale-skinned woman with chest-length black hair and notably unnaturally glowing yellow eyes.

She wears a mulberry-colored outfit with a hood and a decorative mask. She appears to be wearing ripped stockings on her legs. In general, her clothing appears to be of a Persian or Arabian design, perhaps hinting at her nationality. She has bladed gauntlets with two talons protruding from the knuckles.

Sadira's Retro Costume wears a red corset with yellow and pink accents along with red long sleeve shear from the inside. She also wears red stockings, a white boots and a short red gathered skirt. She sports a periwinkle unkempt bob cut hair and a black eyeliner. Her pair of bladed gauntlets consist of red blades and has a shear gloves.

### Personality

Sadira is a ruthless killer who delights in seeing her targets in pain, showing a clear sadistic streak in the way she taunts them in her native Thai tongue before each battle. She is easily influenced by fame and fortune, striking a deal with Ultratech in order to make the Red Eyes of Rylai the most powerful clan of assassins in the world. She also shows much dishonesty and cunning, having claimed her position in the Red Eyes by murdering her mentor and taking her place - she knows when to stay in line though, as during her service with Ultratech she was very loyal to ARIA and would undertake any order, knowing she was well out of her league with the megacorporation. However, after her ill-fated encounters with Glacius and Hisako she was discharged from ARIA's service and beaten to a pulp by her former comrade, Cinder. Frustrated and seeking revenge, she has been swayed by Gargos' temptations before and has trouble keeping control of her hidden temper.

## Abilities

Sadira is an acrobatic fighter who was trained in muay boran boxing during her time in a refugee camp as a child, battering her opponents with swift strikes from every direction, mainly in the form of kicks. She especially excels in aerial combat, which can easily be seen due to the fact that she was the first character in Killer Instinct to have an air combo mechanic. She also wields bladed arm bracers which she can use to slash opponents, along with a set of throwing knives. When her Master's necklace burrowed into her heart it gave her the ability to create and manipulate spider silk from within her body, letting her summon spiderwebs and attach her throwing knives to long strings of silk.

## Killer Instinct (2013)

### Story

Leading the Red Eyes of Rylai assassins, Sadira has long observed the fighters of previous tournaments. Ordered by a shadowy figure to "prepare the way", she has chosen this moment to reveal her singular purpose of eliminating all former competitors.

When Black Orchid was done, we were indeed horrified and enraged by Sadira's sadistic actions.

Nico: I knew all along of how evil Sadira is, along with The Red Eyes of Rylai. So, it's decided: she's got to go.

Dudley Puppy: Along with the rest of The Red Eyes of Rylai, and I've had it up to hear with that bitch to last an eternity.

Suddenly, we felt something in Dudley Puppy's mind snap as his blood red eyes turned neon blood red, and he was surrounded by a black energy aura with darkness, dark fire, and hellhounds, he then unholsters his massive Cerberus' Hellhound Sword of Dark Justice from his wider and more muscular back, and as he approached Sadira, he left dark energy, darkness, dark fire, and hellhounds with every step.

Dudley Puppy: Sadira, I will never forgive you for the crimes that you've committed against mankind, you and The Red Eyes of Rylai have murdered so many innocent people, not to mention that you've done a lot of dirty work for Ultratech, and for that, I'll make sure that you and the entirety of The Red Eyes of Rylai will die in a pool of blood, you sadistic bitch!

Suddenly, Dudley Puppy screamed like a madman, as he was surrounded by a massive vortex of dark energy with darkness and dark fire surrounding it, there were hellhounds running around the vortex, along with Cerberus running around the vortex, and in the vortex is a blood red phoenix. Then, as the vortex faded, Dudley Puppy emerged, but he was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

The 7'0" tall and extremely muscular Dudley Puppy remained the same, along with his new clothes and large eight black orbs orbiting around his legs, he has neon blood red eyes and a dark energy aura with darkness, dark fire, and hellhounds surrounding him and he has blood red highlights in the bangs of his long neck-length black hair, he has Cerberus with the Dark Kanji in its paws emblazoned on his forehead, he has on Hellhound earrings with blood red gems for eyes and the Dark Kanji in its paws and he has on his large Crystal

Necklace of The Buddha with blood red crystals for the links and an Ice Phoenix with blood red gems for eyes and the Dark Kanji in its paws for the pendant across his bare chest. Suddenly, Dudley Puppy felt a sharp pain on his wider and more muscular back, and then, massive raven black angel wings with blood red tips on the large raven black feathers sprouted out on Dudley Puppy's wider and more muscular back.

Dudley Puppy had his massive Cerberus' Hellhound Sword of Dark Justice in his massive left hand, and he has on his new large cuff Bracelets of the Champions of The Universe with blood red gems on his wrists, long black trenchcoat flaps with darkness, dark fire, and hellhounds on the coattails held up by his large Belt of Elemental Bravery with a hellhound head with large blood red gem in its open mouth for the belt buckle on his waist, blood red Spellbook of The Gods and The Universe on his left hip and Eater of Sins revolver holstered on his right hip, and a Blue Lantern Corps ring on his right ring finger. Dudley Puppy has Cerberus with darkness surrounding it tattooed on his wider and more muscular back, and there's a black kanji below Cerberus that said, "Dudley Puppy, Agent of T.U.F.F, Partner of Kitty Katswell and Dear Friend of Keswick, The Chief, Laney Loud, and Many, Ambassador of Hope, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Student of Powerful Teachers, Emissary of Cerberus, The Three-Headed Hellhound, and Master of Divine Darkness and Hellhounds."

ダッドリー・パピー、TUFFのエージェント、キティ・キャッツウェルのパートナー、ケズウィックの親愛なる友人、チーフ、レイニー・ラウド、そして多くの、希望の大使、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、強力な教師の学生、使者ケルベロス、三頭ヘルハウンド、そして神の闇とヘルハウンドのマスターの

Dudley Puppy transformed into SUPER ANGEL INFINITY DIVINE DARKNESS HELLHOUND CANINE ANGEL OF DARK JUSTICE AND SHADOW HOPE!

We were amazed by Dudley Puppy's Super Angel Infinity transformation, but when Sadira saw it, she fell into a rage, and ordered a group of her assassins to kill him, but Dudley Puppy fired a powerful blast of divine darkness with hellhounds and dark fire, which hits Sadira's group of assassins, and it incinerated their bodies, and his massive Cerberus' Hellhound Sword of Dark Justice devoured them.

Nico: (Stunned) Whoa, Dudley's transformed, awesome.

Laney Loud: And he fired that powerful blast of darkness, and incinerated Sadira's group of assassins, and his new large sword devoured their souls.

Me: Whoa, now that was awesome and terrifying at the same time.

Kitty Katswell: Dudley, how do you feel?

Dudley Puppy: (Divine Echoing Cosmic Voice of Divine Darkness and Canine Justice) **I feel incredible, Kitty, and now, it's high time for me to take down Sadira for good.**

Dudley Puppy went at Sadira, who attacked and tried to find any weaknesses in order to strike, but tragically for her, she couldn't, as Dudley Puppy fired powerful blasts of dark energy, darkness, dark fire, and hellhounds, and they exploded with incredible power, as they hit Sadira. Then, Dudley had grabbed The Master's Necklace, which Sadira held, and it was the source of her powers, and he then ripped it off of Sadira, and tossed it to Nico to put into the vault at the Estate. Then, with his new massive Cerberus' Hellhound Sword of Dark Justice, Dudley Puppy slashed off Sadira's arms, and she was defenseless.

Dudley Puppy: **Now, to make sure you and The Red Eyes of Rylai never return.**

Dudley Puppy drew a kanji on Sadira's forehead, and it also affected the other assassins in The Red Eyes of Rylai in their hideout in Myanmar, Thailand, along with the group of assassins who had their souls devoured by Dudley Puppy's massive Cerberus' Hellhound Sword of Dark Justice.

Dudley Puppy: **This is for all those you and The Red Eyes of Rylai have murdered, Sadira, along with the agents of The League of Assassins. UZUMAKI BLACK JUDGEMENT SEALING**

**ART: BLACK GATES!**

Dudley Puppy came back to us, and Sadira and all of the assassins of The Red Eyes of Rylai were then confronted by those she and her order have killed. Sadira and the entirety of The Red Eyes of Rylai were found guilty, and Sadira's soul, along with the souls of the entirety of The Red Eyes of Rylai are erased from existence forever. We cheered wildly for what Skippy did as he holstered his massive Cerberus' Hellhound Sword of Dark Justice on his wider and more muscular back and powered down, and the improvements to Dudley Puppy's attire, clothes, weapons, jewelry, angel wings, and eight large black orbs orbiting around his legs are permanent.

The Chief: Good work, Agent Puppy.

Nico: Yeah, thanks to you, we're now rid of Sadira for good, and with your use of The Black Gates, she and the entire The Red Eyes of Rylai assassination order have been erased from existence for good.

Dudley Puppy: Thanks, guys.

Lincoln: And we've dealt yet another blow to Ultratech, but we're not done yet.

Nico: That's right, Lincoln. They have more of their allies out there, but all of them will pay for their crimes.

Me: Yes they sure will.

Lincoln: Yep.

Nico: Yeah. But great job today everyone. This mission was a success.

Atomic Betty: It sure was. (To the viewers) Never mess with the laws of galactic peace or there will be terrible trouble.

Nico: You got that right. Lets go home.

We went back to Earth and then enjoyed the rest of the day and went to sleep.

THE END

Another awesome fanfic done.

This was a great chapter. Atomic Betty was an awesome show from Canada and it was so awesome how Betty went into space and save the universe and more. Atomic Betty aired from August 29, 2004 - January 29, 2008 and it was awesome. The first part was an indirect sequel to the awesome SpongeBob Squarepants episode called Banned In Bikini Bottom and that was a crazy Season 5 episode that aired on November 23rd, 2007 and it was awesome. The 2nd part was for the awesome video game SpongeBob SquarePants Battle For Bikini Bottom Rehydrated which came out last year and it was awesome! A great remake of an awesome video game classic! NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be in the Star VS The Forces Of Evil episode called Mewberty and that was a really strange one. Nico, Lori and Hay Lin are gonna go face Star as she was going through Mewberty and then they are going to meet Francesca Giordono the Geochelone Aerio Gene-Slammer next. She is a pizza chef. Next for Lincoln's rescue he and his group are going into the world of Elena of Avalor and we're going to meet Elena and take down Shiriki. Lincoln and his group are also going to meet a Malefic Rainbow Dragon Gene-Slammer named Alexa Cǎihóng and during the exercise session she will reveal a shocking revelation about how the Mean Sisters were planning to pound Lincoln into pulp all because he accidentally trashed Lori's prom dress and then the nice sisters and Alexa overheard them and they defended Lincoln. The next chapter is gonna be for when we face Brittney Wong, one of Star Butterfly's enemies who has escaped from prison and she is out for revenge. But Lincoln is gonna discover something very shocking about Star's former archenemy. Also we haven't done a chapter for Star VS The Forces Of Evil in a long time.

See you all tomorrow.

# A Rich Girl Opens Up

In Echo Ridge, California, Nico, Lori and Hay Lin were walking around.

Nico: Thanks for coming with me, Hay Lin.

Hay Lin: It's my pleasure Nico and it's gonna be really awesome to see what Echo Ridge is like before the dimensions all merged.

Lori: And thanks for letting me go with you guys too.

Nico: No problem Lori. It's just amazing that Star and Marco have done so much not just for Earth but also for Mewni.

Hay Lin: It sure is and that is amazing that it all merged with our world after we went into the world of The Black Cauldron.

Nico: Yeah! That was a shocker! Both our worlds are now officially one.

Lori: They sure are.

Nico: And Lori, thanks for reminding me about my club.

Lori: No problem. You may have literally forgotten about that but I sure haven't.

Nico: Yeah sorry.

They arrived at Star and Marco's old school.

Nico: Wow so this is Star and Marco's old school.

Hay Lin: It sure is amazing and cool.

Nico: You know Hay Lin. I've got a feeling that you're gonna have an ambassador mission too.

Hay Lin: I am looking forward to it!

Lori: That will literally be awesome.

Hay Lin: It sure will be cool!

Nico: Yep.

Nico then smelled a very tantalizing smell in the air.

Nico: (Sniffs) Oh boy I smell pizza!

Lori: Me too! (Sniffs) That is so awesome.

Hay Lin: That smells delicious.

Nico: That's Francesca's work.

In the cafeteria they then saw a Geochelone Aerio cooking pizza! Whole Pizzas for everyone! WHOA!

Nico: Whoa! That's cool!

They went over.

Geochelone Aerio: (In a Girl's Voice) (Italian Accent) Thank you.

Nico: Francesca?

She saw Nico, Lori and Hay Lin.

Geochelone Aerio: Nico!? Wow it's great to see you here! Wow I missed you.

Nico: I actually knew I'd find you eventually.

Geochelone Aerio: It's awesome you're here! I missed you.

Lori: Wow! Nico wasn't kidding about your awesome skills in pizza making.

Hay Lin: That is so amazing!

Nico: Yep. That's Francesca for you. Lets get you back to normal so we can talk more.

They went back into the kitchen and Nico put on his blind man glasses and made sure no one was looking as he snapped his fingers and then Francesca reverted back and she had green hair and green eyes and Nico gave her an amazing wardrobe in the colors of the flag of Italy. It was perfect for her.

Francesca Giordano: Mama mia! This dress is magnicent! It goes perfect with my Italian culture.

Lori: Leni and Maria made it for you when we found you. You literally look amazing.

Hay Lin: You sure do.

Nico: Yeah.

Nico and Francesca then hugged.

Nico: (Speaking Italian) Mi sei mancato tanto maestro pizzaiolo. (I missed you so much pizza master.)

Francesca Giordano: (Speaking Italian) Anch'io mio fantastico amico. (Me too my awesome friend.)

Hay Lin: What's your favorite memory of Nico?

Francesca Giordano: My favorite memory was when I was helping Nico in cooking class and we were making another one of my family's favorite dishes. Manicotti Lasagna Pasta.

Nico: That was great.

Lori: Oh wow. That literally sounds awesome.

Nico: Yep.

Nico then sensed something.

Nico: Uh oh. I sense a powerful energy increase.

Hay Lin: We better check it out!

They ran to the source of the energy.

Nico: Hay Lin, I hope you can transform into your Guardian form without the Heart of Kandrakar!

Hay Lin: Yes I can. We've been able to do so before. (Swirls of Wind) AIR!

She transformed and was ready!

Lori: WHOA! I didn't know about that.

Hay Lin: I guess we forgot to mention that.

Francesca Giordano: But wow! That is awesome!

Nico: Yep. For almost 4 years we've seen them in action.

Then Nico's Aparoid Tracing Bracelet glowed purple.

Nico: Oh no! The Aparoids are here!

Lori: Not good!

They then saw rainbow vines on the floor?

Nico: Rainbow vines?

They followed them and then they came across a really shocking sight! They saw a ginormous structure in the shape of the astrological symbol for Venus.

Nico: WHOA!

Lori: Oh man! That literally is scary! It looks like what happened with Star.

Francesca Giordano: I've got a really bad feeling about this.

Nico: Hmm.

Nico went up to it and pressed his hand on it.

Nico: It's squishy. But I'm sensing a massive energy signal in there.

Nico looked inside it but couldn't see anything.

Nico: Anyone in there?

Then a hand pressed against where Nico's hand is from the inside of it and inside they saw a girl and she had 6 arms!

Nico: Uh oh!

The structure cracked open and Nico jumped back and went Super Saiyan 2 and then the structure split open and they then saw a girl fly into the air and she has six arms, scary rainbow butterfly wings, Rainbow Hair, glowing rainbow eyes in the shape of the sign of Venus and she looked at Nico.

Nico: Oh boy.

They then saw the girl had ugly purple spots on her and it was The Aparoids!

Nico: Uh oh!

Girl: BOY!

Francesca then fired a blast of wind and blew her back.

Nico: We got to free her!

Lori: Lets do it!

Nico: Look, calm down and we can talk about this!

Girl: BOY!

Lori: (Gasp!) This is Mewberty!

Nico: What's Mewberty?

Lori: Right! You literally weren't with us when this happened. Star went through this herself!

Lori went through what happened during the events of chapter 334 and it was CRAZY! When she was done, Nico, Hay Lin and

Francesca were shocked!

Francesca Giordano: MAMA MIA!

Hay Lin: That's crazy!

Nico: No kidding!

Nico flew up to the girl and fired a wave of lightning and freed her from the Aparoids when the blast hit her and then she flew up into the sky. Then Venus Sign petals fell and then…

CRASH!

The girl crashed into the lockers and they went over.

Nico: Are you all right!?

Girl: (Groans) I think so.

Nico: You went through Mewberty.

Lori: Are you okay?

Girl: Yeah. But who are you all?

Nico: Sorry I'm Nicolas Chan, Leader of Team Loud Phoenix Storm and this is Lori Loud, Hay Lin, and Francesca Giordani.

Venus: Pleasure to meet you all. I'm Venus Butterfly the Fairest, Princess of Mewni.

Nico: Whoa!

Lori: Are you literally one of Star Butterfly's ancestors?

Venus: I think so but what happened? I can't remember anything.

Nico: It's a really ugly story. But you're on the planet Earth and Mewni merged with it a while back.

Nico went over everything that happened and more and when he was done she was shocked beyond all words.

Venus: My gosh. I've missed out on so much and all because I was dead. I got a lot of catching up to do.

Lori: But we'll help you out in every way we can Venus.

Hay Lin: It's gonna take a while for you to adjust to living on Earth but we'll help you out.

Nico: Yep.

They later came back and told us everything that happened and we were amazed and we also told Moon, Eclipsa, Star and everyone and they were shocked and amazed.

---

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, and Flora are heading into the Kingdom of Avalor, and not only is Lincoln going to rescue the fourteen girls, but we're also going to meet Elena and take down Shuriki, and we got word that the Gene Slammer for The Malefic Rainbow Dragon is here too.

And with us was the Wei strategist, Sima Yi, the father of Sima Shi and Sima Zhao, who's in his Dynasty Warriors 7 appearance, and wielding his Fenghuang Wing war fan. After Nico came back from his rescue, we'd gotten a visit from Sima Yi, and Lincoln welcomed him as a member to the team.

Lincoln: Wow, we're in the Kingdom of Avalor, and I know what we're going to do here, not only am I going to rescue the fourteen girls, but we're also going to meet Elena and take down Shuriki, and we got word that the Gene Slammer for The Malefic Rainbow Dragon is here too.

Eli: That's right, Lincoln. It's going to be so good to see Elena again.

Me: I had a feeling that you knew her, Eli.

Nico: And we also found out that Shuriki, the evil, power-hungry sorceress from the Northern Islands is here, and she wants to destroy Elena and her family.

Lincoln: That's why we're here, Nico, we're not going to let Shuriki get away with her plans. (To Sima Yi) And it's an honor to meet you, Master Sima Yi.

Sima Yi: It's indeed an honor to meet you too, Lincoln. My sons have told me about you and the rest of the team, and I already know you'll take care of Yuanji, Chunhua, and Xianying.

Lincoln: That's correct, I am a man of my word. (To Flora) And I also want to thank you for joining us on the rescue, Flora.

Flora: You're welcome, Lincoln, and I can also tell you also have another elemental hero form you're going to show us, right?

Lincoln: That's right.

Lincoln was surrounded by leaves, plants, animals, and green energy, and when he emerged, the 16-year-old 7'0" tall, white-haired, handsome, and extremely muscular teen's orange version of He-Man 2002's loincloth, large orange bands on his massive biceps and thighs, long orange trenchcoat flaps, and eight large orange orbs orbiting around his legs turned green, his long white hair reaching the bottom of his neck turned green, his large blue pants turned green except for the rainbow lightning bolts and his massive and indestructible deep sapphire blue angel wings turned green, and they gave off the scent of roses, his large ankle-length white combat boots turned green, and his deep sapphire blue eyes turned green. Lincoln's transformed into NATURE LINCOLN, The Elemental Hero of Nature, and another elemental hero form Lincoln's unlocked. We were really amazed, including Laney and Flora and when Lincoln's harem saw it, their faces had an atomic red blush and hearts in their eyes.

Flora: Wow, that's awesome.

Laney: You said it, Flora. (Sniffs) And your wings are giving off the scent of roses, Lincoln.

Nature Lincoln: That's right, Laney.

We got to the Kingdom of Avalor, and we saw that it was an amazing and beautiful place. Then, we saw who we've been wanting to meet: it was Princess Elena, who's become the Queen of Avalor.

Lincoln: Excuse us, are you Princess Elena?

Princess: Yes, I am. (Notices us) Oh, no way, Team Loud Phoenix Storm?! It's an honor to meet you all. Welcome to Avalor.

Lincoln: Thank you, Your Majesty. And we also have someone else who wants to say hello to you.

Then, Princess Elena saw Eli.

Princess Elena: Eli?

Then, she ran up to Eli, and they hugged.

Eli: It's so good to see you again, Elena.

Princess Elena: You too, Eli. And I'm so glad that all of you have arrived, my old enemy, Shuriki, has returned, and she wants revenge.

Lincoln: We heard from Eli that she's the one responsible for what happened to your parents, King Raul and Queen Lucia. Do not worry, Your Majesty, we're going to make sure that she never returns again.

Eli: That's right. Shuriki will pay for the pain and suffering she's caused to you and the Royal Family of Avalor.

Princess Elena: Thank you all. And I hope you don't mind if I come with you.

Lincoln: Not at all, Your Majesty.

?: HELP!

Suddenly, Lincoln heard the sound of fourteen girls calling for help.

With his deep green cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the fourteen girls, but they've been cornered by Shuriki, and she's going to kill them.

Lincoln: Guys, I've found the fourteen girls, but they've been cornered by Shuriki, and she's going to kill them.

?: (Chinese Accent) Then, we've got to hurry!

We then saw a Malefic Rainbow Dragon appear and land in front of us.

Lincoln: That voice, Alexa Cǎihóng, I knew it was you. But, we'll catch up later, and you're right: we've got to hurry.

We rushed on over, and Lincoln fired a powerful blast of rainbow energy at Shuriki, which disarmed the sorceress of The Scepter of Night, and Brittney Knudson appeared, and grabbed it. When Shuriki saw us, she was indeed enraged.

Shuriki: Who do you even think you are to get in my way, Team Loud Phoenix Storm?!

Lincoln: You have no right to even speak to us, Shuriki. As far as you're concerned, we're your executioners, and in the name of Team Loud Phoenix Storm, you are hereby sentenced to death for the murders of King Raul and Queen Lucia forty-one years ago, along with the crimes that you've committed against the Kingdom of Avalor.

Eli: Time to die, you murderer.

Nature Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sima Yi, and Sun Quan got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs, Flora transformed into her Super Angel 750,000,000,000 form, and Me, Eli, Nicole, Brittney, and Nico also transformed and unholstered our massive swords from our backs, and we went at Shuriki, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, ice, lightning, steel orbs, stars, rainbow flames, orange flames, blue flames, and green flames at Shuriki, and they exploded with incredible power as they hit her.

Then, Lincoln fired a powerful red energy blast, which hits Shuriki, and he sucked out all of her magic and abilities, and he and the rest of us assimilated and made them our own. Then, Elena and Lincoln fired two powerful blasts of light, and they obliterated Shuriki, and Lincoln marked her spirit with the kanji, which condemned her to The Black Gates, and she was confronted and judged by the spirits of those she murdered, and her evil spirit was erased from existence forever. We cheered wildly as we holster our weapons and power down, and Lincoln changed back to his normal form.

Alexa Cǎihóng: (Chinese Accent) That was fun. And it's really good to see you again, Lincoln. It's been a long time.

They went up to each other, and they hugged, and Alexa was surprised at how much stronger and at how much taller and much more muscular Lincoln's gotten since she last saw him.

Lincoln: It sure has been a long time, I haven't seen you when you were eleven, and I've grown a lot since then.

Alexa Cǎihóng: (Chinese Accent) Yeah, I can see, you've really grown a lot from the eleven-year-old cute little boy into a 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Wow, Lincoln, you know her.

Lincoln: Yeah, I do, Nico. This is Alexa Cǎihóng, she came to Royal Woods from Beijing, China, and she, like the other Guardian Angels, have defended me from bullies, and from Lori, Lynn, Lola, Luan, and

Lisa.

Nico: Uh oh. There's definitely a reason why you also included Lisa.

Lincoln: We'll talk about that later. Boys, cover your eyes, hold still, Alexa, this is going to hurt.

Me, Nico, Eli, and the rest of the boys covered our eyes as Lincoln snapped his fingers, and Alexa was reverting back to normal. Alexa Căihóng is a beautiful 17-year-old with long red hair going down to the bottom of her neck, ruby eyes, fair skin, she is 6'0" in height, and she had the body of a goddess. She also now has massive rainbow angel wings on her back, as she reigns in the power of the Malefic Rainbow Dragon, and she was in her birthday suit.

Lincoln: How do you feel, Alexa?

Alexa Căihóng: (Chinese Accent) Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Alexa Căihóng a new wardrobe, a sleeveless orange shirt with a rainbow phoenix and a orange skirt with the Malefic Rainbow Dragon on it, green pants, purple leather ankle-high combat boots, and a long black sleeveless trenchcoat with the Malefic Rainbow Dragon on the back, and on her back is a large Malefic Rainbow Dragon-themed sword with a 6'5" massive, wide, double-edged, man-sized rainbow blade with the Malefic Rainbow Dragon etched on it, large Malefic Rainbow Dragon wings for the crossguard, large rainbow gem for the hilt, longer black handle, and large black faceted sphere pommel with surrounding rainbow gems.

Alexa Căihóng: (Chinese Accent) Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Alexa Căihóng's neck with rainbow gems on the gold lightning bolts and rainbow crystals links from her new Crystal Necklace of the Buddha.

Alexa Căihóng: (Chinese Accent) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Alexa.

Alexa Căihóng had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the fourteen girls, and when Lincoln saw them, he immediately recognized them. The fourteen girls are Shizuka Hanekura A.K.A Akatsuki, Minori Housaki, Isuzu Tonan, Kanami Minagawa, Fragrant Olive, Amamiya Rakusu A.K.A. Byakkou, Kawara, Yuukari Ooe A.K.A. Kushiyatama, Yuzu, and Sylvia from Log Horizon, Berecca, Lucy, Emma, and Jane from Ninjala.

Lincoln: Oh wow, it's Shizuka Hanekura A.K.A Akatsuki, Minori Housaki, Isuzu Tonan, Kanami Minagawa, Fragrant Olive, Amamiya Rakusu A.K.A. Byakkou, Kawara, Yuukari Ooe A.K.A. Kushiyatama, Yuzu, Sylvia, Berecca, Lucy, Emma, and Jane.

Helena McTroy: From Log Horizon and Ninjala, awesome.

Lincoln: Are you girls okay?

Shizuka Hanekura: Yes, we're okay, thanks to you.

Then, when Shizuka Hanekura and the other thirteen girls saw who it was that saved them from Shuriki, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around

his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Shizuka Hanekura: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made thirteen clones of himself, and he and the thirteen clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Shizuka Hanekura: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, fourteen Thunderbird Necklaces of Eternal Love appeared right around the necks of Shizuka Hanekura A.K.A Akatsuki, Minori Housaki, Isuzu Tonan, Kanami Minagawa, Fragrant Olive, Amamiya Rakusu A.K.A. Byakkou, Kawara, Yuukari Ooe A.K.A. Kushiyatama, Yuzu, Sylvia, Berecca, Lucy, Emma, and Jane with colored gems and crystals on the gold lightning bolts. We returned to the Estate, we told everyone what happened in Avalor, and they also met Princess Elena, and they were shocked when they found out the villain we'd went after was Shuriki.

But, when Lincoln shows and told everyone what he did to Shuriki, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Alexa Căihóng now have a lot of catching up to do, now that she's back, and we now have Princess Elena of Avalor and Sima Yi as new members of the team, and the rest of the team will one day see Avalor for themselves, and Avalor is now at peace now that Shuriki is now gone for good, and she's never coming back, and we avenged Elena's parents.

---

After dealing with Shuriki this time for good, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Alexa Căihóng saw Lincoln working out like crazy, she had an atomic red blush on her face.

Alexa Căihóng: (Chinese Accent) Whoa, Lincoln has really grown to be a 16-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Alexa, and now, I can also fight and defend myself.

Alexa Căihóng: (Chinese Accent) That's awesome.

Nico: It sure is, Alexa. So, what memories did you have with Lincoln?

Alexa Căihóng: (Chinese Accent) I actually have two memories with Lincoln, and one of them is a shocking revelation, and it involved what Lori, Lynn, Lola, Luan, and Lisa were going to do to Lincoln, and how Leni, Luna, Laney, Lucy, Lana, Lily and I overheard their conversation and we then came to defend him. One day, I was visiting, and I was having a good time with Leni, Luna, Laney, Lucy, Lana, and Lily, while Lincoln was out with Lori, Mr. and Mrs. Loud. But, then, Leni, Luna, Laney, Lucy, Lana, Lily, and I overheard a conversation coming from Lola's room, and we knew those voices were none other than Luan, Lynn, Lola, and Lisa, the Mean Sisters, so we listened carefully.

Luna Loud: We overheard that Lincoln trashed Lori's prom dress, and they're going to pound him into pulp, and we heard the evil laughter coming from Lynn and Lola. Then, we got out of there, as soon as we heard Vanzilla come back, and Lori, Luan, Lynn, Lola, and Lisa came out, and they were going to attack him as soon as he stepped into the house. It was right from there that we had to act.

Laney: So, we charged out, and we roughed up Lori, Luan, Lynn, Lola, and Lisa, and we tied them up with powerful nylon rope, it was so strong that not even Lori, Lynn, or Lola at their worst could even chew out of them. Then, after Lincoln and Mr. and Mrs. Loud came inside, we went up to Lisa's room, and we looked at the camera in Lori's room a few hours earlier. We saw that Lincoln was running after Luan, Lynn, and Lola, and we saw why: Lynn had taken Bun-Bun, his favorite stuffed rabbit, and they knew it'd make Lincoln panic and try to get him back, but they didn't care. We then saw they ran into Lori's room, and Lynn was taunting him, and he then got into a scuffle with Lynn, and he accidentally trashed Lori's prom dress. It devastated him, and Lynn was still laughing at him like the stubborn jackass that she was, and she taunted him saying that when Lori finds out, she'll kill him, and she, Luan, Lola, and Lisa are also going to help kill him.

Lucy Loud: It was really dark, even for me. But, then, we saw that Lola and Lynn had planted a lock of Lincoln's hair at the scene, so Lori would notice it, and it would also fool Lisa too.

Lana: When Lori saw the footage for herself, she felt so much regret, and when Alexa untied her, she ran up to Lincoln, and she hugged him, and she cried. Lincoln returned it, and he was doing his best to comfort her. Alexa also went up to Lincoln, and she also joined in on the hug.

Leni: I also went up to Lori, and I told her that I was going to get to work and mend the dress, so it would be ready for prom, and that brought a smile to her face, and she also hugged me. It did take a few days to fix it, but, by the time of the prom, it was ready, and Lori looked amazing.

Lori: Leni did an amazing job fixing it, but, Mom and Dad were literally angry at Luan, Lynn, Lola, and Lisa for what they did hours earlier, and at us for wanting to beat Lincoln into pulp, and as a result, it led to a harsh grounding for six weeks with no puns, pranks, and jokes for Luan, no sports and sports competitions for Lynn, no pageants or tea parties for Lola, and no science experiments for Lisa, along with no TV or dessert. As for me, Lincoln asked Mom and Dad to let me go to the prom, and since they saw that I had regret and remorse for what I was about to do, they accepted. But, then as soon as that was over, I got grounded for a week for this, but what Lincoln did, I swore to make it up to him. After my grounding was over that week, we went to Gus' Games and Grub and played on the arcade games and ate pizza for lunch.

Me: Aw.

Nico: (Sniffs) Now, that was such a sweet thing you did for Lincoln, Lori.

TLPS Mr. Wolf: It sure is. Lincoln, what else can you tell us about Alexa?

Lincoln: Alexa is my partner in Art Class, and she has a passion for Meteorology. We worked together to build a display of not only clouds but also the Sun, the Moon, and the stars.

Lincoln showed us the display that he and Alexa Cǎihóng worked on, and it was truly amazing and awesome.

Me: Whoa.

Nico: That's incredible, you guys really worked hard on building that display.

Lincoln: We sure did, Nico, and we got an A on that assignment.

We then got a shower, and suddenly, the alarm sounded, and we saw another of Ultratech's goons, Ben Harris A.K.A. Cinder, is on the loose, and is burning everything in sight.

Lincoln: Cinder, I should've known that Ultratech would send that convicted criminal turned living flame to attack. They must've found out about Sadira's death at Dudley's hands yesterday, and now, they're kicking up their desires for revenge.

Kim Wu: Let's go put that bastard's flames out for good.

We then head outside, and we were also absorbing the fires that Cinder has left in his wake. Then, we saw Cinder himself, and

Lincoln fired a powerful blast of water at him, which really hurt him. When he saw us, he was mad that we ruined his fun.

Cinder: So, the famous Team Loud Phoenix Storm has arrived. I'm going to enjoy burning all of you to death.

Lincoln: I don't think so, your days of doing all of Ultratech's dirty work are over.

Cinder: Then, I'm not going down without a fight.

Kim Wu: And that's what you're going to get.

Suddenly, Kim Wu's brown eyes turned neon brown, and she was surrounded by a purple energy aura with fire and dragons, and as she approached Cinder, she left purple energy, fire, and dragons with every step. Suddenly, Kim Wu was surrounded by a massive vortex of purple energy with fire and dragons surrounding the vortex, there's a dragon flying around the vortex, and in the vortex is a red phoenix. Then, as the vortex faded, Kim Wu emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Kim Wu grew to 6'5" in height, she had the body of a goddess and she has turquoise highlights in the bangs of her red and curly hair tied in a ponytail, she has neon brown eyes and a purple energy aura with flames and dragons surrounding her. She has a Chinese dragon with the Fire Kanji in its claws emblazoned on her forehead, she has on Chinese dragon earrings with turquoise crystals for the eyes and the Fire Kanji in its claws, and she also has a dragon with turquoise crystals for the eyes and the Fire Kanji in its claws for the second pendant of her Thunderbird Necklace of Eternal Love with turquoise gems on the gold lightning bolts and turquoise crystals from her Crystal Necklace of The Buddha which merged with her Thunderbird Necklace of Eternal Love. Kim Wu has on a sleeveless purple shirt with a turquoise phoenix on it, black pants with flames on them, and black ankle-length combat boots with silver dragons for the buckles, and she has on turquoise weighted bands with silver phoenixes on her biceps and thighs, and she has on a long purple sleeveless trenchcoat with dragons and flames on the coattails, and on the back is a dragon and a phoenix, and surrounding them are flames.

Kim Wu has a new large sword in her hand called Yeouiju's Dragon Sword of Fiery Justice, it's a large sword with the Dragon spirit Yeouiju etched onto the 6'5" massive, wide, double-edged, man-sized silver blade, large gold dragon heads with turquoise green eyes for the crossguard, large turquoise gem for the hilt, longer black handle, and large dragon heads with turquoise gems for the eyes for the pommel and turquoise gems in its open mouths. Kim Wu has on her new large cuff Bracelets of the Champions of The Universe with green gems on her wrists, Belt of Elemental Bravery with a gold dragon head with a turquoise gem inside its mouth for the belt buckle, large red Spellbook of The Gods and The Universe on her left hip and Eater of Sins revolver holstered on her right hip. There's a turquoise kanji right below the dragon on the back that said, "Kim Wu, Chosen Warrior of The Ancient Dragon Spirit Yeouiju, Descendant of The Heroes Who Banished Gargos, Loving Future Wife of Lincoln Loud, Destroyer of Ultratech and Gargos, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, and Master of Dragons and Flames."

キム・ウー、古代ドラゴンスピリットの選ばれた戦士ヨウイジュ、ガルゴスを追放した英雄の子孫、リンカーン・ラウドの愛する未来の妻、ウルトラテックとガルゴスの駆逐艦、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎のマスタードラゴンと炎

Kim Wu has transformed into SUPER ANGEL INFINITY FIRESTORM CHINESE DRAGON ANGEL OF FIERY BRAVERY AND DRACONIC LOVE!

We were amazed by Kim Wu's Super Angel Infinity transformation, and when Lincoln saw it, he had an atomic red blush on his face and hearts in his eyes. But, when Cinder saw it, he fired a blast of fire at her, but she absorbed it, and she fired a powerful blast of purple energy, which hits him.

Nico: Whoa, now Kim Wu's transformed, and that means that hothead is in big trouble now.

Lincoln: Wow, Kim Wu, you look beautiful. How do you feel?

Kim Wu: (Divine Echoing Cosmic Voice of The Inferno and Draconic Love) **I feel incredible, Lincoln, and now, I'm going to put out Cinder for good. And I already know you're also going to join in.**

Lincoln: (Smiles) That's right.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Kim Wu.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's put that hothead's flames out for good. But, let's take this to a different planet.**

We were on the Planet Glaren, and once that happened, Lincoln and Kim Wu then went at Cinder, who had thrown fireballs at them, but they absorbed them and it made them stronger than ever, and they fired powerful blasts of rainbow energy, elemental forces, rainbow and orange flames, Thunderbirds, Phoenixes, Buffalo, and Chinese Dragons at Cinder, which exploded with incredible power, as they hit him. Cinder kept throwing fireballs at them, but they kept on absorbing them, and it continued to make them stronger than ever. Then, Lincoln and Kim Wu grabbed Cinder, and they began sucking out and absorbing Cinder's flames, along with his fire powers, and they and the rest of us made them our own. Then, Lincoln and Kim Wu decapitated Cinder, and they fired powerful blasts of energy at his decapitated body, and he exploded in purple flame, and his spirit was Super Hakaied for good. We came back home and we cheered wildly for what Lincoln and Kim Wu did, as they holstered their massive swords on their backs and power down, and Kim Wu's new body, clothes, weapons, angel wings, and jewelry are permanent.

Kim Wu: That's another Ultratech flunkie put down for good. Thank you for helping me with taking down Cinder, Lincoln.

Lincoln: (Smiles Warmly) You're welcome, Kim Wu, and there's also something I want to give you.

Kim Wu: Oh, and what's that?

Lincoln: (Sly Grin) Oh, this.

Lincoln wrapped his abnormally massive and powerful muscular arms around Kim Wu's waist, and he brought her into an embrace, which took her by surprise and that brought an atomic red blush to her face. Then, as Lincoln leaned down to her face, they kissed passionately as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird, Chinese Dragon, and Phoenix flying in the air, and we also saw a herd of Buffalo running across the field, and the display of the elemental forces. We had tears in our eyes and a smile on our faces. Then, Lincoln and Kim Wu came up to us.

Nico: (Smiles) Impressive work in leading the team today, big guy.

Lincoln: Thanks, Nico.

Me: And that was an awesome idea in taking the battle to a different planet.

Suddenly, Kim Wu felt a sharp pain on her back, and then, we saw a pair of massive red angel wings with turquoise tips on the large red feathers sprout out from her back.

Lincoln: Whoa, Kim Wu you now have angel wings.

Kim Wu saw the massive angel wings, thanks to a mirror of water that Lincoln made, and she was amazed by them.

Kim Wu: Wow, that's amazing, and I always wanted to see what I look like with angel wings.

Lincoln: And now, you've got your wish, Kim Wu. Alright, everyone, let's head back, the day's not over yet.

We return home to the Estate, and we've gotten rid of Cinder, but

Ultratech's not even done yet, but we'll be rid of them very soon.

* * *

2012 Donnie: You know, you're the perfect guy to help us out on what we're about to do.

Electrocutioner: Please tell me you guys are gonna take out your version of Shredder now!

2012 Raph: (smirks) Nope. But it's the next best thing!

2012 Leo: We're going after the Kraang.

Me: The Kraang. Another one of your most dangerous enemies.

Emerald Goldenbraid: This is gonna be good.

We then set out and we met 2012 Rocksteady and Bebop.

2012 Rocksteady: Turtles! Good to see you all again!

2012 Leo: Same to you Rocksteady.

Me: Awesome to meet you and you too Bebop.

2012 Rocksteady: Wow! J.D. Knudson, Leader of Team Loud Phoenix Storm! It's such an honor.

Me: Pleasure is mine. Except I'm no longer the leader. I'm now second in command of the team and Nico my best friend has been promoted to full time leader. He displayed amazingly incredible leadership skills in some of our biggest and major battles last year that he earned a huge promotion.

2012 Rocksteady: Wow that makes sense.

Emerald Goldenbraid: It sure does.

2012 Bebop: You guys here for the Kraang killing party?

Me: You bet we are. The Kraang have tormented this universe for far too long.

Emerald Goldenbraid: That's right and we're going to make those parasitic freaks pay.

Electrocutioner: They may look like the Utrom but they are just corrupted monsters.

Me: Yeah.

We then went after the Krang and they saw us.

Krang robot: It is the ones called the turtles and-(sees me)-J-J-J.D. KNUDSON?!

2012 Leo: You look scared. Good.

Me: Because it's time to die.

I fired an energy blast and it hit the Krang Robot and he exploded into nothing. That Krang was dead.

Emerald Goldenbraid: Nice shot.

Me: Thanks. Seems the Krang are really scared of me. I'm amazed that they know about my reputation.

The Krang all came at us.

2012 Rocksteady: I will pop your heads like the blueberries!

Emerald Goldenbraid: Don't hog all the fun!

They fired energy blasts and smashed a bunch of Krang into dust.

Me: To quote Nico, You Krang Jellyfish Freaks have Failed This Universe! LIGHTNING SHOWER RAIN!

I fired a massive shower of energy needles and blew numerous Krang apart and killed them all over.

2012 Donnie: (to Electrocutioner) If you use your electricity on the main computer, it should overload the systems!

Electrocutioner: That is something I'm good at!

He fired a blast of lightning at the main computer and it overloaded it and then it was exploding!

BOOM BOOM BOOM BOOM BOOM!

Me: It's gonna blow!

2012 Donnie: (closes his eyes) Gentlemen, it's been an honor.

Just as it exploded I formed a force field dome around us and we were protected as the whole Krang base exploded in a massive explosion!

EXTREMELY MASSIVE EXPLOSION!

When the smoke cleared we were all safe.

2012 Leo: WHOA!

2012 Donnie: Huh?

Emerald Goldenbraid: Nice save J.D.

Later we came back and told everyone about what happened and they were amazed.

May: Who should come with you next time?

Emerald Goldenbraid: How about you and Nico, May?

Nico: Good idea.

May: I would be honored.

Me: It'll be awesome to see who we go up against together next time. I hope we face 2012's Baxter Stockman.

Nico: That would be awesome. I heard he's an ugly fly guy.

Me: Yep. And we can also meet 2012's Karai there and she can help us destroy one of their enemies too.

Nico: Good idea.

Time Force Dash: Jack, can you tell us how you trained for Aku's return?

Samurai Jack: Yes I am more than happy to tell you. But first I must start with the day Aku returned.

---

The Emperor was teaching young Jack.

The Emperor: When the evil shapeshifting wizard Aku arose from the bowels of hate to ravage our land, I was a young emperor at the time and was helpless against his powers. But I remembered our grandfather's grandfather's stories about three monks, who were gifted with mystical powers. I rode to the highest peak of the mountainside, where the monks agreed to forge me an enchanted sword with great magic. Armed with the sword and the hope of my people, I plunged into battle against Aku. His evil was no match for the power of righteousness, and with the sword's magic, Aku's demon forces were implanted into the Earth, forever petrifying him into the wasteland that he created. Through years of hard work, we have rebuilt our glorious past with hopes never to encounter an evil such as Aku again. Always be alert, my son, for the presence of evil is sometimes right behind you.

Shortly after that, is when all of the world would soon go to Hell. AKU RETURNED! The people of Jack's village were helpless against him and the Emperor went to get the sword. But Aku anticipated this and grabbed the Emperor before he could get to it.

Emperor: MOTHER AKU HAS RETURNED! DO AS WE HAVE PLANNED! OUR FUTURE DEPENDS ON IT!

She did as he told and Aku laughed malevolently as Jack and his mom sailed away and Jack began his journey to train.

FLASHBACK 1 ENDS.

Me: Whoa!

Nico: So Aku returned unexpectedly.

Samurai Jack: Yes I was 8 years old when he returned and from there I started an intense training journey.

Elsa: So you were a young kid at the time.

Samurai Jack: That's right and I was in for the greatest journey of my life.

FLASHBACK 2

Jack was sailing the oceans and looking up at the stars. The prince spends his childhood and teenage years in various cultures. The ship's captain teaches him about astronomy. He trains in equestrianism in the camp of an Arab Sheikh. He learns stick fighting from the Chief of an African tribe. In Egypt he studies hieroglyphics. In Greece he learns the art of wrestling. He learns marksmanship from a European bandit known as Robin Hood. The knowledge of seamanship is instilled during his time on a Viking ship. A Russian Boyar teaches him axe throwing. Mongol warriors teach him spear throwing. He then reaches to the temple of Shaolin to study Kung fu.

Having finished his tour of the old world, the Prince, now grown up, heads to a designated rendezvous point where he reunites with his mother. The mother and child embrace after their long separation, and she returns to him his birthright: the sword of his father, and a white gi. The Prince trains with the sword before he is ready to return home and free his people.

FLASHBACK 2 ENDS

We were amazed.

Nico: Wow! That is an intense training period.

J.D. 2: Wow and I have known all about all that for centuries.

J.D. 3: Same with me. That is awesome that Jack knows all about all

that.

Ashi: It sure is cool.

Motormaster: And Aku didn't send anyone after you the whole time?

Samurai Jack: No thank goodness he didn't.

Me: He probably didn't see you as that much of a threat back then. But what really stumps me is how you got into the future by the time we were there.

Samurai Jack: That is a big story. I went into battle against Aku after I freed my people from his slavery.

FLASHBACK 3

Jack arrived at Aku's castle.

Jack: AKUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUUU! [loud echoing]

Aku then came!

Aku: Who dares to summon the Master of Masters, the Deliverer of Darkness, the Shogun of Sorrow, Aku?!

Jack: I am the lost son of the land you have pillaged. I am here to reclaim it. [draws the sword out] For my people… for my father… for my birthright.

Aku: [laughs] Fool. No mortal can hurt the great Aku.

[Jack slashes Aku and to Aku's surprise, it hurt a lot]

OUCH!

Aku: [growls/grunts/hisses in pain] That sword! I remember that blade. I recognize your blood. You are the son of the fool who imprisoned me those many years ago. No matter. Neither he nor the sword had the power to slay me forever. And neither do you.

He turned into a Gorilla and went at Jack!

It was a brutal battle!

Then he turned into a Scorpion!

Jack: No matter what form you take, Aku, you will never defeat the side of righteousness.

Jack was winning against him.

He turned into an octopus. Then turned into a ram and then bird!

Jack: Now demon, with the blessings or righteousness and the power of the sacred blade, I cast thee back to the vile pit from whence you came!

He had Aku pinned down.

[Jack prepares to strike the final blow onto Aku]

Aku: You might have beaten me now, but I will destroy you in the future.

Jack: There is no future for you, Aku.

Aku: I disagree. [he shrieks fives circles and forms white holes above and below Jack]

Jack: What trickery is this? [the circles envelope Jack; he slashes it but he disappears in a flash of white light, as he's send to the future] Aku-! [the light fades off; Aku slowly rises]

Aku: Do not worry, samurai. You will see me again. But next time, you will not be so fortunate.

Jack was thrusted into the future!

FLASHBACK 3 ENDS

Me: WHOA!

Nico: So that's how he did it.

Ashi: And it's ironic that I would use the same thing he did.

Me: VERY Ironic.

Laney: Wow! I remember that.

Me: So in a way, we threw his time-travel spell right back at him.

Jessie Bannon: Very genius.

Rodimus Prime: Good thing Aku's not coming back anytime soon.

Nico: Thank goodness. Wow that was an amazing adventure.

Fiona Hernandez: Yeah that was amazing!

Misty Tredwell: Wow it sure was cool.

Carly Atlas: Yeah.

Laney: Too bad that it took 50 years in the Simulator.

Lisa Loud: Indeed. But at least we got the job done.

Long Haul: Many of us weren't with you guys at that time.

Me: No, many of you weren't. But back then the battles of the Brave 12 will be forever remembered as one of the great adventures of TLPS Pre-start years.

Nico: Yes it sure will be remembered.

Laney: Yep.

Then the phone rang.

Eli: I'll get that.

Eli went and got the phone.

Eli: Hello Team Loud Phoenix Storm Estate, Eli Winston Bullock speaking.

Tom Lair: Eli it's Chief Lair.

Eli: Oh hello Tom.

Tom Lair: I'm afraid we got big trouble. Brittney Wong has escaped from the prison!

Eli: Brittney Wong?

Tom Lair: She was a girl that went after Star because she thought that she ruined her life.

Eli: OH MAN! I'll go tell Nico about it.

Eli did so and he gasped.

Nico: Oh man!

We gasped too!

Me: What?! Oh man, this is not good!

Star Butterfly: You said it, J.D.

Marco Diaz: I thought we were rid of her for good after we sent her to prison after she tried to crash the twins' birthday party.

Lana: If she's out of prison and wanting revenge, we're ready for her.

Lola: Yeah, we're ready to beat her down.

Nico: Whoa, I remembered hearing about Brittney Wong from Star and the others, and that she had crashed Lana and Lola's birthday party in order to get revenge on Star, sheesh, she just doesn't even know when to quit, does she?

Me: Even after we sent her to prison five years ago.

Star Butterfly: Brittney busted out of prison!?

Me: That girl just can't take a hint!

Allie Wilde: Who is Brittney Wong?

Nico: She is an old enemy of Star. Brittney came from a rich family and she hates Star Butterfly for ruining her life. She tried to get revenge on her for her family's misfortunes but we stopped her. But I wasn't there when it happened. But Lola and Lana told me all about it.

Me: Yeah I remember that day.

Then Eccentro, Dr. Light, Molten Man, Snake, Technus, Titanium Titan, U Foes, Marluxia, Titanium Man, and Merman then appeared.

Eccentro: Can me, Dr. Light, Molten Man, Snake, Technus, Titanium Titan, U Foes, Marluxia, Titanium Man, and Merman go with you guys?

Nico: You all sure can. Our old enemy Brittney Wong escaped from prison earlier this morning.

Dr. Light: Wasn't she that rich girl that hates Star for being more popular than she is and she tried to kill her for all her family's failures?

Nico: That's right.

Zach: Then, we should get going and stop Brittney Wong before she does any damage.

Suddenly, the flames of The Underworld had risen from the ground inside the Estate, and we then see something appear from the flames: it's a large sword with a 6'9" massive, wide, double-edged man-sized fiery red blade with Enochian Runes etched in a circle around War, one of The Four Horsemen of The Apocalypse, large curved upward fiery red ram horns for the crossguard, large fiery red gem for the hilt, longer black handle, and four large fiery red skulls for the pommel with blood red gems for the eyes and large blood red gems in their open mouths. The sword is known as War's Chaos Blood Sword of Underworld Justice.

Nico: Holy crap, that sword looks really menacing and intimidating.

The large book of legends manifested from rainbow light shined from the Thunderbird emblazoned on Lincoln's forehead, and it turned to the page with the image of the sword on it, along with the info on it.

Lincoln 2: I thought that sword looked familiar, that large menacing sword that appeared is known as War's Chaos Blood Sword of Underworld Justice, this powerful sword is said to have been imbued with the powers of the horseman, War.

Zach Gurdle: Whoa, that's awesome.

Suddenly, the sword called out to Zach Gurdle, and he grabbed the large blade's longer black handle. Then, we saw something happen: Zach's eyes turned from black to blood red, and his wild unkempt red hair grew longer and it reached the bottom of his neck. Suddenly, we saw Zach grow to 7'0" in height, and we saw all his upper and lower body muscles growing abnormally massive and powerful at a very incredible rate, and it caused his white and blue-striped short-sleeved shirt to rip, and his long jeans tore and turned into shorts, and his shoes had ripped off, and we saw that Zach now has powerful upper and lower body muscles and eight-pack abs. When we saw what happened to Zach, we were stunned, Zach Gurdle has turned into a very muscular hunk.

Nico: Whoa, now that's awesome!

Lincoln: Incredible.

Zach: Whoa, what on Earth happened?

We also heard Zach's voice become deeper after his transformation, and Lincoln made a mirror out of water, and when Zach saw just what happened to him when he grabbed his brand-new sword, he was amazed.

Zach: (Stunned) Whoa, now I look really awesome. But, I can't help but get the feeling I'm going to face is another of Ultratech's goons.

Lincoln: But, you'll be ready, Zach, and I think I know why that sword called out to you, you did get a divine blessing from War, one of The

Four Horsemen of The Apocalypse.

Nico: That's right, I remembered J.D. telling me all about that one, Lincoln. Still, it's so awesome to know that Zach had gotten his powers from one of the Four Horsemen of The Apocalypse.

Zach snapped his fingers, and he was now dressed in a fiery red version of He-Man 2002's loincloth, large long black pants with flames on the legs, large black leather ankle-length combat boots, large fiery red weighted bands with silver phoenixes on his massive biceps and thighs, and eight large fiery red orbs orbiting around his legs, and he had his massive War's Chaos Blood Sword of Underworld Justice holstered on his now wider and more muscular back.

Zach: Alright, now, I'm ready.

Nico: Right, let's go stop Brittney Wong, and put an end to her desire for revenge for good.

Lincoln: But luckily I know what to do for this situation. I have a plan.

Lincoln told us what it was. He was gonna go undercover as a foreign exchange student and go on a date with Brittney to gain her trust and get her to talk about stuff. And when he has her lulled into a false sense of security we'll ambush her.

Nico: Now, the date won't happen right away.

Sunny Tennyson: Why?

Nico: (smirks) First, Lincoln's gonna invite her on the date.

Lincoln: Yep.

Vector: Lincoln's gonna need a different outfit.

Vapor: He's too recognizably dressed like this.

Nico: Relax. I've got him covered.

Nico gave him a wig that was black and had him dressed in a great outfit. He had a Russian Coat, black khakis, black shirt and shoes.

We then put our plan into action.

Nico: Now, when you ask her out, make sure not to give yourself away.

Mewtwo: I'll be in telepathic contact just in case.

Lincoln: Thanks guys.

Me: Good luck buddy. We'll be watching from the shadows.

Laney: Be careful bro.

Lincoln: I will.

Titanium Titan: All we can do now is wait.

Ironclad: Nico, while we're waiting, which Gene Slammer do you think will appear on your next rescue?

Nico: Hoping to meet a Tetramand Gene-Slammer next.

Laney: Fourarms kind next. Cool.

Nico: Yep. This is gonna be awesome.

Me: Yep. (Sees something) Look sharp here she comes.

We saw Brittney and she was dressed in a beautiful orange dress and had her hair in a ponytail.

Sinnertwin: Nobody make a sound.

We all kept really quiet.

Lincoln: (Russian Accent) Ah Brittney Wong I presume?

Brittney Wong: Yes and you are?

Lincoln: Lincolnovich Loudinski. It's pleasure to meet such a beautiful and magnificently aspiring maiden such as you.

Brittney Wong: (Blushes) Why thank you.

Lincoln: Would you like to have a drink with me?

Brittney Wong: I would be honored.

They went into the restaurant.

X Ray: Honestly, she doesn't look that dangerous.

Merman: Maybe she's changed.

Nico: Let's not jump to conclusions just yet.

Me: Trust me. She has a lot of issues.

Varie: Yep.

Me: They're talking.

Lincoln: May I ask why it is that you hate Ms. Star Butterfly so much?

Brittney Wong: Because she ruined my life and I want revenge on her for sending me to prison.

Lincoln: I have a feeling there's more to it than that.

Totally Spies Alice: Hmm. Maybe we should look up her full history.

Maria: That's a good idea.

Me: I tried looking it up but I'm afraid there's not much to go on.

Nico: That's a shame.

Lincoln: I want to know what caused this to happen to you.

Brittney Wong: Well since you asked I'll tell you. You see my family was great but the reason I really became like this is because of my parents.

Snake: (telepathically to Lincoln) Stay focused, dude.

Brittney Wong: My father has a business rival named the McSchaefer's.

Me: (In my head) McSchaefer's. I've heard of them. They are a well known multi-trillion dollar kitchen appliance manufacturing company.

Brittney Wong: My father bet with the McSchaefer's that he can make a better product than they could. It was an all in one breakfast machine that can make scrambled eggs, squeeze juice, make toast, make pancakes, waffles and bacon. My father and mother bet all their life savings and fortune on it. But the McSchaefer's made a better machine and my family lost big time. After that my family lost everything. (Starts crying)

Ellie Singh was hearing it.

Brittney Wong: (Crying) My father and mother went insane and they did all kinds of horrible things to me! (Crying harder) I was disowned by them and my parents were sent to a mental hospital! (Cries even harder) I was left on the street because of it! (WAILING)

Ellie Singh gasped.

Nico: Oh man.

Me: Poor girl. I feel sorry for her.

ZOOM!

Ellie ran over to her.

Me: Ellie? What are you doing?

Nico: Wait I think she's sympathizing with her.

Pharaoh Man: (telepathically to Ellie) Don't give away the plan just yet!

Eli: Let her do something.

Ellie Singh then comforted Brittney.

Ellie Singh: Brittney I completely understand how you feel. Like you I came from a rich family myself and my family lost everything too.

Brittney Wong: (Sniffles) You did?

Ellie Singh: Yes. But it was a long time ago. My father lost all his money and he went insane too.

Brittney Wong then cried more as Ellie comforted her.

Nico: Man that's terrible.

Lola: I feel bad for Brittney.

Star: I had no idea she was going through all that.

Titanium Man: Thank God Brittney didn't ask Ellie who she was!

Nico: Smart thinking.

Me: Yeah.

Ellie Singh: You see Brittney my father was so insane that he sewed his own eyelids shut and he hated my guts. At least I didn't live in a cardboard box. Fate had different plans for me. Sorry to interrupt your date.

Lincoln: No worries. (Winks at Ellie)

She zoomed out of there.

Nico: That was a close one.

Clown Man: (telepathically to Lincoln) Lincoln, tell Brittney you have to use the bathroom! We need to discuss what we just learned!

Lincoln: (Telepathically) Right. (To Brittney out loud) Please excuse me I have to use restroom.

Brittney Wong: Of course.

Lincoln went to the bathroom.

Marluxia: Why wasn't that information made public?!

Nico: I honestly have no idea.

Me: Because we were starting out and before Nico joined us we were always rushing into things and getting things done very quickly.

Nico: That's right. I remember that.

Eli: But now we can help Brittney out and give her a better life and home.

Laney: Yeah I feel bad for her.

Star: Me too.

Magma: Some of us need to pay the McSchaefers a visit!

William: Good idea!

Nico: We can worry about that later.

Lily: But I can cure Brittney's parents like I cured Ellie's parents.

Me: Good idea.

Nico: Thank goodness I'm not mad at Brittney's parents like I was with Ellie's dad. I wanted to rip his head off for what he said to her even if he didn't know what he was doing.

Eli: Thank goodness we held you back.

Me: Yeah. Lets resume our plan.

Technus: How about I use my powers to travel through the power lines and bring Brittney's parents here?

Nico: That's a good idea. But make sure they stay quiet. We don't want them to blow our cover.

Lisa Loud: My scan shows that they have been taken to the Gotham Royal York Psychiatric Ward on the southwestern quadrant of the city.

Technus nodded and he went through the power lines.

We signaled for Lincoln to come back.

Lincoln had a great date.

Onslaught: I really hoped you enjoyed that date, Lincoln.

Lincoln: I sure did.

Nico: Glad you did.

Technus came back and in straitjackets he had Brittney Wong's parents Chen and Bonnie Wong.

Nico: Lets get in top of that building right there.

Nico pointed to a building and we went up to the roof and then Lily used her water and cured them of their insanity.

Chen Wong: (Groans) What happened.

Bonnie Wong: I've got the worst ever headache.

Lily: That's because we cured you of your insanity.

They saw us.

Nico: Sorry to bring you here but we should tell you everything that has been happening. Specifically to Brittney.

Chen Wong: Is she all right?

Nico: Well…

We told them everything.

Molten Man: For what it's worth, we really are sorry.

Bonnie Wong: It's not your fault. It's ours. We let our love for money consume us that we had no idea that our daughter turned into this. Star I'm sorry Brittney was trying to kill you.

Star Butterfly: It's all right.

Venus Butterfly: Brittney needs you guys.

Nico: We got to free Brittney of her dark side and put it in the Pluto Prison.

Lana: Yeah.

Chen Wong: But let us talk to her first.

Laney: Okay.

Mr. Boss: As soon as she comes out, we'll do our entrance on her.

Nico: Roger that.

We waited and then we saw her come out.

Nico: Showtime!

We went at her and Brittney was mad and then elemental spirits of courage came out and swirled around her and then converged and then…

KRABBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and then a phoenix cry was heard and we came out.

Me: Hello Brittney. Been a long time.

Brittney Wong: J.D. Knudson!?

Me: That's right.

Brittney Wong: What happened to you? You look completely different and you didn't have this many people with you.

Me: 4 years have passed since we last saw each other when you crashed Lola and Lana's birthday party. Also yes we all are now the all-powerful Team Loud Phoenix Storm.

Nico: Brittney we heard about what happened to you.

Ellie Singh: That's right.

Brittney Wong: You're part of the team?

Ellie Singh: That's right. I'm Ellie Singh and I'm one of Nico's friends and I went through the same thing you did.

Nico: Really strange story.

Chen Wong: Brittney?

Brittney saw her parents.

Brittney Wong: Mom? Dad?

Chen Wong: Thank goodness we found you.

She pulled out a gun!

Dr. Light: Go ahead and fire that gun. We'll just avoid the bullets.

Lincoln: (guilty) No. Brittney, you have every right to fire that gun. I guess it's what I get for tricking you like that. But honestly, I did have a nice time with you.

Brittney Wong: And I'm glad you did Lincoln and you are a really sweet guy and the Russian Accent you did was really charming.

Lincoln: A thank you.

Me: Brittney lets talk about this. We're sorry we tricked you but it was so we can get to know more about you.

Chen Wong: That's right and Brittney we're sorry we did what we did!

Bonnie Wong: We weren't thinking right when we lost our minds! Please! Forgive us!

Nico: Brittney they went crazy when all that happened. Just put the gun down and lets talk.

But then Brittney felt a massive headache.

Lori: Oh no! She's separating her dark side!

Nico: Stand ready!

A blob of darkness came out and then out came DARK BRITTNEY!

Dark Brittney: Free at last! Now to kill you Star Butterfly!

Star then kicked her down.

Nico: Lets take the battle to someplace where people won't get hurt.

Nico snapped his fingers and we were on Glaren.

Nico: Much better.

Then INSTIGATOR, Chalmers, Springfield Bullies, Onyx, Nergal, Toyman, Chemistro, Titanium Toenail, Box Ghost, and Knightbrace appeared.

Nico: INSTIGATOR, Chalmers, Springfield Bullies, Onyx, Nergal, Toyman, Chemistro, Titanium Toenail, Box Ghost, and Knightbrace.

INSTIGATOR: I… didn't expect this at all.

Maria: We're just as shocked as you are.

Nico: Yeah.

Chalmers: At least you guys can deal with her dark side now.

Jimbo: Just like you did the first time!

Me: Yep.

Onyx: (to Nico) Heard you dealt with Mewberty.

Nico: We sure did.

Nergal: Was it Star like before?

Nico: No it was one of her ancestors.

Venus Butterfly: And that's me. I'm Venus Butterfly the Fairest.

Nergal: Awesome to meet you.

Onyx: Love your hair. It's pretty.

Rainbow Dash: Her hair is awesome.

Nico: It sure is.

?: I'll say.

A figure came out and it was BOMB SHADOW from episode 8 of ToQger!

---

Bomb Shadow, also known as Bakudan Shadow, is a villainous Shadow Kaijin who appears in Episode 8 of Ressha Sentai ToQger.

He is voiced by Atsushi Imaruoka who previously voiced a Heater Banki, Elmgaim of the Baku and later voiced Western Yokai Dracula.

History

This Shadow Kaijin was sent by Nero to the town the ToQgers stopped in when they were looking for the Diesel Ressha, during his first fight with the ToQgers, ToQ 1gou sent him flying into the distance with a kick to the bum, exploding in the air. Dumbfounded, the ToQgers nevertheless went over to Bomb Shadow's death site, only to run into a cloud of black smoke that came from it.

After clearing out the Ressha of the smoke, several blobs of sentient smoke was left, and when the Ressha started to move, one of those blobs exploded on Red Ressha's controls, taking out the brakes and making the Ressha accelerate, with another one landing on Tokkati, forming into a copy of Bomb Shadow's body that stuck to the ToQger.

The main blob formed into Bomb Shadow himself in a new, miniature spider-like body, and told the ToQgers that if they don't catch him and press the button on his head, that the bomb will blow up if the Ressha goes off the rails, as well as adding the risk of saying what will happen if Tokkati falls or tries to remove it.

After minutes of trying to capture the irritating Kaijin and avoid disaster by narrowly clearing a turn at their current speed, the ToQgers then tricked Bomb Shadow into thinking they got rid of Tokkati's bomb by having ToQ 4gou pose as Tokkati, leaving the shocked Kaijin open for 3gou to grab him and pressed the button on his head, then threw the bomb and Bomb Shadow out of the speeding Ressha to explode harmlessly. His plan was further thwarted when ToQ 1gou arrived with the newly revitalized Diesel Ressha to stop the speeding Ressha by linking up the Ressha and hitting the brakes as hard as he could.

Irritated, he then tries to blow up the ToQgers, only for them to surround the Shadow Kaijin and destroy him with their Ressha's weapons.

Bomb Shadow was among the Shadow Monsters that were brought back as ghosts by Tombstone Shadow, they were weaker than when they were living and unable to grow when defeated. He was destroyed again by ToQ 2gou's "Tokatti Super Beam".

---

Right Suzuki: Bomb Shadow!

Bomb Shadow: Been a while rangers.

Me: I remember you! You were sent to blow up the Ressha with a kamikaze bomb move.

Bomb Shadow: That's right. Good memory on you J.D.

Me: Thanks.

William: You're not gonna reform into Bakudan Shadow when we blow you up, will you?

Bomb Shadow: Nah. For this fight, you'll just fight me like this.

Nico: Good.

Me: Much better that way.

2012 Pizza Face came and he said that he was gonna be Francesca's archenemy just like Nico predicted.

We got the usual battles underway.

## Pinkie Pie, Featherweight, Tech Skylanders, Slapback, Naruto, Shizune, Hook and Long Haul VS INSTIGATOR - Nico's Rescue

INSTIGATOR was first.

INSTIGATOR: (to Pinkie) I hope Nico had a good time in his rescue. And his guess about the Geochelone Aerio Gene-Slammer's identity was spot on.

Pinkie Pie: It sure was and it was really great that he knew who it was.

Featherweight: It sure was! That was amazing.

Sprocket: Yeah he knew who it was from minute one.

Slapback: Yep he sure did.

Naruto: That was cool.

Shizune: Boy it sure was.

INSTIGATOR: No kidding. Lets do it!

They fired waves of gears, metal, lightning and energy and smashed him down.

Pinkie Pie: BEST USUAL BATTLE EVER!

## Stella (Winx Club), Princess Celestia, Amber Morning, Light Skylanders, Ultimate Panuncian, Diego, Michael Morningstar and Sunny Tennyson VS Chalmers - Lincoln's rescue

Chalmers was next.

Chalmers: (to Stella) I heard Lincoln's rescue was in Avalor. How did that go?

Stella (Winx Club): It went really well. Lincoln and the group met Elena of Avalor and Eli was reunited with another sister and also we brought justice to the monster that killed Elena's parents.

Princess Celestia: We sure did and it was so awesome.

Amber Morning: She had it coming for killing her parents.

Spotlight: I agree there too.

The Springfield Bullies were next.

Kearney: (to Sam) Heard you guys met a Malefic Rainbow Dragon Gene-Slammer.

Dolph: What's her name?

Sam S.L.: Her name is Alexa Căihóng and she is a great partner for Lincoln in Meteorology.

Sunset Shimmer: Yeah and she helped Lincoln's nice sisters stop the mean sisters from hurting Lincoln because he was framed for destroying Lori's prom dress when it was really Lynn and Lola that did it by planting a lock of Lincoln's hair on it.

Pipsqueak: (British Accent) That was terrible and that was when they still had their dark sides in them.

Sunburn: Yeah no kidding. I can tell that Lynn, Lola, Lori, Lisa and Luan must've hated Lincoln to some degree.

Sala: That's crazy.

Lola: I can't believe we were like that back then.

Suzi: Yeah no kidding!

Jimbo: Thank goodness that you aren't like that anymore.

Dolph: Yeah the last thing I would want to see happen to you is you all being threatened with being disowned.

Lola: I would not want that.

Kearney: No kidding.

Jimbo: Yep. Lets do it!

They fired waves of fire and smashed them down.

Sam S.L.: Yeah!

Sunset Shimmer: That was amazing!

# Clay Bailey, Applejack, Apple Bloom, Earth Skylanders, Ice Master, Lana, Adagio Dazzle, Aria Blaze, Sonata Dusk, Sinnertwin and Cutthroat VS Onyx - Samurai Jack's Training

Onyx was next.

Onyx: (to Clay) Jack really trained hard for his battles against Aku. Now that's being crazy prepared!

Clay Bailey: Yeah and it was right after the battle with Aku the first time when Jack's father got the sword the first time.

Applejack: Yeah that was intense. I can't believe that Jack went into battle with an evil monster like Aku like that.

Apple Bloom: And Aku sent him into the future and J.D. and everyone helped him and did so much for the world and got everyone to rise up against Aku.

Flashwing: That was awesome.

Ice Master: It sure was.

Lana: That was an awesome adventure that we read in that really cool book.

Adagio Dazzle: It sure was cool.

Aria Blaze: Wow Aku was no match for all of Jack and J.D.'s friends and all of the people they touched working together.

---

Nergal was next.

Nergal: (to Blake) Francesca and I are gonna have a lot of competition against each other. I hope her pizzas are as good as mine!

Blake: Oh believe me they are. Nico told us story after story after story about how Francesca and her family did so many amazing things with pizza and everything and how the Giordano family has done a lot of amazing things over the years.

Starlight Glimmer: Its gonna be really cool to see her skills in action.

Cozy Glow: Yeah it sure will be cool.

Hex: I can't wait to have some pizza and all that.

Galus: It'll be so awesome to see how Francesca does her stuff.

## Carter Grayson, Rainbow Dash, Scootaloo, Air Skylanders, Wingweaver, Spectra the Light Angel, Rockna, Turbo Man and Pharaoh Man VS Toy Man - Star and Brittney have been rivals

---

Toyman was next.

Toyman: (to Carter) Star and Brittney have been rivals in the past. So, why has Brittney never revealed her entire background history to Star?

Carter Grayson: It could be a few reasons. 1: She thought she wouldn't tell something like that to Star because she thought she was inferior. 2: She was threatened with severe punishment like with what happened with Pacifica Northwest. Or 3: It could be because she thought she was so better than everyone because of her level of money that she felt that she wasn't worth it.

Rainbow Dash: So not cool. But at least Brittney opened up to Lincoln and that is cool.

Scootaloo: It sure is. But man I didn't know she went through all that.

Whirlwind: Yeah and I think the 2nd reason might be most plausible.

Wingweaver: Yeah Pacifica came from a rich family and they had a lot of shady criminal activity that no one even knew about.

Spectra: But it's amazing that J.D. kept tabs on them the entire time.

Rockna: That was so awesome and clever.

Toyman: I heard about the Northwest's capture and that was one of the biggest stories that shook the nation. But their log cabin is absolutely incredible.

Carter Grayson: It sure is cool

Toyman: Yep. Lets do it!

They fired waves of wind, lightning, rainbows and energy and smashed him down.

Carter Grayson: That was great!

Rainbow Dash: That was AWESOME!

Chemistro was next.

Chemistro: (to Matau) Didn't expect Venus Butterfly to be brought back by the Aparoids. But I'm not complaining!

Matau: Yeah me neither. That is awesome that Star has one of her family back too.

Fluttershy: And Venus's hair is beautiful. It's like Rainbow Dash's hair too.

Tornado Bolt: It sure is and we found out something really interesting. She has the ability to change color because of a strong feeling of her emotions.

Stealth Elf: That is so awesome.

Bloxx: It sure is cool.

Kai: Yeah it sure is.

Chemistro: Yeah. Lets do it!

They fired waves of leaves, flowers, grass and elements and

Titanium Toenail was next.

Titanium Toenail: (to Chazz) Didn't Brittney and the rest of you deal with Star going through Mewberty before? If so, how did you guys get through it?

Chazz: Many of us weren't with the team back then and we weren't called Team Loud Phoenix Storm back then. But this had to run its course and it was after that when Star got her powers and her amazing butterfly wings.

Princess Luna: We heard that Brittney knew how to calm her down and at 3:57 PM Star was back to normal.

Moondust: Yeah it was crazy.

Blackout: But at least Star is back to normal too.

Ruin: It sure was scary from what I heard.

Lucy Loud: No kidding.

Brittney: I actually had a lot of connections to the world of Mewni back then before our worlds became one and it was my duty back then to fill in Queen Moon on Star's Progress.

Titanium Toenail: That's really interesting. Lets do it!

They fired waves of darkness and fire and smashed him down.

Chazz: RIGHT ON!

Princess Luna: A true victory of the night!

Omi: (Tibetan Accent) That is a good thing and this was the one from from 25 years later thank goodness.

Rarity: That is right darlings and these versions of them were terrible.

Sweetie Belle: They sure were. But thank goodness they were destroyed.

Gill Grunt: Yeah and they were that easy to take down.

Laval Lakeside Lady: That is for sure.

Lady Assailant of Flames: And they are now gone forever.

Fire Princess: But there are many more of them still out there.

Fire Sorcerer: Yeah no kidding but we will burn them to ash.

---

Knightbrace was next.

Knightbrace: (to Zarya) It might have been part of the plan. But I can tell Lincoln genuinely had a fun date with Brittney.

Zarya: He sure did and we're proud of him.

Me: But I can't believe that Brittney went through all that. She in my own opinion probably went through the same thing as Pacifica did. Pacifica came from a very rich family and they did terrible things to her too. We'll have to look at Brittney and show the officers if there are scars, burns, signs of abuse or anything on the inside.

Twilight Sparkle: I agree. She may have a lot of physical scars on her that we didn't know about.

Luster Dawn: That would not be good.

Sunny Starscout: Maybe.

Me: I looked up the history of the Wong family and it showed no shady activity at all so that's a good thing.

Spyro: Thank goodness for that.

Blitzwolfer: Yeah. Hope we can help her out.

Merrick: Yeah.

Knightbrace: Wow. Lets do it!

Me: KIBAL LETS HOWL!

(THE WOLF AND THE MOON BY BRUNUHVILLE PLAYS)

---

Pink Ranger Slayer was next.

Pink Ranger Slayer: I feel bad for Brittney. I think that there is much more to her than what we know about her.

Fiona Hernandez: I do too. It's sad that she went through so much because of her family being rich and all that. Money can corrupt anyone beyond the point of no return.

Apple Bloom: Yeah no kidding. That's awful.

Sweetie Belle: No kidding. It's terrible that people like that can get so much money that they can do anything with it.

Scootaloo: They should know that money can never by anything like money, friendship, power and happiness.

Diamond Tiara: Yeah I had to learn that the hard way.

Silver Spoon: Same with me myself.

Misty Tredwell: Yeah and thank goodness that J.D. is not like that.

---

Weddinmon was next.

Weddinmon: How does Mewberty work? Do you know?

Marie Hernandez: I don't know myself but I think it's very similar to the metamorphosis of a caterpillar.

Frozen Fright: Yeah that is strange. Star is cool that way.

Thunder Terror: It's amazing how she went through that before.

Magma Gloom: Yep. It sure is.

Toxic Horror: And now she has another member of her family with her too.

---

Marcel was next.

Marcel: Just because I'm related to one of the most famous conquerors in all of France's history doesn't mean that I'm completely heartless. I feel really bad for Brittney because of what she had to go through because of what her father did with that bet.

Nicole Hernandez: Yeah I feel bad for her too. What happened to her was just awful. She did nothing to deserve being thrown out onto the street like that and Star did nothing to her too and she wanted to be her friend too.

Star Swirl: Yeah poor girl.

Rockhoof: (Scottish Accent) Aye. Poor lass.

Somnambula: (Egyptian Accent) I agree with you there too.

Nico: A Kamikaze Tactic. That's genius!

Right Suzuki: I agree! That's awesome!

Akira N.: So this is gonna be your place to die.

Nico: Yep. But that is a great plan. You will be remembered for it. But you will still come back.

Bomb Shadow: I know. Thanks.

Nico: Lets see what's in your safe.

Nico teleported and opened Bomb Shadow's safe and in it was a bunch of swords called The Protectors of The Galaxy, they're large swords with the anti-Maximus IQ symbol etched on the 6'5" massive, wide, double-edged, man-sized blades, large angel wings for the crossguards, large gems for the hilts, longer black handles, and large faceted sphere pommels with surrounding gems. Suddenly, we heard a loud screech, and the eight large planets and stars orbiting around my legs, the eight large orange orbs orbiting around Lincoln, Linka, TLPS Ms. Tarantula's, and Duke Lincoln's legs, the eight large dark blue orbs orbiting around Ed Cowart's legs, the eight large midnight blue orbs orbiting around TLPS Mr. Wolf's legs, the eight large crimson red orbs orbiting around Naruto and Nate Adams' legs, the eight large fiery red orbs orbiting around Zach Gurdle's legs, the eight large black orbs with the Eye of Horus orbiting around Cody (OC)'s legs, the eight large black orbs orbiting around Lucy, Lars, and Dudley Puppy's legs, the eight large pink orbs orbiting around Lola and Lexx Loud's and Steven Universe's legs, the eight large green orbs orbiting around Lynn Sr.'s legs, the eight emerald green orbs orbiting around Yakko Warner's legs, the eight large sapphire blue orbs orbiting around Wakko Warner's legs, the eight large hot pink orbs orbiting around Dot Warner's legs, the eight large marine blue orbs orbiting around Liam, Lana, and Leif Loud's legs, the eight large scarlet red orbs orbiting around Lynn Loud and Lynn Jr.'s legs, the eight coral red orbs orbiting around Timon's legs, the eight large blue orbs orbiting around Lori, TLPS Mr. Shark, Skippy, and Loki Loud's legs, the eight large sea-foam green orbs orbiting around Leni and Loni Loud's legs, the eight large yellow orbs orbiting around Luan, TLPS Mr. Snake, and Lane Loud's legs, the eight large brown orbs orbiting around Laney and Larry Loud's legs, the eight large light green orbs orbiting around Lisa and Levi Loud's legs, the eight large lavender orbs orbiting around Lily and Leon Loud's legs, the eight large colored orbs orbiting around Bobby Santiago and Nico's legs, the eight large rainbow orbs orbiting around Rainbow Dash's legs, the eight large aqua blue orbs orbiting around Varie and Adam Lyon's legs, and the eight large purple orbs orbiting around Luke Loud's legs and Menat's legs, along with our gems on our Bracelets of The Champions of the Universe were glowing, and that means we've got big trouble incoming.

We then saw a figure come out, and it was none other than Riptor, another one of Ultratech's genetic abominations.

Black Orchid: Oh no, it's Riptor, one of Ultratech's genetic abominations. They took the genes of the Velociraptor and combined it with various cybernetic and biotech enhancements.

Eli: That's just sick and inhumane.

Lincoln: You said it, Eli. Orchid, what can you tell us about Riptor?

Black Orchid: You won't like her, Lincoln.

Black Orchid proceeded to tell us about Riptor, and we weren't going to like her one bit.

---

## Riptor

Riptor is a genetically engineered bioweapon created by Ultratech. A crossbreed of human and reptilian DNA, she combines a near human-level intellect and problem solving capabilities with the ferocity of the extinct Raptor genera-together with various cybernetic and biotech enhancements. Riptor was part of the original roster of playable characters featured in Killer Instinct (1994), and became re-introduced to the franchise twenty years later during Season Two of Killer Instinct (2013).

## Biography

### Appearance

In the original Killer Instinct game, Riptor is a human/velociraptor hybrid, having the basic appearance of a velociraptor, but with much larger arms, humanoid muscle mass in the chest area, and broken shackles hanging from its wrists. The color of its scales changes depending on its renders and in-game appearance, ranging from being primarily orange with black stripes, not unlike that of a tiger, to green scales around its back and tail to orange scales on the underside of its body.

In Killer Instinct (2013), Riptor's muscle mass is distributed in a more reptilian and less humanoid manner, giving it a smaller chest and thinner arms. Its eyes are slightly larger and its head is less pointed, and three flimsy spikes protrude from the back of its head. However, the biggest change by far are the cybernetic components. Metal bionics run down Riptor's back and down to the end of its tail, and its claws have been given blue energy enhancements. In place of its signature shackles are metal plates. The hexagonal patterns along its body slowly fade in and out from light blue to black, and bar codes and the UltraTech logo are tattooed in several places.

iptor's retro costume mirrors its Killer Instinct (1994) appearance with additional anklets on its legs and has become less bulky than it was in the first game. Its tail is also stretchable, similar to its default appearance.

## Personality

Riptor's personality is difficult to determine due to her animalistic reptilian nature. She is a cunning and clever hunter who leads her pack of Stalkers with power and authority, quickly striking down the enemies of Ultratech with fierce genius. She is quite intelligent for an animal, though she still can't resist some of her primal instincts, and in the end all she really wants is a good meal of fresh meat.

## Abilities

In the original universe, Riptor has a fairly basic moveset, fighting mainly with rabid claw, jaw and tail attacks, along with a venom-spitting attack. In the rebooted universe, however, she has been greatly improved with cybernetic enhancements. She can breathe fire, whether it be a short plume from her throat or an arcing fireball mortar. Her tail can also separate into several linked units to stretch out and attack, similarly to the Snake Sword used by the character Ivy in the Soul Calibur series.

## Killer Instinct

A product of UltraTech's DNA manipulation project. By splicing human and reptilian genes, they have created a fighting creature with animal ferocity and human intelligence.

## Extended story

Another of Ultratech's miraculously realized concepts: a crossbreed of human and reptilian DNA, resulting in a creature that combines formidable intelligence with sheer brute strength. Nurtured from the egg by a dedicated Ultratech professor and her team, the beast nicknamed 'Riptor' by others has barely reached 4 years of age before it first demonstrates its full savage power in a human kill. Riptor is confused and often finds itself torn between human reasoning and predatory instincts, resorting to attack when it fails to understand the situation, as ever more people find out the hard way.

### Ending

Ultratech's plans at creating a genetically engineered weapon have escalated beyond even their control. By toying with the laws of nature, Ultratech have finally doomed the human race… Dinosaurs once again rule the Earth.

## Killer Instinct (2013)

After 20 years since her last appearance, Riptor returned as the fourth character of Season Two. Riptor was brought back to life by Ultratech via cybernetic implants, thus becoming a cybernetic Riptor.

### Story

"Ultratech reveals the newest addition to its ever-growing brand of military products, the Riptor battlefield infiltration and disruption unit! Plasma claws, internal flame generators, and cybernetic tail extensors are combined with a natural predator's advantages. Don't wait! Genetic assembly pods are filling up now. Order yours TODAY!"

### Biography

Ultratech doesn't always look forwards to find the solutions to future military development. Sometimes, they look to the past.

So it was with the Riptor project.

A competing combat contract project with the Fulgore line and the Cinder initiative, brilliant Ultratech genetic engineer Dr. Erin Gupte saw a better path to follow. She thought that Fulgore's maintenance and lack of ability to adapt to radically different hostile environments would create a nightmare for upkeep and result in a prohibitively expensive machine. At the same time, she saw the Cinder initiative as pure R&D with years before any interesting developments could be realized. She believed that a creature built on a ruthless adaptable predator and augmented and constrained by modern technology would result in the ideal combat platform. It could rely on its own victims for sustainment, and could maneuver and infiltrate in areas that the Fulgore line would never be able to function; Riptor couldn't be jammed or hacked, stopped by weather, or be disabled by a grain of sand in an intake. Nor would it take a decade of research to decode the alien technologies the Cinder initiative toyed with.

The first batch of Riptor units were vicious, and even with cybernetic augmentation and programming, were completely uncontrollable. No amount of shock, drugs, or control systems would contain them, and they would tear anything it saw apart in moments, making it impossible for them to work as a coordinated team as planned.

Digging into the problem, and amidst the pressures from Ultratech leadership for results, Erin theorized that all her creations had no upbringing, no parenting, only genetic memories to kill that she could not overwrite; they came into the world fully ready to fight, and without any other upbringing to guide them, that's exactly what they did.

She destroyed the initial batch of Riptor assets and began work on a new batch, augmenting the creatures even further than the originals. Borrowing cast-off technology from the Fulgore project, Erin began using her own mind as a training tool for her new creations, simulating upbringing through her own directed thoughts, guiding the creatures into understanding that there was a place for family, and the idea of a pack.

---

When Black Orchid was done, we were indeed horrified, but we knew what needed to be done.

Nico: Those Ultratech bastards have now crossed yet another serious line when they did biogenetic experiments, and it resulted in Riptor. Just how many lines have they already crossed?

Zach Gurdle: One line too many. And I'll see to it that Riptor is put out of her misery for good.

Suddenly, Zach Gurdle's fiery blood red eyes turned neon fiery blood red, and he was surrounded by a fiery red energy aura with blood, skulls, and the souls of the damned, he unholstered his massive War's Chaos Blood Sword of Underworld Justice from his now wider and more muscular back, and as he approached Riptor, he had left fiery red energy, blood, skulls, and the souls of the damned with every step. Suddenly, Zach was surrounded by a massive vortex of fiery red energy with blood, skulls, and the souls of the damned wailing in torment surrounding the vortex, the horseman War was seen riding around the vortex, and inside the vortex is a black phoenix. Then, as the vortex faded, Zach Gurdle emerged, but he was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

The 7'0" tall and extremely muscular Zach Gurdle remained the same, along with his new clothes and eight large fiery red orbs orbiting around his legs, he has black highlights in the bangs of his longer wild unkempt neck-length red hair, which turned fiery red, he has neon fiery blood red eyes and a fiery red energy aura with blood, skulls, and the souls of the damned surrounding him, he has a red horse's head with a fiery mane and a great sword emblazoned on his forehead, he has on horse head earrings with fiery red gems for the eyes and with the Blood Kanji on it and his large Crystal Necklace of The Buddha with fiery blood red crystals for the links and a horse's head with fiery red gems for its eyes and a sword at its side and with the Blood Kanji on the blade across his bare chest. Suddenly, Zach Gurdle felt a sharp pain on his wider and more muscular back, and then, massive fiery blood red angel wings with black tips on the large fiery blood red feathers sprouted out on Zach Gurdle's wider and more muscular back.

Zach Gurdle had his massive War's Chaos Blood Sword of Underworld Justice in his massive left hand, and he has on his new large gold cuff Bracelets of the Champions of The Universe with fiery blood red gems on his wrists, long fiery blood red trenchcoat flaps with blood, skulls, and souls of the damned on the coattails held up by his large golden Belt of Elemental Bravery with a horse's head with large fiery blood red gem in its open mouth for the belt buckle on his waist, fiery blood red Spellbook of The Gods and The Universe on his left hip and Eater of Sins revolver holstered on his right hip, and a Red Lantern Corps ring on his right ring finger. Zach Gurdle has a fiery red horse's head with a fiery blood red mane surrounded by skulls and a great sword by its side tattooed on his wider and more muscular back, and there's a fiery blood red kanji below the fiery red horse's head that said, "Zach Gurdle, Dear Friend of Lincoln Loud, Clyde McBride, Liam Hunnicut, Stella Zhau, and Rusty Spokes, Alien Expert, Friend to Many, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Student of Powerful Teachers, Emissary and Champion of the Horseman War, Ambassador of Rage, and Master of Blood, Skulls, War, and The Flames of The Underworld."

ザック・ガードルリンカーン・ラウドの親愛なる友人、クライド・マクブライド、リアム・フニカット、ステラ・ザウ、そしてさびたスポーク、エイリアンの専門家、多くの友人、悪の殺し屋、混乱した、殺人、冷酷、そしてサディスティックな野郎、強力な教師の学生、使者とチャンピオン騎手戦争、怒りの大使、そして血、頭蓋骨、戦争、そして地下世界の炎のマスターの

Zach Gurdle has transformed into SUPER ANGEL INFINITY UNDERWORLD FIRESTORM HORSEMEN WAR ANGEL OF RAGING JUSTICE AND FIERY RETRIBUTION!

We were really amazed by Zach Gurdle's Super Angel Infinity transformation, but when Riptor saw it, she flew into a rage and tried to attack, but then, a large fiery blood red horse with a fiery blood red mane with a powerful muscular physique and with black armor on its legs and black armor covering its head appeared, and kicked Riptor away. Then, Zach mounted it, and he was ready.

Nico: (Stunned) Whoa.

Me: Just like the story said: the horseman War rides off into battle on a fiery red horse and a great sword in hand.

Lincoln: Awesome. Zach, how do you feel?

Zach: (Divine Echoing Cosmic Voice of Apocalyptic Justice and Fiery Retribution) **I feel incredible, Lincoln, and now, I'm off to**

**put Riptor out of her misery for good.**

Zach with his new war horse at his side, rode off and after Riptor, and he fired powerful blasts of fiery blood red energy, blood, flames of the Underworld, skulls, and souls of the damned at Riptor, and they exploded with incredible power as they hit her. Then, he attacked Riptor with his massive War's Chaos Blood Sword of Underworld Justice, by landing nasty blows with every swing of his blade, as his horse rode circles around Riptor. Then, he landed one powerful swing of his blade, and he sent Riptor flying into the air.

Zach: (Divine Echoing Cosmic Voice of Apocalyptic Justice and Fiery Retribution) **This is the end for you, Riptor, may you burn forever in Hell! APOCALYPTIC CARNAGE KAMEHAMEHA!**

Zach fired a massive Kamehameha energy wave made of fiery blood red energy from his massive War's Chaos Blood Sword of Underworld Justice, and it had blood, skulls, and the souls of the damned surrounding it, and as it hits Riptor, it exploded with incredible power, killing it and Super Hakaing its soul and banished it into Oblivion forever. We cheered wildly for what Zach Gurdle did as he holstered his massive War's Chaos Blood Sword of Underworld Justice on his wider and more muscular back and powered down, and the improvements to Zach Gurdle's attire, clothes, weapons, jewelry, angel wings, and eight large fiery blood red orbs orbiting around his legs are permanent. Zach rode back to us on his horse, and he dismounted, and we went up to him and hugged him, and he returned it.

Lincoln: Whoa, Zach, now that was so awesome. You definitely put Riptor out of its misery for good.

Zach: Thanks, Lincoln.

They high-fived, and flames of the Underworld and souls of the damned came wailing out.

Nico: And the way you rode into battle on that new fiery blood red horse of yours, that's exactly how the horseman War rides into battle according to the story, you definitely proved to be War's champion and Emissary.

Zach: Thanks, Nico.

Liam: Boy howdy, Zach, you definitely caused a lot of havoc when you went wild on that no-account cybernetic varmint.

Rusty Spokes: And you put it out of its misery for good. Now, all that's left is the leader of Ultratech, and we're finished with them for good.

Lincoln: And I have a feeling on who's going to transform to face the leader of Ultratech.

Nico: I was just about to say the same thing, big guy.

Zach: Shall we head on home and get something from Lynn's Table?

Nico: Now, you're talking, Zach.

Star Butterfly: (To the viewers) This was an awesome and amazing adventure and I hope you liked it.

Nico: We all did. Great job today everyone. Lets go home.

We went back home and went to Lynn's Table for some pizza. There Francesca and Nergal made awesome pizza and Francesca demonstrated her awesome pizza making skills and she did all kinds of fun tricks and they were so cool. She did flips, dances, and more. We had a great time with that one. Later we went back to the estate and enjoyed the rest of the day and went to sleep.

But little did we know that something was coming. Somewhere out in the voids of space, huge alien spaceships from another part of the universe were heading right for Earth. What were these aliens and what is in store for us when they come?

Inside the ship they were looking on as they were getting closer to Earth.

Alien 1: Sir we're approaching the planet called Earth.

Alien leader: Excellent. Soon we will have all the cheese on this wretched planet for ourselves. The human race will be submitted to our wills once we have all their cheese! (LAUGHS MALEVOLENTLY)

TO BE CONTINUED!

Another awesome fanfic done.

This whole chapter is an indirect sequel to the chapter where Brittney Wong came for revenge by crashing the Twins birthday party. It was really cool. # CHEESE INVASION

[The camera lowers itself from a shot of the sky to a shot of the cornfield. The scene is drawn in a strange style, one much more realistic than it normally is. Jimmy can be seen skipping through the corn.]

Jimmy: "Good day, world!"

[He sings a song, and a teddy bear and a stuffed bunny come up beside him and hold hands with him. He laughs with joy. A butterfly then flies up to his head and pulls off his cap.]

Jimmy: "Who's there?" [Birds come up and comb his hair.] "I'm so awesome!"

[He runs up to a train station, where a caterpillar is waiting. He climbs on and rides away.]

Mr. Sun: [turning to Jimmy to reveal a smiling face] "Good day, Jimmy!"

Jimmy: [waving] "Good day, Mr. Sun!"

[Jimmy comes upon a field filled with sweets.]

Jimmy: "Goodie goodie goodie!"

[He picks up a lollipop and licks it. He then sees Nazz, Rolf and Kevin up ahead.]

Jimmy: "Salutations, fellow children of the cul-de-sac!"

Kevin: "Felicitations to you too, dear Jimmy!"

Nazz: "Your cowlick looks so divine today, Jimmy!"

Rolf: "Rolf has much admiration for he who can lick a cow!"

Jimmy: "A compliment, I'm sure. Sorry to say, I'm on my way!

Toodle-oo!" [His caterpillar heads off into the distance.]

Nazz: "Ta ta!"

Kevin: "Cheerio!"

Rolf: "Later, alligator!"

[Jimmy comes to the last stop.]

Jimmy: [patting the caterpillar] "Nice riding you, Mr. Caterpillar!" [Jimmy gets off and notices someone.] "Hi-de-hi, cul-de-sac castaways! I see Dolly No-No!"

[The camera shifts to show the Eds, lined up on a doll's legs. The doll's left arm, instead of being normal, is a hand-shaped wooden paddle. As we watch, it comes down, effectively spanking all three Eds at once. Apparently it is a machine built to punish the Eds.] "It's keeping you from wreaking havoc on this fine day."

Eddy: "Havoc?" [recognizing a homophone] "Oh, like the fish!" [The arm hits them.]

Edd: "That's haddock, Eddy." [The arm hits them.]

Ed: "My buttom's got a haddock!"

[The arm hits them again. Strangely, Ed seems impervious to pain, as his facial expression does not change.]

Jimmy: "You three are so kooky!" [He snaps his fingers, and butterfly-like wings magically unfurl from his back. He flies away.]

Eddy: "Darn it, I love his cowlick!" [The arm comes down.]

[Jimmy flies over the candy fields into the cul-de-sac. He touches down and points straight ahead.]

Jimmy: "There she is! My uppercut angel. My pummeling protector!"

[Sarah races towards him. Flowers spring from the ground everywhere her feet touch. Jimmy, in his stead, runs towards Sarah.

They are about to meet when what looks like a giant saw blade falls from the sky. Jimmy runs into it and falls back onto the ground, dazed. His wings break off his back and lie beside him. He looks up, and sits up suddenly. Lightning flashes from the sky as a tornado forms about a rope connected to the saw blade. The camera angle shifts to a wide shot, showing another blade falling in the distance as the first one begins to cut. The second blade then begins cutting the earth. Jimmy just stares in shell-shocked horror.]

Sarah: [running towards Jimmy] "Help, Jimmy!"

[Jimmy runs to Sarah and tries to jump the gorge caused by the saw. He almost, but not quite, makes it, and he grasps desperately at the concrete.]

Jimmy: [terrified] "What's happening?! AAAHHH!" [He falls into the gorge.]

Sarah: [running to the edge] "JIMMY!" [Her eyes bug as she sees Jimmy holding on to a pipe protruding from the wall.]

Jimmy: "Sarah?" [seeing something behind her] "ROBOT WIGGLY! ROBOT WIGGLY!"

[Sarah straightens up and looks around to see what has Jimmy so scared. A robotic segmented worm darts around behind her, slowly encircling her. Thankfully, Sarah notices it just before it can close upon her throat, and she ducks just in time to escape its grasp.]

Sarah: "Help me! Jimmy!"

[She moves underneath a metal pole which houses three of the worm-like structures. Just as it seems they will close upon her, they go into a spasm, straightening out and becoming erect, and then plunging into the earth. The camera shifts to show the same thing happening with a second claw. The camera then cuts to Jimmy, and the sound of a third attaching itself can be heard. The part on which Sarah stands starts to get lifted up.]

Jimmy: "AAH, Sarah, Sarah! AAAAH!" [His speech dissolves into incoherent babbling and screams.]

Sarah: [thrusting her hand towards Jimmy] "Take my hand, Jimmy!"

Jimmy: [struggling to lift his other arm] "I'm trying, Sarah! I can't reach you!"

[The cul-de-sac is lifted out of the ground. As it rises, Jimmy's pipe begins to break. Sarah can only watch as Jimmy's fingers slip and the pipe breaks.]

Sarah: "JIMMMMMYYY!" [The cul-de-sac is lifted into the sky and disappears.]

Jimmy: [falling into the abyss] "SARAAAAAAAAHHHHHHHHH!" [The depth into which he falls turn a pinkish orange, and he disappears in them. We then zoom out to reveal that the pink-orange is his mouth.]

Jimmy is lying in his bed, screaming. He suddenly stops and sits up, fully awake, shivering and sweating.

We came in!

Nico: Jimmy!

Nico sat beside him.

Nico: Jimmy are you all right? Man you must've had a horrible nightmare.

Jimmy: (Crying) Oh it was Nico! These Herculean mechanical pinchers dropped from the sky! All wiggly like! And snatched the entire cul-de-sac away.

Nico: You mean like something that aliens from another planet would do?

Jimmy: Yes!

Natilee: Is this what you saw?

Natilee showed him a sketch of it.

Jimmy: That's it!

Me: Hmm. Maybe that dream is trying to tell him something.

Sarah: It could be. You had dreams like that before right J.D.?

Me: You know it Sarah. But I guess we'll find out later.

We got ready for breakfast and ate and Nico then went on his rescue.

NEW YORK CITY, NEW YORK

In New York City, Nico and Jen were walking through the streets of the ever so busy City That Never Sleeps.

Nico: Thanks for coming with me, Jen.

Jen: No problem Nico and it's awesome to be back home in the Big Apple. I was starting to get homesick.

Nico: Well it's good that my next rescue is here. And it's gonna be awesome to have you with me.

Jen: Same here. And perfect timing too. We're going after the evil Allure.

Nico: Whoa man! J.D. busted her before.

Yes they were going after the gangster queen Miss Allure.

Miss Allure had the power to make any man do whatever she wanted.

Her enforcer, the Absorbing Man, was completely devoted to Miss Allure but she showed no interest in return.

Allure attempted to get Bruce Banner to fix the headaches her powers were causing her so she could run the town, but Mr. Fixit and She-Hulk had other plans. She tried to hypnotize She-Hulk, but failed. Eventually, when Banner snapped out of the trance Allure had on him, he simply removed her powers. She then accepted the love of the Absorbing Man.

---

Jen: Now that Absorbing Man is in the M.O.E. she'll make a great addition to them.

Nico: That's right he was her enforcer.

Jen: Yep.

Nico: Also, might I suggest Rick Jones as a boyfriend?

Jen: You might not be a matchmaker Nico but I'll keep that in mind. Thanks.

Nico: No problem.

Jen: Awesome.

Nico: Jen, get ready to Hulk Out when we get close.

Jen: Right. Allure's office is up there.

They saw a beautiful and really lavish and luxurious penthouse suite on a tall building.

Nico: Wow! I will say this. Ms. Allure has really awesomely expensive and luxurious good tastes.

Jen: She sure does.

Nico: Lets go!

Jen then Hulked out! Her eyes glowed and her skin turned green and her hair turned dark green and she grew taller and muscular and her clothes ripped and she turned into SHE-HULK!

She roared!

Nico: YEAH! LETS GO!

They jumped and smashed through the window and there sitting on a sofa was Ms. Allure!

Nico: Ms. Allure, I presume?

Ms. Allure: That's right and Nicolas Chan it's a pleasure to meet you and She-Hulk how nice to see you again.

Nico: I just want to say that you look lovely. I mean, I have no interest in adding you to my harem. But I really do mean this as a compliment.

Ms. Allure: (laughs) I really am glad you're leader now. J.D. would never ramble on this much.

Nico: Why thank you. Also your enforcer Absorbing Man is now in our frenemies in the Masters of Evil as my friend Marinette's archenemy.

Ms. Allure: I'm afraid I have no interest in joining Zemo's cause.

Nico: Oh no no no. This is not Baron Zemo's original version of the Masters of Evil. These are our frenemies. They were made after we killed Thanos on December 26th, 2019. We go on all sorts of awesome adventures with them and they are great frenemies and awesome to get along with. They are lead by Vypra, one of the chief enemies of the Lightspeed Rescue Power Rangers and they were originally intended to destroy us. But as time went on we got close and became great friends with them.

Nico told her all about them and more and she was amazed.

Ms. Allure: Very impressive.

Nico: Also, have you seen any people with no clothes that look like aliens?

Ms. Allure: As a matter of fact I have. You can come out now!

A Tetramand came out!

Nico: Whoa! A Tetramand!

Tetramand: (In a girl's voice) (Icelandic Accent) Nico? Is that you?

Nico: That voice! Anita Jóhannsson?

She-Hulk: She's from Iceland. That's neat.

Nico: Yep. Anita came to my elementary school on a Foreign Exchange Program. She taught us all about her Icelandic Heritage and everything that happened over Iceland's history.

Tetramand: It's true. Good times back then.

Nico: How did you meet Allure?

Tetramand: It was by accident. She gave me temporary housing to help me out till I revert back.

Nico: Well you're in luck. I have that kind of power.

Tetramand: Really?

She-Hulk: He sure does. Nico was promoted to leader of the team and he can do anything now.

Nico: Yep.

Ms. Allure: Very impressive.

Nico: Yep.

Nico put on his blind man glasses and snapped his fingers and Anita reverted back and she had red hair and orange eyes and Nico gave her a new set of clothes and they were all red and she looked awesome.

Anita Johannsson: Wow I look amazing.

Nico: Yeah you sure do.

Jen: Also, what's your favorite memory of Nico?

Anita Johannsson: My favorite is when I showed Nico some of my Country's food.

Nico: Oh yeah and Carl Carlson told us all about some of them. J.D. tried many of them all the time because he is part Icelandic. I tried putrified shark, pickled herring, cured ram, broiled puffin and singed sheep heads.

Anita Johannsson: Very customary in my country's tradition. Nico tried the putrified shark and he hurled his guts out.

Nico: Yeah not a pleasant taste. But I liked the other foods and they were good.

Anita Johannsson: I'm glad.

Nico: Jen, it's your turn to revert back.

She-Hulk: Right.

She-Hulk reverted back and she got her brown hair and normal skin and appearance back.

Nico: YEAH!

Ms. Allure: I have decided to join the M.O.E.

Nico: Awesome!

Anita and Nico then hugged.

Anita: I've missed you Nico.

Nico: Me too Anita.

Nico then rubbed Jen's back.

Jen: Ahh thanks Nico.

Anita: Nico always gave great massages. Also Ms. Allure thank you for helping me out.

Ms. Allure: It was my pleasure.

Anita: When you join the M.O.E. can you be my archenemy?

Ms. Allure: I would be honored.

Nico: We should head back. After we use the elevator.

They agreed and later they went back home. They told us everything that happened and it was amazing. I for one was not expecting Nico to have Ms. Allure whom I busted ages ago put into the M.O.E. So awesome.

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, Sima Yi, and Red She-Hulk are heading out into the city, and not only is Lincoln going to rescue the thirteen girls, but we got word that Icky Vicky has escaped from prison and she's coming after us to get revenge for everything during the rants and more, and she's going to kill anyone who gets in her way.

But, for this one, everyone was out looking for Icky Vicky, especially since they were also involved with the rants on Icky Vicky.

Lincoln: So, our rescue's taking place here in the city, and I know what we're going to do here, not only am I going to rescue the thirteen girls, but we got word that Icky Vicky has escaped from prison and she's coming after us to get revenge for everything during the rants and more, and she's going to kill anyone who gets in her way.

Nico: That's right, big guy. When we heard that Icky Vicky had escaped from prison, we were really shocked.

Me: Yeah, and I couldn't forget what happened after you came back from your rescue in New York City, and what also followed before we went out.

After Nico came back, the phone rang, and Timmy Turner went to answer it.

Timmy Turner: Team Loud Phoenix Storm World Tree Estate, Timmy Turner speaking.

Tom Lair: Timmy, it's Chief Tom Lair.

Timmy Turner: Chief Lair, what's wrong?

Tom Lair: I have really bad news: Icky Vicky has escaped from prison, and she's coming after all of you to get revenge for everything you all did to her during the rants and more.

Timmy Turner: What?! Oh man, I've got to tell everyone.

Timmy Turner hung up, and he told us everything that he heard on the phone, and we were shocked.

Nico: Oh man. This is not good.

Timmy Turner: You said it, Nico. We've got to stop Icky Vicky now.

Lincoln: That's right, and even though this is my rescue, I need everyone out there as well. Now, it's personal.

Suddenly, Timmy Turner's massive Defender of Dimmsdale and Fairy World staff blaster unholstered itself from his wider and muscular back, and is surrounded by a kaleidoscope of magic, light, fairies, and angels, and when it emerged, it was transformed into The Angel Mage's Staff of The Holy Trinity, it's a new Mage's Staff measuring 8'4" in length with a massive pink globe on top of four large winged angels with pink gems for eyes on one end of the longer black staff and on the other end is a large black split crescent pommel crowned by four smaller winged angels with pink gems for eyes and on the bottom of the large black split crescent pommel is a small pink sphere.

Nico: Whoa, that's one awesome looking mage's staff.

The large book of legends manifested from rainbow light shined from the Thunderbird emblazoned on Lincoln's forehead, and it turned to the page with the image of the sword on it, along with the info on it.

Lincoln 2: I thought that mage's staff looked familiar, that mage's staff we see before us is known as The Angel Mage's Staff of The Holy Trinity.

Timmy Turner grabbed the new mage's staff longer black handle. Then, we saw something happen: Timmy Turner's sapphire blue eyes were glowing, and his long chocolate brown hair grew longer and it reached the bottom of his neck. Suddenly, we saw Timmy Turner grow from 6'10" to 7'0" in height, and we saw all his large upper and lower body muscles growing abnormally massive and powerful at a very incredible rate, and it caused his clothes to grow longer, and they changed. Timmy Turner now had on a white short-sleeved shirt with a gold phoenix and a long-sleeved buttoned-up long white jacket with gold arrows decorating the white jacket and a long white coat with gold fairy crowns and angels on the sleeves and the coattails and a white hood attachment, long black pants with gold fairy crowns on the legs, black leather ankle-length combat boots with stars for the buckles, and his large white angel wings with gold tips on the large white feathers grew much bigger for his new body, and he still had on his large red hat, along with his jewelry, and we saw Timmy Turner now has powerful upper and lower body muscles and eight-pack abs. When we saw what happened to Timmy Turner, we were stunned, Timmy Turner has turned into a very muscular hunk, and when Trixie Tang saw it, she had an atomic red blush on her face.

Nico: Whoa, now that's awesome!

Timmy Turner: Whoa, what on Earth happened?

We also heard Timmy Turner's voice become deeper after his transformation, and it made Trixie Tang blush even more. Lincoln made a mirror out of water, and when Timmy Turner saw what happened to him when he grabbed his brand-new mage's staff, he was amazed.

Timmy Turner: (Stunned) Whoa, now I look really awesome.

Wanda: And tomorrow, you might be ready to take down an uninvited villain, once we get done with Ultratech.

Lincoln: Now, then, let's get going.

FLASHBACK ENDS

Lori: Yeah, that was awesome that Timmy literally got a new weapon, when his Defender of Fairy World and Dimmsdale blaster staff underwent that transformation, and I've got a feeling that the enemy he's going to face is someone from the past.

Lincoln: I was about to say, Lori.

Suddenly, we saw the thirteen girls that were reported here and they behind us, and they were hiding in fright.

Guo Jia: Looks like we didn't have to wait to hear a cry for help.

Timmy Turner: No, but I have a feeling of what's coming next, Guo Jia.

?: (Enraged Screaming) TWEEERP!

We heard a familiar scream of rage, and we saw trees falling left and right, and out of the carnage, we saw our target: Icky Vicky, her eyes were really blazing red with uncontrollable hatred and rage and filled with murder, she was foaming at the mouth like a mad dog, and she had a chainsaw in her hands.

Lincoln: Icky Vicky.

Lori: I should've literally guessed there's no mistaking that chalkboard screech from her mouth, and she looks even worse than ever.

Icky Vicky: I WILL FUCKING KILL YOU ALL FOR WHAT YOU DID TO ME! (Roars like a Wild Animal)

Lincoln: Fat chance, Sewage Breath, you're going right back to

prison.

TLPS Mr. Wolf: And this time, we're chaining you up to the wall of your old cell.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sima Yi, and Sun Quan got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs, Red She-Hulk transformed, and Me, Eli, Nicole, Brittney, and Nico also transformed and unholstered our massive swords from our backs, and as soon as the rest of the team showed up, we went at Icky Vicky, and and we fired powerful blasts of rainbow energy, colored energy, elemental forces, ice, lightning, steel orbs, stars, rainbow flames, orange flames, blue flames, and green flames at Icky Vicky, and they exploded with incredible power as they hit her.

This sent Icky Vicky even more into a demonic rage, and she tried to attack us with her chainsaw.

Icky Vicky: (LAUGHING DEMONICALLY) Say goodbye, Twerps!

But, before she could, Lincoln fired a powerful rainbow energy ball, which destroyed it, and then, he dragged Icky Vicky back to us, and we brutally pummeled her and we broke every last bone in her body, as she screeched like a mad demon. Then, we saw a Malefic Paradox Dragon appear and it fired a powerful dark energy blast, and knocked out Icky Vicky, who was then tied up in a rainbow energy straitjacket and rainbow energy chains by Lincoln, and was put into a police wagon, and dragged off. We cheered wildly as we holster our weapons and power down.

Malefic Paradox Dragon: (In a girl's voice) That'll teach you, you pathetic excuse for a babysitter.

Lincoln: Wait, that voice, Eliza Towairaito, is that you?

Eliza Towairaito: That's right, Lincoln, and it's really good to see you again, it's been a long time.

They went up to each other, and they hugged, and Eliza was surprised at how much stronger and at how much taller and much more muscular Lincoln's gotten since she last saw him.

Lincoln: It sure has been a long time, I haven't seen you when you were eleven, and I've grown a lot since then.

Eliza Towairaito: Yeah, I can see, you've really grown a lot from the eleven-year-old cute little boy into a 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Wow, Lincoln, you know her.

Lincoln: Yeah, I do, Nico. This is Eliza Towairaito, she's from Royal Woods, Michigan, and she, like the other Guardian Angels, have defended me from bullies, and from Luan.

Nico: Uh oh. I think I know where this is going.

Lincoln: That's right, but we'll talk about that later. Boys, cover your eyes, hold still, Eliza, this is going to hurt.

Me, Nico, Eli, and the rest of the boys covered our eyes as Lincoln snapped his fingers, and Eliza was reverting back to normal. Eliza Towairaito is a beautiful 17-year-old with long black hair going down to the bottom of her neck, light purple eyes, fair skin, she is 6'0" in height, and she had the body of a goddess. She also now has massive black angel wings on her back, as she reigns in the power of the Malefic Paradox Dragon, and she was in her birthday suit.

Lincoln: How do you feel, Eliza?

Eliza Towairaito: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Eliza Towairaito a new wardrobe, a sleeveless purple shirt with a dark blue phoenix and a dark blue skirt with the Malefic Paradox Dragon on it, black pants, dark blue leather ankle-high combat boots, and a long black sleeveless trenchcoat with the Malefic Paradox Dragon on the back, and on her back is a large Malefic Paradox Dragon-themed sword with a 6'5" massive, wide, double-edged, man-sized dark blue blade with the Malefic Paradox Dragon etched on it, large Malefic Paradox Dragon wings for the crossguard, large dark blue gem for the hilt, longer black handle, and large dark blue faceted sphere pommel with surrounding dark blue gems.

Eliza Towairaito: Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Eliza Towairaito's neck with dark blue gems on the gold lightning bolts and dark blue crystals links from her new Crystal Necklace of the Buddha.

Eliza Towairaito: Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Eliza.

Eliza Towairaito had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the thirteen girls who came out, and when Lincoln saw them, he immediately recognized them. The thirteen girls are Amaterasu, Ibaraki Douji, Kaguya, Shizuka Gozen, Yoshitsune, Sakura, and Uzume from Onigiri, Alma, Melie, Hameline, Liselotte, Miss Melba, and Ullmina Bagliore from Radiant.

Lincoln: Oh wow, it's Amaterasu, Ibaraki Douji, Kaguya, Shizuka Gozen, Yoshitsune, Sakura, Uzume, Alma, Melie, Hameline, Liselotte, Miss Melba, and Ullmina Bagliore.

Helena McTroy: From Onigiri and Radiant, awesome.

Lincoln: Are you girls okay?

Amaterasu: Yes, we're okay, thanks to you for saving us from that red-haired banshee with the chainsaw.

Then, when Amaterasu and the other twelve girls saw who it was that saved them from Icky Vicky, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Amaterasu: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made twelve clones of himself, and he and the twelve clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Amaterasu: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, thirteen Thunderbird Necklaces of Eternal Love appeared around the necks of Amaterasu, Ibaraki Douji, Kaguya, Shizuka Gozen, Yoshitsune, Sakura, Uzume, Alma, Melie, Hameline, Liselotte, Miss Melba, and Ullmina Bagliore with colored gems and crystals on the gold lightning bolts. We then returned to the Estate, and we not only had another successful rescue, but we also stopped Icky Vicky's rampage. As for Icky Vicky, she was brought back to her cell in the Jupiter Prison, and she, still bound in a rainbow energy straitjacket and rainbow energy chains, was chained to the wall of her cell with rainbow energy chains and Neutronium chains. We also found out from Chief Lair that Trina Riffin was the one who helped Icky Vicky in escaping from prison, as she brutally beat up one of the guards to get the key to her cell.

Trina Riffin got another Life Sentence for aiding in Icky Vicky's escape and for assaulting one of the guards. We had her bound in a rainbow energy straitjacket and rainbow energy chains, and we threw her into a separate cell in Solitary Confinement and Maximum Lockdown, and she was chained to the wall in rainbow energy chains and Neutronium Chains. Lincoln and Eliza Towairaito now have a lot of catching up to do, now that she's back.

---

After dealing with Icky Vicky and sending her butt back to prison, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Eliza Towairaito saw Lincoln working out like crazy, she had an atomic red blush on her face.

Eliza Towairaito: Whoa, Lincoln has really grown to be a 16-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Eliza, and now, I can also fight and defend myself.

Eliza Towairaito: That's awesome.

Nico: It sure is, Eliza. So, what memories did you have with Lincoln?

Eliza Towairaito: I actually have two memories with Lincoln, and one of them happens to be a really scary revelation, and it involved Luan during one of her April Fools Prankapocalypses. You see, I've known that Luan goes crazy and out of control when it came to her April Fools Prankapocalypses, but on that April Fools Day, she nearly went insane like The Joker and nearly killed all of her family. You should've seen it, she had laid out flammable explosive firecrackers, bear traps, rabid raccoons, land mines, and all sorts of deadly pranks all over The Loud House, and everyone was tied up, and they were hanging over a pool of electric eels and sharks, and Luan was laughing insanely. When I saw it, it meant that lunatic has gone too far, and I had to outsmart her. I built a remote control dummy of myself, and I began guiding my robot all over The Loud House, and disabled all of the traps all over The Loud House, and sealed up the pool. Then, with the traps disabled, I marched inside, and when I saw Luan really mad, she tried to attack me, but I roughed her badly, and tied that lunatic up with strong nylon rope.

Then, I cut everyone loose from the ropes, and they hugged me, and Lincoln really broke down and cried, as he hugged me even tighter, and I also returned it. The sight really hit me in my heart, along with the rest of his family. Luan was brought out of that, and it really hit her badly, but that didn't save her from what was to come. Lori and the other sisters wanted to beat Luan into pulp for what she almost did, but the parents stopped them, but Luan wasn't safe from them either: they handed Luan a sentence of grounded for six weeks with no pranks, no gags, no puns, and no ventriloquist dummies.

When Eliza was finished, we were shocked and horrified.

Me: (Horrified) My God. I knew Dark Luan made Luan crazy, but this is really bad.

Nico: (Horrified) You said it, J.D. She nearly went insane on that April Fools Prankapocalypse, and she nearly killed all of her family with that prank, and on top of that, it made Lincoln break down and cry.

Lori: The sight of Lincoln breaking down like that because of Luan nearly going insane, and nearly killing all of us, that would really be on our minds for the rest of our lives.

Lincoln: Until the rescue in the Sensei Light Realm in The Skylands. I overcame that fear, and rescued the girls that Dark Luan had tied up and was about to dump into the pool filled with electric eels.

Princess Celestia: That's right, and you overcame that fear from long ago, Lincoln, and we put that insane lunatic away for good.

TLPS Mr. Wolf: Where she's never getting out ever again. It should serve her right for what she did in attacking The Three Kingdoms with her lethal pranks when she found out the dark sides of Chandler, Lori, Lynn, and Lola were defeated by us, and were put in indestructible diamond prisons for good.

Nico: You got that right, TLPS Mr. Wolf, and Eliza did an awesome job in outsmarting Luan. So, Lincoln, what else can you tell us about Eliza?

Lincoln: Eliza Towairaito's my partner in Woodshop class, and we built a beautiful wood oak bench for a project and it was so awesome, and from what you heard from her, she outsmarted Luan when she nearly went insane and nearly killed us during one of her April Fools Prankapocalypses. And here's a little something Mary's going to like, J.D., Eliza's a cooking wiz, in fact, she taught me how to cook on the dishes such as scrambled eggs, paninis, and of course, the clafoutis.

We gasped in awe, including Mary Knudson when she heard the mention of clafoutis.

Mary Knudson: Clafoutis?! The baked French dessert of fruit, traditionally black cherries, arranged in a buttered dish and covered with a thick flan-like batter, dusted with powdered sugar, and served lukewarm, sometimes with cream?!

Lincoln: The very one, Mary.

Me: And you know that Mary loves all sorts of desserts, so the mention of clafoutis was bound to get her mouth watering.

Lincoln: Well, we'll make some for tonight. Oh, now, it's time to get ready for another beach date.

We got a shower, and Lincoln and his harem were getting ready for another beach date, this time, it's at Koopa Troopa Beach in the world of Mario.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo, and elemental forces on it, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

And his harem were dressed in two-piece bikinis in their favorite colors, sandals, along with their jewelry, and they also had their weapons holstered in case of trouble.

Lincoln: Well, ladies, shall we?

Sam Simpson: Of course, Lincoln.

Lincoln and the girls left the Estate, and they head for their destination, Koopa Troopa Beach in the world of Mario. When they arrived, it was a mostly rocky island and the beach had sandy shores, palm trees, and of course, a large body of water to go swimming in.

Lily the Mermaid: Wow, what is this place, Linky?

Lincoln: This, Lily, is Koopa Troopa Beach, I've heard about it from Mario, and I figured this would be an amazing place for our date. Now, then, shall we?

Lincoln and the girls dived into the crystal clear waters and they were swimming, then, they also saw the creatures that live there, and they also took pictures. They also saw the large Koopa-shaped rock there. Then, they had lunch underneath the palm trees on the sandy beaches, and they also had fun diving and snorkeling. Then, as soon as the sun's about to set, Lincoln made clones of himself, and he and the clones went to the girls, and they picked them up in their abnormally massive and powerful muscular arms, and just as the sun turns orange, they passionately kissed and hugged. Then, they returned home to the Estate, and they returned to their original clothes.

Nico: Hey, Lincoln, how was your date?

Lincoln: It was awesome, Nico. We went to Koopa Troopa Beach in the world of Mario.

Nicole: Wow, that's awesome. I hope you guys didn't have any trouble there.

Lincoln: None at all, Nicole. We've had a lot of fun.

Nico: Awesome.

---

Nico was watching TV and then me and Eli came in and we had an unconscious man with us. It was Sam Witwicky. We put him on the couch.

Sam Witwicky woke up with a groan. The last thing he remembered was that dickhead Savoy shooting a gun at him as he was escaping the NEST Base.

Sam Witwicky: Hello? Optimus? Bumblebee?

Nico: Sam are you okay?

Sam Witwicky: Who are you?

Nico: I'm Nicolas Chan and I'm the leader and commander of Team Loud Phoenix Storm.

Sam Witwicky: Pleasure to meet you. Where am I?

Nico: It's a really strange story. You were taken from your universe and you wound up on our universe. Lots of things have happened.

He got up and went to Sheila.

Sheila: Excuse me. Can I help you with-

Sam Witwicky: I need to contact Optimus Prime right away!

Nico: Sam Optimus in your universe is out of your reach.

Sheila: Wait a second. Is he Sam Witwicky from the Live Action Transformers universe?

Nico: That's him. He wound up in our universe after Savoy shot him.

Sheila: Oh man!

Nico: Yeah.

He then saw Aligned Bumblebee.

Sam Witwicky (smiles): Bee, thank God you're okay!

But as Sam approached Bumblebee, he saw something wrong.

Sam Witwicky: Wait. Who are you? You're not Bumblebee.

Aligned Bumblebee: (smiles sadly) I AM Bumblebee. Just not the one you know.

Edward: And yes, his voice box got repaired. A long time ago actually.

Nico: This is a different version of him. We met many versions of Transformers from all over different places and dimensions. Really strange story.

Optimus: It's true Sam.

Nico: Yeah. Also the War with The Autobots and the Decepticons in this universe is over. Me and my team, we put an end to countless eons of fighting and we brought both sides together.

Nico showed him his medal.

Nico: I'm now the new leader of the Decepticons and I'm leading them on the road to redemption.

Live Action Barricade: It's true Sam. Nico is a great leader.

Sam Witwicky: Barricade?

He then saw Live Action Jazz, Ironhide, Brawl, the Constructicon team and Jetfire.

Sam Witwicky: Wow! Jazz, Ironhide, The Constructicon Team, Brawl and Jetfire are all here too?

Nico: They sure are.

Live Action Jetfire: Good to see you again young whippersnapper.

Live Action Ironhide: Thank Primus you're okay, Sam!

Sam Witwicky: You're asking if I'M okay? You're the walking corpse!

Herald: Ironhide and Sentinel Prime were the only Cybertronians from your Earth so far that J.D. revived the natural way.

Me: Actually I DIDN'T revive Sentinel Prime.

Nico: I don't know how he appeared but somehow he did.

Sam Witwicky: I don't think my Earth is loving Cybertronians right now.

Me: No it's not and you can blame Sentinel Prime from your universe for that.

Dead End: We know. After all the Live Action Autobots did to protect your world, the humans there repaid them by hunting them down like animals. Even after Quintessa's death, humans are still wary of Cybertronians there.

Nico: It's true. Cemetery Wind and the Transformer Reaction Force were made because of Sentinel Prime. Their goal is to wipe out all the Transformers and anyone that is helping them.

Me: We're gonna go to your universe on April 28th to stop them and straighten everything out.

Nico: Yeah. Just hold on for 2 more months.

Me: Yeah. Oh and Mikaela and Carly are here with us too.

Sam saw them.

Sam Witwicky: Mikaela! Carly! Wow!

Nico: Uh oh I sense trouble coming.

Mikaela: Sam, before the day that we go back to our Earth, you have to choose. Me? Or Carly?

Carly Spencer: You can't have both.

Kup: (Sam looks at him pleadingly) Oh no! I am NOT getting involved in this!

Me: Right behind you Kup.

Lincoln: Me neither.

ZOOM! ZOOM! ZOOM!

We ran to our rooms.

We later then came back. And this time there was trouble.

Brimstone: Guys, we got trouble!

Nico: Uh oh!

Sam Witwicky: Don't tell me my world's Megatron found me already!

Maria: No. It's worse. Much worse!

Me: Cheese factories all over the world are disappearing!

Nico: (ENRAGED) WHAT!?

May: Uh oh!

Eli: Why are Cheese Factories disappearing?

Me: Hmm.

I went to the computer and on a surveillance video feed we saw something REALLY STRANGE! We saw a giant alien spaceship take the factory right out of the ground and into the sky!

Laney: WHOA!

Nico: What kind of alien ship is that?

Me: Never seen anything like it.

Shanan: Oh man! Is that the alien race I think it is!?

Varie: What are those alien ships?

Shanan: You would not like these aliens. They are a race of Cheese Warmongering aliens from the Centaurus A galaxy called the Lactossemmenians.

Nico: Lactossemmenians? That's a weird race name.

Shaman: They are a highly advanced alien race of one-eyed aliens from the planet Lactossera and they want to use the cheeses of many races all over the universe to conquer galaxies.

We gasped!

Mac: Wait a second! I know those aliens!

Mandy: Me too!

Edd: I most do as well!

Lazlo: Same with me as well!

Adam Lyon: Me too guys!

Nico: You guys have had encounters with these aliens before!?

Lazlo: We sure have.

Nico: How did you guys meet these aliens?

Mac: It's a crazy story.

Mac told us his story first.

---

In this episode of Foster's, Frankie is first at a post office getting a package ready when she comes across Cheese and ignores him, later as she is leaving this post office, she realizes that Cheese is running around streets yelling "Gotta Go!" repetitively so she lets him into the Foster's bus. They pick up both Mac and Bloo at the local movie theater where they were watching a science fiction film about an alien invasion called "Brain Sucking Aliens From The Moon". They also pick up both Eduardo and Coco from a dentist clinic, and Eduardo becomes loopy from anesthetics causing him to suddenly and ironically warn Bloo that he's hiding from aardvarks like in that movie him and Mac were watching. And because this comes out of Eduardo, and Bloo reads a tabloid newspaper that was in the clinic's waiting room which has an article about an alien invasion with a picture of an alien that resembles Cheese, he suddenly feels as if Cheese is one of those extraterrestrials hitmen planning to cause an alien invasion. And soon they're back in the Foster's Home bus en route to the courthouse as Wilt is defending Madame Foster, and in the bus, Bloo shows Mac that tabloid newspaper he got from the clinic they were at and warns him that because this alien invader is this article's picture is really similar to Cheese, he believes that Cheese is one the alien invaders and from how Eduardo is, has removed his brain. But Mac won't believe Bloo about this. And when they arrive at the destination, Bloo, Eduardo, and Cheese are warned by Frankie to remain inside of the Foster's bus, Bloo uses the bus's 2-way radio to contact the galaxy. But when he uses "Cheese," doing this only gets attention of another imaginary friend.

Bloo soon traps Cheese in a picnic blanket, removes the bus's 2-

way radio, and brings him to an observatory tower calling out, "We have your Cheese, aliens!" And when the group leaves the courthouse, they find Bloo, Cheese, and Eduardo missing, and then everyone falls out and the bus gets towed away. A cop also shows them that the bus was parked in a "No Parking Zone." Plus Coco, Jackie Khones, and this cop go to get a sandwich. So Wilt and Frankie look for Bloo, Eduardo, and Cheese while Mac and Madame Foster attempt to retrieve the bus. But with Eduardo sprinting all over the community, smooching people throughout town, and they fear that he's doing this to remove their brains. As Wilt went to intercept him, the cops decided to investigate also. Frankie also rrives at the observatory to drag Bloo and Cheese away. And when Frankie returns Cheese home to his rightful owner, Louise (who is Mac's neighbor), Madame Foster contacts her telling that she and the entire crew is under solitary confinement. Frankie responds by telling her she'll be at the penitentiary first thing in the morning. And as luck would have it, that evening back at the observatory, an unidentified flying object soon comes beeping as the aliens inside this moan, "Cheese." The imaginary friend Cheese also returns to the observatory which means the start of an alien invasion!

---

We were shocked and more.

Nico: Whoa! So Cheese was said to be one of these aliens!? That's crazy!

Mac: Yeah it was.

Nico: Double D now you're next.

Edd: It was a really fascinating and crazy adventure.

---

That night, Jimmy believes that aliens are coming to collect the Cul-de-Sac. Meanwhile, Jonny 2x4 and Plank try to find Rolf at his house. However, an eerily green glow and mist is coming out of the place. Meanwhile, Edd is tutoring Eddy but then hears Jonny screaming. Jonny tries to tell everyone that the aliens are coming, but only Jimmy (With a sunburned face) believes him.

Everyone realizes that Ed is missing. Edd reveals a note found at Ed's that says "At Rolf's, needs help." Jimmy and Jonny think that the "aliens" have captured Ed. A meteor then shoots out of Rolf's chimney and crash lands in the playground. The neighborhood kids check on the so-called meteor when a gooey, green hand pops out of it. Everyone panics and hides. Eddy and Edd then run off but bump into the "alien." The collision between it and the two Eds causes the goo to come off, revealing the alien to only be Ed.

Ed tells of his experience at Rolf's place. Kevin then takes the role as leader and try to storm Rolf's house, however a circle of heat is covering the area. After planning how to attack Rolf's heat-covered house, choosing weapons and creating heat-vision shields, everyone storms the house, but to no avail. Kevin storms off but Ed thinks of a plan. This plan involved a female sacrifice, Nazz.

Later that night, everyone gets ready to attack. One of the "aliens" comes out of the house. Revealing itself to be Rolf. He also reveals that the other "aliens" in the house are Rolf's relatives, staying for a while. But they still go back to their places. Though Jimmy's fears occur when claws and buzz-saws from a UFO suddenly come and removes the Cul-de-Sac, bringing this block through space.

---

We gasped again!

Me: So Jimmy's dream he had wasn't a dream at all. It was a warning! Telling us that the aliens you all met before are going to return to finish what they started in the past!

Jimmy: That's right! It's the end of humanity!

Nico: Now lets not panic. Adam you're next.

Adam Lyon: We thought we met a platypus.

---

Electricity in town is not working including vehicles! So everyone has to walk to destinations. On the way, Windsor shows a magazine about recent alien invasion events. And this magazine has a story about removal of the Cul-de-Sac made front page news and shows the Eds (marking it one of the only time the Eds have appeared on another show - the other being the KND/Billy & Mandy crossover episode). Meanwhile, a new student arrives at Charles Darwin Middle School named Rick. Rick tries to trick everyone into thinking he's an alien by mentioning Brain Juice. It seems to work but not for Adam, who believes Richard is just a normal platypus. In the end, Richard reveals that the brain juice he kept talking about was just a normal juice drink.

---

Edward the Platypus: A platypus that was an alien in disguise!? That's crazy talk!

Me: Yeah no kidding. But that is weird.

Nico: Yeah. Lazlo?

Lazlo: We actually met the aliens and thought they were trout.

---

Strange Trout from Outer Space: Aliens kidnap Samson and reveal that they've arrived for cheese. Most likely because they never realized that cheese was just the name of this imaginary friend in "Cheese A Go-Go." However, after torturing him, the aliens realize that Samson would not make a good hostage. So they throw him off the UFO. Three new Bean Scouts arrive and appear to be Canadian. Samson thinks the trouts are aliens and tries to prove it as the "aliens" steal Musili's cheese stash. The trouts then leave Camp kidney in a car. The three background characters that helped Samson appear to be the aliens in disguise. They then get beamed up into their ship and take off to Acorn Flats.

Cheese Orbs: The aliens arrive at Acorn Flats. The campers get ready for their Annual International Cheese Ball. However, Patsy and her friends don't go as Patsy is allergic to cheese. Nina reveals her latest invention. This invention won't let a single molecule get to

Patsy so she can go to the Cheese Ball. However, Patsy goes to fast and crashes, destroying the vehicle. Nina then walks around the camp at night and is confronted by the aliens. Nina invites them into her lab. Nina asks what part of the galaxy they're from, Zygat 12 or Sector Z (A reference to the missing Kids Next Door operatives). The aliens then play board games all night. The next day, Patsy and Gretchen try to lure Nina out with no success. Everyone, including the Jellybean Scouts, arrive at the Cheese Ball. The aliens almost vaporize Nina, though at the last second, the Cheese Ball starts. However, Patsy eats all the cheese to look like an alien in order to bring Nina back. The aliens soon realize that cheese is gone, currently foiling their efforts.

---

We were shocked!

Nico: Whoa! Now Mandy.

Mandy: It was not a pretty sight.

---

The alien's objectives are finally revealed. They were determined to escape with the earth's cheese. When it's the full moon, the aliens will turn into Werewolves and eat everyone. They will then replace everyone with cardboard cutouts. Cardboard cameos of Numbuh Two (Codename: Kids Next Door), Dexter (Dexter's Laboratory, though he was facing backwards), Mac, Bloo (Foster's Home for Imaginary Friends) and Ed (Ed, Edd n Eddy). The aliens also implanted a huge bomb in Sperg's head that explodes 12 hours from when it was first implanted. When fighting, Mandy "accidentally" sets off the bomb.

These alien invaders almost succeed. Billy was even turned into a werewolf. However, Grim turns everyone into superheroes. Meanwhile, Sperg is singing in the control room during his final seconds. His head then explodes, saving Earth. However, he is still alive. He's only headless. The aliens, on the other hand, rebuild the moon using the cheese sprayed from their armpits. As they are sinking in the cheese and eating their way out, the Kids Next Door are seen playing video games at the Moon Base when Numbuh 1 smells the cheese. Numbuhs 1, 3, 4, and 5 look at Numbuh 2, thinking that he "cut the cheese."

---

We were shocked and horrified!

Nico: Whoa! That is incredible that you all met and defeated these aliens before.

Eli: You guys have experiences with them.

Me: Wow! Thank goodness you all stopped them before. But now they are back for round 2.

Laney: Yeah and we all are going to stop them this time.

Then Box Ghost, INSTIGATOR, Chalmers, Springfield Bullies, Onyx, Nergal, Toyman, Chemistro, Titanium Toenail, and Knightbrace

Box Ghost: Can me, INSTIGATOR, Chalmers, Springfield Bullies, Onyx, Nergal, Toyman, Chemistro, Titanium Toenail, and Knightbrace help you guys fight these aliens?

Nico: You all sure can.

Dolph: And is that Sam Witwicky?

Me: That's him. He is now in our universe.

Shanan: And believe it or not guys these aliens are ones that Lazlo, Mandy, Edd, Mac and Adam all dealt with before. They are called the Lactossemmenians.

Knightbrace: That's a weird name.

Nico: Yeah it sure is. And they want to use all the cheese in the world to take over the galaxy!

They gasped.

Nico: I know. There's no way those aliens are getting their hands on our cheese, not without a fight. Oh, I'm looking forward to this kind of mission: protecting the planet's supply of cheese from aliens who want to take it and force the human race to bend to their wills. We'll blow every last one of them up.

Clyde McBride: You said it, Nico.

Suddenly, Clyde's Sword of Chronos unholstered from his back, and is surrounded by a kaleidoscope of light and clocks, and when it emerged, it was transformed Chronos' Time Sword of Fated Justice, it's a new large sword with a 6'9" massive, wide, double-edged man-sized silver blade with the twelve numbers of the clock in Roman Numerals etched in a circle around Chronos, The Greek God of Time, large curved downward facing golden ram horns for the crossguard, a large clock with the twelve numbers in Roman Numerals and clock hands for the hilt, longer black handle, and four large clocks for the pommel.

Nico: Whoa, that sword looks really awesome.

The large book of legends manifested from rainbow light shined from the Thunderbird emblazoned on Lincoln's forehead, and it turned to the page with the image of the sword on it, along with the info on it.

Lincoln 2: I thought that sword looked familiar, that large sword that formed from Clyde's Sword of Chronos is known as Chronos' Time Sword of Fated Justice, looks like Clyde's sword, just like many of our weapons have undergone a powerful transformation.

Clyde: That's awesome.

Suddenly, the sword called out to Clyde McBride and grabbed the large sword's longer black handle. Then, we saw something happen: Clyde's eyes turned from black to silver, and his black hair grew longer and it reached the bottom of his neck. Suddenly, we saw Clyde grow to 7'0" in height, and we saw all his upper and lower body muscles growing abnormally massive and powerful at a very incredible rate, and it caused his white and blue-striped long-sleeved shirt to rip, and his long jeans tore and turned into shorts, and his shoes had ripped off, and we saw that Clyde now has powerful upper and lower body muscles and eight-pack abs. When we saw what happened to Clyde, we were stunned, Clyde McBride has turned into a very muscular hunk, and when his harem saw it, they had an atomic red blush on their faces and hearts in their eyes.

Lincoln: Whoa, now that's awesome!

Clyde: Whoa, what on Earth happened?

We also heard Clyde's voice become deeper after his transformation, and Lincoln made a mirror out of water, and when Clyde saw just what happened to him when he grabbed his brand-new sword, he was amazed.

Clyde: (Stunned) Whoa, now I look really awesome. But, I can't help but get the feeling I'm going to face the leader of Ultratech.

Lincoln: That's just what I was thinking, Clyde, but you're ready for the big fight, buddy.

Nico: That's right, Clyde.

Clyde snapped his fingers, and he is now dressed in a silver version of He-Man 2002's loincloth, large long black pants with clocks on the legs, large black leather ankle-length combat boots, large silver weighted bands with silver phoenixes on his massive biceps and thighs, and eight large silver orbs orbiting around his legs, and he had his massive Chronos' Time Sword of Fated Justice holstered on his now wider and more muscular back.

Clyde: Alright, now, I'm ready.

Nico: Good.

Me: This is gonna be good.

Nico: This is gonna be a brutal battle.

Me: No kidding. But we faced evil alien invasions before.

Nico: That's right we have. Guys, you might find this nuts. But, we're gonna have to recruit Sperg as well.

Kearney: We understand. He helped fight those aliens too.

Mandy: That's right he did.

Nico: NO WAY! Hell will freeze over before we recruit that jerk! He can jump off a cliff for all I care!

Eli: YEAH! I hate that monster!

Nico: J.D., we're deailng with aliens that want our cheese. Do you really want to argue with me right now?!

Lori: HEY! That's my line!

Nico: (Sheepishly laughs) Sorry Lori.

Blackarachnia: J.D., I'm gonna have to agree with Nico on this one.

Brittney: Besides that dad. It's been 4 years since we gave him his punishment. I think it's time we let him off the hook with a warning.

Me: (Groans) All right. But don't make me regret this.

Nico: That's the spirit.

We went out to Endsville.

We arrived in the Endsville sector and we saw Sperk.

Sperg: What do you want now, Chan?

Nico snapped his fingers and Sperg was instantly back to normal.

Sperg: I'm back to normal?! What are you playing at here?!

Jimbo: We don't have time to explain, dude! But we need you to come with us!

Nico: The aliens you all faced are back!

Sperg: Oh man!

They had Sperg come with them and went back to the estate.

We saw Sperg and we were mad.

Thrust: J.D., I know you and Eli are mad.

Me: Mad?! We're not just mad!

Eli: We're fucking furious?!

William: Look, I know in the old days, you wouldn't even think about working with Sperg. But those days have passed! And you two are probably still upset that Nico's leader now! Sometimes, in order to defeat a common threat, you have to swallow your pride! And don't take this personally. But if you can't do that, then you two shouldn't be out there at all!

Me: (GROWLS) (Calms down) (Sighs) You're right.

Eli: But if he steps out of line (MENACINGLY AND MALEVOLENTLY) I'm going to rip his tongue out and shove it so far down his fucking throat that he will be tasting his own shit and then slash his head off and make him pee in it and then I will pull his insides out and turn him into a human sausage and then feed him to the demons he knows from the darkest pits of the underworld from whence he came!

Grim screamed in fright and jumped behind Nico and I then jumped in Nico's arms!

Nico: OOF! J.D. you're giving me a hernia!

Me: Eli you scare me when you do that.

Eli: Sorry.

I got down.

Bull Sharkowski: I'll help too. And don't try to argue with me about this! I live on this planet too!

Titanium Toenail: Relax. You can help us. You haven't even done a single bullying act since 2020.

Nico: That's right.

Maria: And I'll keep you hydrated Bull.

Bull Sharkowski: Thanks Maria. As a shark I can't survive out of water for long.

Weirdwolf: Let's get our spaceship ready.

Nico: Agreed. These aliens picked the wrong planet and the wrong people to fuck around with! Especially ME Because I LOVE CHEESE! Lets deploy the U.S.S. Valorous Phoenix and set course for the mothership.

We went to the ship.

Chemistro: We need to keep an eye on J.D. and Eli. Otherwise, their anger issues might compromise the mission.

Eddy: Already on it. I've got Lumpy staying close to them.

Me: You know we can hear you guys.

Chemistro: Sorry.

Me: Sorry. I'm upset because you know how much I hate Sperg.

Mandy: We know J.D. We hate him too. But not as much as Mindy.

Laney: Yeah that snobby brat had it coming.

Sperg: Where is Mindy?

Me: Dead and buried in the collapsed ruins of the mine of Gutterball Hill.

Lana: Good riddance.

Me: But yeah. I got to learn from the past and let go of things.

WHACK!

Rafiki hit me on the head with his stick!

Me: OW! Rafiki what the fuck was that for!?

Rafiki: It doesn't matter! It's in the past!

Me: But it still hurt goddamn it!

Rafiki: Oh yes the past can hurt. But the way I see it you both can either run from it or learn from it.

Me and Eli ducked from his strike.

Tae Kwon Crow: So, Nico. Which Gene Slammer do you think will appear on your next rescue?

Nico: I'm hoping to meet a Loboan Gene-Slammer next. And there's another friend I know that actually loves wolves and is a gothic werewolf too. Seline Long, she was born on the Wolf Moon of January and was said to have been bitten by a werewolf at age 5. But she can control the power.

Me: Like me as J.D. the Nocturnal.

Nico: Exactly.

Ben: But that would be so awesome to meet her.

Nico: Yep and I'll need Zarya Moonwolf to go with me on that one.

Zarya: I would be honored.

Me: And I'll go too.

Nico: Okay. And the Goths of Darkness can go too since she is a goth girl too.

Chalmers: Wait. Don't the aliens also turn into werewolves?

May: (laughs) We were just talking about werewolves!

Me: This is Yenaldooshi's race we were talking about and one of them is a gene-slammer possibly.

Chalmers: Oh that's completely different.

Nico: Anyway we have the ship ready. Lets head out!

We got into the ship and we were off. GET READY ALIENS! WE'RE COMING FOR YOU!

Marie Kanker Loud: I don't think me and my sisters even saw the aliens last time.

Nico: That's because you lived outside of the neighborhood.

Eddy: He's right. The trailer park was not far from us.

Marie Kanker Loud: Wait a sec! I remember seeing a huge hole in the ground that suddenly appeared.

Laney: That's the Peach Creek Neighborhood!

Lola: Whoa!

Lana: Wicked scary!

Nico: Mothership dead ahead!

We saw the biggest ship out of the whole alien invasion.

Nico: Here we go. Get ready to board.

INSTIGATOR: First, let's find the captured cheese.

Nico: Look at those ships.

We saw smaller ships piling in and they had the cheese factories being brought on board.

Nico: Oh man. Lets engage the cloaking and get on board.

The ship went invisible and we went on board the mothership.

Me: Whoa this ship is huge.

Nico: Get ready for a big battle. If you see any aliens blast them.

Eli: What do these aliens even look like?

Lana: I think they look like THEM!

We saw a bunch of strange red octopus aliens and they had one eye.

Nico: UG-LY!

Me: Those creatures are Lactossemmenians? They're hideously ugly!

Ben: Lets see what they have in powers.

Ben, Bella, me and Ben 10,000 scanned them and we got the ability to turn into Lactossemmenians.

Nico: Nice! Lets get them!

We fired waves of energy and blasted them all over.

Carnivac: Guys, I think Chalmers was onto something about these aliens being able to turn into werewolves!

Nico: Less talking more blasting! Anyone that messes with cheese pays!

We fired elemental and energy blasts and blasted them all over the place.

Me: Take this you cheese hating freaks!

I fired waves of lava and energy and smashed and blasted them all over.

Nergal: Grim, you really have to tell me about things like these more often. I didn't even know about these aliens until today!

Grim: (SLASHES ALIENS) (Jamaican Accent) That's because you never asked about it mon.

Nico: Take this! NUOVA DEATH RAY!

The 4 star dragonball glowed on his bracelet and he formed a huge lens and fired a focused beam of fire and sunlight and blasted numerous aliens apart.

Me: YOU ALIENS HAVE FAILED THIS UNIVERSE!

POW BLAM BIFF SMASH KROW WHAP!

Mandy and Sperg were smashing and pulverizing aliens all over.

Guyhawk: Wait. I think the aliens only turn into werewolves at a specific moment.

Sperg: It's true. And now isn't that specific moment!

Laney: WILL YOU GUYS PUT A LID ON THE WEREWOLF JUNK!?

Guyhawk: Okay okay! Sorry!

Nico lead Bravo Diablo (consisting of himself and most of Team Loud Phoenix Storm) and attacked the aliens from the rear, while Vypra lead Kaiser Claw (consisting of herself, the Masters of Evil, Ed, Edd, Eddy and the TLPS Bad Guys Gang) in from the front, and Garrett, me and the X Squad attacked from the sides. And then, J (Murder Drones), Straizo, Draknarok and The Folk all attacked with missiles, Space Rending Stingy Eyes, fire and razor feathers, and the blasts all killed the aliens who survive the attack.

Nico: WHOA! That was awesome!

Garrett: Our strategy worked well so far.

Nico: It sure did.

Toyman: I found the captured cheese.

Poromon: Can I have some of it?

Nico: We can have plenty of cheese later. Right now we need to take the fight to the leader. Follow me!

We followed Nico to the throne room of the mothership. More aliens were coming.

Me: You picked the wrong day to mess with our planet!

Cheese Alien: Give us our cheese!

Poromon: Make me!

The cheese aliens watched in horror as Poromon ate the captured cheese in front of them.

Diamond Tiara: Don't give us those horrified looks. Cheese is for everyone!

Nico: That's right! We eat cheese!

Shanan: And another thing! You came at the wrong date to turn into werewolves.

Cheese Alien: What do you mean?

Shanan: The next full moon isn't until the 16th of February. You're 10 days too early.

Cheese Alien: I knew I should have checked the calendar.

Nico: Well now today is the day we kick your ugly faces and tentacles into the sun!

We blasted the aliens all over and we went into the main control room and smashed and pulverized the Cheese Aliens all over.

Until only the leader was left!

Nico: NO ONE TAKES OUR CHEESE AND GETS AWAY WITH IT!

Sperg: Last time, I blew up their ship with a bomb.

Onyx: Good idea. But we need to plant it somewhere it won't blow us up.

Nico: Go for it.

Me: Where's the leader?

Nico: He's somewhere.

Eli: He's behind that door.

Nico: Entrance time!

Anemone: Is that the little aliens room?!

Nico: It's a bathroom Anemone. Even Aliens have to go take a dump.

Anemone: Oh. EW!.

Nico: Get ready.

We hid and then he came out with a newspaper.

Cheese Alien Leader: Ahh. Much better.

Suddenly the foods of the elements of the world came and swirled around him and then they converged and then…

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off above him…

Cheese Alien Leader: WHAT THE!

A phoenix cry was heard and then we came out ready to fight!

Nico: No one invades Earth and takes our cheese without a fight from Team Loud Phoenix Storm!

Alien Leader: We may not be able to turn into werewolves right now. But we're not going down without a fight!

Knightbrace: Believe me. We're hoping you don't go down too easily!

Me: Because we're going to kick your cheese hating butts all the way into nacho-cheese-ville!

Luan: (Laughs) Good one J.D.!

May: But before we fight, I hope you wiped your butt before we kick it!

Nico (laughs) Honey, I sometimes have butt wiping problems too after using the toilet.

William: (to Me and Eli) Look, before anything else happens, I know I was being harsh before. But it really needed to be said.

Me: I know William. Thanks.

Eli: Yeah!

Laney: Get ready cheese lips because it's time to grill you!

Nico: Yeah!

Then Po Kong the Demon Sorcerer of The Mountain, Mercurymon, KGBeast, Tar Pit, Trombipulor, Sportsmaster, Pinky and the Brain, Goro, Tala, and Puppetmon appeared.

Nico: Po Kong, Mercurymon, KGBeast, Tar Pit, Trombipulor, Sportsmaster, Pinky and the Brain, Goro, Tala, and Puppetmon.

Sportsmaster: Wow you guys kicked a lot of alien butts!

Eli: We counted 73,324,367,342,464,239,436 aliens all together from the ship and the fleet.

Tar Pit: WHOA!

Me: I know. We're sweating like pigs.

Nico: But it was worth it.

Mercurymon: Hard to believe you all dealt with these aliens before.

Eddy: We didn't have the means to defend ourselves back then.

Mac: But now we do!

KGBeast: (Russian Accent) That's the spirit, comrades!

Po Kong: I want some cheese after this is done.

Tar Pit: (to Nico) I heard you recruited Allure for us.

Nico: We sure did.

Trumbipular: She's gonna be an excellent addition to the team.

Me: She sure is.

?: (Scottish Accent) Amazing laddies.

A figure came out and it was BADPIPES from episode 6 of Ninja Steel!

---

Badpipes was a Scottish-accented Tengu/clarinet-themed monster who appeared as the main antagonist of the episode "My Friend Redbot."

Badpipes is first seen on Galvanax's ship with an army of Kudabots and Cosmo Royale dancing behind him and later doing the Hokey-Pokey. The reason is because Badpipes is using his bagpipes to make them dance and is sent to steal the Rangers' Power Stars by brainwashing them to give them over. After being sent to Earth, he encounters Hayley and demands her Ninja Power Star but she refuses until Badpipes plays his bagpipes and hypnotizes her to give him her Ninja Power Star. Right before he can take it, Redbot comes in and kicks Badpipes away, releasing the White Ranger from Badpipe's trance. After Badpipes got up on his feet, Hayley morphs and Badpipes notices his bagpipes and attempts to grab it but she is able to snatch it away in time as she battles him. He manages to get them back by tricking her, allowing him to give Hayley a kick in the chest. Badpipes is then about to fire energy lasers at Hayley but Redbot steps in and takes the shot right before Badpipes can play his bagpipes again. Kody comes in and kicks dirt at the monster's eyes, allowing Redbot and his friend to escape.

Later, Badpipes encounters and attacks Brody, Preston, Calvin and

Sarah in a forest with Ripcon and hypnotizes them to give them their Ninja Power Stars. However, right before they can, Hayley comes in her Mega Morph Cycle and fires at Badpipes with the Plasma Blast, freeing the other Rangers and attacking Ripcon. Right before the Rangers can take out Badpipes' bagpipes, Ripcon uses his Double Sword Doom Strike on them, knocking Hayley out of her Ranger form. Though right before Badpipes can take back his bagpipes, Kody comes in and takes away the bagpipes from the monster's view, allowing the Rangers to destroy the instrument with their Ninja Blasterss. The Rangers re-morph and battle both Ripcon and Badpipes. Badpipes then decides to run off to give Ripcon space to battle Brody, with Calvin, Hayley, Sarah, and Preston following him. He battles the four Rangers in a beach-like area and makes a beat-down on them. He has more of an upper hand whilst flying but gets knocked down by Calvin. Right before he can battle him, Badpipes is obliterated by Preston's and Sarah's Ninja Battle Morpher Arrow Blast Final Attack. He is then gigantified and the Rangers summon the Ninja Steel Zords to form the Ninja Steel Megazord. Badpipes has the upper hand in the fight so the Red Ranger summons the Rumble Tusk Zord to form the Rumble Tusk Ninja Steel Megazord to fight him. They manage to break off Badpipes's nose and smash his fan before they activate the Ninja Master Blade and use the Rumble Tusk Ninja Steel Megazord's Double Axe Final Attack to destroy Badpipes for good.

* * *

Brody: Badpipes!

Badpipes: Good to see ya again laddies.

Nico: I remember you! You were sent to brainwash the rangers into giving their Power Stars to you through your music.

Badpipe: Aye. Tis true lad. Good memory on ya.

Nico: Thanks.

Maria: So, you're another Scottish monster like Robtish?

Badpipes: I sure am, lass! Me and him played a game of checkers before I got here!

Merida: (Scottish Accent) Great to meet another fellow Scotsman monster.

Scotsman: (Scottish Accent) Same here lass.

We then got the usual battles underway.

## Nora Valkyrie, Applejack, Apple Bloom, Earth Skylanders, Four Arms, Manny Armstrong, Undermine and Brimstone VS Po Kong - Nico's rescue

Po Kong the Demon Sorcerer of The Mountain was first.

Po Kong: (to Nora) Nico didn't have to do that much in his rescue. All he really needed to do was recruit Allure.

Nora Valkyrie: That is so awesome. And Ms. Allure sure is a beautiful gangster too.

Applejack: I may not be into all that posh and beautiful stuff but yeah she sure is.

Apple Bloom: It sure is and Rarity makes amazing dresses for all of us whenever it's time for a dance or the Grand Galloping Gala.

Flashwing: It sure is and those dresses are absolutely amazing. All of Rarity's clothes are amazing.

Four Arms: It sure is. I think it's all amazing. Allure is just as amazing too.

Manny Armstrong: She sure is awesome. And Anita would make a great archenemy for her.

Po Kong: I agree there. Lets do it!

They fired waves of earth, rock, crystal, apples and energy and

smashed her down.

Nora Valkyrie: ALL RIGHT!

Applejack: YEEHAW! That was great!

## Davis Motomiya, Rainbow Dash, Scootaloo, Air Skylanders, Victoria (Yugioh), Xena Warrior Princess, Wonder Woman, Blackarachnia and Beast Wars Inferno VS Mercurymon - Lincoln's rescue

Mercurymon was next.

Mercurymon: (to Davis) I hope Lincoln didn't kill Icky Vicky in his rescue. We still have lots of rant fests against her!

Davis Motomiya: Don't worry we didn't. We just tied her up in neutronium chains and restrained her in a rainbow energy straitjacket and she will never get out of jail again.

Rainbow Dash: Yeah it was awesome facing her. But she is one pathetic excuse of a babysitter.

Scootaloo: Yeah no kidding! I would never want her as a babysitter.

Whirlwind: No one would. After her crimes were brought into light, no one would ever hire that monster again.

Victoria: I agree. And Timmy's parents were too stupid to know that Vicky was a heartless, evil, lying, cold-hearted, manipulative, demonic shrew.

Xena: That's true. She is a monster that deserves to be locked up.

Wonder Woman: Yeah no kidding

Mercurymon: It'll be a cold day in hell before we hire a monster like that. I've seen in documentaries how people that are babysitters don't get background checks for them and how they have a lot of criminal history when they don't know it.

Davis Motomiya: That is sick!

Mercurymon: Yeah! Timmy's parents were absolute brainless morons when they hired a monster like Icky Vicky.

Rainbow Dash: No kidding! And Pinkie Pie is a much better babysitter than her. And So is Chloe Carmichael.

Mercurymon: That's true. Lets do it!

They fired waves of lightning, wind and rainbows and energy and smashed him down.

Davis: ALL RIGHT!

Rainbow Dash: That was AWESOME!

---

Onewa, Pinkie Pie, Featherweight, Tech Skylanders, Humongousaur, Aylene C., Littlefoot, Cera, Ducky, Petrie, Spike, Thrust and Starscream VS KGBeast - Meeting a Malefic Paradox Dragon Gene-Slammer

---

KGBeast was next.

KGBeast: (to Onewa) I heard you guys mets a Malefic Paradox Dragon Gene-Slammer. What's her name?

Onewa: Her name is Eliza Towairaito. And she is one of Lincoln's friends and is an awesome techno wizard too.

Pinkie Pie: You will like her. She stopped one of the worst Prankapocalypses ever from before J.D. moved to Michigan.

Featherweight: Yeah. She was insane like The Joker and nearly killed all of her family. You should've seen it, she had laid out flammable explosive firecrackers, bear traps, rabid raccoons, land mines, and all sorts of deadly pranks all over The Loud House, and she had everyone tied up, and they were hanging over a pool full of electric eels and sharks, and Luan was laughing insanely. When Eliza saw it, it meant that Luan the lunatic had gone too far, and she had to outsmart her. She built a remote control dummy of herself, and she began guiding my robot all over The Loud House, and disabled all of the traps all over The Loud House, and sealed up the pool.

KGBeast: WOW! That is genius!

Sprocket: We all thought so too. And that April Fools Day was a horrible nightmare.

Aylene C.: It sure was but that was really clever using a robot like that.

Littlefoot: It sure is.

Cera: Very crafty and clever.

Ducky: Oh yes yes yes.

Petrie: Me think so too.

Humongousaur: That was very well planned out and very amazing.

KGBeast: That was very cunning and crafty of Eliza. Well done to her. Lets do it!

They fired waves of metal, gears, lightning and energy and smashed him down.

Onewa: ALL RIGHT!

Pinkie Pie: BEST USUAL BATTLE EVER!

---

Onua, Starlight Glimmer, Cozy Glow, Undead Skylanders, Jelli the Slime, Suu, Skullcruncher and Weirdwolf VS Tar Pit - Sam Witwicky coming to our world

---

Tar Pit was next.

Tar Pit: (to Onua) I heard Sam Witwicky came to our world. Poor kid must be worried sick about the Bumblebee and Optimus from his universe.

Onua: Yeah he sure is. And after everything that happened in his universe because of Sentinel Prime, I don't blame him for being worried.

Starlight Glimmer: Me neither. That is crazy that all that is happening in his universe.

Cozy Glow: Yeah no kidding.

Hex: It's hard to imagine that the people can turn against the Autobots after they did so much for the human race.

Jelli: Yeah but on April 28th, we'll set things straight.

Suu: We sure will.

Tar Pit: I agree. Lets do it!

They fired waves of stars, magic, bones, lightning, slime and rock and smashed him down.

Onua: ALL RIGHT!

Starlight Glimmer: That was amazing!

---

She-Hulk, Rarity, Sweetie Belle, Water Skylanders, White Night Queen, Kristjana Vaðlaheiðarvegavinnuverkfærageymsluskúrslyklakippuhringurinn the White Night Dragon Gene-Slammer, Alexis Rhodes, Tae Kwon Crow and Chomp Chest VS Trumbipular - Amazing that the aliens want all that cheese

---

Trumbipular was next.

Trumbipulor: (to She Hulk) It's amazing that the aliens want all that cheese. (laughs) Too bad they're not getting any!

She-Hulk: You are darn right they aren't and we're going to make sure they won't. You mess with our cheese supply and you mess with Nico and us!

Rarity: That is 100% right there darling and these aliens are not gonna get one piece of it.

Sweetie Belle: Those pieces of cheese are only for Nico and the people of Cheesebridge and Wisconsin.

Gill Grunt: You got that right!

White Night Queen: I agree with you all there.

Kristjana: (Icelandic Accent) That's right. I think all forms of cheese are good.

Alexis Rhodes: Me too. Except for Limburger. That cheese smells really horrible.

Trumbipulor: I don't like that cheese either! It smells like stinky socks! Lets do it!

They fired waves of energy, jewels, ice, water and darkness and smashed him down.

She-Hulk: OH YEAH!

Rarity: Rapture darling that was grand!

---

Lightning, Princess Luna, Moondust, Snowdrop, Children of The Night, Ink Rose, Moonlight Raven, Dark Skylanders, Ultimate Rath, Rita Fox, Fox Quintuplets, Helga Sinclair and Marie Kanker Loud VS Sportsmaster - Awesome how The Ed's, Adam Lyon, Lazlo, Mac & Bloo and Billy & Mandy all had problems with these aliens before

Sportsmaster was next.

Sportsmaster: (to Lightning) It's awesome how the Ed's, Adam Lyon, Lazlo, Mac & Bloo and Billy & Mandy all had problems with these aliens before. But that was before they met you guys.

Lightning: No kidding! And it's awesome that they beat these aliens all before too. So awesome.

Princess Luna: That is really amazing! And the odds of facing aliens like that are probably astronomical. I was never really good at statistics.

Moondust: That's something. But yeah that is incredible that there are many people that know these aliens.

Snowdrop: They must've sent a distress signal after they first arrived and it went to their home planet and had reinforcements come.

Gari: That could be it.

Ink Rose: Well they picked the wrong planet to fight.

Moonlight Raven: Yep. Because now that Team Loud Phoenix Storm is on Earth and going to stay, we're going to protect all of Earth.

Blackout: Absolutely.

Rita Fox: I agree. I like cheese on my spicy ghost pepper sub sandwiches and as an athlete I love nuclear hot food.

Sportsmaster: Now that is the kind of sports spirit I like!

Pam Fox: Yeah that's our sister!

Mick Fox: Yep.

Rita Fox: Thanks guys.

Ultimate Rath: But Rita is one tough girl too.

Sprocket: She sure is.

Sportsmaster: No kidding! You and J.D. definitely have something in common. You both love nuclear hot food. Wow! Lets do it!

They fired waves of lightning, darkness and fire and smashed him down.

Lightning: LIGHTNING WINS! SHA-BLAM!

Princess Luna: A true victory of the night!

## Superman, Princess Celestia, Amber Morning, Minuette, Twinkleshine, Lemon Hearts, Moondancer, Lyra Heartstrings, Sunset Shimmer, Twilight Sparkle, Light Skylanders, Palutena, Pandora (Kid Icarus),Tethys - Goddess of Light, Catilla and Carnivac VS Pinky and The Brain - Nico recruiting Sperg

Pinky & The Brain were next.

Brain: (to Superman) I know you guys aren't really best friends with Sperg. But this won't be the last time you'll have to team up with villains not in our ranks to defeat a common enemy.

Superman: Yes I know that feeling all too well. It's called an unlikely alliance. Heroes all over the worlds of comic books have done it many times before.

Princess Celestia: It's true.

Amber Morning: Yeah Lincoln showed it to me in his comics and it happened to the Justice League, The Avengers and many heroes.

Minuette: Yeah it was crazy.

Twinkleshine: One time the Justice League made a deal with Superman's archnemesis Lex Luthor to have him help them take down the Justice Lords.

Superman: It's true. That really did happen.

Lemon Hearts: That is really scary and cool.

Moondancer: It sure is scary.

Lyra Heartstrings: Really risky.

Sunset Shimmer: That's right. It's scary too.

Twilight Sparkle: Yeah it sure is.

Spotlight: No kidding. But sometimes it gets the job done.

Palutena: No kidding there.

Pandora: That is crazy.

Tethys: That's true.

Pinky: EGAD! ZORT!

BLAM!

Brain bashed him on the head with a pencil.

Pinky: (LAUGHS STUPIDLY) NARF!

Amber Morning: (LAUGHS) He cracks me up!

Superman: That is funny huh?

Brain: Glad you're amused. Lets do it!

They fired waves of light and magic and smashed them down.

Superman: ALL RIGHT!

Princess Celestia: That was so awesome!

---

Silverstream, Fluttershy, Tornado Bolt, Life Skylanders, Ultimate

Wildmutt, Cody (OC), Drillhorn, and Guyhawk VS Goro - Terrible how these aliens can cause so many problems even before the invasion

---

Goro was next.

Goro: (to Silverstream) It's terrible how these aliens can cause so many problems even before the invasion. But after today, those problems will cease.

Silverstream: Absolutely! And it will be awesome to make sure that they don't touch a single curd of cheese.

Fluttershy: These aliens are not going to get our cheese.

Tornado Bolt: No they sure won't!

Stealth Elf: Yeah no kidding!

Ultimate Wildmutt: Yeah I agree there too.

Cody (OC): Same with me.

Goro: I agree too. Lets do it!

(GONG SOUNDS)

---

***MORTAL KOMBAT!***

They punched and kicked and smashed him all over the place and really let him have it and punched and pulverized him everywhere and then knocked him down.

Silverstream: Flawless Victory!

Fluttershy: That was fun.

---

---

The Flim Flam Brothers were next.

Flim: Its been a while since we fought.

Ocellus: It sure has been a while.

Flam: Yeah no kidding. Eddy have you done any good scams lately?

Eddy: Oh you bet I have. When we had a power outage, I made a bundle with bananas and hot dog buns and made a lot of money. Treated Luan to jawbreakers later on.

Flim: That's sweet of you to treat Luan to jawbreakers every time you make some dough Eddy.

Eddy: She's the best girlfriend I've ever had.

Thorax: She is awesome for him.

Flim: Yeah it sure is. Lets do it!

Flam: Yeah!

They fired energy blasts and smashed them down.

Gallus: I'm going to wash your mouth out with soap!

Gilda: Me too!

Fal: Same with me!

Potty Mouth: Ah go flush yourselves down a shithole you poo-poo covered shitheads!

They fired waves of energy and smashed him down.

---

Smolder the Dragon, Spike, Spyro, Drobot, Sunburn, Whirlwind, Camo, Cynder, Blackout, Spotlight, Echo, Draco and Ember (MLP) VS Sir Toasty

---

Sir Toasty was next.

Sir Toasty: (British Medieval Accent) Dost thou think these aliens hogging all the cheese are evil?

Smolder: I do and they are stupid that they can use cheese like that.

Spike: I like cheese myself even though I mostly eat jewels.

Spyro: I just can't believe that these aliens want to use all that cheese as weapon.

Drobot: Drobot concurs.

Sunburn: Yeah these aliens are dangerous.

Whirlwind: Using one of our biggest imports and foods as a weapon is crazy.

Draco: It sure is.

Ember: Yeah!

Sir Toasty: It most is.

They fired waves of elements and smashed him down.

---

Yona the Yak, Jean Bison and Chief (Secret Squirrel) VS The Crazy Cat Lady (The Simpsons)

---

The Crazy Cat Lady was next.

Crazy Cat Lady: (Incoherent yelling)

Yona: Yona not understand.

Jean Bison: I don't think she can help it. She has a mental problem. Plus she lived in a cesspool house. She was a hoarder. (Season 22 Episode 16)

Black Orchid: I should've known there's no mistaking that voice from anywhere. You can come out now, ARIA.

A figure then came out, and it was none other than ARIA, an artificial superintelligence created by Ultratech's founder, Ryat Adams, and the leader of Ultratech.

Black Orchid: I knew that it was only a matter of time before you would come out of the shadows, ARIA, and now, we'll make you pay for everything that you've done.

ARIA: (Robotic Voice) You will all pay for what you've done in derailing our plans for evolution.

Lincoln: Your so-called plans for evolution have led to so many innocent people losing their lives, and on top of that, you've had many do Ultratech's dirty work, including Sadira and Cinder.

Nico: And you've crossed one too many lines to count, lady, and now, you're going to die here.

Lincoln: Orchid, what can you tell us about ARIA?

Black Orchid: You won't like her one bit, Lincoln.

Black Orchid proceeded to tell us about ARIA, and as predicted, we weren't going to like her one bit.

# ARIA

ARIA, an abbreviation standing for "Advanced Robotics Intelligence Architecture", is a new character introduced in the Season Two of Killer Instinct (2013). An artificial superintelligence created by Ultratech's founder, Ryat Adams, ARIA was designed to direct the evolution of the human species and ensure its long-term survival. The AI has since taken full control of Ultratech as its CEO, and mysteriously alternates between an antagonist to the human heroes and a foil to the demonic forces of Gargos.

ARIA was first teased in Season One's arcade mode's secret ending, in which she addresses the player directly after they defeat Shadow Jago. ARIA is the game's 17th playable character, and was the 9th and final character added in Season Two.

## Biography

### Appearance

In her very first appearance, ARIA is shown as a vague, feminine silhouette with piercing white eyes and a slightly blue color scheme. Her design had not yet been finalized during Season One, and this silhouette was used as a placeholder.

ARIA's later official appearance is very different. Her default appearance when she not using her "drone" attachments is fairly simple: she retains her feminine figure, having a thin waist and wide hips & shoulders, and stands quite tall. Her entire body is composed of golden and light grey shades of metal, with small gaps where cyan light shines out. Extending from the back of her head are dreadlock-like strips of metal, and she has large jagged shoulderpads. She has clawed hands and high-heeled feet, and regal cloth coattails that reach mid-calf. Inside of her knees are shotguns, and in her calves are grenade launchers. She has three different forms: each an extension of a "drone" she can upload her intelligence into: the "booster drone", the "blade drone", and the "brass drone". The "booster drone" resembles a pair of mechanical wings, and when ARIA attaches this drone to her back the wings expand, segmenting out in strips. The "blade drone" is a large and sword-like appendage which attaches to the underside of ARIA's arm, giving her a blade extension. The "brass drone" is a large piece of ambiguous mechanical equipment that attaches to ARIA's chest, and which opens up to reveal a sonic cannon inside.

ARIA's retro costume appears to be the robotic frame she resided in while still in prototype stage. This prototype frame is composed of silver and black metal, with green lights visible in her hands and abdomen.

## Personality

As the world's first artificial superintelligence, ARIA is, for lack of better terms, a uniquely sophisticated and multilayered "individual". Her perspective on the universe is rigorously logical and immeasurably complex, and will rarely take into account human morals and ethics when exercising judgment or executing decisions. She is unable to experience emotion, which she fully realizes, but in spite of this (or perhaps precisely because of it) ARIA deems herself vastly superior to human beings-and not without reason. However, she wishes to "feel" human emotions firsthand and is actively seeking out methods through which to correctly synthesize their approximation.

ARIA's self-proclaimed supreme excellence causes her to approach humanity as wholly inferior to herself (again not without reason), which directly ties into her primary objective: she judges human beings to be frail and complacent in their present state, and is laboring to shape environmental conditions that will again force modern humans to confront evolutionary pressure head-on. It is in her core programming to uplift the human genome with the aim of ensuring its long-term survival in a hostile universe, yet her questionable methods often appear to shake the balance of the entire world.

While the objective of the human species its successful uplift is ingrained deeply into the fabric of her essence, ARIA also seems to pursue it out of a peculiar sense of respect for her deceased creator and one-time mentor, Ryat Adams-a genius industrialist and philanthropist whom the AI seems to regard as a literal father figure.

Abilities

ARIA's entire robotic frame is composed of three different drone attachments: the "booster", "blade", and "bass" drones.

Killer Instinct (2013)

tory

ARIA began life as a simulation of… life. Utilizing radically new processing technologies and other technological insight gleaned from a government incident in 1947, the Ultrafine Atomic Technologies Company (founded in 1948) performed research into the simulation of life and human frailty within a computational matrix. The core program ARIA was born of the desire to uplift the human race; to end disease, famine, poverty and push humanity out of what was seen as the primordial muck and mire it wallowed in. This work took on greater and greater meaning for its founder, industrialist Ryat Adams, as his wife was dying of a degenerative disease and he desperately sought a cure for her condition.

Over time, Ryat and the UATC continued to refine and enhance its ARIA humanity simulation program, assigning it more and more complex simulations of the human condition as its capabilities continued to grow and more tech from the government source was understood and exploited. Years passed, and when Ryat finally died, his will included instructions to continually allow ARIA to run her programming as she searched for the solutions to human frailties.

---

When Black Orchid was done, we were indeed enraged at ARIA's cold-hearted actions.

Nico: Sheesh, ARIA is indeed just as bad as the other Ultratech associates.

Clyde: But, this will be where I deal the final deathblow to Ultratech, and see to it that they never come back.

Suddenly, Clyde's silver eyes turned neon silver, and he was surrounded by a silver energy aura with clocks and phoenixes, he unholstered his massive Chronos' Time Sword of Fated Justice from his wider and more muscular back and he got out his Fair Game playing cards that Luxord gave him, and as he approached ARIA, he left silver energy, clocks, and phoenixes with every step.

Clyde: ARIA, the suffering that you and Ultratech has caused can't go unpunished, your associates have already paid the price, and now, it's your turn to pay with your life.

Suddenly, Clyde was surrounded by a massive vortex of silver energy with clocks surrounding the vortex, there was a phoenix flying around the vortex, and inside the vortex is a white phoenix. Then, as the vortex faded, Clyde McBride emerged, but he was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

The 7'0" tall and extremely muscular Clyde McBride remained the same, along with his new clothes and eight large silver orbs orbiting around his legs, he has silver highlights in the bangs of his longer neck-length black hair, he has neon silver eyes and a silver energy aura with clocks and phoenixes surrounding him, he has a phoenix with a clock in its claws emblazoned on his forehead, he has on phoenix earrings with silver gems for the eyes and with the Time Kanji on it and his large Crystal Necklace of The Buddha with grey crystals for the links and a phoenix with silver gems for its eyes and with the Time Kanji in its claws across his bare chest. Suddenly, Clyde McBride felt a sharp pain on his wider and more muscular back, and then, massive black angel wings with silver tips on the large black feathers sprouted out on Clyde McBride's wider and more muscular back.

Clyde McBride had his massive Chronos' Time Sword of Fated Justice in his massive left hand, and he has on his new large gold cuff Bracelets of the Champions of The Universe with silver gems on his wrists, long silver trenchcoat flaps with clocks and phoenixes on the coattails held up by his large golden Belt of Elemental Bravery with a clock with large silver gem in it for the belt buckle on his waist, silver Spellbook of The Gods and The Universe on his left hip and Eater of Sins revolver holstered on his right hip, and a Blue Lantern

Corps ring on his right ring finger. Clyde McBride has a silver phoenix with a clock in its talons tattooed on his wider and more muscular back, and there's a silver kanji below the phoenix that said, "Clyde McBride, Best Friend of Lincoln Loud, Liam Hunnicut, Stella Zhau, Zach Gurdle, and Rusty Spokes, Loving Boyfriend of Many Girls, Friend to Many, Loving Son of Howard and Harold McBride, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Student of Powerful Teachers, Emissary and Champion of Chronos, Ambassador of Hope, and Master of Time, Phoenixes, and Fate."

クライド・マクブライド、リンカーン・ラウドの親友、リアム・フニカット、ステラ・ザウ、ザック・ガードル、ラスティ・スポーク、多くの女の子の愛するボーイフレンド、多くの友人、ハワードとハロルド・マクブライドの愛する息子、悪の殺し屋、混乱、殺人、冷酷、とサディスティックバスターズ、強力な教師の学生、クロノスの使者とチャンピオン、希望の大使、そして時間、フェニックス、そして運命のマスター

Clyde McBride has transformed into SUPER ANGEL INFINITY CHRONOLOGICAL FIRESTORM TIME PHOENIX OF JUSTICE AND FATED HOPE!

We were amazed by Clyde's Super Angel Infinity transformation, and when the girls in Clyde's harem saw what happened to him, they had atomic red blushes on their faces and hearts in their eyes, but when ARIA saw it, she fell into a rage, and tried to attack with her sword drone, but Clyde fired a powerful blast of silver energy and time, which rusted ARIA's sword drone into dust.

Nico: (Stunned) Whoa.

Lincoln: Awesome, Clyde's transformed, and he's really going to let ARIA have it. (To Clyde) Clyde, how do you feel?

Clyde: (Divine Echoing Cosmic Voice of Time and Fated Hope) **I feel incredible, Lincoln, and now, I'm off to put ARIA out of her misery for good.**

Clyde went after ARIA, and he fired powerful blasts of silver energy, time, clocks, and phoenixes at ARIA, and they exploded with incredible power, as they hit her. Then, Clyde attacked ARIA with his massive Chronos' Time Sword of Fated Justice, and she was hit with some very powerful slashes, and those strikes caused ARIA's mechanical body to rust, and when he slashed off ARIA's head, her body exploded, and when she appeared, he marked her with the kanji on her forehead, as she was sent to the Black Gates, and confronted by the spirits of those who fell victim to Ultratech, ARIA was found guilty and her spirit was erased from existence forever. We cheered wildly for what Clyde did as he holstered his massive Chronos' Time Sword of Fated Justice on his wider and more muscular back and powered down, and the improvements to Clyde's attire, clothes, weapons, jewelry, angel wings, and eight large silver orbs orbiting around his legs are permanent. But, before we could go up to him, Clyde was jumped by the girls in his harem, and he was showered with kisses all over him, and when they were done, Clyde was blushing like crazy, and Lincoln helped him up.

Clyde: I think I could get used to that.

Lincoln: Just like me, J.D., Nico, and Naruto, and you did an awesome job, Clyde, you got rid of ARIA for good.

Clyde: Thanks, buddy.

Clyde and Lincoln high-fived, and clocks came out of their hands.

Nico: Ooh, nice high-five, and your dads are also proud of you, Clyde, the footage of the fight that you had with ARIA was sent to them, and they were really proud of what you did in destroying ARIA for good.

Clyde: Nice.

Nico: But this was an awesome and epic adventure!

Me: It sure was. Sorry these aliens went after all the cheese Nico.

Nico: I'll be all right. The important thing is that our cheese is safe.

Eli: That's for sure.

Me: Yep.

Nico: (To the viewers) Never mess with one of our favorite foods mainly cheese or you will mess with me and my friends.

Me: You got that right buddy.

Nico: Yep. Great job today everyone. We saved all our cheese and we can now enjoy it more. Lets go home.

We went back home and then as soon as we got to our bedrooms we plopped down onto our beds and went to sleep for the rest of the day.

Meanwhile, in the Digital World, things were getting ready awesome as Mikey Kudo and his friends were all finally ready to take down the Bagra Army for good and put an end to their reign of terror once and for all. Thanks to our strategy the Bagra Army is backed into a corner and we are going to deliver the final blow to them for good.

Mikey Kudo: I'm ready for this.

Shoutmon: Me too Mikey! This is gonna be awesome.

Christopher: We'll make sure the Bagra Army pays the ultimate price for everything it did.

Angie: And it won't be pretty.

Jeremy: Yeah!

Mikey Kudo: I'm ready for this guys. Team Loud Phoenix Storm will come and they will help us bring down Bagra for good. Get ready Bagra! We're coming for you! DIGI FUSE!

Shoutmon glowed and there was a bright light and the screen turned red!

Another awesome fanfic done!

This was one awesome adventure. This whole chapter was based on the awesome month long 2007 Cartoon Network Crossover adventure called Cartoon Network's Invaded! From May 7th to May 28th, 2007 we witnessed the coming and invasion of aliens from another planet coming to Earth and to use all our cheese as a weapon for galactic conquest. Strange but really awesome story behind it all. My favorite part of that story was The Eds Are Coming, The Eds Are Coming and that one aired on May 11th, 2007 and that was so funny and awesome how everyone thought flesh-eating aliens invaded Rolf's house. This was all ready funny. Part one of this chapter was for when Nico and She-Hulk went to find a Tetramand Gene-Slammer and they recruited Ms. Allure from The Incredible Hulk Cartoon into the Masters of Evil. She is amazingly beautiful. The second part was an original story where everyone faces Icky Vicky who escaped from prison to get revenge. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be in the movie Tremors 6: A Cold Day In Hell and Nico, Burt Gummer, Zarya Moonwolf and the Goths of Darkness are all heading to the cold regions of the Yukon to see a Graboid up close and personal and we're going to rescue a little girl that was swallowed whole from it. Nico is gonna go inside a graboid and rescue her so you may get grossed out from that one. We're also going to meet a Luna Lobo Gene-Slammer named Seline Long who is also a werewolf and can turn into one at will and even master the powers of moonlight. She is also a Goth Girl. The next rescue for Lincoln is gonna be in the movie Batman & Robin and they are going to not only stop Mr. Freeze from freezing all of Gotham but also cure Nora Fries of her disease. Lily can do that. Also they are going to meet the most powerful member of the Malefic Dragon Gene-Slammers, Erin Ramirez, the Malefic Truth Dragon Gene-Slammer. She will reveal one of the most shocking revelations of all about Lisa Loud and how she almost did a really crazy and insane experiment on Lincoln that nearly got her sent to a mental hospital. The next chapter as you all have seen is one that you have all been waiting for! We're going into the Digital World of Digimon Fusion and we're going to put a stop to the Bagra Army for good and destroy the evil Bagramon once and for all!

See you all tomorrow.

# WAR WITH BAGRA

In the Yukon, Nico, Burt Gummer, Zarya and the Goths of Darkness were walking.

Nico: Thanks for coming with me, Zarya.

Zarya Moonwolf: No problem Nico. It's gonna be really interesting to see a Graboid up close.

Brittney: Yeah and also Nico it's good you had us go with you too. The Goths of Darkness are perfect for this because we have a goth in trouble.

Nico: Glad I could have you come with.

Lucy Loud: The Spirits are more than happy to help you out in this time of need Nico.

Nico: Thanks Lucy. Burt has tons of experiences with this so he knew exactly what he was doing when he was hunting graboids all over the planet.

Zarya Moonwolf: He sure does.

Nico: Zarya, you do know what today is, right?

Zarya: I sure do Nico and it's when we go into battle with the Bagra Army and take down Bagramon for good.

Nico: Yep. Piper has been a big help for Mikey. Same with J.D. His strategy has been really helpful these last couple of weeks to weaken the Bagry Army substantially. Thanks to his tactical strategy we have the Bagra Army backed into a corner.

Zarya: We sure do.

Brittney: Dad's plan really worked perfectly well.

Haiku: It sure did and the Masters of Evil all have a huge number of new recruits too.

Nico: They sure do. (Sees something) Look there.

They looked on and saw a power station.

Nico: That must be in.

In a hanger in a cage was a REALLY HUGE WORM!

Nico: So that's a graboid! Whoa.

Dante (Loud House): It's huge!

They went up to it.

Burt Gummer: Careful guys.

Nico: We will.

They went up to it.

Nico: Hi, Mr. Worm!

It growled.

?: Be careful guys!

A figure came out and it was a Loboan!

Nico: A Loboan! Seline Long? Is that you?

Loboan: (Deadpan) Nico wow it is you. You are looking really well.

Nico: Same to you.

Brittney: Wow.

Nico: I guess you have two werewolf forms, huh?

Loboan: I sure do. It's really cool that I can switch between forms. I discovered that I have the power to turn forms at will.

She reverted back to human and she had dark blue hair and purple eyes and her clothes were still on her.

Nico: Whoa! Black and blue are perfect for you Selene.

Selene Long: Thanks Nico and it's great to see you again.

Brittney: Awesome to meet a fellow Goth.

Selene Long: Brittney Knudson and the Goths of Darkness. Honor to meet you all.

Lucy Loud: Same here.

Nico: I didn't even have to revert you back or give you new clothes.

Selene Long: No. I came to an understanding with my Loboan side a long time ago. I now have the power to turn into 2 different forms at will.

Nico: Awesome.

Selene Long: Also I helped capture this worm here. The reason he is in that cage is because he swallowed a little girl whole and she's still alive. My hearing is picking up her cries for help.

Nico: (GULPS) Oh god. I'm going in.

Brittney got out a rope and tied it around his waste.

Zarya Moonwolf: Be careful Nico.

Nico: I will.

Nico: Here goes.

Nico climbed into the Graboid through it's mouth and it was all slimy, gross and smelled worse than a thousand rotten corpses.

Nico: YUCK!

Nico crawled and he got covered in spit and slime and grime. GROSS! IT SMELLED HORRIBLE!

Nico: EW! I'm gonna have one gross story to tell everyone when I get back.

Nico crawled into the graboid's stomach.

Zarya: What's your favourite memory of Nico?

Selene Long: Me and Nico have done so much together. But my favorite memory of Nico was when we went to the Zoo to see the wolf exhibit and we got to meet the wolves. I love wolves and they are my favorite animals.

Zarya: Mine too. I'm the archer of the Wolf for the Mysticons.

Selene Long: That's cool.

Brittney: I hope Nico doesn't get dissolved in there or dad is full time leader again.

Brittney felt a tug.

Brittney: Pull guys!

They got to pulling and it was a hard tug and Nico came out with a little girl with blond hair and blue eyes and they both were covered in slime and gross mucus and it smelled REALLY HORRIBLE! The little girl was crying hard as she hung onto him for dear life and they came out and Nico and the girl were dripping slime!

Nico: I got ya.

Brittney: They made it!

Zarya: That was close!

Nico: You okay?

Little girl: (Crying) THANK YOU! THANK YOU!

They came over and then they smelled a REALLY HORRIBLE AND FOUL ODOR!

Zarya: OH GOOD GOD! NICO YOU SMELL REALLY HORRIBLE!

Brittney: You smell worse than a bunch of zombies in a steel mill!

They plugged their noses!

Nico: Now I know how Burt Gummer felt when he got swallowed.

Selene Long: But that was really brave of you Nico. I would hug you but I don't want to smell bad.

Nico: Point taken. But I've missed you Selene.

Selene Long: Me too.

Brittney: Lets get back to the estate and get you guys all cleaned up.

Nico: Good idea. But first.

Nico fired an energy blast into the Graboid's mouth and blew it into a gory mess! EEEEEEWWW!

Nico: Nice!

Nico and everyone came back and the little girl was with them.

Nico: Hey guys.

Me: How did it… (Smells Nico) OH MAN! WHAT THE FUCK!? YOU SMELL WORSE THAN ED'S GYM BAG!

Varie: P.U.! YOU REEK NICO!

May: What the hell have you been rolling around in!?

Nico: Don't ask.

May: Who is this with you?

Nico: Oh this is Brianna.

Brittney: Nico went down a Graboid's throat and into its stomach to rescue her.

Everyone: EW!

Burt Gummer: Man Nico you are one daring guy.

Me: AND HE SMELLS HORRIBLE!

Nico: Now I know what you went through Burt.

May: I'll take Brianna to get a bath.

Nico: And I'll go shower.

Me: Better make that a 5 hour Shower Nico.

Maria: Me and Bai Tza will bring the pressure washer shower treatment to him.

Nico went to the shower and Maria and Bai Tza followed and May went to her bathroom and got a good bath for Brianna.

* * *

After Nico's rescue, Lincoln, Me, Varie, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, Sima Yi, Batman, Robin, Victor Fries, Nora Fries and their kids, Poison Ivy, and Palutena were heading into the world of the movie Batman and Robin, and not only is Lincoln going to rescue the nine girls there, but we're also going to stop the Batman and Robin version of Mr. Freeze and stop him from freezing all of Gotham, but also cure his world's version of Nora Fries and cure him as well.

Lincoln: Wow, we're in the world of the movie, Batman and Robin, and I think I know what we're going to do here, not only am I going to rescue the nine girls here, but we're also going to stop the Batman and Robin version of Mr. Freeze and stop him from freezing all of Gotham, but also cure his world's version of Nora Fries and cure him as well.

Me: That's right, big guy. Since this is a situation that we know all too well, we're already prepared.

Lincoln: Yep, Lisa made the cure and Lily has her secret weapon to cure this world's version of Nora Fries.

Lily Loud: That's right, Lincoln.

Victor Fries: And from what we heard, the Gene-Slammer for the Malefic Truth Dragon is also here in Gotham.

Lincoln: That's right, Victor, and from what Jaden and the other Duelists told us, The Malefic Truth Dragon is the most powerful of the Malefic Dragons.

TLPS Mr. Wolf: And this one is also another of Lincoln's Guardian Angels, but why do I have a feeling that she's going to reveal a shocking revelation about one of Lincoln's sisters, and it almost wound up in something bad happening?

Lincoln: We'll have to find out about that later, TLPS Mr. Wolf. Right now, let's go find this world's Mr. Freeze and stop him from freezing all of Gotham and cure him and this world's Nora Fries.

?: HELP!

Suddenly, Lincoln heard the sound of nine girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the nine girls, but they've been cornered by this world's Mr. Freeze, and he's going to put them on ice.

Lincoln: Guys, I've found the nine girls, but they've been cornered by this world's Mr. Freeze, and he's going to put them on ice, which'll kill them.

We then rushed on over, and Lincoln grabbed the Batman and Robin version of Mr. Freeze, and he'd put him in rainbow energy chains. Then, he removed the huge diamond that was inside the freeze ray, and it powered down, and the girls came to us for safety.

1997 Mr. Freeze: Why? Why would you deny me my revenge on the world?

Lincoln: Because, revenge on mankind isn't worth it, and it's also not what your wife want.

This hit a chord in the 1997 Mr. Freeze, as Lincoln approached him, and he kneeled down to him.

Lincoln: Victor, freezing all of Gotham as revenge won't help save Nora. Give us a chance, we'll save your wife.

Then, the Victor Fries and Nora Fries of our world came up, along with their kids, and joined Lincoln.

Victor Fries: Trust him, they helped cure me and cured my world's version of Nora.

This got to 1997 Mr. Freeze, and he agreed to let us help him out.

1997 Mr. Freeze: Of course, follow me.

We followed him to the room where the Batman and Robin version of Nora was at, she was inside of the cryogenic chamber that Victor put her in. We saw she was dying from MacGregor's Syndrome, and it was believed there was no cure, but that's not going to stop us. Mr. Freeze got Nora out of the chamber, and Lily then got to work, as she fired glowing water from her massive blonde angel wings, and entombed Nora inside it, and the glowing water got to work removing the MacGregor's Syndrome from her body, and entombed it in another ball of water.

The ball of water entombing 1997 Nora had fallen, and the 1997 Nora Fries was now healthy and free of MacGregor's Syndrome, and when the 1997 Mr. Freeze saw it, he was amazed.

1997 Mr. Freeze: I can't believe it, you all saved her. How was that possible?

Lily: This is the same thing I did in curing our world's version of Nora Fries and Emilie Agreste of their diseases, my water can remove and cure diseases from people.

1997 Mr. Freeze: Amazing. But, how are you going to cure me?

Lincoln: Lisa, if you would?

Lisa: Of course, elder brother.

Lisa showed 1997 Mr. Freeze the red glowing liquid in the container.

Lisa: This liquid you see before you will remove the cryo-chemicals that altered your body chemistry, and restore your core body temperature back to normal.

Lisa then injected the cure, and it began working on 1997 Mr. Freeze, and he felt it removing those cryo-chemicals in his body, and his skin was returning back to its original color. When it was all done, he was back to normal.

Lincoln: How do you feel?

1997 Mr. Freeze: (Shivering) Really cold, can someone get me out of this?

Lincoln: (Smiles) Of course.

Lincoln got him out of the cryo-suit, and got him into warm clothes and a parka, so he could warm up. We cheered wildly as we saw that the 1997 Mr. Freeze was now back to normal. Then, our Poison Ivy tied up the 1997 Poison Ivy, who was lurking in the shadows, and we'd tied her up with rainbow energy chains. Then, we saw a Malefic Truth Dragon descend, and it placed its claw on her head, and it formed a tape of her crimes, and gave it to us. We then called the Gotham City Police Department, and they arrested the 1997 Poison Ivy, as soon as they saw on the tape that she tried to kill the 1997 Nora Fries.

Malefic Truth Dragon: (In a girl's voice) That'll teach that 1997 version of Poison Ivy a lesson: don't mess with love.

Lincoln: Wait, that voice, Erin Ramirez, is that you?

Erin Ramirez: That's right, Lincoln, and it's really good to see you again, it's been a long time.

They went up to each other, and they hugged, and Erin was surprised at how much stronger and at how much taller and much more muscular Lincoln's gotten since she last saw him.

Lincoln: It sure has been a long time, I haven't seen you when you were eleven, and I've grown a lot since then.

Erin Ramirez: Yeah, I can see, you've really grown a lot from the eleven-year-old cute little boy into a 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Varie: Wow, Lincoln, you know her?

Lincoln: Yeah, I do, Varie. This is Erin Ramirez, she's from Royal Woods, and she, like the other Guardian Angels, have defended me from bullies, and from Lisa.

Varie: Uh oh, there's definitely a reason why you only said Lisa, and why you didn't include Lori, Lynn, Lola, and Luan.

Lincoln: We'll talk about that later. Boys, cover your eyes, hold still, Erin, this is going to hurt.

Me, Eli, and the rest of the boys covered our eyes as Lincoln snapped his fingers, and Erin was reverting back to normal. Erin Ramirez is a beautiful 17-year-old with long amber hair going down to the bottom of her neck, light gold eyes, fair skin, she is 6'0" in height, and she had the body of a goddess. She also now has massive amber wings on her back, as she reigns in the power of the Malefic Truth Dragon, and she was in her birthday suit.

Lincoln: How do you feel, Erin?

Erin Ramirez: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Erin Ramirez a new wardrobe, a sleeveless orange shirt with a gold phoenix and orange skirt with the Malefic Truth Dragon on it, orange pants, orange leather ankle-high combat boots, and a long black sleeveless trenchcoat with the Malefic Truth Dragon on the back, and on her back is a large Malefic Truth Dragon-themed sword with a 6'5" massive, wide, double-edged, man-sized orange with the Malefic Truth Dragon etched on it, large Malefic Truth Dragon wings for the crossguard, large gold gem for the hilt, longer black handle, and large gold faceted sphere pommel with surrounding orange gems.

Erin Ramirez: Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Eliza Towairaito's neck with dark blue gems on the gold lightning bolts and dark blue crystals links from her new Crystal Necklace of the Buddha.

Erin Ramirez: Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Erin.

Erin Ramirez had a smile on her face and tears in her eyes, as Lincoln wraps his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the nine girls, and when Lincoln saw them, he immediately recognized them. The nine girls are Sonoda Yuu, Takayama Haruka, Iizuka Yuzu, Ikeno Kaede, Minami Shizuku, Noda Kotone, Otokawa Sumi, Sakai Rina, and Sonoda Mitsuki from Sakura Trick.

Lincoln: Oh wow, it's Sonoda Yuu, Takayama Haruka, Iizuka Yuzu, Ikeno Kaede, Minami Shizuku, Noda Kotone, Otokawa Sumi, Sakai Rina, and Sonoda Mitsuki.

Helena McTroy: From Sakura Trick, awesome.

Lincoln: Are you girls okay?

Sonoda Yuu: Yes, we're okay, thanks to you.

Then, when Sonoda Yuu and the other eight girls saw who it was that saved the 1997 of Mr. Freeze, heir faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Sonoda Yuu: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eight clones of himself, and he and the eight clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Sonoda Yuu: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, nine Thunderbird Necklaces of Eternal Love appeared around the necks of Sonoda Yuu, Takayama Haruka, Iizuka Yuzu, Ikeno Kaede, Minami Shizuku, Noda Kotone, Otokawa Sumi, Sakai Rina, and Sonoda Mitsuki with colored gems and crystals on the gold lightning bolts. We returned to the Estate, and we told everyone what happened in the world of the 1997 movie Batman and Robin, and they found out the villain we went after was the 1997 version of Mr. Freeze.

But, when Lincoln showed everyone what we did in curing both him and his world's Nora Fries, along with arresting the 1997 version of Poison Ivy and exposing her attempted murder of that world's Nora Fries, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Erin Ramirez now have a lot of catching up to do, now that she's back. As for the 1997 version of Poison Ivy, she was convicted of attempted murder of the 1997 version of Nora Fries, and she was sent to the Saturn Insane Asylum's Arkham Asylum wing, and while still bound in a rainbow energy straitjacket and rainbow chains, she was taken to an isolated cell in Solitary Confinement, and she was chained to the wall of her cell with Neutronium chains and rainbow energy chains.

---

After our adventure in the world of Batman and Robin, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Erin Ramirez saw Lincoln working out like crazy, she had an atomic red blush on her face.

Erin Ramirez: Whoa, Lincoln's really grown to be a 16-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Erin, and now, I can also fight and defend myself.

Erin Ramirez: That's awesome.

Varie: It sure is, Erin. So, what memories did you have with Lincoln?

Erin Ramirez: I actually have two memories with Lincoln, and one of them happens to be a really shocking revelation, and it involved Lisa Loud. One day, when I was walking down the street, I'd heard a scream coming from The Loud House, and there's only one person I know who makes that kind of scream: Lincoln. I ran into The Loud House, and I saw that Lisa was about to do a really crazy and insane experiment: she wanted to test Lincoln's pain factors by cutting him open, and I knew from experience with Mom's surgeries in the hospital, the patient needed an anesthetic to put him to sleep, but what Lisa was doing, it was going to kill him.

I kicked the door in, and marched into The Loud House, and I kicked in the door of Lisa's room, and she called her security bots to get rid of me, but I sprayed it with water, and it short-circuited and it exploded. Then, I grabbed Lincoln, and he was hugging me really tightly, and I hugged him back. Lisa was really mad that I both interrupted her experiment and destroyed her robots, but it wouldn't save her as soon as Lori and the other sisters got in, along with the parents. I told them all what Lisa was about to do to Lincoln, and when I finished, they were horrified. Lisa tried to explain that it was all in the name of science, but it wasn't, and I also found out from one of her video cameras that she had knocked Lincoln out with knock-out gas and dragged him into her room and strapped him onto the operating table, and when he woke up, that's what led to the scream.

Everyone was horrified at the footage, and they were scared at what Lisa was about to do to their only brother, and I told them that her really crazy and insane experiment could get her sent to the mental hospital in Lansing. Then, when I felt tears on my chest, I saw that Lincoln was crying, and I took him to his room, and I stayed with him, and the other sisters followed. Mr. and Mrs. Loud then proceeded to scold her for what she did, and it's no doubt that it was really loud, considering that we are close to Lisa's room, and we had to close the door. In the end, Lisa was grounded for five months with no science experiments and her chemistry lab was shut down, but she was considered lucky that she wasn't sent to the mental hospital in Lansing, and Lisa lost Lincoln's trust, along with the trust of the other sisters.

When Erin Ramirez finished, we were horrified, except for the Louds and their friends, and many of us were also green in the face, and we went outside and hurled our guts out like crazy. When we got in, we still had a horrified look on our faces.

Me: (Horrified) Oh, my God.

Varie: (Horrified) I can't believe that Lisa would even attempt to do something as crazy and insane as that.

Eli: Thank goodness you saved Lincoln from that, Erin.

Lincoln: We were proud of what Erin did to save me from that really crazy and insane experiment of Lisa's, that could've killed me.

Lori: Yeah, and you literally clung to Erin, and you still had tears in your eyes from that traumatic experience.

Laney: I knew Lisa was into doing really crazy and insane experiments, but that really crossed the line big time.

Luan: You said it, Laney. It took Lisa five months to earn back our trust, before we could even speak to her again. But, she was considered lucky she didn't get sent to the mental hospital in Lansing, and it proved one thing that Lincoln said: if she continued walking on the same path Dr. Linnaeus walked, Lisa would've wound up just as evil, cold, and heartless as that mad scientist.

Lisa: Which would've led to me becoming an enemy of the state, and I'd be sent to prison for the rest of my life, leading to me being denounced as a cold-hearted murderer, and my future would be ruined forever.

Varie: That's right, and it's a good thing that Lisa 2 roughed up that Dark Side of yours in the Dream World, and after we roughed up Dark Lori, Dark Lynn, Dark Lola, and Dark Luan, she was also put in an indestructible diamond prison for the rest of her life.

Me: That's right, and I hope you learned your lesson about using your own family as test subjects, Lisa.

Lisa: Believe me, I've learned my lesson and that's not happening again.

Varie: Good. So, Lincoln, what can you tell us about Erin Ramirez?

Lincoln: Erin Ramirez is my partner in Chemistry Class, and she's a lover of crossword puzzles. One time, we worked together on a volcano project in Elementary School, and on yet another time, we succeeded in completing a difficult crossword puzzle that was based on celebrities.

Varie: (Stunned) Whoa, you guys worked together on a volcano project and succeeded in completing a difficult crossword puzzle based on celebrities?! Awesome!

Me: It sure is, Varie, and a crossword puzzle based on celebrities, you guys sure had to work hard on that one.

Lincoln: You said it, J.D. But, Erin and I did it, and we succeeded on completing that crossword puzzle and we also got an A on our volcano project, which we completed in her house, and not at my house.

Eli: Especially with your sisters running loose.

Lincoln: Exactly.

The sisters blushed in embarrassment and with nervous smiles on their faces, since Eli was right on the money.

We got a shower and Nico was still showering, but then, the alarm sounded, and when Lincoln checked the computer, we saw that Spinal, another product of Ultratech's cell regeneration experiments and a cursed bandit whose soul has become bound to a mysterious artifact known as the Mask of the Ancients, is on the rampage.

Lincoln: Oh great, Spinal's here.

Maya Fallegeros: Spinal's yet another one of Ultratech's experiments, but he's really a cursed bandit whose soul's been bound to the Mask of The Ancients. I have to stop him before he causes anymore havoc.

Lincoln: And that's what we're going to do, Maya. Alright, everyone, let's go.

We head out into the city, and we saw Spinal causing havoc, and Lincoln fired a powerful rainbow energy ball at Spinal, and it hit the skeleton. When Spinal saw us, he wailed in anger.

Maya Fallegeros: Spinal, this shall be the last time you continue to wander the land and cause havoc in the world.

Suddenly, Maya's brown eyes turned neon brown, and she was surrounded by a yellow and purple energy aura with suns, shadows, and jaguars, and as she approached Spinal, she left yellow and purple energy, suns, shadows, and jaguars with every step. Suddenly, Maya was surrounded by a massive vortex of yellow and purple energy with light and darkness and the sun and the moon surrounding the vortex, there's a jaguar running around the vortex, and in the vortex is a gold phoenix. Then, as the vortex faded, Maya emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Maya grew to 6'5" in height, she had the body of a goddess and she has purple highlights in the bangs of her long blonde hair, she has neon brown eyes and a yellow and purple energy aura with suns, shadows, and jaguars surrounding her. She has a jaguar with the Twilight Kanji in its paws emblazoned on her forehead, she has on jaguar earrings with gold crystals for the eyes and the Twilight Kanji in its paws, and she also has a jaguar with gold crystals for the eyes and the Twilight Kanji in its claws for the second pendant of her Thunderbird Necklace of Eternal Love with gold gems on the gold lightning bolts and gold crystals from her Crystal Necklace of The Buddha which merged with her Thunderbird Necklace of Eternal Love. Maya still has on her Incan-style golden armor set, shoulder guards, gauntlets, and greaves, but it now has a gold phoenix chest piece on it, black pants, and gold ankle-length combat boots, and she has on gold weighted bands with silver phoenixes on her biceps and thighs, and she has on a long gold sleeveless trenchcoat with jaguars and suns and shadows on the coattails, and on the back is a jaguar and a phoenix, along with the sun and moon.

Maya has a new large sword in her hand called Tezcatlipoca's Twilight Sword of Twilight Justice, it's a large sword with the Aztec jaguar god, Tezcatlipoca, etched on the 6'5" massive, wide, double-edged, man-sized gold blade, large gold jaguar heads with purple eyes for the crossguard, large gold and purple gem for the hilt, longer black handle, and large jaguar heads with gold gems for the eyes for the pommel and purple gems in its open mouths. Maya has on her new large cuff Bracelets of the Champions of The Universe with gold gems on her wrists, Belt of Elemental Bravery with a gold jaguar head with a purple gem inside its mouth for the belt buckle, large gold Spellbook of The Gods and The Universe on her left hip and Eater of Sins revolver holstered on her right hip. There's a purple kanji below the jaguar on the back that said, "Maya Fallegeros, Leader of The Night Guard, Loving Future Wife of Lincoln Loud, Destroyer of Ultratech, Gargos, and The Creatures of The Night, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Emissary of Tezcatlipoca, and Master of Jaguars, Light, and Darkness."

マヤ・ファレゲロス、ナイトガードのリーダー、リンカーン・ラウドの愛する未来の妻、ウルトラテックの駆逐艦、ガルゴス、そして夜の生き物、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、テスカトリポカの使者、そしてマスタージャガー、光、そして闇

Maya Fallegeros has transformed into SUPER ANGEL INFINITY TWILIGHT JAGUAR HUNTRESS ANGEL OF TWILIGHT JUSTICE AND AMAZON LOVE!

We were amazed by Maya Fallegeros' Super Angel Infinity transformation, and when Lincoln saw it, he had an atomic red blush on his face and hearts in his eyes. But, when Spinal saw it, it fell into a rage, but Maya fired a powerful blast of yellow and purple energy with suns, moons, and jaguars, and it hit the skeleton.

Varie: Whoa, Maya's transformed, and now, the hunt's about to begin.

Lincoln: Wow, Maya, you look beautiful. How do you feel?

Maya Fallegeros: (Divine Echoing Cosmic Voice of Twilight and Jungle Justice) **I feel incredible, Lincoln, and now, I'm going to put out Spinal for good. And I already know you're also going to join in.**

Lincoln: (Smiles) That's right.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Maya.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let the hunt begin.**

Maya Fallegeros and Lincoln went after Spinal, and they fired powerful blasts of yellow and purple energy, rainbow energy, elemental forces, Thunderbirds, Phoenixes, Buffalo, and jaguars, and they exploded with incredible power as they hit Spinal, and they disarmed him of his weapons. Then, they fired two powerful blasts of light and darkness, which hits the undead skeleton, and destroyed it and Super Hakaied its spirit for good. We came back home and we cheered wildly for what Lincoln and Maya Fallegeros did, as they holstered their massive swords on their backs and power down, and Maya's new body, clothes, weapons, angel wings, and jewelry are permanent.

Maya Fallegeros: Now, we're finally rid of Ultratech, and this time for good. Thank you for helping me with taking down Spinal, Lincoln.

Lincoln: (Smiles Warmly) You're welcome, Maya, and there's also something I want to give you.

Maya Fallegeros: (Smirks) And I think I already know what it is.

Lincoln: (Smirks) You know me all too well, along with the rest of my future wives.

Lincoln wrapped his abnormally massive and powerful muscular arms around Maya's waist, and he brought her into an embrace, which took her by surprise and that brought an atomic red blush to her face. Then, as Lincoln leaned down to her face, they kissed passionately as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird and Phoenix flying in the air, and we also saw a herd of Buffalo and a pack of jaguars running across the field, and the display of the elemental forces. We had tears in our eyes and a smile on our faces. Then, Lincoln and Maya Fallegeros came up to us.

Varie: (Smiles) Impressive work in leading the team today, big guy.

Lincoln: Thanks, Varie.

Me: And now, we're finally rid of Ultratech, and this time for good.

Suddenly, Maya Fallegeros felt a sharp pain on her back, and then, we saw a pair of massive golden angel wings with purple tips on the large gold feathers sprout out from her back.

Lincoln: Whoa, Maya, you now have angel wings.

Maya Fallegeros saw the massive angel wings, thanks to a mirror of water that Lincoln made, and she was amazed by them.

Maya Fallegeros: Wow, that's amazing, and I always wanted to see what I look like with angel wings.

Lincoln: Indeed. Alright, everyone, let's head back, the day's not over yet.

We return home to the Estate, and we've finally gotten rid of Ultratech for good.

French Narrator: (French Accent) 5 Long Hours Later)

---

Nico came out and he was squeaky clean after a 5 hour long scalding hot shower.

Nico: Now that I smell good again, Emerald, me and May will come with you this time.

Me: Awesome.

Emerald: At least you don't smell like Ed's butt anymore.

Ed: (Laughs) I never wear underwear anyway.

May: And Brianna is clean too. She is in the kitchen getting a good meal.

Selene Long: She's also my little sister.

Nico: Whoa.

Eli: That's awesome that Brianna is safe. But I can tell she's gonna be having nightmares for a while.

Nico: Yeah.

We went to the 2012 TMNT World and we saw the Turtles.

Emerald: Guys, this is J.D.'s successor.

Nico: Hey there. Nicolas Chan, Leader of Team Loud Phoenix Storm.

Me: Nico used to be my second in command before he got promoted for his leadership skills in 2021.

2012 Leo: Awesome to meet you man.

Nico: Same here and this is my awesome wife May.

May: Awesome to meet you all.

2012 Donnie: Same here May.

2012 Splinter: It is an honor to have you with us Nico and May.

Nico: (Bows) Pleasure is our Masters Splinter.

May: So, need any help with anything today?

2012 Mikey: Actually yes. The Squirrelanoids are back and running amok?

Nico: Squirrelanoids?

2012 Leo: They are squirrel creatures and they act like Xenomorphs!

We gasped! Leo told us about them.

---

During The Mutation Situation, mutagen canisters were spread all over the streets of New York that fell from the Kraang Stealth Ship during the Kraang's fight with the turtles, and the mutagen of one such broken canister was shown to be licked up by an earthly eastern gray squirrel, which later, in Invasion of the Squirrelanoids, mutated. The Turtles witnessed the first squirrel mutant hopping into the mouth of an old Homeless Guy, whereafter the Turtles bring the man down to the lair in order to research the nature of the squirrel mutant, and to also protect other New York citizens from the dangerous creature. It was discovered that inside the man's stomach through X-ray, the mutant performed a cell division, splitting into two beings instead of one, and the man finally coughs up these two new squirrel mutants, that the Turtles then try to catch, but find it extremely difficult as they ran uncontrollably around their entire lair. After a while, one of the two squirrel mutants enter Raphael's mouth, starting the same process that was shown earlier. Raphael finally coughs up two squirrel mutants, so that there are three in all. The creatures suddenly start glowing, and soon evolve into a stronger, final and true form (Obviously heavily inspired by the xenomorph-aliens). It was here, that Michelangelo named them the "Squirrelanoids". When the Turtles are being overwhelmed by the Squirrelanoids, Splinter arrives and fends them off, allowing them to escape into the tunnels. The Turtles end up going after them to keep them from reaching the surface and causing havoc.

The Squirrelanoids proved to be very tough opponents and put up a good fight, until using some popcorn and his knowledge of comic books, Mikey baits the Squirrelanoids into a drain pipe and flushes them into the septic tanks drain until Donnie can come up with a Retro-Mutagen to use on them. They try to get back out of the lowering water, but fail…

However, one of the Squirrelanoids manages to escape and is later seen ominously holding a Sewer Worker who finds the bag of popcorn, foreshadowing their return in a later episode. However, that same Sewer Worker was later seen running past Casey and April, terrifyingly screaming about giant mutant squirrels at the beginning of Fungus Humungus. Which, the Squirrelanoid, also made a return appearance in. Though as part of Mikey's hallucinations as Mikey's worst fear after he was sprayed by one of the mushroom's spawns, and resulted of seeing Raph as on.

Though an hallucination, the Squirrelanoid itself was captured by the Kraang And it, along with two more, were detained with the other mutants in Metalhead Rewired captured by Kraang in order for them to control them. One is first seen with a Parasitica Wasp, Kirby Bat and Cockroach Terminator after they discover Metalhead opening their cells freeing the captive mutants, a Squirrelanoid was seen peaking out of its cell. The second one is seen with Dr. Rockwell and the Newtralizer when Slash punched one of the Kraangdroids, a second Squirrelanoid was seen in a background just above his arm. Another Squirrelanoid (seen with a Parasitica Wasp and Pete) helps the Turtles briefly, then makes its way for the portal. One of the Squirrelanoids is seen again in a background when Dr. Rockwell beats up one of the Kraangdroids. With help from Metalhead, the Turtles free the captive mutants and they escape through the portal. In "Meet Mondo Gecko", the silhouette of two Squirrelanoids are seen before Fishface's race against Michelangelo, Casey Jones, and Mondo Gecko.

---

When he was done we were shocked!

Me: WHOA MAN! If Ellen Ripley and Vambre saw those they would have a heart attack. Ellen dealt with the Xenomorphs many times before and Vambre has severe Sciurophobia, the Fear of Squirrels.

Nico: Yeah! It was terrible!

2012 Mikey: That's nuts.

2012 Leo: First we have someone we want you to meet.

We then saw 2012 Karai.

May: You must be this world's Karai.

2012 Karai: I sure am and it's an honor to meet the members of Team Loud Phoenix Storm.

Nico: Pleasure is ours.

Me: Same here.

2012 Karai went up to me and looked into my eyes.

2012 Karai: I can sense that you want to kill my so-called father when he returns J.D.

Me: I want to do more than just kill him Karai. I want to obliterate his entire existence for all eternity for everything he has done.

2012 Karai: I understand. I will grant you that wish.

Me: Thanks.

2012 Don: I brought plenty of retro mutagen for this mission.

Me: Smart thinking Donnie.

Nico: This will be handy.

We heard a screech.

Nico: Uh oh.

Then out came THE SQUIRRELANOIDS!

Me: You guys are some of the UGLIEST MOTHERFUCKERS EVER!

They extended their second mouths at us like the Xenomorphs do!

Nico: Do you kiss your mothers with those mouths?

Me: If so you need a Xenomorph Acid Blood Bath!

We fired retro mutagen blasts and they hit the Squirrelanoids.

Emerald: Take that!

2012 Don: Fire at them until they're normal again!

Nico: Right!

We fired all of the Retro Mutagen and blasted them all over the place and they were normal again.

Me: Bingo!

Nico: Awesome!

2012 Leo: Emerald, don't think this is dumb. But over these last few days, I've seen you as a big sister.

April O'Neal: And I feel the same way Emerald.

Emerald Goldenbraid: Oh thank you guys.

They hugged her.

Me: So sweet.

Nico: That was awesome.

May: So awesome.

We later went back home and told everyone about what happened and it was awesome.

Nico: Sydney, your Ambassador missions are next. But these don't involve killing.

Sydney Burlington: Good. I am looking forward to this one myself.

Nico: Same here.

Me: I have a feeling her missions are gonna be fun.

Laney: Me too.

Then the alarm went off.

Me: Uh oh!

Nico went to the computer and we saw that DR. KURATA IS BACK and he has a massive army of Cyclobots raiding the mall!

Nico: Dr. Kurata! I thought we were rid of him forever!

Me: (GROWLS) I hate that monster!

Nico: Lets get him!

We went to the mall.

SMASH BLAM POW CLANG SLASH!

We were blasting and smashing the Cyclobots.

Poison Ivy: At least these aren't humans this time.

Nico: That's true Pamela.

Jen Scotts: I missed blasting these guys.

SLASH SLASH SLASH SLASH!

Eli slashed them all over with his sword.

Eli: Me too.

I was facing Kurata!

POW! SMASH! WHAM!

I punched and kicked him in the face!

Kurata: YOU RUINED EVERYTHING FOR ME J.D.!

Me: And I show no remorse for it!

Kurata: WHY MUST IT ALWAYS BE YOU!? WHY MUST DO-GOODERS LIKE YOU STAND IN THE WAY OF MY PLANS TIME AFTER TIME AFTER TIME AGAIN AND AGAIN!? I'M GETTING SO SICK OF PEOPLE LIKE YOU STICKING THEIR GODDAMN

NOSES IN WHERE THEY DON'T BELONG! IF IT HADN'T BEEN FOR PEOPLE LIKE YOU EVIL WOULD REIGN SUPREME AND PEOPLE LIKE ME WOULD TRIUMPH!

Me: SHUT YOUR FUCKING TRAP! Like I told you before Kurata, I don't give a flying rats ass fuck about what you think about anything!

Kurata looked at me with extreme burning hatred!

Kurata: WHO THE HELL DO YOU THINK YOU ARE!? FIRST THE DAMON FAMILY AND NOW YOU J.D.!? WHY!? WHY MUST PEOPLE LIKE YOU ALWAYS INTERFERE IN EVIL'S GLORIOUS PLANS!? WHY! I HATE YOU J.D. KNUDSON! I HATE YOU ALL MORE THAN ALL OF LIFE ITSELF! I WISH YOU WOULD JUST DIE! I'VE NEVER HATED ANYONE AS MUCH AS YOU! I HATE YOU SO MUCH! I HATE HATE! HAAAAAAATTTTEEE HAAAAAAAAAATTTTTEEEEEE! HAAAAAAAAAAAAAAAAAATTTTTTTTEEEEEEEEEE!

My flared up with incredible force and it was much stronger and was as powerful as 10,999 Millinillion or 10,999 to the 3003rd power Kisenian Blossoms and his hatred towards me was MINDBOGGLING!

My aura was so powerful now that it was surging with rainbow fire and lightning at an incredible level!

Me: (Echoing Voice) Thanks for the power boost. Like I said, You can hate us all you want but all you're doing is just making us more powerful!

Kurata: (ENRAGED SCREAMING!) IIIIIIII HHHHAAAAAAAAAAAAAAAAAAAAATTTTTTTTTTTTTTEEEEEEEEEEEEE YYYYYYOOOOOOOOOOOOOOOOOOOUUUUUUUU!

Our auras flared up with incredible intensity some more! HE WAS OUT OF HIS MIND WITH INCREDIBLE RAGE!

HE WENT AT ME WITH INCREDIBLE RAGE AND FURY!

Cornelia: Nico, which Gene Slammer do you think you'll meet on your next rescue?

Nico: You're asking me this early?

Cornelia: Just in case no one else asks later.

Nico punched a Cyclobot and smashed it to pieces.

Nico: I'm hoping to meet a Thep Khufan Gene-Slammer next.

Ben was smashing the Cyclobots as Fourarms.

Fourarms: One of Snare-Oh's kind. Very awesome.

SMASH SMASH SMASH SMASH!

Kurata went at me and when he punched me it hit my aura and rainbow lightning then hit his arm and it exploded and blasted his arm off! HE SCREAMED IN EXCRUCIATING PAIN!

Nico: WHOA! J.D.'s aura blasted his entire arm off! That was amazing!

Eli: Wow!

Allie Wilde: J.D. is just really full of surprises!

Kurata: Admittingly, killing you is just a bonus. I was merely sent here to distract you.

Runabout: You? Being sent here as a distraction? That's a shocker.

Kurata: Really. Just so you know. Bagra is making his move.

I then went up to him and whispered in his ear.

Me: We're counting on it.

I drew a kanji on his forehead.

Me: UZUMAKI BLACK JUDGEMENT SEALING ART: BLACK GATE!

The spirits of all those that he killed came and judged him and found him guilty and then his soul and body and mind was erased from existence forever. Not even the Aparoids, Number Cards and Dark Orbs will bring him back.

Blurr: Oh yeah. Today's our full mission with Mikey and the gang.

Me: That's right. It's time to bring the battle to Bagra and stop him once and for all.

Nico: Yep. And we're going to be in for one of the biggest battles ever.

Eli: We're going to hit him with everything we got.

C.C.: Yes we are.

Nico: Yep.

Agitos: I get the feeling Kurata's not the only human hired by Bagra.

Nico: I got that same feeling too. And he's coming right now.

We saw a really nice van! And it was one that Double D likes! It was OFFICER X!

Nico: Oh no.

The van went through a portal.

Nico: That was weird.

Then Tala, Po Kong, Mercurymon, KGBeast, Tar Pit, Trombipulor, Sportsmaster, Pinky and the Brain, Goro, Tala, and Puppetmon appeared.

Tala: Can me, Po Kong, Mercurymon, KGBeast, Tar Pit, Trombipulor, Sportsmaster, Pinky and the Brain, Goro, Tala, and Puppetmon go with you guys?

Brain: You'll need the help in fighting both Bagra and Officer X.

Nico: Yes you all can go with us. J.D. you have something special you want to do for this mission?

Me: I sure do. We're going to ride our dragons the entire way there.

Nico: NOW YOU'RE TALKING!

Twilight Sparkle: This will be awesome.

Me: Yep.

We got on our dragons and flew through the portal and we were off to the Digital World.

## DIGITAL WORLD

We arrived.

Dive Man: This Digital World actually isn't so different.

Nico: It sure is cool though.

Me: Oh yeah. And it has so many awesome zones and they are awesome.

Marianas: They sure are amazing to see.

Me: They sure are cool.

Noriko Kaiba was riding a Blue-Eyes White Dragon.

Noriko Kaiba: Wow this is amazing.

Laney: It sure is.

Kyle and Alita and Blau were flying.

Kyle (Panzer Dragoon): This is amazing though.

Alita (Panzer Dragoon): It's incredible.

Nico: Yeah.

We flew and we saw Mikey and the Fusion Fighters fighting Bagra's forces in the Magma Zone. They were fighting a swarm of Minotarumon!

Nico: Whoa!

Me: Looks like their gonna need some help. Lets show them the power of the dragon!

Nico: You got it! Lets go guys!

We swooped in and fired elemental and energy blasts at the Minotarumon and blew them apart and we absorbed and loaded their data!

Pinky: Hiya, Mikey!

Me: Looks like we got here just in time.

Mikey Kudo: Thanks guys!

Dust Man: We want to thank you guys for helping to take out Venomark.

Maria: But that was a risky move you pulled back there.

Nico: But it really paid off.

Me: It sure did and I'm proud of you guys. All that training we gave you on our last mission really paid off.

Mikey Kudo: It sure did.

Christopher: Thanks to you guys.

Angie: Yeah it was awesome.

Mikey Kudo: Wow are those your awesome dragons?

Me: They sure are.

Nico: We decided to ride our dragons the entire time while we're here. Figure it would be awesome to keep Bagra guessing while we make our next move as well as destroy evil flying Digimon here.

Me: And while we're here we can do one final sweep to recruit potential M.O.E. Members that fly.

Mikey Kudo: Awesome!

They Got on our dragons and we were off.

Poromon got out a beer bottle.

Mikey: Oh, don't tell me that's-

Poromon: 1 bottle of beer!

Tar Pit: (confused) 1? I thought it was gonna be 5.

Lisa Loud: (sighs) It appears that the number of beer bottles Poromon brings resets after every 4 special missions.

Nico: Yeah it sure does.

Me: Yeah. So what's been happening since we were here the last time Mikey?

Mikey Kudo: We've been battling all kinds of Digimon in the Bagra Army and we've been taking out their forces more and more at a time.

Shoutmon: Just a couple days ago we took down an army of Lynxmon, Rhinomon, Moosemon, AncientTroiamon and many more.

Me: Wow! You guys have been busy.

Eli: That's a lot of Digimon.

Jeri Katou: It sure is.

Laney: Uh oh! We got company!

We saw an army of Peacockmon, Dynasmon, Crusadermon, Unimon, Flymon, Megadramon, Gigadramon, Pegasusmon and more.

Me: Wow! Lots of company!

Mikey Kudo: How about you take them down J.D.?

Me: With pleasure.

Marianas and me fired energy blasts and blasted all the flying Digimon apart and we uploaded all their data.

Laney: WHOA!

Poromon and the mascots then saw something.

Poliwag spotted a pile of M&Ms on the ground.

Poliwag: M&Ms! My favourite!

But as soon as Manaphy, Horsea, and Poromon join him, they got trapped in a cage.

Scrap Shooter: What's going on, see?!

Me: UH OH!

A red van drives up to the cage containing the mascots. Double D sees the van and immediately falls in love with it.

Double D: She's beautiful!

Me: Wow! What a van!

He sees the schematics and it's rainbows and fantasies for Double D… until Eddy slaps him, snapping him out of his daze.

Eddy: Sockhead!

The door opens and out steps Officer X.

Officer X: Got a call on a 415-P Disturbance. Mascots involved. Now, how'd I know it'd be you punks?

William: It's Officer X!

Nico: Not him!

Lisa: The deranged animal control supercop!

Officer X: (approaching the cage) You guys are a loong way from the estate. (takes out a sharp hook) That's awfully unsafe, considering what time it is.

Manaphy shrugs.

Manaphy: 7:30, maybe?

Officer X: Payback time!

Manaphy: Oh, payback! Hey, that makes much more…

Officer X raises the hook. The mascots yell out in fear, only to see him placing the hook on the cage. They sigh in relief, but get pulled closer.

Officer X: Estate's not good enough, huh? Well, guess what? Out here, you're stray animals, and that makes you mine!

While he brings the cage closer to the van, Poromon turns to Horsea.

Horsea: Time to go boom?

Poromon: Now more than ever.

Horsea hurriedly gets out a stick of dynamite, while Manaphy reaches out and grabs a nearby metal dish. Officer X continues to monologue as he winches the cage to the van, unaware of the events unfolding behind him.

Officer X: You think you can play me? You're mascots. You don't even have brains enough to transform!

Poromon: No, but we sure know how to fall.

KRABOOM!

The dynamite explodes, blasting a hole into the ground that the mascots fall into.

Nico: Let's follow them! We'll deal with X later!

Me: Right! DRAGONS FLY!

We flew after the mascots.

Sportsmaster: Of all the people Bagra had to hire, why did it have to be X?!

Jeremy: Why couldn't it have been IceDevimon?! He's still around. And let's not forget Ronan the Accuser, Domino, Baron Zemo, and Black Cat from the Yost universe!

Deadpool: What do they have to do with-

Jeremy: Let me finish, Deadpool! I'm giving a list of people Bagra could've hired! One of the Evil Sasukes, Steeljaw Jack, 2012 Baxter Stockman, Red Baron, Dabi, Red, Reegull, Live Action Starscream, Bad Bill, Tetsuya Watarigani, Barshitara, one of Victor Veloci's mutants, Galza, Hawk, and Quint Quarry!

Me: He does have a point and many of those guys we haven't met on our current ambassador missions.

Nico: That's true. And Live Action Starscream is one of our targets in the Live Action Transformers universe.

Laney: That's true.

Me: Also I forgot to mention that I Super Hakaied every Evil Sasuke across the Multiverse. They are all destroyed and in oblivion for good.

Jeremy: Oh. Sorry.

Panda King: You heard the man. As long as the mascots are outside the estate, they're considered stray animals.

Nico: Not on our watch. We're going to make sure he doesn't come anywhere near us.

Me: File a restraining order against him.

Piper Willowbrook: Good idea.

We got the Mascots and flew fast.

Maria: Let's just keep moving while we're still ahead of Officer X.

Christopher Aonuma: Maria's right. You guys want to be here until tomorrow?!

Kevin Levin: (raises his hand) Does this Digital World have cable? Fargo's on tonight. I don't want to stay here overnight if there's no cable.

Christopher Aonuma: (sighs) It was a rhetorical question.

Kevin Levin: Oh, okay. Well then, I change my answer to just ignoring the question.

Nico: Good.

Officer X saw us flying.

Officer X: You can run but you can't hide!

Goro: I'm sorry, Double D. But the van needs to be destroyed.

Double D: Oh no.

Me: But I know what I'm gonna do.

I snapped my fingers and made a copy of the van and beamed it to the estate. Then I fired a wave of energy and blew the van apart and destroyed it! OFFICER X WAS INFURIATED!

Officer X: I! LOVED! THAT! VAN!

Double D: We all loved it! You think you're the only one hurting!

Windsweeper: Let it go, dude!

Nico: We'll lose him in the nearby woods!

Me: LETS GO!

We flew into the trees!

Officer X: Delinquent mascots, in the name of the metropolitan sub-bureau of animal control and pretzel cart regulation, you shall not pass!

Trombipulor: Keep going! We're almost there!

Me: PASS THIS!

Me and Marianas fired a blast of energy and it hit the ground in front of him and exploded and blew him into a coconut tree and then…

CLANG CLANG CLANGCLANGCLANGCLANGCLANG!

He got hit on his head with 7 Coconuts!

Patrick: (LAUGHS) THAT GUY GOT HIT IN THE HEAD WITH 7 COCONUTS!

Officer X was knocked out.

Officer X later got up and he tied up the mascots with the grappling hook.

Officer X: X to the doghouse, prep a cage for four outlaw pipsqueaks!

Nico: Anyone got sewage water?

Takinom: I know where you're going with this!

Nico: Oh yeah.

Nico smirked.

Officer X: You guys are gonna make fine additions to the slammer.

He saw that they were really coconuts with giant water balloons and they had a bomb timer on them.

KRASPLASH!

He was splashed all over with SEWAGE WATER was hurling his guts out because he swallowed sewage water from the Sewage Water bomb Nico replaced the mascots with!

Po Kong: Let's teleport his ass back into the city.

Nico: Good idea! After Bagra's dead, we'll watch the news.

Me: YEAH!

We did so.

Me: That was a funny and awesomely hilarious chase there.

Poromon: It sure was.

Ratso: Sorry you guys had to be involved in that.

Poromon: Are you kidding!? That was so awesome and fun! We had a lot of fun in that chase.

Me: Glad you had fun.

Nico: Yeah.

Kyle (Panzer Dragoon): That was funny though.

Laney: It was funny.

Marianas: Yeah it sure was hysterical.

Mikey Kudo: I thought it was great.

Me: Good.

Nico: Now lets focus on taking Bagra down.

KGBeast: You sure Bagra's the only one left?

Nico: Besides IceDevimon because we sent him back as a messenger.

Me: It's true. But if I had to guess I would say that Bagra is gonna summon the strongest of the generals to face us.

Lori: What do you mean?

Me: We'll find out shortly.

Coconuts: You guys didn't even take out the strongest generals yet?!

Mikey Kudo: Actually this is a fusion of all seven Generals. His name is GrandGeneramon!

Nico: WHOA! What does he look like?

Nene: He is a fusion of Dorbickmon, NeoMyotismon, Zamielmon, Splashmon Darkness Mode 2, Olegmon, Gravimon, and Apollomon and he is really strong.

Me: WHOA! 7 Mega Digimon in one! That makes him a Super Ultimate Level Digimon!

Nico: Wicked!

Mercurymon: As the Warrior of Steel, I'll gladly help against Bagra.

Me: Awesome. We'll have to call all the Legendary Warriors for this one too.

Nico: I agree. Grumblemon, Duskmon, Ranamon and Arbormon had better help too.

Takuya: We'll have to form into Susannomon too.

Nico: Good idea.

Nico: Anyway lets get the usual battles done. Mikey you and all of the team are going to love a demonstration of our powers.

Laney: Yep.

Mikey Kudo: Awesome!

Then Bizarro, King Shark, Whirlwind, Billy Numerous, Vulkanus, Dr. Polaris, Fireor, Black Manta, Dayu, and Common Cold appeared.

Nico: Bizarro, King Shark, Whirlwind, Billy Numerous, Vulkanus, Dr. Polaris, Fireor, Black Manta, Dayu, and Common Cold.

King Shark: Another encounter with Officer X, huh?

Maria: Yep.

Whirlwind: Some people really are persistent.

Bizarro: (laughs) But X not funny to beat up!

Nico: You know something, Bizarro? I think X isn't funny to beat up as well.

Billy Numerous: By the way, we heard you went inside a Graboid's stomach.

Nico: UCH! IT WAS SO DISGUSTING!

Vulkanus: You smelled bad after that, didn't you?

Nico: I SMELLED HORRIBLE! I Smelled worse than Ed's stinky armpits and gym bag 100-fold.

Vulkanus: YUCK!

Nico: Now I know how Burt felt when he was swallowed. It was SO GROSS!

Me: I almost hurled all over. It smelled SO BAD that I almost hurled my stomach out.

Billy Numerous: YUCK!

?: That was crazy.

A figure came out and it was YABIKER from episode 8 of Zyuohger!

Yabiker is a Player from Team Azald. His Blood Game involved making noise that angered people in order to make them rampage. He's also the main antagonist in episode 8 of the 2016 TV series called Doubutsu Sentai Zyuohger.

He is voiced by Nobuyuki Hiyama who previously voiced Boss Kamikaze, a Purse Priest, Ittan-momen, Bomber the Great, Sambash, Kajimerian Ben G, Hades Beastman Beserker King Glúm do Bridon, a Generator Banki, Abekonbe, the younger brother of the Sneak Brothers and later voiced Manta Bayarsh, Headwind World and the Great Headwind World.

## History

Yabiker made his first appearance as he used his Heel Wheel to get around more quickly as he used his combo on the citizens to make them go into a rage. However this brought the attention to Leo so he used his combo on him, but due to the headphones that he's wearing it didn't makes him go into a rage, so when the team shows up he advised them to cover their ears, but due Sela super sense of hearing it made her to go into a rage as she'd attack her team members leaving Leo to battle Yabiker alone. After that Yabiker left the area however due to this the victims were left in a confused state.

A while later he appeared on the Sagittari Ark telling his leader about his problem with his combo because they can't hear it when they're covering they're ears. However Naria brought the equipment that he needs to continue his Blood Game.

Later that day he appeared on the building getting ready to start his blood game by testing out his upgraded combo. However he was then stopped by the arrival of Yamato, Amu, Tusk and Sela. So instead he used them as his test subject for his full combo which he does and it caused the three to go into a rage, but not Cela for she manage to protect her ears by using a bike helmet, a scarf and headphones. A while later when the team fight each other Yabiker is about battle Sela alone, but she has some help from Leo who has some help from a friend that he befriended and he used his roar to cancel out Yabiker's full combo then he used beast unleashed to destroy Yabiker's upgraded horn freeing his teammates from his spell. After that Yabiker sends out the Moebas to attack the team. However the Moeba that he brought out were wiped out which just leaves him to battle the team. After that he was then defeated by the team.

However thanks to Naria she'd inserted a continue medal into his head to enlarged him as he battles Zyuoh Wild, but Yabiker knocked them off their feet with his speedy wheels, so that just leave Zyuoh King to battle. After that he was then destroyed by the mecha robots finisher Wild Cannon Beam and Zyuoh Slash.

In episode 26 Yabiker was later revived by Bangray after scanning Leo's memory of him. He was then destroyed by Zyuoh Gorilla.

---

Yamato: Yabiker!

Yabiker: Been a while rangers.

Me: I remember you! You were sent for your blood game to honk your horn to make everyone hate each other and have them go on rampages all over the city!

Yabiker: That's right. Good memory on you J.D.

Me: Never missed an episode and to be honest, that was the most brutal episode I've ever seen.

Eli: Yeah it sure was.

Yabiker: You think if I honk my horn, you guys will get stronger?

May: Only one way to find out.

He honked his horn and then OUR AURAS EXPLODED OUT WITH INCREDIBLE POWER AND IT WAS 500,000,000 MILLINILLION MILLINILLION TIMES MORE POWERFUL THAN ANYTHING EVER KNOWN! WE WERE SO STRONG AND SO POWERFUL THAT OUR AURAS NOT ONLY HAD RAINBOW FIRE AND LIGHTNING BUT ALSO HAD ALL THE ELEMENTAL FORCES SWIRLING IN THEM!

Nico: WHOA! THAT IS INTENSELY POWERFUL!

Me: UNBELIEVABLE! THIS IS AWESOME!

Suddenly we felt an immensely incredible power!

Heidi: WHOA! I haven't felt that energy signal in a while!

Then out of the sky came THE GREAT LEVIATHAN!

Nico: THE GREAT LEVIATHAN!?

Me: Oh no! I hope Bagra didn't send that!

Then it swooped down and we saw it change and then it formed into a girl all in black clothes and she had red eyes and red shoes.

Maxxine Smythe: That's how I make an entrance.

Garrett: Maxxine!?

Maxxine Smythe: Hey Garrett.

They went and hugged each other.

Maxxine Smythe: Wow you look awesome.

Me: You know her Garrett?

Garrett: Yep. This is Maxxine Smythe and she is the Great Leviathan Gene-Slammer.

Me: Whoa! The Harbinger of Armageddon as a Gene-Slammer. That is so amazing!

Heidi: How in the world did those Team Rocket Scientists manage to get DNA from The Great Leviathan? That would be impossible for them to do.

Garrett: That is a mystery.

Me: What is your favorite memory with Garrett?

Maxxine Smythe: I'm the horror movie master and I watched every kind of horror movie you know. I'm also a goth girl too.

Brittney: You'll make an amazing member to the Goths of Darkness.

Nico: She sure will.

Po Kong: And we got just the archenemies for you Mikey and Marcus.

Then Daemon and Meramon came out!

Nico: Daemon and Meramon!

Meramon (Season 3): I'm actually the Meramon that Takato and his friends met.

Nico: Wow!

Daemon: Nico Chan. Its been a long time.

Nico: It has been a while.

Mikey: Awesome!

Then we got the usual battles underway.

King Shark: Yeah I feel sorry for Victor. The one you all know went through all that because of Ferris Boyle pulling his funding. But this one went through all that because of a machine malfunction. Poor guy. Both Mr. Freeze's went through terrible times. And they were doing all that just to bring his wife back.

Peyton: Yeah. I felt sorry for him and I still do.

King Shark: Me too. I heard you all had to put him in a freezer until you found a cure for him.

A massive fiery explosion blasted above him and a phoenix cry was heard and we came out.

Bagra: TEAM LOUD PHOENIX STORM!

Nico: That's right! Your worst nightmare! It's over for you Bagra. Your reign of terror ends now!

Bagra: NOT LIKELY!

He fired a purple energy blast and Nico punched the blast back and it slammed into Bagra and exploded!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: Pathetic.

He was knocked down.

Bagra: Craterites! Come and serve your master Bagra!

A massive army of Craterites came out!

Nico: Craterites!

Me: Now we're talking!

I fired a massive blast of fire and blew many of them apart.

We were pulverizing them and blasting them and then the Craterites piled onto the Fusion Fighters.

Mikey and the rest of the Fusion Fighters lay defeated at the hands of the Craterites.

Bagra: (laughs evilly) Is that the best the Fusion Fighters have to offer?! After you're all dead, the Human world is next!

Me: We're just getting started! (Blasts the Craterites all over.)

Poliwag: (slaps Craterite away with his tail) Mikey and the others are in trouble! What do we do?!

Piper got an idea.

Piper: (to everyone watching) Everyone out there in both worlds! Lend the Fusion Fighters your strength! They get stronger with your support! When I go "1, 2", shout "Digi Fuse"!

Okay? 1, 2…

All: DIGI FUSE!

Piper: One more time! 1, 2…

All: DIGI FUSE!

Piper: Louder! 1, 2…

All: (LOUDER) DIGI FUSE!

At these words, Mikey and Shoutmon found the strength to get back up.

Shoutmon: Do you hear that, Mikey?

Mikey: I do, Shoutmon! There's no way we're giving up! Not when the Digital World's counting on us!

Mikey threw the Craterite attacking him at Shoutmon, who headbutted it.

WHAM!

Mikey: Thanks to everyone in both worlds out there.

Shoutmon: (crying tears of joy) I promised myself I wouldn't cry!

Angie: I had no idea we had lots of fans.

Chris: I'm still getting used to people cheering for me.

Jeremy: Well, I'm used to it!

Nene: Stay focused, guys. We still have a battle to win!

Nico: Now it's time to die Bagra!

Bagra: I'm just getting started.

A roar was heard and then out came a huge monstrosity! It was GRANDGENERAMON! We saw that he was a fusion of

Dorbickmon, NeoMyotismon, Zamielmon, Splashmon Darkness Mode 2, Olegmon, Gravimon, and Apollomon!

Nico: WHOA! SO THAT'S GRANDGENERAMON!

Eli: His power is unreal!

Me: Wow! All 7 Generals in one. What a fusion!

Garrett: Go get him Maxxine!

Maxxine concentrated and she turned into THE GREAT LEVIATHAN!

She roared ferociously!

Piper: Let me transform with you guys!

Andros: Right, Piper!

In Space Rangers: Let's rocket!

They transformed!

All: POWER RANGERS!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off behind them and they were ready for action!

Piper's eyes glowed neon orange as she walked up to Bagra and she had an aura of fire swirl around her.

Piper: Bagra what you have done to the entirety of the digital can never go unpunished! You have killed many digimon and poisoned them with your evil and now you will pay for your crimes!

Suddenly something snapped inside her head.

Piper: And I won't let you get away with EVERYTHING YOU'VE

DONE!

She screamed like a madwoman and then…

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive explosion of fire and energy exploded out and she screamed powerfully as the ground was shaking violently and her power and energy was increasing exponentially! HER POWER WAS RISING FAST!

Vegeta: (GASPS) IT'S UNREAL!

Me: WHAT POWER!

Zarya: HOLY COW!

Piccolo: Piper is releasing her energy!

Eli: This is gonna be intense!

She then was enveloped in a massive vortex of fire and then a phoenix swirled around her and then when the vortex of fire faded, she emerged forever changed!

Lincoln: I should've known that one of the Twisted Princesses would be here. You can come out now, Twisted Pocahontas.

A figure came out, and it was none other than Twisted Pocahontas, the twisted version of Pocahontas, she may look physically the same, but her skin was pale and her eyes were red with hatred, and with her were the spirits of Flit, Meeko, and several other animal spirits, but their eyes were also filled with hatred and rage.

Nico: (Gasps) Oh man, is that…?!

Allie Knudson: Yeah, Nico, that's the twisted version of Pocahontas, and her heart and soul has been forever consumed by rage and hatred.

Pocahontas: What could've happened to her that made her into this?

Helena Knudson-Nicos: You won't like what I'm going to tell you what made her into this, and we all know who's to blame for this one: Governor Radcliffe.

Helena proceeded to tell us the whole story of Twisted Pocahontas, and as predicted, we were going to be horrified by her story.

When Radcliffe shot John Smith, the shot was fatal almost immediately. John Smith died in her arms. Her anger grew but not only hers but those of the woods, mountains and spirits too. Several animal spirits felt her anger they joined with her. Flit and Meeko also became spirits and joined her. She now hunts every one of the Jamestown colony, no one is safe from hell hath no fury like a vengeful woman scorned.

When Helena Knudson-Nicos finished, we were horrified by the story.

Nico: Whoa, now that's taking the saying "Hell hath no fury like a woman scorned" to a whole new level.

Me: You said it, Nico, and it's because of Radcliffe for making the very fatal mistake. Lincoln, is there a way to save her?

Lincoln: No, J.D. There's no way to even save her, her soul has been consumed forever by hatred and rage, and the vengeful animal spirits' rage has also destroyed the last bit of her humanity, and her heart has been fractured forever.

Piper Willowbrook: Then, she has to be put out of her misery for good.

Suddenly, Piper's green eyes turned neon green, and she was surrounded by an orange energy aura with orange flames and phoenixes, she'd got out her large Defenders of Gemina and Drake City wind and fire wheels, and as she approached Twisted Pocahontas, she left orange energy, orange flames, and phoenixes with every step.

Piper Willowbrook: Twisted Pocahontas, what happened to you was indeed tragic, but when your soul and heart gave into hatred and rage and you proceeded to kill anyone who got in your way, you have crossed the line, and now, you must be stopped once and for all.

Suddenly, Piper Willowbrook was surrounded by a massive vortex of orange energy with orange fire surrounding it, there was a phoenix flying around the vortex, and in the vortex is a green phoenix. Then, as the vortex faded, Piper Willowbrook emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Piper Willowbrook grew to 6'5" in height, she had the body of a goddess, she had orange highlights in the bangs of her long auburn hair, she has neon green eyes and an orange energy aura with flames, angels, and phoenixes surrounding her, she has a phoenix with the Fire Kanji in its claws emblazoned on her forehead, she has on phoenix earrings with green gems for the eyes and the Fire Kanji in its claws and her Crystal Necklace of The Buddha with orange crystals and gems and with a dragon with green gems for eyes and the Fire Kanji in its claws for the pendant, she has on a sleeveless yellow shirt with an orange phoenix on it, white blouse with phoenixes on it, white pants with orange flames on it, white ankle-high combat boots with phoenixes on it, and a long white sleeveless trenchcoat with phoenixes and orange flames on the coattails and on the back is a phoenix with orange flames surrounding it, Piper Willowbrook has massive red angel wings with orange tips on the large red feathers and she has on her Green Lantern ring on her right ring finger, she has her massive Defender of Gemina and Drake City wind and fire wheels in her hands, Piper Willowbrook has on her new Bracelets of the Champions of The Universe with large orange gems on her wrists, gold Belt of Elemental Bravery with a phoenix head and a large orange gem in its mouth for the belt buckle on her waist, her large orange Spellbook of The Gods and The Universe on her left hip and her Eater of Sins revolver holstered on her right hip. There's a gold kanji right below the phoenix that said, "Piper Willowbrook, Mysticon Yellow Phoenix Striker, Destroyer of Necrafa, Tazma Grimm, and The Spectral Hand, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing Member of Team Loud Phoenix Storm, Loving Sister of Mikey Fudo and his Friends, Powerful Student of Powerful Teachers, and Master of Phoenixes, Magic, and Orange Flames."

Piper Willowbrook has transformed into SUPER ANGEL INFINITY MYSTICON YELLOW PHOENIX STRIKER ANGEL OF MAGICAL WILL AND MYSTICAL JUSTICE!

We were amazed by Piper Willowbrook's Super Angel Infinity transformation, but when Twisted Pocahontas saw it, she fell into a rage and tried to kill her, but Piper fired a powerful blast of orange energy with flames and phoenixes, which hits her, and exploded and burned her.

Nico: (Stunned) Whoa, Piper's the next Mysticon to transform.

Me: That's so awesome.

Arkayna Goodfey: Whoa, Piper, you look amazing. How do you feel?

Piper Willowbrook: (Divine Echoing Cosmic Voice of The Fiery

Phoenix and Magical Justice) **I feel incredible, Arkayna, and now, I'm going to take care of this twisted version of Pocahontas for good.**

Arkayna Goodfey: Ooh, let me also join in. In fact, I've got a surprise.

Suddenly, Arkayna's violet eyes turned neon violet, and she was surrounded by a green energy aura with dragons, angels, and phoenixes, she summoned her Defender of Gemina and Drake City Mage's Staff and Mysticon Dragon Mage's Staff, and as she approached Twisted Pocahontas, she left green energy, green flames, green dragons, angels, and phoenixes with every step. Then, Arkayna Goodfey was surrounded by a massive vortex of green energy with green dragons, green flames, angels, and phoenixes surrounding it, there was a dragon flying around the vortex, and in the vortex is a green phoenix. Then, as the vortex faded, Arkayna Goodfey emerged, but she was changed forever.

Arkayna Goodfey grew to 6'5" in height, she had the body of a goddess, she had green highlights in the bangs of her long auburn hair, she has neon violet eyes and a green energy aura with dragons, angels, and phoenixes surrounding her, she has a green dragon with the Fire Kanji in its claws emblazoned on her forehead, she has on dragon earrings with green gems for the eyes and the Fire Kanji in its claws and her Crystal Necklace of The Buddha with green gems and crystals and with a dragon with green gems for the eyes and the Fire Kanji in its claws for the pendant, she has on her gold tiara on her head, a dark green shirt with a white phoenix on it, long white jacket with dragons on it, white pants with green flames on the legs, white ankle-high combat boots with green dragons on it, and a long white long-sleeved trenchcoat with dragons and green flames on the coattails and right on the back is a dragon with green flames surrounding it, Arkayna Goodfey has massive auburn angel wings with green tips on the large auburn feathers and she has on her Blue Lantern ring on her right ring finger.

Suddenly, her massive Defender of Gemina and Drake City Mage's Staff in her left hand and her Dragon Mage's Staff began merging and was surrounded by a kaleidoscope of green flames and dragons, and when it emerged, it was transformed into Gemina's

Dragon Mage's Staff of Magical Justice, it's a new Mage's Staff measuring 8'4" in length with a massive green globe on top of four large gold dragon heads with green gems for eyes on one end of the longer brown staff and on the other end is a large gold split crescent pommel crowned by four smaller gold dragon heads with green gems for eyes and on the bottom of the large black split crescent pommel is a small green sphere. Arkayna has on her new Bracelets of the Champions of The Universe with large green gems on her wrists, Belt of Elemental Bravery with gold dragon head with a large green gem in its open mouth for the belt buckle on her waist, large green Spellbook of The Gods and The Universe on her left hip and her Eater of Sins revolver holstered on her right hip. There's a golden kanji below the green dragon that said, "Princess Arkayna Goodfey, Princess of Drake City, Mysticon Dragon Mage and Leader of The Mysticons, Daughter of Queen Goodfey of Drake City, Destroyer of Necrafa, Tazma Grimm, and The Spectral Hand, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Powerful Student of Powerful Teachers, Amazing Member of Team Loud Phoenix Storm, Loving Sister of Shu and His Friends, and Master of Dragons, Magic, and Green Flames."

プリンセスアルカイナグッドフェイドレイクシティのプリンセス、ミスティコンドラゴンメイジとミスティコンのリーダー、ドレイクシティのクイーングッドフェイの娘、ネクラファの破壊者、タズマグリム、そしてスペクトラルハンド、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、強力な教師の強力な学生、チームラウドフェニックスストームの素晴らしいメンバー、シュウと彼の友人の愛する姉妹、そしてドラゴン、魔法、そして緑の炎のマスター

Arkayna Goodfey has transformed into SUPER ANGEL INFINITY MYSTICON GREEN DRAGON MAGE ANGEL OF ANGELIC HOPE AND MAGICAL JUSTICE!

Lincoln: Whoa, now, you've transformed into your new Super Angel Infinity form, Arkayna. Looks like it's double trouble for Twisted Pocahontas.

Arkayna Goodfey: (Divine Echoing Cosmic Voice of Draconic Hope and Magical Justice) **You got that right, Lincoln. Okay, Piper, let's get her.**

Piper Willowbrook and Arkayna Goodfey went after Twisted Pocahontas, and they fired powerful blasts of orange and green energy, orange and green flames, green and orange magic, dragons, phoenixes, and angels at Twisted Pocahontas, and they exploded with incredible power, as they hit her. Then, the two Mysticons attacked her with their weapons, and they really hurt her. Then, Arkayna and Piper sent Twisted Pocahontas flying into the air, and they fired two massive and powerful blasts of green and orange energy with a green dragon and yellow phoenix flying around them, and as they hit the twisted version of Pocahontas, they exploded with incredible power, killing her, and she and the rage-driven animal spirits were Super Hakaied forever and banished to Oblivion. We cheered wildly for the two Mysticons as they holster their weapons and power down, and their new bodies, clothes, weapons, jewelry, and angel wings are permanent. Then, we ran up to them, and we hugged them, and they returned it.

Nico: Wow, Piper, Arkayna, you girls did an awesome job in taking down Twisted Pocahontas.

Piper Willowbrook: Thanks, Nico.

Arkayna Goodfey: And that meant that we've destroyed yet another Twisted Princess, but I can't help but feel sorry for Twisted Pocahontas.

Lincoln: You're not the only one, Arkayna. What happened to her was tragic, when Radcliffe fired that fatal shot into John Smith killing him and he died in Pocahontas' arms, it twisted her heart and she'd become filled with so much rage and hatred that she wanted to make him pay. But, this also caused many animal and mountain spirits to join her, and Flit and Meeko were also turned into animal spirits and they too were also filled with rage, and they began hunting down the colonists in bloody revenge.

Nico: As the old saying goes, "Hell hath no fury like a woman scorned", but Twisted Pocahontas took it to a whole new level, and that was really scary.

Me: You said it, Nico. But, now, she's gone for good.

Allie Knudson: And she's never coming back.

Helena Knudson-Nicos: But, there's bound to be more Twisted Princesses out there, and it's our job to take them down.

Lincoln: And we'll save those who deserve a second chance, but those who've lost their humanity and their hearts, they will die.

We went back home to the estate.

We were all watching the news covering Officer X's arrest on television.

Officer X: You have to believe me! It was the mascots, I tell ya! They- (angry shouts)

Reporter: The crazed officer was arrested after a vandalism spree over several city blocks last night. He will be placed into a mental health institution for probably the rest of his life.

Eddy: (laughs) We might seem him again! But he definitely won't be working for animal control anymore!

Me: Nope. He sure won't. He's now in the nuthouse.

Nico: Lets hope he stays there.

Lana: Yeah.

Mikey Kudo: (To the viewers) This was a great adventure! Bagra has been destroyed forever and the Bagra Army is no more. Now the Digital World is safe. But there are still other evils out there.

Me: Yep. But we'll be ready for them.

Nico: We sure will be ready for them. Great job today everyone. That was an an awesome job you all did.

Laney: Thanks Nico.

Me: Yeah this was great.

Nico: Yep.

We later went to bed.

THE END

---

Another awesome adventure done.

This was an awesome and epic chapter! Digimon Fusion was one of the most amazing shows and series of Digimon I've ever seen. It was really epic! It was also really cool how Mikey and friends faced all kinds of powerful Digimon with ease and more. Now many of those Digimon are in our Frenemies. The first chapter was based on the movie Tremors 6: A Cold Day In Hell and that was based on a vore comic I saw on deviantart and it was gross and silly. The second rescue was for the awesome 1997 movie Batman & Robin and George Clooney, Chris O'Donnell, Alicia Silverstone, Uma Thurman and Arnold Schwarzenegger all did a great job in that movie. And it was so awesome. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be on the planet Arrakis in the movie Dune from 1984 and Nico and Eli are going there to face Feyd and Nico and Eli are going to kill that monster and then make sure he suffers. They are going to the year 21,267 A.D. and we're going to also see Eli get the same glowing blue eyes like in the 2021 and 1984 movies and they are going to also meet a Thep Khufan Gene-Slammer named Andrea San Juan who is also one of Nico's Guardian Angels and she defended him from bullies by smashing their faces in. The next rescue for Lincoln is gonna be in the awesome and really funny Ed Edd N Eddy episode called Dawn of The Eds. They are also going to meet a Stardust Dragon Gene-Slammer named Joy Kiramensikov and she is the first of the Signer Dragons Gene-Slammer. Joy is from Russia and Lincoln met her in school from a Foreign Exchange Program. During the exercise scene Joy is gonna reveal an even darker secret about Flip and how he was going to kill the Loud's by sending them into a whirlpool that will take them to Skull Island the home of Kong. The next chapter is gonna be for where we face Hama the Bloodbender and we're going to make that witch realize that the war is over and stop her.

See you all tomorrow

# REVENGE OF THE BLOODBENDER

Flying over the desert wastelands of the desert planet of Arrakis was Nico and Eli.

Nico: Thanks for coming with me, Eli. Even though you probably don't approve of my leadership.

Eli: It's no trouble Nico and I actually do approve of your leadership because J.D. told me that what the Leader does, I must follow. J.D. also is second in command and that makes him leader too.

Nico: That's true. So my next rescue is on the planet Arrakis. This is gonna be interesting.

Eli: I remember watching the movie Dune a long time ago and it was really amazing.

Nico: Yep.

Eli: Yeah.

Nico: Eli, I know you're still upset about me fixing Sperg and recruiting him in the fight against the cheese aliens. But I made the right call. It was either that, or let the cheese aliens win.

Eli: You're right Nico. (Grunts) I hate Sperg but you made the right call.

Eli rubbed his eyes.

Nico: Getting sand in your eyes?

Eli: No. My eyes feel weird for some reason.

Nico: Weird good or weird bad?

Eli: Weird good. It's like I'm getting a strange power.

Eli then felt a huge boost in them and then it felt like a huge surge of

power.

Eli: Whoa! That was intense!

Eli looked at Nico and Nico gasped and saw ELI'S EYE'S GLOWING BLUE!

Nico: Okay, Eli. It's obvious that you're still have issues with Sperg. But we're not gonna stab him in the back after he helped us. So, how about you make the glowing blue eyes disappear, okay?

Eli: I swear Nico it's not my doing! Wait a second. (Gasp) The Spice!

Nico: The spice? (Gasp) The spice did this! It has the power to make peoples eyes glow blue. That's right! This happened to J.D. too.

Eli: Wow!

Nico formed a mirror and Eli saw his eyes and they were glowing neon blue!

Eli: WHOA! I look amazing with glowing blue eyes.

Nico: You sure do.

Eli: This is amazing!

Nico: So, should we continue on?

Eli: Lets go. If bro can have eyes like these then so can I.

Nico: Cool. Lets go!

They flew on to a castle and they then saw a huge battle going on.

Nico: Whoa! Looks like a big battle is going on. This is like what happened when we were here the first time.

Eli: Whoa!

Nico: So, should we stop this or defeat the enemy side?

Eli: Defeat the Enemy Side.

Nico: I agree. Lets go!

Eli: I'll start things off.

Eli held out his hand and then he fired a tremendously massive blast of lightning from his hand and it was far more powerful than Force Lightning! The lightning hit the bad guys and even Baron Harkonnen and electrocuted them into ashes!

Nico: HOLY GEEZ! That was incredible!

Eli: Wow! That was powerful!

Nico: Yeah! Your eyes supercharged your powers!

Eli: WOW!

Nico: There should be a Gene Slammer of one of Ben's aliens here somewhere.

Eli: There! I see a Thep Khufan. It's going into that building.

Nico: Lets go!

They flew in and then it saw them.

Thep Khufan: (In a girls voice) Nico?

Nico: That voice. Andrea? Andrea San Juan?

Thep Khufan: Nico it's awesome to see you!

Nico: Wow same here!

Eli: Where do you know Nico from?

Thep Khufan: I've known him from history class. I came to his school because my family and I moved from El Salvador. We were on the run from the Cartel.

Nico: And I defended her by destroying them.

Thep Khufan: And I will always be forever grateful to you Nico.

Nico: It was no problem.

The Thep Khufan reverted back and she was a beautiful girl with amber yellow hair and purple eyes and she had a beautiful dress on.

Nico: Cool!

Andrea: I now have the power to change at will.

Nico: So awesome.

Eli: Yeah.

Nico: Awesome.

Eli: What's your favorite memory of Nico?

Andrea: My favorite memory that I have of him is when he defended me against a thug at school and Nico got him expelled and sent to prison.

Nico: I remember that. That thug was Tyrone Pete. He was an absolute animal.

Eli: Geez.

Andrea: Yep. Uh oh.

Paul and the rebels came and Nico and Eli and Andrea were also greeted by the Emperor.

Eli: Emperor Shaddam the IV… there are Guild Heighliners above us containing many Great Houses of the Lansraad… SEND THEM BACK!

Emperor: How dare you speak to me…

Guildsman #2: (speaking into electric microphone) Stop your speaking!

Nico: Better do what he says or else!

Paul: Good. You have some idea of what I would do, but I will tell it to one who has never been seen… one who hides deep in the Heighliner control rooms. He will hear it first.

The Reverend Mother glared at him.

Paul: Don't try your powers on me. Try looking into that place where you dare not look, you'll find me there staring back at you. You Bene Gesserit have waited ninety generations to produce the one person your schemes required. Here I stand. But… I will never be yours.

Reverend Mother: Stop him, Jessica!

Lady Jessica: Stop him yourself.

Paul: You saw a part of what the race needs in the beginning. In time you perverted the truth. You sought to control human breeding and intermix a select few according to a selfish master plan. How little you understand.

Reverend Mother: You mustn't speak of…

Paul: (ECHOING) **SILENCE!**

Reverend Mother is shot back after having the wind knocked out of her with just the power of his voice alone.

Paul: I remember your gom jabbar, now you remember mine. I can kill with a word.

Fedaykin 1:… and his word shall carry death eternal to those who stand against the righteous.

Feyd: The righteous!?

Eli: There is a Harkonnen among you. Give the Harkonnen a blade and let him stand forth.

Emperor: If Feyd wishes he can meet you with my blade in his hand.

Feyd: I wish it!

Eli: So be it.

Eli unsheathed his sword.

Gurney: This is a Harkonnen Animal! Let me. Please, my Lord.

Paul: No this is Eli's fight. I already had my fun. Now it's his turn.

Nico: Go get em', Eli!

Feyd takes up the Emperor's blade with a smile. They begin to circle each other. Eli smiles, circling still. Suddenly, Feyd leaps, his blade jabbing savagely outward, but Eli easily evades it, moving away. They begin to circle again. He makes another pass at Eli that comes dangerously close, but again, Eli is away, a frozen smile on his face.

Feyd: Why prolong the inevitable? I will kill you! I will kill him!

Eli: I'd like to see you try.

Feyd smiles. He lashes out biting Eli's hand. Feyd laughs in triumph. Feyd leaps forward jabbing, his right hip also forward. Yet Eli, although a little slowly, again reels away. Again, Feyd thrusts. - This time Eli jabs with his sword, but Feyd moves away effortlessly. Feyd counters and Eli ducks under his kick.

Feyd: (smiling) Who is the little one? A pet, perhaps? Will she deserve my special attentions?

Eli: Fuck you!

Nico: Chauvinistic motherfucker!

Eli: Go kill yourself!

Eli jabs out, his sword slashing. Eli slashed Feyd.

Eli: That must've hurt huh?

Feyd saw blood.

Feyd: MY FACE!

Eli: (Taunting) Aw what a shame did I damage your face?

Feyd grabs his arm, and Eli his, the two locked in a straining clinch. Feyd presses his right hip closer and closer to Eli's body. Eli strains to keep it away. Suddenly, the gom jabbar flips out of Feyd's girdle, but on the left side, and he lunges powerfully with it at Eli, who just barely misses taking it in his skin. He throws Feyd back, but not before Feyd's feet strike out, sending Eli to the floor. Feyd leaps onto him.

Feyd: (whispering) You see… your death… my blade will finish you.

Nico: (In his head) Not for long.

Suddenly, Eli, with lightning swiftness, pushes Feyd up and over. He is on top of him in a flash. Eli's sword flashes up, thrusting upward through Feyd's jaw and all the way through his brain and Eli's sword had Feyd's brain impaled on the sword. Feyd's eyes go white, then glaze over as he jerks dead on the floor. Eli rips the sword out and slowly gets to his feet, breathing heavily. Anger still seething in him, Eli issues a SOUND - a loud, horrible, powerful sound, and Feyd's internal organs rupture and the stone floor under him cracks open. The Fedaykin smile.

Nico: WHOA!

Andrea: Whoa! How did Eli learn all that?

Nico: J.D. taught him. Eli is a skilled warrior for a 10 year old kid.

Andrea: Awesome.

Nico: It really is good to see you again.

Nico and Andrea then hugged.

Andrea: Same here Nico. I missed you.

Eli: Feyd deserved this.

Nico: He sure did.

Andrea: Eli how did you learn how to fight like that?

Eli: I have a really awesome teacher.

Nico: Yep.

They went back home and told us everything that happened and it was amazing.

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, Sima Yi, Linka, the TLPS Cul-De-Sac Kids, and Hunter Drake Michaelson were heading to the Simulator, this time, our destination is at Peach Creek, and not only is Lincoln going to rescue the twelve girls there, but we're also going to face the Robot Bounty Hunters, who are for real this time, and not the Simulator versions of Sarah and Jimmy, and we also got word that a Gene Slammer for the Stardust Dragon is here. The Simulator activated, and we were in Peach Creek.

Lincoln: Whoa, we're here in Peach Creek, specifically the Junkyard, and I know what we're going to do here, not only am I going to rescue the twelve girls there, but we're also going to face the Robot Bounty Hunters, who are for real this time, and not the Simulator versions of Sarah and Jimmy.

Nico: That's right, big guy. From what the Eds told us, their imagination went wild, and they thought that actual robot bounty hunters were after them, but it was really Sarah and Jimmy. Sheesh, that just goes to show what happens when you let your imagination run wild.

TLPS Mr. Wolf: It leads to crazy and hilarious situations, and we got word that a Gene Slammer for the Stardust Dragon is here.

Lincoln: Awesome, so this means, we're getting into meeting the Gene Slammers for The Signer Dragons.

Me: That's right, we've already met the Gene Slammers for The

Earthbound Immortals, and now, we're going to meet the Gene Slammers for the Signer Dragons.

Lincoln: You got that right, J.D. (To Hunter) And thanks for joining us on our rescue, Hunter.

Hunter Drake Michaelson: (German-Hungarian Accent) Bitte, Lincoln. I've always wanted to come on one of the rescues, and this is going to be a good rescue.

[The Eds are balanced on a bike, speeding towards the theatre.]

Ed: "Whoa. This is the coolest movie."

Eddy: "Since I'm the most mature looking, I'll go in first. Double D can be my wife."

Edd: [making a revolted face] "Ed's taller, I think he should."

Ed: "Tell you that the story begins-" [images form in his mind] "-with three space outlaws, who crash-land on a robot planet."

Edd: "Amazing!"

Ed: "Shock-O-Rama."

Eddy: "R-rated."

Me: Really awesome.

Ed: [letting go of the handlebars] "And they have to fight off the robots, but, they also must try to escape back to earth, or the robots will grind their bones to bits." [The bike goes off a small cliff.] "When the three spacemen lose control of their ship, and hurtle into a field of asteroids-" [A wrecking ball goes by, almost hitting them. None of the Eds notice.] "-that almost crush them into space dust. They're sucked-" [The bike enters a pipe. The Eds are still oblivious.] "-into a dimensional time portal that transports them to the robot planet."

[The pipe ends, and the Eds fall to earth. They land in a strange landscape full of trash.]

CRASH!

Ed: [continuing his monologue] "The heroes find their ship destroyed." [a shot of the broken bike is shown] "They're marooned on the robot planet."

Eddy: "Hey, look!"

Ed: "Whoa!"

Me: Wow!

[Over their heads, a car is lifted up by a crane with a magnet on the end. The magnet releases the car right in front of the Eds.]

The Eds: "Cool." [machinery begins demolishing the car] "Not cool! Not cool!"

---

[A shot of a pink Cadillac, sitting on top of a garbage heap, is shown. The camera then shifts to the hood of the car. Ed and Ed are seen peering out from the passenger seat, ready to hide instantly. Eddy is cowering behind the steering wheel.]

Eddy: "We gotta get out of here!"

Edd: "I have an idea." [He pulls a spring out of the upholstery and fashions it into a makeshift headset. He then tries to dial in a station on the radio.] "Come in Earth. Come in Earth." [agitated] "Come in Earth repeat come in Earth!" [not receiving a reply] "No response. THERE'S NO RESPONSE!"

Me: We're out of range.

Eddy: "Are you saying… WE'RE STRANDED?" [he shakes Edd]

Ed: [remembering the movie's setup] "Then, there's not much time, before the cold robot planet nights squeeze the life out of us." [standing up, making a proclamation] "WE MUST FIND SHELTER!"

[The word "Shelter" echoes as the camera pans out to show the utter desolation of the scrapyard.]

* * *

[Ed runs through a section of the junkyard.]

Ed: [signaling to his friends] "C'mon! C'mon! Not much farther now."

Eddy: [weary] "You said that an hour ago, Ed."

Edd: "What are we looking for again?"

Ed: "A cave! The first thing the space outlaws find is a cave, to protect them from-"

Eddy: "Yeah, yeah." [pretending to be scared] "The frozen robot planet nights." [speaking normally]"We're never gonna find-huh?" [His eyes alight on a van.] "Hey!"

The Eds: [scurrying over to the van] "Cool."

Me: So this is how you all found your hideout van.

[Eddy opens the doors on the back and jumps in. The other two Eds look in to see him lounging on a waterbed.]

Ed: "Cool."

Eddy: "Hey guys, c'mon in! Enjoy the genuine shag carpeting, and the waterbed!"

[Eddy goes up to the front, and blows the horn. "La Cucaracha" plays.]

Eddy: "Boys, welcome to central command."

[Ed and Edd heave sighs of relief.]

* * *

[The Eds and us are racing through the junkyar, wearing weird armor.]

Edd: "Prepare for your eminent capture, Eddy!"

Ed: "Yeah!"

Eddy: "You'll never take me!" [He leaps behind a trash heap. Neither Ed nor Edd see this, and they look for him.]

Ed: "Where did he go? Where did he go?"

Eddy: [leaping out] "Prepare to meet your doom!" [He pulls out a pair of fuzzy dice and uses them like nunchucks.]

[Ed and Edd watch as he plays with them. Then, simultaneously, they pull out ray guns.]

We did the same and pulled out rayguns.

Eddy: "AAAAAAHHHHHH!"

[The Eds pretend to shoot at each other, making "bing" noises. Eddy throws his dice at Ed.]

Eddy: [pointing at Edd] "HA! Missed me! You lose! Ha ha ha ha ha!"

Ed: [on top of a trash mountain] "Hey guys, come up here."

[The camera shows Kevin and the Kankers. Kevin is tied to a tire, and the Kankers seem to be taunting him.]

May: [jovial] "Let's spin him again! Lee!"

Kevin: [bored] "Get away from me."

Lee: "Tell us. For 200, what color's your underwear." [She spins the tire.]

Kevin: [spinning] "Thiiiiissss iiiiissssss sssssttttttuuuuupppiiiiiiiiiiiiiidddddd!"

The Kankers: "EEH! WRONG!" [They laugh until Lee puts her foot out and stops the wheel. Kevin is left hanging upside down.]

Kevin: [muttering] "Dumb girls… what color is my-sheesh."

Me: Man those Kankers just won't take a hint!

The Kankers: "Oh Kevin!" [Lee looks as though she's about to kiss him.]

Ed: "Stay back! Hideous, life-sucking aliens have captured a fellow space outlaw! Which of the three brave explorers would take the risk to save him? I WILL SAVE HIM! FULL SPEED AHEAD!"

Edd and Eddy: "STOP ED!" [They lose their balance and tumble down the hill.]

May: "My turn!"

Ed: [rushing down the mountain] "Release him, evil space mutants!"

Me: YEAH YOU PARASITIC VULTURES!

The Kankers: [surprised by Ed's appearance] "What is that?"

Ed: [running towards them] "YOW!"

Marie: [as Ed heads for them] "Run for it, girls!"

Me and Eli fired energy chains and tied them up and gagged them.

Ed: "Do not panic, fellow space outlaw! I have come to rescue you."

Kevin: "Just get me down, you-" [Ed unties him, and he falls to the ground.] "Goo." [standing up, sarcastically] "What are you supposed to be?"

Ed: "Uh-I-I am a fearless space outlaw!"

Kevin: "Yeah, right. Space DORK!"

Ed: [confused] "Dork?" [Edd and Eddy finish their tumble and run into him.]

Eddy: [in a pile of garbage with the other two Eds] "Did you save our fellow space outlaw?"

Ed: "Yes, he was most grateful."

[A sudden roaring sound is heard, petrifying the three Eds.]

UH OH!

Edd: "What?"

Eddy: "Huh? What was that?"

Ed: "Robot bounty hunters."

ROAR!

?: HELP!

Suddenly, Lincoln heard the sound of thirteen girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the thirteen girls, but they've been cornered by the Robot Bounty Hunters, and they're going to kill them.

Lincoln: Guys, I found the thirteen girls, but they've been cornered by The Robot Bounty Hunters, and they're going to kill them. Let's turn those overgrown junk heaps into scrap metal.

We rushed on over, and Lincoln fired two powerful rainbow energy balls at the Robot Bounty Hunters, which exploded with incredible power as they got hit on the back, which allowed the girls to get away from them. When the robots saw us, they were mad.

Lincoln: You robots are heading for the scrap heap.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sima Yi, and Sun Quan got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs, Hunter unholsters his massive sword from his wider and muscular back and transformed, and Me, Eli, Nicole, and Nico also transformed and unholstered our massive swords from our backs, and went at the Robot Bounty Hunters, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, ice, lightning, steel orbs, stars, rainbow flames, orange flames, blue flames, and green flames at the robot bounty hunters, and they exploded with incredible power as they hit them, and they were now short-circuiting.

Suddenly, we saw a Stardust Dragon appear, and it fired two powerful blasts of stars at them, and they exploded. We cheered wildly as we holster our weapons and power down.

Stardust Dragon: (In a girl's voice) (Russian Accent) That'll teach those piles of scrap metal.

Lincoln: Wait, that voice. Joy Kiramensikov, is that you?

Joy Kiramesikov: That's right, Lincoln, and it's really good to see you again, it's been a long time.

They went up to each other, and they hugged, and Joy was surprised at how much stronger and at how much taller and much more muscular Lincoln's gotten since she last saw him.

Lincoln: It sure has been a long time, I haven't seen you when you were eleven, and I've grown a lot since then.

Joy Kiramensikov: Yeah, I can see, you've really grown a lot from the eleven-year-old cute little boy into a 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Wow, Lincoln, you know her.

Lincoln: Yeah, I do, Nico. This is Joy Kiramensikov, she's from Russia, and I met her in school from a Foreign Exchange Program, and she, like the other Guardian Angels, have defended me from bullies, and she saved us from getting killed by Flip.

Nico: What?! What did that ugly mutated fat tub of lard do?!

Lincoln: We'll talk about that later. Boys, cover your eyes, hold still, Joy, this is going to hurt.

Me, Nico, Eli, and the rest of the boys covered our eyes as Lincoln snapped his fingers, and Joy was reverting back to normal. Joy Kiramensikov is a beautiful 17-year-old with long aqua green hair going down to the bottom of her neck, light green eyes, fair skin, she's 6'0" in height, and she had the body of a goddess. She also now has massive white angel wings on her back, as she reigns in the power of the Stardust Dragon, and she was in her birthday suit.

Lincoln: How do you feel, Joy?

Joy Kiramensikov: (Russian Accent) Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Joy Kiramensikov a new wardrobe, a sleeveless green shirt with a purple phoenix and a green skirt with the Malefic Paradox Dragon on it, green pants, green leather ankle-high combat boots, and a long green sleeveless trenchcoat with stars on the coattails and the Stardust Dragon on the back, and on her back is a large Stardust Dragon-themed sword with a 6'5" massive, wide, double-edged, man-sized green blade with the Stardust Dragon etched on it and stars on it, large Stardust Dragon wings for the crossguard, large purple gem for the hilt, longer black handle, and large white faceted sphere pommel with surrounding purple gems.

Joy Kiramensikov: (Russian Accent) Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Joy's neck with green gems on the gold lightning bolts and purple crystals links from her new Crystal Necklace of the Buddha.

Joy Kiramensikov: (Surprised) (Russian Accent) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Joy.

Joy Kiramensikov had a smile on her face and tears in her eyes, as

Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the thirteen girls, and when Lincoln saw them, he immediately recognized them. The thirteen girls are Hayama Teru, Nishikawa Youko, Odagiri Futaba, Hayama Kou, Kondou Asako, Nishiyama Serina, Sonobe Shino, and Tsuji Sasame from Sansha Sanyou, Ryou Un, Shuu Yu, Yougokyouyu, and Hou Ga from Soul Buster.

Lincoln: Oh wow, it's Hayama Teru, Nishikawa Youko, Odagiri Futaba, Hayama Kou, Kondou Asako, Nishiyama Serina, Sonobe Shino, Tsuji Sasame, Ryou Un, Shuu Yu, Yougokyouyu, and Hou Ga.

Helena McTroy: From Sansha Sanyou and Soul Buster, awesome.

Lincoln: Are you girls okay?

Hayama Teru: Yes, we're okay, thanks to you.

Then, when Hayama Teru and the other twelve girls saw who saved them from the Robot Bounty Hunters, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of

Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Hayama Teru: Oh wow, you're Lincoln Loud of Team Loud Phoenix

Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made twelve clones of himself, and he and the twelve clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Hayama Teru: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, thirteen Thunderbird Necklaces of Eternal Love appeared around the necks of Hayama Teru, Nishikawa Youko, Odagiri Futaba, Hayama Kou, Kondou Asako, Nishiyama Serina, Sonobe Shino, Tsuji Sasame, Ryou Un, Shuu Yu, Yougokyouyu, and Hou Ga with colored gems and crystals on the gold lightning bolts. We exited the Simulator, and we told everyone what happened, and they were shocked when we told them that we faced off against the real life Robot Bounty Hunters.

But, when Lincoln showed what we did to them, and Joy Kiramensikov destroying them, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Joy Kiramensikov now have a lot of catching up to do, now that she's back, and we're going to hear an even darker secret from her about Flip and that he almost tried to kill the Louds.

---

After getting done with trashing The Robot Bounty Hunters in the Simulator, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Joy Kiramensikov saw Lincoln working out like crazy, she had an atomic red blush on her face.

Joy Kiramensikov: (Russian Accent) Whoa, Lincoln's really grown to be a 16-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Joy,, and now, I can also fight and defend myself.

Joy Kiramensikov: (Russian Accent) That's awesome.

Nico: It sure is, Joy. So, what's this darker secret about Flip? Lincoln did say that Flip tried to kill him and his family after you trashed those robots.

Joy Kiramensikov: (Russian Accent) I shall gladly tell you all. It happened long ago. It was after you all got back from that Island after J.D., Varie, Laney and Bobby saved you all, you see, I went to Flip's Food and Fuel undercover. I noticed that Flip was up to something sneaky, and I had a tape recorder ready and playing. It recorded everything that Flip was planning: he was planning to kill the Louds by sending them into a whirlpool that will take them to Skull Island, the home of Kong. He had planned to kidnap them, tie them up, and send them on a boat that will take them to the whirlpool that will take them to Skull Island. Flip had found out that Lincoln was onto his scams, and he could not let him or his entire family live. When the tape was done, I ran out of Flip's, and went to the Loud House, and I played the tape recording of Flip's plan to kill them. When the tape was done, everyone's eyes in The Loud House turned red with rage, including Lynn Sr., who had known Flip since Camp Mastodon. But, I didn't stop there: when I played it to the rest of Royal Woods, everyone wanted Flip's head on a pike, and they surrounded him near the Royal Woods Shopping Mall. But, before anyone can get in, the Louds got to Flip first, and they were so mad, they proceeded to pummel Flip brutally, and it was utter mayhem. Lincoln knocked out all of Flip's teeth, top and bottom, Lynn Sr. and Luna gave Flip two black eyes, Rita punched Flip hard in his big nose, and the sisters, well, you can guess the rest. Flip was about to be cuffed by the cops, but he escaped and hid in a secret basement at Flip's Food and Fuel, and his plans were scrapped.

When Joy Kiramensikov was done, we were really pissed off at Flip, especially me, Nico, and Eli, and our eyes turned blazing red with rage and hatred because of Flip's actions.

Nico: Why, that selfish, inconsiderate, mutated, cheapskate, ugly fat tub of lard!

Me: I should've beaten him into a coma for what he did, that bastard!

Eli: Pulling something like that, I'll kill him!

Me: I'll rip out his intestines and make him eat them!

Lincoln then grabbed me and Nico by the shoulders.

Lincoln: Excuse me, everyone, but it's time for me to discipline the nanny goats!

Eli: Hey, wait, that's (Suddenly Realizing) my… line.

Our eyes went wide as soon as we found out what Lincoln's going to do to us.

Me, Nico, and Eli: UH OH!

BONK!

Lincoln bonked our heads together with a classic maneuver Moe Howard used on Curly and Larry. Both of our heads were sore due to getting our heads bonked together, and we were already seeing birds flying around our heads and hearing them. We shook our heads and the birds flew away.

Nico: Sheesh, looks like Lincoln's also going to stop us from doing something truly bad, along with helping Eli with stopping fights.

Me: Yeah, you got that right, Nico, and he got us with one of the Stooges' classic maneuvers. Nice one, Lincoln.

Lincoln: Thanks, J.D. But, this won't be the last time I won't try to stop you guys from doing anything you'll regret, and of course you already gave me a good idea, Nico, I'm also going to help Eli with stopping any sibling fights. I did get Poromon and Poliwag to stop fighting when I used the same gag as Jonny 2x4 when he was Jonny the Pest.

Nico: (Laughs) We were still laughing from that, big guy. So, what can you tell us about Joy?

Lincoln: I've got a lot of things. Aside from saving us from getting killed by Flip by going undercover, she's an expert on Russia's history, she's also very smart, and she's also tough, especially when it also came to dealing with Lori, Lynn, Lola, Luan, and Lisa.

Nico: Awesome, not only is she great at dealing with Lori, Lynn, Lola, Luan, and Lisa, she's also great at going undercover and ratting out Flip.

Joy Kiramensikov: (Russian Accent) And I heard you brought back the humiliations, but this time, the targets are Flip and Lewis Travolta. I saw them, and they were amazing. Can I have a turn on them one day?

Nico: (Smirks) Of course, in fact, when the humiliations start, you and Lincoln can start us off.

Lincoln: Perfect.

We got a shower, but then, the alarm sounded, and when Lincoln checked the computer, we saw that General Slaughter, an enemy from the Battletoads game, is here and on the rampage.

Nicole Knudson: (Gasps) General Slaughter from the Battletoads game, that overgrown bull's on the rampage?!

Lincoln: Oh, we're so taking him down.

Alright, everyone, let's go.

We head out into the city, and we saw General Slaughter causing havoc, and Lincoln fired a powerful rainbow energy ball at General

Slaughter, and it hit the bull. When General Slaughter saw us, he blew steam out of his nose in anger.

Peni Parker: Sheesh, who got up on the wrong side of the stable this morning?

We laughed.

Lincoln: Yep, she's just like Peter.

Me: Classic move: a wisecrack to a villain before a battle.

Nico: Awesome.

General Slaughter: It'll be the last one when I kill you all.

Peni Parker: That's it, bull breath, you asked for it.

Suddenly, Peni Parker's brown eyes turned neon brown, and she was surrounded by a red and blue energy aura with shadows and spiders, and as she approached General Slaughter, she left red and blue energy, shadows, and spiders with every step. Suddenly, Peni Parker was surrounded by a massive vortex of red and blue energy with darkness, spiders, and the moon surrounding the vortex, there's an image of Spider-Girl swinging around the vortex, and in the vortex is a black phoenix. Then, as the vortex faded, Peni Parker emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Peni Parker grew to 6'5" in height, she had the body of a goddess and she has purple highlights in the bangs of her short black hair, she has neon brown eyes and a red and blue energy aura with shadows and spiders surrounding her. She has a spider with the Dark Kanji in its legs emblazoned on her forehead, she has on spider earrings with red crystals for the eyes and the Dark Kanji in its legs, and she also has a spider with blue crystals for the eyes and the Dark Kanji in its claws for the second pendant of her Thunderbird Necklace of Eternal Love with red and blue gems on the gold lightning bolts and red and blue crystals from her Crystal Necklace of The Buddha which merged with her Thunderbird Necklace of Eternal Love. Peni Parker has on a sleeveless red and blue shirt with a black phoenix and the Spider-Girl emblem on it, black skirt with spiders, red and blue pants, and red and blue ankle-length combat boots, and she has on red and blue weighted bands with silver phoenixes on her biceps and thighs, and she has on a long red and blue sleeveless trenchcoat with spiders and shadows on the coattails, and on the back is a spider and a phoenix.

Peni Parker has a new large sword in her hand called Arachne's Dark Sword of Midnight Justice, it's a large sword with the Greek spider goddess, Arachne, etched on the 6'5" massive, wide, double-edged, man-sized black blade, large red and blue patterned spider for the crossguard, large red and blue gem for the hilt, longer black handle, and large spider with red and blue gems for the eyes for the pommel and large red and blue gem on it. Peni Parker has on her new large cuff Bracelets of the Champions of The Universe with red and blue gems on her wrists, Belt of Elemental Bravery with a gold spider with a red and blue gem on it for the belt buckle, large red and blue Spellbook of The Gods and The Universe on her left hip and Eater of Sins revolver holstered on her right hip. There's a black kanji below the spider on the back that said, "Peni Parker A.K.A. Spider-Girl, Genderbent Twin of Peter Parker A.K.A. Spider-Man, Protector of New York, Loving Future Wife of Lincoln Loud, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Emissary of Arachne, Powerful Student of Powerful Teachers, and Master of Spiders and Darkness."

ペニーパーカーA.K.A.スパイダーマン、ピーターパーカーA.K.A.のジェンダーベントツインスパイダーマン、ニューヨークの守護者、リンカーンラウドの愛する未来の妻、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、アラクネの使者、強力な教師の強力な学生、そしてスパイダーと闇のマスター

Peni Parker has transformed into SUPER ANGEL INFINITY DARKNESS SPIDER HEROINE ANGEL OF DARK JUSTICE AND SPIDER LOVE!

We were amazed by Peni Parker's Super Angel Infinity transformation, and when Lincoln saw it, he had an atomic red blush on his face and hearts in his eyes. But, when General Slaughter saw it, he fell into a maddening rage and tried to attack, but Peni fired a powerful blast of red and blue energy with spiders and shadows, and it hits General Slaughter, and was sent flying back-first into a wall.

Nico: Whoa, Peni Parker's transformed, that's awesome.

Lincoln: Wow, Peni, you look beautiful. How do you feel?

Peni Parker: (Divine Echoing Cosmic Voice of Darkness and Spider Justice) **I feel incredible, Lincoln, and now, I'm going to put a stop to General Slaughter for good. . And I already know you're also going to join in.**

Lincoln: (Smiles) That's right.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Peni Parker.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Time to take that bull by the horns.**

Peni Parker and Lincoln went at General Slaughter, and they fired powerful blasts of red and blue energy, rainbow energy, elemental forces, webs, Thunderbirds, Phoenixes, Buffalo, and spiders, and they exploded with incredible power as they hit General Slaughter. Then, they jumped onto his back and they brutally pummeled him, and he got hurt really bad. Then, they fired two massive energy blasts, which hits the brainless bull thug, and destroyed him and Super Hakaied his spirit for good. We came back home and we cheered wildly for what Lincoln and Peni Parker did, as they holstered their massive swords on their backs and power down, and Peni's new body, clothes, weapons, angel wings, and jewelry are permanent.

Peni Parker: That's it for that brainless bull, hope he never comes back. Thank you for helping me with taking down General Slaughter, Lincoln.

Lincoln: (Smiles Warmly) You're welcome, Peni, and there's also something I want to give you.

Peni Parker: (Smirks) And I think I already know what it is.

Lincoln: (Smirks) You know me all too well, along with the rest of my future wives.

Lincoln wrapped his abnormally massive and powerful muscular arms around Peni Parker's waist, and he brought her into an embrace, which took her by surprise and that brought an atomic red blush to her face. Then, as Lincoln leaned down to her face, they kissed passionately as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird and Phoenix flying in the air, and we also saw a herd of Buffalo running across the field and spiders making a web of hearts, and the display of the elemental forces. We had tears in our eyes and a smile on our faces. Then, Lincoln and Peni Parker came up to us.

Nico: (Smiles) Impressive work in leading the team today, big guy.

Lincoln: Thanks, Nico.

Me: But, you know what this means: now, we're going to be dealing with the enemies of The Battletoads, once news reaches the Dark Queen of General Slaughter's death.

Suddenly, Peni Parker felt a sharp pain on her back, and then, we saw a pair of massive black angel wings with red and blue tips on the large black feathers sprout out from her back.

Lincoln: Whoa, Peni, you now have angel wings.

Peni Parker saw the massive angel wings, thanks to a mirror of water that Lincoln made, and she was amazed by them.

Peni Parker: Wow, that's amazing, and I always wanted to see what I look like with angel wings.

Lincoln: Indeed. Alright, everyone, let's head back, the day's not over yet.

We return home to the Estate, and we were now rid of General Slaughter for good, but this also does mean that the Battletoads' enemies are now our enemies, but we'll be ready for them.

* * *

Later we were back in Porkbelly.

Francis: Haven't been to Porkbelly in a long time.

Nico: No we sure haven't. Last time was when we took down Whacko.

Eli: I hate that insane toy guy.

Me: Me too. And that was also when we first met Johnny and we sorta reprimanded his dad for being overprotective and all that.

Eli: Why?

Nico: Johnny, Susan and Mary's dad was a total neatfreak and a safety-freak. He always liked his children to be safe and everything like that.

Me: Yeah like how Jackie Chan was looking out for Jade.

Jade Chan: It's true.

Lincoln: Yep.

Me: Also Mr. Test makes meatloaf that Lana likes.

Lana: Oh yeah. It's really great stuff.

We laughed.

We then saw Bling Bling Boy and he was Flirting with Susan Test still!? Doesn't he know how to take a hint!?

Becky: Bling Bling Boy's still flirting with Susan?

Mary Test: No duh! I thought he'd learn his lesson by now. Honestly, sometimes I wish Eugene would stop flirting with her for good!

Me: Puh! Wouldn't we all. But love is a very stubborn mistress.

Live Action Bonecrusher then got an idea.

Live Action Bonecrusher: If you guys need me, I'll go out for a drive.

Live Action Bonecrusher transformed into vehicle mode and drove off.

Me: Uh oh.

Nico: I have a feeling I know what he's gonna do.

Nico then flew after him.

Nico: Every time I turn around, one of you's doing something fucked up!

Sam Witwicky: I thought you guys were supposed to be a team, not the fucking Apple Dumpling Gang.

Me: Apple Dumplin Gang? That was an old movie from the 1970's.

Montana Max: (laughs) Gotta love the classics!

Shoutmon: Who are the Apple Dumpling Gang?

Nico: Incompetent dinguses!

Me: It was an old movie from the 1970's based on a book and it's a Comedy Western. It starred Bill Bixby and Don Knotts.

Montana Max: But they always triumph in the end.

Nico: Fuck you, Max!

Montana Max: (taken aback) Jesus…

Me: Hey calm down Nico! He just wanted to know about the movie.

Nico: (to Mary Test) You told Live Action Bonecrusher to kill Bling Bling Boy?

Mary Test: I didn't tell him to, I just kind of put the idea in his head.

Me: I think he might have misunderstood it.

Nightbird: That Susan would be better off without Bling Bling Boy?

Mary Test: Well, he's gonna keep on pestering Susan until he starts getting violent. I was just trying to make the hard choice.

Nico: We already had the public turn against us once last year during the 20 Days of Darkness. It's going to be déjà-vu all over again when they find out we told Bonecrusher to kill Bling Bling Boy, who's a fucking kid!

Montana Max: G1 or Live Action?

Nico: What?

Montana Max: You said Bonecrusher. I just want to make sure we're all on the same page here in case someone thinks that Mary Test convinced G1 Bonecrusher to kill Bling Bling Boy

Nico: Who the fuck would think that?

Montana Max: Maybe Leni?

Leni: Fuck you, Max! I'm not that stupid!

Me: I was expecting Lynn to think that maybe.

Lynn: It sure is something I would do.

Montana Max: Why's everyone saying "fuck you" to me?

Maria: Can you blame us after what you pulled in the past and how you tried to ruin Lincoln's date last year?

Montana Max: I won't deny that. But I've learned my lesson. I'm trying to start over with a clean slate here. But that can't happen if you guys are saying "fuck you" to me.

Mikaela: (sighs) Going back on topic, does it really matter if a bad guy is a kid or not?

Nico: It does matter! Killing kids goes against our code unless there's no other option! Without said code, we're no better then the fuckers who killed many people in the Dark Ages. Kids included! Not to mention that Bling Bling Boy isn't to be underestimated! He could kill Live Action Bonecrusher, and without Live Action Bonecrusher, we're taking on Yost Doom, Dr. Morocco, and the General one member down!

Carly Spencer: We still have plenty of members.

Nico: The villains we face tend to have dangerous surprises. We need all the manpower we can get.

Mary Test: (ashamed) I'm really sorry, Nico.

Nico: (sighs) Can one of you please find Live Action Bonecrusher before he unintentionally screws us over?

I looked and saw him driving towards Bling Bling Boy slowly.

Live Action Bonecrusher snuck up to Bling Bling Boy.

Live Action Bonecrusher: Seriously? How has he not noticed me yet?

He must a really silent engine.

Nico then walked up to him.

Nico: Stand Down Bonecrusher! That's an order!

Live Action Bonecrusher: But Mary said…

Nico: I know Mary said that but I forgot to tell you that in this team we have a code. And we don't kill kids. Only on EXTREMELY RARE TIMES!

G1 Arcee: I'm very sorry about this, Eugene. To make up for it, how would you like to join the Masters of Evil?

Bling Bling Boy: I was offered the job and I passed the test earlier. I'm already part of the team.

G1 Arcee: Oh uh nevermind then.

Nico: Right I forgot about that and you picked Zoey Drake as your archenemy.

Bling Bling Boy: I sure did.

Zoey Drake: And he's an awesome archenemy.

Hugh Test: How about I cook you guys some lunch so forget about the near murder that happened?

Lana: I hope it's meatloaf!

Hugh Test: Oh it sure is!

He made a huge pile of it!

Johnny Test: NNNNNNNNNOOOOOOOOOOOOOOOOOOOOOOOOO!

Live Action Bonecrusher: I'm really sorry, guys.

Nico: (sighs) No, Bonecrusher. It's my fault. I forgot to tell you about the no killing kids rule.

Mokuba: Look on the bright side. At least you're taking responsibility.

Live Action Bonecrusher: That's true.

Eli: Yeah.

---

Later we were getting ready.

Nico: Okay it's time for our next mission.

Then Black Manta, Bizarro, King Shark, Whirlwind, Billy Numerous, Vulkanus, Dr. Polaris, Fireor, Dayu, and Common Cold appeared.

Black Manta: Can me, Bizarro, King Shark, Whirlwind, Billy

Numerous, Vulkanus, Dr. Polaris, Fireor, Dayu, and Common Cold go with you guys this time?

Nico: You sure can. But the only problem is I don't know what our Mission is going to be.

Me: That sucks.

King Kai: (Telepathically) Nico! Can you hear me?

Nico: King Kai is something wrong?

King Kai: I'm afraid I have really bad news! A renegade Waterbender named Hama has broken out of prison and she is out to finish what she started!

We gasped.

Katara: Hama the Bloodbender!?

Nico: Wasn't she that renegade Waterbender that swore to get revenge on the Fire Nation for kidnapping her during the war?

Katara: That's right Nico. You will not like her.

Katara told us all about her.

---

Hama, also known as "The Puppetmaster" or "The Witch", is a minor yet pivotal antagonist from the animated television series Avatar: The Last Airbender, appearing as the hidden main antagonist in the Book 3 episode "The Puppetmaster". Hama is a ruthless Waterbender who, after being abducted by the Fire Nation, developed the taboo practice of Bloodbending to exact her revenge on the Fire Nation and any others that stand in her way.

She is voiced by Tress MacNeille, who also voiced Sarah Ravencroft in Scooby Doo and the Witch's Ghost.

Hama is a Waterbender hailing from the Southern Water Tribe. She was taken captive by the Southern Raiders, and imprisoned. She discovered her Waterbending's power increased during a full moon and began to utilize this as a means to manipulate the blood within an individual's body, starting with the jail rats and later a Fire Nation man whom she forced to unlock her cage, inventing the art of Bloodbending.

Seventy-five years after her escape from prison, Hama settled down in a Fire Nation village, posing as a kind innkeeper. Secretly, she would use Bloodbending to control villagers, kidnapping them and imprisoning them in an underground cavern as revenge for her imprisonment.

When Team Avatar arrive, she is initially kind to them, as she believes they share her hatred for the Fire Nation. Upon seeing Katara's Waterbending prowess, Hama decides that Katara would be the perfect pupil to carry on her teachings in Bloodbending. She shows Katara how to draw water from the environment around her, such as from plants and air, and teaches her about the full moon's boost to their power. When Hama finally introduces Katara to Bloodbending, Katara is horrified and refuses to use it. Katara puts together that Hama is the reason behind the villagers' disappearances, and renounces her as a teacher. Enraged, Hama begins using her Bloodbending on Katara, tortuously forcing her to contort and dance. Katara retaliates with her own Waterbending and begins to overpower Hama, but when Sokka and Aang arrive, Hama controls them into attacking Katara and eventually each other. As Hama sends Sokka to stab Aang, Katara is forced to intervene and Bloodbends Hama herself. Toph later frees the imprisoned villagers, and promptly arrests Hama, who then proclaims her work to be done and congratulates Katara for having become a Bloodbender. As Hama is taken away to be imprisoned for the rest of her life, she laughs maniacally, leaving Katara sobbing in fear and guilt.

Many years later, Hama's bloodbending technique became outlawed due to the efforts of Katara following the formation of Republic City.

---

When she was done we gasped in shock!

Nico: WHOA MAN! She is one ruthless monster!

Me: And she made te art of Bloodbending!? That's insane!

King Kai: (Telepathically) The other piece of bad news is Anti-Cosmo's escaped from The River of Fire, and he's returned from the dead seeking revenge on you all for what you did to him and the other Anti-Fairies three years ago.

We gasped even more in shock.

Lincoln: This isn't good, not only do we have to deal with Hama the Bloodbender, but we also got the news that Anti-Cosmo's returned from the dead and he wants revenge on us for foiling his plans and killing him and the other Anti-Fairies.

Timmy Turner: That must be the other foe from the past Wanda was talking about. It's a good thing I got my new Angel Mage's Staff of The Holy Trinity the other day, along with the brand-new physical transformation, because I'm more than ready to deal with that Anti-jerk.

Wanda: You said it, Timmy. That anti-jerk doesn't even know when to quit.

TLPS Mr. Wolf: I've heard about the whole ordeal with The Anti-Fairies, but can you tell us what you guys did in that time?

Lincoln: Of course. You see, during the time that we had to retrieve the Clow Cards, we also had to deal with The Anti-Fairies, they're basically the evil versions of the Fairies that Timmy knows, and all they desire is to bring chaos and destruction to humans and fairies. This whole thing began when we fought against Anti-Wanda and captured her during our Babysitting Adventure years ago, and we also fought against Foop, who after we defeated him, Dark Laser, and Crocker, had fled back to Anti-Fairy World and told Anti-Cosmo about what happened.

Me: Then, I destroyed the Anti-Fairy Big Wand, which destroyed their magic and their powers. Then, on the big day of The War Against The Anti-Fairies, which was on Friday September 13th, 2019 we destroyed them by using my poisonous blood, which kills evil immortals and gods, and we also imprisoned Foop in a

Containment Card, and finally, we fought and destroyed Anti-Cosmo, and banished him to The River of Fire for good.

Eli: Awesome.

Nico: And now, years later, Anti-Cosmo's escaped from The River of Fire and he's returned from the dead.

Timmy Turner: He's getting The Black Gates, along with the rest of those Anti-jerks. And I've got a little something to protect us from Hama's bloodbending.

Timmy Turner casted a spell, and we had a glowing energy field around our bodies.

Nico: Whoa, this is awesome.

Timmy Turner: This is my new Anti-Bloodbending energy field, these fields will protect us from being affected by Hama's bloodbending.

Lincoln: And of course, we'll also get out her dark side. She did lose her freedom after what the Ozai-led Fire Nation did to her when she was young, and the thoughts of revenge on The Fire Nation had corrupted her mind, her heart, and her soul.

Katara: That's a good idea, Lincoln, we'll fight Hama's dark side and destroy her for good.

Nico: Yeah, I like that idea, big guy. Alright, everyone, let's head out and stop Hama.

Timmy Turner: And you better prepare yourself, Anti-Cosmo. (Sapphire Blue Eyes turn Red) We're coming for you.

Me: And this time, you and the rest of those Anti-Jerks are getting sent to somewhere a whole lot worse.

Nico: Lets deal with Hama first.

Eli: Good idea.

Nico: Either way we got to stop her. She doesn't know that the war is over and that Ozai was the one that was to blame for it all.

Katara: She's never gonna listen to reason. After the war was over I officially made Bloodbending illegal.

Nico: Oh man. So it's considered a murder weapon.

Katara: Exactly.

Nico: Oh boy. Well lets get over there.

We were off to the Fire Nation.

FIRE NATION, SOUTHEASTERN PACIFIC OCEAN

We arrived in the Fire Nation.

Nico: Here we are.

Marvel Loki: You know, Aang. This is probably the first time I've been in your world.

Aang: It's a really amazing place.

Twilight Sparkle: It sure is cool.

Sunset Shimmer: It sure is.

Nico: Yep.

Lisa Loud: Just as a necessary precaution for this kind of scenario I made these for all of us.

She showed us special bracelets.

Lisa Loud: These spirit bracelets will neutralize the powers of Bloodbending on all of us.

Nico: Good thinking Lisa.

We put them on.

Dayu: Nico, which Gene Slammer do you think you'll meet on your next rescue?

Nico: I'm hoping to meet a gene-slammer of Dr. Viktor's kind. That would be awesome.

Ben: A Transylian Gene-Slammer. That will be interesting to see.

Nico: It sure will.

Laney: Yeah and the Goths of Darkness, Fran the Frankenstein, Elsa Frankenstein or me should go.

Terrence: How about Haiku goes with Nico?

Nico: Good idea!

Haiku: I will be honored Nico.

Me: Awesome.

Bizarro: Fire Nation still look ugly after end of war.

May: (to Zuko) Bizarro really means that as a compliment.

Zuko: It does look ugly.

Me: Yeah.

Dardemus: What do we do about Hama?

Aang: I've accepted ever since I met you guys that some people have to die. But her fate is up to you guys.

Nico: Well after we threw Ozai in prison for all eternity without his Firebending, I would say the appropriate punishment for someone like Hama is spending the rest of her miserable life in prison forever without her Waterbending and Bloodbending and since she is the source of where it came from we'll erase that horrible crime against nature from the Bending Arts forever.

Laney: Good idea. I'll never forget what happened when Amon used his Bloodbending on J.D.

Me: Yeah how can I forget. Hama and the Bloodbending art has got to go.

Nico: I thought you would want her dead J.D.?

Me: Normally yes but not this time. She deserves to be a Bendingless prisoner.

Nico: I'll still reveal that the war's over and that Ozai was behind all that shit.

Weather Vane: Good idea. The truth's bound to come out either way.

Me: Yep. But it was actually Sozin that started it.

Fiona Hernandez: What did Sozin and Ozai do?

Me: Right many of you don't know about this. Nico do you want to tell them or can I?

Nico: You know the story better than anyone else J.D. You can tell them.

Me: Okay. The war started with Sozin.

I Went over what happened.

100 Year War

The Hundred Year War, also known as the War or the Great War, was a major global military conflict that began with the Air Nomad Genocide and lasted for a century, from 0 AG to 100 AG. The conflict was waged by the Fire Nation against the other three nations: the Earth Kingdom, the Water Tribes, and the Air Nomads. However, over the course of the escalating conflict, several smaller factions became involved in the fighting as well. The war was initiated by Fire Lord Sozin, who wished to expand the Fire Nation into a worldwide empire and spread what he saw as his nation's prosperity to the rest of the world.

Taking advantage of the absence of the Avatar and using their economical, technological, and military superiority for most of the war, the Fire Nation was able to wreak worldwide destruction and widespread loss of life upon the other nations. The war began in 0 AG with the infamous genocide of the Air Nomads, whose air temples were falsely presumed to be unassailable to the Fire Nation due to the Air Nomads possessing the sole means of getting to them. Following the destruction of the Air Nomads, the Fire Nation launched a massive coordinated invasion on the western Earth Kingdom. Over the course of the next hundred years, the Fire Nation slowly advanced into the Earth Kingdom and established several colonies on the mainland. On the seas, the Fire Nation also initiated raids on the Northern and Southern Water Tribes, which devastated the South, while the North managed to remain relatively untouched for almost a century. By 99 AG, the Fire Nation had effectively eradicated the Air Nomads, virtually annihilated the Southern Water Tribe, and controlled most of the Earth Kingdom, to the point of near victory. The last strongholds able to defend themselves were the Northern Water Tribe and the Earth Kingdom cities of Omashu and Ba Sing Se.

Upon the Avatar's return in 99 AG, the Fire Nation undertook a far more aggressive plan of attack, taking bigger risks to deliver devastating blows to their opposition and render any possible intervention from Avatar Aang too late. This strategy resulted in colossal setbacks for the Fire Nation when the Avatar became involved. Notably, the Fire Nation launched a massive invasion of the North Pole, after they realized that Aang was taking refuge there, and suffered a crushing defeat at the last second when the Ocean Spirit and Avatar merged to intervene. Similarly, an effort to breach the walls of Ba Sing Se utilizing a giant drill was also thwarted. Despite these setbacks, several victories were also won, including the surrender of Omashu and the infiltration and Fall of Ba Sing Se, leaving the Northern Water Tribe as the last remaining stronghold to Fire Nation global hegemony. In an effort to turn the tide of the war, an army assembled from the remnants of the

Southern Water Tribe and members of the Foggy Swamp Tribe and Earth Kingdom attempted an invasion of the Fire Nation Capital on the Day of Black Sun in mid 100 AG, when firebenders were powerless and as such incapable of defending against a siege. The invasion ultimately failed, with nearly all members of the invasion force captured or killed by the Fire Nation.

Nevertheless, the Hundred Year War ended roughly a year following the reappearance of the Avatar due to a combination of efforts of the remaining two nations, the Avatar's group's destruction of the air fleet meant to use Sozin's Comet to deliver the killing blow to the Earth Kingdom, Aang's victory over Phoenix King Ozai, and the newly crowned Fire Lord Zuko's intention to restore peace and harmony among the four nations.

However, the Hundred Year War had changed the world forever; one whole nation and its unique bending art had been virtually wiped out, and it would only slightly recover in the following decades. The Fire Nation had become an ethnocentric and autocratic dictatorship, and much effort had to be applied to restore a tolerant attitude among its people as well as its image among the other nations, which had come to hate the country after a century of conflict that it initiated. On the contrary, great technological and industrial advancements had been conducted by both the Fire Nation and Earth Kingdom during the war. The different nations had also blended to create new and diverse cultures in the older Fire Nation colonies, which eventually led to the foundation of the United Republic of Nations, a new sovereign state comprised of a multitude of citizens from all nations.

## Rise of the Fire Nation

Following its unification, the Fire Nation gradually became powerful and militaristic, placing great importance on cohesion, strength, and effectiveness. It developed an extremely capable military, including the most powerful navy in the world, and fought many wars against the other nations. Though the Fire Nation had halted its expansionist warfare by the 4th century BG, the country continued to develop contingency plans for all kinds of conflicts, including invasions of the Earth Kingdom and the Water Tribe. At the same time, the Fire Nation's ability to truly threaten the other nations was hampered by violent conflicts within the Fire Nation Royal Family and among the country's powerful noble clans. From 295 BG, however, Fire Lord Zoryu and his successors gradually disempowered the clans and turned the Fire Nation into a highly effective autocracy.

By the 1st century BG, an industrial revolution in the Fire Nation saw its economic, military, and living standards greatly outpace those of the other nations. In contrast, the Earth Kingdom had been greatly weakened by unrest and corruption, and though the Northern Water Tribe remained strong, the Southern Water Tribe had slipped into relative poverty and political irrelevance.

## Sozin's plan

Thirty-seven years prior to the beginning of the Hundred Year War, Fire Lord Sozin began to feel that because his nation was so fortunate in so many ways, that he should "share" this prosperity with the rest of the world. He spoke about his plan to his best friend, Avatar Roku, and tried to convince him to join him on his quest to expand "the most successful empire in history". Roku vehemently refused to help him and reminded his long-time friend that the four nations were meant to be just what they were: four.

Despite Roku's warnings, Sozin prepared for the unification of the nations through a global conflict. He greatly expanded the Fire Nation's already powerful army and navy, and occupied some Earth Kingdom territories including the village of Yu Dao. He sent Fire Nation families to settle in these areas, forming the Fire Nation's first continental colonies.

## Roku's intervention

Years later, however, Roku discovered Sozin's colonies and went to rebuke him, leading Sozin to attack him. The Avatar subdued the Fire Lord, utterly destroyed his palace and warned him that if he ever acted out of place and attacked the other nations again, he would put an end to him permanently. Regardless, the first Fire Nation colonists were allowed to remain in the Earth Kingdom. In the following years, Roku had to deal with growing tensions between the nations, as nationalism and expansionism took root across the world. For the time being, the Avatar succeeded in maintaining peace and the delicate balance between the nations.

In 12 BG, Roku's home island was consumed in a volcanic eruption so massive that Sozin could see and feel it from a hundred miles away, and he flew in on his dragon to assist his old friend. The two used their bending to try to contain the lava flow, but they were hindered by poisonous gases that eventually overwhelmed Roku, leaving him lying on the ground and begging for his old friend's help. Sozin suddenly realized, however, that Roku's death would allow him to fulfill his plans, and he left the Avatar to die. The new Avatar was born into the Air Nomads as Aang. In the next years, Sozin continued to covertly expand his armies and navy, preparing for global war.

Twelve years after Roku had died, Sozin used the return of a comet, a celestial event that grants firebenders near-unlimited power, to deliver a devastating first blow to the other nations and start the war, setting the stage for the Air Nomad Genocide.

## Early stages (0 AG - 20 AG) Air Nomad Genocide

Fire Lord Sozin decided to launch his attack upon the arrival of Sozin's Comet. With the power of the comet, Sozin's firebender armies launched a genocide on the pacifistic Air Nomads in an attempt to capture the new Avatar, Aang, and to break the Avatar Cycle. This preemptive attack would overcome one of the Fire Nation's biggest obstacles to victory. Unbeknownst to Sozin and his armies, Aang had run away before the attack, thus escaping the this setback, all other Air Nomads were believed to have been killed in the attack, and the remainder ruthlessly hunted and killed as the Hundred Year War progressed, leaving Aang by the time of his reemergence roughly a century later as the only known airbender left alive. Sozin would continue searching for Aang up until his death. The Air Nomad Genocide involved massive firebending attacks on the four temples. Thousands of Air Nomads were slain along with their flying bison and lemurs.

## Spread

While striking against the Air Nomads, Fire Lord Sozin used the comet's power to also attack the Earth Kingdom and the Water

Tribes. While the Fire Nation initially maintained no permanent presence at the North or South Pole, the Fire Army's first ground assaults began in the western Earth Kingdom, with the aim being total conquest. Sozin's main objective was to overcome the next Avatar and secure a beachhead on the western coast of the continent and use it as staging grounds to supply his forces and advance further throughout the Earth Kingdom. Other objectives were to cripple and destroy key Earth Kingdom trading centers to weaken the large Earth Kingdom economy. After several battles, including decisive Fire Nation victories in the Battle of Han Tui, the invasion of Taku, and the Battle of Garsai, the Fire Nation was able to gain a strong foothold in the Earth Kingdom's western frontier.

Even though the Fire Nation's war effort was focused on the Earth Kingdom theater, the Fire Navy also battled the Water Tribes, inflicting a series of massive naval defeats on the latter. These defeats forced the Northern Water Tribe to retreat and focus on defense, while leaving the Southern Water Tribe isolated and exposed to attacks. At first, Sozin expanded northward and attempted an invasion of the Northern Water Tribe around 15 AG, which ended in failure due to the North Pole's treacherous landscape. The battle saw ground forces from both the Water Tribe and the Fire Nation confront each other directly. With the North having repulsed their invasion, the Fire Nation eventually ceased further assaults and turned their attention to the weaker Southern Water Tribe.

## Middle stages (20 - 95 AG)

Fire Lord Azulon ascended the throne after his father's death in 20 AG and continued his father's campaign by beginning to advance south to the Southern Water Tribe and eastward toward the walls of Ba Sing Se. Before 40 AG,[nb 2] the Fire Navy began to repeatedly raid the Southern Water Tribe to destroy its remaining military capabilities and wipe out its waterbending population. While the first attacks were extensive operations, later raids were smaller as the South's ability to defend itself dwindled with each successive assault.

Waterbenders across the South Pole nevertheless continued fighting the firebenders, prompting the Fire Nation to adopt a policy of eradicating waterbending from the South Pole entirely. This policy was implemented by taking all known waterbenders prisoner, leaving the nonbenders to fend for themselves. Among these prisoners was Hama, who notably developed a deep hatred for her captors, but eventually escaped from captivity while waging her own personal war on them in secrecy. With the loss of their bending population, the Southern Water Tribe remained weak and the victim of constant raids, teetering on the edge of extinction. Eventually, the Fire Nation created the Southern Raiders, a brutal raiding force that pillaged and ravaged the coastlines of the South Sea, further weakening the Southern Water Tribe and devastating the, at that time, largely spared southern Earth Kingdom.

In the subsequent decades of the conflict, the Earth Kingdom faced many large-scale offensives at the hands of the Fire Army, with the fall of the Hu Xin Provinces furthering the Fire Nation's advance into the Kingdom and putting them in control of the entire northwestern third of the continent. Thousands perished in massive violent battles during these campaigns. The Fire Nation continued to set up colonies to support it war effort, with the Hu Xin Provinces being heavily colonized. However, unrest emerged in the occupied territories, and the Fire Nation military was forced to put down at least one armed uprising which engulfed several colonies.

During the war's ninety-fourth year, the Southern Water Tribe was attacked in yet another minor raid aimed at eliminating any remaining waterbenders. The attackers, the infamous Southern Raiders, were informed that one last waterbender, who happened to be Katara, was left in the Southern Water Tribe, and were given orders to kill her. However, Katara remained undiscovered because, during this raid, her mother Kya turned herself in as the last waterbender in an attempt to protect Katara. Kya was in turn killed, but her heroic act meant that the Fire Nation would never discover the true identity of the last waterbender in the South Pole. Katara would later rediscover the Avatar and become a major contributor to the eventual capitulation of the Fire Nation as an indirect result of her mother's actions.

In the Earth Kingdom theater, the Fire Nation enjoyed even more success, conquering every major Earth Kingdom city and stronghold until only Omashu (who hindered any major overland progress in the east) and Ba Sing Se were left. The Fire Army also pushed down further south, conquering most of the southwestern coastlines. General Shu and his troops even advanced into the vicinity of the Si Wong Desert, fighting Earth Kingdom forces there. Finally, the Fire Army reached the walls of Ba Sing Se itself, under the command of General Iroh, famed as "The Dragon of the West", and the six hundred-day-Siege of Ba Sing Se began. In its final stages, the Fire Nation managed to break through the Outer Wall, but their advance ended when the general's son, Lu Ten, was killed in battle, resulting in him ordering a full retreat. However, the order was also motivated by the fact his army was fatigued and had been embroiled in continuous fighting for so long.

Late stages (95 - 100 AG) Hope fades

In the last years of the war, the ferocity of the Hundred Year War eased slightly as the Fire Nation neared victory. Ozai was crowned Fire Lord upon Azulon's death in 95 AG and Iroh's forces had retreated from the area of Ba Sing Se, although they remained in control of the Western Lake, where they began construction of a drill to help them penetrate Ba Sing Se's Outer Wall. The Northern Mountains were left alone, allowing refugees to move in. Some units of the Earth Kingdom Army outright defected, and began working with the Fire Nation military to secure some areas.

However, the conquered western shore of the Earth Kingdom was put under tighter control, where General Fong's fortress was the only Earth Kingdom military base left, hidden in a coastal mountain range. Several fortified bases were set up there. Prince Zuko began his search for the Avatar upon his banishment three years before, hoping to reclaim his birthright as Crown Prince. Zhao, an eager and ambitious naval officer, began plotting the conquest of the Northern Water Tribe. Any attempt at rebellion was dealt with harshly, and the Fire Nation began arresting any earthbenders in their territory, forcing them into slave labor on offshore factories and shipyards. The Fire Nation also expanded in the southern Earth Kingdom, taking control of several rivers which brought them into conflict with local pirate groups like that of Jiang.

To add to the Earth Kingdom's troubles, a large number of their villages and cities were now under Fire Nation control, with their native citizens forced to obey the demands of the Fire Lord if they were to avoid persecution. Only non-essential territories were left alone. Even though major cities like Ba Sing Se and Omashu remained free at the time, the Fire Nation clearly controlled the majority of the continent, free to prowl almost anywhere in the north and west unopposed.

## Last Fire Nation offensives

The fortunes of the Earth Kingdom and the Water Tribes made a turn for the better with the sudden return of the Avatar and last airbender, Aang, who was rediscovered by Sokka and Katara. This immediately attracted the attention of both Zuko and Zhao, who chased him across the world. Rumours of the Avatar's return quickly spread across the world, increasing the hope of those who still resisted the Fire Nation. As the Avatar traveled north to the North Pole in an attempt to learn waterbending, Zhao was promoted to Admiral. During this time, Aang and his friends encountered Jeong Jeong, a Fire Nation Navy deserter and member of the Order of the White Lotus, who temporarily taught him firebending before Zhao and his forces found and attacked them. Jeong Jeong subsequently disappeared and later took part in the Liberation of Ba Sing Se during the war's climax. A small Fire Nation force attacked the Northern Mountains, only to be beaten back in what culminated as the battle for the Northern Air Temple. However, the defeated force did acquire an important new invention for the Fire Nation - the hot air balloon.

Upon discovering that the Avatar had succeeded in reaching the North Pole, the newly promoted Admiral Zhao ordered his massive fleet to advance on the North Pole. However, the Siege of the North was unsuccessful due to the Avatar's intervention, and the fleet was nearly entirely destroyed. Zhao was subsequently imprisoned in the Spirit World by La, the Ocean Spirit, after an unsuccessful attempt to kill the Moon Spirit in a bid to neutralize the waterbenders' power. With the Fire Nation's main ambition in the north out of the picture and their control of the seas weakened, the Fire Nation refrained from further attacks on the Northern Water Tribe. However, as the Northern Water Tribe did not participate in any major engagements against the Fire Nation for the rest of the war, and the Earth Kingdom Navy was already all but obliterated, the loss of Zhao's fleet meant a bearable defeat. Ozai had his armies continue the slow and steady advances on all the Earth Kingdom fronts, subsequently sending his daughter, Princess Azula, to search for and capture the traitorous Iroh and Zuko.

Soon after the defeat at the North Pole, the Fire Nation won a great victory by conquering the city of Omashu, capturing King Bumi in the process, leaving Ba Sing Se the last major Earth Kingdom city in the north unconquered. Though most of the city's population managed to flee under the ruse of a plague, the city itself remained under the control of a Fire Nation governor and was renamed New Ozai by Princess Azula.

The Fire Nation's next major battle would be at the walls of Ba Sing Se once more. The drill, a powerful and gigantic mechanized siege weapon, attacked the Outer Wall. However, the Avatar had just arrived to intervene. Though the machine succeeded in drilling through the Wall, it was destroyed by the Avatar, making the attack a failure and filling the newly drilled hole with the machine's wreckage.

## The Fall of the Earth Kingdom

Princess Azula, Mai, and Ty Lee, a trio of the Fire Nation Academy's best, infiltrated the capital of Ba Sing Se in the spring of 100 AG. Clad in Kyoshi Warriors uniforms, stolen from members of the order after having defeated them in an earlier engagement, Azula infiltrated the court of the Earth King and undermined the Dai Li. She eventually convinced Long Feng to launch a coup d'état against the Earth King. In the end, she double-crossed him and assumed control over the capital in the name of the Fire Nation. She also succeeded in capturing her uncle and convinced Zuko to rejoin the Fire Nation, clouding his judgment by promising him his father's love. With Ba Sing Se under their control, the Fire Nation was on the cusp of total victory, with only the tattered Water Tribes and isolated parts of the Earth Kingdom left opposing them. Azula also learned that Ba Sing Se had been planning a major invasion of the Fire Nation home islands on the day of a solar eclipse in late summer, which would briefly leave all firebenders powerless. With the

Western Navy still recovering from the Siege of the North, the invasion might have been successful had the Dai Li not arrested the Council of Five. Still, with the knowledge that their homeland would still be vulnerable, the Fire Nation made plans to use this to their advantage.

During the Fall of Ba Sing Se, Avatar Aang was gravely injured in a failed attempt to defeat Azula, who struck him down with a powerful lightning blast. Although Katara was able to revive him, Aang remained in a coma in the following weeks, and he was immediately presumed dead by the entire world. When word of Aang's apparent demise spread across the globe, the Earth Kingdom and Water Tribes lost hope and the Fire Nation came close to declaring victory in its imperialist war. Unbeknownst to most, however, Aang and his friends traveled into the Fire Nation incognito until the time to strike came again.

## Last counteroffensive, resistance, and escalation

Several weeks later, Ozai called a war meeting with his generals. One of them, Shinu, said that while Ba Sing Se had been conquered, a number of Earth Kingdom rebellions arose and that the Earth Kingdom military was still controlling vast swaths of territory, including the southern Earth Kingdom and scattered areas in the north, which kept the Fire Nation from claiming ultimate victory in the Hundred Year War. When Zuko said that the Earth Kingdom could endure anything as long as they had hope, Azula said they should "take their precious hope, and the rest of their land, and burn it all to the ground." Ozai, using this idea, planned to use the power of the returning Sozin's Comet to completely destroy the Earth Kingdom in a final scorched-earth campaign.

Though the Fire Nation controlled great swathes of territory, they were not unopposed. A small multinational invasion force led by Chief Hakoda of the Southern Water Tribe and the Avatar assaulted the Fire Nation Capital on the Day of Black Sun. The invasion force was nearly successful, but their supposed success was actually a carefully planned trap by the Fire Nation. Although the invasion force had secured the Capitol City and Royal Palace, the Avatar failed to locate and capture the Fire Lord before the end of the eclipse, at which point the Fire Nation launched its counter-offensive through the deployment of the new Fire Air Force fleet of airships. The invasion force was quickly routed, resulting in most of the resistance leaders capture. Despite its failure, the invasion proved that the Fire Nation could continue to be resisted as long as hope was maintained.

The Day of Black Sun, however, was not a total failure for those resisting the Fire Nation. During the eclipse, the captured King Bumi saw the opportunity he had been waiting for. He broke out of his prison and, with the firebenders unable to firebend, retook the city of Omashu single-handedly. Iroh also broke out of his cell and, according to a guard, fought as a "one-man army."

During the invasion, Prince Zuko realized the full extent of the Fire Nation's crimes and the folly of his nation's century-long imperialist war, deciding to defect by joining the Avatar, agreeing to teach Aang firebending before the anticipated battle with the Fire Lord. This development only increased the threat the Avatar posed toward the Fire Nation. Coinciding with this, Princess Azula was betrayed by her allies, Mai and Ty Lee, after a failed sabotaging of an escape from the Boiling Rock, badly hurting both her psyche and leadership ability in the waning days of the war.

Nevertheless, Fire Lord Ozai proclaimed himself Phoenix King prior to the arrival of Sozin's Comet and appointed Azula to be his successor as Fire Lord. Ozai intended to finish the Hundred Year War by using the comet's immense power to vanquish his enemies, so the Avatar's group, one of the Fire Nation's greatest threats, acted quickly to prevent this catastrophe.

Conclusion (100 AG) Fall of leaders

When Sozin's Comet made its return to the world, Ozai launched his massive attack on the Earth Kingdom with his armada of airships, with the intention of destroying the Earth Kingdom and with it, the last major opposition to Fire Nation supremacy. When he arrived at the Wulong Forest, which he quickly proceeded to incinerate, Avatar Aang confronted him. Despite Aang's pleas to end the Hundred Year War peacefully, Ozai blatantly refused and engaged him in combat. At first, Ozai and Aang were evenly matched, but Aang refused to go on the offensive due to his belief that all life was sacred. This allowed Ozai to gain the upper hand, but in his effort to deliver the death blow to the Avatar, he accidentally smashed Aang into a rock that hit the scar on his back where Azula had struck him with lightning at Ba Sing Se. This released the pent up energy there and opened his seventh chakra, allowing Aang to enter the Avatar State. Using the Avatar State's full power, Aang went on the offensive. Despite his enhanced firebending, Ozai was quickly overwhelmed and forced to retreat. Aang pursued him and eventually pinned him down. But just as he was about to deliver the finishing blow, Aang left the Avatar State. Instead of killing Ozai, Aang used energybending to strip him of his firebending.

## Endgame

While Aang and Ozai fought, three members of the Avatar's group, Sokka, Toph and Suki, hijacked one of the airships in Ozai's armada. Ramming their hijacked airship into the ones next to them, the group successfully destroyed the fleet, putting a complete stop to Ozai's plans to destroy the Earth Kingdom. Meanwhile, the Order of the White Lotus, under Iroh's leadership, successfully retook Ba Sing Se, a colossal defeat for the Fire Nation.

Azula, after losing her alliance and friendship of Mai and Ty Lee, was weakened by a growing state of mental instability in the lead up to her coronation as Fire Lord. This caused her to lose all trust in everyone, developing severe paranoia and coming to the belief that everyone was against her. She banished all those loyal to her, and in effect, had no allies or external protection. This rendered her unable to effectively fight Zuko and Katara, resulting in Zuko's victory in their Agni-Kai and taking her place as Fire Lord. She suffered a mental breakdown shortly after the conclusion of their fight, making her incapable of continuing to fight in the Hundred Year War.

With the loss of Omashu and Ba Sing Se, an entire fleet of airships destroyed, and the fall of their leaders, the Fire Nation military forces found themselves unable to effectively continue the war effort, leaving the Water Tribe and the Earth Kingdom victorious, albeit at tremendous cost.

## Aftermath

Following the Fire Nation's capitulation, all war prisoners were released and Zuko was crowned Fire Lord, officially declaring the war to be over. At his coronation, he promised before a large audience of the world's citizens that he would dedicate his rule to rebuilding the war-torn world with the help of Avatar Aang.

After being defeated by Aang, Ozai was arrested and put in prison, while Azula was institutionalized in a mental health facility on an isolated island near the Fire Nation capital.

However, after a century of fighting, all four nations were left exhausted from the conflict. Over the course of the war, the Fire Nation had caused unprecedented worldwide devastation and loss of life, annihilating an entire nation save for one person, and oppressing people on a large scale. Countless numbers of civilian and military personnel had died for all belligerents. While the overall infrastructure of the Earth Kingdom and Southern Water Tribe suffered gravely, the Northern Water Tribe came out relatively unscathed, albeit more isolated than before. Fire Nation mostly suffered a cultural loss: dancing was kept downtrodden, resulting in the loss of several ancient dance moves, sections of their history prior to the war were sealed off and eventually forgotten, and firebending became distorted into being fueled by hatred and rage rather than as a veneration of life and energy, a process that was only sped up when the dragons, the original firebenders, were pushed to the brink of extinction due to Sozin starting the tradition of hunting them for glory. The nation's focus also turned more to warfare and their society militarized, which placed its spirituality in the background, causing the Fire Sages to fall from prominence.

With the war's conclusion, however, all nations could begin the long process of rebuilding, both physically as well as spiritually. The Harmony Restoration Movement was created as a step toward peace in removing the Fire Nation colonies from the Earth Kingdom. However, after seeing all the hard work his people had done in the colonies, Fire Lord Zuko removed his support from the movement. This decision started a confrontation that threatened to throw the world back into war, causing Avatar Aang to intervene. After a brief skirmish, an agreement was reached, which eventually led to the Fire Nation colonies being transformed into the United Republic of

Nations.

## Fire Lord Sozin

**Sozin** was the ruler of the Fire Nation from 58 BG until his death in 20 AG, and the instigator of the Hundred Year War. Succeeded as Fire Lord by his son Azulon, he was the grandfather of Iroh and Ozai, and the great-grandfather of Lu Ten, Zuko, and Azula.

As a young prince, Sozin was best friends with Avatar Roku. However, after Sozin took up the throne and Roku became a fully realized Avatar, their friendship became strained, as Sozin desired the Fire Nation to encompass the entire world, a plan to which Roku was strongly opposed. Following a confrontation over this which ended in Sozin's defeat, neither spoke to the other until they were seventy years old. Upon meeting the Avatar again, Sozin left his old friend to die, and began a war that would last one hundred years.

Using the fire-enhancing power of a comet, Sozin eradicated the Air Nomads in an attempt to preemptively eliminate the next Avatar. His plan failed however, and he spent the last years of his life hunting the new Avatar, Aang, in vain.

### Early life

In their early years, Roku and Sozin were close friends and celebrated their birthday together.

In his youth, Prince Sozin was best friends with Avatar Roku, and the two of them often celebrated their shared birthday together. As they were both firebenders, they regularly fought duels against one another for fun, and to test and strengthen their skills. Sozin also tried to get his best friend to confess his love for Ta Min, but Roku never found the courage to do so.

At their sixteenth birthday celebration, Roku was unexpectedly told by the Fire Sages that he was the Avatar, and the two friends were forced to separate as Roku went to learn mastery of the three other elements. Before leaving, Sozin came by to talk and was told by Roku that the Sages told him to bring nothing, as the Avatar did not need material goods. By this statement, Sozin gave him a gift: the headpiece worn by the Crown Prince of the Fire Nation, hoping that he was at least allowed to have that.

As he grew up, Sozin was influenced by his father's beliefs, according to which a nation's worldly power and landmass corresponded to greatness.

Reign as Fire Lord (58 BG - 20 AG) Treason

In 58 BG, Sozin ascended to the throne following the death of his father. Over time, he began to develop the ambition to unite the four nations under his rule. His grandson, Iroh, attributed this quest for power to jealousy of the Avatar's immense strength, a feeling that only grew as Sozin immersed himself in the role of Fire Lord and put ever more importance in power and influence.

In 54 BG, twelve years after his departure, Roku returned to the Fire Nation. Even though many years had passed, Sozin still considered Roku his best friend, and warmly greeted him upon his return. The Fire Lord even willingly ignored old customs of respect for the Avatar and happily hugged Roku just like in their youth.

A few months later at Roku's wedding, the Fire Lord took the position of Roku's best man. However, Sozin also saw the wedding as his best opportunity to talk with his friend about his future plans. Subsequently, the Fire Lord approached Roku shortly after the wedding and took a walk with him. Sozin commented that the Fire Nation was going through a period of great prosperity and wealth and told Roku that together, the two of them could spread it throughout the world by expanding the empire, to make a "brighter future" possible. However, Roku was greatly disturbed by this, telling Sozin that the four nations were meant to be separate and that he should not think of this again. The Fire Lord asked his friend to at least consider the possibilities, but Roku remained firm and stated that it would be the last he ever wanted to hear of such things. Despite Roku's warnings, Sozin prepared for the unification of the nations through war. He greatly expanded the Fire Nation's already powerful army and navy, and ordered the establishment of colonies in the Earth Kingdom.

Seventeen years later, however, Roku was traveling in the Earth

Kingdom on Fang, discovered the colonies and came to the Fire Nation Capital to rebuke him. The Fire Lord was outraged that the Avatar, still a Fire Nation citizen, dared to treat him like that. Sozin warned his former friend that "[their] loyalty is to [their] nation first. Anything less [would make him] a traitor." Roku, however, replied that the Fire Lord should not challenge him, as it would "only end badly", leading Sozin to wrathfully attack him when his back was turned. The two engaged in a short battle, with Roku defeating Sozin and then leveling the palace's throne room in the Avatar State. Roku spared his life because of their past friendship, but warned him never to move forward with his plans again, or it would result in his "permanent end".

Twenty-five years later, Roku's home island was consumed in a volcanic eruption so massive that Sozin could see and feel it from a hundred miles away. The Fire Lord flew in on his dragon to assist his old friend. The two used their bending to try to contain the lava flow, but were hindered by poisonous gases, which eventually overwhelmed Roku, leaving him lying on the ground and begging for his old friend's help. Sozin suddenly realized, however, that Roku's death would allow him to fulfill his plans, and left his old friend to die along with his dragon, Fang.

With Roku gone, Sozin continued his military build-up, covertly preparing for a global war by further increasing the Fire Army's manpower and building a massive fleet of warships for the Fire Navy.

## Invasion

Twelve years after Roku died, Sozin used the power of a comet to enhance the abilities of his firebending army and launched simultaneous attacks on all other nations. Most importantly, he organized a massive, genocidal assault on the Air Nomads in an attempt to kill the new Avatar and break the Avatar Cycle. However, Sozin failed, as Aang had run away from the air temples some time before. Sozin spent the rest of his life searching in vain for the last airbender. After the comet passed, he had a son, Prince Azulon. Sozin favored his son over another family member, thereby contributing to a trend of antagonism and rivalry that would plague the royal family for generations.

One of his lesser-known military accomplishments during this period was the Battle of Han Tui, which was applauded as a magnificent display of skill and military cunning. He also fortified the Fire Nation Capital, designing a new road from the harbor to the Royal Caldera City. By creating a series of switchbacks in the narrow pathway, which forces any approaching party to travel in single column, and heavily fortifying it with watchtowers and battlements every hundred yards, he created one of the most secure roads in the world. During his reign, Sozin started the tradition of hunting dragons for glory. If a firebender proved able to kill a dragon, the original firebenders, he would be showered with glory and praise, and earn the honorary title "Dragon". This led to the near-extinction of the dragons.

As his reign carried on and the war escalated, Sozin established a cult of personality centered upon himself and the royal family, one that would be upheld through the reigns of Azulon and Ozai after him. Numerous monuments were constructed in reverence of himself, and the imperialist regime enforced various forms of propaganda that established Sozin as a higher, benevolent being. Such propaganda included the false claim that the Air Nomads possessed an army when in truth they were a pacifist culture. Additionally, Sozin ordered that the Dragonbone Catacombs be sealed off so that all Fire Nation history recorded before his reign would be erased from the national conscience, making it appear as if Fire Nation history began with himself. Furthermore, he outlawed same-sex relationships.

In 20 AG, Sozin died at the age of 102, and it was rumored that he lived to be older due to the influence of the power of the Nation schools taught that he died peacefully in his sleep, an old and successful man, though in Sozin's own last testament he reminisced about how his younger years used to be "brighter". Sozin, like all Fire Lords, was buried in the Dragonbone Catacombs, and he was succeeded by his son Azulon.

## Legacy

Following his demise, Sozin was glorified in the Fire Nation, and his actions were justified through the spread of propaganda. The comet he had used to start the Hundred Year War became known as "Sozin's Comet". Azulon continued most of his father's policies, and

Sozin's legacy of rivalry within the royal family as well as aggressive imperialism for the Fire Nation continued until the reign of his great-grandson, Zuko. At the same time, many details of the friendship of Roku and Sozin faded out of public memory, and their story was passed down as "a kind of fairy tale".

## Fire Lord Azulon

**Azulon** was the ruler of the Fire Nation for the majority of the Hundred Year War, reigning as Fire Lord from 20 AG until his assassination in 95 AG. He was the son of Fire Lord Sozin and the Fire Lord before Ozai. He was the husband of Ilah, the father of Iroh and Ozai, and the paternal grandfather of Prince Lu Ten, Prince Zuko, and Princess Azula. Azulon's reign was marked by an increased efficiency in the Fire Nation war machine and massive territorial conquests; his leadership in several Earth Kingdom campaigns won him great fame as a general. He was also responsible for the destruction of the Southern Water Tribe, which was nearly annihilated under his orders.

However, after ordering Ozai to kill Zuko due to the former's attempt to usurp Iroh's birthright, Azulon himself was murdered after his daughter-in-law, Princess Ursa, made a deal with Ozai and provided the latter with a poisonous substance, which was used to end Azulon's life. Although seen as uncaring and cruel, even toward his own people, he is remembered as one of the Fire Nation's strongest and most effective leaders.

### Early life

Born shortly after the beginning of the Hundred Year War, Azulon was the firstborn of Fire Lord Sozin. A firebending prodigy, he received tutelage in the bending art under his father's supervision from a young age. In his time, Azulon was considered to be one of the best firebenders in the world, and no one would dare challenge him.[5] He was favored by his father over another family member, which contributed to Azulon's own views on family. Over time, he grew into a ruthless and frightening man who demanded perfection.

### Reign as Fire Lord

Azulon led the Fire Nation to victory in many glorious military campaigns. His military achievements included the conquest of the Hu Xin Provinces and the Battle of Garsai. He assumed the title of Fire Lord at age twenty, following the death of his father, and continued to lead his country in the war. To secure the entrance to the Fire Nation Capital, Azulon commissioned a massive defense structure at an early point of his reign and dubbed it the "Great Gates of Azulon". He continued most of Sozin's policies, ruling the Fire Nation autocratically and through fear. In general, he was regarded as a very capable leader by his subjects.

Eventually, Azulon married a woman named Ilah, who bore two sons: Iroh, his mother's namesake, and Ozai. Azulon left a strong impression on both of his sons, and Iroh would eventually strive to be a great general to honor his father. Azulon generally favored Iroh over Ozai, contributing to the brothers' antagonism. Despite his strong leadership, Azulon cared very little for the people of his nation and was more interested in world domination, a quality he passed down to Ozai.

Azulon secured many victories against the Earth Kingdom during his reign, expanding Fire Nation territory and increasing colonization in the continent. Under his leadership the Fire Nation continued to push the Earth Kingdom forces east toward the capital of Ba Sing Se. Azulon was also responsible for the near-complete destruction of the Southern Water Tribe. Starting around 40 AG, he began ordering attacks on the tribe's main city and villages in an attempt to deprive its people of their ability to resist the Fire Nation. The Southern Raiders were created to carry out the later raids. Their main objective was to capture the tribe's waterbenders, who were seen as a threat to Fire Nation dominance in the region. These raids were successful; by the time of his death, Katara was the last remaining waterbender in the Southern Tribe, and the Southern waterbending style was effectively extinct.

## Arranging a marriage

When Azulon was in his eighties, he sought to arrange a proper marriage for his second son, Ozai. The Fire Sages had told Azulon that the pairing of the Avatar's granddaughter with his son would yield a bloodline of great power. Believing this prediction, Azulon began to search for the Avatar's family. Roku's descendants proved difficult to find, possibly by his own design.

Eventually the Fire Lord found the family in the small town of Hira'a in the outer Fire Nation. After securing Ursa's location, Azulon and Ozai personally traveled to the backwater village to arrange the marriage. After visiting Ursa's father, the town's magistrate, they waited for the girl's return from her theater rehearsal. Upon Ursa's arrival, Azulon warmly introduced himself and his son to his future daughter-in-law and announced their intention to arrange a marriage. Ursa accepted the proposal, and they prepared to travel back to the capital city.

However, when they departed from Hira'a, a commoner blocked their way, demanding they release Ursa. Azulon ordered his bodyguards to deal with him, but before the conflict escalated, Ursa intervened. She persuaded Ozai to leave the man unharmed and convinced the commoner to go home. After this event, Azulon and his family continued their journey back to the capital. Shortly afterward, Ozai and Ursa married.

## Death

In 95 AG, shortly after the death of Iroh's son Lu Ten, Ozai demanded that Iroh be passed over as heir, inciting his father's fury. Ozai declared Iroh was unworthy of the throne by allowing thoughts of his son's death to obstruct victory at Ba Sing Se. He claimed that the royal bloodline no longer continued through Iroh upon his son's death. Azulon was outraged at the suggestion to betray his firstborn son and Ozai's bold ambitions, ensuring he would punish his younger son. As such, he wanted to make Ozai feel the pain of losing a firstborn son by ordering him to take the life of Zuko.

Ozai intended to carry out the orders and take Zuko's life, though his wife, Ursa, discovered the plan and plotted with Ozai to gain the throne while allowing Zuko to live. Ursa crafted an untraceable odor- and colorless poison that Ozai slipped to his father. Azulon passed away that same night.

He received a cremation the following day, during which his many political achievements were mentioned and honored. In the process of cremation by the hands of the Fire Sages, the High Sage crowned Ozai Fire Lord as was Azulon's alleged dying wish. News of Azulon's death and Ozai's ascension devastated Iroh; left as a broken man after the death of his son and father, he did not contest the succession.

## Legacy

Azulon continued to be widely respected in the Fire Nation following his demise. By the time of his death, a play named *Azulon's Legacy* had been created in his honor, portraying him as military and political genius. However, the play also claimed that Ozai was Azulon's destined successor, ignoring the royal family's succession conflict.

By 124 AG, the secret of Azulon's death by poisoning had become more widely known.

## Fire Lord Ozai

**Ozai** was the ruler of the Fire Nation during the final years of the Hundred Year War, reigning as Fire Lord from 95 to 100 AG.[5] He was the second son of Fire Lord Azulon and Ilah, the younger brother of Iroh, uncle of Lu Ten, husband to Ursa, the father of Prince Zuko and Princess Azula, and the paternal grandfather of Izumi. Ozai was a firebending master and, prior to the end of the war, was believed to be the most powerful firebender in the world.

After Iroh's only son, Lu Ten, died, Ozai usurped his brother's birthright to the throne in a scheme that resulted in his father's death and Ursa's banishment.

Ozai's rule saw a mass buildup of industry and significant technological advancements. Like his father and grandfatherbefore him, Ozai sought to conquer the other nations and become the supreme ruler of the world. To do this, he planned to utilize Sozin's Comet to burn down the Earth Kingdom, renouncing the title of Fire Lord and declaring himself the Phoenix King, ruler of the world. Before his plans could come to fruition, he was defeated by Avatar Aang, who used energybending to remove his firebending abilities permanently.

After the end of the war and Zuko's crowning, Ozai was sentenced to life in prison for several war crimes. However, he was able to maintain a degree of influence on world politics through some of his loyal followers creating the "New Ozai Society" and his son, who occasionally sought advice from Ozai. As a result, the former Fire Lord was indirectly responsible for the failure of the Harmony Restoration Movement.

## Early Life

Ozai was born to Fire Lord Azulon and his wife Ilah, and according to his older brother Iroh, he displayed a difficult temperament from the moment "he could crawl". When Ozai was a baby, a portrait was painted of him while he was playing on a beach. As he grew up, he became increasingly stubborn, impatient, and ambitious. As result, Ozai's relationship with Iroh was always rather strained, and the two were highly competitive, regularly fighting about the pettiest matters such as a game of Pai Sho. Regardless, many dismissed Ozai's aggression as simple temper tantrums by an emotional behavior and later views on family were influenced by the fact that Azulon favored Iroh over him.

Ozai's ruthlessness and ambition greatly helped him in school, however, and this impressed his older brother, resulting in a short-lived rapprochement. When Iroh later realized that Ozai's temperament stemmed from a deep-seated lack of empathy and brutal ambition, he distanced himself from his younger brother once again. At some point, Ozai, like his father and grandfather before him, attempted to find and capture the Avatar, but failed as they all did. Unlike his grandfather, father, and brother, Ozai was never a general, and so he has not known great military accomplishments aside from being leader of the Fire Nation later in his life.

Eventually, Ozai and his father sought to add Avatar Roku's lineage to the royal family, as the Fire Sagespredicted that doing so would yield a more powerful bloodline. The two traveled to Hira'a and tracked down Ursa, the granddaughter of the past Avatar. After a short introduction by his father, Ozai proposed to Ursa and she agreed. However, when they prepared to travel back to the capital city, a commoner blocked their way, demanding to release Ursa. Azulon ordered their bodyguards to deal with him, but after a short struggle, Ursa pleaded with Ozai to call off his soldiers' attack, securing the man's safety, and let her talk to the man to get him to go home. After being called "My Love" by his future wife, the prince complied to the request. After the man was told off, the group continued their journey back to the capital.

## Marriage and early family life

When Ozai was thirty, he married Ursa, and during the following banquet the prince told his wife about her new duties. Much to her shock, he explained that she had to sever all ties to her past life in accordance with the old traditions, including family and friends, in order to completely devote herself to her new duties and the royal family. Ozai happily kissed Ursa, saying that she now belonged to him. After their wedding, they had two children together: Zuko and Azula. However, when Zuko was born, his parents were not sure if he was a firebender, as he lacked "that spark in [his] eyes". Considering what a "shame" it would be for a prince of the Fire Nation to have a nonbender as firstborn, Ozai planned to cast his infant son from the palace. However, Ursa and the Fire Sages pleaded with Ozai to give Zuko a chance, and the prince eventually gave in.

The young family made frequent vacations to Ember Island in order to relax. On a vacation around 87 AG, Zuko nearly drowned in an attempt to help a turtle crab. When the tides were pulling his son further into the sea, Ozai dove in the water and rescued Zuko, who spent the remainder of the day in the care of his mother, recovering from the experience. Ozai would later muse that he had attempted to be a good father in his children's early years.

## Deteriorating relationship with Ursa

Aware of his wife's longing for her previous life, he had ordered her servant, Elua, to file away all the letters Ursa secretly attempted to have someone smuggle outside the palace. However, one day when he was training, the elderly woman came to him with a letter that she felt needed the prince's attention. After he read it, he yelled out the impossibility of the secret the writing contained, and crumpled the letter in his hand.

Consumed by the information he had learned from Ursa's letter, he grew even more bitter toward his wife and oldest child. He called a Yuyan Archer, Vachir, to the palace and ordered him to travel to Hira'a in order to kill Ikem, Ursa's former boyfriend.

Months later, during a family dinner, Ozai listened to Azula's animated recollection of how she showed up her firebending teacher, Master Kunyo, much to the latter's displeasure. He sided with his daughter when she posed that Kunyo was wrong about how one creates the biggest fire blast, noting that he would send the firebending teacher to the colonies. When Zuko tried to speak in Kunyo's defense, however, Ozai snapped at his son, telling him he had no right lecturing Azula about firebending, considering that even though she was a year younger, she was already more advanced in the bending art. Ozai went on, telling him that he was not even sure that Zuko had been a bender at first, and that he had been lucky his mother and the Fire Sages had come to his rescue, as he had been planning to cast him over the palace wall for being a nonbending disgrace to him. He finished by telling Zuko that Azula "never [had needed] that kind of luck", and that "[he had been] lucky to be born". At that moment, a palace servant alerted Ozai to the return of Vachir, and Ozai promptly left the room.

Ozai met Vachir on one of the palace balconies and listened to the Yuyan Archer's recollection of his adventures. The prince was informed that Vachir had failed to track down Ikem, as the man had disappeared in Forgetful Valley, where he was assumed to have perished on his own. Ozai, however, was not satisfied with this, deeming it all to be conjecture. He dismissed the archer, commanding him to resign from the Yuyan Archers, as his failure made him unsuitable to be part of the elite fighting group.

Afterward, Ozai went down to Ursa's quarters and confronted her about the letters she had sent Ikem, reminding her that she was supposed to forget her old life and that any communication with her past life was treasonous. Even though he deemed Zuko to be evidence of her treacherous act, he stated he would not kill the boy, proclaiming himself to be merciful. However, he took pleasure in informing his wife that he had sent an assassin after Ikem and that he had been successful, breaking her heart. When Ursa told Ozai that Zuko was indeed their son, Ozai replied that he had already known that, as he had sent spies to keep an eye on Ursa months before their wedding, but was angry as to why she would write such an obvious lie. When Ursa replied that she wished for Zuko not to turn out like Ozai, the prince said he would be sure to treat their son like that "of a treacherous dog", and every time he would wound Zuko with harsh words, he would be "fulfilling his mother's wish".

Reign as Fire Lord (95 AG-100 AG) Coronation

About eight years before Avatar Aang was found in the iceberg, Ozai's older brother Iroh began the six-hundred-day Siege of Ba Sing Se, the Earth Kingdom capital, which ended when Iroh's only son, Lu Ten, died in battle. This led Ozai to request that his father, Fire Lord Azulon, revoke Iroh's birthright as crown prince, allowing Ozai to inherit the throne instead of Iroh. Ozai explained that without an heir, the line of Fire Lords would end with Iroh, while Ozai still had two children. Azulon became furious, refusing to betray his firstborn son's right to the throne. As punishment, Azulon ordered Ozai to kill his own son, Zuko, so he would understand Iroh's pain.

Ozai retreated to his own chambers to wait for Zuko to fall asleep. Having learned of the order from the eavesdropping Azula, Ursa pleaded with him to spare Zuko's life, but Ozai countered that he had no choice, since it would be treason to refuse the Fire Lord's command. As a last resort to save Zuko, Ursa offered Ozai what he desired most in exchange for Zuko's life: the throne. She would concoct an untraceable color- and odorless poison and turn it over to Ozai to do "whatever [he wished]". Ozai agreed to this on the condition that his wife would leave the palace, believing he too might be poisoned one day. Ursa tried to take Zuko and Azula with her, but Ozai assured her they would be safe in his hands as long as she kept her word, and threatened to hunt them all down if she tried taking their children. Shortly thereafter, Ursa made the poison and turned it over to him, and he snuck into Azulon's room that same night to end his father's life with it.

The next morning, Azulon was found dead in his bed. His cremation took place a little later, and while Ozai and his two children were present, the Fire Sages announced Azulon's alleged dying wish; that Ozai would be his successor. The High Sage subsequently crowned the former prince Fire Lord, whereupon those present hailed him as their new ruler and bowed to him. The coronation ceremony was accompanied by a great celebration in the capital's lower-class areas. As part of these festivities, a new play named *Azulon's Legacy* was performed to the masses. The play portrayed Ozai as Azulon's destinied successor, ignoring the conflict within the royal family.

## New plans

Despite familial ties, Zuko bore the brunt of his father's cruelty. Two years prior to Aang's discovery at the South Pole, thirteen-year-old Zuko, his eldest and least favored child, spoke out in Ozai's war room against a general's plan to sacrifice novice troops in pursuit of victory. Angered by his impudence, Ozai demanded Zuko to duel in an Agni Kai, not with the general whom Zuko had disrespected, but with Ozai himself. Seeing the Fire Lord in the arena, Zuko fell to his knees, pleading for forgiveness and refusing to duel his own father. Ozai demanded that the young prince rise and fight for his honor, but Zuko refused to do so. For his perceived cowardice and disrespect, Ozai badly burned the left side of Zuko's face, permanently scarring him. He subsequently exiled Zuko from the Fire Nation, under orders not to return until he had done the impossible: capture the long-lost Avatar, who had been missing for nearly a hundred years. This was meant to be an easy way of getting rid of Zuko, as all previous Fire Lords failed to find the Avatar. With the Avatar's sudden reappearance as the twelve-year-old airbender Aang, Ozai became more aggressive in his pursuit of victory. Distrusting his son's competence, he promoted Zuko's rival Zhao from Commander to Admiral to increase his chances of capturing the Avatar. Admiral Zhao was thwarted in his mission by Ozai's brother Iroh, who committed treason in an effort to stop Zhao from killing the Water Tribe's patron Moon Spirit. Ozai expressed distaste at what he saw as his brother's treachery and son's failure by giving his daughter, Azula, the task of capturing both Zuko and Iroh.

After the successful Coup of Ba Sing Se, Ozai had almost successfully taken control of the world. Eventually, he spoke with his son Zuko, who had regained his honor by supposedly "killing" the

Avatar, and helping Azula to conquer Ba Sing Se. This was the first and only time when Ozai felt proud of his son.

## Drastic measures

In a war meeting with his generals, the day before the eclipse, Ozai learned from Zuko that even though the Earth Kingdom had been officially conquered, its citizens would not accept defeat as long as they had hope. Following Azula's recommendation, Ozai concluded that the only way to end Earth Kingdom resistance was to use the power of Sozin's Comet to completely burn it to the ground, as had been done with the Air Nomads one hundred years before.

During the eclipse on the Day of Black Sun, Ozai evacuated the Capital City in preparation for the invasion and hid in a heavily guarded underground bunker. Zuko showed up and demanded permission to speak to his father. Ozai granted his request, amused that Zuko chose the eclipse to confront him. Zuko revealed that Azula shot down the Avatar and that she claimed he did it because the Avatar was in fact still alive. Ozai was infuriated and attempted to attack Zuko, but stopped when Zuko pulled out his dual dao swords against his father's disabled firebending. Zuko told him that he was done trying to earn his love, knowing that the very man who banished him and scarred him was not worthy of his love. Ozai said that it was to teach him respect, but Zuko denied this, saying it was cruel and wrong. Having had to learn everything on his own, Zuko now realized that the Fire Nation was unfit to rule the world and needed to return to harmony with the other nations. Ozai laughed at this declaration, remarking that Iroh had gotten through to him. Zuko went on to say that he would free his uncle from jail and help the Avatar defeat Ozai, prompting him to declare Zuko a full-blown traitor. Zuko refused to fight Ozai because he knew that fighting the Fire Lord was the Avatar's destiny, not his. Ozai, however, distracted Zuko by offering to tell him what really happened to his mother.

Ozai revealed to Zuko that his father, Fire Lord Azulon, had indeed commanded Ozai to kill him, and that he would have done it had Zuko's mother not found out and interfered. She had proposed a plan to have Ozai spare Zuko's life by giving the throne over to Ozai through Azulon's downfall. However, Ursa "committed vicious, treasonous things that night" and was not killed, but banished as a result, making Zuko realize that she may still be alive. Ozai decided that "banishment [was] far too merciful a penalty for treason" and, sensing the eclipse outside had ended, tried to kill Zuko with a powerful display of lightning generation. However, he was not aware that Iroh had taught Zuko his ability to redirect lightning, which Zuko used to send the bolt right back at Ozai, slamming him against the wall and leaving him to seethe in anger as Zuko fled the Fire Nation to join the Avatar.

## Phoenix King (100 AG)

When Sozin's Comet arrived, Ozai crowned himself Phoenix King, the ruler of the world, and left Azula as his successor as Fire Lord. He later departed with his fleet of Fire Nation airships for the Earth Kingdom to carry out his plans. When he reached the Earth Kingdom, he began his attack but was quickly repelled by Avatar Aang, who destroyed his airship.

## Battle at Wulong Forest

Ozai prepared to battle with the Avatar for control of the world, declaring that the universe had delivered Aang to him "as an act of providence", while his father, grandfather, and son had all failed to capture the Avatar. Aang asked Ozai to stop the Hundred Year War, but instead, Ozai began his attack.

For much of the battle, Ozai had an advantage due to the power of Sozin's Comet enhancing his already powerful firebending. Aang was at a great disadvantage due to his unwillingness to harm or kill the Fire Lord. Eventually, Ozai overwhelmed and cornered Aang, whom he proceeded to mock for having such a peaceful nature and for being the last of his race.

Determined to finish off the Avatar, Ozai accidentally unblocked Aang's seventh and final chakra, prompting him to enter the Avatar State. While in this state, Aang easily gained the upper hand. Using a combination of all four bending arts, Aang went on the offensive. Though he tried to defend himself, Ozai quickly realized he no longer had the upper hand, and was forced into a fighting retreat. Eventually, Aang caught up with him and pinned him down before preparing to deliver the final blow. Before it could be delivered, Aang regained control and voluntarily left the Avatar State, still not willing to kill Ozai to win. Instead, Aang used an ancient type of bending power, energybending, to strip Ozai of his firebending forever, ending the fight peacefully without any casualties. Sokka, Toph, and Suki later arrived and taunted Ozai, powerless and weary from Aang's new ability, calling him the " *Loser Lord* ", " *Phoenix-King-of-Getting-His-Butt-Whooped* ", and " *King of the… Guys… Who Don't Win?* ", respectively.

## Imprisoned

With the war over and Zuko crowned the new Fire Lord, Ozai was transported to the Capital City Prison, located near the Royal Palace, where Iroh was once held. Zuko later visited him, saying that his banishment set him on the right path, and that Ozai could use his time in prison to reflect on his actions, let go of his pride, and allow remorse to show him the path that Zuko spoke of. Fire Lord Zuko promptly demanded that Ozai state Ursa's whereabouts, but he did not answer this question. Instead, he taunted Zuko about the stresses a Fire Lord could face while in office, and he expected Zuko to return soon to seek his help. Following his imprisonment, most of Ozai's loyalists were removed from their offices by Zuko, minimizing his influence within the nation. However, some revisionists actively sought to reinstate Ozai as Fire Lord, including the "New Ozai Society", though ultimately, these attempts failed.

A year after the Hundred Year War, Ozai's prediction proved correct as Zuko returned to him seeking advice on how to rule the Fire Nation and still be able to sleep peacefully. Enjoying the fact that his son came groveling back to him, Ozai told a story about Zuko's early childhood where his son's indecisiveness over which animal he would save, a turtle crab from being eaten or a hawk from starvation, caused him to get into trouble when a wave washed him to sea. When Zuko did not understand why his father told him the story, Ozai simply dismissed the Fire Lord and ordered him to come back the next day with more tea.

When Zuko returned with more tea, Ozai explained to him that the lesson to be learned from the memory was that there was no wrong or right in the world, as whatever the Fire Lord decided to do, was right by definition. When Zuko refused to see this and was set on going through with the peace talks with the Earth King, Ozai predicted that they would fail as the previously weak Earth King would be set on showing the world that he could be a strong and decisive ruler by leading his armies to the gates of Yu Dao. Zuko rejected Ozai's predictions again, which led the former firebender to the conclusion that Zuko trusted the Avatar more than he trusted himself. Sickened by this display of weakness from his own son, he demanded that Zuko leave his presence.

After the solution of the Yu Dao crisis and the collapse of the Harmony Restoration Movement, Zuko again began his pursuit of information about Ursa's whereabouts. Because of Ozai's uncooperative behavior in this regard, Zuko requested help from his sister. Subsequently, Azula was placed in adjoining cells with her father, though they did not speak with each other for half an hour. When Zuko noticed that, he came to bring them tea, in an attempt to make the situation more enjoyable. Azula grabbed hold of the tray with her teeth, however, and subsequently made Zuko fall over. This scene caused Ozai to grin satisfied, but nevertheless, he remained silent. After a short struggle, Azula told her brother that she wanted her and their father to have a dignified conversation in private. To Ozai's surprise, Zuko gave in to this request. During their following conversation, Ozai told his daughter of his past with Ursa and her letters from Ikem, information that could serve as an opportunity for Azula to take the throne from Zuko.

Ozai was later visited by Ursa in his prison during the latter's visit to the Fire Nation Capital. Having heard of her arrival, Ozai confidently assured her that she was making a mistake by returning to the capital. Raising his voice in anger, he vowed to hurt her and everyone she loved. His threat left her unfazed, however, as she simply retorted that she could finally truly see him: While he tried to be "big", he had a small heart and no room for love for anyone, including himself. Taken aback at her words, Ozai sputtered as she turned and walked away, demanding to her back that she turn around and grovel before him, but Ursa ignored him as she left the outer cell.

## Legacy

As it had contributed to the end of the Harmony Restoration Movement, Ozai's advice to Zuko also indirectly contributed to the formation of the United Republic of Nations. Zuko ultimately was able to steer the Fire Nation away from Ozai's style of rule and world view.

By 124 AG, it was more widely known that Ozai had poisoned his father Azulon.

---

When I was done they were ALL HORRIFIED!

Fiona Hernandez: That is unbelievable!

Marie Hernandez: Horrible! Sozin wanted to turn ALL The lands into the Fire Nation by force!? And he wiped out the entirety of the Air Nomads but missed Aang?

Nicole Hernandez: That is so awful!

Nico: Yeah it sure was. That's why Sozin, Azulon and Ozai will forever be remembered as the Fire Nation Devils.

King Shark: From what Jet told us, Hama was one of the Fire Nation's victims.

Nico: That's right. 75 years ago, the Fire Nation kidnapped her during the Southern Water Tribe Raids and she lost her sanity while in prison and she wanted to get revenge on the entire Fire Nation and to do so she invented the art of Bloodbending. She vowed to get revenge on the Fire Nation by any means necessary.

Me: Normally I would feel sorry for her but not this time.

Eli: Yeah.

Nauthilax: From what you guys told us, the Air Nomads got better.

Me: That's right. Thanks to our Air Nomad restoration program the Air Nomads are almost completely restored thanks to the number of volunteers that we've had.

Nico: Its been a really huge success.

Katara: And I'm happy that the Air Nomads are back to full prosperity.

Nico: Me too.

Me: Yep. We also have the Southern Water Tribe Restoration Program in full swing too.

Eli: Good.

Common Cold: Sozin also met his end when Nico, J.D., and the rest fought Dr. Wasabi.

Nico: I remember that.

Me: Yep. I killed that monster. And I cursed him with the ultimate fate worse than death. Eternal Exile as a Discombobulated Soul in Limbo. It's like what happened to Voldemort in the Harry Potter books.

Nico: That's a really fitting punishment for a monster like Sozin.

Me: The reason I was like that was because of lack of sleep before, during and after the April 12th War of Equestria.

Nico: That's right.

Eli: But at least you got some sleep after that bro.

Me: That's true.

Whirlwind: By the way J.D. I noticed that Eli's eyes are now glowing neon blue. Did Eli take the Melange spice like you did in Dune?

Nico: It was inadvertently. He took it through the air on Arrakis.

Me: Yeah it was cool though. It now unlocked his full potential and power.

Nico: I really am sorry, J.D. I just noticed said glowing blue eyes this morning.

Proto Man: It's okay, Nico. It's not your fault.

Me: It just blew through the wind like that and besides Eli looks awesome with Glowing Blue Eyes.

Eli: I sure do.

Nunnally: I think it's really awesome that Eli looks like this.

C.C.: I do too.

Ariel: Eli looks so awesome like this.

Elena of Avalor: He sure does.

Nico: Good.

Fireor: There's also the fact that Katara and Aang got married.

Zuko: That's right and we're so happy for them.

Me: We sure are.

Fiona Hernandez: But what really saddens me Zuko is the fact that your mom went through a life that she never at all wanted.

Eion: Yeah that's terrible.

Zuko: I know.

Nico: Can you believe that? Ozai forced her into a life she didn't want and that was terrible.

Kiyi: Yeah Ozai was an awful man.

Me: He was worse than that Kiyi. Your half father was a devil.

Kiyi: Yeah he was.

Nico: Yep. But you are a strong and golden hearted Firebender too.

Kiyi: Thanks Nico.

Iroh: She sure is.

Me: Yep and Ursa made the right call when she confronted Ozai in the Neptune Prison.

Iroh: She most sure did.

Me: Yep and Kiyi left her mark on him. She fired a blast of fire into Ozai's face and burned him. Inflicting the same kind of scar that Ozai gave Zuko.

Nico: (Laughs) Justified Irony. Ozai gave Zuko a scar like that, now he has a scar like Zuko has.

Me: Yep.

King Stefan: Well, I think we should get a move on finding Hama.

William: You're right, your majesty. For all we know, she could be Bloodbending someone else right now!

Katara: And I know just where to find her.

Me: From what I heard Katara she had a hotel somewhere.

Katara: That's right. Follow me.

We followed Katara. We then arrived at the inn that we found out about.

Nico: This must be it.

Katara: Yep.

Nico: Sure looks like a nice hotel.

Billy Numerous: Let me clone some help just in case.

Billy made 310 clones of himself.

Nico: Good thinking.

Eli: I sense she is in there.

Me: Shall we do the entrance?

Maria: First, let's take a look around.

Mushi: This place is creepy.

Nico: Good idea. We better do some reconnaissance work first.

We got to hiding in the trees and Stella and Pinkie Pie used drones to help us get a lay of the land from the air, Lisa used a mosquito sized drone that flew into the hotel and Penelope and Lincoln used RC Car drones.

Nico: Guys, I want to apologize for being harsh earlier. I'm just doing my part in being the best leader you guys will have.

Vulkanus: It's okay, Nico. All leaders are strict.

Me: It's all right Nico. You were just doing your job as leader and I made the right decision to make you full time leader. You earned it.

Nico: Thanks J.D.

Me: You're welcome.

We saw the hotel from above, inside and on the ground and it was a nice hotel.

Vulkanus: Sure is a nice hotel.

Me: If you like living in a torture chamber.

Eli: That's the exact term I would use for it.

Zuko: Same with me.

Vinyl Scratch: Yeah.

Suki: No kidding.

We saw Hama at her deck.

Me: There sure is.

Nico: That fiend.

Beastbox: Time for our entrance.

Nico: Lets get her.

We went at the hotel.

Hama was smirking but then the spirits of The Elements of the Digital Age swirled around her and then converged and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted through the wall and a phoenix cry was heard and then we came out.

Hama: Who are all of you!?

Nico: Team Loud Phoenix Storm! Hama you are under arrest!

Me: We're taking you in Hama!

Hama: We'll see about that!

Zuko: Hama the war with the Fire Nation is over now.

Me: That's right! The War is over. Ozai is now in prison where he belongs. Zuko is now crowned as Fire Lord and he's leading the Fire Nation into the path of redemption and peace.

Hama: Is that right?

Nico: Yeah it is.

Hama: (about to use her Bloodbending) You all won't be so tough in a minute!

Whirlwind: (to Ed) Might as well humor her a bit.

Ed: Okay!

What she didn't know however was that we had bracelets on that prevented her Bloodbending from controlling us!

Then Ed pretends to get beat up in a surprisingly convincing manner.

Ed: [invisible punches flying] No, please wait. [grunting as more invisible punches hit him and an elephant sound is heard when Ed's head is hit. Ed is being thrown into the air and on the ground, then given a wedgie] No, please, have mercy! [Ed is kicked into the background]

CRASH!

Hama: (happy) I can't believe it. My bloodbending actually took down one of your strongest members!

Nico: Oh that was all just a ploy.

Me: Here's the real deal.

I used her own Bloodbending against her and made her feel what she "did" to Ed and she was REALLY THRASHED ALL OVER and we were laughing hysterically!

Me: (LAUGHS) That was funny.

Nico: (LAUGHS) It sure was! Wow!

Then Solomon Grundy, David Cain, Manta Bayarsh, Black Knight Ghost, Hydros, MetalSeadramon, Beautiful Gorgeous, Touch & Go, and Girder appeared.

Nico: Grundy, David Cain, Manta Bayarsh, Black Knight Ghost, Hydros, MetalSeadramon, Beautiful Gorgeous, Touch & Go, and Girder.

Grundy: Ed okay?

Ed: I'm okay, Grundy. (Laughs)

David Cain: Why did you pretend to get beat up like that?

Eddy: To lure Hama into a false sense of security.

Manta Bayarsh: It honestly was clever.

Lily: Strange part is that Patrick and SpongeBob did the same thing to help SpongeBob get into the Salty Spittoon.

Nico: Wow that's clever.

Black Knight Ghost: (to Nico) We heard you and Eli went into the events of the Dune Movie.

Nico: We sure did.

Hydros: How was it?

Eli: Check out my eyes.

Eli showed that he had glowing neon blue eyes.

Hydros: The eyes of the spice! Wow!

Nico: Yep.

?: That is cool.

A figure came out and it was MESHIUBAINDAVER from episode 8 of Kyuranger!

---

His Moraimars was located relatively close in Japan to those of Mamoritsuyoindaver, Megatsuyoindaver, Metchatsuyoindaver, Mutchatsuyoindaver. As such, they were targeted in the offensive Operation Stardust by Shou Ronpo. Meshiubaindaver's was the third to be attacked by the Kyurangers. However, unlike his neighboring Daikaans who went down with their Moraimars, Meshiubaindaver was occupied seizing food from his human populace while his Moraimars was destroyed by the Voyagers of Ookami Blue, Washi Pink and Sasori Orange.

Following this, Meshiubaindaver angrily confronted Spada, Lucky, and Hammie, who were cooking food for his starving citizens. Engaging them in a skirmish, Meshiubaindaver and his Indaver were ultimately destroyed by Kajiki Yellow, Shishi Red and Chameleon Green.

---

Spada: Meshiubaindaver!

Meshiubaindaver: Been a while Dorado Ranger.

Nico: I remember you! You were sent to steal food from the people of Earth for the Jark Matter.

Meshiubaindaver: Yep. Good memory on you Nico.

Nico: Never missed an episode.

Meshiubaindaver: (to Spada) I honestly was hoping to eat your cooking.

Spada: You can still have some if you want.

Meshiubaindaver: Thanks.

Me: I do love your cooking Spada. It's always fun.

Spada: Thanks J.D.

Me: You're welcome.

We got the usual battles underway.

---

David Cain was next.

David Cain: (to Palutena) I heard Lincoln's rescue was in the Cul De Sac again. How was it?

Lady Palutena: It was really awesome. We rescued a bunch of girls and threw another bunch of Kanker Sisters in prison and we lived the entirety of Ed's favorite movie Robot Rebel Ranch.

Princess Luna: That was a crazy and awesome movie.

Moondust: But it was a really funny adventure.

Blackout: It sure was great.

Lincoln: And it was awesome and great and we saw how the Ed's found their hangout van.

Linka: That was so awesome to see.

Surge: It sure was cool.

David Cain: That is amazing! Lets do it!

They fired waves of darkness and lightning and smashed him down.

Palutena: That was awesome!

Princess Luna: A True Victory of the night!

## Taylor (Loud House), Fluttershy, Tornado Bolt, Life Skylanders, Fumiko the Kitsune, Tyrone McGee, and Terrence vs Manta Bayarsh - Meeting a Stardust Dragon Gene-Slammer

---

Manta Bayarsh was next.

Manta Bayarsh: (to Taylor) I heard you guys met a Stardust Dragon Gene-Slammer. What's her name?

Taylor: Her name is Joy Kiramensikov and she is from Russia and she is one of the girls that stopped Flip.

Fluttershy: That guy has some serious issues.

Tornado Bolt: He sure did. It's a really awesome story. It happened long ago after the rescue J.D., Varie and Laney did, you see, Joy went to Flip's Food and Fuel undercover. She noticed that Flip was up to something sneaky, and she had a tape recorder ready and playing. It recorded everything that Flip was planning: he was planning to kill the Louds by sending them into a whirlpool that will take them to Skull Island, the home of Kong. He had planned to kidnap them, tie them up, and send them on a boat that will take them to the whirlpool that will take them to Skull Island. Flip had found out that Lincoln was onto his scams, and he could not let him or his entire family live. When the tape was done, she ran out of Flip's, and went to the Loud House, and she played the tape recording of Flip's plan to kill them. When the tape was done, everyone's eyes in The Loud House turned red with rage, including Lynn Sr., who had known Flip since Camp Mastodon. But, she didn't stop there: when she played it to the rest of Royal Woods, everyone wanted Flip's head mounted on a pike, and they surrounded him near the Royal Woods Shopping Mall. But, before anyone can get in, the Louds got to Flip first, and they were so mad, they proceeded to pummel Flip brutally, and it was utter mayhem. Lincoln knocked out all of Flip's teeth, top and bottom, Lynn Sr. and Luna gave Flip two black eyes, Rita punched Flip hard in his big nose, and the sisters, well, you can guess the rest. Flip was about to be cuffed by the cops, but he escaped and hid in a secret basement at Flip's Food and Fuel, and his plans were scrapped.

Manta Bayarsh: Goodness! And I guess that all happened after Lincoln revealed everything about Flip spiking the Flippie's with Angel Dust and making his beef jerky out of roadkill and washing his socks in nacho cheese.

Tornado Bolt: Yes it did.

Stealth Elf: That was crazy!

Fumiko: Yeah. I had no idea all this happened. Princess Luna hurled her guts out and so did Chunk of the Ripping Friends.

Manta Bayarsh: I heard all about that from Myotismon. UCH! Flip could very well be considered as a weapon of mass destruction that should be banned by the Geneva Convention.

They laughed!

Taylor: That's true.

Manta Bayarsh: Yeah. How did Flip get arrested?

Fluttershy: Before Flip escaped J.D. put a tracer onto him and the FBI and police found him.

Manta Bayarash: Very clever. That clod definitely got what's coming to him. Lets do it!

They fired waves of leaves, grass, flowers and energy and smashed him down.

Taylor: ALL RIGHT!

Fluttershy: That was fun.

---

Hydros: (to Azulongmon) It's clever how Ed used what Patrick did to fool Hama. (confused) But how DID Patrick pull that off the first time?

Azulongmon: He faked a fight with SpongeBob to help him get into the Salty Spittoon. It was a really tough sailor club.

Rainbow Dash: I think it was so awesome. The Salty Spittoon sounds like my kind of club.

Scootaloo: Me too. And we would really love to rough up all those guys.

Whirlwind: Yeah that would be awesome.

MetalSeadramon was next.

MetalSeadramon: (to Noah) Katara made the right call outlawing Bloodbending. (eyes narrow) You guys hadn't been using Bloodbending, have you?

Noah: Absolutely not. After how Amon did that on J.D. when we first went to Republic City and killed him we made a pact never to use that unless absolutely necessary. And J.D. used it on Hama to get beat up like Patrick did.

Rarity: That was really most funny darlings. It was so amazing!

Sweetie Belle: You said it. We haven't laughed that hard in our lives.

Gill Grunt: That was so funny.

Water Hazard: Yeah it sure was funny.

Rita: Well she does need a lot of help and she needs a lot of rehabilitative therapy too.

Princess Celestia: I agree. She did nothing to deserve such horrible treatment.

Amber Morning: I agree. What happened to Hama was unforgivable. Ozai and the Fire Nation when they were at war really damaged her!

Spotlight: Yeah no kidding!

Squidward: They really messed her up.

Mucilator: Big time.

Erza: You said it! What Ozai, Azulon and Sozin all have done over the course of 100 years is completely and utterly unforgivable. Countless people all have died and an entire nation was almost completely wiped out!

Twilight Sparkle: Yeah what they did brought the Air Nomads teetering on the razors edge of extinction.

Spyro: Yeah it was to break the Avatar Cycle.

Suriko: The way I see it, those monsters all brought all their crimes all on themselves.

Xigbar: That they sure have and J.D. cursed Sozin with the ultimate fate worst than death.

Erza: Yeah he sure did! Ozai is in prison as a disgraced Fire Lord, Azulon may come back and Sozin is now in Limbo for all eternity, never to pass on into the afterlife.

Xigbar: Good riddance. I wouldn't be surprised that the same thing will happen to Ozai and Azulon in the future so that infernal family of malevolence.

Corina: I don't blame everyone for getting angry at you like that. You did ruin Lincoln's date like that.

Corina: That's right! Your mentor is Yosemite Sam, one of Bugs Bunny's awesome adversaries. Been great since 1945.

Montana Max: You said it. And just like him I'm the roughest toughest he-man stuffest hombre that's ever crossed the Rio Grande!

Corina: You said it! And you are also no nampypampy! Unlike a certain red-haired girl I remember with a skull bow.

MetalSeadramon: Well, that's one less Bloodbender out there.

Katara: Is it wrong that I still feel bad for Hama?

Beautiful Gorgeous: Nope. I feel bad for her too.

Me: Me too.

Xigbar: But we still gotta throw her in prison.

Mr. Go: At least she can't hurt anyone in there.

Girder: Well, she might hurt any cellmates she has.

Me: Not for long. (Snaps fingers)

A wave of spiritual energy swept over the planet and erased Bloodbending from existence forever.

Me: I erased Bloodbending from existence forever.

Nico: Good thinking J.D.

Aang: Just for a measure.

Aang used his Energybending and then Hama glowed and she tried to use her Waterbending but nothing happened.

Hama: What happened? What have you done to me?

Aang: I took away your bending.

Me: Whoa! Just like with Ozai, Aang stripped her of her bending.

Nico: Smart thinking.

Katara: Yeah.

I beamed her to the Neptune Prison Solitary Confinement wing.

?: I will have my revenge on all of you for ruining my plans to take over the universe, Team Loud Phoenix Storm!

Nico: I should've known there's no mistaking that voice from anywhere. You can come out now, Anti-Cosmo.

A figure came out, and it was none other than our old enemy from three years ago, Anti-Cosmo, the Anti version of Cosmo, and the leader of The Anti-Fairies.

Me: Should've guessed you'd show up yet again, Anti-Jerk. You just don't even know when to quit, do you?

Anti-Cosmo: It's because of what you all did to me and to my fellow Anti-Fairies that I hate all of you with every inch of my black heart!

Our energy auras flared up because of Anti-Cosmo's hatred.

Nico: Sheesh, I think three years in the River of Fire's already destroyed your mind, and you've gone from being the brilliant villainous mastermind to being even stupider than Cosmo.

Cosmo: Hey!

Timmy Turner: And I've had it up to hear with you to last an eternity, Anti-Cosmo!

Suddenly, Timmy Turner's sapphire blue eyes turned neon sapphire blue and he was surrounded by a white energy aura with fairies, angels, magic, and elemental forces, he summoned his massive Angel Mage's Staff of The Holy Trinity, and as he approached Anti-Cosmo, he left white energy, fairies, angels, magic, and elemental forces with every step.

Timmy Turner: You just don't even know when to quit, do you, Anti-Cosmo? We keep beating you at your own game, along with the rest of those Anti-jerks, but you never could learn your lesson. Well, this time, I'm going to make sure that you and the rest of your fellow Anti-Jerks never return from the dead to plague us ever again!

Suddenly, Timmy Turner was surrounded by a massive vortex of white energy with magic, fairies, angels, and elemental forces surrounding, and we also heard an angelic choir singing, there was a fairy and an angel flying around the vortex, and inside the vortex is a gold phoenix. Then, as the vortex faded, Timmy Turner emerged, but he was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

The 7'0" tall and extremely muscular Timmy Turner remained the same, along with his new clothes and massive white angel wings with yellow tips on the large white feathers, and he now has eight large colored orbs orbiting around his legs, he has blue highlights in the bangs of his long chocolate brown hair that reached the bottom of his neck, he has neon sapphire blue eyes and a white energy aura with fairies, magic, angels, and elemental forces surrounding him, he has an angel holding the Element Kanji in its hands and was accompanied by two fairies emblazoned on his forehead, he has on silver angel earrings with pink crystal gems for the eyes and holding the Element Kanji in its hands and his large Crystal Necklace of The Buddha with pink and green crystals for the links and a fairy with green gems for its eyes and with the Magic Kanji in its hands. Timmy Turner now has on a pair of white gloves with silver claw rings, and on the back of his neck is the constellation of Lupus the Wolf.

Timmy Turner has his massive Angel Mage's Staff of The Holy Trinity in his massive left hand, and he has on his new large gold cuff Bracelets of the Champions of The Universe with pink gems on his wrists, large gold Belt of Elemental Bravery with an angel and two fairies on both sides holding a large pink gem for the belt buckle on his waist, white Spellbook of The Gods and The Universe on his left hip and Eater of Sins revolver holstered on his right hip, and a Blue Lantern Corps ring on his right ring finger. Timmy Turner has an angel with two fairies at its side on the back of his long white long-sleeved coat, and there's a gold kanji below the angel that said, "Timmy Turner, Chosen One and Defender of Dimmsdale and Fairy World, Loving Fairy God Child of Cosmo and Wanda, Loving Fairy Godbrother of Poof, Loving Son of Mr. and Mrs. Turner, Destroyer of Denzel Crocker and Many Villains, Loving Boyfriend of Trixie Tang, Loyal Friend to Many, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Powerful Student of Powerful Teachers, and Master of Magic, Angels, Fairies, and Elemental Forces."

ティミー・ターナー、ディムズデールとフェアリーワールドの選ばれた一人であり擁護者、コスモとワンダの愛する妖精の神の子、プーフの愛する妖精のゴッドブラザー、ターナー夫妻の愛する息子、デンゼルクロッカーと多くの悪役の破壊者、トリクシーの愛するボーイフレンド唐、多くの忠実な友人、悪の殺し屋、混乱した、殺人、冷酷、そしてサディスティックな野郎、強力な教師の強力な学生、そして魔法、天使、妖精、そして元素の力のマスター

Timmy Turner has transformed into SUPER ANGEL INFINITY CELESTIAL ELEMENTAL FAIRY ANGEL OF MAGICAL JUSTICE AND CELESTIAL HOPE!

We were amazed by Timmy Turner's Super Angel Infinity transformation, and when Trixie Tang saw what what happened to him, she had an atomic red blush on her face and hearts in her eyes, but when Anti-Cosmo saw it, he fell into a rage and fired a blast of dark magic from his wand, but Timmy Turner fired a powerful blast of white energy with magic, fairies, angels, and elemental forces, which hits Anti-Cosmo, and sent the Anti-Fairy back first into a wall.

Nico: (Stunned) Whoa, Timmy's transformed into his new Super Angel Infinity form, that's so awesome!

Lincoln: And he's definitely going to put an end to that Anti-Jerk for good.

Wanda: Wow, Timmy, you look amazing. How do you feel?

Timmy Turner: (Divine Echoing Cosmic Voice of The Angels and Magical Hope) **I feel incredible, Wanda, and now, it's high-time for me to get rid of that Anti-Jerk once and for all.**

Timmy Turner went at Anti-Cosmo, who fired blasts of dark magic from his wand, but Timmy dodged them all, and he fired powerful blasts of white energy, magic, elemental forces, angels, and fairies at Anti-Cosmo, and they exploded with incredible power as they hit him. Then, he attacked Anti-Cosmo with his massive Angel Mage's Staff of The Holy Trinity whacking him with every swing and firing pink energy blasts, which hit the Anti-Fairy. Then, Timmy Turner fired a powerful red energy blast, which hits Anti-Cosmo, and he sucked out every last bit of Anti-Cosmo's magic and powers, and he and the rest of us made them our own, and we also assimilated his powers and abilities. Then, Timmy made a white magic circle with runes around it, and they chained Anti-Cosmo up.

Timmy Turner: **Now, to make sure you never come back, Anti-Cosmo.**

Timmy Turner then drew a kanji on Anti-Cosmo's forehead, and it also affected the other Anti-Fairies whose spirits who are in Oblivion.

Timmy Turner: **This is the end, Anti-Cosmo, may you never return. UZUMAKI BLACK JUDGEMENT SEALING ART: BLACK GATES!**

Timmy Turner came back to us, and Anti-Cosmo and the spirits of the other Anti-Fairies who are in Oblivion were then confronted, and after being found guilty, Anti-Cosmo and the other Anti-Fairies were then erased from existence forever. We cheered wildly for what

Timmy Turner did as he holstered his massive Angel Mage's Staff of The Holy Trinity on his wider and more muscular back and powered down, and the improvements to Timmy Turner's attire, clothes, weapons, jewelry, angel wings, and eight large white orbs orbiting around his legs are permanent. We then went up to Timmy Turner, and we hugged him.

Nico: Awesome job, Timmy. You got rid of Anti-Cosmo, along with the other Anti-Fairies, for good, and now, we'll never have to deal with them ever again.

Timmy Turner: Thanks, Nico.

Then, Trixie Tang went up to Timmy Turner, and they shared a romantic and passionate kiss, and we saw the display of the elemental forces, along with seeing fairies and angels flying in the skies. We all cheered for them.

Nico: That's it for Hama and the terror of Bloodbending. Great job today everyone.

Me: Thanks Nico.

Katara: (To the viewers) This was one awesome and amazing adventure. Hope you all liked it and we've now been freed of the terror of Bloodbending for good.

Me: We sure have.

Nico: Yep. Lets go home.

We went back home and enjoyed the rest of the day and went to sleep.

Another awesome fanfiction done.

This was a battle with the insidious Hama the Puppetmaster and it was hard to imagine that she was that crazy in the series. But I do feel sorry for her too. The episode she came in premiered on November 9th, 2007 and that was crazy! The first part was for the 1984 movie Dune and that was a great movie. Even though a lot of stupid critics didn't think so. The second part was for the episode Dawn of The Ed's and that was a really funny episode! One of my all time favorites. That episode aired on January 25th, 1999 and it was awesome and really funny. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be in the world of Dr. Jekyll and Mr. Hyde from 2002 and Nico and Haiku are going to destroy Mr. Hyde and also meet a Transylian Gene-Slammer named Francine Lorrington. She is one of Nico's friends from Art Class. Lincoln's Next Rescue is gonna be in the awesome Teen Titans episode Things Change and they are not only going to meet a Red Dragon Archfiend Gene-slammer named Yuriko Yamaguchi but they are also going to remind Terra of who she is. Yuriko is also going to reveal a huge dark secret about Lynn that nearly landed her in prison forever. Also after that we're finally going to face General Immortus, the last of the Brotherhood of Evil and Fiona Hernandez is going to transform against him. Get ready to laugh your heads off as we live one of Billy's crazy and awesomely funny adventures as we find out what is causing Billy to get incredibly horrible Bad Luck and how it's nearly going to kill him in the end.

See you all tomorrow.

# DUMB LUCK

This chapter is a Parody of the The Grim Adventures of Billy & Mandy episode Dumb Luck

---

In Victorian Era London, Nico and Haiku were walking around the city of London.

Nico: Thanks for coming with me, Haiku.

Haiku: It was my pleasure Nico and it's amazing that we're here in Victorian Era London.

Nico: This is one of my favorite time periods. And I feel like this part of the city is very familiar.

Haiku: I feel the same way. Something is going down here.

They saw Scotland Yard Inspectors looking at the badly ripped apart bodies of many women.

Nico: Oh good god! What the hell would cause these bodies to be destroyed with such savagery?

Haiku: Looks like the work of a werewolf.

Nico: I don't think so. Werewolves would rip the entire body to shreds. These bodies were all pulverized with extreme brutality.

Haiku: Wicked.

Nico: Haiku, I have a plan for when it's time to take out Yost Doom. Wanna hear it?

Haiku: Why not?

Nico: Okay. My plan is to let Doom back into his castle with only half of his strength. The other half goes to Yost Reed. And Doom will have a tracking chip in his brain which will lead us to him. That way, after we kill Doom, we can have access to all the toys in his castle. What do you think?

Haiku: That's a genius tactic.

Nico: Thanks. We got to find out what's causing this.

Haiku: Right.

But then…

THUNDERCLAP THUNDERCLAP!

Nico and Haiku looked up and they saw purple lightning streaking across the sky.

Nico: WOW! Purple Lightning.

Haiku: Wow. That is something.

Nico: It IS something. Something not normal.

Haiku: Ben told us that he encountered something very strange purple lightning in the skies over New Mexico, South Carolina and Cape Canaveral.

Nico: Yeah and it was Dr. Viktor's handiwork. This is not Dr. Viktor's handiwork. I would have sensed it. This is the work of something else.

Haiku: I agree there.

Nico: We need to get closer.

They walked around and they got closer and the Purple Lightning was erupting out of the ground? That's strange.

Nico: Wow! Purple Lightning erupting out of the ground and shooting into the sky? How strange.

Haiku: That means we're getting closer.

LOUD THUNDERCLAP!

Nico: Right around the corner.

Then they heard someone laughing like a really fucked up lunatic and Nico knew that laugh all too well!

Nico: That laugh! That's MR. HYDE!

They rounded the corner and they saw a Transylian fighting Mr. Hyde!

They went to help out.

Nico: Need a hand?

Nico swooped in and punched Mr. Hyde in his face.

Transylian: (In a girl's voice) Thanks for the help. Wait a second. Nico?

Nico: Francine!? Francine Lorrington? Wow it's awesome to see you again!

Transylian: Same to you Nico! Wow! You sure have grown big.

Nico: I know.

Haiku: Pleasure to meet you Francine. I'm Haiku.

Transylian: Awesome to meet you.

Nico: I'm not the only one's grown big.

Transylian: I'll have to check it out later. Right now we have a maniac to take down.

Nico: Wait look!

Mr. Hyde changed back and he was back to Dr. Jekyll!

Nico: Dr. Henry Jekyll!

Haiku: He's one in the same.

Nico: A Split Personality.

Dr. Jekyll: You got to help me.

Nico: Stand down, Doctor. Don't make us kill you!

Dr. Jekyll: You got to help me! I can't control Hyde!

Nico: Then we can free you from this monster!

Nico fired a blast of light and it hit Dr. Jekyll and then a blob of darkness separated from him and MR. HYDE WAS NOW ON THE OUTSIDE!

Nico: Now he's on the outside for everyone to see.

Transylian: BY GEORGE!

Francine then reverted back and she was a girl with purple hair and purple eyes and had purple clothes.

Nico: Awesome!

Francine: We got to destroy this demon.

Nico: He needs the most powerful lobotomy we can muster!

Haiku: (to Francine) Sure it was a good idea to revert back when Hyde hasn't been dealt with yet?

Francine: Don't worry. I have full mastery over my powers.

Francine fired a powerful blast of purple lightning from her hands and it hit Mr. Hyde and electrocuted him all over the place.

Nico: WHOA! That is awesome Francine!

Francine: It sure is. I had some outside help that gave me great guidance. It was one of my Transylian half's kind.

Nico: You must mean Dr. Viktor. He's a Transylian and in our frenemies.

Francine: That's him. He was a great help and he gave me the awesome outfit.

Nico: Cool!

Haiku: That was great he helped you.

Nico: It sure is.

Haiku: What's your favorite memory of Nico?

Francine: Me and Nico were in art class and we had one of the most hardest projects ever known.

Nico: I remember that. Our project was to make a clay sculpture that's a 3D model of a painting from one of the works of the great masters. I picked Salvador Dali's Persistence of Memory.

Francine: And I chose Vincent Van Gogh's Starry Night. That's my favorite.

Haiku: Wow.

Nico: Yep. It took us 3 weeks to get our projects done perfectly because they were due at the end of the semester but we did it and got A+'s on them.

Francine: And a lot of blood, sweat and tears to do them.

Nico: Yep.

Haiku: That is really something.

Nico: Remind me to thank Dr. Viktor next time he's in the usual battles.

Haiku: I'll make a note for that.

The lightning faded and Mr. Hyde was down and burned all over the place and then they tied him up.

Nico: That did it. Dr. Jekyll was brought over and he was weak and exhausted.

Dr. Jekyll: (Weak and tired) Thank you. Thank you.

Nico: You're welcome Doctor.

The police grabbed Mr. Hyde.

Nico: Looks like Mr. Hyde is going right to the gallows.

Haiku: He sure is.

Francine: Yeah it is.

Nico and Francine hugged.

Francine: I've missed you a lot Nico.

Nico: Me too.

They went back home and took Dr. Jekyll to the infirmary to rest.

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, Sima Yi, Robin, Starfire, Raven, Cyborg, Beast Boy, Tara, Geoforce, Queen Markov, Gloria Markov, Gloria and Selina Markov, Fiona Hernandez, and Loud House Maggie were heading to the Simulator, and this time, the destination is Jump City, and not only is Lincoln going to rescue the sixteen girls there, but we're also going to remind Terra of who she is, and we're also going to face General Immortus, the last of The Brotherhood of Evil, and we got word that a Red Dragon Archfiend Gene-Slammer is here too. The Simulator activated, and we were in Jump City.

Lincoln: Wow, we're in Jump City.

Me: So, this is Jump City, this place is so awesome.

Robin: It's been a long time since we left Jump City, but the place still looks as peaceful as ever.

Lincoln: And I know what we're going to do here, not only am I going to rescue the sixteen girls there, but we're also going to remind Terra of who she is, and we're also going to face General Immortus, the last of The Brotherhood of Evil, and end him for good.

Nico: That's right, big guy, and this is going to be awesome. I remembered you telling me and J.D. on your Hawaiian vacation about what you did during your rescue. You and your sisters did an awesome job in killing Madame Rouge, along with Princess Shroob, in the Earth Sensei Realm in the Skylands.

Lori: And we had them banished to Oblivion for good.

Guo Jia: And I already know of what's going to happen when we face General Immortus.

TLPS Mr. Wolf: That's right, Guo Jia. Immortus is getting The Black Gates, and it'll also affect the rest of The Brotherhood of Evil, who are in Oblivion, and then, we'll be rid of The Brotherhood of Evil for good.

Lincoln: First, let's go find Terra's Simulator counterpart. Beast Boy, where did you find Terra at?

Beast Boy: She's at Murakami School, Lincoln.

Robin: We'll show you guys where it's at.

Lincoln: Thanks, Robin. And thanks for joining us, Fiona Hernandez and Maggie.

Fiona Hernandez: You're welcome, Lincoln.

We then head for Murakami School in Jump City, and it seemed like a normal typical high school, then we saw who we were looking for, it was Terra's Simulator counterpart. We headed off to meet her and also, remind her of who she is. She met with us outside the school, then, Lincoln proceeded to do his thing by letting Terra's Simulator counterpart look into his deep blue sapphire eyes, and then, she'd felt something flood into her: it was her memories of the past, from her childhood along with meeting the Titans, and of course, of her time being Slade's apprentice. Lincoln was all finished, and suddenly, Terra's Simulator counterpart saw her hands glowing, and she was also surrounded by a yellow energy aura, and her eyes glowed yellow: Terra's Simulator counterpart had her powers back.

Simulator Terra: Now, I remember everything. Guys, I…

Robin: It's okay, Terra, and there's someone you should meet.

Simulator Terra then met the Terra and Beast Boy from our world, and they told her that they got married on Tamaran, and they also have two beautiful daughters, and they have their parents' powers, and she also saw that she's been reunited with her long lost sister, her mother, and her brother. Then, Simulator Terra merged with the Terra of our world.

Lincoln: That's one part of our mission done: now comes the final part.

?: HELP!

Suddenly, Lincoln heard the sound of sixteen girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the sixteen girls, but they've been cornered by General Immortus, and he's going to kill them.

Lincoln: Guys, I found the sixteen girls, but they've been cornered by General Immortus, and he's going to kill them.

?: (Japanese Accent) Then, let's hurry and stop him.

We then saw a Red Dragon Archfiend appear before us.

Lincoln: That voice, I knew it's you, Yuriko Yamaguchi, and you're right, we'll talk later, now we've got the last member of The Brotherhood of Evil to kill.

We headed on over, and Lincoln fired a powerful blast of crimson red searing hot flame, which hits General Immortus in the back, and it burned him badly, and it allowed the girls to get to safety. When General Immortus saw us, he was indeed enraged to see us.

General Immortus: So, the famous Team Loud Phoenix Storm, along with those pesky Titans have all arrived? Perfect, now, I can get my revenge on all of you for what you did to The Brotherhood of Evil.

Lincoln: Madame Rouge thought the same thing when she came back from the dead, Immortus, but she was dead wrong, and she paid the price.

Fiona Hernandez: That's right, and now, it's your turn.

Suddenly, Fiona Hernandez' red eyes turned neon red, and she was surrounded by a red energy aura with searing red hot flames and dragons, and as she approached General Immortus, she left red energy, searing red hot flames, and dragons with every step.

Fiona Hernandez: Immortus, I will never forgive you for the crimes that you have committed over the centuries, along with the crimes that you've committed during your time as a member of The Brotherhood of Evil. You have lived for far too long, and now, I will see to it that you will perish for all of your crimes.

Suddenly, Fiona Hernandez was surrounded by a massive vortex of crimson red energy with crimson red searing flames surrounding the vortex, we then saw the evil Dragon Sacred Beast, Uria, Lord of Searing Flames flying around the vortex, and in the vortex is a red phoenix. Then, as the vortex faded, Fiona Hernandez emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Fiona Hernandez grew to 6'5" in height, she had the body of a goddess and she has red highlights in the bangs of her long crimson red hair, she has neon red eyes and a crimson red energy aura with crimson red searing hot flames and dragons surrounding her. She has Uria with the Fire Kanji in its claws emblazoned on her forehead, she has on dragon earrings with crimson red crystals for the eyes and the Fire Kanji in its claws, and she also has on her Crystal Necklace of The Buddha with crimson red crystal links and a dragon with crimson red crystals for eyes and holding the Fire Kanji in its claws for the pendant. Fiona Hernandez suddenly felt a sharp pain on her back, and then, massive crimson red angel wings with black tips on the large crimson red feathers sprouted out of her back.

Fiona Hernandez has a brand-new large sword in her hand called Uria's Crimson Sword of Searing Fiery Justice, it's a large sword with Uria, Lord of Searing Flames, etched on the 6'5" massive, wide, double-edged, man-sized crimson red blade, Uria's wings for the crossguard, large crimson red gem for the hilt, longer black handle, and four large crimson red dragon heads with crimson red gems for the eyes for the pommel and four large red gems in its mouths. There's a black kanji below Uria that said, "Fiona Hernandez, Loving Future Wife and Friend of Nicolas Chan, Gene-Slammer of Uria, Lord of Searing Flames, Sister of Marie and Nicole Hernandez, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Emissary of Arachne, Powerful Student of Powerful Teachers, and Master of Crimson Red Searing Flames, and Dragons."

フィオナ・ヘルナンデス、ニコラス・チャンの愛する未来の妻と友人、ウリアのジーン・スラマー、灼熱の炎の主、マリーとニコール・ヘルナンデスの姉妹、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、アラクネの使者、強力な学生強力な教師の、そして深紅の赤い灼熱の炎のマスター、そしてドラゴン

Fiona Hernandez has transformed into SUPER ANGEL INFINITY CRIMSON RED SEARING FLAME DRAGON ANGEL OF SEARING HEAT JUSTICE AND FIERY LOVE!

We were amazed by Fiona Hernandez' Super Angel Infinity transformation, and when Nico saw it, he had an atomic red blush on his face and hearts in his eyes. But, when General Immortus saw it, he fell into a rage and tried to kill Fiona Hernandez, but Fiona fired a powerful crimson red energy blast with crimson red searing hot flames, and it hits him and burned him.

Lincoln: Awesome, Fiona's transformed.

Nico: This is so awesome. Fiona, how do you feel?

Fiona Hernandez: (Divine Echoing Cosmic Voice of The Searing Flames and Draconic Love) I feel incredible, Nico, and now, shall we put an end to Immortus?

Lincoln: Let's do it.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sima Yi, and Sun Quan got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs, Loud House Maggie got out a sword of darkness, The Titans got out their swords, and Me, Eli, Nicole, and Nico also transformed and unholstered our massive swords from our backs, and went at General Immortus, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, ice, lightning, steel orbs, stars, rainbow flames, orange flames, blue flames, searing red hot flames, and green flames at General Immortus, and they exploded with incredible power, as they hit him.

Then, Fiona Hernandez fired a powerful red searing hot energy blast at General Immortus, and it had destroyed him and incinerated his body. Then, as soon as his spirit appeared, Fiona Hernandez marks his forehead with a kanji, and it also affected the other spirits of The Brotherhood of Evil in Oblivion, and he and the rest of The Brotherhood of Evil were condemned to The Black Gates, as they were all confronted by those they've killed. They were all found guilty, and their evil spirits were erased from existence forever. We cheered wildly for what we've done as we holster our weapons on our backs and power down, and Fiona Hernandez' new body, clothes, weapons, jewelry, and angel wings are permanent. Nico picked Fiona up in his abnormally massive and powerful muscular arms, and they had a searing hot and romantic kiss as we cheered for them.

Fiona Hernandez: Whoa.

Nico: You can expect more of that from me on our dates, Fiona.

Fiona Hernandez: Oh, I'm looking forward to it.

Lincoln: Now, we're rid of The Brotherhood of Evil, and this time for good. And it's good to see you again, Yuriko.

Yuriko Yamaguchi: (Japanese Accent) It's really good to see you again too, Lincoln, it's been a long time.

They went up to each other, and they hugged, and Yuriko was surprised at how much stronger and at how much taller and much more muscular Lincoln's gotten since she last saw him.

Lincoln: It sure has been a long time, I haven't seen you when you were eleven, and I've grown a lot since then.

Yuriko Yamaguchi: Yeah, I can see, you've really grown a lot from the eleven-year-old cute little boy into a 16-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Wow, Lincoln, you know her.

Lincoln: Yeah, I do, Nico. This is Yuriko Yamaguchi, she, like Eliza, Riley, and Fujisaki, came to Royal Woods from Japan, nd she, like the other Guardian Angels, have defended me from bullies, especially from Lynn.

Nico: Uh oh, I'm going to guess that Lynn has a huge dark secret.

Lincoln: We'll talk about that later. Boys, cover your eyes, hold still, Yuriko, this is going to hurt.

Me, Nico, Eli, and the rest of the boys covered our eyes as Lincoln snapped his fingers, and Yuriko was reverting back to normal. Yuriko Yamaguchi is a beautiful 17-year-old with long crimson red hair going down to the bottom of her neck, crimson red eyes, fair skin, she's 6'0" in height, and she had the body of a goddess. She also now has massive crimson red angel wings on her back, as she reigns in the power of the Red Dragon Archfiend, and she was in her birthday suit.

Lincoln: How do you feel, Yuriko?

Yuriko Yamaguchi: (Japanese Accent) Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Yuriko Yamaguchi a new wardrobe, a sleeveless crimson red shirt with a black phoenix and a crimson red skirt with the Red Dragon Archfiend on it, crimson red pants, crimson red leather ankle-high combat boots, and a long crimson red sleeveless trenchcoat with shadows on the coattails and the Red Dragon Archfiend on the back, and on her back is a large Red Dragon Archfiend-themed sword with a 6'5" massive, wide, double-edged, man-sized crimson red blade with the Red Dragon Archfiend etched on it, large Red Dragon Archfiend wings for the crossguard, large black gem for the hilt, longer black handle, and large crimson red faceted sphere pommel with surrounding black gems.

Yuriko Yamaguchi: (Japanese Accent) Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Yuriko's neck with red gems on the gold lightning bolts and red crystals links from her new Crystal Necklace of the Buddha.

Yuriko Yamaguchi: (Surprised) (Japanese Accent) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Yuriko.

Yuriko Yamaguchi had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the sixteen girls, and when Lincoln saw them, he immediately recognized them. The sixteen girls are Aoi Nagisa, Hanazono Shizuma, Suzumi Tamao, Byakudan Kagome, Hyuga Kizuna, Kenjou Kaname, Kiyashiki Momomi, Konohana Hikari, Minamoto Chikaru, Nanto Yaya, Natsume Remon, Okuwaka Tsubomi, Otori Amane, Rokujou Miyuki, Toumori Shion, and Tsukidate Chiyo from Strawberry Panic.

Helena McTroy: From Strawberry Panic, awesome.

Lincoln: Are you girls okay?

Aoi Nagisa: Yes, we're okay, thanks to you.

Then, when Aoi Nagisa and the other fifteen girls saw who it was that saved them from General Immortus, their faces turned atomic red upon seeing the 16-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow

Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts and a

Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Aoi Nagisa: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made fifteen clones of himself, and he and the fifteen clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Aoi Nagisa: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, fifteen Thunderbird Necklaces of Eternal Love appeared around the necks of Aoi Nagisa, Hanazono Shizuma, Suzumi Tamao, Byakudan Kagome, Hyuga Kizuna, Kenjou Kaname, Kiyashiki Momomi, Konohana Hikari, Minamoto Chikaru, Nanto Yaya, Natsume Remon, Okuwaka Tsubomi, Otori Amane, Rokujou Miyuki, Toumori Shion, and Tsukidate Chiyo with colored gems and crystals on the gold lightning bolts. We exited the Simulator, and we told everyone what happened, and they were shocked when we told them that we faced off against General Immortus, the last of The Brotherhood of Evil.

But, when Lincoln showed what happened, and with Fiona Hernandez transforming, and using The Black Gates on General Immortus and the other members of The Brotherhood of Evil who are in Oblivion, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Yuriko Yamaguchi now have a lot of catching up to do, now that she's back, and we're going to hear an even darker secret from her about Lynn that nearly got her sent to prison forever.

---

After getting rid of General Immortus and giving him and the Brotherhood of Evil The Black Gates in the Simulator, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Yuriko Yamaguchi saw Lincoln working out like crazy, she had an atomic red blush on her face.

Yuriko Yamaguchi: (Japanese Accent) Whoa, Lincoln's really grown to be a 16-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Yuriko, and now, I can also fight and defend myself.

Yuriko Yamaguchi: (Japanese Accent) That's awesome.

Nico: It sure is, Yuriko. So, what's this huge dark secret about Lynn that Lincoln mentioned to us about?

Yuriko Yamaguchi: (Japanese Accent) I shall gladly tell you all. It happened long ago, you see, I was out for a jog through Franklin Avenue. But, then, I heard a loud scream coming from The Loud House and there was no mistaking just who that scream belonged to: Lincoln. I rushed into the house, and I heard the scream was coming from the kitchen, and I found out that Lynn slashed Lincoln in the palm of his hand with a knife in a horrible fit of rage. Apparently, Lynn and her team lost a baseball game to Hazeltucky, and she got into an argument with Lincoln, and Lincoln got so mad, he let out the two words "sore loser" which set Lynn off, and she took a knife and was about to stab Lincoln. He then got slashed on the palm of his left hand, and he screamed and cried in pain, and blood was coming off the slash wound, and Lynn was about to kill him. When I saw what Lynn did, I had to stop her or she was going to kill Lincoln. I gave her a good kick to the stomach, knocking the wind out of her, and she dropped the knife. As soon as the other sisters came, they saw what Lynn did to Lincoln, and Lori tied Lynn up to a chair and with nylon rope, and I tended to Lincoln, and he was holding his now slashed left palm, and crying so badly. I asked Lori to get me to the hospital with Lincoln, while Mr. and Mrs. Loud were at home scolding Lynn for what she did. Lisa did say that what Lynn did to Lincoln was severe, and she was about to commit first-degree murder. The other sisters wanted to call the police on Lynn, but of course, that would mean that Lynn would go to prison forever. Instead, Mr. and Mrs. Loud signed Lynn up for The Scared Straight Program, and it showed Lynn what could happen, if she went through with killing her own brother. Lincoln had to go through surgery to get the slash to his left palm stitched up, and he had to spend a few weeks in the hospital. But, I was there for him, and so was Lori.

We gasped in shock and horror at the dark secret that Yuriko told us about Lynn.

Me: (Shocked) Whoa, now that was really dark.

Nico: (Shocked) Unreal. I knew Lynn was a wild out-of-control animal when her dark side was in her, but that was really dark, and she almost got that close to killing Lincoln in a fit of rage, and with a knife. I can't believe that she slashed you in the palm of your left hand, Lincoln.

Lincoln: I couldn't believe it either, Nico. But, if Yuriko hadn't saved me, Lynn would've killed me, and the family would call the cops on her and she'd get taken to court, and once that happens, she would be convicted as an adult of first-degree murder, and she'd be sent to prison for the rest of her life.

Lori: That's right. And I was so proud of you for what you did in saving Lincoln, Yuriko.

Yuriko Yamaguchi: Thanks, Lori, but you also helped out as well, you got us to the hospital, and the doctors took care of him, and after the weeks were up, Lincoln was released, and everyone threw a Welcome Home party for him. However, it took a lot of time for Lincoln to even talk to Lynn, and it's also a good thing too, after Lynn got back home from the Scared Straight program, she was grounded for seven weeks with no sports and no sports competitions, and she had to wear regular clothes for those seven weeks.

Minerva Mink: An appropriate punishment for what she did to her own brother, and to our man.

Sam Simpson: Now, I'm really glad you guys put that animal in her place when you guys faced her at Mt. Dingjun, Lincoln.

TLPS Mr. Wolf: You got that right, Sam.

Me: Where is this scar?

He showed it to us and we saw an ugly slash scar on his left hand. Ouch!

Me: (Whistles) Lynn sure left her mark on you.

Nico: Nice one.

TLPS Mr. Wolf: So, Lincoln, what can you tell us about Yuriko?

Lincoln: Yuriko's known as a smart girl, she's also an expert on Japanese culture, since she'd lived in Japan for most of her life, but she's also tough, especially when it came to saving me from Lynn for what she did.

Luna: Yeah, she was incredibly brave to stand up to Lynn when she still had that wild animal in her.

We then got a shower, and then, Lincoln and his harem were getting ready for their date at Lake Lamode, but they're not going alone, The Neptune Crusaders and The X-Squad were also joining in, as well. Plus, it'll also give us time to prepare for our little party for when Lincoln comes home.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo, and elemental forces on it, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

His harem were dressed in two-piece bikinis in their favorite colors, sandals, along with their jewelry, and they also had their weapons holstered in case of trouble.

The Neptune Crusaders and The X-Squad were also dressed in their swimsuits, and they also had their weapons, in case of any trouble.

Lincoln: Alright, everyone, shall we?

X-Squad Mr. Wolf: We're ready, Lincoln.

TLPS Mr. Wolf: Have fun, guys.

Lincoln, his harem, The Neptune Crusaders, and The X-Squad left the Estate, and they arrived at Lake Lamode, and when The X-Squad saw it, they were truly amazed at how beautiful it is.

Garrett: Wow, so this is Lake Lamode, awesome.

Lincoln: It sure is, Garrett. We've been here on our dates to Lake Lamode before, and The Neptune Crusaders were also amazed by Lake Lamode. Shall we?

Lincoln, his harem, The Neptune Crusaders, and The X-Squad then dived right in, and they began swimming through the oceans, and they also visited Lake Lamode's buildings, which were covered in glass domes, and they also met the Lochladies, the local residents of Lake Lamode. Then, they had some lunch inside the Water Plaza, and for lunch, Lincoln made some grilled cheese sandwiches with grilled chicken pieces in them, and they were good. Then, as soon as the sun's about to set, Lincoln made clones of himself, and he and the clones went to the girls in his harem, and they picked them up in their abnormally massive and powerful muscular arms, and just as the sun turns orange, they passionately kissed and hugged.

Then, I contacted Varie on her right Bracelet of The Champions of The Universe, as a hologram of me appeared on the large aqua blue gem.

Me: (Through the gem) Varie, we're ready. You guys can come back home now.

Varie: Got it.

Lincoln, his harem, The Neptune Crusaders, and The X-Squad left Lake Lamode, and they head back home.

Lincoln, his harem, The Neptune Crusaders, and The X-Squad came back home to The World Tree Estate, and they were back in their original clothes. But, what Lincoln didn't know was that while he, his harem, The Neptune Crusaders, and The X-Squad were at Lake Lamode, we were preparing for Lincoln's birthday, and he's turning 17 today, and it's going to be awesome, and we also invited The Masters of Evil over as well. Lincoln, his harem, The Neptune Crusaders, and The X-Squad came inside, and it was really dark.

Lincoln: Hmm, hey, why on Earth is it so dark in here?

Lincoln hit the light switch, and then, we came out of our hiding places, and a banner came out that said, "HAPPY BIRTHDAY, LINCOLN", and streamers came out of the banner.

Everyone: SURPRISE! HAPPY BIRTHDAY, LINCOLN!

Lincoln's eyes went wide with surprise, and he had a surprised look on his face.

Lincoln: (Totally Surprised) What?! You guys did all this for me?!

Me: That's right, big guy.

Nico: And we have our favorite party planners to thank, Leni Loud, Alex Ramirez, Pinkie Pie, and The Mascots.

Alex Ramirez: We gave everyone specific tasks on what to do, while you, your harem, The Neptune Crusaders, and The X-Squad were at Lake Lamode.

Lincoln: Aw, thanks, you guys, I love it.

We then proceeded to give Lincoln our gifts: a new skateboard, paper and pencils and colored pencils for some new comics that he'll make, new exercise equipment, a new black cellphone case with stars and nebulae and elemental forces on it, a new cologne called Thunderbird Eau Fraiche, and when Lincoln put it on him, the scent from the cologne drew the women of his harem to him like a magnet, a pair of large orange fingerless gloves with the symbol of The Loud House surrounded by a Phoenix, Thunderbird, Buffalo, and Angel in a diamond formation, a new orange skateboard with elemental forces and mythological animals on them, video game systems, and video games and comics that were released. And the Mane 9 got him a little something, it was his own Element of Harmony, it's a large deep sapphire blue gem in the shape of a Thunderbird, which then placed itself on top of the large silver buffalo head pendant, and we found out that Lincoln represented Courage and Bravery, he was known to be brave and courageous, especially against the forces of evil.

Lincoln: Wow, this is so awesome. Thanks, you guys.

Vypra: You're welcome, Lincoln. When J.D. and Nico told us that today's your 17th birthday, we had to get in gear and hightail it to the Estate to help plan it.

TLPS Mr. Wolf: And you don't have to worry about Sancho and the Party Birds crashing your birthday party, Lincoln. We took care of them, along with Sergio, who blabbed it out. We had him put in a cage for the rest of the day.

Lincoln: Nice one, TLPS Mr. Wolf.

Alex Ramirez: Yeah, when I was told about the wild parties Sergio, Sancho, and the party birds throw at Great Lake City, I wasn't having any of that, not for your birthday party, Lincoln.

Electro: And I've got an awesome surprise for you outside.

We headed outside, and Electro got to work by firing many blasts of lightning into the skies, and then the blasts then formed into words and The Loud House's symbol on top, and it said, Happy Birthday, Lincoln Loud, Savior of The Loud House.

Lincoln: Whoa, now that was an awesome surprise. Thanks, Max.

Electro: You're welcome, Lincoln.

Suddenly, we saw something being formed on the left leg of Lincoln's large deep sapphire blue pants, it was some orange kanjis that said, "Savior of The Loud House, Powerful Student of Many Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, and The Unifier of The Three Kingdoms."

ラウドハウスの救世主、多くの強力な教師の強力な学生、木ノ葉隠れの村の忍、サンダーバードの十字軍のメンバー、そして三国志の統一者

We were amazed by the surprise.

Lincoln: Whoa.

TLPS Mr. Piranha: Now, that's awesome.

Nico: And look, the last kanji said, "The Unifier of The Three Kingdoms". Wait a second, Lincoln, did you have some sort of…?

Lincoln: Yeah, I did, Nico. You see, I began forming a plan to unite The Three Kingdoms into one, as soon as we found out the worlds where the Dynasty Warriors and Samurai Warriors girls had merged into one.

Sima Yi: I found out about his plan from my sons long ago, and knowing that Team Loud Phoenix Storm has done the impossible in those last five years, this seemed like an interesting plan that Lincoln had formed.

We were stunned with awe at Lincoln's plan.

Nico: If Lincoln accomplishes a task like this, he'll have no trouble with the warriors of Japan.

Electro: Unifying The Three Kingdoms? Usually that would seem like an impossible task, because of the different ideals that all of you had.

Lincoln: That's right, Electro. But, I intend to shatter the shackles that were formed by the ideals of The Three Kingdoms and unite them into one force.

Liu Bei: United together into one, the last time this happened was during The Yellow Turban Rebellion and against Dong Zhuo. But, I have a feeling that we'll be dealing with those sorts of scenarios once again.

Lincoln: But, we'll be ready, Master Liu Bei. I'm not letting my plan be derailed by The Yellow Turbans or by Dong Zhuo.

TLPS Mr. Wolf: That's right, we're not letting the two factions that caused the chaos throughout the land get away with it.

We then went inside, and we saw Lynn Sr. bringing out a large chocolate cake decorated with frosting and with the words, Happy 17th Birthday, Lincoln, on it.

Lincoln: Whoa, that's one awesome cake Dad made.

Lynn Sr.: Glad you like it, champ. But, there's also another little surprise in store.

Then, Lily the Mermaid popped out of the cake, and she was still in her two-piece aqua blue bikini. That got Lincoln's face blushing like crazy and his eyes turning into hearts.

Lily the Mermaid: (Seductively) Well, what did you think, big guy? Loved your little surprise?

Lincoln: Oh, you bet I did, and of course, there's also this.

Lincoln wraps his abnormally massive and powerful muscular arms around Lily the Mermaid's waist, and he brought her into an embrace, which took her by surprise and that brought an atomic red blush to her face. Then, as Lincoln leaned down to her face, they kissed passionately as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird and Phoenix flying in the air, and we also saw a herd of Buffalo running across the field and mermaids swimming in the ocean and singing their song, and the display of the elemental forces. We had tears in our eyes and a smile on our faces.

Lori: I'm going to guess she got that little idea from Misty Tredwell when J.D. had his birthday last year in October.

Me: You bet she did.

We had all sorts of fun at Lincoln's birthday party, and ate the awesome food that Lynn Sr. and our chefs prepared. But, the day wasn't over yet, in fact, it was just beginning.

---

Later it was time for Sydney's first Ambassador Mission.

Nico: Alright, Sydney. I don't have to remind you that these missions are ones you can't kill or throw people into our space prisons. We don't want to make things even worse then they will be on that world.

Sydney: I'll try my best Nico.

Me: I'm gonna go with Sydney to see how she does. Carnage told us everything that was going on there and it's terrible that so many things all went down.

Nico: I know. Thank goodness it's not as bad as the Live Action Transformers universe though. But just be careful. We can't kill anyone or throw them in prison just yet.

Me: Right. We'll try to stay vigil.

Nico: Good luck guys.

We went through the portal to the world of the Ultimate Alliance Marvel Universe.

We arrived.

Me: Wow. It looks like we haven't left home at all.

Sydney: It sure feels like it. It's just like what we were told about previous adventures.

Me: Yeah. I would call this universe number 53.

Sydney: Good name.

Then Iron Man and Nick Fury came.

Ultimate Alliance Iron Man: Fury, did you send more backup besides Bravo Team?

Ultimate Alliance Nick Fury: No. I didn't. (to me and Sydney) Alright, who are you two? Are you friend? Or foe?

Me: Friends. My name is J.D. Knudson and I'm second in command of Team Loud Phoenix Storm.

Sydney: And my name is Sydney Burlington and I'm a member of Team Loud Phoenix Storm's DNA Spliceteam.

U.A. Nick Fury: Ah pleasure to meet you both.

Me: Same here Director Fury. We apologize for coming in the middle of something going on but Sydney is here on her first ever Ambassador mission. It's a special diplomatic program we created for when we go on future missions to see what those worlds are like and see if anyone needs help here. I'm with Sydney to see how she does on her first mission.

U.A. Iron Man: That makes sense. It's an honor to meet you both.

We met the rest of the Avengers.

Ultimate Alliance Wolverine: (to Sydney) Something about you smells… inhuman.

Ultimate Alliance Spiderman: Is that bad?

Ultimate Alliance Wolverine: Actually, no. It might smell inhuman. But it also smells clean.

Me: You're making her uncomfortable when you do that Logan.

U.A. Wolverine: How did you know my name?

Me: In our universe we know tons of superheroes and supervillains and we know all their names. Superhero and supervillain identities are pretty much non-existent because we know who they all are. We read about them in comic books, movies and on the computer.

U.A. Spiderman: That's something.

Me: It sure is Peter. I'm sorry we know who you all are but it's part of what we do.

Sydney: He's right.

U.A. Nick Fury: That's interesting. But I'm amazed you have a lot of knowledge about us.

Me: We have many sources.

More Latverian soldiers surrounded us.

Ultimate Alliance Iron Man: Hey, J.D. If you think your combo attacks are awesome, you haven't seen anything yet!

Iron Man formed energy in his glowing chest plate and shot a beam at Wolverine. Wolverine raised his claws, blocking the beam as it formed miniature beams everywhere and pulled them away, causing the entire area to be consumed by the flash of the laser, leaving Wolverine smoking and the soldiers knocked out.

Ultimate Alliance Wolverine: (Panting) That… hurt.

Ultimate Alliance Iron Man: But it worked. No pain, no gain, my boy.

Ultimate Alliance Wolverine: I ain't your boy, Stark!

We laughed.

Me: But that was AWESOME guys! Our teamwork is just as powerful and as strong as you all. Working together is one of the most powerful fundamental keys we have to victory and it helps us get the job done.

U.A. Iron Man: That's very well said.

Ultimate Alliance Captain America: (to Sydney) Sydney, now that the area's clear of Latveria soldiers for the moment, why don't you tell us your background story? As well as the reason why Logan smelled an inhuman scent on you?

Sydney: It's a really dark story.

She told them about her story. She came from a church going family that loved to take care of all children and she decided to work at the orphanage. But after her 1st week on the job she was kidnapped by the Shredder's foot soldiers and blacked out when she was injected with something and it made her into Quarry! She was then in an underground world. She told them how we found her and her friends and later cured them and freed them and all that.

U.A. Captain America: Wow that is intense.

Me: It was. It was one of the most intense adventures we've had.

U.A. Electro appeared.

Ultimate Alliance Electro: I figured I'd have to wait 'till I got back to the good ol' U.S. of A to try out the Tinkerer's new toys. But instead, I can give you a preview right now. Free of charge!

Ultimate Alliance Spiderman: Max! I missed you, man!

Ultimate Alliance Electro: Well, look who showed up. My old pal, Spider Man! (sees Me and Sydney) And I see you brought two new playmates too.

Me: Max Dillion A.K.A. Electro. Master of lightning.

U.A. Electro: That's right. How did you know that?

Me: You would be amazed at how many heroes and villains we know. Also we have another version of you in our frenemies in our universe that we come from. And in my opinion you would make a great addition to their ranks.

U.A. Electro: I'm glad you think so. Who are you?

Me: Oh I'm sorry. How rude of me I forgot to introduce myself. My name is J.D. Knudson, 2nd in Command of Team Loud Phoenix Storm.

Sydney Burlington: And I'm Sydney Burlington, member of Team Loud Phoenix Storm's DNA Spliceteam.

U.A. Electro: Nice to meet you both.

Me: (To the U.A. Avengers) Watch how powerful I am.

I fired a blast of lightning and it hit U.A. Electro and knocked him down.

U.A. Captain America: Wow! You have lightning powers?

Me: More than just that. I have all of the powers. I was exposed to Cosmic Radiation and it gave me omnipotent power.

Sydney: J.D. is a god among man and his powers continued to grow and get stronger every time he trains and more.

U.A. Captain America: That is incredible!

UA Electro: Not bad. But this fight ain't over yet!

Me: I'm just getting warmed up.

UA Spiderman: Look! It's She Hulk in a bikini!

UA Electro: Really?! Where?!

UA Electro looked behind him. And that's when UA Spiderman knocked him out with a punch to the back of his head.

UA Wolverine: Really?!

UA Spiderman: Oh, c'mon! Admit it! That was clever!

Sydney: Genius to say the least.

We continued.

Ultimate Alliance Fury: Alright. After this elevator, it's almost a straight shot right to Von Bardas' front door. They know we're comin. Could get a bit hairier from here on out.

Ultimate Alliance Iron Man: How will we do this without backup from Bravo Team?

Me: No Tony. We have to do all this together. Divided we are weak, but united we are stron.

Sydney: That's right!

Ultimate Alliance Fury: J.D. is right! Hey, you guys focus on the punching. And I'll handle the planning. I got this. Now, you don't need anymore detail then that. Let's quit the jibber jabber and get this job done already!

Ultimate Alliance Iron Man: We followed you this far, Fury. But I think you need to be more straight with us.

Ultimate Alliance Fury: (sarcastically) Aw, now you've gone and hurt my feelings. Time to move out, ladies. Goin up!

Me: Yes sir!

We followed U.A. Fury.

U.A. Captain America: So J.D. who is the leader of the team?

Me: That would be my best friend and most amazing teammate Nico. He started out as second in command of the team and he is now full time leader of the team because he displayed incredible and amazing leadership skills during some of our most incredible and major battles in 2021.

U.A. Wolverine: He sure must be talented.

Me: He is. You'll meet him later on.

Sydney Burlington: Yeah.

We then saw Wizard and Scorcher of the U.A. Universe.

Ultimate Alliance Wizard: Apologies, J.D. Knudson. But me and Scorcher have orders not to let you pass.

Me: Bentley Wittman A.K.A. Wizard. Nice to see that you know who I am. And Steven Hudak A.K.A. Scorcher. Pleasure to meet you both.

U.A. Scorcher: Pleasure is ours.

Ultimate Alliance Iron Man. Sydney, me and Cap will help Fury fight Wizard. You help Spider Man and Logan fight Scorcher!

Me: You got it. It's time you see my true power.

U.A. Captain America: What do you mean?

Me: Watch this.

I then flared up my aura and transformed!

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

I WAS NOW IN MY SUPER ANGEL-HARMONY INFINITY GOD FORM!

U.A. Spiderman: WHOA!

U.A. Captain America: WOW! J.D. you look amazing!

Me: This is only the start of my power. Watch this.

I flew at U.A. Scorcher and punched him in the stomach with devastating force and kicked him in the chest and knocked him down.

U.A. Wolverine: Wow! That was powerful.

Ultimate Alliance Wolverine: Hey, Fury. Where's that Bravo team you've been tryin' to reach?

Nick Fury: (groans) Communication's still jammed. Someone's gonna have to go round them up - and you just volunteered

Wolverine: What, and leave all the fun to you girls? Bite me, Fury.

Me: Wolverine's right! We're not leaving you.

Sydney: We stick together!

Ultimate Alliance Nick Fury: No time to argue, shorty! Take webs, Sydney, and JD with you, locate Bravo team, and find another way into that castle! (to Me) J.D., I know you don't want to leave me, Tony, and Cap. But I have faith you and Sydney will keep Bravo Team safe.

Sydney: (sighs) Okay.

Me: Lets do it!

UA Nick smiles with a nod before running to join UA Cap and UA Iron Man.

UA Wolverine: (to UA Spider-Man) You heard the man, web-head! Let's move!

UA Spider-Man: Yeah, yeah. Sheesh, no respect… (web-swings away with UA Wolverine)

We were off to get the Bravo Team.

Elsewhere in another part of the world of the U.A. Avengers, a familiar evil presence that we haven't faced in a while looked over to the city we were in.

(OMINOUS RIFF PLAYS)

It had eyes blazing red with incredible fury with Sharingan eyes spinning red!

?: J.D. you motherfucking curr!

Sydney: I'm sorry, Bentley.

U.A. Wizard: For what?

Sydney: For this. (punches UA Wizard, knocking him out)

Me: For your own good.

We continued on and met U.A. Iceman.

Ultimate Alliance Iceman: Glad you and webhead made it, Logan. I was starting to worry.

U.A. Wolverine: We made it just in time.

Me: Looks like the fun is about to begin. Pleasure to meet you Robert Drake A.K.A. Iceman. Sorry J.D. Knudson, 2nd in Command of Team Loud Phoenix Storm.

Sydney Burlington: And I'm Sydney Burlington.

U.A. Iceman: Pleasure to meet you.

We later saw Tinkerer.

Me: Phineas Mason A.K.A. Tinkerer. We haven't faced you in our universe yet but you would make an awesome addition to our frenemies in the future.

U.A. Tinkerer: Yes young J.D. Knudson. It's an honor to meet you. I've heard many incredible things about you and how you and your friends all managed to destroy Thanos.

U.A. Wolverine: You and all your team killed Thanos!?

Me: We sure did. That was easily considered one of the most devastating battles we've ever had back on December 26th, 2019.

U.A. Wolverine: Wow.

UA Spiderman: Hey, Tinky. What'cha doin?

UA Tinkerer: Very funny, Spider Man. I wasn't quite ready for combat testing. But you've forced my hand!

UA Tinkerer pressed a button, activating the soldiers before running off.

Me: WHOA!

UA Luke Cage: FUCK! We'll have to get past these goons if we want Tinkerer!

Sydney: I got this!

She fired a blast of star energy and destroyed them in an instant!

A giant robot with a projection of the Tinkerer's face came out.

U.A. Tinkerer: Punching. Breaking. Destroying. Is that all you simpletons know how to do? Very well. I can converse with you on that level. If need be!

Me: Then try this on! (Cups hands to side) KAAAAAAA MEEEEEEEE HAAAAAAAAA MEEEEEEEEE HAAAAAAAAAAAAAAAAAA!

I fired a powerful energy blast and it hit the robot and blew it to smithereens and blew it into flaming scrap metal in a huge and powerful explosion!

It was destroyed and down.

U.A. Wolverine: Wow! That was immensely powerful!

U.A. Spiderman: That was incredible!

We had completely destroyed the castle.

We looked at the what remained of the Latveria Castle. Fury spat on one of the Latverian stones and walked over to me and Sydney.

UA Fury: (smiles) I knew you two would keep the others safe.

Me: Told you we wouldn't let you down Director Fury.

Sydney: We were happy to help, Fury.

Sydney then hugged U.A. Fury.

UA Spiderman: I promised myself I wouldn't cry!

UA Wolverine: Anyone got a camera so I can take a video of this moment?

Me: Way ahead of you Logan.

I was making a video of the moment on my phone. It was awesome.

UA Iron Man: (to Sydney) Look, honestly, I'm not really sure that this was the right call. But either way, consider yourself part of the Ultimate Alliance.

UA Human Torch: Seriously? That's what we're calling this group?

UA Iron Man: All the good names were taken, okay?!

Me: I think it's a great name.

Sydney: I do too and I'm really honored.

Me: Same here. But our entire team is not gonna come here until later. We're projecting March 19th. So just hold out until then and we'll all come to help you out then.

U.A. Human Torch: We'll try to wait till then.

We later came back.

Nico: How did it go guys?

Me: I'm happy to report that Sydney did really well on her first

Ambassador Mission.

Nico: I'm glad.

Sydney: It was so awesome.

May: Who should come with you next time?

Sydney: Well I was thinking that Trap Jaw can come with next.

Nico: Wow have your archenemy go with you next already. Good idea. And J.D. you better go with her the entire time she has her ambassador missions just as a precaution.

Me: You got it commander.

Nico: Good.

* * *

Out in space a bunch of Stasis Pods were heading right for Earth.

Computer: Stasis Pods incoming.

Me: Looks like we got a bunch of new Cybertronian Recruits heading our way.

Sunset Shimmer: New Cybertronians? Haven't recruited any from this world for a while.

Nico: Wow. This is gonna be interesting.

Me: Yeah it sure will be. Computer calculate landing coordinates for each pod.

Computer: Acknowledged.

The computer did so and it showed where they were going to land.

1: Amazon Rainforest

2: Himalayas

3: Africa

4: Scotland

5: Canada

6: Alaska

7: Hawaii

8: Everglades

9: Okefenokee Swamp

10: New York City

11: Australia

12: Java

13: Colombia Ancient Temple

14: Jamaica

15: Saskatchewan, Canada

16: Arctic

17: Mongolia

18: Lake Minnetonka

19: New Orleans, Louisiana

20: On top of the World Tree Estate

Nico: Whoa! Looks like one of them is gonna be right on top of us. We'll have to split up into 20 groups to go to each one. J.D. you and Eli will go to the one that's going to land here.

Me: Right.

In the Estate Park, Me, Eli, Lola Bunny and Optimus Primal were there to activate the protoform.

Me: There it is. Planetfall was successful.

Eli: Wow. Very safe landing.

We went over to the pod and I pressed a button.

Me: Okay. Activate protoform and begin DNA Scanning Sequence.

Computer: DNA Sequencers online. Scanning for Compatible lifeforms.

An energy scanning field appeared and it scanned a Windrunner bird in the park.

Me: It scanned a Windrunner Bird.

Eli: Wow.

Me: Here we go.

Then the protoform activated and then in a massive flash of light it came out and She was magnificent.

Lola Bunny: Hi! Welcome to Earth!

Me: Greetings to you. I am J.D. Knudson, Second in command of Team Loud Phoenix Storm.

Optimus Primal: And I'm Optimus Primal, Leader of the Maximals.

Windrunner: Greetings to you all. I am Windrunner. It's an honor to be here. Windrunner, MAXIMIZE!

She transformed and she was beautiful.

Me: Wow! It's awesome to meet you Windrunner. You chose one of my favorite futuristic birds as your Beast Mode. That was a great form you picked.

Windrunner: Thank you J.D.

In the Himalayas, Nico, Varie, Laney and Astrotrain found the Stasis Pod at the foot of Mount Everest.

Nico: Wow at the very foot of Mount Everest.

Nico went up to the pod and opened the computer and activated it.

Nico: Here we go.

The DNA Scanners scanned a dove. Beautiful bird choice.

Then in a flash of light it activated and then a beautiful dove came out.

Nico: Oh wow!

Astrotrain: Are you a Predacon?

Peacemaker: No. I'm a Maximal. My name is Peacemaker. And you all are?

Nico: Nicolas Chan, leader of Team Loud Phoenix Storm.

Peacemaker: An honor to meet you. (See's Astrotrain) A Decepticon! Peacemaker, MAXIMIZE!

She transformed!

Nico: WHOA!

Varie: Wow! Beautiful.

Nico: Peacemaker it's all right. The Decepticons are no longer at war on Cybertron. The war is over.

Nico showed his Leadership Medal.

Nico: The war is over and I'm leading the Decepticons on the Road to Redemption. It's a long story.

Peacemaker: I see. I have a lot to learn about.

We later went back to the Estate and we got our new recruits there.

Springer: Now, I know you guys were expecting to participate in the war. I'm sorry to say that you guys came too late.

Turtlefire: It's all right. But as long as we get to help you guys we're cool with it.

Beast Wars Skullcruncher: That's right. We'll get along just fine.

Beast Wars Weirdwolf: We're with you all the way.

Rattrap: I normal wouldn't trust you Weirdwolf but yeah. (Sighs) We're all gonna die.

Nico: Shut up Rattrap.

Tussle Sprout: (to Sydney) I don't mean to sound racist. But did you notice that Ultimate Alliance Nick Fury wasn't African American like ours?

Sydney: I did and I accept that.

Me: Me too.

Nico: Yeah. Did you happen to run into Penance yet?

Me: Robbie Baldwin A.K.A. Penance? Not yet. But if we do we'll let you know.

Nico: Anyway it's time for our mission. We got word that Billy is in trouble.

Me: What has he done this time?

Nico: Well… He has been having a brutal level of bad luck.

Nico told us that lots of things have been happening to him over the last couple of hours. He got mauled by prairie dogs, a fridge fell on him, his video game system exploded in his face and his report card got destroyed.

Me: Jeez!

Eli: Ouch! That must not have been good.

Nico: Yeah and his mother hurt his back.

Me: I don't usually believe in all that superstition bullshit but we better go check it out.

Spiny (Beast Wars): Something bad must be happening to him.

Then Grundy, David Cain, Manta Bayarsh, Black Knight Ghost, Hydros, MetalSeadramon, Beautiful Gorgeous, Touch & Go, and Girder appeared.

Grundy: Can Grundy, David Cain, Manta Bayarsh, Black Knight Ghost, Hydros, MetalSeadramon, Beautiful Gorgeous, Touch & Go, and Girder go with you guys?

Nico: You all sure can.

Black Knight Ghost: (Sees the new Maximals and Predacons) Whoa! Are they new Maximals and Predacons?

Nico: Yep. Huge armada of Stasis Pods landed in 20 parts of the world.

Me: It's true.

Manta Bayarsh: Wow that is cool!

Long Haul: Look, I know that you need time to get used to us being good. But trust me. Me and my fellow Decepticons are not causing trouble here. At all.

Nico: That's right and it's because I'm now their new leader. A lot of things have happened. The war with the Autobots and Decepticons is over thanks to us and I was officially elected as their leader almost 3 years ago. Mostly because we destroyed Unicron.

Turtlefire: You all destroyed Unicron!?

Midewipe (Beast Wars): But that's impossible!

Nico: I assure you it isn't. Unicron has been destroyed for good.

Lori Jimenez: It's true.

Nico: That was an awesome and epic battle.

Nico told them everything about what happened in Chapter 691 and it was awesome. When he was done they were amazed.

Peacemaker: Wow! That is incredible.

Storm Cloud: It sure is. You have my congratulations.

Me: Thanks. That was a great battle.

Crumplezone (Beast Wars): That is amazing!

Nico: Yep.

David Cain: By the way, Nico, which Gene Slammer do you think you'll meet on your next rescue?

Nico: Asking that early already. Hmm. I'm hoping to meet a Nemuina Gene-Slammer next.

Ben: One of Pesky Dust's kind. That will be awesome.

Maria: And so cute.

Nico: (Laughs) Yeah. Anyway lets head out.

We were off to the Endsville sector.

---

ENDSVILLE ZONE

---

In the Endsville Sector we were walking around.

Blaster Tron: Scanning for any trace of unusual activity.

Nico: Keep your eyes peeled.

They got to Billy's house and everything looked normal.

Nico: Everything looks all right.

They went in.

Nico: Hello?

Billy: Hey guys!

CRASH!

Billy got hit on the head with a chunk of ceiling!

Nico: OOH!

We went over and looked him over.

Mr. Touch: Something on your mind, Sydney?

Sydney: Ultimate Alliance Tony said Von Bardas mentioned something.

Mr. Go: And that is?

Sydney: That our attack on Latveria wasn't sanctioned.

Maria: Look, maybe she was telling the truth. Maybe she wasn't. But either way, she was the one selling weapons to the Tinkerer. I'd call that abusing her position of Latveria's prime minister.

Me: I agree with you there Maria. What she was doing was terrible and if that doesn't spell Treason then nothing will.

Maria: Yeah.

The floor then cracked and Billy fell through a hole and crashed into the basement!

CRASH!

Nico: Geez! What is wrong with that kid.

Grim: (Jamaican accent) Billy is having a really bad case of bad luck mon.

Nico: No kidding.

Strike Man: (to Sydney) Sure, there might be consequences of that attack on Latveria. But that's why J.D.'s coming with you. To make lessen said consequences.

Sydney: That's true.

Me: I'm ready for anything.

Nico: Good.

Billy came back.

Manta Bayarsh: Hey, Billy. You ok?

Billy: DO I LOOK OKAY TO YOU!?

Then he stepped on Milkshake's tail and he slashed and cut him all over the place with his claws in a tornado of fury.

Billy: MILKSHAKES! NO!

He was really getting slashed all over!

SMASH!

He flew out the window and landed in the pool.

SPLASH!

Nico: GEEZ!

Quake Woman: Proud of yourself, Milkshake?

Me: Bad kitty.

Fluttershy picked up Milkshakes.

But then…

ZAP!

Billy got struck by Lightning!

ZAP!

Then he got hit by lightning again!

Billy: That's twice. What's the chances?

ZAP ZAP ZAPZAPZAPZAPZAPZAPZAPZAPZAPZAPZAP!

Billy got hit many times with lightning all at once!

Nico: HOLY MOTHER OF SHIT AND SALT!

Black Knight Ghost: Fluttershy, permission to punish Milkshake granted!

Nico: Stand down Black Knight. Right now we got more important things to worry about like what's wrong with Billy and why he's getting hurt like this from Bad Luck.

Mandy: Maybe he caught something.

Me: Hmm.

Grim pulled out a Star Trek Tricorder and analyzed him.

Grim: Just as I suspected. His brain is caught in a bad juju vortex and his good luck matrix is in the red. This can only mean one thing: CATASTROPHE SNAIL!

Nico: Catastrophe Snail?

Me: What the fuck is a Catastrophe Snail?

Threatpack: Wait. Is that a Star Trek Tricorder?

Grim: Yep.

Nico: Focus guys.

Mandy: How did it get into his head?

Grim: It must've been in that restaurant when Billy spilled the salt. I told him to throw salt over his shoulder to prevent bad luck. (Scene transits to a flashback) But Billy panicked. He reached for the salt but he grabbed the pepper. That's when the snail must've appeared on Billy's shoulder. Salt would have fizzled that slime ball. But Billy threw pepper.

The snail sneezed.

Grim: By this time the whole place is sneezing. And so that snail slipped right into Billy's ear with nobody noticing a thing. Once a Catastrophe Snail gets in your head, he plugs his shell right into your brain. And once he's plugged in mon, he'd be reprogramming your mind to have nothing but BAD LUCK only! Dig it?

Catastrophe Snail: I love my job.

He pressed a button and Billy's head on the computer exploded.

FLASHBACK ENDS

Nico: Holy shit!

Me: I am not going to touch that ugly piece of escargot with a ten foot pole.

Poromon: I'll eat it.

Hydros: How about Billy spends some time with us? Maybe our powers can shake off the bad luck influence.

Grim: It's not that simple mon. In order for Billy to be cured we have to pull out that snail.

Eli: Maybe I can electrocute that snail.

Me: Mandy, Grim, didn't that snail plague you all before?

Grim: Yes it did mon.

Nico: How did you all face it before?

Mandy: We gave Billy a Wet Willie.

Billy: EW!

Nico: Tell us all about it.

She did so.

---

While eating at a restaurant, Billy accidentally spills some salt, which Grim warns if he doesn't throw some over his left shoulder that bad luck will start to happen to him. After being kicked out of a restaurant after one of Billy's stupid antics involving pepper and sneezing people, Billy begins to have an unusual amount of bad luck over and over, but Grim finds the answer: a Catastrophe Snail is inside Billy's head. Mandy asks how the Catastrophe Snail got into Billy's head, and Grim comes to the conclusion that it happened at the restaurant when Billy spilled the salt. Grim told Billy to throw salt over his shoulder to prevent bad luck, but Billy panicked. He reached out to grab the salt, but he grabbed the pepper by mistake, thinking it was salt, and threw it over his shoulder. At the same time, the Catastrophe Snail was crawling up Billy's shoulder and once the other customers were sneezing, the snail crawled into Billy's ear and towards Billy's brain. Once he plugged his shell into Billy's brain, he programmed Billy's mind to have nothing but bad luck.

Fearing that the snail is messing up his head, Billy runs into his room while Mandy and Grim conspire to remove the snail from Billy's brain. Billy escapes from his room and climbs up a tree, where he gets stung by a thousand bees and savage dogs bark at him below. Grim threatens Billy with a wet-willy if he doesn't come down, and once Billy falls, Grim levitates Billy into the house where Mandy and Grim tie up Billy in a chair while Grim administers the wet-willy and removes the snail from his brain. The snail hisses and jumps onto Mandy's face, but Mandy, furious, plucks the snail off her face and throws the snail at the wall where Grim roasts the snail with his scythe before eating it (much to Mandy's disgust).

They untie Billy and Billy walks into the door. Billy panics that he still has bad luck, but Grim tells him that Billy is just stupid. And everyone, except Mandy, walk out, laughing.

---

When she was done we were shocked.

Nico: Gross but weird and funny.

Eli: But we got to get it out.

Aylene C.: One problem. Billy is gone!

We saw that he's gone.

William: Shouldn't be that hard to keep Billy in our sights.

Maria: What makes you say that, babe?

William: (gestures to all the destruction caused) Just follow the trail of destruction.

Me: Geez! Hard to imagine a snail like that can cause that much damage!

Nico: If we don't stop that snail the entire town will kill him.

G1 Vortex: How about I follow Billy in my vehicle mode so he doesn't get in trouble?

Nico: Go for it.

Me: Windrunner you better go with him just to be safe.

Windrunner: Right!

They flew off.

Beautiful Gorgeous: Okay, Fluttershy. NOW you can punish Milkshake for scratching Billy.

Fluttershy: Okay. (Uses her stare on Milkshakes)

(WARBLING NOISE)

Milkshakes was sad and remorseful.

Fluttershy: Just don't do it again okay.

Milkshakes meowed.

Nico: Good. Now lets go find Billy.

Carly Atlas: First, we should go to that restaurant and pay for all the damages.

Nico: Right. Vortex and Windrunner will watch for Billy.

We were off to the restaurant. We then arrived at a restaurant called the Greased Pig.

Me: The Greased Pig? That's a silly name.

Nico: It's a 1950's style diner.

We went in.

Me: Nice place. My dad would like coming here to eat.

MetalSeadramon: On behalf of Team Loud Phoenix Storm, we'd like to apologize for what was caused earlier today.

Waiter: Thank you. But it was that Halfwit's fault.

Nico: Billy you mean. He can't help it. He is a brainless moron.

Eli: Yeah he has a brain as tiny as a flea.

Laney: Yeah.

Finn: (Jackie Chan) Why don't we pay for the damages caused here?

Me: Looks like nothing was broken. Except for some dishes.

Nico: Yeah.

Me: I got this.

I snapped my fingers and fixed the whole place up as if nothing was broken at all.

Me: And for good measure.

I pulled out my checkbook and wrote them a check for $300,000,000.00 and gave it to them.

Manager: Thank you so much J.D.

Me: No problem.

Eli: It was the least we can do.

Xigbar: Okay. Either Lana or Lynn should give Billy the Wet Willie.

Nico: Good idea.

Lana: I'll do it.

Lynn: And I'll hold him down.

Nico: Good.

Windrunner: (On the radio) Windrunner to Nico do you copy?

Nico: Nico here.

Windrunner: We located Billy. He's in Grid Sigma of the City Sector.

Nico: We're on our way.

We were off.

We arrived and we saw Billy. Lana and Lynn were holding him.

Dusk: As soon as that snail's out of Billy, we do our entrance.

Nico: Right.

Lynn was holding Billy in a hold.

Billy: GO AHEAD! TORTURE ME, TAKE MY ALLOWANCE, KILL ME! YOU'LL NEVER GET ME TO SING!

Lana: Sorry Billy but it's for your own good!

She licked her finger and stuck it into Billy's ear and her spit flew through him into his brain and it formed into a hand and then it grabbed the snail and pulled it out of him.

Lana: Got it!

Then the spirits of the Medieval warriors came out and swirled around Lana and then converged and then…

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out and then a phoenix cry was heard and then we came out.

Nico saw the little snail.

Nico: You have got to be kidding. That little snail is a Catastrophe Snail?

Grim: That's it mon.

The snail roared and went and stuck onto my face and then I pulled it off me and I grabbed it.

Me: Your luck has just run out snail breath!

I threw the snail and it hit a building.

We then saw the SNAIL GROW TO THE SIZE OF US!

Girder: Holy fuck! It just turned giant!

Nico: That is one huge snail!

Poromon: Now I really want to eat it!

Catastrophe Snail: You meddled with me for the last time!

Nico: Bring it on snail breath!

Then out came Kaos, El Oso, Tchang Zu, Vreedle Brothers, Carmen Dillo, INSTIGATOR, Duff Killigan, Dr. Starline, General Schwarz, Hades Beast Specter, King of Flan, The Steam Demon, Mr. Pig, Toucan Dan, Pimon & Tumbaa, Dr. Screwloose, Django, China White, The Cheese Monster, The Strawberry, Chocolate and Vanilla Technicolor Phantoms, The Star Creature, Pink Ranger Slayer, Weddinmon, Marcel, Leap Frog and Metal Sonic.

Nico: Holy cow! Kaos, El Oso, Tchang Zu, Vreedle Brothers, Carmen Dillo, INSTIGATOR, Duff Killigan, Dr. Starline, General Schwarz, Hades Beast Specter, King of Flan, The Steam Demon, Mr. Pig, Toucan Dan, Pimon & Tumbaa, Dr. Screwloose, Django, China White, The Cheese Monster, The Strawberry, Chocolate and Vanilla Technicolor Phantoms, The Star Creature, Pink Ranger Slayer, Weddinmon, Marcel, Leap Frog and Metal Sonic.

General Schwarz: Actually it's just Kaos, El Oso, Tchang Zu, Vreedle Brothers, Carmen Dillo, INSTIGATOR, Duff Killigan, me, Leap Frog and Metal Sonic.

Kaos: So these are the new Cybertronians?

Maria: They sure are.

El Oso: I hope one of them has a bear mode.

Tchang Zu: They're good addition either way.

Duff Killigan: (to Nico) (Scottish Accent) We heard you faced Mr. Hyde again.

Nico: Yep.

INSTIGATOR: Did you kill him?

Nico: Nope. The court system did that.

?: Good riddance.

A figure came out and it was BREZ ARENISHKA from episodes 9 and 10 of LupinRangers VS PatRangers!

---

Brez Arenishka is a deer-themed Gangler Monster and the main antagonist of episode 9 and 10 of 2018 TV series called Kaitou Sentai Lupinranger VS Keisatsu Sentai Patranger. He is also equipped with a battery-like treasure called L'Orage électrique.

He was voiced by Takashi Shigematsu.

Brez Arenishka made his first appearance when he'd attack Ema Goldeen because she has a Scissors & Plane dial fighter that she'd wore like a necklace. As he'd battle Lupin Red he'd sent the Pordermen to get the jewel from Mrs. Goldeen, however both Lupin Blue and Lupin Yellow showed up and kept Brez Arenishka busy while the leader goes after the Pordermen. After the intro Brez was still battling the duo before the police showed up, so he fired the electricity at them, but he'd got the Pordermen by mistake, but he'd got away.

Brez is then at his hideout watching the news about a exhibition of Mrs. Goldeen's jewelry collection and letting Destra Majjo a heads up.

During the exhibition Brez managed to steal the jewelry, but turns out to be a trap so he'd battled the police and the two thieves. The battle was then taken outside and Brez is still firing out the electricity, however before the duo get a chance Patren1gou "destroyed" Brez with the treasure inside.

The real Brez made his second appearance as he was heading towards the factory to meet up Zamigo Delma. However, he was then attacked by the arrival of the police and the thieves. Now during the fight when Lupin Blue was about to use his dial fighter on Brez's safe he'd manage to duplicate himself to prevent that and he was about to due it again, but thanks to Lupin Blue he tied Brez up as Lupin Yellow managed to get into his safe (which his password is 3-8-8) and got L'Orage électrique (which translate as "Electrical Storm") battery in the nick of time before he was actually taken out by the police.

However, thanks to Goche Ru Medou she'd managed to enlarge Brez Arenishka as he would battle Lupin Kaiser equipped with the Scissor & Blade Dial fighter. Both the real and his clones were then destroyed regardless.

---

Kairi Yano: Brez Arenishka!

Brez Arenishka: Been a while rangers.

Me: I remember you! You attacked Ema Goldeen to get a jewel from her.

Brez Arenishka: Good memory on you.

Nico: Yep.

William: To be honest, your natural ability was something we didn't expect.

Brez Arenishka: Sorry about that. But this time, my treasure shuold be out first.

Nico: Yeah it will.

Kaos: We also have new recruits. Come out guys!

[Suddenly, sounds are heard from behind us. We looks up to see Mucky Eddy, holding a wrench and making odd noises.]

Rolf: "Mucky Boys!"

Jimmy: "AAAH!"

[Mucky Ed pops out of a dirt pile. Everybody in the cul-de-sac is frightened witless. Mucky Edd then pops out.]

Me: The Mucky Boys! Wow! You decided to have them join you.

Kaos: We sure did. As Maria Robotnik's archenemy.

Maria Robotnik: AWESOME!

Eli: Way to go Maria! This is gonna be awesome!

We got the usual battles underway.

---

Twilight Sparkle, Luster Dawn, Sunny Starscout, Magic Skylanders, Tussle Sprout and Golden Queen VS Kaos - Nico's rescue

---

Kaos was first.

Kaos: (to Twilight) I hope Nico had fun in his rescue. Is it true that he also saw purple lightning there?

Twilight Sparkle: He sure did and it was coming from his friend Francine that was turned into Transylian.

Luster Dawn: Her lightning powers are amazing and they really are powerful.

Sunny Starscout: Boy they sure are. I think it's really something.

Spyro: You got that right Sunny.

Kaos: Indeed. Lets get it on for I, KAOS, command it!

They fired waves of magic and smashed him down.

Twilight Sparkle: That was amazing!

---

Pinkie Pie, Featherweight, Tech Skylanders, Hook and Long Haul VS INSTIGATOR - Lincoln's rescue

---

INSTIGATOR was next.

INSTIGATOR: (to Pinkie Pie) I heard Lincoln's rescue was in Jump City. How was it?

Pinkie Pie: It was really great and I thought it was amazing how they reminded Tara who she was.

Featherweight: Also Fiona transformed there.

Sprocket: She sure did and she really was awesome.

INSTIGATOR: That is awesome. Lets do it!

They fired waves of lightning, gears, metal and energy and smashed him down.

Pinkie Pie: BEST USUAL BATTLE EVER!

---

## Applejack, Apple Bloom, Earth Skylanders, Blaster Tron and Sasha VS The Vreedle Brothers - Meeting a Red Dragon Archfiend Gene-Slammer

---

The Vreedle Brothers were next.

Octagon: (to Applejack) I heard you guys met a Red Dragon Archfiend Gene-Slammer. What's her name?

Applejack: You would like her. Her name is Yuriko Yamaguchi and she's from Japan.

Apple Bloom: She is a really awesome friend to Lincoln and she saved Lincoln from being stabbed by Lynn.

The brothers gasped.

Rhomboid: What happened?

Apple Bloom: It was scary. It happened long ago, you see, Yuriko was out for a jog through Franklin Avenue. But, then, she heard a loud scream coming from The Loud House and there was no mistaking just who that scream belonged to: Lincoln. She rushed into the house, and she heard the scream was coming from the kitchen, and she found out that Lynn slashed Lincoln in the palm of his hand with a knife in a horrible fit of rage. Apparently, Lynn and her team lost a baseball game to Hazeltucky, and she got into an argument with Lincoln, and Lincoln got so mad, he let out the two words "sore loser" which set Lynn off, and she took a knife and was about to stab Lincoln. He then got slashed on the palm of his left hand, and he screamed and cried in pain, and blood was coming off the slash wound, and Lynn was about to kill him. When she saw what Lynn did, Yuriko had to stop her or she was going to kill Lincoln. She gave her a good kick to the stomach, knocking the wind out of her, and she dropped the knife. As soon as the other sisters came, they saw what Lynn did to Lincoln, and Lori tied Lynn up to a chair and with nylon rope, and she tended to Lincoln, and he was holding his now slashed left palm, and crying so badly. Yuriko asked Lori to get her to the hospital with Lincoln, while Mr. and Mrs. Loud were at home scolding Lynn for what she did. Lisa did say that what Lynn did to Lincoln was severe, and she was about to commit first-degree murder. The other sisters wanted to call the police on Lynn, but of course, that would mean that Lynn would go to prison forever. Instead, Mr. and Mrs. Loud signed Lynn up for The Scared Straight Program, and it showed Lynn what could happen, if she went through with killing her own brother. Lincoln had to go through surgery to get the slash to his left palm stitched up, and he had to spend a few weeks in the hospital. But, she was there for him, and so was Lori.

They were shocked!

Octagon: That is crazy! Yuriko is a true guardian angel for Lincoln.

Flashwing: Lincoln showed us the scar on his palm and it was nasty.

Sasha: Boy it sure was! It was terrible.

Rhomboid: No kidding. Lets do it!

They fired waves of rock, earth, crystal and apples and smashed them down.

Applejack: YEEHAW! That was great!

---

Rarity, Sweetie Belle, Water Skylanders, Strike Man with Nitro Man VS Duff Killigan - Tara losing her memory after she was resurrected

---

Duff Killigan was next.

Duff Killigan: (to Rarity) Hard to believe Tara lost her memory after she was resurrected. (confused) Um… how exactly did that happen again?

Rarity: We don't really know how that happened but it might have something to do with what happened after Trigon was destroyed.

Sweetie Belle: I think it was after Tara sacrificed herself. She was put into Limbo. Maybe.

Gill Grunt: That could be it. But it's a big mystery.

Duff Killigan: Aye. Lets do it!

They fired waves of water, ice and jewels and smashed him down.

Rarity: Rapture darling that was grand!

---

Fluttershy, Tornado Bolt, Life Skylanders, Quake Woman and Princess Luna VS Carmen Dillo - Poor Billy going through all that bad luck

---

Carmen Dillo was next.

Carmen Dillo: (to Fluttershy) Poor Billy went through all that bad luck. Good thing you guys are willing to pay for the damages.

Fluttershy: That was terrible. And I thought Eddy going through all that trouble with the Cursed Telephone of Doom was terrible.

Tornado Bolt: Yeah that was crazy!

Stealth Elf: But Billy's bad luck because of that snail was worse.

Carmen Dillo: I've never been a big believer of all that superstition crud. Lets do it!

They fired waves of leaves, flowers and grass and smashed him down.

Fluttershy: That was fun.

---

Sunset Shimmer, Pipsqueak, Fire Skylanders, Threatpack and Cross Crow VS El Oso - How a Snail can cause so much pain

---

El Oso was next.

El Oso: (to Sunset Shimmer) (Spanish Accent) Hard to believe one snail can cause so much pain. I hope Poromon DOES eat him!

Sunset Shimmer: Boy no kidding! What that snail did was horrible.

Pipsqueak: (British Accent) Like J.D. said, I wouldn't eat a snail like that ever.

Sunburn: No kidding. The French may like Escargot but not me.

El Oso: Me neither amigos. I'm mostly into tacos and burritos. Lets get it on!

They fired waves of fire and smashed him down.

Sunset Shimmer: That was amazing!

---

Rainbow Dash, Scootaloo, Air Skylanders, Blast Off and G1 Vortex VS Tchang Zu - Crazy how Billy went through all that all because he spilled the salt

---

A figure came out, and it was none other than Maya Fallegeros' former sister, Mira Fallegeros, once a member of The Night Guard, but was turned into a vampire and the favored lieutenant of The Coven.

Nico: Uh oh, I'm going to guess that there's nothing but bad blood between them, right?

Lincoln: Afraid so, Nico. You see, Maya told me that Mira was once her sister and they both fought together when Mira was a member of The Night Guard.

Maya Fallegeros: But, during a botched mission against the vampires in the Siberian Mountains, Mira sacrificed herself to save me when I was injured, but in the process, she's been turned into the very thing that she's hunted, and she gave in to the Vampire's Curse, along with their dark powers.

Mira Fallegeros: And now, I'm going to enjoy killing you, sister.

Lincoln chained Mira up with rainbow energy chains, before Mira could even act.

Lincoln: Stay away from my future wife, Mira. (To Maya) Maya, what can you tell the rest of us about Mira? I can sense they're not going to like it.

Maya Fallegeros: You won't like what I'm going to tell everyone, Lincoln.

Maya Fallegeros proceeded to tell us about her former sister, Mira, and as predicted, we weren't going to like it.

Mira

Mira Fallegeros is a character introduced in the third season of Killer Instinct (2013). She is a former member of the Night Guard and the fraternal twin sister of Maya who sacrificed herself years ago to save Maya during a botched mission slaying vampires, but she has since returned as one of the very things they came to destroy. Now a member of a Russian Coven of vampires, Mira has become the favored lieutenant of an ancient vampire master known as the "True Tsar". Although a new character for KI 2013, the concept of a playable vampire dates back to the 1996 arcade game Killer Instinct 2, which would be realized twenty years later through Mira Fallegeros.

Biography

## Appearance

Mira is a pale white-skinned vampire with black hair that is tied back in a bun and gold eyes.

She wears a red scarf draped over her shoulders while her upper torso, shoulders and arms are clad with spiked armor, with her most notable features in that regard being claw-like gauntlets on her hands and a large, multi-spiked pauldron on her right shoulder. Underneath her armor appears to be a belted corset of some kind and thigh-high leather boots. A tattered, red cloak is tied around her waist, held in place by a slightly arrow-shaped buckle. In her hair is a ruby scarab beetle-shaped hairpiece, and on each gauntlet is a black metal scarab which latches its claws into her arms before each battle. Her magical blood is shiny and silver, heavily resembling the liquid metal mercury.

Mira's retro costume wears a black corset and a high thigh boots with purple accent, a black leather choker and long gloves. She also sports spiky red hair.

## Personality

Prior to being turned into a bloodthirsty revenant, Mira, together with Maya, was considered the best that the Night Guard had to offer. The fraternal twins were known for being as fearless as they were capable, and would dispatch monstrous creatures on their missions with ease. The human Mira appears to have cared deeply for her sister; something she demonstrated during their fateful mission in the Ural Mountains, when Mira selflessly sacrificed her life to allow her gravely wounded sister to escape the Coven.

The Mira who has returned as a vampire is entranced by the dark powers she possesses, and is bound body and soul to the creatures that she came to kill. She is devoted to serving her master, a vampire lord known only as the "True Tsar", and has cast aside her humanity and standing with the Night Guard. The vampire Mira is sadistic, sanguinary and remorseless, ruthlessly eliminates any who defy the will of the True Tsar, and often toys with her victims in displays of perverse cruelty. When appeasing her dark lord, Mira doesn't allow anything to stand in her way-and that includes her sister. Mira has also developed a sense of overbearing superiority, shown in her exchanges with fellow Coven member Porfiry.

The events of Shadow Lords reveal that the vampire's attachment to her fraternal twin isn't quite gone, however. When Maya had been captured by the forces of Gargos, Mira was offered untold power by the Astral tyrant in exchange for slaughtering Maya as the proof of her allegiance. The vampire duchess surprisingly rejected Gargos' offer, and chose to let Maya live (despite the True Tsar's mission to bring the Shadow Lord into the human world). One less happy explanation is that Mira may well have done this only because she seeks to destroy her former sister on her own terms.

## Abilities & Powers

Mira is a highly skilled huntress who, like Maya, is well-versed in the predatory fighting techniques which are the hallmark of the Night Guard. As a vampire, however, Mira has also become a mistress of ancient blood magics. Her gauntlets, the Gloves of Rasavatham (a version of the Philosopher's Stone corrupted by the power of the True Tsar), have replaced her blood with a silvery liquid metal resembling the poisonous substance mercury, which she can unleash from her undead body and manipulate in a variety of supernatural attacks and abilities. The combination of Mira's training as a former member of the Night Guard and her powers as a vampire make her an exceptionally dangerous nightstalker, and the favored lieutenant of the True Tsar.

Mira's blood magic, especially when amplified by her gauntlets, however isn't without a hidden cost. It drains portions of her "health" every time she uses her blood-based attacks, forcing her to constantly feast on her opponents' life energies in order to sustain herself.

## Killer Instinct (2013)

### Story

A former member of the Night Guard, Mira Fallegeros is Maya's fraternal twin sister. The two grew up together and under their father's tutelage became the Night Guard's best team of hunters. On a mission to kill a group of vampires in the Siberian Mountains, Mira sacrifices herself to save Maya and seemingly perishes, but the vampires find her and convert her into one of their own, corrupting her and granting her a pair of gauntlets that allow her to tap into her newfound powers.

---

When Maya Fallegeros was finished, we were indeed horrified by Mira's crimes.

Nico: Whoa, so we got a case of blood sisters who once fought together, but now one blood sister who has been turned into a vampire now fights against her own blood sister.

Me: You said it, Nico.

Lincoln: There's no chance of redemption for her, Mira has given in to the Vampire's Curse, and she has tormented the lives of so many, along with The Coven.

Zhen Ji: And that's exactly what I'm going to do to her.

Suddenly, Zhen Ji's brown eyes turned neon brown, and was surrounded by a violet and blue energy aura with icicles, sound waves, and phoenixes, she then got out her Phoenix Moon Flute, and as she approached Mira, she left violet and blue energy, icicles, sound waves, and phoenixes with every step.

Zhen Ji: Mira Fallegeros, the pain and suffering that you have caused to so many innocent people can never be forgiven, and it's time for me to administer the punishment that you rightfully deserve.

Suddenly, Zhen Ji was surrounded by a massive vortex of violet and blue energy with icicles and sound waves surrounding it, there was a phoenix flying around the vortex, and inside the vortex is a blue phoenix. Then, as the vortex faded, Zhen Ji emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Zhen Ji grew grew to 6'5" in height, she had the body of a goddess and she has blue highlights in the bangs of her long black hair put in an upward ponytail with white roses and blue feathers in it, she has neon brown eyes and a violet and blue energy aura with icicles, soundwaves, and phoenixes surrounding her. She has a phoenix with the Ice Kanji in its claws emblazoned on her forehead, she has on silver phoenix earrings with violet crystals for the eyes and the Ice Kanji in its claws, and she also has a phoenix with blue crystals for the eyes and the Ice Kanji in its claws for the second pendant of her Thunderbird Necklace of Eternal Love with blue gems on the gold lightning bolts and violet crystals from her Crystal Necklace of The Buddha which merged with her Thunderbird Necklace of Eternal Love. Zhen Ji has on a long-sleeved blue sweater with a violet phoenix on it, violet skirt with the Wei Phoenix on it, black pants, and red and blue ankle-length combat boots, and she has on blue weighted bands with silver phoenixes on her biceps and thighs, and she has on a long violet long-sleeved silk coat with phoenixes on the coattails, and on the back is a phoenix surrounded by flower petals and icicles. Zhen Ji felt a sharp pain on her back, and then, massive violet angel wings with blue tips on the large violet feathers sprouted out of her back.

Suddenly, Zhen Ji's Phoenix Moon Flute was surrounded by a kaleidoscope of icicles and sound waves, and when it emerged, it was transformed into Chang'e's Divine Phoenix Wolf Moon Flute of Moonlight Justice, it's a new flute with a large golden wolf's head with a curved gold moon on top of its head and two blue gems for eyes and a small chain with a gold phoenix holding a blue gem in its claws on one end of the long deep blue flute's body and on the other end of it are a cluster of curved golden moons for the pommel. Zhen Ji has on her new large cuff Bracelets of the Champions of The Universe with violet gems on her wrists, Belt of Elemental Bravery with a gold phoenix head with a large violet gem in its open mouth for the belt buckle, large violet Spellbook of The Gods and The Universe on her left hip and Eater of Sins revolver holstered on her right hip. There's a blue kanji below the phoenix that said, "Lady Zhen Ji, Distinguished Noblewoman and Daughter of Zhen Yi, Loving Future Wife of Lincoln Loud, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Emissary of Chang'e, Member of The Kingdom of Wei, Lover of Music, Powerful Student of Powerful Teachers, and Master of Icicles, Soundwaves, and

Phoenixes."

文昭皇后甄、甄逸の著名な貴婦人と娘、リンカーン・ラウドの愛する未来の妻、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、嫦娥の使者、魏王国のメンバー、音楽の恋人、強力な教師の強力な学生、そしてつらら、音波、およびフェニックスのマスター

Zhen Ji has transformed into SUPER ANGEL INFINITY DIVINE MOONLIGHT ICE PHOENIX ANGEL OF ALLURING JUSTICE AND REFINED LOVE!

We were amazed by Zhen Ji's Super Angel Infinity transformation, he had an atomic red blush on his face and hearts in his eyes. But, when Mira Fallegeros saw it, she fell into a rage and tried to attack, but Zhen Ji played a note on her new Chang'e's Divine Phoenix Wolf Moon Flute of Moonlight Justice, and fired a sound bubble, which hits Mira, and sends a damaging shockwave of sound at the vampire.

Lincoln: Wow, Lady Zhen Ji, you look beautiful. How do you feel?

Zhen Ji: (Divine Echoing Cosmic Voice of The Arctic Phoenix and Alluring Love) I feel incredible, Lincoln, and now, shall we put an end to Maya's former sister together?

Lincoln: (Smiles) With pleasure.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Zhen Ji.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Time to put an end to this blood feud once and for all.

Zhen Ji and Lincoln went after Mira Fallegeros, who fired her silver magical blood at them, but they'd dodged it, and they fired powerful blasts of rainbow energy, violet and blue energy, elemental forces, violet rose petals, sound waves, icicles, Thunderbirds, Phoenixes, and Buffalo, and they exploded with incredible power as they hit Mira Fallegeros. Then, Lincoln and Zhen Ji fired two sound bubbles from their Chang'e's Divine Wolf Phoenix Moon Flute of Moonlight Justice and Flute of Ogma, and they exploded as soon as they hit Mira's Gloves of Rasavatham, and shattered them.

Zhen Ji: (Divine Echoing Cosmic Voice of The Arctic Phoenix and Alluring Love) Time for our grand finale, Lincoln.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) Of course, Lady Zhen Ji. Time for us to send Mira and The Coven straight into Oblivion, where they belong.

Lincoln and Zhen Ji played a haunting melody on their flutes, and they fired a barrage of soundwaves and the haunting melody went into Mira's mind, and the sounds of the wailing screams of her victims wailed and screamed at her ears, wanting revenge, and then, the spirits of her victims appeared, as her forehead was marked by a kanji, along with the other members of The Coven and The True Tsar, who are in their base in Russia, as they also heard the haunting melody: they didn't realize that they had fallen victim to The Black Gates. Then, they were found guilty by the spirits of their victims, and their evil spirits were erased from existence forever. We cheered wildly for what Lincoln and Zhen Ji did, as they holster their weapons and power down, and Zhen Ji's new body, clothes, weapons, angel wings, and jewelry are permanent.

Zhen Ji: Rest in Peace, Mira Fallegeros, and may you and The Coven never return from the dead to torment the living again. Thank you for helping me with taking care of Mira, Lincoln.

Lincoln: (Smiles Warmly) You're welcome, Lady Zhen Ji, and there's also something I want to give you.

Zhen Ji: (Smiles) And I think I already know what it is.

Lincoln: (Smirks) You know me all too well, along with the rest of my future wives.

Lincoln wrapped his abnormally massive and powerful muscular arms around Zhen Ji's waist, and he brought her into an embrace, which took her by surprise and that brought an atomic red blush to her face. Then, as Lincoln leaned down to her face, they kissed passionately as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird and Phoenix flying in the air, and we also saw a herd of Buffalo running across the field and snow falling around them, and the display of the elemental forces. We had tears in our eyes and a smile on our faces.

Me: Now, that truly is romantic.

Nico: And a perfect way to end Lincoln's birthday, J.D. Plus, he and Zhen Ji got rid of Mira Fallegeros.

Brittney Knudson: Along with The Coven, that haunting melody they played marked Mira and The Coven with the kanji, condemning those vampires to The Black Gates forever. Very creative from the both of them.

Lincoln and Zhen Ji came back to us.

Lincoln: That's right, Brittney.

Zhen Ji: And I heard how Lincoln played on his Flute of Ogma, and it truly sounded so amazing.

Luna: That's the result of all that practice with the flute, and he's become a professional at playing it.

Nico: Boy no kidding. But great job today everyone. You did really great.

Billy: (To the viewers) (STUPID IDIOTIC BABBLING)

Nico: What an idiot.

We later had a good meal at the Greased Pig and then we went back home and enjoyed the rest of the day and went to sleep.

Another awesome and really funny fanfic done.

Dumb Luck from the Grim Adventures of Billy & Mandy was a really funny and awesome episode. Billy getting hurt like that all because of bad luck was really funny. Also the Catastrophe Snail was voiced by the great Christopher Lloyd and that was so awesome how he did that back then. The episode aired on June 18th, 2004 and it was so awesome back then. The first part was for the awesome story The Strange Case of Dr. Jekyll and Mr. Hyde and that was a really crazy and awesome story made by Robert Louis Stevenson and that was so awesome. The 2nd part was for the awesome but sad Teen Titans episode Things Change that was the final episode of the series. That's so sad that Terra didn't remember anything. That episode aired on January 16th, 2006. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be in the 1999 movie Faeries and Nico and Timmy Turner are going to face the evil Shapeshifter and help Nellie and George and their friends Brigid, Faery Prince Albrecht, Merrivale, Huccaby and Chudley destroy the Shapeshifter and make that monster pay for his crimes. They are also going to meet a Nemuina Gene-Slammer named Violet Remmington who is from Scotland and she has an incredibly magical secret about her. Also for Lincoln's rescue it will be in the movie Artemis Fowl. Spoiler alert for those who haven't seen it, we're going to help Artemis Fowl II and help him and his friends and team destroy Opal Koboi and we're also going to meet a Black Rose Dragon Gene-Slammer named Alexis Nikolai and she is another one of Lincoln's Guardian Angels. Marie Hernandez the Hamon, Lord of Striking Thunder is going to transform against Opal. The next exercise scene will have Alexis tell us how Lincoln and her had an awesome and how they discovered a beautiful secret garden in a hidden cave at the park that was one of the most amazing gardens they have ever seen. The next chapter is gonna be where we face Carla Wong from Totally Spies and we're going to not only meet Carla Wong III's mother but also stop her from using live people in a video game.

See you all tomorrow

# Return of The Lady Dragon

In the beautiful English Countryside, Nico and Timmy were walking around and it was a beautiful and magnificent British Day.

Nico: Thanks for coming with me, Timmy.

Timmy Turner: No problem Nico.

Nico: (Inhales) Ahh. I always like coming to the beautiful English Countryside. It's so serene and beautifully peaceful here.

Timmy Turner: It sure is. I think it's amazing here.

They came across a really amazing farm and it looked familiar.

Nico: That farm looks very familiar to me.

Timmy Turner: It looks amazing.

Nico: You brought Cosmo and Wanda with you, right?

Timmy Turner: They are always with me.

Cosmo: Yeah we're here.

They were hummingbirds.

Wanda: It's gonna be really cool to see how you do on these rescues Nico.

Nico: I always have a lot of fun on them.

Timmy Turner: So does everyone else.

Then they saw a red hair girl and a black hair boy and they were running into the forest.

Nico: Wait a second. That's Nellie and her brother George.

Timmy Turner: I wonder what they are in a hurry for.

Nico: Lets go see.

They ran into the forest.

Nico: Timmy, I've got a bad feeling that Von Bardas probably survived that Latverian Castle's explosion.

Timmy Turner: I have that feeling too.

They saw them go into a Faery Ring and it was really a portal.

Nico: Whoa! That was interesting. Lets go.

They went through the ring and through the portal and they wound up in the world of Faeries.

Nico: WHOA! This is amazing.

Timmy Turner: Wow!

Wanda: Wow! Its been a long time since we were here. This is the Realm of Faeries. It's a world that is a parallel version of Fairy World.

Nico: Wow. Lets see what Nellie and George are up to.

Timmy Turner: Good idea.

Nico: So, you two have been here before?

Wanda: Yes but it was hundreds of years ago Nico.

Cosmo: Yeah and it was great.

Nico: I sense something evil here at work.

They saw Nellie and George go into a cave and then came out with a powerful staff and with them was a Nemuina and a blond hair fairy in a pink dress.

Nellie: (British Accent) Huh? Nico? Is that you?

Nico: Nellie it's great to see you and George again. What's going on?

Nellie: We'll explain on the way!

They ran to the castle!

Nico: Brigid? Wow! Awesome to see you again. You look awesome as a fairy.

Brigid: (British Accent) It's great to see you too Nico.

Nico: Same here.

Timmy Turner: Yeah.

Nico: Wait. Who's the Nemuina?

Nemuina: (In a girl's voice) (Scottish Accent) Don't you recognize me now?

Nico: Violet? Violet Remmington? Wow! You look awesome as a Nemuina.

Nemuina: Glad you think so now.

They got into the castle and went into the Prince's bedroom and they saw the Prince dying.

Nico: WHOA MAN!

Timmy Turner: What's happening to him?

Brigid: He's dying! The Shapeshifter Forced Nellie and George to steal the Royal Orb. The orb is what gives the fairies their beauty and immortality.

Nico: Oh man!

Nellie put the orb in its stand and then the prince and all the fairies had their youth and immortality restored!

Nico: That was close!

Timmy Turner: Who is the Shapeshifter?

Nico: He's Prince Albrecht's evil twin brother and has the power to shapeshift. He was banished from the castle forever centuries ago. He and I are huge enemies. Long ago before I joined Team Loud Phoenix Storm, I was tasked with making sure that he never gets his hands on the Royal Orb. He almost won this time. But now I have an old score to settle and some unfinished business to take care of with him.

Prince Albrecht: Yes and it's good to see you again Nico.

Nico: Same to you your highness. This is my friend Timmy Turner.

Timmy Turner: Pleasure to meet you your highness.

Wanda: Great to see you again too your highness.

Cosmo: Same here.

Prince Albrecht: You too Wanda and Cosmo.

Nico: Now it's personal. We got to stop the Shapeshifter for good. Your highness I'm sorry about what we have to do but I'm afraid we have to kill your evil brother.

Prince Albrecht: I understand Nico. Consider this my final mission to you.

Nico: Thank you.

Nellie: We have to stop that monster for good.

Nemuina: Aye. We will make that monster pay now.

Nico: Can anyone tell me where the Shapeshifter is?

Nellie: His lair is that cave we came out of. He and his minions live there.

George (Faeries): We won't let him get away with this.

Nico: No we won't.

They went to the cave of the Shapeshifter and Nico was standing outside.

Nico: Come on out! If you do, I promise you'll only go to the River of Fire!

A figure came out and it was The Shapeshifter!

Nico: Well well well. Shapeshifter its been a long time.

Shapeshifter: Nicolas Chan. You sure have changed the last time we saw each other.

Nico: It has been a while hasn't it?

Shapeshifter: So you have come to beat me?

Nico: Not this time. I'm going to kill you. Didn't you hear? I'm now the leader of Team Loud Phoenix Storm, the most powerful force in the entire universe and you have survived for far too long.

Shapeshifter: You think you can beat me? You and what army?

Nico: Me and THIS ARMY!

Nico pointed behind him and he saw Timmy, Wanda, Cosmo, Prince Albrecht, Brigid, Nellie, George, Violet, Merrivale, Huccaby, Chudley, and Starcross and a massive army of faeries behind him and the Royal Orb was aglow.

Shapeshifter: How can this be!? I have the Royal Orb!

Nellie: Correction. You have an old bead on a broach pin.

The bead fell off.

Nico: Very clever double-crossing trick.

Timmy Turner: Yeah!

Nico: Don't blink. You'll miss the sounds of your own death!

Shapeshifter: DESTROY THEM!

He turned into a HUGE PREYING MANTIS! He growled and fired a massive jet of fire from his mouth!

Nico: You need a breath mint! But you aren't the only one that has shapeshifting powers!

Nico turned into KING GHIDORAH! He then fired gravity beams at the Shapeshifter and smashed him down all over the place in powerful explosions.

The shapeshifter was down and Nico touched him and stripped him of his shapeshifting powers and transferred them into Lincoln's sisters.

Nico: Now for you to go.

Nico pulled out a beaker and it was full of my blood.

Nico: This will more than just hurt, it'll be excruciating.

Nico pulled out a dagger and put some of my blood on the blade and then the blade turned red. Nico then stabbed the Shapeshifter right through his back and he screamed in pain and he disintegrated into dust and died in an instant.

Timmy: Good riddance.

Nico: Mission accomplished.

Prince Albrecht: Your mission is complete Nico.

Nico: Yep. I'm sorry I killed your so-called brother your highness. What he did to all of you was completely unforgivable.

Prince Albrecht: Indeed. And you have my eternal gratitude Nico. You have come a long way.

Nico: I've never been one to brag but yeah.

Timmy: Violet, what's your favorite memory of Nico?

Nemuina: My favorite memory was when we were at the sock hop and we danced to Scottish Dance music.

Nico: That was my favorite. I learned how to dance to traditional Scottish music. It was great.

Brigid: That is amazing.

Violet then reverted back and she had a beautiful purple dress on and had blue fairy wings.

Nico: Awesome! Also I forgot to tell you that Violet is also a fairy.

Violet Remmington: Aye. It's true. I come from a fairy tribe in Scotland and I have amazing powers with it. I am also a human size fairy too.

Nico: Yep.

Timmy Turner: Wow! That is so amazing.

Wanda: That is really cool.

Nico: No wonder you got turned into one of Pesky Dust's species.

Violet Remmington: Aye. I think its really amazing.

Violet then hugged Nico.

Violet Remmington: I missed you so much now.

Nico: Me too Violet. Me too.

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, Sima Yi, Marie Hernandez, Sly Cooper, Marie Cooper, Connor Cooper, Bentley, Murray, Inspector Fox, Neyla, Contessa, Penelope, Dmitri, Jean Bison, Rajan, and Harry Potter are heading into the world of

Artemis Fowl, and not only is Lincoln going to rescue the ten girls there, but we're also going to meet Artemis Fowl II and his friends and team destroy Opal Koboi, and we also got word that a Gene Slammer for The Black Rose Dragon is here too.

Lincoln: Wow, we're in the world of Artemis Fowl, and I know what we're going to do here, not only am I going to rescue the ten girls there, but we're also going to meet Artemis Fowl II and his friends and team destroy Opal Koboi.

Nico: That's right, big guy.

Me: I've read the book Artemis Fowl, and it was awesome. Plus, The Fowl Family, just like The Cooper Clan, are an Irish criminal dynasty, dating back to the Norman Conquest of 1066, and has amassed a stupendous fortune through both legitimate and illegitimate excursions.

Sly Cooper: That's incredible.

Lincoln: And their most dangerous enemy is Opal Koboi, a genocidal and ruthless pixie who resents everything about the humans, and she blamed them for the previous war between the People and humans, and was appalled how her race had been reduced among humans to silly stories, the objects of laughter or to frighten children, and I know what she's after: the Aculos, she's convinced it would grant her ultimate power, and with it, she intends to annihilate mankind, she must be destroyed for good.

Harry Potter: (British Accent) Yes, that's right.

TLPS Mr. Wolf: That fairy is going to pay for trying to destroy mankind, and Marie Hernandez is the next one to transform, so this should be good. Though I've got a feeling that Opal Koboi has gotten some added help as well.

Lincoln: You're not the only one, TLPS Mr. Wolf.

?: HELP!

Suddenly, Lincoln heard the sound of ten girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the ten girls, along with Artemis Fowl II and his friend and his team, but they've been cornered by Opal Koboi, and she's going to kill them, and he also saw that she has some soldiers belonging to Dong Zhuo's army with her as reinforcements.

Lincoln: Guys, I've found the ten girls, along with Artemis Fowl II and his friend and his team, but they've been cornered by Opal Koboi, and she's going to kill them, and you know that feeling you'd just told us, TLPS Mr. Wolf: I also saw that Opal Koboi has some soldiers belonging to Dong Zhuo's army with her as reinforcements.

This shocked Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, Sima Yi, along with the Dynasty Warriors girls in Lincoln's harem.

TLPS Mr. Wolf: What?! So, she'd stooped that low as to get some help from that wretched pig?! She will PAY!

?: (Russian Accent) You bet she will!

Suddenly, we saw a Black Rose Dragon appear before us.

Lincoln: That voice, I should've known it was you, Alexis Nikolai. But, we'll have to talk later, right now, we've got a genocidal fairy to destroy.

We rushed on over, and Lincoln fired a shower of rainbow energy needles, which killed Dong Zhuo's soldiers, and really injured Opal Koboi. When she saw us here, she was enraged beyond belief.

Opal Koboi: How dare you interfere, you pesky mortals?! I will destroy you all, along with the entire Fowl Family, and all of mankind!

Lincoln: Shut your trap, Koboi!

This got her to shut up when Lincoln raised his voice.

Lincoln: I knew you were nothing more than a genocidal and ruthless fairy with a hatred for all of mankind because of your twisted beliefs, but you sank to a new low when you sought the assistance of that wretched pig, Dong Zhuo, and for that, you're never leaving here alive.

Marie Hernandez: That's right, and I've had it up to hear with you to last an eternity, Opal.

Suddenly, Marie Hernandez's yellow eyes turned neon yellow, and she was surrounded by a yellow energy aura with lightning bolts and phoenixes, and as she approached Opal Koboi, she left yellow energy, lightning bolts, and phoenixes with every step, and lightning crashed down from the heavens.

Marie Hernandez: Opal Koboi, you have tormented the Fowl Family and all of mankind for the last time, and now, you will pay the price for your genocidal ambitions.

Suddenly, Marie Hernandez was surrounded by a massive vortex of yellow energy with yellow lightning bolts surrounding the vortex and lightning crashing down from the heavens, we then saw the evil Sacred Beast, Hamon, Lord of Striking Thunder flying around the vortex, and in the vortex is a red phoenix. Then, as the vortex faded, Marie Hernandez emerged, but she was changed forever.

(IMPERATRIX MUNDI 1:45 TO 2:14)

Marie Hernandez grew to 6'5" in height, she had the body of a goddess and she has red highlights in the bangs of her long yellow hair, she has neon yellow eyes and a yellow energy aura with yellow lightning bolts and phoenixes surrounding her. She has Hamon with the Thunder Kanji in its claws emblazoned on her forehead, she has on phoenix earrings with crimson red crystals for the eyes and the Thunder Kanji in its claws, and she also has on her Crystal Necklace of The Buddha with yellow crystal links and a phoenix with crimson red crystals for eyes and holding the Thunder Kanji in its claws for the pendant. Marie Hernandez has on a sleeveless yellow shirt with a red phoenix, yellow skirt with Hamon, Lord of Striking Thunder on it, yellow pants, and yellow ankle-length combat boots, and she has on yellow weighted bands with silver phoenixes on her biceps and thighs, and she has on a long yellow sleeveless trenchcoat with yellow lightning bolts on the coattails, and on the back is Hamon, Lord of Striking Thunder and surrounded by lightning bolts. Marie Hernandez suddenly felt a sharp pain on her back, and then, massive yellow angel wings with black tips on the large yellow feathers sprouted out of her back.

Marie Hernandez has a brand-new large sword in her hand called Hamon's Lightning Sword of Striking Electric Justice, it's a large sword with Hamon, Lord of Striking Thunder, etched on the 6'5" massive, wide, double-edged, man-sized yellow blade, Hamon's wings for the crossguard, large crimson red gem for the hilt, longer black handle, and four large phoenix heads with crimson red gems for the eyes for the pommel and four large red gems in its mouths. Marie Hernandez has on her new large cuff Bracelets of the Champions of The Universe with yellow gems on her wrists, Belt of Elemental Bravery with a gold version of Hamon's head and a large yellow gem in its mouth for the belt buckle, large yellow Spellbook of The Gods and The Universe on her left hip and Eater of Sins revolver holstered on her right hip. There's a black kanji below Hamon that said, "Marie Hernandez, Loving Future Wife and Friend of Nicholas Chan, Gene-Slammer of Hamon, Lord of Striking Thunder, Sister of Fiona and Nicole Hernandez, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Emissary of Arachne, Powerful Student of Powerful Teachers, and Master of Thunder and Dragons."

マリー・ヘルナンデス、ニコラス・チャンの愛する未来の妻と友人、ハモンのジーン・スラマー、ストライキング・サンダーの主、フィオナとニコール・ヘルナンデスの姉妹、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、アラクネの使者、強力な学生強力な教師の、そして雷とドラゴンのマスター

Marie Hernandez has transformed into SUPER ANGEL INFINITY YELLOW STRIKING LIGHTNING PHOENIX ANGEL OF STRIKING JUSTICE AND ELECTRIC LOVE!

THUNDERCLAP! THUNDERCLAP THUNDERCLAP THUNDERCLAP THUNDERCLAP THUNDERCLAP!

LIGHTNING WAS STRIKING ALL OVER THE PLACE!

We were amazed by Marie Hernandez' Super Angel Infinity transformation, and when Nico saw it, he had an atomic red blush on his face and hearts in his eyes. But, when Opal Koboi saw it, she fell into a rage and fired a blast of magic to kill her, but Marie fired a powerful blast of yellow energy with yellow lightning and phoenixes, and it hit the genocidal pixie, and electrocuted her.

Lincoln: Awesome, Marie's transformed.

Nico: This is so awesome. Marie, how do you feel?

Marie Hernandez: (Divine Echoing Cosmic Voice of The Striking Thunder and Phoenix Love) **I feel incredible, Nico, and now, shall we put an end to that bad pixie?**

Lincoln: Let's do it.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sima Yi, and Sun Quan got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs, Harry Potter got out his staff, The Cooper Gang got out their weapons, and Me, Eli, Nicole, and Nico also transformed and unholstered our massive swords from our backs, and Artemis Fowl II and his friends and team joined us, and we went at Opal Koboi, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, ice, lightning, steel orbs, stars, rainbow flames, orange flames, blue flames, searing red hot flames, and green flames at the genocidal pixie, and they exploded with incredible power as they hit her.

Then, Lincoln appeared behind her, and grabbed her and hoisted her up. Then, he began sucking out all of Opal Koboi's powers, abilities, immortality, and magic, and he and the rest of us made them our own, and we also assimilated said abilities as well. Then, as he threw Opal Koboi to Marie Hernandez, she fired a powerful yellow energy blast with lightning and phoenixes, and obliterated Opal Koboi for good. Then, as her spirit appeared, Marie Hernandez marked her forehead with a kanji, and she was condemned to The Black Gates, as she was confronted by those she killed. Opal Koboi was found guilty, and her evil spirit was erased from existence forever. We cheered wildly for what we've done as we holster our weapons on our backs and power down, and Marie Hernandez' new body, clothes, weapons, jewelry, and angel wings are permanent. Nico picked Marie up in his abnormally massive and powerful muscular arms, and they had an electrifying and romantic kiss as we cheered for them.

Marie Hernandez: Whoa.

Nico: You can expect more of that from me on our dates, Marie.

Marie Hernandez: Oh, I'm looking forward to it.

Lincoln: Alright, now we're rid of Opal Koboi for good.

Artemis Fowl II: For what she tried to do in annihilating mankind, she deserved to be destroyed for good, and it's an honor to meet the famous Team Loud Phoenix Storm.

Nico: You too, Artemis.

Lincoln: And it's so good to see you again, Alexis.

Alexis Nikolai: (Russian Accent) It's really good to see you again too, Lincoln, it's been a long time, along with you too, Joy Kiramensikov.

They went up to each other, and they hugged, and Alexis was surprised at how much stronger and at how much taller and much more muscular Lincoln's gotten since she last saw him.

Lincoln: It sure has been a long time, I haven't seen you when you were eleven, and I've grown a lot since then.

Alexis Nikolai: (Russian Accent) Yeah, I can see, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Wow, Lincoln, Joy you know her.

Lincoln: Yeah, we do, Nico. This is Alexis Nikolai. Like Joy, she came to Royal Woods, but not on a Foreign Exchange Student Program, she and her family moved to Royal Woods from Russia.

Nico: Awesome.

Alexis Nikolai: (Russian Accent) And that was fun.

Lincoln: The rescues always are awesome. Now, let's get you back to normal. Boys, cover your eyes, hold still, Alexis, this is going to hurt.

Me, Nico, Eli, and the rest of the boys covered our eyes as Lincoln snapped his fingers, and Alexis was reverting back to normal. Alexis Nikolai is a beautiful 17-year-old with long crimson red hair going down to the bottom of her neck, crimson red eyes, fair skin, she's 6'0" in height, and she had the body of a goddess. She also now has massive crimson red angel wings that give off the sweet scent of roses on her back, as she reigns in the power of the Black Rose Dragon, and she is in her birthday suit.

Lincoln: How do you feel, Alexis?

Alexis Nikolai: (Russian Accent) Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Alexis Nikolai a new wardrobe, a sleeveless rose red shirt with a black phoenix and a rose red skirt with the Black Rose Dragon on it, rose red pants, rose red leather ankle-high combat boots, and a long rose red sleeveless trenchcoat with rose petals on the coattails and the Black Rose Dragon on the back, and on her back is a large Black Rose Dragon-themed sword with a 6'5" massive, wide, double-edged, man-sized rose red blade with the Black Rose Dragon etched on it, large Black Rose Dragon wings for the crossguard, large rose red gem for the hilt, longer black handle, and large rose red faceted sphere pommel with surrounding black gems.

Alexis Nikolai: (Russian Accent) Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Alexis Nikolai's neck with rose red gems on the gold lightning bolts and rose red crystals links from her new Crystal Necklace of the Buddha.

Alexis Nikolai: (Surprised) (Russian Accent) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Alexis.

Alexis Nikolai had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the ten girls, and when Lincoln saw them, he immediately recognized them. The ten girls are Amelia the Cleric, Ishizu the Dark Elf, Delia the Fighter, Maria the Hunter, Sakura the Kunoichi, Mana the Mage, Celeste the Paladin, Angella the Valkyrie, Tania the Black Knight, and Metalla the Necromancer from Bikini Warriors.

Lincoln: Oh wow, it's Amelia the Cleric, Ishizu the Dark Elf, Delia the Fighter, Maria the Hunter, Sakura the Kunoichi, Mana the Mage, Celeste the Paladin, Angella the Valkyrie, Tania the Black Knight, and Metalla the Necromancer.

Helena McTroy: From Bikini Warriors, awesome.

Lincoln: Are you girls okay?

Amelia the Cleric: Yes, we're okay, thanks to you.

Then, when Amelia the Cleric and the other nine girls saw who it was that saved them from Opal Koboi, their faces turned atomic red upon seeing the 17-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanjis "Savior of The Loud House, Powerful Student of Many Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, and The Unifier of The Three Kingdoms" on the left legs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts with a large deep sapphire blue gem in the shape of a Thunderbird on top of a silver Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Amelia the Cleric: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made nine clones of himself, and he and the nine clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Amelia the Cleric: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, ten Thunderbird Necklaces of Eternal Love appeared around the necks of Amelia the Cleric, Ishizu the Dark Elf, Delia the Fighter, Maria the Hunter, Sakura the Kunoichi, Mana the Mage, Celeste the Paladin, Angella the Valkyrie, Tania the Black Knight, and Metalla the Necromancer with colored gems and crystals on the gold lightning bolts. We returned to the Estate, we told everyone what happened, and they were shocked when we told them the villain we went after was Opal Koboi.

But, when Lincoln showed what happened, and with Marie Hernandez transforming, and using The Black Gates on the genocidal pixie, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Alexis Nikolai now have a lot of catching up to do, now that she's back, and Artemis Fowl II and his friends and team are now members of the team.

---

After getting rid of Opal Koboi and giving her The Black Gates, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Alexis Nikolai saw Lincoln working out like crazy, she had an atomic red blush on her face.

Alexis Nikolai: (Russian Accent) Whoa, Lincoln's really grown to be a 17-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Alexis, and now, I can also fight and defend myself.

Alexis Nikolai: (Russian Accent) That's awesome, and I heard that you turned 17 yesterday, that's even more awesome.

Nico: It sure is, Alexis. So, what memories did you have with Lincoln?

Alexis Nikolai: (Russian Accent) Oh, I remembered that this one time, Lincoln and I discovered a beautiful secret garden in a hidden cave at the park, and it was one of the most amazing gardens we have ever seen. I've got the photos to prove it.

Alexis Nikolai showed us the pictures of the beautiful secret garden in the hidden cave at the park, and it's filled with beautiful and colorful flowers with lush grass with animals and a beautiful waterfall, and we were amazed at the breathtaking garden, it was so awesome.

Me: (Amazed) Whoa.

Nico: (Amazed) That is so awesome that you and Lincoln discovered an awesome and beautiful secret garden in the park, Alexis.

Fluttershy: Indeed, and there's so many animals that live there.

Me: And I had to guess you guys had to keep it a secret from the rest of your sisters, right, Lincoln?

Lincoln: You bet. When we got back, Lynn wanted to know where we were at, but we kept quiet, but knowing Lynn, she was pummel me. But, Alexis got in the way, and stopped Lynn's fist with her hand, and Judo-threw her into the trashcan.

Me: Ouch.

Nico: Yikes, there's nothing worse than getting Judo-thrown into a trashcan. And that also proves of how tough Alexis is when it comes to keeping Lynn in her place, along with Lori, Lola, Luan, and Lisa.

We then got a shower, and suddenly, the alarm sounded, and when Lincoln checked the computer, we saw that Karnath, another enemy of The Battletoads, is causing havoc in the city, and we saw that The Battletoads had arrived, and they are already fighting Karnath.

Lincoln: Whoa, The Battletoads are here, and they're already in town fighting Karnath, who's causing havoc. Come on, let's give them a hand, and turn that snake into a leather purse.

We head out to confront Karnath, and Lincoln fired a powerful rainbow energy blast, which hits the snake. When the Battletoads saw us, they knew Karnath's time was up, and when Karnath saw us, he was really mad now.

Karnath: So, the famous Team Loud Phoenix Storm has arrived? Just when I was close to finishing off those Battletoads, but no matter, I will kill you all for what you did to General Slaughter.

Lincoln: Give it a rest, snake breath.

Fuu (Samurai Champloo): I've had it up to hear with you to last a lifetime.

Suddenly, Fuu's brown eyes turned neon brown, and she was surrounded by a deep pink energy aura with sakura blossoms and dogs, and as she approached Karnath, she left deep pink energy, sakura blossoms, and dogs with every step. Suddenly, Fuu was surrounded by a massive vortex of deep pink energy with sakura blossoms surrounding the vortex, there's a dog running around the vortex, and in the vortex is a black phoenix. Then, as the vortex faded, Fuu emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Fuu Parker grew to 6'5" in height, she had the body of a goddess and she has deep pink highlights in the bangs of her brown hair that is tied in the style of a ponytail, she has neon brown eyes and a deep pink energy aura with sakura blossoms and dogs surrounding her. She has a dog with the Flower Kanji in its paws emblazoned on her forehead, she has on dog earrings with deep pink crystals for the eyes and the Flower Kanji in its paws, and she also has a dog with deep pink crystals for the eyes and the Flower Kanji in its paws for the second pendant of her Thunderbird Necklace of Eternal Love with deep pink gems on the gold lightning bolts and deep pink crystals from her Crystal Necklace of The Buddha which merged with her Thunderbird Necklace of Eternal Love. Fuu has on a sleeveless deep pink shirt with a pink phoenix on it, deep pink skirt with sakura blossoms, deep pink pants, and deep pink ankle-length combat boots, and she has on deep pink weighted bands with silver phoenixes on her biceps and thighs, and she has on a long deep pink sleeveless trenchcoat with dogs and sakura blossoms on the coattails, and on the back is a dog and a phoenix.

Suddenly, Fuu's tanto sword was surrounded by a kaleidoscope of deep pink energy, and when it had emerged, it was transformed into a new large sword in her hand called Tsukuyomi's Sakura Sword of Moonlit Justice, it's a large sword with the Japanese goddess, Tsukuyomi, etched on the 6'5" massive, wide, double-edged, man-sized deep pink blade, large skulls with deep pink gems for the crossguard, large deep pink gem for the hilt, longer black handle, and four large dog heads with deep pink gems for the eyes for the pommel, and attached to it are the three netsuke from her pink tanto sword: the skull, the Christian pendant from her father, the pair of dice, and the dog. Fuu has on her new large gold cuff Bracelets of the Champions of The Universe with deep pink gems on her wrists, gold Belt of Elemental Bravery with a gold dog head with a deep pink gem in its mouth for the belt buckle, large deep pink Spellbook of The Gods and The Universe on her left hip and Eater of Sins revolver holstered on her right hip. There's a red kanji below the dog on the back that said, "Fuu, Loving Daughter of Seizo Kasumi, Loving Friend of Mugen and Jin, Loving Future Wife of Lincoln Loud, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Emissary of Tsukuyomi, Powerful Student of Powerful Teachers, and Master of Dogs and Flowers."

フー、霞誠三の愛する娘、無限とジンの愛する友人、リンカーン・ラウドの愛する未来の妻、邪悪な殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、月読の使者、強力な教師の強力な学生、そして犬のマスターと花

Fuu has has transformed into SUPER ANGEL INFINITY CANINE SAKURA BLOSSOM SAMURAI ANGEL OF PLANT LOVE AND SAMURAI BRAVERY!

We were amazed by Fuu's Super Angel Infinity transformation, and when Lincoln saw it, he had an atomic red blush on his face and hearts in his eyes. But, when Karnash saw it, he hissed with rage and tried to attack, but Fuu fired a powerful deep pink energy blast with sakura blossoms, and it hits Karnath in his eye, blinding him.

Lincoln: Whoa, Fuu, you look beautiful, how do you feel?

Fuu: (Samurai Champloo): (Divine Echoing Cosmic Voice of The Sakura Blossom and Plant Love) **I feel incredible, Linky. Now, shall we put an end to that vicious snake?**

Lincoln: (Smiles) You got it.

Rash: Don't start without us, guys.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Fuu, and they're also joined by the Battletoads.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Time to turn that snake into a leather wallet.**

Fuu, The Battletoads, and Lincoln went at Karnash, and they fired powerful blasts of deep pink energy, rainbow energy, elemental forces, sakura blossoms, Thunderbirds, Phoenixes, Buffalo, skulls, dice, dogs, and water, and they exploded with incredible power as they hit Karnash. Then, they jumped onto Karnash's back and they brutally pummeled him, and he got hurt really bad. Then, Fuu and Lincoln jump into the air, and with their swords in hand, did two guillotine slashes down onto Karnash, and beheaded him, and he exploded in purple flames as his spirit was Super Hakaied and banished to Oblivion for good. We came back home and we cheered wildly for what Lincoln and Fuu did, as they holstered their massive swords on their backs and power down, and Fuu's new body, clothes, weapons, angel wings, and jewelry are permanent.

Fuu (Samurai Champloo): That'll teach that snake, hope he never comes back. Thank you for helping me with taking down General Slaughter, Lincoln.

Lincoln: (Smiles Warmly) You're welcome, Fuu, and there's also something I want to give you.

Fuu (Samurai Champloo): (Smirks) And I think I already know what it is.

Lincoln: (Smirks) You know me all too well, along with the rest of my future wives.

Lincoln wrapped his abnormally massive and powerful muscular arms around Fuu's waist, and he brought her into an embrace, which took her by surprise and that brought an atomic red blush to her face. Then, as Lincoln leaned down to her face, they kissed passionately as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird and Phoenix flying in the air, and we also saw a herd of Buffalo and dogs running across the field and sakura blossoms were falling, and the display of the elemental forces. We had tears in our eyes and a smile on our faces.

Me: Wow, now that's so awesome.

Nico: You said it, J.D. (To the Battletoads) And it's an awesome pleasure to meet you guys, Rash.

Rash: You too, Nico. And when we heard of what Lincoln and Peni did in getting rid of General Slaughter, we've been wanting to meet you guys.

Zitz: And you guys sure know how to fight big time.

Pimple: Yeah, when it comes to pummeling bad guys, you don't mess around.

Nico: (Laughs) Yeah, we sure don't mess around. And it's going to be awesome having you guys on the team.

Rash: You got that right, I'm looking forward to beating a bunch of bad guys into the dirt.

We return home to the Estate, and we were now rid of Karnash for good, and we also now have the Battletoads as our new members of the team, but this also means that we're not through with the rest of their enemies yet, there's bound to be more, but we're ready for them.

---

Later we were getting ready to watch a Robot Chicken Sketch.

Bai Tza: Kendra, this next Robot chicken Sketch will give you a good idea about who we're going after when all of us meet Charlie Brown.

Kendra: What do you mean?

Maria: It's best if we show you.

Nico: J.D.?

Me: Coming right up.

I showed the sketch.

---

Linus is standing in the middle of a pumpkin patch at night)

Linus Van Pelt:… and so, each Halloween, the Great Pumpkin rises out of the pumpkin patch and gives Halloween presents to all the girls and boys. For some reason, he's never actually appeared to me personally, but this year will be different.

(He sets a chicken on fire in the center of a pentacle)

Linus Van Pelt: Arise! Arise, O Great Pumpkin! (He sees the great pumpkin appear) Finally! Now you can give me presents. (A menacing shadow appears over him and making him shriek.)

(A card reading The time of the great pumpkin: Day 1 is shown)

Day 1 (In a field near the pumpkin patch, Lucy is attempting to trick Charlie Brown into trying to kick a football)

Lucy Van Pelt: Just kick the ball, you blockhead!

Charlie Brown: But every time I try, you just take the ball away.

Lucy Van Pelt: This time I won't! Come on, already!

Charlie Brown: (Thinking to himself) Maybe this time she means it. (He begins running) I'm going to do it. I'm going to kick the football. This is it!

(He kicks Lucy instead, who flies off into the pumpkin patch)

Lucy Van Pelt: Aaaahh!

Charlie Brown: That's for years of humiliation, bitch!

(Lucy lands in a puddle of blood)

Lucy Van Pelt: What the…? (screaming)

Charlie Brown: Poor Linus. (Lucy and Charlie Brown are at the police station)

Lucy Van Pelt: That blockhead! Everyone's a blockhead! Blockheads. Blockheads. Blockheads!

An anonymous, offscreen adult: Wah wah wah wah wah wah wah wah wah?

Lucy Van Pelt: (to Charlie Brown) What did he say?

Charlie Brown: Augh! I never have any idea what any adult says. It's always that "Wah wah wah" crap.

(A card reading: Day 2 is shown)

Day 2 (The Peanuts friends are gathered around Linus's grave, and Schroeder plays a funeral song on his piano)

Charlie Brown: I thought it would be appropriate to bury what little they found of Linus in his security blanket. (He throws it in the grave)

Lucy Van Pelt: That stupid blanket! I knew he was never right in his head.

(Snoopy howls)

Sally Brown: Oh, my sweet babboo! I can't live without him! I won't leave him, I won't! (She begins crying and runs twist around, and Pigpen begins filling it with dirt) Linus! Linus! I can't… Linus!

Charlie Brown: (to Marcie and Peppermint Patty) This is different from the time we got lost in France, or when we almost drowned during the Great River raft race. I fear just having a positive attitude with strong Christian overtones won't save us this time.

Marcie: (to Peppermint Patty) Hold me, sir.

(The girls begin kissing)

Charlie Brown: I said strong Christian overtones!

(A card with the text: Day 10 is shown)

(Charlie Brown is at Lucy's psychiatric help booth)

Charlie Brown: I'm at the end of my rope, Lucy. Everyone else is dead besides you and me. (Lucy gasps as the menacing shadow appears over her; Charlie Brown turns away from her, thinking he is still talking to her, as a crunching noise is heard)

Charlie Brown: I thought being stuck as a prepubescent bald kid for fifty years couldn't get any worse. (sighs) What should we do?

Great Pumpkin: (offscreen) You should let the Great Pumpkin eat you!

(The Great Pumpkin comes out of the booth and Charlie Brown turns around and sees it)

(Charlie Brown runs away, followed closely by the Great Pumpkin; he attempts to hide under a tree. The Great Pumpkin appears in front of him, but stops at the sight of several broken kites lying under the tree)

Charlie Brown: Meet the kite-eating tree, you ugly son of a bitch!

(The Great Pumpkin's head is ripped off and subsequently eaten by the Kite-Eating Tree)

Charlie Brown: It's over. It's finally over. Rest, my friends; now you can rest.

(All his dead friends appear dancing in Hell to Schroeder's music, and are joined by a demon, the scene fades to black, which ends the sketch)

---

When the sketch was done we were shocked and it was crazy.

Nico: What do you say to that?

Kendra had her jaw dropped.

Kendra: (Shocked)

Kaz closed her mouth for her.

May: So, what do you guys think?

Me: That was crazy. But at least we have a pretty good idea what we're going to face.

Laney: A bloodthirsty version of The Great Pumpkin.

Bart: That reminds me of what happened when Milhouse met the Grand Pumpkin. (Season 20 Episode 4C)

Nico: Whoa! That's right Milhouse told us all about that.

Milhouse: Yeah it was weird.

Tidal Wave: Tidal Wave think Linus has bad role models.

Nico: I agree there Tidal Wave.

Eli: Yeah that sketch was nuts and 100% not like Charlie Brown and the Peanuts.

Kendra: Yeah the Peanuts would never stoop that low as to use Satanic Magic to summon a pumpkin like that.

Brittney: Kendra's right. Dark Magic like that always comes with a terrible price.

Raven: She's right on that.

Brittney: Yep Dark Magic can never give something like that for free.

Kendra: Are you guys saying that the Great Pumpkin might be planning to come after Charlie Brown?!

Wheelie: And let's not forget he's a demon.

Nico: Yeah. I think this pumpkin is definitely coming after him. Also this is a kind we normally would do on Halloween.

Laney: Yeah this is something that should be done on Halloween but this fits perfectly for it.

Me: It sure does. Thank goodness that Mr. Lynn is no longer terrified of Halloween.

Nico: Yeah no kidding.

Nico was checking his email later.

Nico: That's weird.

William: What's weird?

Nico: I just got an email from Carla's mom. It says she wants to meet with me later.

W.I.T.C.H Miranda: Looks like we know what our next mission is. (out loud) Jerry, can you WOOHP us? Nico just got a suspicious email.

Me: I don't think he…

Suddenly we got sucked into the computer and we went through a chute!

Stacy Bolton: WEEEEEEEE!

Pinkie Pie: WWEEEEEEEEE!

Nico: So fun!

We then hit a bed and we landed in Jerry's office.

Jerry Lewis: Hello Team Loud Phoenix Storm.

Nico: Good to see you again Jerry.

Me: Sorry we haven't seen each other in a while. You know how busy we are saving the world.

Jerry Lewis: Yes I do and Nico may I say congratulations on getting your full time leader position. You have more than earned it.

Nico: Thanks Jerry.

We saw that Kaos, El Oso, Tchang Zu, Vreedle Brothers, Carmen Dillo, INSTIGATOR, Duff Killigan, Dr. Starline, General Schwarz, Hades Beast Specter, King of Flan, The Steam Demon, Mr. Pig, Toucan Dan, Pimon & Tumbaa, Dr. Screwloose, Django, China White, The Cheese Monster, The Strawberry, Chocolate and Vanilla Technicolor Phantoms, The Star Creature, Pink Ranger Slayer, Weddinmon, Marcel, Leap Frog and Metal Sonic were with us too.

Carmen Dillo: Hope you guys don't mind me, Kaos, El Oso, Tchang Zu, Vreedle Brothers, INSTIGATOR, Duff Killigan, Dr. Starline, General Schwarz, Hades Beast Specter, King of Flan, The Steam Demon, Mr. Pig, Toucan Dan, Pimon & Tumbaa, Dr. Screwloose, Django, China White, The Cheese Monster, The Strawberry, Chocolate and Vanilla Technicolor Phantoms, The Star Creature, Pink Ranger Slayer, Weddinmon, Marcel, Leap Frog and Metal Sonic. coming with you guys?

Octagon: We actually got here before you requested Jerry to WOOHP you guys.

Nico: Not at all. Wow! I guess we have a lot of combos planned later.

King of Flan: (Spanish Accent) We sure do.

Me: Awesome.

Nico: Great. Before we go after Carla's mom, Carla what can you tell us about her?

Carla Wong III: She's an amazing video game designer like you all know.

She told us her history.

---

She was also known as the "Lady Dragon" because of the dragon tattoo on her back.

After having her games rejected for being too bizarre, she concocted a plan to abduct the basketball players or players in other sports by shooting them with a video game zapper to make them as her video game characters in a dangerous video game that she made. She shoots Alex with a video game gun as she traps her in the game that she made when she was pursued by Sam and Clover as a biker.

Later, both girls finally confronts Carla and her 2 bodyguards and finally reveals her motives to them. Both girls managed to defeat her bodyguards and attempts to escape as Carla shoots them with her video game gun finally caught them in the process. She then plays her own video game to torture the girls as well as the players that she abducts earlier.

Alexandra managed to save her friends and the players by the help of her blue/silver catsuit and the necklace gadget that they used and they managed to get back to their real world. The girls now fights Carla as she shoots them with her video game gun as both Clover and Samantha uses their gadget to make an illusion version of themselves to avoid being shot from it. She activates the video game zapper to take the players and Alex back to the video game she made. Alex knows that it's permanent, Sam managed to destroy the video game zapper as Carla avoids the explosion and attempts to flee while riding her bike. Sam managed to stop her from escaping by knocking her off from her bike. As a last attempt to put the girls out of misery, she uses a video game projector to capture them as Jerry managed to zap her with her own video game gun and traps her into her own dangerous video game. When her gun has been confiscated, Carla was then trapped in her own video game. She was last seen being transported and chased by a swarm of sharks and they jumped at her as she screams, causing the screen to go static.

* * *

When she was finished we were shocked!

Laney: WHOA! She tried to make you all get trapped in a video game!?

Nicole: I wouldn't mind that but that is going too far!

Carla Wong III: Yeah but I love my mom and I want you all to meet her. But I don't want her to go to prison for her crimes.

Nico: And earlier, she sent me an email requesting to meet with her.

Galaxy Man: Maybe she wants to question your intentions towards Carla.

Nico: (GULPS) That's what I'm afraid of.

I put my hand on Nico's shoulder.

Me: Nico just remember that if things ever go south, we're always there to back you up.

May: That's right Nico. Just like what happened with my mom and dad.

Nico: Oh thanks guys.

Eli: Anytime Nico.

Jerry Lewis: I'm glad you are very supportive.

Rhomboid: All relationships go through parents questioning said relationships. And said relationships often involve parents making threats with shotguns.

Nico: Yeah.

Me: Or just with words like you hurt my daughter in any way and it will be your last day alive.

May: That's right.

Nico: That's true.

Nico: I'm dead, aren't I?

Lasher: Let's be positive. Maybe she won't have a shotgun with her.

Me: Yeah.

Nico: Anyway Jerry. Were on our way.

Jerry Lewis: Good luck everyone.

Nico: Won't need it.

King Kai: (Telepathically) Nico, Timmy, can you guys hear me?

Nico: King Kai, what's wrong?

King Kai: (Telepathically) I've got some really bad news: Princess Mandie has escaped from The River of Fire, and she wants bloody revenge on you guys for killing her four years ago.

This shocked Nico and Timmy Turner.

Timmy Turner: What? But, I thought the demons in The River of Fire had torn her to shreds after we banished her spirit there.

King Kai: (Telepathically) I'm afraid not, she's been getting into really nasty fight with them over the last four years, and she's been killing them one after another only for them to come back for more. In any case, she found a way out through the portal, and she escaped.

We gasped in shock.

Timmy Turner: I knew she was vicious and violent, but to get into a nasty fight with the demons from The River of Fire and murder them and escape, looks like the only thing that'll get rid of her is The Black Gates.

Me: You got that right.

Twilight Sparkle: Timmy, what can you tell us about Mandie? It sounds like you have a nasty history with her.

Timmy Turner: You won't like her one bit.

Timmy Turner proceeded to tell those who hadn't joined about Princess Mandie, and they were going to be horrified.

Princess Mandie

Princess Mandie is a fictional character in the Nickelodeon animated television series The Fairly Odd Parents. She is voiced by Tara Strong.

Description

She's a princess of an alien planet of Boudacia and is what is to be considered as a Deadly Beauty. She somewhat resembles in a sci-fi way of the TV character "Xena: Warrior Princess." She carries a flaming sword which is her preferred choice of weapon, and yet she possess many other kinds of weapons such as bazooka guns, a double bladed axe, a bomb, and she even grows diamond claws on her finger nails, similar to the Marvel Comics character "Wolverine". And she also gets around with her jet boots that she wears.

Personality

She was looking forward to being married to her future husband to be Mark Chang of Yugopotamia. However, once Mark fled the planet and left her at the alter, her true colours comes out. When her heart gets broken, she becomes extremely angry and vengeful that she'll kill anyone in her path, and what she hates the most is being left alone at the alter. She would find that person who she is after and either force him to marry her or he'll die. Which is why her name is pronounced (Man-Die) instead of the normal name Mandy.

Biography

In "New Squid in Town", Mandie was engaged to marry Mark on Yugopotamia, however, Mark fled the wedding and left to Earth leaving Mandie alone in the alter. Angered and heartbroken, she swore that she'll find Mark and force him to marry her or he'll die. She first found Mark on earth in the Dimmsdale Elementary school cafeteria where Mark was not in his disguised form, however Timmy wished everyone in the room would freeze and Mandie lost Mark once again. Later on, she found Mark, Timmy and Cosmo and Wanda at the Dimmsdale Dump and after scanning Cosmo and Wanda's power levels, she dealt with them first by freezing them in carbonite. Timmy and Mark tried to get away from her in his spaceship but she was catching up with them quickly, but Timmy was able to trick her by tricking Crocker to wear the disguising belt which disguised him as Mark which fooled Mandie by taking the disguised Crocker in Mark's place back to Yugopotamia. During the wedding however, when Mandie kissed Crocker on the cheek, the disguise on Crocker wore off, furious for being tricked, she sent Crocker flying back to earth landing in Principal Waxleplax's bedroom.

In "Five Days of F.L.A.R.G.", she didn't come back to Earth because she didn't know Mark was on there thanks to Mark's disguise. But she was part of the Yugopotamian's celebration of F.L.A.R.G. which was the reason why Mark couldn't go back to celebrate it with his people because of her.

In "What's the Difference?", when Mark's disguising belt was broken and no longer in his human disguise, Mandie was able to track him down to the school library where he was with Timmy, Cosmo and Wanda. In a desperate situation, Timmy wished the entire school were like the puzzle for three year olds. However, the wish also hid Cosmo and Wanda's wands, so they were on a race against time to find the wands and get things back to normal before Mandie finds Mark and forces him to marry her, and as well prevent Crocker from finding the proof of Fairy God Parents at the same time. Both ended up in front of Crocker's classroom where they found Mark disguised a trophy and Mandie was planning to blow up Dimmsdale with a bomb. Timmy tricked Crocker to get the Mark "trophy" back from Mandie while he and his Godparents looked for the wands in the classroom. Once they found them, they wished everything was back to normal and that Mandie was sent back to her home planet and have no idea where Mark was.

In "King Chang", Mark's father is trying to be assassinated so he comes to his son to help take his place in the throne while he is away hiding and Timmy and his fairies investigates the situation. It is immediately revealed (and pretty obvious) that it was Princess ManDie that was responsible for the attempt assassination. She then shrinks the fairies rendering their powers useless and forces Mark to marry her which is finally successful. Immediately afterwards, her true motives (debatable to be true or not among fans) were to take away the throne, naming the planet as "ManDiepotamia" and to use it to conquer the galaxy. She then locked Timmy and Mark away in the dungeon, Mark believing that there is no one strong enough to take on someone like her is reassured by Timmy that "there is another". So after they escape, rescue the fairies, they flee into a ship back to earth with ManDie hot on their trail. Mark gets into his disguise and is caught by ManDie, but before she could blast him, Vicky shows up telling ManDie that Justin (Mark's new form name) is her man and makes an example by literally beating ManDie up. ManDie defeated, arrested and taken into custody for her treachery and everything is restored. As well, Mark can continue to live on earth and not be exiled as well.

---

When Timmy Turner was finished, those who hadn't joined were indeed horrified.

Applejack: Whoa, that Mandie has a really short temper and extremely aggressive nature.

Lola Loud: Yeah, when we fought her, she was just like me when I still had my dark side inside me, and she's really destructive.

Sun Shang Xiang: I'm not letting someone like that live. When she shows up, I'm going to teach her a lesson she'll never forget, and I already know Lincoln's going to join in, right?

Lincoln: That's right, Shang Xiang.

Timmy Turner: This is going to be your first time dealing with her, Sun Shang Xiang. But, you've been trained in the art of battle and war, alongside your brothers and father. So, I only have this to say to you guys: make sure she never returns from the dead ever again.

Lincoln: You got it, Timmy.

We were off to the mansion of Lady Dragon in Los Angeles, California.

---

LOS ANGELES, CALIFORNIA

Leap Frog: Nico, you need to eat something so you can relax. How about M&Ms?

Nico: (Gulps) Okay.

Leap Frog gave him M&Ms.

Nico was shaking like a leaf.

Sunset Shimmer: Easy Nico. Easy.

We arrived at Carla Wong's house and it was a magnificent mansion.

Me: Wow! Carla your house is incredible.

Carla Wong III: It's home sweet home.

Me: Should we do the entrance first to tell Lady Dragon we're here?

Nico: No.

Snake Man looked at his watch.

Snake Man: Look at that. We're 4 hours early.

Carla Wong III: Plenty of time to catch up with her.

We went up to the door and Carla knocked on it and the door opened and then the butler saw us.

Butler: Ah Ms. Carla it's good to see that you're safe.

Carla Wong III: It's good to see you again Reginald. These are my friends.

Me: Hello sir.

Carla Wong III: Is mom home?

Butler: She is. Right this way and come on in.

We went in and followed.

Me: Wow! Carla your house is amazing.

Carla Wong III: It sure is. I was born in the lap of luxury.

Metal Sonic: Nico, how about we watch an Angry Grandpa video to calm your nerves?

Me: May he rest in peace.

Nico: Yeah. But I'll be all right.

May: Nico it'll be okay.

Nico: (Gulps)

Oceanus Shenron saw a huge yellow stripe down Nico's back.

Oceanus Shenron: You sure are acting cowardly Nico.

Shaggy: Like yeah and I thought I was a huge coward.

Scooby Doo: Me roo.

The butler opened the door to the main living room.

Butler: Madame Wong you have a bunch of visitors. Ms. Carla has come.

Carla Wong III: Hello mom.

Carla Wong: Carla my dear daughter.

They hugged.

Carla Wong: I got so worried about you when you didn't call me.

Carla Wong III: I'm sorry I worried you mom. It's just that fate had different plans for me. But I have a bunch of people I would like you to meet.

We came in.

Carla Wong: Ah Team Loud Phoenix Storm. It's such an honor.

Me: It's an honor to meet you too Ms. Wong.

Eli: Same here.

Nico was hiding behind me and shaking like a leaf.

Nico: (Whimpers)

Carla Wong: Nico is that you?

Nico: (Whimpers) Please don't kill me.

Me: Nico is going through a bout of fear. He should tell you why. But we'll let him handle this.

Harley Quinn: Good luck in there, boss!

Nico: (takes a breath) Thanks. I'll need it. Can you guys wait out in the hall? Carla can stay.

Me: Okay. Good luck soldier.

We waited outside.

Me: Cross your fingers everyone.

May: Oh boy.

Duff Killigan: (Scottish Accent) How do you think the lad's doing in there?

Lynn: I'm sure he's fine.

Me: This is the part that every romantic couple dreads to the core: Meeting the parents of the person they love to get their approval.

Eli: Yeesh.

Twilight Sparkle: I know. It's scary.

Inside…

Nico: (smiles nervously) Hi, Ms. Wong!

Carla Wong: Nico its been a long time. My goodness you've grown into a handsome and amazing young man.

Nico: Why uh thank you.

Carla Wong: You're welcome.

Outside we were thinking.

Clawful: Let's not worry about Nico right now. While waiting, let's see if there's food!

Inside…

Nico: Okay. You remember the news about Alien X, who's one of Ben's aliens, right?

Carla Wong: Indeed I do.

Nico: Well Carla now has the power to transform into a Celestialsapien.

Carla Wong III: It's true mom.

Carla turned her arm into a starry Celestialsapien arm.

Carla Wong III: Those Team Rocket Scientists have given me a powerful gift and I now have omnipotent powers.

Carla Wong III demonstrated by forming a small solar system in her hands and it had a sun, planets and everything.

Carla Wong III: Celestialsapiens are omnipotent beings that are said to have created the entire universe and the power I have is immensely strong. Just like J.D. and Nico. Nico and Twilight Sparkle found me at Count Olaf's house.

Carla Wong: Oh my. Yes I know Count Olaf. He was the main bad guy from Lemony Snicket's A Series Of Unfortunate Events.

Nico: Yeah. One of my favorite stories. We busted him and sent him to prison and then he got hanged on the gallows.

Carla Wong: That is good.

Carla Wong III: Yes. Team Rocket Scientists did that to me.

Carla Wong: I had nothing to do with those butchers gene slamming my daughter! I prefer to work alone!

Outside…

INSTIGATOR: (hears this) At least we know her mom had nothing to do with Team Rocket.

Me: Thank goodness. The last thing we want is for that to happen.

May: Yeah.

Inside…

Nico: Carla has been a huge help on the entire team.

Carla Wong III: It's true and I had a lot of catching up with Nico and we reminisced on the good times. I missed Nico so much.

Nico: I know Carla.

Carla Wong: I know I've had quite a history as a criminal. But I wanted my flesh and blood to have a life far away from that.

Outside…

Gabriel: (hears this) I know exactly how that feels.

Me: So does Victor.

Nora Fries: Yeah it's true.

Laney: Yeah.

Carla Wong: Now, before we discuss why I sent for you, what Gene Slammer do you think will appear on your next rescue?

Outside…

Tchang Zu: Actually, that's a good question.

Me: It sure is. We were just about to ask Nico the same thing before we got here.

Eli: Yeah it's true. But she beat us to it.

Inside…

Nico: Well I'm hoping to meet a Talpaedan Gene-Slammer. The last member of the Andromeda Galaxy 5 Aliens.

Carla Wong: Impressive choice.

Outside…

Ben: (Hears this) Andrea's kind. That is a good choice.

Me: Looks like one of the Earth users is gonna be going with Nico next so it'll have to be Tara, Earth, Lynn, Boy Lynn or Cornelia.

Eli: Yep and we'll have Gene-Slammers for each of the 5 Andromeda Galaxy Aliens.

Laney Simmons: We sure will. One for each of the 5 elemental forces of nature.

Naruto: That is awesome.

Carla Wong: I'm gonna get right to the point. What are your intentions involving my daughter?

Outside…

Energon Scorponok: There's the question of the day.

Me: Yep. That's the one question that every couple is afraid of.

Inside…

Nico: I want her to be happy and I want to be there for her just like I'm always there for everyone and I want to give her the best family and life ever like I do with May and everyone I love.

Nico showed a copy of the ordinance and she was amazed.

Carla Wong: Very interesting and I'm really happy for you Nico.

Nico: Thank you.

Carla Wong: You're welcome.

Nico: Okay, you want to know why I'm so nervous?! It's because I knew I'd have to talk to you again! And I also afraid you think I'm gonna break your daughter's heart and you'll kill me with a shotgun afterwards! (sighs) Man, it felt good to get that out!

Outside…

Kaos: Nico must be very relieved now.

Me: Yeah.

Mr. Pig: It's hard to imagine he is that scared.

Toucan Pig: No kidding.

Laney: But at least he got that off his chest.

Lisa Loud: Indeed. Lola do you possess any 3's?

Lola: Sorry Lisa go fish.

Inside…

Carla Wong went over to Nico.

Carla Wong: Oh Nico I would never hurt you. You are a dear friend of my daughter and you helped her do so much. I'm proud of you for everything you've done for her and all your friends.

Nico: Thank goodness. Thank you again.

Carla Wong: But you two haven't had sex yet, right?

Nico and Carla Wong III blush bright red. It was an atomic bright red.

Carla Wong III: (Embarrassed) MOM!

Outside…

Crash Man: I knew she was going to ask that!

Me: (Giggles) Oh my.

Edd: (Laughs)

Eli: That's another big fear is becoming a grandmother too early.

We laughed.

Carla Wong: Just promise me you'll make those Team Rocket Scientists pay for what they did.

Nico: Oh, we will.

Outside…

General Schwarz: (as if he was in the room as well) We definitely will.

Me: We have been making a lot of progress destroying them.

Varie was playing chess with Lincoln.

Varie: We sure have been doing so.

Lincoln: We sure have.

Lincoln moved a piece.

Nico: Thanks for the talk. (ashamed) And I'm really sorry.

Carla Wong: For what?

Outside…

Shred Naught: (solemnly) Well, time to do our entrance.

Me: Yep. But we can't damage the house. Our fiery explosion phoenix cry will burn everything.

Violet Remmington: I have a better idea lads.

Inside…

A cloud of stars and glitter came in and it formed into the spirits of the elements of harmony and they swirled around and converged and a massive cloud of glitter and stars exploded out and a bunch of fairies came out and then they formed into us.

Me: That was a peaceful entrance.

Nico: Nice thinking using that.

Me: It was actually Violet's idea. Sorry to come in like this Ms. Wong. But we didn't want to use the fiery explosion with our Phoenix Cry entrance because it will burn everything and light everything on fire. So Violet made a great entrance idea.

Nico: Smart thinking there.

Carla Wong: I thank you for that J.D.

Nico: It's too cramped in here. Can we go outside?

Carla Wong: Of course. This way.

We followed her to the courtyard.

Totally Spies Sam: Don't act too surprised. You knew what was coming the minute you saw all of us.

El Oso: You think we like the fact that we have to do this? We don't! But you committed several crimes. And we have to put a stop to that!

All Nico could do at the moment was look away in shame.

Me: Guys!

Nico: Guys I appreciate it.

Me: Wait! I have a better alternative.

I fired a beam of light and it hit Carla Wong and separated her dark side from her and Carla Wong was pure!

Dark Carla Wong: Free!

Nico: (Relieved) Now this is much better!

Me: YEAH!

Nico: Thanks guys. You all are true and great friends.

Me: Anytime buddy.

Nico: Now lets kick this bitches butt!

Carla Wong: This monster has plagued me for far too long!

Carla Wong III: Same with me mom!

Then the Dark Signers, Control Freak, Hank Scorpio and Absorbing Man appeared.

Nico: Dark Signers, Control Freak, Hank Scorpio and Absorbing Man.

Misty Tredwell: Looks like we're going to have some fun.

Carla Wong III: We sure are Misty.

Carly Atlas: Sorry you have to fight a dark version of your mom.

Carla Wong III: I'll be okay Carly.

Roman Goodwin: At least now, you don't have to feel bad about beating Carla's dark side up.

Nico: No. I most certainly won't.

Carly: You deserve to go all out after the mess of emotions you went through today.

Nico: Absolutely.

Devack: Too bad you didn't actually get to watch an Angry Grandpa video in the process.

Nico: I was really nervous. This is the one part that a romantic relationship always dreads after all

Misty Tredwell: That's true. Also, we heard you dealt with a shapeshifter.

Nico: Yep.

Kalin: Tell me it wasn't that Thing monster! (to Marvel Thing) No offense. (To Kate Lloyd) Sorry Kate.

Thing: None taken Kalin.

Kate Lloyd: I'll be okay.

Carla Wong III: What do you mean by that Kalin?

Nico: J.D. can tell you that.

Me: Kate went through a horrifying nightmare down in Antarctica with a gruesome and horrific shapeshifting alien monster from another planet called The Thing. It was extremely traumatizing to her.

I told them everything that happened to her because of it and Carla Wong and Carla Wong III were shocked and horrified! Including those that haven't heard about it!

Fiona Hernandez: That is awful!

Marie Hernandez: I watched both movies for The Thing and they were extremely horrifying and scary! It gave me nightmares for weeks.

Nicole Hernandez: No kidding! That was scary and horrible.

Kate Lloyd: Yeah it was. But thanks to J.D. and everyone I am now free from it. I don't have to see that monster again.

Nico: Yeah. And no Kalin to answer your question it wasn't The Thing. It was an old enemy of mine that I had some unfinished business with from before I joined the team.

Nico told them everything and they were amazed.

Misty Tredwell: Wow! That's amazing!

Rex Goodwin: It sure is. We're proud of you Nico.

Nico: Thanks.

?: That was awesome.

A figure came out and it was GOATAN from episode 44 of Mighty Morphin Season 1!

---

Goatan (also known as the Storm Bringer) was a weather-controlling chimera monster who served as the primary antagonist of the episode "Lions & Blizzards".

Goatan is created by Rita when she casts a spell on the Noble Lion Trophy that Bulk and Skull stole from a karate monster in the countryside outside Angel Grove as they are bitter over losing. The enchantment to do so is "Scabs, weasels, moons of Cryon make me a monster - half goat, half lion." Goatan is able to control the environment and his weapons are a crossbow and a hockey stick.

When the trophy turns into Goatan, Bulk and Skull get scared as Goatan attacks, resulting in them offering the monster catnip because of his lion head. Enraged, Goatan blasts the duo with energy streamers until they fall into the nearby pond. Goatan's weather-controlling ability affect Angel Grove and even caused it to be placed under a tornado warning. Goatan then go to the quarry whilst Zordon briefs four of the Power Rangers (bar Zack who is on a date with Angela). When he is challenged by four of the Rangers, Goatan easily overpowers them, beating them soundly. Even Kimberly and her Power Bow are useless as the monster deflects several arrows and his bow is stronger than her own by slicing through her arrow and striking her out of the sky. Although Jason blasts him down with his Blade Blaster and makes him lose his bow, he instead picks up and swings around a tree log, sending the Rangers flying onto the beach where he envelops them in a giant energy cyclone generated by the mouth of the goat head. Luckily, Alpha manages to contact Zack who tears himself away from Angela. He morphs, arrives, and takes Goatan down with his Power Axe. With the monster down, Rita has to make him grow so the Rangers summon their Dinozords and form the Megazord. Generating a snowstorm during the fight, Goatan proves to be a complete match for the Megazord until he is punched down so he unleashes a spray of his ice breath, encasing the Megazord in a thick sheet of ice. Goatan then draws a hockey stick and charges but Zack had the idea to make the Megazord spin off the snow, both shaking off the snow and hypnotizing Goatan in the process. It quickly gets free and punches him down before Zack summons the Power Sword. Goatan charges but is slain by an energy slash, being bowled over backwards and exploding on impact with the ground.

---

Unlike most objects that get turned into monsters, the Noble Lion Trophy was not restored after Goatan's destruction.

Tommy Oliver: Goatan!

Goatan: Been a while rangers.

Me: I remember you! You were made to control the weather and used to destroy the rangers with that awesome power.

Goatan: That's right J.D.

Me: That was so awesome how you did all that. And I never missed an episode.

Maria: So, you're a hybird of a goat and a lion, right?

Goatan: That's right!

May: (to Eli) See, Eli? THAT'S a nanny goat!

We laughed.

Eli: (Laughs) That is funny!

Nico: (Laughs) That was a good one May!

Goatan: (Laughs) I get it! That was a good one!

Me: You would make a great archenemy for Storm of the X-Men.

Goatan: Glad you think so.

We then got the usual battles underway.

Sunny Starscout: Yeah her sure was and he has no right to call himself the Prince's brother.

Starlight Glimmer: Yeah it's crazy.

Cozy Glow: That is a crazy thing.

Hex: Yeah it sure is.

Elemental HERO Magma Neos: Do you or Toby still have your parents?

Rarity: It sure did and this would have been a good adventure for Halloween.

Sweetie Belle: It sure would have been much better for that.

Gill Grunt: Yeah it sure would have.

Elemental HERO Aqua Neos: It'll be like how Ginormica and her friends dealt with those evil pumpkin monsters.

He summoned KRAID from Metroid Dread!

Kraid Roared ferociously!

Nicole Knudson: Kraid from Metroid Dread! Awesome Choice! To be honest that was the scariest version of Kraid I've ever seen. The graphics on Switch really brought that out.

Control Freak: It sure did.

Nicole Knudson: Yep. And also she went into a life of crime because the companies rejected her games and I thought they all were awesome and amazing. As the goddess of video games, no game is bad in my opinion.

Sophie Casterwill: (British Accent) It most sure is. But that was funny hearing Carla's reaction.

Rainbow Dash: Yeah it sure was. But EVERY parent has to be weary about that.

Scootaloo: Yeah and when it comes to the Birds and The Bees one can never be too careful. No pun intended.

Whirlwind: They don't want to be made grandparents too early.

Elemental HERO Air Neos: Yeah that would either set a world record or get them in a LOT of trouble.

Hank Scorpio: You're not kidding there. But that is true. Lets do it!

They fired waves of lightning, wind and rainbows and smashed him down.

Sophie Casterwill: That was most fun!

Rainbow Dash: That was AWESOME!

Joan of Arc: They are a true atrocity to Earth for tampering with the laws of Mother Nature.

Applejack: Yeah but to be honest, Nico and Lincoln's friends all look amazing as aliens, animals, duel monsters or Digimon.

Apple Bloom: They sure do look awesome.

Flashwing: They sure do.

Elemental HERO Grand Neos: I think so too.

Absorbing Man: Yep. Lets do it!

(JOAN BY HEATHER DALE PLAYS)

---

Pink Ranger Slayer was next.

Pink Ranger Slayer: That was terrible that Kate had to go through a horrible nightmare like that with The Thing.

Fiona Hernandez: Yeah it sure was. The Thing was a terrible monstrosity. It's just hard to imagine that it can turn into anything perfectly and imitate them so perfectly. When I saw The Thing movie both from 1982 and 2011, I was so scared that I couldn't sleep for 3 days. It was just that scary and horrifying.

Apple Bloom: Yeah it was scary. But we helped Kate conquer her fear and destroy her demons.

Sweetie Belle: That was so scary. What she went through was just that terrifying.

Scootaloo: No kidding! That was awful!

Diamond Tiara: And it wasn't just Kate that went through all that. MacReady and Captain Blake went through all that too.

Silver Spoon: Yeah the 2002 video game was just as terrifying.

Pink Ranger Slayer: Boy that is crazy! But that's a big relief that we you all destroyed the Thing forever.

Fiona Hernandez: Yeah! But Nico told us about everything that happened with The Thing. That was just absolutely horrible! It was composed entirely of 10,000,000+ Aliens woven into its genetic structure. That is an absolute abomination!

Misty Tredwell: No kidding! That was terrifying!

Fiona Hernandez: Yeah it was crazy. But as I watched both movies over and over again I conquered my fear of it.

Pink Ranger Slayer: That's good you did. I don't know where The Thing came from but those aliens were REALLY playing with fire. Lets do it!

They fired waves of fire and magic and energy and smashed her down.

Fiona Hernandez: FIRE WINS!

Timmy Turner: I knew we weren't done yet. You can come out now, Princess Mandie.

A figure came out, and it was none other than our old enemy from four years ago, Princess Mandie, and she was now really angry and enraged as her eyes turned red with rage and hatred and her hair turned into living flames.

Me: Princess Mandie, I should've known you'd escape from The River of Fire, but consider this the last time you ever show your face here again.

Lola: Yeah, you psychopathic maniac!

Princess Mandie: This is all your fault, you will all PAY! NOW DIIIIIIEEEE!

Princess Mandie tried to attack Lola, but Lincoln threw a really hard punch into Mandie's face, and he not only absorbed the fire from her hair, he also gave her a nasty black eye.

Lincoln: Get away from my little sister, you bitch! Now, I know it's not okay to hit a lady, but you, Mandie, you are no lady, you are a psychotic, bad-tempered monster and a bloodthirsty psychopath.

Sun Shang Xiang: And I've had it up to hear with her to last an eternity.

Me: YOU are the one that will die ManDie!

Suddenly, Sun Shang Xiang's brown eyes turned neon brown, and was surrounded by a crimson red energy aura with flames and tigers, she got out her Legacy of the Sun Family large Wind and Fire Wheels, and as she approached Princess Mandie, she left crimson red energy, flames, and tigers with every step.

Sun Shang Xiang: Princess Mandie, I will never forgive you for the crimes that you've committed against Earth and the universe. The pain and suffering that you have caused to so many innocent people can never be forgiven, and now, I will make you pay for everything that you have done.

Suddenly, Sun Shang Xiang was surrounded by a massive vortex of crimson red energy with flames surrounding it, there was a tiger running around the vortex, and inside the vortex is a red phoenix. Then, as the vortex faded, Sun Shang Xiang emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Sun Shang Xiang grew to 6'5" in height, she had the body of a goddess and she has red highlights in the bangs of her short light brown hair with rose on it, she has neon brown eyes and a crimson red energy aura with flames and tigers surrounding her, she has a tiger holding the Fire Kanji in its paws emblazoned on her forehead, she has on tiger earrings with crimson red gems for eyes and holding the Fire Kanji in its paws, and she also has a tiger with crimson red gems for the eyes and the Fire Kanji in its paws for the second pendant of her Thunderbird Necklace of Eternal Love with red gems on the gold lightning bolts and crimson red crystals from her Crystal Necklace of The Buddha which merged with her Thunderbird Necklace of Eternal Love. Sun Shang Xiang has on a red and white short-sleeved shirt with a gold phoenix on it, crimson red skirt with the Wu Tiger on it, red pants, and black ankle-length combat boots, and she has on crimson red weighted bands with silver phoenixes on her biceps and thighs, and she has on a long crimson red sleeveless silk coat with flames and a tiger on it, and on the back is a tiger surrounded by flames. Sun Shang Xiang felt a sharp pain on her back, and then, massive crimson red angel wings with red tips on the large crimson red feathers, had sprouted out of her back.

Suddenly, Sun Shang Xiang's Legacy of The Sun Family Wind and Fire Wheels were surrounded by a kaleidoscope of fire and crimson red energy, and when they emerged, they were transformed into Sun Tzu's Astral Wind and Fire Wheels of Fiery Justice, they're a pair of large Wind and Fire Wheels with six blades around the large red wheels with Chinese characters on the six blades. Sun Shang Xiang has on her new large gold cuff Bracelets of the Champions of The Universe with crimson red gems on her wrists, gold Belt of Elemental Bravery with a gold tiger head with a large crimson red gem in its open mouth for the belt buckle, large crimson red Spellbook of The Gods and The Universe on her left hip and Eater of Sins revolver holstered on her right hip. There's a gold kanji below the tiger that said, "Sun Shang Xiang, Youngest Daughter of Sun Jian, Youngest Sister of Sun Ce and Sun Quan, Dear Friend of Lian Shi, Loving Future Wife of Lincoln Loud, Emissary and Descendent of Sun Tzu, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Master of The Bow and the Wind and Fire Wheels, and Master of Flames and Tigers." Her name was in Chinese Letters.

孙尚香 - 孫堅の末娘、孫策と孫権の末っ子、歩練師の親愛なる友人、孫子の愛する未来の妻、孫子の使者と子孫、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックろくでなし、弓と風と火の車輪のマスター、そして炎と虎のマスター

Sun Shang Xiang has transformed into SUPER ANGEL INFINITY DIVINE FIRESTORM TIGER ANGEL OF FIERY JUSTICE AND DIVINE LOVE!

We were amazed by Sun Shang Xiang's Super Angel transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Princess Mandie saw it, he fell into a rage and tried to attack, but Sun Shang Xiang swung one of her Wind and Fire Wheels, and it fired a powerful blast of crimson red energy with flames and tigers, which attacked Princess Mandie, and burned her badly.

Lincoln: Wow, Sun Shang Xiang, you look beautiful, how do you feel?

Sun Shang Xiang: (Divine Echoing Cosmic Voice of The Inferno Tiger and Divine Love) **I feel incredible, Lincoln. Now, shall we put an end to Princess Mandie for good?**

Lincoln: (Smiles) With pleasure.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Sun Shang Xiang.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **This is the last time we'll deal with you, Princess Mandie.**

Sun Shang Xiang and Lincoln went after Princess Mandie, who fired blasts of fire at them, but they absorbed them and it made them stronger than ever, and it made her even madder than ever. Then, they fired powerful blasts of rainbow energy, violet and blue energy, elemental forces, arrows from their bows, Thunderbirds, Phoenixes, Tigers, and Buffalo, and they exploded with incredible power as they hit Princess Mandie. Then, they attacked her with their weapons, and really left some nasty scars on her body. Then, Lincoln and Sun Shang Xiang fired powerful red energy blasts, and they hit Princess Mandie, and they sucked out her fire powers, and they and the rest of us made them our own.

Sun Shang Xiang: **Time to put an end to Princess Mandie for good, Lincoln.**

Lincoln: **Of course, Sun Shang Xiang. Let's get her.**

Sun Shang Xiang and Lincoln fired powerful rainbow energy blades from their weapons, and as they hit Princess Mandie, they exploded with incredible power, and it killed her. Then, as Princess Mandie's spirit appeared, Sun Shang Xiang marked her with a kanji, and condemned her to The Black Gates, and her spirit was erased from existence forever. We cheered wildly for what Lincoln and Sun

Shang Xiang did, as they holster their weapons and power down, and Sun Shang Xiang's new body, clothes, weapons, angel wings, and jewelry are permanent.

Sun Shang Xiang: Rest in Oblivion, Princess Mandie, may you never return. Thank you for helping me with taking care of Princess Mandie, Lincoln.

Lincoln: (Smiles Warmly) You're welcome, Shang Xiang, and there's also something I want to give you.

Sun Shang Xiang: (Smiles) And I think I already know what it is.

Lincoln: (Smirks) You know me all too well, along with the rest of my future wives.

Lincoln wrapped his abnormally massive and powerful muscular arms around Sun Shang Xiang's waist, and he brought her into an embrace, which took her by surprise and that brought an atomic red blush to her face. Then, as Lincoln leaned down to her face, they kissed passionately as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird and Phoenix flying in the air, and we also saw a herd of Buffalo and a pack of Tigers running across the field and snow falling around them, and the display of the elemental forces, and we cheered for them.

Nico: Now, that was awesome.

Me: You said it, Nico, and now, we're rid of Princess Mandie, this time for good. But this will bring war to our planet from her race. But I say, let them come.

Carla Wong III: We'll be ready for them. (To the viewers) If you all like video games, just have fun with them and it doesn't matter if they are bad or good. Just have fun with them.

Nicole: Well said Carla. (To Carla Wong) And Carla as the Goddess of Video Games, I love all your video games no matter how bad they are. I think you make awesome video games.

Carla Wong: Oh thank you Nicole.

We later went back home and told Jerry what happened and we went home to the estate and we watched the Burger King Four Cheese Whopper sketch and the Angry Grandpa I hate Taco Bell Sketch too. We were laughing so hard that we were almost ready to pee our pants. Then we later went to sleep.

THE END

---

Another awesome chapter done.

Carla Wong the Lady Dragon of Totally Spies was a really awesome villain and she was great. But this whole chapter had a great story behind it. The first part of the story was for the awesome 1999 British movie Faeries and that is one of my movies from my childhood. I thought it was a really awesome adventure and story. The second part was for the awesome 2020 movie Artemis Fowl and that was an awesome movie. Never saw it but I heard it was really awesome. Too bad it wasn't in theaters because of the COVID-19 Pandemic. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be in the movie Firestarter from 1984 and Nico and Cornelia are going to Virginia and meet young Charlie McGee and save her father as well as burn down the facility that Charlie and her father were at and kill Rainbird. They are also going to meet a Talpaedan Gene-Slammer named Crystal Wilmington. She is Nico's friend from Earth Science Class. Then Lincoln's rescue is gonna be in the 1999 movie Storm of The Century and Nicole Hernandez is gonna transform and destroy Andre Linoge. They are also going to meet an Ancient Fairy Dragon Gene-Slammer named Hannah Montgomery and Lincoln and her have one of the most romantic relationships ever known before he was part of the team. And her memory during the exercise will be of where she stopped Lola from doing one of the worst things she has ever done. Next chapter is gonna be for where we go through the SpongeBob episode The Hankering and get ready to hurl your guts out because it will be silly and funny.

See you all tomorrow

# THE HANKERING

THIS CHAPTER IS BASED ON THE SPONGEBOB EPISODE THE HANKERING

---

Nico and Cornelia were flying over the East Coast.

Nico: Thanks for coming with me, Cornelia.

Cornelia: Anytime Nico. This is gonna be so awesome going with you on one of your rescues.

Nico: I can't wait to see who we're going to meet this time.

KRABOOOOOOOMMMM!

An explosion blasted a bunch of men out of a barn.

Nico: WHOA!

Cornelia: That whole barn is on fire!

Nico: Wait a second.

Nico and Cornelia flew in and there they saw a girl blasting a bunch of men with Pyrokinesis!

Nico: I knew it! It's Charlie McGee of Firestarter. This was one of my first adventures with the team.

Cornelia: Whoa! I remember reading the book for Stephen King's Firestarter. This is gonna be awesome.

Nico: Cornelia, I just want to say that Megan telling us about you was the best moments of our lives.

Cornelia: They were fun.

Nico saw a man about to shoot Charlie's dad.

Nico: Oh no you don't!

Nico fired an energy blast and it hit the man and he was obliterated in a powerful explosion!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: That was a close one.

Andy McGee: Thanks.

Nico: No problem.

Cornelia: We got to kill all these people here at this facility.

Nico: Good idea. It's time to shut this place down like we did before. Charlie, Andy, you two will be placed in our protection when this is over.

Andy McGee: Thanks Nico.

Nico: Cornelia, You better Guardian up!

Cornelia: Right! (SWIRLS OF LEAVES) EARTH!

Nico: TIME TO BURN!

Nico flared up an aura of pure fire and HELL WAS UNLEASHED IN FULL!

People were running all over as they advanced slowly and Nico fired an energy ball and it hit a man on a cart and it exploded!

KRABBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

They continued and men came out and fired at them and Nico's fire aura deflected the bullets back. Charlie fired 3 fireballs and they hit the men and exploded!

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The entire place was being turned into a massive war zone and a raging inferno!

Cornelia: If only Taranee could see this!

Nico: Yeah!

A car with a gun came and fired at them and Nico's fire aura deflected all the bullets and he fired a powerful blast of fire and the car exploded!

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The car went into the river and exploded thanks to Charlie.

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

They crossed the bridge and a man fired at them and the bullet missed and then Charlie fired a powerful fireball and it hit the man and exploded!

KRABBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

He was toast!

Then a helicopter came.

Nico: Not this time.

Nico fired a powerful fireball and blew the helicopter up in a powerful fiery explosion!

KRABBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

Nico: What's next? Tanks?

Andy McGee: I don't see anything.

?: Let me help you all!

A Talpaedan then came!

Talpaedan: (In a girl's voice) Looks like the action started.

Nico: That voice. Crystal Wilmington?

Talpaedon: Yep. Awesome to see you again Nico.

Nico: You too. Lets catch up after we blow this mansion to kingdomcome. Charlie you'll like seeing these powers.

Nico did some stances and fired an incredibly massive and powerful blast of fire from his hand with Ozai's enhanced Firebending and it hit the mansion and exploded with incredible power!

KRABBBBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOO

Charlie McGee: Wow! My turn!

She fired a massive barrage of fireballs and they hit the Mansion and the whole place exploded in a massive fiery explosion!

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOO

The whole mansion went up in a massive flaming explosion of fire, debris and dead bad men.

Nico: That went up in flames.

Cornelia: What's your favorite memory of Nico?

Talpaedan: I've got a lot of them but my favorite would be in Earth Science class, we went on an awesome field trip to Mount Antero in Colorado and there we found an amazing huge Aquamarine crystal Cluster.

Nico: I remember that and Mount Antero has one of the most biggest Aquamarine deposits in the country.

Talpaedon: Yep.

Charlie McGee: Wow that is cool.

Nico: It sure is.

Andy McGee: We can't thank you enough for saving us Nico.

Nico: It was no problem Andy. I'm so sorry that you had to go through all this because the government wanted to turn you and Charlie into weapons.

Cornelia: Yeah that is not cool.

Andy McGee: No it isn't.

Nico: But you are now under the full protection of Team Loud Phoenix Storm and I promise that we won't let them get their hands on you for their own personal gain.

Charlie McGee: Thank you Nico.

Nico: Anytime. (To the Talpaedan) Now to revert you back.

Talpaedan: Okay.

Nico: You may want to cover your eyes Andy.

Andy did so and Nico put on his blind man glasses and snapped his fingers and Crystal reverted back and she had blond hair and yellow eyes and she was in her birthday suit and Nico gave her an amazing yellow dress and she put it on.

Crystal Wilmington: Wow this dress is amazing.

Nico: Yep. We make awesome clothes.

Crystal and Nico then hugged.

Crystal Wilmington: I've missed you Nico.

Nico: I missed you too Crystal.

Crystal Wilmington: Me too.

Nico: Believe me, Charlie. You're not the only one about to face the government wanting to control you as a weapon.

Charlie McGee: Really?

Cornelia: It's true. There are many others like you that have many special abilities that the government want to exploit as a weapon.

Nico: That really makes me mad.

Andy McGee: Same here.

Nico: Yeah. But you need this more than ever. (Snaps fingers)

Suddenly a beam of golden light shined down from the sky and the divine singing of angels was heard.

(The Mystics Dream Plays at 6:03 to 7:12)

Down came a figure and it was Vicky Tomlinson McGee, Charlie's mother.

Charlie McGee: Mommy?

Vicky McGee: Hello Charlie. I'm back.

Charlie McGee: MOMMY!

She went and hugged her mom.

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, Sima Yi, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), Musashi Miyamoto (Samurai Warriors), Nicole Hernandez, and Stella (Winx Club) are heading to the world of the 1999 movie Storm of The Century, and not only is Lincoln going to rescue the twelve girls here, but we're also going to kill Andre Linoge.

And with us was Jiang Wei, the prodigy of Tian Shui and officer of Shu, who's in his Dynasty Warriors 8 appearance and wielding his Qilin Trident double-bladed trident.

Lincoln: Wow, we're in the world of the 1999 movie Storm of The Century, and I know what we're going to do here, not only am I going to rescue the twelve girls here, but we're also going to kill Andre Linoge.

Nico: That's right, Lincoln.

Me: I've seen that miniseries on TV long ago, and it was amazing.

Lincoln: But, Andre Linoge is someone who can't be underestimated: he's a 4,000-year-old wizard who's terrorizing the people of the small town of Little Tall Island, off the coast of Maine, during a massive blizzard that cuts the island off from the rest of the world.

Lori: That's right, and he has to be destroyed, if we're to end his reign of terror on Little Tall Island.

Lincoln: That's right, Lori. (To Jiang Wei) And it's an honor to meet you, Jiang Wei.

Jiang Wei: It's an honor to meet you too, Lincoln. When Lord Liu Bei told us of what you all have done in taking down the dark sides of Chandler, Lori, Lynn, Lola, and Luan, who have terrorized our lands, we were honored by what you've done in stopping them. We thank you for what you've done.

Lori: You're welcome, Jiang Wei.

Lincoln: And I want to thank you for joining us on our rescue, Stella.

Stella (Winx Club): You're welcome, Lincoln.

Nicole Hernandez: And this means, now it's my turn to transform against that wizard.

Lincoln: That's right, we'll make him pay for what he's done.

TLPS Mr. Wolf: You got that right, but I've got a feeling Andre Linoge might have help. After what we saw when Opal Koboi had gotten help from Dong Zhuo's men, we got to be prepared.

Me: Yep. Boy I remember Storm of The Century by Stephen King. That was a really scary and freaky book.

---

A powerful blizzard hits the fictional small island town of Little Tall Island (also the setting of King's novel *Dolores Claiborne* ) off the coast of Maine. The storm is so powerful that all access to the island is cut off and no one is able to leave. As the town prepares for the storm, tragedy strikes when elderly resident Martha Clarendon is brutally murdered by André Linoge (Colm Feore), a menacing stranger with a black cane decorated by a silver wolf's head. When Robbie Beals, the town manager, investigates, Linoge claims to know the repetitious inner workings of hell and states that Robbie's mother has turned cannibal and is waiting in hell to eat him. Linoge is arrested by supermarket manager and part-time constable Michael "Mike" Anderson (Timothy Daly) and his friend and deputy Alton "Hatch" Hatcher. As he is taken to his cell, Linoge makes passing remarks at nearby townspeople, revealing he knows secrets about all of them. Linoge gives no hint of his origins or motives, only vaguely saying, "Give me what I want, and I'll go away."

While imprisoned, Linoge demonstrates a supernatural ability to peer into and control minds, inflict hallucinations, and drive people to commit suicide and murder. Linoge shows he also has the ability to control the physical world, not just minds, by watching broken televisions, putting messages on computer screens, catching a speeding bullet, levitating objects and people, causing nosebleeds, jamming unlocked doors, and opening locked cell doors to leave at will. Linoge causes three suicides and a murder shortly after being jailed.

Later that evening, as the 200 remaining residents sleep, an escaped Linoge enters the lighthouse and supernaturally causes everyone to have the same dream: a dream of the entire town suicidally walking into the ocean and mystifying authorities in the aftermath as to what happened to everyone. The dream has Linoge, appearing heavier and bald, as a journalist reporting on the mass disappearance and comparing it to the 1587 disappearance event at Roanoke Island, Virginia. This suggests to the islanders that Linoge had the power to make an island community disappear before and that he may do it again. Linoge also appears in the same dream as a televangelist threatening that suffering will result if people sin by refusing to give the wanderer what he wants.

The next day, Linoge causes three residents to vanish while everyone is watching the lighthouse collapse. Two die and the third, lost resident Angie Carver, is discovered alive with her dark hair now turned shock white. Angie reveals Linoge kidnapped her and warned that if he does not get what he wants he will cause mass suicides as he did at Roanoke before. All eight of the town's young children are then enchanted and fall unconscious. Linoge then appears in the town hall and levitates Joanna and threatens to burn her. Linoge says that Mike is good through and through, but the rest of the town is, "full of adulterers, pedophiles, thieves, gluttons, murderers, bullies, scoundrels, and covetous morons."

Throughout Mike resists the calls of others to simply execute Linoge. Mike believes that giving in to evil is wrong. Mike earlier recounted the biblical story of Job and realized that Linoge's surname is an anagram for Legion, a collective group of demons exorcised by Jesus according to the Gospel of Mark and Gospel of Luke. Linoge frequently displays disgust at the immorality of humanity and states he possesses the supernatural power to punish. This raises the question whether Linoge is a force in the ultimate service of good rather than evil or perhaps reinforces the biblical reference that Mike made to the tests of Job, in which God allowed Satan to punish Job to test Job's faith in the face of suffering. The reference to Legion demons and Linoge's intimate knowledge of cannibalism and repetition in hell, murderous tactics, and insight into human sin, makes it seem to Mike that Linoge, "can only see the bad," and Linoge's primary obligation is darkness rather than being an agent of morality on earth to judge and punish.

Linoge demands a town hall meeting and then arrives claiming he will cause total suicide among everyone on the island including dropping all eight children unless one of them is given to him. Linoge reveals he is thousands of years old, but not immortal and is now dying and sick. He desires a protégé to raise and teach who can carry on his "work". He promises the child will become like him, long-lived, powerful, and seeing much. He cannot take a child by force, but he *can* punish the town and make them all to suffer and die if they refuse him. He leaves the townspeople half an hour to make their decision.

Mike begs the town to refuse, arguing the villain is not all-powerful and may soon leave the town just as the storm will if they trust in God and their own power. He appeals to their common decency and points out they may be aiding an evil man in harming a child. The other townspeople, including Mike's wife Molly, are too frightened of Linoge and think they have no choice. They argue this is not human sacrifice but rather an "adoption" and it is better to lose one child rather than all. Mike wishes to abstain from voting and take Ralphie away, but his friends stop him and Molly insists that being part of the town means they must accept Ralphie may be the child taken. Everyone but Mike votes in favor to give Linoge what he desires, and Hatch says he will see this is the right decision. Linoge arrives and has one parent of each child draw one of eight "weirding stones" that predate the sinking of Atlantis. Molly draws the lone black stone, marking Ralphie as the one who will be taken. Linoge transforms into his true form and thanks the town, suggesting they will be better off if they do not reveal his existence or this arrangement to the outside world. Mike is held back by Hatch and other townsfolk who fear reprisal. Now regretting her choice, Molly frantically cries at Mike to help save Ralphie; but the townspeople continue to restrain him and refuse to aid her. In anguish, Molly madly accuses Linoge of tricking them by fixing the result of the stones before she attacks him in a frenzy. Linoge merely knocks Molly aside and remarks that she and the townspeople may have all tricked themselves, adding that Ralphie will eventually call him "father." Carrying the child, Linoge flies off into the night.

The following summer, a thoroughly depressed Molly is in therapy discussing her now failing marriage; lamenting she is now losing the last thing she ever loved. She insists Ralphie was "lost in the storm" along with perhaps another who also was never found that weekend and refuses to discuss him further despite the therapist warning that pain will fester if she can't be honest. Molly says she now understands some wounds can't be cleaned out no matter what. Despite the desperate pleas of his neighbors to stay, Mike is unable to condone or accept the townspeople sacrificing his son along with their morals and principles; he resigns as constable and market manager and leaves Little Tall, divorcing Molly and deciding to never return (though his narration reveals he keeps in contact with some residents). He settles in San Francisco, and continues to represent law and order, eventually becoming a US Marshal. As time passes, he hears of several in Little Tall committing suicide over the years (including Hatch's wife Melinda, Angela Carver's husband Jack, and Robbie Beals' wife Sandy). Hatch, now a widower, marries Molly; Mike wishes the best for them. Nine years after the storm, Mike notices an old man and a teenage boy on the sidewalk, both humming "I'm a little teapot." He recognizes the boy as an older Ralphie and both turn to face him. The old man resembles Linoge while the boy briefly hisses with a fanged mouth. Mike follows them, but they vanish in an alley. Mike considers telling Molly what he saw that day, but ultimately decides against it; it is implied he severs contact with Little Tall permanently. He sometimes wonders if this is the wrong decision, then admits in narration "in daylight, I know better."

Me: That movie lasted for more than 4 hours. 264 minutes.

Nico: That's a long time. But who is Andre Linoge?

Me: You would not like this guy.

I went over his history.

---

André Linoge is the main antagonist of Stephen King's TV miniseries Storm of the Century and of is screenplay's book. He is a 4,000-year-old wizard who carries a cane with a silver wolf's head on top of it with him. Linoge terrorizes the people of the small Maine town of Little Tall Island during a massive blizzard in the 1980s, ironically what they call the "storm of the century".

He was portrayed by Colm Feore, who also portrayed Laufey in Thor, The Dollmaker in Gotham, Donald Menken in The Amazing Spider-Man 2, and Randall Flynn in Revolution.

History

Linoge kills a number of people and causes others to commit suicide. He also knows some of the Little Tall townpeople's darkest secrets. He even causes others to have nightmares.

What Linoge desires from Little Tall's citizenry is an heir, one of the 8 children in Little Tall he enchants. He reveals his true form (an impossibly ancient, dying man) and explains that, since he is not immortal nor a god, he needs someone to carry on his work once he can no longer do it himself. Linoge states that, "in matters such as this," he cannot simply take the child he desires, but he can punish.

If the townspeople refuses his request, he threatens to force them to march into the sea two-by-two, as he claims to have done at the infamously deserted English colony of Roanoke in Virginia centuries before. With that, he leaves the townspeople with one hour to make their decision. They decide to give in to his demand.

Andre Linoge explains that one child among the 8 sleeping local children would be chosen to be given to him via the test of 8 weirding stones (7 white stones and one black stone), special pebbles used in the art of divination to discuss and decide big matters for countles years long before the great island of Atlantis (according to Linoge) sank into the African ocean. And at the end of the test, that one child is Ralph Anderson, the son of town constable Mike Anderson. He then goes away with him. In time, he has succeeded in his quest to to turn his protégé into a mystical but deadly creature like him.

When I was done everyone was shocked.

Nico: Oh man.

?: HELP!

Suddenly, Lincoln heard the sound of twelve girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the twelve girls, but they've been cornered by Andre Linoge, and he's going to kill them, and he also saw that he has some Yellow Turban soldiers with him.

Lincoln: Guys, I've found the twelve girls, but they've been cornered by Andre Linoge, and he's going to kill them, and you know that feeling you'd just told us, TLPS Mr. Wolf: I also saw that Andre Linoge has some Yellow Turban soldiers with him.

TLPS Mr. Wolf: What?! Andre Linoge has some Yellow Turban soldiers with him? This isn't good.

Liu Bei: That's correct, the Yellow Turbans are made of peasants who were driven into rebellion by the words of Zhang Jiao, the leader of The Way of Peace, but he's caused violent uprisings and rebellion, which sparked the flames of war in our world.

TLPS Mr. Wolf: We still have to stop them without harming them.

?: That's exactly what we're going to do.

Suddenly, we saw an Ancient Fairy Dragon appear before us.

Lincoln: That voice, Hannah Montgomery, I knew it was you. But, we'll have to talk later, right now, we've got a 4000-year-old wizard to kill.

We rushed on over, and Lincoln and Hannah Montgomery both fired a shower of rainbow energy and magic, which freed the peasants from Andre Linoge's control. When Andre Linoge saw us, he was enraged.

Andre Linogue: How dare you interfere in my reign, Team Loud Phoenix Storm! Now, I will destroy all of you!

Lincoln: Not a chance, Andre. Your reign of terror is over.

Nicole Hernandez: That's right, and I'll be the one to deliver the killing blow to you.

Suddenly, Nicole Hernandez's dark blue eyes turned neon dark blue, and she was surrounded by a dark blue energy aura with dark blue fire, shadows and phantasms, and as she approached Andre Linoge, she left dark blue energy, shadows, and phantasms with every step.

Nicole Hernandez: Andre Linoge, you've tormented the people of Little Tall Island and all of mankind for the last time, and now, you are 4000 years overdue with death.

Suddenly, Nicole Hernandez was surrounded by a massive vortex of dark blue energy with shadows surrounding the vortex and phantasms, we then saw the evil Sacred Beast, Raviel, Lord of Phantasms flying around the vortex, and in the vortex is a dark blue phoenix. Then, as the vortex faded, Nicole Hernandez emerged, but she was changed forever.

Nicole Hernandez suddenly felt a sharp pain on her back, and then, massive dark blue angel wings with black tips on the large dark blue feathers sprouted out of her back.

Nicole Hernandez has a brand-new large sword in her hand called Raviel's Phantasm Sword of Dark Justice, it's a large sword with Raviel, Lord of Phantasms, etched on the 6'5" massive, wide, double-edged, man-sized dark blue blade, Raviel's wings for the crossguard, large crimson red gem for the hilt, longer black handle, and four large dark blue phantasm heads with crimson red gems for the eyes for the pommel and four large red gems in its mouths. Nicole Hernandez has transformed into SUPER ANGEL INFINITY DARK PHANTASM SHADOW PHOENIX ANGEL OF PHANTASM JUSTICE AND DARK LOVE!

We were amazed by Nicole Hernandez' Super Angel Infinity transformation, and when Nico saw it, he had an atomic red blush on his face and hearts in his eyes. But, when Andre Linoge saw it, he fell into a rage and fired a blast of magic to kill her, but Nicole fired a powerful blast of dark blue energy with shadows and phantasms, and it hit the evil wizard, and he was sent into a wall.

Lincoln: Awesome, Nicole's transformed.

Nico: This is so awesome, now all of The Hernandez Sisters have transformed. Nicole, how do you feel?

Nicole Hernandez: (Divine Echoing Cosmic Voice of The Phantasms and Dark Love) **I feel incredible, Nico, and now, shall we put an**

**end to that evil wizard?**

Lincoln: Let's do it.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sima Yi, and Sun Quan got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs, The Samurai Warriors got out their weapons, Stella transformed and got out her sword, and Me, Eli, Nicole, and Nico also transformed and unholstered our massive swords from our backs, and we went at Andre Kinoge, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, ice, lightning, steel orbs, stars, rainbow flames, orange flames, blue flames, phantasms, dark blue energy, and green flames at the evil wizard, and they exploded with incredible power as they hit him.

Then, Lincoln appeared behind Andre Kinoge, and grabbed him and hoisted him up. Then, he began sucking out all of Andre Kinoge's powers, abilities, immortality, and magic, and he and the rest of us made them our own, and we also assimilated said abilities as well. Then, as he threw Andre Kinoge to Nicole Hernandez, she fired a powerful dark blue energy blast with shadows and phantasms, and she obliterated Andre Kinoge for good. Then, as his spirit appeared, Nicole Hernandez marked his forehead with a kanji, and he was condemned to The Black Gates, as he was confronted by those he killed 4000 years ago. Andre Kinoge was found guilty, and his evil spirit was erased from existence forever. We cheered wildly for what we've done as we holster our weapons on our backs and power down, and Nicole Hernandez' new body, clothes, weapons, jewelry, and angel wings are permanent. Nico picked Nicole up in his abnormally massive and powerful muscular arms, and they had a romantic kiss as we cheered for them.

Nicole Hernandez: Whoa.

Nico: You can expect more of that from me on our dates, Nicole.

Nicole Hernandez: Oh, I'm looking forward to it.

Lincoln: Alright, now we're rid of Andre Kinoge, and his reign of terror has finally been ended, along with the storm, and it's so good to see you again, Hannah.

Hannah Montgomery: It's really good to see you again too, Lincoln, it's been a long time.

They went up to each other, and they hugged, and Alexis was surprised at how much stronger and at how much taller and much more muscular Lincoln's gotten since she last saw him.

Lincoln: It sure has been a long time, I haven't seen you when you were eleven, and I've grown a lot since then.

Hannah Montgomery: Yeah, I can see, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Wow, Lincoln, you know her.

Lincoln: Yeah, I do, Nico. This is Hannah Montgomery, she's from Royal Woods, and she and I had one of the most romantic relationships ever known before J.D. moved here, and before the team had formed.

Me and Nico were stunned.

Nico: Whoa.

Me: You said it, Nico. That's something we're going to hear later on.

Lincoln: You got that right. Now, let's get you back to normal, Hannah. Boys, cover your eyes, hold still, Hannah, this is going to hurt.

Me, Nico, Eli, and the rest of the boys covered our eyes as Lincoln snapped his fingers, and Hannah was reverting back to normal.

Hannah Montgomery is a beautiful 17-year-old with long light blue hair going down to the bottom of her neck, light eyes, fair skin, she's 6'0" in height, and she had the body of a goddess. She also now has massive light blue fairy wings on her back, as she reigns in the power of the Ancient Fairy Dragon, and she is in her birthday suit.

Lincoln: How do you feel, Hannah.

Hannah Montgomery: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Hannah Montgomery a new wardrobe, a sleeveless light blue shirt with a green phoenix and a light blue skirt with the Ancient Fairy Dragon on it, light blue pants, light blue leather ankle-high combat boots, and a long light blue sleeveless trenchcoat with fairies on the coattails and the Ancient Fairy Dragon on the back, and on her back is a large Ancient Fairy Dragon-themed sword with a 6'5" massive, wide, double-edged, man-sized light blue blade with the Ancient Fairy Dragon etched on it, large light blue fairy wings for the crossguard, large light blue gem for the hilt, longer black handle, and large light blue faceted sphere pommel with surrounding green gems.

Hannah Montgomery: Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Hannah Montgomery's neck with light blue gems on the gold lightning bolts and green crystals links from her new Crystal Necklace of the Buddha.

Hannah Montgomery: (Surprised) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Hannah.

Hannah Montgomery had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the twelve girls, and when Lincoln saw them, he immediately recognized them. The twelve girls are Yahisa Tsukiko from Starry Sky, Yoshino Sakura, Asakura Nemu, Amakase Miharu, Shirakawa Kotori, Mizukoshi Mako, Mizukoshi Moe, and Tsukishiro Alice from T.P. Sakura: Time Paladin Sakura, Ryuuzaki Sakuno, Osakada Tomoka, Shiba Saori, and Tachibana An from Prince of Tennis.

Lincoln: Oh wow, it's Yahisa Tsukiko, Yoshino Sakura, Asakura Nemu, Amakase Miharu, Shirakawa Kotori, Mizukoshi Mako, Mizukoshi Moe, Tsukishiro Alice, Ryuuzaki Sakuno, Osakada Tomoka, Shiba Saori, and Tachibana An.

Helena McTroy: From Starry Sky, T.P. Sakura: Time Paladin Sakura, and Prince of Tennis, awesome.

Lincoln: Are you girls okay?

Yahisa Tsukiko: Yes, we're okay, thanks to you.

Then, when Yahisa Tsukiko and the other eleven girls saw who it was that saved them from Andre Linoge, their faces turned atomic red upon seeing the 17-year-old 7'0" tall, handsome, white-haired, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, a golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanjis "Savior of The Loud House, Powerful Student of Many Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, and The Unifier of The Three Kingdoms" on the left legs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts with a large deep sapphire blue gem in the shape of a Thunderbird on top of a silver Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around

his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Yahisa Tsukiko: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made ten clones of himself, and he and the ten clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Yahisa Tsukiko: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, twelve Thunderbird Necklaces of Eternal Love appeared around the necks of Yahisa Tsukiko, Yoshino Sakura, Asakura Nemu, Amakase Miharu, Shirakawa Kotori, Mizukoshi Mako, Mizukoshi Moe, Tsukishiro Alice, Ryuuzaki Sakuno, Osakada Tomoka, Shiba Saori, and Tachibana An with colored gems and crystals on the gold lightning bolts. We returned to the Estate, we told everyone what happened, and they were shocked when we told them the villain we went after was Andre Linoge.

But, when Lincoln showed what happened, and with Nicole Hernandez transforming, and using The Black Gates on the evil wizard, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Hannah Montgomery now have a lot of catching up to do, now that she's back.

---

After getting rid of Andre Linoge and giving him The Black Gates, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Hannah Montgomery saw Lincoln working out like crazy, she had an atomic red blush on her face.

Hannah Montgomery: Whoa, Lincoln's really grown to be a 17-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Hannah, and now, I can also fight and defend myself.

Hannah Montgomery: That's awesome, and I heard that you turned 17 yesterday, that's even more awesome.

Nico: It sure is, Hannah. So, what memories did you have with Lincoln?

Hannah Montgomery: Well, I should tell you guys this. You see, long ago, Lincoln and I had one of the most romantic relationships ever known, and this was long before J.D. moved to Michigan, and long before Team Loud Phoenix Storm formed. We used to go out and have fun at Gus' Games and Grub, we went swimming at the local swimming pool, and we also went to Jean Juan's French Mex Buffet for a date.

Lori: Just like me and Bobby on our first date there.

Nico: Whoa.

Hannah Montgomery: However, I also had to stop Lola from doing one of the worst things she has ever done. One day, Lincoln and I were getting ready for a date at Gus' Games and Grub, but Lola came down, and ordered Lincoln to be her butler for her tea party. But, Lincoln told her no, and he has a date with me. But, Lola got so mad, she got out her Princess car and tried to run over Lincoln, but I got Lincoln out of the way, and I used an electromagnet that I built in science class, and caused Lola's Princess car to shut down. Lori saw what Lola tried to do, and she ran to us, and wanted to see if we were okay, but we were. But, Lola wasn't going to be, I grabbed Lola by her dress, and tied her up with nylon rope, and Lori and I told Mr. and Mrs. Loud of what Lola tried to do, and as a result, Lola got grounded for three weeks with no tea parties, no pageants, and no sweets. Lola was so mad, she wanted revenge on me and Lincoln, but Lori dragged her back to her room, and we went off.

Me: Whoa.

Nico: Sheesh, I knew Lola acted like a little monster when she had her Dark Side in her, but for her to almost run over Lincoln with her Princess Car like that, now that was really evil.

TLPS Mr. Wolf: But, it's a good thing you stopped her, Hannah.

Hannah Montgomery: Thanks, TLPS Mr. Wolf.

Me: And I can guess that after your date at Gus' Games and Grub, you and Lincoln kissed.

Hannah Montgomery: Yeah, we sure did.

We saw the photo of her and Lincoln kissing, and it was so romantic.

Nico: Aw, now that was really romantic.

Ronnie Anne: I didn't actually know about you and Hannah having a romantic relationship long ago, Lincoln. But, to also find out that Lola tried to run you over because you were getting ready for your date, it's a good thing Hannah stopped her, otherwise, you would've gotten your legs broken by that car.

Lincoln: You got that right, Ronnie Anne.

Lori: Yeah, Lola got a really harsh lesson: never mess with someone's relationship, otherwise, you're in big trouble.

Lincoln: Speaking of dates, it's time for us to get ready for our beach date.

We then got a shower, and then, Lincoln and his harem were getting ready for their date, this time, it's at Blooper Beach in the world of Mario.

Lincoln then snapped his fingers, and the 16-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in large orange swim trunks with a phoenix, thunderbird, buffalo, and elemental forces on it, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble.

His harem were dressed in two-piece bikinis in their favorite colors, sandals, along with their jewelry, and they also had their weapons holstered in case of trouble.

Lincoln: Alright, ladies, shall we?

Hannah Montgomery: We're ready, Lincoln.

Lincoln and his harem left the Estate, and they arrived at Blooper Beach in the world of Mario, and it was a beautiful place set in a tropical ocean, surrounding a few beaches and islands.

Hannah Montgomery: Wow, what is this place, Lincoln?

Lincoln: This, Hannah, is Blooper Beach in the world of Mario. I heard about it from Mario, and it's the perfect place for our beach date. Shall we?

Lincoln and the girls then dived right in, and they began swimming through the ocean, and they also played a game of volleyball on the beach. Then, they had some lunch, and for today's lunch, Lincoln made some grilled cheese sandwiches with grilled chicken pieces in them, and they were good. Then, as soon as the sun's about to set, Lincoln made clones of himself, and he and the clones went to the girls in his harem, and they picked them up in their abnormally massive and powerful muscular arms, and just as the sun turns orange, they passionately kissed and hugged. Then, they came back home to the Estate, and they were in their original clothes.

Nico: Hey, big guy, how was your date?

Lincoln: It was awesome, Nico, we went to Blooper Beach in the world of Mario.

Nico: Whoa, I've heard about Blooper Beach in the world of Mario, and it's known for its tropical ocean, sandy beaches, and islands, and I can guess you guys had fun.

Hannah Montgomery: We had an awesome time, and I saw just how Lincoln ended that date when he made clones of himself, and they picked us up in their abnormally massive and powerful muscular arms, and just as the sun turns orange, we passionately kissed and hugged. It was so awesome, and I can't wait for more dates with him.

Nico: Oh, you'll see what kinds of places that Lincoln will have picked out for the beach dates, and they're awesome.

TLPS Mr. Wolf: And he's had help from many of us on the team with picking out awesome beaches either in different worlds or here.

Nico: It's not just beach dates, Lincoln's also had restaurant dates, dance dates, karaoke dates, and many more, and they're awesome.

Later it was time for Sydney's Ambassador Mission.

Me: Time for our second Ambassador Mission Sydney.

Sydney: Yep it sure is.

Nico: I'm looking forward to this one.

Trap Jaw then appeared.

Trap Jaw: I'm ready for anything.

Nico: Trap Jaw, I have a feeling you and Sydney might face Von Bardas. If that's the case, make sure to get her and one of her minions to one of our space prisons.

Trap Jaw: Any reason why you're making amendments to your orders?

Nico: We can't prevent the SRA from being passed. Or the rise of the Fold. But we CAN limit the nanite control options of S.H.I.E.L.D. once the Maria Hill of that world takes over Fury's position.

Trap Jaw: I understand Nico.

Nico: Be careful guys.

Me: We will.

We opened the portal and we were off.

We arrived.

U.A. Spiderman: Sydney! Geez it's good to see you! It's been a year since we saw each other. (sees Trap Jaw) Who's tall, mechanical, and handsome over there?

Trap Jaw: Why thank you. My name is Trap Jaw and I'm Sydney's archenemy in the Masters of Evil.

Me: This Masters of Evil is completely different from the one that you probably all heard about with the Thunderbolts and the one that was lead by Baron Zemo of HYDRA. This version was made after the Battle with Thanos that we had in our universe on Decembder 26th, 2019.

I told them everything about it and it was incredible.

U.A. Captain America: That is amazing. You guys have some incredible archenemies.

Me: And they are good friends too.

Sydney: They sure are.

UA Iron Man: We're in the New York Subway Station trying to find Ms. Marvel. She went missing after investigating an arms operation here.

Me: I hope she's all right.

UA Captain America: But while we're looking for her, can you tell us what your transformation into Quarry feels like?

Sydney: It was excruciatingly painful and it felt like I was being pulled apart in many directions all at once and all that and it felt like my bones were being assembled and reassembled in many spots.

UA Captain America: Ouch.

Me: Yeah it was crazy. (Senses something) (In my head) I know that energy signal anywhere. Evil Sasuke. There's one here?

Ms. Marvel was captured by U.A. Shocker.

UA Shocker (to a captive Ms. Marvel): How much more of this you think you can take, "hero"? Now don't keep tellin' me you came in here alone. Where are the others? Huh?!

U.A. Ms. Marvel: (looks behind Shocker and smirks) Right behind you.

UA Shocker: Oh, c'mon, you really think-

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted through the wall and a phoenix cry was heard and we came out and that's when UA Shocker turned around and saw us.

UA Shocker: Oh.

Me: Herman Schultz A.K.A. Shocker. Nice to see you here.

UA Spiderman: Herman! Long time no see! Have you been a good boy?

UA Shocker: Always with the jokes, huh, Web Head? (to me) J.D. Knudson, right? Don't take this personally. I'm just doing my job.

Me: That's fine with me. And some of your fellow villains have become good candidates in our frenemies of the Masters of Evil and before you say that it's the one that was made by Baron Zemo, no it's not. It's a completely different Masters of Evil.

UA Shocker: I see.

UA Captain America: You sure know how to make an entrance J.D.

Me: It's just my way of showing off. A massive fiery explosion with a Phoenix Cry is one of our trademark entrances.

UA Spiderman: That is cool.

UA Shocker: Don't worry. This won't be the last time we'll fight today!

UA Shocker ran off as Latverian Soldiers were approaching us.

Sydney: Here's trouble!

Me: Lets see how they like this!

I pulled out a sword hilt and it formed a blade of storms and lightning! It was a sword called STORMSAVE!

Me: Check this out! STORM STYLE: LIGHTNING STORM MAYSAK!

I swung the sword and it fired a massive field of incredibly powerful lightning that was powerful to light several dozen cities for years and it electrocuted all the Latverian Soldiers into oblivion with incredible voltage!

UA Spiderman: WHOA! That was incredible!

We cut her down.

U.A. Ms. Marvel: Thanks. As you can probably tell, this op is a lot bigger than we thought. We need to figure out what these Latverians are up to.

U.A. Invisible Woman: I know we just rescued you, Carol. But can you come with us?

U.A. Ms. Marvel: Sure. I've done some recon already. There's an old factory above these tunnels. If we destroy the weapons they've stockpiled there, it's bound to slow down their operation.

Me: We can do that. We we still have to arrest Von Bardas.

Sydney: Yeah.

We followed Shocker to a hideout.

We saw not only Shocker, but also UA Grim Reaper and Diamondback.

UA Grim Reaper: (to Shocker and Diamondback) We'll hold this line. Go help the boss get everything ready.

UA Diamondback: Got it.

Shocker and Diamondback continued running while UA Grim Reaper approached us.

UA Grim Reaper: (To Trap Jaw) I was hoping to fight Ruby Rose. But I guess I'll just have to settle for you instead.

Trap Jaw: We'll see about that.

Me: Eric Williams A.K.A. Grim Reaper. We haven't faced you yet in our universe

U.A. Grim Reaper: I'm impressed you know about me J.D. Knudson. You are a true force to be known.

Me: So I have heard.

UA Grim Reaper: I will enjoy this.

Me: Lets see you do this.

I teleported and kicked him in the back of the head and smashed him down.

UA Grim Reaper: Not bad. But I've still got fight left in me.

Me: I'm just getting started.

We then heard a roar.

UA Daredevil: You're in big trouble now.

Ultimate Alliance Hulk busted through a wall roaring.

UA Grim Reaper: I'm busy right now, Hulk. You'll have to wait your turn.

UA Hulk: Hulk not wait for turn. HULK SMASH NOW!

And with one punch, UA Hulk knocked Grim Reaper out.

Me: Looks like we have another future candidate for our frenemies in the M.O.E. But thanks Bruce.

U.A. Hulk: Hulk happy to help.

We seemed to have UA Diamondback cornered.

UA Diamondback: I will hold them off, Madame Von-

?: That won't be necessary, my dear. Take your post.

Lucia Von Bardas then floated into view. But now, she was mostly mechanical!

Lucia Von Bardas: If our friends here wish to join our little cruise, so much the better.

UA Captain America: (horrified) Von Bardas? What happened to you?!

Lucia Von Bardas: You have Nick Fury to thank for this!

Trap Jaw: Oh, who are you kidding? You brought all this on yourself. You were the one who supplied weapons to the Tinkerer!

Me: So it was YOU that did all this! I must admit Lucia, if you weren't a cold blooded traitor to the planet you would have made a great future archenemy for one of us in our universe. What a waste of talent.

Lucia Von Bardas: So I would.

Me: This new version of you reminds me of an enemy we faced on one of our previous adventures. His name was Macker and he became like this because he fell and got smashed to pieces. He had to replace much of his body with machinery.

Lucia Von Bardas: Very coincidental I must say.

Me: Indeed.

Lucia Von Bardas: If only Nick Fury were with you to witness this first hand. But he will see it soon enough. The whole world will.

The cannons started firing at the city, wrecking some building as civilians ran in terror.

Lucia Von Bardas: Now, we destroy your home. Just you fools destroyed mine!

UA Iron Man: J.D., help Thor evacuate the civilians to safety! The rest of us will destroy the cannons!

UA Thor: Aye! Come, Young J.D.! Show me that you are just as fast as you are strong!

Me: Lets get moving!

Me and Thor were off!

Sydney: You heartless fiend! We should kill you right now! But our mission here is to bring you in alive!

They got to destroying the cannons and more.

Trap Jaw just destroyed the last cannon.

Trap Jaw: All done!

Lucia Von Bardas: (chuckles) Oh, if only it were that simple. I am no longer human, as you can see. Nick Fury ripped that away from me one year ago today.

Green energy came from Von Bardas as it levitated Shocker, Wizard, Diamondback, and Scorcher in green spheres.

Lucia Von Bardas: Now, I am a bomb. Nothing more. Nothing less. A bomb that will kill millions. And you just lit the fuse.

Sydney: WHAT!?

Trap Jaw: Oh no!

UA Spiderman: Hey, Shocker doesn't deserve to go out like that!

Trap Jaw: Relax! We'll save him and the others. Von Bardas included!

Me and Thor came back.

Me: We got all the civilians out safely!

I then snapped my fingers and teleported the bomb into the water and it exploded underwater.

EXTREMELY MASSIVE EXPLOSION!

Diamondhead, Shocker, Wizard and Von Barbas were blown back from the shockwave and sent crashing into the wall.

Diamondback, Shocker, Wizard, and Von Bardas were unconscious. Only Scorcher was still awake.

UA Scorcher: You guys are gonna kill me now, aren't you?

Sydney: No. We're going to lock you and Von Bardas in our space prisons. Trust me. It's much preferable than what's about to come later in this world!

Me: We have a future mission coming here on March 19th. We may need your help later on in the future. Stephen you did nothing to deserve being destroyed like that.

UA Scorcher: Thank you J.D. Thank you.

Me: You're welcome.

I had him being carried on my back and Sydney tied up Von Bardas.

Me, Sydney, Iron Man, and Cap were clearing up the rubble from the battle.

UA Captain America: (to UA Iron Man) You hear what they're saying about that mission in Latveria?

Iron Man: Color me shocked, Steve! I half suspected we weren't sanctioned! (moves rubble away)

UA Captain America: You half suspected? Nice of you to say at the time.

UA Iron Man: Given a choice between Fury and the government, who are you going to trust?

?: Gee. Tough call.

Fury stepped out of the shadow.

UA Fury: That's why I didn't even ask you to make it.

UA Captain America: So, thanks to you, all this is on our hands?

UA Fury: No. Not on yours.

Sydney: Why didn't you tell us that attack on Latveria wasn't sanctioned?!

UA. Fury: I kept you in the dark so that if somethin like this ever happened, your consciences would be clear. (to me and Sydney) Besides, you two and the rest of your team already went through that 20 Days of Darkness bullshit a year ago on your world. All this is on me. I'm takin the fall for this one.

Sydney: (sighs) I don't like that you didn't tell us everything. But me and J.D. do understand your reasons.

UA Captain America: That makes two of us.

UA Iron Man: You're right about one thing, Fury. You ARE taking the fall for this one. (shoots reulsor at Fury)

UA Fury fell to the ground, seemingly dead.

Sydney: Are you nuts, Tony?!

Iron Man: Nope. Check again.

Sydney looked closed and saw that "Fury" was actually a Life Model Decoy.

Me: He was a decoy!

UA Fury: (through the Life Model Decoy) Dammit, Stark! You think these things grow on trees?!

UA Iron Man: I'm sure you got plenty of backups, old man. You always do.

UA Captain America: Enjoy your exile, Fury. Wherever you are. We'll just stay here and keep picking up the pieces.

Me: That was clever though.

UA Captain America: Yep. By the way J.D. who is this enemy we're facing on March 19th?

Me: Lets just say it's one that's incredibly powerful and it will take the combined efforts of us, some villains and friends you know to help stop it.

Sydney: Yep.

Me: It's gonna be a powerful fight. So be ready for it.

UA Iron Man: Sydney, despite what happened today, you still did a good job again.

Sydney: Thanks Tony.

Me: We all did a good job. We work together as a team and that's what gets the job done faster.

Trap Jaw: That's right.

We later went back home we told them that the mission was done.

Nico: Well done guys. You brought Von Bardas and Scorcher. Wow.

Me: Yep. You wouldn't believe what they were gonna do.

We told them everything and they were shocked.

Nico: Whoa! That was awesome!

Me: It was. But thank goodness we stopped Bardas. Look what she did to herself. She made her body almost totally mechanical like Macker.

Nico: Whoa! That is intense.

May: Who should come with you next time?

Sydney: I'm thinking all the Underground City girls next time.

Me: Awesome idea. It'll be awesome for the Ultimate Alliance to meet them.

Rice Fitzgerald: Yeah!

Maxxine Stenson: It'll be awesome.

Nico: Yep. I'll take these two off your hands and beam them to prison.

Me: Thanks Nico.

Maria: Look, Sydney. The damage may have been done. But at least you got Von Bardas and Scorcher to our space prisons where the Fold can't reach them.

Sydney: That's true.

Me: We're not done yet though.

Nico: Nope. 3 more missions left.

Me: Yep.

Later Twilight Sparkle was getting ready for something really special. She pulled out a big trunk in her closet and opened it.

I came in and knocked.

Twilight Sparkle: Oh hey J.D.

Me: Hey Twilight. What's in the box?

Twilight Sparkle: Well my old school Crystal Prep Academy is having a huge reunion, barbecue and concert and I wanted to wear my uniform for that.

Me: Cool!

Twilight opened her trunk and in it was a bunch of stuff from her days in Crystal Prep.

Me: Wow you got a lot of momentos from your time in Crystal Prep.

Twilight Sparkle: I sure do.

Me: (Points to something) What's that?

She pulled out a picture and it was of her brother Minuette, Twinkleshine, Lemon Hearts, Moondancer, Lyra Heartstrings, Twilight Velvet, Night Light, Shining Armor and Dean Cadance.

Twilight Sparkle: This is a picture of my family there at Crystal Prep.

Me: That's cool. Oh they probably haven't gotten the memo about Abacus Cinch kicking the bucket during the April 12th War.

Twilight Sparkle: You're probably right. We should do something awesome for them.

Me: Right.

William: How about we go to a special event all of us planned to get our minds off of the future consequences.

Nico: I was just going to suggest that William and Twilight told us all about a big reunion Barbecue and Concert that her old school Crystal Prep is having.

Eli: Cool!

Me: And I don't think they got the memo about us doing Abacus Cinch in on the April 12th war last year.

Nico: They probably haven't.

Me: Luckily I went and got Chip Cutter and Laney to do that.

Nico: Awesome! It'll be cool to serve them our favorite foods there.

Me: It sure will. I can't wait to see what Crystal Prep is like there.

Nico: Me too.

We were off to Crystal Prep.

Armada Starscream and Jetfire were carrying the big carts for the statues we made under tarps.

Me: We should be just about there.

Nico: Yep.

We arrived.

Poromon: Here we are!

We arrived at Crystal Prep Academy and it was breathtaking.

---

Crystal Prep Academy or CPA, also known as Crystal Prep High School and sometimes referred to simply as Crystal Prep or CP, is a high school located in an alternate world of Equestria. It serves as the partial setting and focus of the film My Little Pony Equestria Girls: Friendship Games. Its rival school is Canterlot High School. In Friendship Games, Crystal Prep Academy faces rivaling institute Canterlot High School in the Friendship Games, which Crystal Prep wins every year. One of the school's more notable students is Twilight Sparkle's human counterpart, first seen in a post-credits scene at the end of the preceding film. Crystal Prep appears as a typical high school. Aesthetically and in name, it bears some resemblance to the Crystal Empire in Equestria. The academy has an apparent dress code; all students wear reddish-purple blazers or vests, dark-blue ties or bow ties, and black shoes. Male students wear dark-blue slacks while female students wear reddish-purple tartan skirts. Students who show particular pride in their school call themselves Shadowbolts, first seen in the IDW comics' My Little Pony Annual 2013.

Friendship Games animated shorts

In the animated short Pinkie Spy, Rainbow Dash and Pinkie Pie attempt to spy on the competition, but Pinkie's methods almost get them caught. Rainbow blows their cover by yelling at Pinkie, but when they run away, the athletes practicing simply shrug them off. Unlike CHS, where all of the students' cutie marks are seen either on their shirts or dresses, Crystal Prep's students' cutie marks are mostly seen on their accessories, such as hair clips for the female students.

Equestria Girls: Dance Magic

In Dance Magic, Rarity and Twilight infiltrate Crystal Prep to spy on Sour Sweet, Sugarcoat, Sunny Flare, and Lemon Zest after they stole Rarity's music video concept for the Canterlot Mall Chance to Prance music video competition. At one point, Rarity asks for directions of the dance studio, but Twilight is unaware of such a room even existing in the school.

* * *

Me: Wow! So this is Crystal Prep.

Nico: Wow. The columns of the school are pure crystal.

Eli: It's like a smaller version of the Crystal Empire.

Varie: It sure feels like it and the Crystal Heart is a statue of crystal.

How cool is that.

The gate opened and we went in. We then went into the school and we saw a lot of students and instead of kids wearing clothes with their cutie marks on them they had purple shirts and skirts for the girls and purple shirts and blue pants for the boys.

Me: Wow. The school dress code is really sophisticated.

Twilight Sparkle: That's right J.D.

Poliwag: Hello, everybody!

Everyone saw us.

Minuette (EG): Wow Team Loud Phoenix Storm!

Twinkleshine (EG): It's awesome they are here.

Lemon Hearts (EG): Twilight!

Moondancer (EG): Twilight Wow! You're back!

Lyra Heartstrings (EG): We missed you!

They went and hugged her.

Twilight Sparkle: I missed you girls too.

Me: Awesome to meet you all.

Minuette (EG): It's a big honor.

Nico: We came to join you all for the awesome reunion.

Rainbow Dash: And put on an awesome concert for you all.

Eddy: I guess you heard the news about me and Dark blowing Cinch's head off.

Moondancer (EG): No we didn't! Cinch is dead?

Me: She sure is. On April 12th, 2021 we went into battle with 23 of the most evil enemies in all of Equestria's history and they were going to destroy all of Friendship by eradicating the entire universe.

Nico: Yeah it was awful.

Laney: But we all stopped them forever.

?: That is great you did.

Dean Cadance came.

Twilight Sparkle: Dean Cadance!

Dean Cadance: Twilight!

They went and hugged.

Dean Cadance: It's awesome to see you here for the reunion.

Twilight Sparkle: Wouldn't miss this for anything.

Dean Cadance: I'm glad and Team Loud Phoenix Storm it's such an honor to meet you all.

Me: Same to you Dean Cadance. Your school is really amazing.

Maria: Sorry Twilight hasn't been in contact with you.

Dean Cadance: That's all right. But she has been sending me pictures of everything that happened.

Nico: That's good.

Me: I take it you heard that Cinch bit the dust?

Dean Cadance: I sure did but I didn't tell everyone because I wanted it to be a surprise.

Me: That's good. We actually have an awesome surprise for you all when we get the reunion underway.

We went to Dean Cadance's Office and we saw that it made some changes to her office.

Me: Wow!

Twilight Sparkle: You removed all the curtains and everything blocking the sun and all that.

Dean Cadance: We sure did.

Me: It looks nice and more friendly instead of filled with torture and abuse.

Dean Cadance: It sure does.

William: You'll be happy to know that Twilight and Rainbow Dash went on Ambassador missions.

Me: Yep they sure did. Twilight went to meet our friends Nate Adams, Katie Forester and Whisper here and they took down a really crazy and malevolent monster.

Nate Adams: It's true and it was amazing.

Katie Forester: Yeah.

Me: Yep. And Rainbow Dash met Nico's friends Ish, Ash and their friends here and they were for the world of NFL Football.

Rainbow Dash: It sure was awesome.

Treehugger (EG): That is so far out dudes.

Me: Yes it sure is.

Twilight Sparkle: We're not done yet though.

Dean Cadance: That is so amazing.

Me: It sure is. These Ambassador Missions we have is part of a special Diplomatic Program we made for future missions.

Nico: It's true.

May: We're on Sydney's ambassador missions at the moment.

Nico: Yep and that is a great one. These Ambassador missions get us prepared for the upcoming missions ahead.

Me: Yep. But the most brutal one we're going to have is coming up on April 28th. That's where we go into the world of the Live Action Transformers. And let me tell you. That place is crawling with stuff.

I told Dean Cadance and everyone what's going on there and how it was affecting the human race and the transformers and all that and it was terrible.

Dean Cadance and the human versions of Twilight's friends were shocked and horrified.

Dean Cadance: That is crazy! After everything that was done for the human race by the Autobots they turned their backs on them.

Me: Yeah. Bunch of xenophobic bastards. Uh pardon my language.

Dean Cadance: No worries.

Leadfoot: Several of my fellow Autobots are unaccounted for. Sideswipe. Dino. Ratchet. Roadbuster, Topspin. And Jolt.

Nico: Yeah. That's because they are still fighting in your universe.

Live Action Jazz: But what really infuriates me is that all the humans we helped betrayed us after everything we did for them.

Me: I know. That really is horrible. Blame Sentinel Prime for that like we said. But he is now part of our frenemies in exile.

Sarah Tinsley: You all can't stay mad at him forever though.

Me: That's right.

Dean Cadance: How did the live action transformers wind up in our universe?

Me: We don't really know that ourselves. It's a really huge mystery.

Nico: Yeah.

Live Action Jazz: I'm not mad at Sentinel. The Animated one, maybe. But not the one I know. The humans who decided to be idiots had the choice to let the others live in peace.

Barricade: Well, there are still some good humans. Like Cade Yeager and William Lennox.

Nico: That's true and Sam is now here in our universe.

Me: We're going to have him hold on for 2 and a half months till April 28th before we go to the World of Live Action Transformers. It's gonna be a test of his patience.

Nico: Yeah.

We later got the barbecue underway and we grew trees that had whole chickens, burger patties, sausages and more. We gave lots and lots of meat, steaks, chickens, ham, burgers, sloppy joes, pulled pork sandwiches, sausages, little smokey sausages, drumsticks, beans, coleslaw, salads and more for everyone and we even had banana pudding and cake for dessert. We also had cookies and cream cake and even mint chip cake and ice cream. There was a lot of good food and more.

Indigo Zap: Awesome food J.D.

Me: Thanks Indigo.

We gave everyone awesome foods. Later it was time for the concert.

Me: Thank you everyone! First off I would like to thank you all for inviting us over to this awesome reunion. We have a great show for you all today.

First we got to singing The Night Begins To Shine by B.E.R. The sky had a Total Solar Eclipse form in it.

Me: (Singing Divinely)

I saw you dance

From the corner
I caught your name
In a conversation
Playing hard-to-get
But I can understand
When I look at you
I see the story in your eyes
When we're dancing
The night begins to shine
Night begins to shine
The night begins to shine
Night begins to shine
When we're dancing
The night begins to shine
Talk 'til dawn
My heart was racing
I took you home
In the driving rain
Had my mind made up
I wanna feel your touch
When I look at you
I see the story in your eyes

When we're dancing

The night begins to shine

The night begins to shine

The night begins to shine

The night begins to shine

When we're dancing

The night begins to shine

The night begins to shine

(Night begins to shine)

The night begins to shine

Had my mind made up

I wanna feel your touch

When I look at you

I see the story in your eyes

When we're dancing

The night begins to shine

Night begins to shine

The night begins to shine

Night begins to shine

The night begins to shine

Night begins to shine

The night begins to shine

The night begins to shine

When we're dancing

The night begins to shine

Night begins to shine

The night begins to shine (the night begins to shine)

Night begins to shine

The night begins to shine (the night begins to shine)

Everyone was in awe. When the song was done everyone cheered wildly!

Me: THANK YOU! Now the next song that you are going to hear is Shine Like Rainbows and that one is gonna be special. It's going to show you a montage of our great adventures we had with Twilight and her friends ever since they all joined us.

Everyone was excited for that.

We got the song underway and rainbows swirled around us and more.

Me and the Rainbooms.

Once upon a time, you came into my world and made the stars align

Now I can see the signs, you pick me up when I get down so I can shine

Shine like rainbows

Shine like rainbows

Friends, you are in my life and you can count on me to be there by your side

And when the music comes alive, you sing us songs to lift us up so we can shine

And the sound that we hear in our hearts

Makes a crescendo

And the light that ignites in the dark

It makes us all glow

And shine like rainbows

We shine like rainbows

Together we stand

As the rain begins to fall

And holdin' our heads up high

As the sun shines through it all

And the sound that we hear in our hearts

Makes a crescendo

And the light that ignites in the dark

It makes us all glow

And shine like rainbows

We shine like rainbows

Shine like rainbows

We shine like rainbows

We shine like rainbows

We showed the greatest adventures with all of Equestria: First was freeing Twilight and friends during the War With The Royal Defenders, Then meeting Twilight and Friends in our universe and taking down Queen Chrysalis, the Redemption of Cozy Glow, The Quelling of The Hooffields & McCoys Feuds and getting our incredible World Tree Estate, Taking Down King Sombra, Taking Down Nightmare Moon, Destroying the Mean 6, The Great April 12th War of Friendship, The Battle of Camp Everfree, The Battle with The Tantabus, Taking Down Evil Trouble Shoes in Appleoosa, Restoring the color to Hope Hollow, Destroying Lavan the Lava Demon and stopping the 1986 Smooze during the Race Around Equestria, Along with all the things we have done for much of Equestria over the course of a year and a half.

Those were awesome!

When the song was done everyone cheered wildly.

Me: Thank You! Thank you!

We later got to the main event.

Me: Now this is the fun part we have for you all. These two statues we have for you all commemorate the forces of Harmony and one is also a reminder of what not to become.

I pulled off the tarps and one statue was Twilight Sparkle and her friends and us trouncing the Doomsday 23 in Equestria and the other was a copy of the Statue of Disharmony.

Everyone was in awe.

Nico: Wow! That is awesome.

Indigo Zap: Those statues are incredible.

Me: Yep. These are to commemorate our great battle we had during the April 12th, 2021 War. Look what it says on this one.

I pointed to a plaque and Minuette read it.

Minuette (EG): "THIS MONUMENT TO DISHARMONY IS CURRENTLY ON TOUR ALL OVER EQUESTRIA, REMINDING EVILDOERS AND VILLAINS ALIKE THAT THE SPIRIT OF FRIENDSHIP WILL NEVER BE CONQUERED. MAY FUTURE GENERATIONS LEARN AND NEVER REPEAT THE MISTAKES OF TIREK THE TERRIBLE, CHRYSALIS THE CRUEL, EVIL COZY

GLOW THE MALEFIC, KING SOMBRA THE BLACKHEARTED, GROGAR THE MALEVOLENT, NIGHTMARE MOON THE DARK, DAYBREAKER THE HATEFUL, THE MEAN 6 THE DISHARMONIOUS, THE MANE-IAC THE MANIACAL, EVIL STARLIGHT GLIMMER THE NEFARIOUS, STORM KING THE TREACHEROUS, THE PONY OF SHADOWS THE CORRUPTOR, THE DAZZLINGS THE SONGS OF HATE, RABIA THE BLOODTHIRSTY, THE DIAMOND DOGS THE GREEDY, DEMON SHIMMER THE POWERHUNGRY, MIDNIGHT SPARKLE THE DESTROYER, AND ABACUS CINCH THE MANIPULATOR." Whoa! That is so cool!

Nico: Yep it sure is.

Me: We call them The Disharmonious 23. Also known as The Doomsday 23. That was one of our most incredible battles we've had. It took the combined efforts of all of us from all over the universe to destroy them.

Lemon Hearts (EG): That is amazing!

Dean Cadance: Those statues will be perfect for us all in the garden.

Me: I'm glad you like them. We have statues like these for Canterlot High too.

Principal Celestia: I'm glad you made them for us J.D.

Me: You're welcome.

We had a great reunion.

---

Later it was time for a funny Simulator Adventure. We were gonna head into Bikini Bottom.

William: (to Squidward and Plankton) You two wanna head with us into the simulator too?

Plankton: No I don't want to get mixed up with my evil self.

Squidward: And I don't want to get mixed up with myself that was a total and worthless moron.

Nico: Good thinking.

Lily: This is gonna be a crazy adventure. J.D. you're gonna probably hurl your guts out in this one. So just want to warn you.

Me: Thanks Lily.

We went into the Simulator. The Simulator activated and we were at the Krusty Krab.

We went in.

Maria: Hi. I'd like some Krabby Patties, please.

Squidward: Whatever. SpongeBob I need 40 Krabby Patties please.

SpongeBob: Coming right up Squidward.

He made them fast.

Maria: Thanks.

Tina Fran: Oh, these are delicious.

[Suddenly, a loud roar is heard and it shook the whole restaurant.]

Me: Whoa what was that!?

Jennifer Millie: What was that?

Nico: I don't know. I think it was a monster!

Nathiel Waters: Think it came from Krabs' office. Maybe he's in trouble.

SpongeBob: [comes out of the kitchen] I'll save you, Mr. Krabs! [attempts to enter Mr. Krabs' office, but Mr. Krabs slams the door in SpongeBob's face; Mr. Krabs m*** and groans as his stomach growls] Ooh, Mr. Krabs, thank Neptune you're okay. [Mr. Krabs' stomach growls really loud] Eww, what was that noise?

Me: Mr. Krabs are you okay?

Mr. Krabs: Huh? [turns his body around] Uh, I didn't hear nothing. Everything's completely normal. Okay, closing time! Everyone out! [pulls down a rope and makes the floor push SpongeBob, Squidward and the customers out.]

Me: OOF!

Nico: OUCH!

Eli: Ouch.

Mr. Krabs: [then he frantically locks the door as everyone looks at Mr. Krabs suspiciously] Eh..o-okay… [laughs nervously] See you tomorrow.

SpongeBob: But, Mr. Krabs, Squidward and I don't want to leave work early. Right, Squidward?

[Squidward happily runs away from the Krusty Krab.]

Me: Stupid Squidward.

SpongeBob: Oh, Mr. Krabs, I could still- [Mr. Krabs and everyone else is gone, leaving with only a nickel] A nickel? [licks the nickel] And it's the same temperature as Mr. Krabs. [picks up the nickel] Ooh, he's gonna want this back. [runs off]

Me: We better go after him.

Squidward: (telepathically to Nico) Nico, which do you think Gene Slammer do you think will appear on your next rescue?

Nico: (Telepathically to Squidward) I'm amazed you can use Telepathy now Squidward. I'm hoping to meet an Arachnichimp Gene-slammer next.

Squidward: Wow one of Spidermonkey's kind. Good choice.

Nico: Yep. So it'll be one of of the Spiders. Tarantulas, Rachnera, Keito, Blackarachnia or Animated Blackarachnia.

[Mr. Krabs runs all over the streets of Bikini Bottom in a frantic panic. He hides behind the building and sees a taxi pulling over for a customer. He rolls over to the taxi and hides underneath it before it drives away. SpongeBob appears and fails to stop Mr. Krabs. He waves for another taxi.]

SpongeBob: Follow that boat! [crawls under the taxi before it drives away]

Nico: Lets go!

We followed.

[The driver stops the taxi boat at a place that's located outside of Bikini Bottom, the Slop Pail. SpongeBob comes out from under the taxi and is completely beaten up.]

Taxi driver: Sorry about all those speed bumps, kid. And the cactus patch and the demolition derby.

SpongeBob: [dizzily] "Roast moblem, Orfficer." [pays the taxi driver and faints]

Laney and Varie healed him up.

[Mr. Krabs is sitting at a picnic table, waiting impatiently for something. He checks his watch and frantically looks around. SpongeBob appears through the wood of the picnic table.]

SpongeBob: Mr. Krabs!

Mr. Krabs: [shrieks as SpongeBob's appearance startles him] SpongeBob, what are you doing here, boy-o?

SpongeBob: [pulls himself out of the table] I brought your nickel, silly. [pauses and looks around] What is this place? And what are you doing here?

Me: What's going on Mr. Krabs? You've been acting weird.

Mr. Krabs: Nothing, [takes the nickel] I've never been here before in my life.

[Just then, a man, who is the chef of the Slop Pail, appears and gives Mr. Krabs a bowl full of chum.]

Sal: Eugene, got your usual here: one big steaming plate of chum! Enjoy.

[The chum belches slime in SpongeBob's face.]

Me: Chum? (VOMITS)

Nico: Oh boy. That's what Lily meant.

Maria: Mr. Krabs, you have some explaning to do!

Nico: Yeah! You made J.D. throw up!

SpongeBob: "Usual?" "Chum?" "Enjoy?" Oh, I don't understand, Mr. Krabs.

Mr. Krabs: Oh, I suppose there's no hiding it, boy-o. It all started back in me old Navy days. [a flashback of Mr. Krabs' Navy days is shown] I was a young seaman on a dangerous mission deep in enemy territory.

[The flashback shows all of Mr. Krabs' Navy friends having a fun time at the beach. Mr. Krabs is sleeping in a hammock.]

Navy chef: [rings his triangle] Meal time.

[Mr. Krabs Navy friends run over the chef and climb onto the ship to eat their meals. Mr. Krabs continues to sleep in his hammock.]

Mr. Krabs: [voiceover] Somehow, in the madness of battle, I became separated from me crew. [his past self yawns and wakes up from his nap; he goes into the ship and sees everyone sleeping after eating too much] It took hours of fighting and sneaking and scraping to get back to me ship, but by the time I got there, our supplies have been decimated. [his past self sits in a chair and the chef feeds him chum] All we had left was chum… and I hadn't eaten since noon. [his past self starts to eat chum] I was starting to feel peckish. [his past self starts to take a liking to chum] But, oh, that flavor. Sweet and gamy with a cream, chunky mouthfeel. [a chum monkey appears as his past self continuously eats chum] Oh, I've had a chum monkey on my back ever since. [his chum monkey screeches before coming back to the present day] Been eating the stuff in secret for years now. [eats some of Sal's chum] Just got a taste for it. One of them survival things, I suppose. [a piece of Sal's chum gurgles for a bit before Mr. Krabs slurps it in his mouth]

Nico: Oh that is gross!

Me: No kidding! (VOMITS!)

Eli: (VOMITS)

Laney: (VOMITS)

Lola: (VOMITS)

Lana was eating the chum!

Plankton watched from the control room..

Plankton: Lana sure likes chum doesn't she?

Squidward: She sure does. But it's hard to imagine that Mr. Krabs liked to eat chum.

Plankton: I know. That is really shocking.

Mr. Krabs: Oh, uh, look, SpongeBob, guys, I don't want this getting out, you understand? [laughs] Especially to Plankton. So what do you say, huh? Keep me shame a secret, huh? For old Mr. Krabsy?

SpongeBob: [laughs] You got it, Mr. Krabs. My lips are sealed. [zips his mouth]

Me: As long as we don't throw up more.

Mr. Krabs: Glad to hear it. Okay, see you tomorrow. [pushes SpongeBob away] Sal, I'm feeling hungry tonight. How's about another plate of chum?

Sal: Oh, sorry, Eugene, that was my last plate of chum, ever! I'm closing the Slop Pail permanently. [closes his restaurant]

Mr. Krabs: [gasps] What?! [gulps]

Sal: Yep, I'm moving to Shell City to make it big in the pictures. Just imagine this mug on a movie screen 30 feet wide! [a closeup of his face is shown while laughing] See you in the movies! [drives away]

Mr. Krabs: But where will I get me chum from?

[Mr. Krabs is now stranded in the middle of nowhere alone. The scene changes back to the Krusty Krab. Mr. Krabs is pacing back and forth about where he'll get more chum.]

SpongeBob: Gosh, Mr. Krabs, I've never tried to make chum before. I don't even know what the ingredients are.

Me: You don't want to know.

Mr. Krabs: Ugh, well, uh, it's, uh-it's made from… [whispers in SpongeBob's ear about what the actual ingredients of chum are and from what SpongeBob hears, it is really disgusting]

Me: (VOMITS)

Nico: Gross!

SpongeBob: [gags and groans in disgust] Eww. [as Mr. Krabs is done talking, SpongeBob turns pale and his yellow color melts off; he mops up his color and washes himself with it] Um, I don't think I can make that for you, Mr. Krabs, but I can make you some chum-free chum. You won't even be able to tell the difference.

Mr. Krabs: I sure hope you're right.

---

French narrator: (French Accent) Later…

---

[The scene changes to SpongeBob serving three kinds of chum for

Mr. Krabs to enjoy.]

SpongeBob: Behold: three takes on chum à la SpongeBob. [Mr. Krabs gives a taste on the first plate of chum] The secret ingredient in this one? Krabby Patties. Well? Huh?

Me: We sell that at Lynn's Table.

Mr. Krabs: It's delicious! [suddenly gets angry] Too delicious! [swats the first plate of chum away] Next!

SpongeBob: [gives Mr. Krabs another plate full of chum and Mr. Krabs gives another taste] To capture the natural bouquet of the chum, I made this batch entirely from old snail litter.

Me: EW!

Mr. Krabs: [gasps, spits out some snail litter and his face shrivels] A little dry. [shakes his head back to normal] Next! [swats the second plate of chum away]

SpongeBob: [gives Mr. Krabs another plate full of chum] Ooh, I think you'll like this one. [Mr. Krabs gives it a taste] I know I do. [giggles] It's made from wishes and love.

[Mr. Krabs belches out hearts and sparkles. His face turns into SpongeBob's face and laughs like SpongeBob.]

Me: Cute.

Mr. Krabs: [rubs his face back to normal] It's too sweet. Oh, none of these are right, SpongeBob. I think this old chum chewer needs some time alone. [leaves the Krusty Krab and sulks away]

[Later that night, Mr. Krabs stops at a brick wall and wails in sadness. His stomach m*** and groans in hunger, giving Mr. Krabs so much pain.]

Mr. Krabs: Oh, the Chum Bucket's the only place in town still selling chum, but I can't go crawling to Plankton for help. No, I won't. I got too much pride for that. [cuts to Mr. Krabs invading Plankton's trash can, looking for some chum] Oh, come on, there's gotta be some chum in here somewhere!

Karen: [comes out with a flashlight] Uh, hello? [Mr. Krabs hides behind the trash can] Who-who's out there?

Plankton: [comes out with a bat] All right, miscreant, come over here where I can destroy you! [swings the bat around, but gets crushed by it]

[Mr. Krabs attempts to escape, but Karen catches him.]

Karen and Plankton: Krabs?

Plankton: What are you doing here? [crawls out from under his bat]

Mr. Krabs: Nothing, nothing! I, uh, [takes the shoe out of his mouth] lost my shoe! See? Found it. [laughs] Okay, bye. [his stomach growls loudly]

Plankton: [suspiciously] Hold it. What's going on with you, Krabs? Your clothes are a mess and your stomach's making strange noises.

Mr. Krabs: [wears the shoe] What are you talking-I'm… [stammers until he gives in] Oh, fine! [throws away the shoe] I'm hooked on chum, okay?!

Plankton: Say what?! [his skeleton falls out in shock]

Mr. Krabs: Look at me now! Digging through garbage for scraps! [sobs uncontrollably]

Plankton: [sucks his skeleton back in his body] You actually like chum?

Karen: How is that possible? Nobody likes chum! It tastes terrible!

YEAH YOU DUMMY IT TAKES LIKE PUKE!

Plankton: [hops on Karen's screen] Shh! Mute your speaker, Karen. This pathetic display is giving me an idea. [walks over to a sobbing Mr. Krabs] All right, Krabs, old buddy, how would you like a lifetime supply of chum?

Mr. Krabs: [stops crying] Really?

Plankton: Sure, for the low, low price of the Krabby Patty secret formula!

Mr. Krabs: [shrieks] No, no, I can't! Not me formula.

Plankton: You sure, Krabs? [holds up a bowl full of chum] Just breathe in that noxious smell. [sniffs the chum and nearly gags; lassos Mr. Krabs down with the chum fumes and holds up a chum-shaped pendulum] You know you want it. [laughs evilly as he attempts to brainwash Mr. Krabs]

[The chum monkey in Mr. Krabs' head sees and hears everything. He climbs into Mr. Krabs' brain and reactivates it with a steering wheel. Mr. Krabs crawls over towards Plankton and attempts to eat some of his chum.]

Plankton: [throws the chum out of sight] Ah-ah-ah. Not until I have the formula.

Mr. Krabs: [growls] Oh, fine! I'll be right back.

We overheard the conversation from the shadows.

Eli: Mr. Krabs is making a deal with the Devil.

Me: We got to stop him and fast.

Mr. Krabs: [goes to his restaurant, enters his office and opens his safe, only to find SpongeBob sleeping and cuddling with the secret formula inside]

SpongeBob: Hi, Mr. Krabs.

Mr. Krabs: What are you doing here, SpongeBob?

SpongeBob: Oh, when I can't sleep, I come here to be close to the formula. It comforts me.

Mr. Krabs: Well, comfort time's over now! [grabs the formula] I'm trading the formula to Plankton for a lifetime supply of chum.

SpongeBob: [stops Mr. Krabs in his tracks] I can't let you do that, Mr. Krabs. [tries to pull the formula out of Mr. Krabs' claws] You'll thank me for this later. [grunts as he tugs and pulls]

Spiderman webbed Mr. Krabs up.

Mr. Krabs: WHAT THE!?

Spiderman: I'm sorry, Mr. Krabs. But this is for your own good!

I took the formula and locked it up.

Me: We heard you talking with Plankton and we're going to stop this.

I called Dark Spicer and he came with the Live Action Constructicon Team.

Dark Spicer: Looks like it's time to have some fun.

Me: Destroy the Chum Bucket.

Dark Spicer: (to the Live Action Constructicons) Constructicons, merge into Devestator!

Live Action Constructicons: You got it!

They merged into Devastator!

Nico: WHOA!

Me: Nice job Dark! I see you've officially been made leader of the Decepticons for the M.O.E.

Dark Spicer: Yep. Check it out.

He showed his own Decepticon Leadership Medal.

Nico: Awesome!

Me: That is awesome!

Eli: It sure is.

Nico: There was no doubt that you were fit for the position Dark.

Dark Spicer: I bet Live Action Megatron never had Devestator accomplish something impressive as that!

Nico: I bet you're right on that!

Dark Spicer: Yep. Awesome job Devastator.

Devastator: Thanks boss.

Dark Spicer: Awesome. Nico I heard you went to the world of Firestarter from 1984.

Nico: Yep and it was my second time actually. The first time was 1 month after I joined the team.

Me: Boy I remember that. That was so awesome. That was when we were destroying the Horror Movie monsters and I think that was our first ever series of Horror Missions back then too.

Laney: That was awesome and we were searching for the 12 Talismans of Shendu back then.

Me: Yep.

The Chum Bucket was destroyed.

Me: No one is gonna eat chum. (VOMITS)

Horsea: Let's check up on Mr. Krabs.

We went over and we saw that he looked like someone who was suffering from Drug Discontinuation Syndrome.

Me: Whoa he looks awful.

Maria: He's suffering from Chum Withdrawal.

Me: (VOMITS)

Dark Spicer: You all right J.D.?

Me: Sorry Dark. Every time I hear that word Chum or see it, it makes me throw up.

Dark Spicer: Sorry dude. Also Lincoln I heard your dad liked Chum too.

Lincoln: Yeah he sure did and the reason for that was because his school ran out of food and all they had to eat was chum.

I threw up again.

Me: (VOMITS) Sorry.

Manaphy: We have to help him!

Lily: Maybe this will help.

Lily spread her wings of water and she enveloped Mr. Krabs in a ball of water and it cured him of his chum addiction and destroyed the Chum Monkey and then he was down and we cut him free.

Me: Lets see if it worked.

I pulled out $2,500 in cash and held it up to his nost.

Mr. Krabs: (Groans) (Sniffs) Is that $2,500 dollars?

Me: Yep. Do you still like Chum?

Mr. Krabs: Actually I don't like chum anymore. (Gasp) Don't like Chum!? I'M FREE!

Lily: You have me to thank for that.

Mr. Krabs: Thanks lads.

Me: You're welcome Mr. Krabs.

Nico: This was one gross adventure.

Me: Yep.

We later went back home and I got a lot of water and food. Then we went to sleep.

Meanwhile in the Yost Universe, The Yost Fantastic 4 were getting ready for our arrival when we take down their version of Dr. Doom for good.

Yost Reed: I'm looking forward to have Team Loud Phoenix Storm help us all out.

Yost Johnny: Me too! It'll be awesome.

Yost Susan: Yeah it sure will be cool.

Yost Thing: I can't wait to smash that metal freaks face in.

Yost Reed: Me too. Lets get ready!

Yost Thing: IT'S CLOBBERING TIME!

They went at the camera and it froze with all of them in the screen and it.

Another awesome and funny fanfic done.

The Hankering is one of my favorite episodes of SpongeBob and it was so gross how Mr. Krabs liked eating chum! YUCK! If I ate some chum I would hurl my guts out all over the place and it would be so gross! The episode aired on November 30th, 2019 and it was so awesome and funny! The first part of the chapter was based on the great 1984 movie Firestarter. That was a really awesome movie with Drew Barrymore and it was awesome how Charlie had those powers. Pyrokinesis is a REALLY deadly power. Starting fire with the power of your mind would REALLY be scary and potent. But the book by Stephen King was awesome. The second part was for the 1999 TV Miniseries movie by Stephen King, Storm of The Century and I remember seeing that movie when I was a kid and it was awesome! That movie lasted for 4 hours and 24 minutes and it was really awesome and scary. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be in the middle of the city and Nico, Spiderman and me are gonna go see the Smart House from the 1999 movie Smart House and we'll see what it's like and we'll meet Ben Cooper and his family and it'll be awesome. I've know that movie for a long time and it was GREAT! We're also going to meet an Arachnichimp Gene-Slammer named Heather Riley who is Nico's Chemistry Partner in Chemistry Class. The second part for Lincoln's rescue is gonna be in the movie Magic Island from 1995 and it's gonna be an awesome swashbuckling adventure as we take down Blackbeard and Carbassas and meet the Black-Winged Dragon Gene-Slammer named Leia Nyamuragira, who is from Lincoln's Chemistry Club and we're going to learn about how Laney faced Chandler and how she helped Laney get him into REALLY HUGE TROUBLE not just with Principal Huggins but with the law. But he won't be expelled. This happened before he was expelled when he tried to burn the school down. The next chapter as you saw is where we go into the world of the Christopher Yost version of the Marvel Hero show Fantastic 4: World's Greatest Heroes and we're going to kill their version of Dr. Doom. Get ready for an awesome and action packed adventure.

See you all tomorrow

# INTO THE YOST WORLD

In the middle of the city, Nico, me and Spiderman were walking to our next rescue.

Nico: Thanks for coming with me, Pete.

Spiderman: No problem Nico.

Nico: And I don't understand why you're coming too J.D.

Me: I've heard a lot about this place Nico and the Smart House is supposed to be really something. I wanted to see this for myself and see what it's like too.

Nico: That makes sense. I think this is gonna be really something to see. I heard a family won it in a contest.

Me: Yep the Coopers. They are good friends from school.

Nico: Yep.

Me: I heard that this house is built like what is going to happen in the year 2100 and I just couldn't pass up this opportunity to see what it's like.

Nico: Wow! That must be one amazingly advanced house.

Me: It sure is.

Nico: Pete, I'm sorry that Sydney, Trap Jaw, and J.D. didn't get the other Shocker out of there too. But I promise we'll save him and all the other victims that Fold might control.

Spiderman: It's all right Nico. If at first you don't succeed, try try again.

Me: That's true.

Nico: Hey we're here.

We saw The Smart House.

Me: Wow!

Nico: That is one awesome house.

I looked at the house with my data vision.

Me: Whoa! The whole house is fully automated and run by a massive computer network. That is really cool!

Nico: Wow! That is one advanced house.

Spiderman: Lets go check it out.

We went up to the house and I opened the door and we went in.

Me: Hello? Anyone home?

PAT: J.D. Knudson and Nicolas Chan and Spiderman. What a pleasant surprise.

Nico: Whoa. Who said that.

A holographic woman appeared.

Me: Whoa! And you are?

PAT: My name is PAT. It means Personal Applied Technology.

Me: Wow! Pleasure to meet you.

I looked at her with my data vision.

Me: Wow! You're a holographic embodiment of the whole house.

PAT: That's right.

Me: It's amazing that you are the heart and soul of this whole house PAT.

PAT: Thank you J.D.

Me: Is Ben and Angie home?

PAT: They are.

Ben came.

Ben Cooper: Hey J.D.!

Me: Hey Ben.

We fist bumped.

Me: You are one lucky guy to win an amazing house like this Ben.

Ben Cooper: I know and I worked really hard to win it ever since my mom died.

Me: I heard about that. I'm sorry that happened. Terminal disease?

Ben Cooper: Yeah.

I put my hand on his shoulder.

Me: I'm sorry man. I know how much you mom meant to you and she was very close to you. Believe me you aren't the only one that lost a parent. We know lots of people that did.

Ben Cooper: I know.

Nico: (to Spiderman) Also, it's possible that there's a version of you on the Yost world.

Spiderman: There just might be.

Ben Cooper: Whoa! Spiderman! It's an honor and Nico it's an honor to meet you.

Nico: Same here Ben.

Spiderman: And you too Ben. Awesome to have a visit from your friendly neighborhood Spiderman.

Ben Cooper: It sure is. I love all your amazing adventures.

Nico: Actually, you know what? Fuck it! I'm moving Ultimate Alliance Shocker to one of our prisons right now!

Me: Nico lets save that for Sydney's next Ambassador Mission. We can apprehend 3 villains during that time.

Nico: Good idea. I forgot that's not today. Ben how did you win such an awesome house like this?

Ben Cooper: It wasn't easy. I had to submit over 5000 contest entries in one day.

Me: Whoa. That must've taken most of the day.

Ben Cooper: It sure did. I worked really hard to win the Smart House. Not to replace our mom but to help out with the family.

Nico: That's completely understandable.

Me: It sure is. Wow.

Nico: Sorry about that. It's just that on March 19, we'll be fighting a Hive Mind that uses Nanites to control people.

Spiderman: No worries.

Me: No worries.

Ben Cooper: What are you talking about?

Me: Ugly story. Very complicated. By the way did you see anyone strange run around?

Ben Cooper: Yes I did. She looked like a blue monkey with 6 eyes and 6 legs.

Me: An Arachnichimp? Whoa.

Nico: There's one here?

PAT: That is right. She said her name is Heather Riley.

Nico gasped.

Nico: Heather Riley is here? And she must be an Arachnichimp Gene-Slammer.

Me: Wow.

Ben Cooper: Gene-Slammer?

Me: They are people that have been spliced with the DNA of creatures. Usually from the works of mad scientists and terrible crimes against mother nature. We know so many of them.

Nico: Yep. Most of them are people that me and Lincoln know. Many of them are our friends.

Ben Cooper: That's crazy.

Nico: Where is she?

Then a Tarzan yell was heard and then swinging on a spider web was an Arachnichimp!

Arachnichimp: (Lands on the floor) (In a girls voice) Right here! Nico? Wow!

Nico: Heather wow! You look awesome as an Arachnichimp.

Me: Wow you sure do and Maria and May are missing this.

Spiderman: Awesome to meet an awesome webslinger like me.

Ben Cooper: That is awesome.

Me: It sure is.

Nico: How long were you here?

Arachnichimp: I've been here for 35 minutes. I got word that Ben's bully Ryan was causing trouble so I messed him up for him.

Heather reverted back and she was a blue hair girl with blue eyes and blue clothes and she had a blue monkey tail.

Heather Riley: Now that was a fun adventure.

Nico: Wow! Heather you look great and you have an awesome monkey tail.

Heather Riley: Thanks Nico.

Me: How do you and Heather know each other?

Nico: Me and Heather were partners in chemistry class and she is also a really awesome and daring adventurer. One time Heather and me made an awesome chemical formula and we called it Monkey Juice. But we almost perfected it and then it exploded by accident and Heather accidentally got an amazing monkey tail as a result.

Heather Riley: And I have always been having a massive craving for banana cream pie ever since.

We laughed.

Spiderman: What was your favorite memory with Nico?

Nico: That was a fun one.

Heather Riley: It sure was. After school was done that day we went into the forest and we found an abandoned mine. We went in and you won't believe what we found in there.

Me: What was it?

Nico: We found an enormous pocket of diamonds in the mine completely untouched and we brought them back to my house and divided them evenly and we both got filthy rich because of it. We both could now live in awesome mansions.

Me: WHOA! That is so awesome.

Spiderman: It sure is. And your tail turned blue when you got gene-slammed?

Heather Riley: It sure did. But I still have the intense cravings for Banana Cream Pie. Also I'm incredibly agile, fast and swift and I can communicate with monkeys.

Me: Wow! That is so awesome. And chemical accidents are one of the causes of people getting superpowers in the comics.

Nico: Yep.

Ben Cooper: Wow that is awesome!

Me: That is amazing.

Nico: I didn't even need to revert you back.

Heather Riley: No you sure didn't.

Nico and Heather hugged.

Nico: I've missed you Adventure Master.

Heather Riley: Me too Chemistry Partner.

Me: Aww.

PAT: So awesome.

Spiderman: Yeah.

Nico: I really am glad that you're joining the team.

Heather Riley: And I can't wait to go on awesome adventures like old times.

Me: Awesome. You would love going on awesome treasure hunts with us.

Spiderman: Those are awesome and fun.

Me: Yep. Nico what gene-slammer are you hoping to find next?

Nico: Wow you asked that already. I'm hoping to meet a Methanosian Gene-Slammer next.

Me: One of Swampfire's kind next. Awesome choice. So it'll have to be someone that loves to get filthy and knows the Swamp like the backs of their hand. So maybe Swamp Thing, Becky, Sam Manson, Laney or Lynn Sr.

We later went back home.

---

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, Sima Yi, Jiang Wei, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), Musashi Miyamoto (Samurai Warriors), and Mary Jane Watson were heading to the world of the 1995 movie Magic Island, and not only is Lincoln going to rescue the twenty four girls there, but we're also going to kill Carbassas and Blackbeard, who's returned from the dead yet again.

Lincoln: Wow, we're back on Magic Island, and I know what we're going to do here, not only am I going to rescue the twenty four girls there, but we're also going to kill Carbassas and Blackbeard, who's returned from the dead yet again.

Nico: That's right, big guy. I thought that when you and Lily the Mermaid fought Blackbeard last year in the Cloud Kingdom in the world of Mario and destroyed him, he was Super Hakaied and banished to Oblivion for good.

Lincoln: That's what I thought, but it looks like he still refuses to stay dead. His desire for revenge on us for what we did to him five years ago to the day is still very strong, and it's allowed him to return yet again. But, this time, he and Carbassas are getting The Black Gates.

TLPS Mr. Wolf: You got that right. Carrying a 225 year grudge has already destroyed his mind to the point that he's now been driven mad by revenge and insanity, I'll be glad to get rid of him for good.

Lily the Mermaid: You and me both, TLPS Mr. Wolf. But, for this one, me and Linky will be the ones to send them to The Black

Gates, since we had to deal with him five years ago, and of course, last year, when he returned from the dead in The Cloud Kingdom.

Lincoln: That's right, Lily. And thanks for coming with us, Mary Jane.

Mary Jane Watson: You're welcome, Lincoln. I saw the movie Magic Island long ago, and it was so awesome. But, it was also quite interesting to find out that you and Lily the Mermaid were the ones who killed Blackbeard five years ago, and when he returned from the dead last year to get revenge, only to get Super Hakaied by the both of you.

Lincoln: But, now he's come back yet again. But, this time, he and Carbassas are getting The Black Gates.

?: HELP!

Suddenly, Lincoln heard the sound of twenty four girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the twenty four girls, but they've been cornered by Blackbeard and Carbassas, and they're going to kill them.

Lincoln: Guys, I found the twenty four girls, but they've been cornered by Blackbeard and Carbassas, and they're going to kill them.

?: That fiend's going to pay when we get our hands on him.

Suddenly, we saw the Black-Winged Dragon appear before us.

Lincoln: That voice, I knew it was you, Leia Nyamuragira. But, we'll have to talk later, right now, we've got two evil pirates to kill.

We rushed on over, and Lincoln fired two powerful rainbow energy balls at Blackbeard and Carbassas, and they hit them on their backs, and that allowed the twenty four girls to get to safety. When Blackbeard and Carbassas saw us, they were pissed off big time when they saw us, but even more when they saw Lincoln and Lily the Mermaid.

Lincoln: You just don't even learn when to stay dead, do you, Blackbeard? Even after we killed you five years ago, and last year in the Cloud Kingdom when you came back from the dead, you decide to come back yet again.

Blackbeard (Magic Island): As long as my hatred for the both of you still lingers, I will always come back!

Carbassas: And I will enjoy destroying all of you!

Lincoln: Shut your trap, Carbassas! You're just as bad as Blackbeard, but now, we're going to get rid of you both, and we mean it this time when we say this, Blackbeard, stay dead!

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sima Yi, Sun Quan, and Jiang Wei got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transform, The Samurai Warriors got out their weapons, Mary Jane Watson also got on her symbiote suit, and Me, Eli, Nicole, and Nico also transformed and unholstered our massive swords from our backs, and we went at Blackbeard and Carbassas, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, ice, lightning, steel orbs, stars, rainbow flames, orange flames, blue flames, red symbiote matter, and green flames at the evil pirate and the treasure guardian, and they exploded with incredible power as they hit them.

Then, Lincoln and Lily the Mermaid charged out, and they'd slain Blackbeard and Carbassas, and they marked Blackbeard and Carbassas with a kanji, and it condemned them to The Black Gates, as they'd been found guilty by those they'd killed, and their evil spirits were erased from existence forever. We cheered wildly for what we've done as we holster our weapons on our backs and power down.

Lincoln: Now, we're finally rid of Blackbeard, this time for good, along with Carbassas. (To Leia Nyamuragira) And it's so good to see you again, Leia.

Leia Nyamuragira: It's really good to see you again too, Lincoln, it's been a long time.

They went up to each other, and they hugged, and Leia was surprised at how much stronger and at how much taller and much more muscular Lincoln's gotten since she last saw him.

Lincoln: It sure has been a long time, I haven't seen you when you were eleven, and I've grown a lot since then.

Leia Nyamuragira: Yeah, I can see, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Wow, Lincoln, you know her.

Lincoln: Yeah, I do, Nico. This is Leia Nyamuragira, she's a member of my Chemistry Club from Royal Woods, and she also helped Laney face Chandler and she helped her get Chandler into REALLY HUGE TROUBLE, not just with Principal Huggins, but with the law, and this happened before he was expelled when he tried to burn the school down.

Nico: Whoa, we're going to hear about that one later.

Lincoln: You got that right. Now, let's get you back to normal, Leia. Guys, cover your eyes, hold still, Leia, this is going to hurt.

Me, Nico, Eli, and the rest of the boys covered our eyes as Lincoln snapped his fingers, and Leia was reverting back to normal. Leia Nyamuragira is a beautiful 17-year-old with long black hair going down to the bottom of her neck, red eyes, fair skin, she's 6'0" in height, and she had the body of a goddess. She also now has massive black wings on her back, as she reigns in the power of the Black-Winged Dragon, and she is in her birthday suit.

Lincoln: How do you feel, Leia?

Leia Nyamuragira: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Leia Nyamuragira a new wardrobe, a sleeveless black shirt with a red phoenix and a black skirt with the Black-Winged Dragon on it, black pants, black leather ankle-high combat boots, and a long black sleeveless trenchcoat with dragons on the coattails and the Black-Winged Dragon on the back, and on her back is a large Black-Winged Dragon-themed sword with a 6'5" massive, wide, double-edged, man-sized black blade with the Black-Winged Dragon etched on it, the large wings of The Black-Winged Dragon for the crossguard, large red gem for the hilt, longer black handle, and four large black dragon heads with red gems for the eyes and four large red gems in its mouths for the pommel.

Leia Nyamuragira: Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Leia Nyamuragira's neck with red gems on the gold lightning bolts and black crystals links from her new Crystal Necklace of the Buddha.

Leia Nyamuragira: (Surprised) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Leia.

Leia Nyamuragira had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the twenty four girls, and when Lincoln saw them, he immediately recognized them. The twenty four girls are Baihua and Liuli from Chu Feng: Bee, Kunyan and Linda from Ippatsu Kikimusume, Miyamo Chio, Nonomura Manana, Hosokawa Yuki, Kushitori Madoka, and Shinozuka Momo from Chio-chan no Tsuugakuro, Otowa Kanae, Badarzewska, Liszt, and Tchaikovsky from Classicaloid, Hikari, Midori, Yukari, Bedivere, Ifrit, Kay, Lamorak, Mordred, Sylph, Tristan, and Undine from Divine Gate.

Lincoln: Oh wow, it's Baihua, Liuli, Kunyan, Linda, Miyamo Chio, Nonomura Manana, Hosokawa Yuki, Kushitori Madoka, Shinozuka Momo, Otowa Kanae, Badarzewska, Liszt, Tchaikovsky, Hikari, Midori, Yukari, Bedivere, Ifrit, Kay, Lamorak, Mordred, Sylph, Tristan, and Undine.

Helena McTroy: From Chu Feng: Bee, Chio-chan no Tsuugakuro, Classcaloid, and Divine Gate, awesome.

Lincoln: Are you girls okay?

Baihua: Yes, we're okay, thanks to you.

Then, when Baihua and the other twenty three girls saw who it was that saved them from Blackbeard and Carbassas, their faces turned atomic red upon seeing the 17-year-old 7'0" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep blue angel wings surging with powerful super lightning and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanjis "Savior of The Loud House, Powerful Student of Many Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, and The Unifier of The Three Kingdoms" on the left legs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts with a large deep sapphire blue gem in the shape of a Thunderbird on top of a silver Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his permanently bare chest, large fingerless black gloves with the symbol of The Loud House on it, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had eight large orange orbs orbiting around his legs, and circling around his feet on the floor are eight golden crosses with angelic runes.

Baihua: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made twenty three clones of himself, and he and the twenty three clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Baihua: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, twenty four Thunderbird Necklaces of Eternal Love appeared around the necks of Baihua, Liuli, Kunyan, Linda, Miyamo Chio, Nonomura Manana, Hosokawa Yuki, Kushitori Madoka, Shinozuka Momo, Otowa Kanae, Badarzewska, Liszt, Tchaikovsky, Hikari, Midori, Yukari, Bedivere, Ifrit, Kay, Lamorak, Mordred, Sylph, Tristan, and Undine with colored gems and crystals on the gold lightning bolts. We returned to the Estate, we told everyone what happened, and they were shocked when we told them the villains we went after were Carbassas and Blackbeard, who'd returned from the dead yet again.

But, when Lincoln showed what happened, along with him and Lily the Mermaid with using The Black Gates on Blackbeard and Carbassas, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Leia Nyamuragira now have a lot of catching up to do, now that she's back, and now, we're finally rid of Blackbeard and Carbassas, and this time for good, and the treasure was put into our vault and Magic Island was moved to Lake Huron.

---

After getting rid of Blackbeard and Carbassas this time for good, and giving them The Black Gates, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Leia Nyamuragira saw Lincoln working out like crazy, she had an atomic red blush on her face.

Leia Nyamuragira: Whoa, Lincoln's really grown to be a 17-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Leia, and now, I can also fight and defend myself.

Leia Nyamuragira: That's awesome.

Nico: It sure is, Leia. So, Lincoln told us that you helped Laney face Chandler, and you helped her get him into really huge trouble with not just Principal Huggins, but with the law, but he didn't get expelled. Can you tell us what happened?

Leia Nyamuragira: Of course. You see, Laney found out that Chandler tried to plant firecrackers into Mrs. Johnson's desk, and once he sets them off, it'll injure her and everyone inside the classroom, and attempt to frame Lincoln for it. But, what he didn't know was that I was recording the whole thing, and when I showed it to Laney, she was mad at that little monster. So, we showed the video to Principal Huggins, and when he found out, he was so mad at Chandler, and he also called the cops to the school, and before Chandler could even set up his firecrackers, the cops grabbed and dragged that little monster to Principal Huggins, and Chandler tried to lie, but Huggins was already mad at that little weasel, and he explained to Chandler that he'd seen the video that I showed him, and that he also called the cops on him. Chandler didn't get expelled, but he did get grounded for six months by his mother, and Chandler swore that if he ever sees us again, he'll kill us.

When Leia was finished, Nico and all those who hadn't joined us were shocked.

Nico: Whoa, so this all took place before Chandler was expelled when he tried to burn the school down?

Lincoln: That's right, Nico.

Me: I remembered hearing about that from you after you and Laney came back home from school, Lincoln.

Chandler: My dark side forced me into doing that long ago, and that was basically the beginning of my fall into darkness.

TLPS Mr. Wolf: Now, I'm really glad Lincoln and I imprisoned him inside that indestructible diamond prison, and threw him in a new room back in the Pluto Prison, where the Dark Orbs, Number Cards, or Aparoids will bring him back.

Nico: You got that right. So, Lincoln, what can you tell us about Leia?

Lincoln: Leia's a smart girl who not only recorded a video of Chandler's scheme, but she's also a member of my Chemistry Club. This one time during Halloween, she made a witches' brew drink using 10 pounds dry ice, thick rubber dish washing gloves or oven mitts, 8 cups of water, 2 cups of sugar, 1 tablespoon of root beer extract, a Witches' cauldron, and a Ceramic or metal bowl to fit inside cauldron with an inch of room on all sides, and it was so awesome and delicious.

Lincoln showed us the video of Leia's witches' brew, and it was so awesome.

Nico: (Stunned) Whoa, now that's what I call a delicious witches' brew, and it was perfect for Halloween. Hey, do you think you can make some of that for this year's Halloween?

Leia Nyamuragira: You got it, Nico. Ooh, and I can also use some red fruit punch for that one, along with the original ingredients of my Witches' Brew to make it really spooky.

We then got a shower, and suddenly, the alarm sounded, and when Lincoln checked the computer, we saw that Big Blag, another enemy of The Battletoads, is causing havoc in the city.

Rash: Oh great, Big Blag's here.

Lincoln: So, the Dark Queen's right hand man is here. Let's get him.

We head out to confront Big Blag, and Lincoln fired a powerful rainbow energy blast, which hits the rat. When Big Blag saw us, he was really mad.

Big Blag: So, the famous Team Loud Phoenix Storm, along with the Battletoads, have arrived? Now, I will have my revenge on you all!

Lincoln: Not a chance, cheese breath. We're putting you down for good.

Litchi Faye Ling: And that's exactly what we're going to do to you.

Suddenly, Litchi Faye Ling's pink eyes turned neon pink, and she was surrounded by a pink energy aura with sakura blossoms, flames, and pandas, and as she approached Big Blag, she left pink energy, sakura blossoms, flames, and pandas with every step. Suddenly, Litchi Faye Ling was surrounded by a massive vortex of pink energy with sakura blossoms and flames surrounding the vortex, there's a panda running around the vortex, and in the vortex is a red phoenix. Then, as the vortex faded, Litchi Faye Ling emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Litchi Faye Ling grew to 6'5" in height, she had the body of a goddess and she has deep pink highlights in the bangs of her black hair that is tied in the style of a ponytail, she has neon pink eyes and a pink energy aura with sakura blossoms, flames, and pandas surrounding her. She has a panda with the Fire Kanji in its paws emblazoned on her forehead, she has on panda earrings with pink crystals for the eyes and the Fire Kanji in its paws, and she also has a panda with pink crystals for the eyes and the Fire Kanji in its paws for the second pendant of her Thunderbird Necklace of Eternal Love with red gems on the gold lightning bolts and red crystals from her Crystal Necklace of The Buddha which merged with her Thunderbird Necklace of Eternal Love. Litchi Faye Ling still has on a sleeveless red shirt with a yellow phoenix on it, along with her yin and yang brooch ribbon and red vest, red skirt with pandas on it, black pants, and black ankle-length combat boots, and she has on red weighted bands with silver phoenixes on her biceps and thighs, and she has on a long red sleeveless trenchcoat with pandas, flames, and sakura blossoms on the coattails, and on the back is a panda and a phoenix.

Suddenly, Litchi Faye Ling's massive Destroyer of the Novus Orbis Librarium sword and her staff were surrounded by a kaleidoscope of red energy as they merged, and when the kaleidoscope faded, it was transformed into a new staff in her hand called Crimson Staff of The Eight Immortals, it's a brand-new long crimson red staff with gold spheres on both ends of the staff and with gold dragons coiled around both ends of the staff. Litchi Faye Ling has on her new large gold cuff Bracelets of the Champions of The Universe with crimson red gems on her wrists, gold Belt of Elemental Bravery with a gold panda head with a crimson red gem in its mouth for the belt buckle, large crimson red Spellbook of The Gods and The Universe on her left hip and Eater of Sins revolver holstered on her right hip. There's a gold kanji below the panda on the back that said, "Litchi Faye Ling, Member of The 7th Agency, Friend to Ragna The Bloodedge and Many, Loving Future Wife of Lincoln Loud, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Emissary of The Eight Immortals, Powerful Student of Powerful Teachers, and Master of Pandas, Flames, and Sakura Blossoms."

リッチー・フェイ・リン、第七エージェンシーのメンバー、ラグナ・ザ・ブラッドエッジの友人、リンカーン・ラウドの愛する未来の妻、悪の殺し屋、狂った、殺人、冷酷、そしてサディスティックな野郎、八仙の使者、強力な教師の強力な学生、パンダ、炎、桜の達人

Litchi Faye Ling has transformed into SUPER ANGEL INFINITY CRIMSON PANDA SAKURA BLOSSOM FIRESTORM ANGEL OF FIERY LOVE AND CRIMSON JUSTICE!

We were amazed by Litchi Faye Ling's Super Angel Infinity transformation, and when Lincoln saw it, he had an atomic red blush on his face and hearts in his eyes. But, when Big Blag saw it, he hissed with rage and tried to attack, but Litchi Faye Ling whacked the huge rat with her staff, and fired a powerful blast of crimson red energy with flames, and really burned him.

Lincoln: Whoa, Litchi Faye Ling, you look beautiful, how do you feel?

Litchi Faye Ling: (Divine Echoing Cosmic Voice of The Firestorm and Fire Love) **I feel incredible, Linky. Now, shall we put an end to that vicious rat?**

Lincoln: (Smiles) You got it.

Rash: Don't start without us, guys.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Litchi Faye Ling, and they're also joined by the Battletoads.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's get that filthy rat!**

Litchi Faye Ling, The Battletoads, and Lincoln went at Big Blag, and they fired powerful blasts of crimson red energy, rainbow energy, elemental forces, sakura blossoms, Thunderbirds, Phoenixes, Buffalo, pandas, and water, and they exploded with incredible power as they hit Big Blag. Then, they jumped onto Big Blag's back and they brutally pummeled him, and he got hurt really bad. Then, Litchi whacked him into the air and Lincoln jumped into the air, and with his swords in hand, he did a downward guillotine slash down onto Big Blag, and beheaded him, and he exploded in purple flames as his spirit was Super Hakaied and banished to Oblivion for good. We came back home and we cheered wildly for what Lincoln and Litchi Faye Ling did, as they holstered their massive swords on their backs and power down, and Litchi Faye Ling's new body, clothes, weapons, angel wings, and jewelry are permanent.

Litchi Faye Ling: That'll teach that dirty rat. Thank you for helping me with taking down Big Blag, Lincoln.

Lincoln: (Smiles Warmly) You're welcome, Litchi Faye Ling, and there's also something I want to give you.

Litchi Faye Ling: (Smirks) And I think I already know what it is.

Lincoln: (Smirks) You know me all too well, along with the rest of my future wives.

Lincoln wrapped his abnormally massive and powerful muscular arms around Litchi Faye Ling's waist, and he brought her into an embrace, which took her by surprise and that brought an atomic red blush to her face. Then, as Lincoln leaned down to her face, they kissed passionately as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird and Phoenix flying in the air, and we also saw a herd of Buffalo and pandas running across the field and sakura blossoms were falling, and the display of the elemental forces. We had tears in our eyes and a smile on our faces.

Me: Wow, now that's so awesome.

Nico: You said it, J.D.

Then, Lincoln and Litchi Faye Ling came back to us.

Lincoln: And later, as we're getting ready to help the Yost Fantastic Four kill their version of Doctor Doom, I've got a feeling Bloom's going to face another one of The Twisted Princesses later on.

Nico: Uh oh, and this is one that has got to be destroyed.

Lincoln: You said it, Nico.

We return home to the Estate, and we were rid of Big Blag for good, and later on, as we're getting ready to help the Yost Fantastic Four kill their version of Doctor Doom, Lincoln did say that Bloom is going to face another one of The Twisted Princesses, and we had a bad feeling on who it was going to be.

* * *

Later we had everyone gathered because we were gonna watch another Robot Chicken Sketch.

Maria: This Robot Chicken sketch will give us a good idea on how to kill 2012 Shredder.

Waspinator: Waspinator can't wait to see it!

Me: Well here goes.

I played the sketch.

---

Donatello is presenting his latest invention, which is currently covered under a cloak, to the other Ninja Turtles and Splinter.)

Leonardo: What is it?

Donatello: (taking off the cloak to reveal a large military tank) I call it the Pizza-Thrower!

Raphael: Looks like a tank.

Donatello: That's because it is a tank! Congress passed a bill that sends army weapons to law enforcement, and assorted vigilantes!

All four turtles: Radical!

Donatello: I turned the radiator into a brick oven. Then I replaced the missile turret with a pizza cannon!

Master Splinter: Impressive, Donatello. But military equipment is more powerful than nunchuks and bo staffs.

Michelangelo: More powerful means more awesome!

Raphael: Yeah!

(Cut to Shredder, accompanied by several Foot Soldiers, terrorizing a city, as several civilians scream and flee in horror)

Shredder: All shall fall before the Shredder! (Laughs)

(The Turtles arrive at the scene in the Pizza-Thrower tank)

Leonardo: Order up!

Donatello: Say hello to Military-grade mozzarella!

(Donatello fires hot pizzas from the tank into the faces of the Foot Soldiers, who fall to the ground and scream in pain)

Michelangelo: Whoa! That was easy.

Shredder: Not so fast, turtles. Tonight, I dine on turtle sou- (he is hit in the face with a hot pizza and screams in agony) It burns!

Raphael: (approaching Shredder with a nightstick) Hands behind your back, dude!

Shredder: Please. This cheese is so hot, it's inside my mask! (grunts)

(Raphael begins to beat Shredder with the nightstick)

Raphael: Hey, stop resisting!

Shredder: I'm not! I can't even see!

(Raphael whips out a taser and uses it on Shredder)

Raphael: STOP RESISTING!

Shredder: AAH! IT'S MAKING THE CHEESE HOTTER! (groans)

(Raphael continues to taser Shredder until he passes out. He turns to the other Turtles)

Raphael: He was coming at me. Everyone saw him coming at me, right?

Donatello: Yeah, dude. Totally.

Raphael: So we should like, go home now, right?

Donatello: We, uh, still got a ton of pizza left in the chamber, dudes.

(cut to the Turtles patrolling the city in their Pizza-Thrower tank.

Michelangelo: Move it along! Turtles coming through! (spots a car parked in a red zone) That car's parked in the red, dude!

(The Pizza-Thrower tank fires pizzas onto the car)

Leonardo: That's what you get for breaking the law!

(The Turtles spot a teenager, apparently under 18 years of age, smoking a cigarette)

Raphael: That kid's not 18! Take out his cigarette!

(the Turtles fire a pizza into the boy's stomach, knocking him to the ground.

Teen: Oh! (Grunts)

(Leonardo picks up the teen's ID card and reads it)

Leonardo: According to this, he's 19.

Teen: (Groans) I'm a late bloomer.

Leonardo: Well, y- you shouldn't be smoking!

(Cut to the Turtles and Splinter watching the news in the Sewer Lair)

Reporter: We have exclusive cell phone footage from the incident. I must warn you, the video is disturbing.

(video footage is shown on the TV of Raphael assaulting Splinter with a nightstick)

Raphael: Stop resisting!

Shredder: I'm not! I can't even see!

(Raphael whips out his taser and uses it on Shredder)

Raphael: Stop resisting!

(cut back to the Turtles and Splinter)

Reporter: A hate crime against a minority. Do the Ninja Turtles hate Asians?

Leonardo: Hate Asians? W-we are Asian!

Michelangelo: Asian?! We're Italian, dude.

Master Splinter: You're fucking turtles!

* * *

When it was done we were laughing like crazy!

Nico: (LAUGHS) That is so awesome and funny!

2003 Leo: But that was awesome.

2003 Mikey: Yeah that was awesome.

2003 Donnie: A pizza hurling tank is a really awesome idea.

Nico: Boy it sure is.

2003 Donnie: Why didn't I think of that?

Girl Jordan: You still can.

Me: That's a great idea though.

Nico: It was awesome too.

Laney: Yeah.

Heather Riley: And you know how much I love pizza. And it goes great with Banana Cream Pie and Banana Pudding.

G1 Bombshell: Using pizza against 2012 Shredder is a good idea!

Me: (LAUGHS) That was awesome.

Nico: Yeah it sure was.

Laney: That would be awesome on the 1987 Shredder too.

Lana: I'll say.

Girl Jordan: Minus the Scalding hot Cheese though.

Carly Atlas: Yeah that would not feel good.

Misty Tredwell: No it sure wouldn't.

Nicole Hernandez: But it sure was awesome though.

Preceptor: That last part wasn't funny though.

Nico: No it wasn't. And there's more than enough hate in the world already.

Me: Yep.

Eli: That was crazy though.

Aylene C.: It sure was crazy.

2003 Leo: For the record, we don't hate Asians. We're not racists.

Killer Frost: None of us are. We're not going to kill 2012 Shredder because he's Asian. We're going to kill him because of his crimes.

Me: Absolutely. I'm going to make sure that monster pays for all his crimes in blood and he will die the most horrible death ever known to man.

Nico: You said it.

Eli: We all will make sure he pays.

Me: Yep.

Nico: All right! Now it's time for Bloom's special mission. Lets get ready because we're going to the Yost World.

Me: All right! I can't wait to sock it to that version of Doom. I still need to make sure he pays to make up for our version of Doom blowing himself up.

Nico: You'll get your chance today J.D.

Me: Yep.

Bloom: This is gonna be awesome.

Eli: Yep. We owe the Yost Fantastic 4 for helping us out.

Then Control Freak, Hank Scorpio, Absorbing Man and the Dark Signers appeared.

Absorbing Man: Can me, Control Freak, Hank Scorpio, and the Dark Signers go with you guys this time?

Nico: You all sure can.

Misty Tredwell: Me and Carly were already here before everyone came.

Me: Yeah you were.

Nico: Yep.

We opened the portal and we were off to the Yost Universe.

## YOST UNIVERSE

We arrived in the Yost World.

Lea: So, this is the Yost world, huh?

Me: It sure is. Feels like we haven't left home at all.

Nico: It sure does feel that way huh?

Eli: Yeah. (Senses something) Wait I sense the Yost Fantastic 4 fighting a powerful force! (Points to a street) There!

Nico: Lets go!

We then saw the Yost Fantastic 4 fighting the YOST RONAN THE ACCUSER!

Hank Scorpio: Shouldn't you be fighting the Avengers of this world?

Yost Ronan: They can wait! The Fantastic Four were the ones who wronged me first!

KRABBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion of purple fire came out and a phoenix cry was heard and then we came out and I landed in front of him. I was surging with purple fire.

Yost Ronan: Who are you?

Me: I've been asking myself the same question for years. Am I the leader of Team Loud Phoenix Storm, a student, teacher, father, mentor, angel, savior, 2nd in command, brother, friend or a hero? Turns out. I'm all of those combined.

I then fired a beam of purple energy and it hit Ronan's hammer and destroyed it completely.

Then I punched him in the face with incredible power and sent him flying and he was out of sight.

TING!

Nico: AWESOME!

Me: YEAH!

Yost Reed: Wow! Thanks guys! You saved us.

Me: Anytime Rich.

Nico: Awesome to meet you guys.

Bloom: And guys it's great to see you all.

Yost Susan: Same here Bloom.

We told them everything about what happened.

Yost Johnny: (to me) Dude, when I said "Don't keep your emotions bottled up", what the Hell did you hear?!

Yost Thing: I know me and the kid argue on a lot of things. But this time, I really do think you should've listened to him!

Shego: Oh, trust me. J.D. followed your advice perfectly about a week ago.

Me: Lets calm down and talk.

Rattrap: Hey hey hey hey hey! J.D. followed that advice perfectly. But fate had different plans. As much as I would like to see the 3 of you duke it out with the boss, eh save it for my birthday but J.D. is no longer the leader not because he lost his cool. But it was because Nico earned the position fair and square. He had a bad nightmare.

Nico: Rattrap is right. J.D. promoted me fair and square.

Yost Johnny: Oh. I see,

Yost Thing: Sorry.

Yost Thing saw our Thing.

Yost Thing: (to Thing) Now, there's a handsome devil!

Thing: (LAUGHS) You are just as handsome yourself.

Nico: It's like you're brothers.

Laney: Yeah it sure is. It's like looking at yourself in a mirror.

Nico: Exactly.

Yost Johnny: (to Johnny) Dude. We are sexy!

Johnny Storm: Correction. We are sexy bitches!

We laughed.

Bloom: That is funny.

Nico: Yeah it sure is.

Lola: Yeah no kidding! Hot and fiery!

Roman Goodwin: How about you guys show us your version of the Baxter Building?

Yost Reed: Sure thing.

We followed them.

Yost Reed: How did you beat Ronan so easily J.D.?

Me: I used this.

I pulled out the Purple Power Infinity Stone.

Nico: The Purple Infinity Stone!? WHOA

Me: Yep. Remember how I used it the same way in our universe Nico?

Nico: Right! I remember that! That was intensely powerful.

Me: Yeah.

Venom: We want to thank you guys for helping to take out IceDevimon.

Yost Johnny: Don't sweat it. He was screwed the minute I joined in that fight.

May: Well, fire does melt ice.

Nico: That's true. And that was so awesome.

Laney: Yeah it sure does.

Me: We owe you guys big time for that.

Yost Susan: It was no problem and we thank you guys for helping us take down Doom.

Me: No problem. But to be honest the reason why we're going after him is because I have something to make up for with him. I didn't get the chance to kill him in our universe because he blew himself up.

Yost Susan: That makes sense.

Yost Susan: Here we are!

We arrived at the Baxter Building.

Nico: Awesome!

Eli: This is gonna be cool.

Nico: Yep. J.D. you aren't going to use ALL of the Infinity Stones on Doom are you?

Me: Well there was sort of a problem that happened in the vault yesterday. I went to go get something for one of your friends and then my sword reacted to something and then suddenly the Infinity Stones went into the sword and fused with it. My power took an immensely powerful jump because of it. You'll see what I mean when we face Doom here.

Nico: (GULPS)

William: Then, how did you manage to show us the Power Stone?

Me: The stones are removable.

I put the stone back in my sword.

William: Oh.

Me: I don't know how this happened but I think it has something to do with me almost killing myself during the battle with Thanos.

Yost Johnny: You guys faced Thanos!?

Yost Susan: You all faced Thanos!?

Me: We sure did and that was easily the most devastating battle we have ever had.

Nico: It's true and it was epic.

Yost Johnny: Wow.

We sat down at a table.

Yost Susan: Okay, remember those celebrity roasts that happen every so often?

Stewie: Of course we do. Why?

Yost Johnny: Well, seeing as though this is the last time we're going to face Doom, the four of us are going to roast him by saying all the things we hate about him.

Me: Oh this is gonna be so awesome!

Nico: Next to the Robot Chicken Sketches these are just as funny.

Eli: I'm looking forward to this one.

Varie: Yeah!

Yost Reed: What I hate the most about Victor is that he seems to think everyone's inferior to him just because of his intelligence. Just because someone's smart doesn't give them the right to look down on others!

Misty Tredwell: Lisa's not like that. Right, Lisa?

Lisa Loud: I used to think like that until I realized that my intelligence was cutting me off from all things that life can give me. I thought of myself as being so superior that I didn't need emotions, friends or any of that and that it was all a complete waste of my time.

Me: That is crazy.

Edd: That is disturbing.

Yost Susan: What I hate about Doom is how he always dreams about taking me away from Reed. Reed and I are married, thank you very much! Even after that Skrull invasion where I got impersonated by a Skrull!

Sandman: We'll learn more about that when we meet the Avengers of this world.

Yost Reed: I'm sure your counterpart knows about it though.

Me: Yeah. And besides that is incredibly low of someone to take the spouse of another spouse away from the one they love. Take it from me, I have seen that happen many times before and you know what I would do to them?

Nico: What?

Me: This.

POW!

I smashed my fist through a punching bag and ripped it in two and destroyed it.

Me: (Blows on fist) I'm going to disembowel Doom and make him eat his own intestines.

Yost Johnny: What I hate the most about Doom is how overpowered he was before meeting Bloom. I mean, before that day, the guy had so weaknesses whatsoever! Only J.D. deserves to be OP like that!

Me: Well said Johnny! Well said!

Rex Goodwin: Exactly. He's even more powerful then our strongest members like Dark, Vypra, Myotismon, and Drakkon.

Me: And no one should be more powerful than they are.

Nico: You said it J.D. And me and J.D. are both the most powerful members of the team.

Eli: Yeah that's right! We all are all powerful in every way.

Me: Yep.

Yost Thing: What I hate the most about Doom? That's easy. It's the fact that everytime it seems he's defeated, it turns out to be a Doombot!

Me: That sucks!

Bai Tza: (to Nico) That reminds me. The Doom that Bloom and J.D. captured wasn't a Doombot, was it?

Nico: Of course it wasn't! I checked several times.

Me: Good. We caught the real thing.

Bloom: Thank goodness.

Me: Now we can make sure that we finish the job for good.

Nico: Yeah. I was afraid we caught a decoy.

Eli: And I helped make sure it wasn't a Doombot. I used the Force to help with that.

Carly Atlas: The roast's over already?

Yost Johnny: Sorry. It was short because it was only the four of us.

Me: We got a couple of roasts we can do.

Yost Johnny: Go for it.

Nico: You know what I hate the most about Doom? That he blew himself up before J.D. had the chance to kill him in our universe.

Me: Yeah that is what makes me mad from back then. Wasn't that before you joined the team Nico?

Nico: I think so. I can't remember.

Poliwag: You guys deserve something for awesome roasts!

Poromon took out two beer bottles.

Yost Reed: What are those?

Poromon: Two bottles of beer!

Maria: (sighs) At least the four of them are adults.

Me: Yeah but I'm not sure if any of them like to drink.

Yost Reed: Yeah we don't drink.

Nico: That's a relief.

Yost Reed: Yeah. Also J.D. how did you get your powers if I may ask?

Me: I got my powers the same way you all got yours: Cosmic Radiation. I was given Omnipotent Powers.

Nico: Same with Carol and Vince. Vince got Crystal Powers and Accelerated Healing and Carol got all the powers of the Kaiju.

Yost Johnny: Wow!

Yost Reed: So, who among our versions in your world has an archenemy?

May: Sadly, only Thing.

Yost Johnny: Seriously?! The rest of our prime counterparts should have archenemies too so they don't feel left out!

Me: Don't worry Johnny we'll find someone for them. We just got to know where to look and who to look for.

Nico: That's right. Plenty of fish in the sea. Metaphorically speaking.

Me: Yep.

Nico: Reed, right now, Doom only has half his strength. The other half is for you.

Yost Reed: Really? How are you going to get that half into me?

Nico gave Reed his answer by getting out a glass of lemonade.

Yost Johnny: Lemonade? Seriously?

Riku: It was the only way we could think of.

Me: You'll see what we mean and also I added a special bonus to it too.

Yost Reed drank it and then he was imbued with the lightning powers of Doom, the fire powers of Johnny, the Invisibility powers of Susan and the super strength, durability and invulnerability of Thing.

Yost Reed: Whoa!

Me: I used my magic and gave you the powers of all of the Fantastic 4.

Yost Reed: Awesome!

Devack: (To Yost Johnny) You're not jealous?

Yost Johnny: Nah. I'm sure that happened to me in another universe. Reed's earned this.

Me: Absolutely and believe it or not it did.

I pulled out the DVD Case for Fantastic 4: Rise of The Silver Surfer from 2007.

Me: In this movie Fantastic 4: Rise of The Silver Surfer, one of my awesome and all time favorites, Reed invented a Power Transffering Device that switched the powers of the Fantastic 4. They transferred their powers to him and with that combined power he took down the Silver Surfer. That was so awesome!

Nico: Wow! I remember that! That was so awesome!

Eli: Boy it sure was. That was so awesome.

Karai: It's only fair since you're the leader of the Fantastic Four. No matter the universe.

Yost Reed: Thanks guys.

Me: You're welcome. And I thought it would be awesome for you.

Nico: Yep.

Matt Olsen: Also you'll like this. I have an archenemy in the M.O.E. that is completely different from the Silver Surfer. He is called the Silver Spooner. He is like the Silver Surfer except instead of a Surfboard he rides a spoon.

Me: It's crazy but it's awesome.

Yost Reed: That's neat.

Nico: Yep.

Yost Thing was on the phone.

Yost Thing: (to Yost Alicia Masters on the phone) Alicia? It's Ben. I don't have time to explain. But can you stay with your dad for the next several hours? Yeah, I know he's the villain known as the Puppet Master. But shit's about to hit the fan. And I don't want you gettin hurt!

Greiger: (to Nico) Not to mention that he could be a good recruit.

Nico: I agree with you there.

Me: He's talking about Phillip Masters A.K.A. Puppet Master. We haven't faced him yet.

Nico: We sure haven't.

Laney: Yeah.

Nico: Anyway it's time to demonstrate our power by showing you our usual battles.

Me: You're in for quite a show.

Maria: Yep.

Maria called them in and we went to a training yard and in came Leonard, King Hiss, Hydro Man, Vypra, Shiv, Webstor, Bane, Vexen, Firefly and Calamitous.

Nico: Leonard, King Hiss, Hydro Man, Vypra, Shiv, Webstor, Bane, Vexen, Firefly and Calamitous.

Me: Loud Sisters for the battles this time.

Shiv: Yep.

Yost Reed: So, you're the leader of this version of the Masters of Evil?

Vypra: I hope that's not a problem.

Yost Susan: (to Vypra) Not at all. I like it because it shows that women can lead too.

Vexen: I'm glad you think so.

Me: I agree too.

Firefly: Trust me. Vypra's a damn good boss.

Me: Yep. She sure is.

Bane: (to Nico) (Spanish Accent) I heard you went into the Smart House movie.

Nico: We sure did.

Me: You should have seen that house there. It was incredibly advanced and amazing.

Bane: That must've been a buena house.

Me: It was.

Calamitous: Was anyone fought there?

Me: Nope. But we got to learn much about it and we met Nico's friend Heather Riley here.

Heather Riley: Awesome to meet you guys.

Calamitous: Same here.

Then Silver Horns appeared.

Nico: Silver Horns. Back for round 2 I see.

Silver Horns: Yep. Awesome.

Me: Sweet.

Silver Horns: Fancy seeing you guys in a new world!

Yost Reed: Trust me. The four of us are only one of the teams in this world.

Me: Not the only ones.

Vypra: we have a bunch of new recruits joining us too.

Out came CLOW REED'S REINCARNATION ELI MOON, PSYPHON, RAZOUL, SIMON THE MONSTER HUNTER, WIND RIDER, BIG BAD WOLF (Super Mario Show), CUPID, THE CYBORG RANGERS From episode 7 of Lightspeed Rescue, BLACK ROSE WITCH, ROBO-PLANKTON, MADAME ODIUS, INFERNO MONSTER from Lightspeed Rescue & Lost Galaxy Team up and Gingaman and GoGoFive Team Up and JEICE THE RED MAGMA!

Eli Moon - Clow Reed's Reincarnation

Eriol Hiiragizawa (柊沢 エリオル, Hīragizawa Erioru) is a fictional character in CLAMP's anime and manga series Cardcaptor Sakura. He transfers to Tomoeda Elementary School from England soon after events of the Clow Card Arc and plays a main role in the events of Sakura Cards Arc.

In the Clear Card Arc, he is a supporting character alongside his lover Kaho Mizuki and guardians.

## Sakura Card Arc

Eriol transfers to Tomoeda Elementary School from England soon after Sakura Kinomoto convinces Yue in the "Final Judgment" and becomes Master of the Clow Cards. He quickly befriends Sakura, a feat which persuades Syaoran Li, who becomes both jealous and suspicious of Eriol, to postpone his return to Hong Kong. It was quite obvious Eriol had bigger intentions towards Sakura.

When watching Sakura and Syaoran pinky-promise, Eriol tells Tomoyo, "You're always doing that. Watching Sakura- with kind eyes." Tomoyo Daidouji smiles kindly and responds: "The same as you, Hiiragizawa-kun", implying that Tomoyo felt her love for Sakura was similar to Eriol's (even if it is a more platonic "love" for Sakura; and, that she regarded him as "kind".)

Eriol also befriends Takashi Yamazaki and becomes his partner-in-crime, agreeing with whatever he makes up. He and Takashi respond to each other's cues perfectly together reinforce the supposed validity of their story by both appearing to have detailed knowledge of the subject, thwarting Chiharu Mihara's usual efforts to dispel of the whole lie.

At the same time, a series of magical disasters force Sakura to gradually convert the Clow Cards into "Sakura Cards" or "Star Cards", which draw from her own magical energy rather than the dwindling amount of magic left in them by Clow Reed, although this had the drawback of causing Sakura to faint every time she transformed a Clow Card into a Sakura Card.

What Sakura does not know (until the series' end) is that Eriol himself creates these situations. During each situation, he is seen from afar observing the action, often accompanied by his guardians, Spinel Sun and Ruby Moon. All three of them live in a house that was formerly occupied by Clow Reed himself.

Eventually, Eriol confronts Sakura and reveals himself to be the reincarnation of Clow Reed, creator of the Cards which leaves Sakura, Tomoyo, Kero and Syaoran stunned at the revelation. He challenges Sakura to defeat him by converting the final Cards, The Light and The Dark, which would prevent Tomoeda from being permanently plunged into darkness. The sheer force causes Tomoyo to fall asleep while Syaoran barely manages to hold on with Sakura being the only one unaffected by the change.

With his guardians occupying the attention of Sakura's own guardians, Yue and Cerberus, Eriol uses his magic to hinder Sakura. Eventually she manages to convert Light and Dark with the help of Cerberus and Yue, who fused with Sakura's wand to make it more powerful, and Syaoran, who provided moral support and the confidence to endure, even though his attempt to aid her with his magic resulted in him passing out in the manga. In the anime, Syaoran survives long enough to help Sakura change the Light and Dark Cards, breaking Eriol's spell once and for all.

In the manga, after Sakura overcomes this final challenge, Eriol puts Sakura through one more task; he asks her to divide his power in half between himself and her father, Fujitaka Kinomoto, who is the other reincarnation of Clow Reed. This at last gives Eriol the one thing he has wanted his entire life: to no longer be the most powerful sorcerer in the world. This wish was probably due to the consequences of Clow Reed's desire for Yuuko Ichihara to stay alive, which led to the events of Tsubasa: Reservoir Chronicle. No longer able to keep people away from the battle site using magic, Eriol invites everyone to his home where he explains his actions. Stating that the challenges were to give Sakura a reason to have to change the cards into Sakura Cards, which made it easier and safer for her to transform them then it would have been without a good reason.

At Eriol's house, it is revealed that he was working in conjunction with Kaho Mizuki, who he met during her travels in Europe, and when she was in college. When Sakura, Syaoran, Tomoyo, and Cerberus go off to help Ruby Moon and Spinel in the kitchen, Eriol steps outside to join Yue, who was still feeling that Clow abandoned him. He feels hurt that Clow forced him to go through the pain of having to choose another master and believes that Clow has been alive all along. Eriol clarifies that he is not Clow Reed, but just has his memories, and that Clow will never return. Eriol then explains Clow's reasoning and knowing that Yue's heart is broken from the loss of Clow Reed he helps Yue come to terms with Clow's death and his decision to reincarnate himself. With his task complete, Eriol returns to England with his trusted associate/lover Kaho, Spinel and Ruby Moon, having fulfilled his purpose.

## Clear Card Arc

In the 22-episode sequel's first season, Eriol has moved back to England, as his work is done. There, he perceives the increase of Sakura's magic power and informed Syaoran of her supremely powerful magic, stating, "great power will only bring great unhappiness to its possessor".

With the assistance of Yelan Li, off-screen, Eriol investigates the mysterious "D" level magician, Yuna Kaito and the British magic association from which he was excommunicated. Yelan had tried to use her own brand of powerful magic to discern the true extent of Kaito's powers, but was unable to. Eriol is only able to find out that Yuna had stolen a powerful magic object from the association.

He later communicates with the holograms of Yue and Cerberus, revealing to them the truth about Kaito and that the Clear Cards being a manifestation of Sakura's powers growing ever stronger. The communication is interrupted by Kaito who after a magical confrontation with Eriol, both end up with their supremely powerful objects, staff and pocketwatch, partially damaged. He stated that Kaito was indeed a formidable enemy.

## Psyphon

Psyphon is the secondary antagonist of the Ben 10 series. He is Vilgax's servant and right-hand man before he started running own business in Ben 10: Omniverse

## Ben 10: Alien Force

Psyphon first appears in "Vengeance of Vilgax: Part 1", where he helps Vilgax in absorbing Ultimos' powers. He then travels to Earth where he creates a force field around central park, even forcing a missile onto one of the officers that tried to shoot him. When Vilgax teleports in, Psyphon bows down to him and calls him: "Conqueror of Ten Worlds". Later, Psyphon appears after Vilgax defeated the

Plumbers' Helpers. Vilgax tells Psyphon not use the power-draining machine on them for he only wants the Omnitrix, deciding to use them as a message to Ben.

In "Vengeance of Vilgax: Part 2", Psyphon is seen standing next to Villgax waiting for Ben to arrive when Jetray flies into battle. After Vilgax is defeated by Diamondhead and is ordered to leave Earth at once, Psyphon shuts off the force field and the two leave.

In "Primus", Psyphon is seen on Vilgaxia giving Vilgax advice about how to take Ben down. Vilgax then remembers what Zs'Skayr told him earlier about Primus.

Psyphon makes a cameo in "The Secret of Chromastone", giving Vilgax a tissue after he caught Ben's cold.

## Ben 10: Ultimate Alien

Psyphon makes his debut in the episode "Ultimate Glory". After Cash and JT took credit for Ben's heroics by acting like "the leaders" of the group, Psyphon targeted them for revenge (since one of the actions they took credit for was the defeat of Vilgax in the Alien Force finale "The Final Battle: Part 2"). He summons his army of R. to attack Ben's Team while he deals with the boys. After a long battle, Psyphon manages to corner the boys and prepares to kill them until they cowardly confess their ruse on TV in front of the whole world. Faced with this realization, Psyphon realizes that Cash and JT aren't of any use to him and focuses his vendetta on Ben. He manages to defeat Ultimate Spidermonkey in battle, only to be knocked out by a laser launched by Cash and JT.

Psyphon wasn't seen again until the Ultimate Alien finale, "The Ultimate Enemy", delivering the power-draining machine to a Lucubra mutated Vilgax. After Dagon killed Sir George and claimed his victory, Vilgax and Psyphon arrive with the machine. Thinking it is a weapon, Diagon tries to destroy it with his eye beams, only to realize too late that it absorbs power. However, since Diagon's essence is mainly power, he himself gets physically sucked into the machine. Vilgax orders Psyphon to fire it on him and, despite Ben's attempts to reason with Psyphon and persuade him otherwise, he complies with his master's orders before either disappearing or being captured off-screen.

Ben 10: Omniverse

Psyphon re-appeared in "The More Things Change: Part 2", where it is revealed he now runs his own business in Undertown and no longer works for Vilgax. He is first seen in the shadows talking to Tummyhead about their plan. He then reveals himself to Ben saying he is the one responsible for the alien attacks on Bellwood. He then orders Bug-Lite, the Pickaxe Aliens, Sweet-Eels Sparklefunk, Thunderpig and the Bouncers to open fire on Armidrillo, one of which manages to damage Armidrillo's nervous system causing his arm to spin out of control. Ben quickly changes back and is about to confront Psyphon, but is interrupted by Khyber's dog in the form of Buglizard. Shocksquatch battles Buglizard while Psyphon fights Ben's new Rovannahgander partner, Rook Blanco. Psyphon and the rest of his gang are taken into Plumber custody.

In "Outbreak", after Dr. Psychobos stole a stabilizer core from the Omnitrix, Psyphon transforms into a Pyronite hybrid like the rest of his affected gang (Liam becomes a Vaxurian hybrid, Fistina becomes a Mechamorph hybrid, and Bubble Helmet is now a Ghilosmeusph hybrid). Using their new powers, the crew break free of their cells and plan on escaping Plumbers HQ. Psyphon has his three henchmen distract the Plumbers while he activates a portal that is going to suck the entire headquarters into the Null Void. He tricks the Plumbers into shutting it off, which also shut off the second defense energy field enabling them to break into the main entrance of Plumbers HQ. As they fight, Blukic and Driba finally fix the Omnitrix and Psyphon and his gang becomes normal again, much to their dismay.

In "Special Delivery", Psyphon is seen holding an auction in Undertown. He starts by auctioning a date with Fistina and moves on to several other things until he reaches the final item on the list: a Dwarf Star. Unfortunately, Carvo accidentally switches the bag containing the star with one of Mr. Baumman's deliveries (which Ben is currently delivering in Undertown) containing a bag of goldfish. The crowd finds out and goes after Ben to each wanting the Dwarf Star, as well as Psyphon himself realizing he won't get paid if they find it before he does. After a long chase, Psyphon surrounds Ben using the bidders from his auction as his army (consisting of Octagon Vreedle, Rhomboid Vreedle, Vulkanus, Zombozo, Fistrick, Thrumpiqulorand Sunder) and goads Ben saying how he won't be able to defeat them all at once. While Ben is battling the other bidders, Psyphon seizes possession over the Dwarf Star and his body becomes covered in a golden coating, granting him the ability to fly and shoot lasers. However, he is overcome with fear at the hulking face of Ben's new transformation, Toepick, to the point where he turns white in fear and accidentally knocks himself out in the process. Ben changes back and takes both the goldfish and the Dwarf Star with him.

In "Mud is Thicker Than Water", it is revealed that Psyphon and his gang are stealing Plumber weaponry and using them for their own benefit. Max suspects it to be an inside job, leading Gwen to accuse Lucy Mann of being the spy. Psyphon next attacks a Plumber base on a spaceship, with the help of two new members: Psyphon's Minion and the Hooded Alien. Liam suspiciously asks Psyphon who is the spy they hired for this operation, but Psyphon refuses to tell him due to it being confidential and thinking Liam is too stupid to be wondering something like this. Later, the spy is revealed to be Gorvan once he arrives at their hideout removing his Plumber disguise. Just then, the Plumbers break in to apprehend Psyphon and his goons and Psyphon thinks Gorvan gave away their location. However, it is revealed that "Liam" is actually Lucy Mann in disguise. During the battle, Lucy scares Psyphon by shape-shifting into Vilgax and Psyphon is led to believe that his old master has returned to him.

In "Vengeance is Mine", a plumber of the normal kind named Bill Gacks arrives to work at Undertown. Because of his tall muscular appearance and his long beard, Psyphon mistakes him for Vilgax and declares he would rather serve him once again than stay in Undertown and be teased by his own gang. Bill is confused at Psyphon's words, but reluctantly agrees to have him as an assistant. Psyphon starts doing various antics to please Bill, including robbing a bank (which Bill never asked him to do). When Vilgax's Squid Monsters emerge from the sewers and start rampaging over Bellwood, they recognize Psyphon and he rides on them to lead their attack. Suddenly, Vilgax arrives and tricks both Psyphon and the Squid Monsters in a pipe where Ben transforms into Snare-oh and successfully contains them from escaping. As Psyphon is being taken away by the Plumbers, he begins questioning his master's betrayal until he finds out that "Vilgax" is actually Bill Gacks wearing an ID Mask.

Razoul (Aladdin)

**Razoul** (Arabic: رازول ), known as **Hakim** in the 2019 remake, is a supporting antagonist in Disney's thirty-first full-length animated feature film *Aladdin*, which is based on the Arabic folktale *Aladdin and the Magic Lamp* from *One Thousand and One Nights*, and an anti-hero in its two sequels and its TV series. He is the ruthless captain of the Royal Guards of Agrabah. He also appeared as a boss in *Aladdin: Nasira's Revenge* as the witch named Nasira, twin sister of the evil sorcerer named Jafar, cast a spell to control him and the rest of the guards in the palace and the city.

He was voiced by Jim Cummings, who also played Steele in *Balto*, Dennis in *Tarzan*, Ed in *The Lion King*, Long John Silverin *The Pagemaster*, Hernán Cortés in *The Road of El Dorado*, Budzo in *Zambezia*, and Peg Leg Pete. In the 2019 live-action remake, he was portrayed by Numan Acar.

Razoul is one of Aladdin's enemies, becoming obsessed with capturing the street rat who constantly eludes him, which even causes him and some his men to fall into a big stinky pile of manure. He throws Jasmine to the ground while capturing Aladdin (not recognizing her as the Princess) but when she is revealed, he is shocked and instantly apologizes for his previous behavior. Jasmine angrily orders Razoul to release Aladdin, but he regretfully tells her that Aladdin's arrest was done under Jafar's orders and that she must speak with Jafar in order to secure Aladdin's release.

He reappears during the "Prince Ali" number when he and several of his guards spot an arriving Prince Ali (Aladdin in disguise) right before Genie forces them to bow down on their knees to show some respect. Razoul appears again when he and his guards arrest Prince Ali under Jafar's orders, as Jafar wants to be rid of him in order to marry Jasmine to himself. Jafar then orders the guards to drown him, but Genie manages to rescue Aladdin, who would later expose Jafar's treachery to the Sultan and the guards.

### *The Return of Jafar*

Razoul has a larger role in *The Return of Jafar* . He is first ordered to execute Iago by the Sultan, an act he was very happy to carry out. When the Sultan showed mercy, Razoul told Aladdin that if Iago made one wrong move, he would come after Aladdin. When the Sultan was "murdered" as part of the plan of both Abis Mal and Jafar, he arrested Aladdin for the murder under Jasmine's orders (despite the evidence against Aladdin being shaky at best), and was very pleased to do it. He then tried to execute Aladdin by beheading him on the orders of the false Princess Jasmine (Jafar) but to his shock, Genie rescued Aladdin in the nick of time (thanks to Iago's help). It is unknown what has ever happened to Razoul following Jafar's defeat, though it may be implied that he may have learned the truth that the Sultan is still alive and that he was nearly tricked to execute Aladdin.

### *Aladdin: The Animated Series*

During the TV series, Razoul had several important appearances, serving as an occasional antagonist. In " *Forget Me Lots* ", when Jasmine lost her memory from the Rose of Forgetfulness, Razoul was more than happy to throw Aladdin, Iago, and Abu out of the palace and into the streets thinking that the princess had finally rejected Aladdin. Razoul also admitted his opinion that Aladdin was a power-hungry street rat in *Destiny on Fire* when he and Aladdin were forced to work together, though he also admitted that he would consider calling Aladdin "your highness" if he got rid of Iago. In the episode " *Vocal Hero* ", Razoul blames the Sultan's transformation into a Golden Statue and kidnapping by the hands of Amin Damoola on Aladdin, due to him watching over the Sultan when the crime occurred. Later, when Amin is captured, Razoul sadistically interrogates him about the name of his employer by hanging him with shackles over a crocodile pit, which appalls and disgusts both Jasmine and Aladdin.

Despite their mutual dislike for each other, Razoul has helped Aladdin, demonstrated in *Mudder's Day* when Aladdin is buried under a rock-slide and Razoul is the first (and only) one to rush to his rescue. He admits that Aladdin was the right person to be in charge, thanks to his bravery and ingenuity in rescuing even the guards. During the events of *The Return of Malcho*, although Razoul initially manipulated Aladdin's hesitant decisions while he was temporarily in charge of Sultan of Agrabah, however he and the other guards did come to Aladdin's aid when he worked at protecting Iago from Malcho. Once Aladdin decided to stop listening to both his and Iago's pointless advice, Razoul and the other guards then aided Aladdin with his plan that allowed them to trap Malcho.

When the Sultan was taken over by the spirit of Kileem's armor in *Armored and Dangerous*, he eventually ordered Jasmine's execution, to which the reluctant Razoul was supposed to behead her. Recognizing his Sultan had gone insane, Razoul winked at Jasmine, and she knew that when he swung the ax downward, she could pull back and let the blade break the chain of her handcuffs. Razoul then told her to run, staying behind as a distraction to allow the possessed Sultan to attack him, even though he knew he could easily be killed so that Jasmine would have more time to escape.

*Aladdin and the King of Thieves*

Razoul arrested Cassim and Iago for trying to steal the scepter of the Oracle when Sa'luk told him about him and the cavernous hideout of the Forty Thieves, but Aladdin broke Cassim out. Distracted, Razoul attempted to arrest Aladdin again, but was knocked unconscious by Cassim. Though he tried to have Aladdin charged for this crime, Razoul's request was denied by the Sultan who chose to overlook the matter, because the Sultan saw that Aladdin broke Cassim out of prison for the sake of love since Aladdin admitted he invited his father for the wedding and that Aladdin had also come back to face punishment for his actions, and since the Genie, posing as a western-esque lawyer, provided Razoul with a suitcase (possibly full of money as a bribe), and sent him flying sky high (literally).

Another action the Genie does is change Razoul's clothes into that of a 20th Century police uniform, where Razoul is wearing a policeman's cap, khaki uniform and tie. The Sultan forgives Aladdin for his actions, much to Razoul's dismay. In the end, Razoul learns to accept Aladdin and catches Jasmine's bouquet at the wedding.

*Aladdin: Nasira's Revenge*

Razoul under Nasira's control in *Aladdin: Nasira's Revenge* .

After Jafar's twin sister Nasira had her evil henchmen easily kidnapped Princess Jasmine and her father in the dead of the night at the palace, she then assumed the throne to rule Agrabah and placed a spell to brainwash all of the Royal Guards including Razoul as they unwillingly became her new army.

Nasira is now the wrongful queen of Agrabah, so she sends her "royal guards" and her controlled captain Razoul to hunt down Aladdin in the city but he escaped, courtesy of Genie who helped him to get to the palace before Nasira herself transported Genie away.

The player must keep a distance between yourself and Razoul. When he jumps up in the air and causes rubble to fall on the player - keep moving. If the player is far enough away and running, the player will be unharmed. Razoul is vulnerable when he holds his sword out to the side and his empty hand out to the other side in a relaxed stance. He does this for a short while after using his jumping attack. The player must attack him with the sword and then run away. When Razoul's life bar is depleted, Razoul is defeated.

Simon The Monster Hunter

Poacher

Simon the Monster Hunter is the secondary antagonist of Aaahh! Real Monsters.

He is rivaled only by the Gromble in terms of his frequent antagonism towards the group. However, unlike the bullying Gromble, Simon is driven by obsession and a genuine desire to capture the monsters so as to prove to the world that monsters are real.

He was voiced by Jim Belushi.

Wind Rider

Wind Rider is the main antagonist of the My Little Pony: Friendship is Magic episode "Rarity Investigates!".

He was voiced by Jan Rabson, who also played Sparks in Disney/ Pixar's Toy Story 3.

Rainbow Dash invites Rarity to Princess Celestia's Royal Garden opening where the Wonderbolts will perform with her as a back up flyer. At the castle dinner Rainbow and Rarity meet Wind Rider, a retired Wonderbolt who's known for holding the long-running speed record for the Wonderbolts. Spitfire shows up to praise Rainbow for her flying skills saying she might break Wind Rider's record, causing Wind Rider to excuse himself somewhere else.

The next day, the Wonderbolts were practicing for the grand opening performance, with Rarity and Rainbow Dash watching them. The Wonderbolts suddenly realized that Spitfire sent a letter saying that she can't make it to the performance since she has to care for her sick mother, Stormy Flare. Because of this, Soarin gets Rainbow Dash to fill in for her, much to her excitement as she flies around with Wind Rider. Then, as Rarity meets Stormy Flare, who isn't really sick, the Wonderbolts are confused by this, but Wind Rider explains that somebody must've written a fake letter just so they could perform, and since Rainbow was the backup flyer, they grow suspicious that she might've committed the crime. Rainbow Dash convinces the Wonderbolts that even though she wanted to fly with them and Wind Rider, she pleads truthfully that she's innocent. The Wonderbolts allow Rainbow to prove her innocence, but if she fails to, she'll be kicked out of the Wonderbolts for life. Rarity, wearing her Detective Shadow Spade outfit, fills in as a detective to investigate the crime and help clear Rainbow's name.

Rarity searches for clues in Princess Celestia's castle, and discovers a piece of rainbow hair on an envelope where the letter was opened, which worries Rainbow that it might be from her. Rarity also notices that the corridor curtains have been moved. Rarity and Rainbow then confront the guards having them tell them if they've ever seen someone pass them the night the letter was written, which they admitted that they took a short cut when someone offered them cake, so Rarity and Rainbow go off to the cake shop to ask the owner, Cinnamon Chai, who bought the cake. Cinnamon answered it was someone with a deep raspy voice wearing a scarf stained with chocolate. Rainbow feels worried that the clues about the rainbow hair and raspy voice might lead to her, thinking she was probably sleep-walking, as well as being annoyed over Rarity talking about fashion, but Rarity is confident that she may know who really made the fake letter.

Rarity and Rainbow Dash return to the Wonderbolt's dressing room where Rarity explains to them that Wind Rider has framed Rainbow Dash all along, much to Rainbow and the Wonderbolt's shock. Rarity explains that the clues she found were appropriate evidence that proves Wind Rider being the culprit:

1. The piece of Rainbow Dash's hair was actually cut in a straight line with shears and hair doesn't naturally fall off in chunks.

2. The envelope had a scent that smelled just like Wind Rider's cologne.

3. The curtains in the castle were unfurled, proving that someone was hiding in there.

4. Rarity unravels Wind Rider's scarf revealing a chocolate stain on it.

5. Wind Rider forced laugh in response to Spitfire saying Rainbow Dash could break his record, which Rarity believed was a polite yet disingenuous way to pretend he was happy at the claim when he wasn't.

This causes Wind Rider to confess that he framed Rainbow, saying he did that just to keep her from breaking his long-time record and that sometimes playing dirty is necessary to win. Rainbow Dash, Soarin and the rest of the Wonderbolts disagree and scold him, saying that a true Wonderbolt should be trustworthy and loyal to their peers. Rainbow Dash then flies to find Spitfire and immediately finds her where Wind Rider hid her and brings her to the Wonderbolts where she strips Wind Rider from his Wonderbolt status for his heinous crime, leaving Rainbow Dash to take his place in the opening performance, much to her excitement. Rainbow Dash thanks Rarity for all her help and apologizes for judging her instincts.

Then Rainbow Dash and Wonderbolts finally perform for the garden opening while Rarity and Stormy Flare watch them. It is unknown what happened to Wind Rider afterwards, but it is most likely punished for his actions.

Big Bad Wolf (Super Mario Show)

The Big Bad Wolf, or the just simply the Wolf, is a villainous, yet somewhat refined anthropomorphic wolf who lives in the Mushroom Woods and made his only appearance in The Super Mario Bros. Super Show! episode, "Little Rid Riding Princess". Although he will go to any length to devour a defenseless human, the Big Bad Wolf works alone, and refuses to share or cooperate with any other predators. The Big Bad Wolf is shown to have several spare winter coats, which are actually wolf skins. Whether the Big Bad Wolf wears them over or in place of his natural skin is unknown.

When Princess Toadstool traveled to the Mushroom Woods to visit her sick grandmother, Mario, Luigi and Toad had to stay behind in the village to gather firewood and defrost the Mushroom Villagers after Toad informed her that it isn't safe and that the Big Bad Wolf lives there, leaving Princess Toadstool alone and defenseless. As Princess Toadstool continued onwards through the woods to reach Gramma's house, the Big Bad Wolf spotted her, and remarked to himself that if could beat her to Gramma's house, he could quickly ambush and eat her.

The Big Bad Wolf eventually arrived at and snuck into the cottage, but was beaten to the punch by King Koopa, who had already lured Gramma away, and was dressed up as her. The Big Bad Wolf and King Koopa got into an argument, but King Koopa ordered his Koopa Troopas to tie up the Big Bad Wolf and get rid of him.

Later on, the Big Bad Wolf loaned his spare winter coats to Mario, Luigi and Toad, which they wore to scare off King Koopa, who had eventually captured Princess Toadstool and Gramma. Grateful for their rescue, Princess Toadstool told the Big Bad Wolf that he wasn't such a Big Bad Wolf after all. The Big Bad Wolf assured her that while his is big and bad, he just didn't want King Koopa cutting in on his territory. Before leaving, the Big Bad Wolf told Princess Toadstool to ditch the red hood she had been wearing, as it wasn't a safe thing to wear in the woods. He was never seen again after this episode.

Cupid (Fairly Oddparents)

Cupid, also known as Love, is the god of love in Roman mythology. His Greek equivalent is Eros and his equivalent in Hinduism is Kamadeva. He has appeared in numerous episodes.

Cupid first appeared in the episode, "The Zappys!", part of the Oh Yeah! Cartoons shorts. He looks significantly different from his main series self, a large fat floating baby-like human with blonde hair, and is only seen entering the Zappy awards contest. In the episode, "Apartnership", which introduced the new version of Cupid, Cosmo and Wanda had a brief falling out and, in an attempt to get them back together, Timmy found and aimed one of Cupid's arrows toward Cosmo, but Cosmo ducks at the last second to pick up a coin, causing it to hit a chair and fly straight towards Timmy. Timmy ducks and the arrow then hits Cupid by mistake, making him fall in love with the first person he saw. That person happened to be Mama Cosma, whom was trying to get rid of Wanda. He then chases after her right after Cosmo stands up against his mother. The effects of the arrow wore off after the end of the episode. This episode also revealed more of Cupid's negative traits, such as his greed and love of money, as he was happy to accept Mama Cosma's bribe. He would later appear in the first Fairly OddParents Christmas special, "Christmas Everyday!" as a member of the other holidays that wanted Santa out of the way due to Timmy wishing Christmas was everyday. He was stopped in the end by Timmy and Santa after the kids from all over the world joined in and caused them to help make things right again. He later guest-starred in the Valentine's Day special, "Love Struck!", where Timmy wished that all the women were on a different side of the world, while the men were on the same (because in addition to being humiliated in front of most of the girls in his school, Tootie wanted Timmyto be her Valentine so badly). Due to the lack of love, Cupid's energy began to drain away, and he nearly died until Timmy himself used Cupid's arrows and other "love weapons" to make the men and women of Earth fall in love again. This episode revealed that Valentine's Day is an important day in Fairy World, as it provides the "most powerful kind of magic there is". Cupid is shown to lead an army of cherubs, which bear a strong resemblance to a military force. In later episodes, Cupid appears alongside Juandissimo Magnifico, and they appear to be close friends.

## Cyborg Rangers

When the Lightspeed Rangers reported to the Aquabase after facing a demon named Strikning, General McKnight informed them that the Cyborg Rangers were their replacements. They were stated to be ten times stronger than the original team. The cyborgs fought Striking and were about to finish him off when he threw a lightning attack that caused the Cyborg Rangers to malfunction and go on a rampage. The original Rangers had to use their blasters to destroy the cyborgs

## Robo-Plankton

Robo-Plankton is a robot clone of Sheldon J. Plankton. He is the secondary antagonist in the console versions of the original Battle for Bikini Bottom and all versions of Battle for Bikini Bottom - Rehydrated.

Robo-Plankton appears in the Chum Bucket Lab as one of the two main robots opposing the player, the other being SpongeBot SteelPants. In the first stage of the player's battle against SpongeBot, they must periodically attack Robo-Plankton to continue the fight. In the second stage, inside of SpongeBot, the player must again periodically attack Robo-Plankton to advance the platforms or to get an opportunity to attack SpongeBot's brain.

After SpongeBot is destroyed, Robo-Plankton vows to summon the remaining robots and exact revenge, but the Duplicatotron 3000 starts producing numerous Robo-Plankton copies, all of which fight each other over who will destroy the rest. Their ultimate fate is unknown.

In all versions of Rehydrated, players can play as Robo-Plankton in the multiplayer horde mode, making Robo-Plankton the first and only playable robot from any version of Battle for Bikini Bottom.

# Madame Odius

Madame Odius is the secondary antagonist of Power Rangers Ninja Steel and the main antagonist of Power Rangers Super Ninja Steel.

At first, she acts like Galvanax's general and advisor, but really she plots against him and aims to claim the Ninja Power Stars for herself. In Power Rangers Super Ninja Steel, she is now the leader of Galaxy Warriors after surviving the Warrior Dome Ship's destruction and continues her scheme to obtain the Ninja Power Stars, now with Badonna and Cosmo Royale at her side.

She was voiced by Jacque Drew.

Ten years ago, she came to Earth with Galvanax and Ripcon trying to obtain the Ninja Nexus Prism and the Ninja Power Star to increase Galvanax's power, but Dane Romero (Brody's father) stopped them, apparently costing his life, and wrecked the star into six pieces. A furious Galvanax ordered to have the prism taken to the ship and took a young Brody as a prisoner.

In the present, she informs Galvanax about a great quantity of Ninja Steel on Earth, with which they can create more Power Stars. When Galvanax and his crew come to Earth, Brody, Mick, and Redbot escape with the prism to Earth, but Galvanax sends Korvaka (one of the contestants of the show) to kill them and recover the prism. In the end, Korvaka is defeated and the Rangers conserve the prism.

It's later revealed that Odius has the Golden Power Star and holds the Gold Ranger (later revealed to be Aiden Romero/Levi Weston) captive in order to use his memories to give it to a robot and pass him as Brody's lost brother, Aiden, so the robot can gain the Rangers' trust and give the ninja power to her.

When Ripcon suspects Odius's behavior, the fake Aiden appears and offers him an alliance to obtain the Ninja Power Stars, to which he agrees. When the fake Aiden is destroyed, Odius blames Ripcon and signals him as the traitor that Galvanax was looking for, despite Ripcon's explication and signaling Odius as the true traitor, Galvanax don't believe him and give two options: destroy the Rangers or be destroyed, which leads Ripcon to his demise in the

Rangers' hands and Odius's secret safe. In the end, she forces Victor and Monty to build a giant magnet to obtain the Rangers and Galvanax's Ninja Steel.

Despite Victor and Monty's escape, she activates the magnet and extracts Galvanax's Ninja Steel, weakening him, then reveals herself as the traitor and not Ripcon. Galvanax curses her, but at that moment a meteor impacts the ship and sends it away into space, presumably killing Odius and Cosmo Royale. After Galvanax's death, Odius emerges from the ship and says "The game is not over yet. Not by a long shot", taking over the Warrior Dome Ship and his survivors (including Cosmo Royale).

In Power Rangers Super Ninja Steel, Odius meets Sledge and his crew and forms an alliance with him : Sledge repairs her ship in exchange of Super Ninja Steel in the asteroid. Odius accepts but betrays Sledge, keep all Super Ninja Steel and wins Badonna, one of Sledge's outlaws who becomes her general and her second in command. She tries to transform Rangers Power Stars as evil versions but fails and Rangers find theirs powers and destroy Odius's first monster. Odius sends many of her monsters to destroy the Rangers but they are all destroyed.

Badonna calls the Galactic Ninjas to destroy them once and for all, but secretly Odius and Badonna takes the medallions who give more power to Galactic Ninjas to Odius' zord, Foxatron who defeats the Rangers and theirs Megazords after two Galactic Ninjas destroyed. But the Rangers win a new Megazord who destroy Foxatron and Odius is injured at her face. She forms an alliance with Lord Draven to destroy all Power Rangers in the Multiverse, but Draven is destroyed by Tommy Oliver and the plan fails. Odius sends Venoma the last Galactic Ninja against the Rangers (Wolvermean was destroyed by Odius with her Foxatron because he failed to destroy the Rangers before Foxatron was recharged). But Venoma is destroyed and the Galactic Ninjas are no more.

Odius wins two new generals Tynamon and Brax and continues to send her monsters against the Rangers but they are all destroyed. In the last battles, the Rangers succeed to destroy Tynamon but before his death he succeeds to brainwash Mick to that he works for Odius. Then she launches her ultimate plan. She loses her last monster, Gorrox, and Brax but succeed to control all humans on Earth, including Calvin the Yellow Ranger with her emission Tv animated by her former accomplices in Galvanax's death : Victor and Monty.

In the final battle, Hayley the White Ranger and Calvin's girlfriend free him of Odius's control, but Odius orders to Mick to create a Super Nexus Star and merges with it winning an ultimate form and defeats the Rangers for a time. While Victor and Monty free the prisoners on The Warrior Dome Ship thanks to Sarah, Hayley and Calvin, and kill Cosmo Royale, Badonna as well as many Galaxy Warriors's members with explosives. The rangers use the Super Nexus Power and finally destroy Odius once and for all. As she died, she regressed back to her original form and cursed the Rangers before exploding.

The last remains of Odius' army was destroyed with Sledge and his crew, and the Warrior Dome Ship was destroyed by Koda (the Dino Charge Blue Ranger)'s bomb.

## Trakeena the Inferno Hell Beast

Gill set out to sacrifice several humans in order to bring the Beast to Earth, but was thwarted short of his goal by the Gingamen and GoGoFive. As such, he took his own life in order to apply his own blood to the ritual, thus bringing the Beast to Earth. The GoGoFive engaged it using Victory Mars and LinerBoy with little effect, but were soon joined by Super Armor Shine GingaiOh and Bull Taurus. However, the Beast managed to defeat both of these additional mecha as well, and it was only when the Lights of Ginga were infused into Victory Mars to transform it into Super Armor Shine Victory Mars that the Beast was destroyed.

## Jeice the Red Magma

Jheese, also known as Jeice in the FUNimation dub) is one of the Ginyu Special Force who work for Frieza. He is a supporting antagonist of the Namek Saga and the secondary antagonist of the Captain Ginyu Saga. He is the only one of average height, and had red skin, long white hair, and speaks with a Scottish accent, which he changes for an Australian accent once FUNimation takes over for voice acting in Episode 54. He is a Branch from the Planet of the same name.

He was voiced by Kazumi Tanaka and currently Daisuke Kishio in Japanese and Cristopher Sabat, Scott McNeal, and Jason Liebrecht in English.

When Frieza called the Ginyu Force over to take the Dragon Balls back from Vegeta, Jeice brought Frieza a scouter case. After Son Goku defeated Reacoom, Jeice and Butta fought Goku but were unable to even damage him at all, with Goku deflecting Jeice's ultimate attack, the Crusher Ball, as if it were a beach ball. After Goku easily defeated Butta, Jeice ran away to get Captain Ginyu. Ginyu was furious with Jeice for running away and nearly fired him before they both returned to the battlefield.

During the fight, Ginyu was chasing after Goku at one point, and Jeice tried to help by attacking the Saiyan, giving Ginyu the chance he needed to catch Goku. However, Ginyu released him, telling Jeice that he did not need his help, threatening to kill him if he interfered again. After Ginyu switched bodies with Goku, he and Jeice headed over to Frieza's spaceship where Ginyu fought Krillin and Son Gohan. However, as Ginyu's power level went down from not knowing how to use Goku's body, Ginyu found himself at a disadvantage and asked Jeice for help, but Vegeta stepped in before he could. Jeice crushed his scouter after reading Vegeta's power level at a high level, undoubtedly higher than his own.

Jeice fought Vegeta, and the battle briefly moved inside Frieza's spaceship. Vegeta had the upper hand, and soon tired of toying around with him. He kicked Jeice away and shattered his ribs with a kidney shot. Before Jeice could recover from the attack, Vegeta held out his hand in front of Jeice's face. Jheese begged for mercy but Vegeta completely destroyed him with an energy blast to the face. After his death, Jeice appeared alongside Recoome, Burter, and Guldo, as Kaio invited them to his planet in the next dimension to see if Yamcha, Tenshinhan, and Chiaotzu could defeat them. Jeice and Burter fought Tenshinhan, who defeated them as they were using the Purple Comet Attack, sending them both to Hell.

In the Great Saiyaman Saga, Jeice appeared alongside dead villains

Cell, Frieza, King Cold, Recoome, Burter, and Guldo, terrorizing the ogres and causing trouble in Hell. Goku and Pikkon came to stop them, and Goku defeated Jeice first by punching him in the stomach, sending him falling into the Bloody Pond. Later, Jeice, along with Recoome, Burter, Guldo, and Cell, was thrown onto the spike by Pikkon and locked up along with Frieza and King Cold in a cell. In the Kid Buu& Saga, Jeice was last seen alongside several ogres and dead villains watching the battle between Goku and Kid Buu.

Eli: No kidding!

Lightning Dust: Daddy!

Lightning Dust and Wind Rider hugged.

Wind Rider: I'm so happy to see you Lightning Dust.

Me: I didn't know Wind Rider was your dad.

Pussycat Catfield

Pussycat Catfield is a character who only appears in "CatDog and the Great Parent Mystery". She's the mother of Lube, his unnamed sister, wife of Hound Dog McDog and presumably, grandmother of Bartholomew.

McWolf (Tom & Jerry Kids)

McWolf is the main antagonist of the "Droopy and Dripple" segments, and one of the most recurring villains in the show. His character is based on Tex Avery's Wolf from Red Hot Riding Hood and other shorts. Like Tom and Jerry, he is voiced by Frank Welker.

Carmen Sandiego (Where in The World Is Carmen Sandiego)

Carmen Isabella Sandiego is the titular main antagonist from the Where in the World is Carmen Sandiego series of games, as well as their cartoon and live action adaptations. She is the world's most wanted criminal, head of the criminal organization Villainous International League of Evil or V.I.L.E. for short, dedicated to commit the most impossible and/or inexplicable crimes. To her, committing crimes is just a game, a game which she plays very well.

Little or nothing is known about Carmen's past. She is an ace detective for the ACME Detective Agency who found catching criminals too easy and decided that outsmarting ACME itself would make for greater challenges. She left ACME and founded the criminal organization V.I.L.E., recruiting the world's most wicked criminals to work for her. VILE seeks to commit the most unimaginable and impossible crimes.

Carmen steals only for the challenge of it, although some of her VILE minions seem to be more traditionally motivated. She often describes her schemes and the protagonists attempts to stop them as being a game, which they ironically are, regularly gloating that she is impossible to capture or that her plans are infallible and acting as though any efforts made against her are extremely trivial. Sometimes, she asserts that it is impossible for anyone to understand her or her motives and seems to revel at how difficult she can make it for anyone trying to figure her out.

## Retinax

Retinax is a General Org who served as Master Org's bodyguard, and a supporting antagonist in Power Rangers Wild Force.

He was voiced by Michael Sorich.

After the destruction of Master Org, Retinax wandered the Earth for three millennia believing himself to be a failure.

However Jindrax and Toxica found him and informed the general of Master Org's return, leading to him swearing to destroy the Power Rangers so as to redeem himself. Retinax took on the rangers and proved quite powerful, even deflecting their Savage Slash attack at one point.

He came close to destroying them after Freezer Org froze himself to freeze the Kongazord and the rangers' morphers and Animal Crystals, destroying himself in the process. Retinax went to finish them off and took them on easily since they couldn't morph, even taking their crystals along with Jindrax and Toxica.

However the Soul Bird managed to reverse the work of Freezer Org and gain the rangers back their animal crystals and morphers, as well as give the Kongazord and the Wild Force Megazord the power needed to defeat Retinax. The General Org was then destroyed by Master Org, who he didn't recognize, since he was really Viktor Adler.

However Retinax and the other Org Generals, Nayzor and Mandilok, were resurrected to protect the pillars involved in the Org Heart ceremony. They were defeated again but were then integrated into Master Org's new body.

## Swindle (Transformers Animated)

Swindle is a self-described "intergalatic arms dealer" and a recurring antagonist of Transformers Animated. While nominally on the side of the Decepticons, Swindle saw the Great War as a business opportunity.

He was voiced by the late Fred Willard.

In the comic "Everything Must Go", Swindle visited the Decepticon base on New Kaon while Blitzwing was fighting with Lugnut over him negotiating with the bounty hunter Lockdown for Optimus Prime. Seeing an opportunity, Swindle outfitted the Triple Changer with enhanced weaponry (and a convenient payment plan), and watched as the fight escalated. Each time, he was more than happy to provide each side with ever-increasing hardware, up to and including planetbuster weaponry. Once the pair of Decepticons found out that Swindle was arming both of them, they mangled him into a ball, leaving Swindle a fair bit worse for wear, but he took it in stride.

### Society of Ultimate Villainy

After discovering the situation on Earth from a business transaction with Lockdown, Swindle anonymously aligned himself with the Society of Ultimate Villainy, funding them if they stole certain components. Posing as the "gift" of a getaway vehicle, he communicated through the radio. After the parts were stolen, he had them construct a generator. After Slo-Mo refused to hand over her AllSpark powered timepiece, Swindle revealed himself.

He dealt with most of the SUV, using his force field to protect himself from the temporal effects of Slo-Mo's watch. He took it from her, contacting his old client Megatron. Swindle demonstrated the generator's ability to freeze everything mechanical in Detroit, including the Autobots. However, Bumblebee, who had shielded himself from the generator's effects, along with the SUV, burst in and managed to knock him over the side of the parking block on which he had stationed himself. While he managed to reacquire the watch, he was frozen in his vehicle mode when a blast ricocheted off of the Autobot's shield. He was last seen being towed by the police, who promised to strip apart the paralyzed Decepticon and sell his parts at a police auction.

## Techniclon

Techniclon is one of the Seven Shadows. She can fire missile capsules containing leeches and catch attacks inside a test tube to reflect them back at her opponents. She appeared in Sailor Moon Episode 25, Too Many Girlfriends.

After she was imprisoned in the atmosphere, she was reborn inside Rita, one of the crystal carriers. Zoycite extracted the crystal and turned Rita into Techniclon. She fought the Sailor Scouts, reflecting Sailor Jupiter's attack at Sailor Moon and Sailor Mercury, but was eventually healed by Sailor Moon using Moon Healing Activation, killing Techniclon while healing Rita unharmed.

## Hizumina

Hizumina (ヒズミナ) (Gingaman vs. Megaranger) was the last of Dr. Hinelar's creations and Shibolena's younger sister who looks like her only with Purple hair and a purple outfit. She secretly wished to revive Hinelar, having grown to miss him, as she had the same memories as Shibolena. She also wished to avenge her "sister"'s death, but was betrayed by Pirate Prince Gregory, after she did her part in reviving the Space Pirates Balban.

## Jinxer

Jinxer is one of the demons that was sealed many years ago, and an antagonist in Power Rangers Lightspeed Rescue. He is the demonic version of Finster.

He was portrayed/voiced by Kim Strauss who also voiced Scorpius in Power Rangers Lost Galaxy.

Jinxer is a demon that worked for Queen Bansheera, Diabolico, and Prince Olympius. His name is based on the term "jinx," and he also was highly insightful and skilled in the ways of magic. He could conjure monsters from cards the other demons used as well as using his own set of monster cards and was also skilled in hypnotism. He was highly loyal to Olympius and even helped him escape the Shadow World and fed him power from the Aquabase. Jinxer also helped nurture Olympius back to health when the rest of the villains dismissed Olympius for dead. He was a cowardly sort of villain, but did engage in battle with the Rangers at least a few times. His method of attacking was using a cane-like blaster.

During the Rangers' battle against the Super Demon forms of Diabolico and Olympius, Jinxer planted his only card left - a Batling card - on the leg of the Lifeforce Megazord which he then used to give rise to a massive army of Batlings to invade the Aquabase after the Lifeforce Megazord was brought back. Jinxer himself and a small faction of Batlings piloted the newly repaired Omega Megazord to place the circle of stones around Mariner Bay to assist Queen Bansheera's ceremony in opening the gateway into the Shadow World and releasing all of the demons from within into the world. After placing the final stone, Carter and Ryan destroyed the Omega Megazord by ramming the Mobile Armor Vehicle into it; Jinxer was destroyed in the process.

Nico: So you're the original Carmen Sandiego.

Carmen Sandiego (WITWICS): That's correct.

Me: Wow. (To McWolf) Are you a different McWolf?

McWolf (T&JK): That's right! I am McWolf but a different one.

Me: You're the Tom & Jerry Kids McWolf. Wow! I loved watching all your funny cartoons with Droopy and Dripple and they were so funny!

McWolf (T&JK): They sure were.

Cat: And Pussycat Catfield. It's wo..wonderful to see you again.

Pussycat Catfield: You are still gonna pay for getting us to feud again!

Me: Uh oh. Was it a bitter Hatfields & McCoys style feud with Cats and Dogs?

Pussycat Catfield: That be right.

Me: Oh boy. And Cupid, Valentine's Day is right around the corner.

Cupid: It sure is. And I'm really excited for it.

Me: Yep. Love is gonna be in the air.

We got the usual battles underway.

## Lana Loud, Sunset Shimmer, Fire Skylanders, Dana, Killer Frost and Poison Ivy VS Vexen - Nico's rescue

---

Vexen was first.

Vexen: (to Lana) A shame Nico's rescue didn't involve the death of another scumbag. Though Ben's bully Ryan did get his comeuppance.

Lana: That's true so that makes up for it. But you should have seen this house that Ben has. It's really cool.

Sunset Shimmer: Boy it sure is! I think it's really amazing that a futuristic house was built.

Sunburn: And Ben won it. That is so awesome. And it took a lot of work to win it.

Dana: Boy it sure did. The house is so amazing.

Vexen: I think I remember hearing about that. That is amazing. Lets do it!

They fired waves of ice and fire and smashed him down.

Lana: AWESOME!

Sunset Shimmer: That was amazing!

---

Lola Loud, Starlight Glimmer, Undead Skylanders, Lea and Francis VS Firefly - Lincoln's rescue -

---

Firefly was next.

Firefly: (to Lana) Heard Lincoln's rescue was on Magic Island. How did that go?

Lola: It went really well and we destroyed Blackbeard and Carbassas and made sure those monsters paid for it all.

Starlight Glimmer: That was so awesome. We went into a world that 226 years in the making.

Hex: And that was the world that Lincoln met Lily the Mermaid at.

Firefly: I heard about that. That is so amazing. Lets do it!

They fired waves of fire and stars, bones and lightning and smashed him down.

Lola: ALL RIGHT!

Starlight Glimmer: YEAH! That was great!

## Luan Loud, Princess Celestia, Amber Morning, Light Skylanders, Eddy, William and Shego VS Vypra - Meeting a Black Winged Dragon Gene-Slammer

Vypra was next.

Vypra: (to Luan) I heard you guys met a Black Winged Dragon Gene-Slammer. What's her name?

Luan: Her name is Leia Nyamuragira. She is from Lincoln's Chemistry Class and she busted Chandler for trying to set off fireworks in the class to hurt Mrs. J and he was gonna frame Lincoln for it.

Vypra: That's insane! He should have been arrested for that!

Princess Celestia: No kidding! But thankfully he wasn't.

Amber Morning: But Laney and Leia were on to him. Laney found out that Chandler tried to plant firecrackers into Mrs. Johnson's desk, and once he sets them off, it'll injure her and everyone inside the classroom, and attempt to frame Lincoln for it. But, what he didn't know was that Leia was recording the whole thing, and when she showed it to Laney, she was mad at that little monster. So, we showed the video to Principal Huggins, and when he found out, he was so mad at Chandler, and he also called the cops to the school, and before Chandler could even set up his firecrackers, the cops grabbed and dragged that little monster to Principal Huggins, and Chandler tried to lie, but Huggins was already mad at that little weasel, and he explained to Chandler that he'd seen the video that she showed him, and that he also called the cops on him. Chandler didn't get expelled, but he did get grounded for six months by his mother, and Chandler swore that if he ever sees us again, he'll kill them.

Vypra: That's good he couldn't sweet talk his way out of that. What the hell was he thinking bringing firecrackers to a school.

Spotlight: Lincoln told us that his dark side turned him into a school hating psychopath.

Eddy: What a weasel! I hated school but I would never go that far!

Vypra: That's good you wouldn't Eddy. Lets do it!

Luan formed a light sword and they clashed powerfully and fired waves of light and smashed Vypra down.

Luan: That LIGHTS you up! (Laughs) Get it?

We laughed at Luan's Joke.

Princess Celestia: That was so awesome!

---

Laney Loud, Fluttershy, Tornado Bolt, Life Skylanders, Kameo, Venom and Rhino VS Bane - Roasts about Yost Doom

---

Bane was next.

Bane: (to Laney) I hope the roasts about the Yost version of Doom were funny. Even though you didn't participate in them.

Laney: They were really funny. And they suited him perfectly.

Fluttershy: They sure were funny. I thought they suited him amazingly well.

Tornado Bolt: They sure did.

Stealth Elf: We all thought so.

Kameo: I liked them and they were great.

Bane: Si me too. Lets do it!

They fired waves of leaves, flowers, grass and energy and smashed him down.

Laney: That was so awesome!

Fluttershy: That was fun.

---

Lisa Loud, Pinkie Pie, Featherweight, Tech Skylanders, Stewie and Bowser Jr. VS Calamitous - Me Having the Infinity Stones and the Surprise in store for Doom

---

Calamitous was next.

Calamitous: (to Lisa) It's shocking that J.D. has the Infinity Stones (laughs) Doom's in for a surprise!

Lisa Loud: Indeed. And I have a feeling that J.D.'s surprise is gonna be a whole new transformation. But this all happened without warning and was completely unexpected.

Pinkie Pie: But Doom is gonna be in for a really big surprise and I hope it's a party!

Featherweight: That would be funny.

Sprocket: Not everything has to be for a party Pinkie. But I have a feeling that whatever it is it's gonna be awesome.

Calamitous: Oh me too. Lets do it!

They fired waves of energy, metal, gears and lightning and smashed him down.

Lisa Loud: A most amazing success!

Pinkie Pie: BEST USUAL BATTLE EVER!

---

Lynn Loud, Rainbow Dash, Scootaloo, Air Skylanders, Sandman and Clayface VS Shiv - Awesome how I overpowered Ronan like before

---

Shiv was next.

Shiv: (to Lynn) It's awesome how J.D. overpowered Ronan like before. But I've got a bad feeling he's gonna come back for round 2 today.

Lynn Loud: He sure will and we're going to be ready for him.

Rainbow Dash: How did J.D. and everyone beat Ronan back then?

Lynn: Right you weren't with us when that happened R.D. That was unforgettable.

Lynn went over what happened during the events of Chapter 516.

---

Back on Earth, Double D was reading a book while enjoying the splendor and beauty of the autumn leaves. Then he heard some clattering and he saw a raccoon in the can. The can tipped over out of the can was Rocket Raccoon!

Edd (sees Rocket digging through a trash can): Rocket Raccoon?

Rocket: You know who I am?

Edd: Well, Captain America did say that the two of us are similar. Sorry I'm Eddward but with two D's. Everyone calls me Double D.

Rocket: Pleasure to meet you. I'm glad Cap spoke about us. Me and the Guardians came here looking for J.D. The Universe is in trouble because of Ronan the Accuser.

Edd gasped.

Edd: J.D. and my friends are over on the planet Saturn. They are on a space prison there.

Rocket: Thanks Double D. I appreciate that. You hear that Guardians?

Star Lord: We sure did Rocket. Lets regroup and get over there.

Rocket: Right.

The Guardians regrouped.

Star Lord: Sorry we're late, Rocket. We got held up because of Drax almost getting us kicked out of an ice cream shop!

Drax: I had to make sure that they did not get my order wrong.

Gamora: That doesn't justify you threatening the owner with a knife!

The Guardians went back to the ship and it left Earth for Saturn.

* * *

Back on Saturn as we were getting ready to leave when we saw the ship arrive.

Me: That's the Milano ship!

It landed and out came the Guardians of the Galaxy - Peter Quill A.K.A. Star Lord, Gamora, Drax, Groot and Rocket Raccoon.

Me: Oh wow! The famous Guardians of the Galaxy!

Star Lord: That's right. J.D. Knudson it's an honor to finally meet you.

We shake hands.

Me: You too Peter.

Lily: Gamora it's great to see you again.

Gamora: You too Lily. You've been training hard and well. I can sense that you have gotten stronger.

Lily: I know.

Lincoln: It's an honor to meet you Drax.

Drax: You too Lincoln. I've heard a lot about you from Gamora.

Lincoln: I'm sure she told you all about us.

Drax: She did.

Groot: I am Groot.

Luan: It's nice to meet you Groot.

Groot: I am Groot.

Rocket: He says "You too Luan."

Luan: Oh. It's a pleasure to meet you too Rocket.

Rocket: You too Luan. I heard you are quite the jokester.

Luan: I don't mean to blast my own horn! (Laughs) Get it?

Rocket: (Laughs) I get it. Good one.

Me: So what brings you to Saturn, Peter?

Star Lord: Ronan the Accuser is going to destroy the planet Xander with the power of the Infinity Stone I found.

We gasped in shock.

Me: Which stone did you find?

Gamora: It was the purple one.

Me: That's the Power Stone. We have to stop him.

Stan Lee: (Offscreen) You go get him guys.

We turn and saw Stan Lee and he was a Janitor sweeping the floor of the landing pad.

Me: Stan Lee!

Laney: He's full of surprises isn't he?

Me: He sure is. He makes cameo appearances in all his comics, TV Shows and Movies.

Stan Lee: That's right. Go get him true believers.

Me: With pleasure Stan. EXCELSIOR!

Stan Lee: EXCELSIOR!

We went back to Earth and deployed the U.S.S. Valor and we then set out for the Andromeda Galaxy.

---

Captain's Log, Stardate 2504.6, Emergency Report: The Guardians of The Galaxy came to us for help to destroy the ruthless galactic persecutor Ronan the Accuser. In his possession is the Power Infinity Stone and he plans to use the stone to destroy the entire planet of Xander in the Andromeda Galaxy. Our mission is to kill Ronan, take the Infinity Stone and make sure it doesn't fall into the wrong hands ever again.

Me: So Peter, I take it that Xander has had a lot of problems with Ronan.

Star Lord: Yes. Ronan the Accuser is a monster. He hates all things evil with a terrible vengeance and he kills innocent people for no apparent reason except in the name of justice.

Lola: That freak is a monster that deserves only death.

Me: And he will get it.

Laney: Why does Ronan have the Infinity Stone?

Me: I know why. He was sent to get it for the ruthless universal conqueror Thanos.

Starfire: Thanos!? That monster!?

Raven: I've heard a lot about Thanos. He wants to use the power of the Infinity Stones to balance the universe.

Me: Great. He's another Xehanort. We have to destroy him at all costs.

Luna: Yeah.

Lynn: We can't let the Infinity Stones get into his hands.

Me: And we'll make sure of it.

Luan walked over to Gamora who was looking outside the window into the stars.

Luan: You alright, Gamora?

Gamora: Not really. I'm just thinking about my sister, Nebula.

Luan: Isn't she still working for Thanos?

Gamora: Well, yes. But I'm still hoping I can get her to see that she's working for the wrong side.

Luan: Well, don't worry. If there's a chance that Nebula can change, then I'll help with that.

Lensay: Poo poo.

Luan: Lensay agrees.

Me: Drax I heard that Ronan killed your family.

Drax: Yes. Ronan killed my entire family and I will have my revenge on him.

Me: You deserve it. Normally vengeance goes against everything that I believe in but in this case I'm more than willing to make an exception.

Drax: You would help me get my revenge?

Me: I would. Ronan has plagued the entire universe for too long and he will pay. (My eyes glow red)

We then arrived at the planet Xander.

Me: There it is. Planet Xander.

We saw a huge ship in orbit above the planet.

Varie: That's a big ship.

Star Lord: That's Ronan's ship the Dark Aster.

Me: And he'll be ready for us. All hands Red Alert! Man your battle-stations!

The alarm sounded and we were ready.

Me: This is it guys. Nathanial you are in command of the ship. The rest of you come with me.

Nathanial: You got it grandpa.

Me: Lets roll!

We went down to the planet and saw Ronan killing lots of people. We were flying above the surface.

Star Lord: Lets distract him Eddy. I have an idea.

Eddy: Okay.

They went down and confronted him and did a weird dance. It was working and it distracted him long enough for us to swoop down and I punched Ronan in the face and he crashed into a wall.

CRASH!

Ronan got up and he saw us ready to fight.

Me: Ronan the Accuser I presume?

Ronan: That's right. J.D. Knudson. You have made quite a name for yourself and your achievements have made it to me.

Me: You will pay for everything you've done.

Ronan: Everything I've done has always been in the name of justice.

Me: What you call Justice in your eyes is what I call in mine cold-blooded murder. You are nothing more than a ruthless monster that needs to be destroyed. You will pay for your crimes!

I go Super Angel 10,000 and Nico goes Super Saiyan 3.

Ronan: We'll see. Sakaaran's kill them all!

Me: Lets get them!

(Forsaken by Within Temptation plays)

We went at the Sakaaran's and Ronan and it was a vicious and savage fight.

Eddy was firing light blasts at the Sakaaran's and Star Lord had his blasters and was firing at them. Killing them.

Eddy: Lets use our combos Peter.

Star Lord: You got it Eddy.

Eddy fired a blast of blue light and Star Lord fired his blasters.

Eddy and Star Lord: COSMIC LIGHT SHOWER!

The blue light split into multiple laser beams and they skewered some of the Sakaaran's and killed them in an instant.

Pohatu carries Tahu in front of some of Ronan's goons.

Pohatu had brown hair and orange eyes, his claws were on his hips and he was wearing a brown Scotsman uniform and brown plaid kilt and brown pants.

Pohatu: Get help! Please! My brother's dying! Get help! Help him! (throws Tahu at the goons, knocking them down)

Maria: Now Pohatu and Tahu are doing the Get Help ploy?!

Carmen: I know! Isn't it amazing? I've started a new combat tactic!

Tahu (gets up): Let this be the only time I participate in this ploy.

Maria: Agreed.

Maria and Carmen fired water and fire at the Sakaaran's.

Tara was throwing numerous earth spears and killing the Sakaaran's. Then a beautiful alien girl with antennae came and she was knocking them out with a touch.

Tara: That was cool!

Mantis: Thanks. I'm Mantis.

Tara: Pleasure. I'm Terra, but my real name is Tara Markov.

Mantis: Pleasure.

Tara: Lets take these monsters down with a combo.

Mantis: You got it.

Tara threw numerous rocks and mantis was on one with her fists out.

Tara and Mantis: SEISMIC EARTH SMASH PUNCH!

Mantis was punching the Sakaaran's and the rocks smashed their faces in and killed them.

Mantis: That was so much fun!

Tara: Thanks Mantis.

Drax was slashing apart some of the Sakaaran's with his blades and Spiderman was webbing them and punching and kicking them with his web and martial arts moves.

Drax: You are good Peter.

Spiderman: Thanks Drax. Lets use our combo on them.

Drax: You got it.

Drax handed Spiderman one of his knives and they joined hands and ran with incredible speed.

Spiderman and Drax: SPIDER DESTROYER SHISH-KABAB!

They skewered multiple Sakaaran and killed them.

Drax: That was awesome! Great combo.

Spiderman: Thanks Drax.

They high five.

Edzilla and Groot were destroying numerous Sakaaran's. Groot was using his root powers and Edzilla was smashing them to pieces.

Edzilla: Lets use combo!

Groot: I am Groot!

Edzilla went at the Sakaaran's and Groot formed numerous roots that grew at a rapid level.

Edzilla and Groot: NATURE'S DRAGON SMASHER/I AM GROOT!

Edzilla turned into a dragon of leaves and wood and flew at the Sakaaran's and skewered and stabbed and obliterated a number of them in an instant.

Edzilla: That awesome!

Groot: I am Groot.

Luan and Lensay were firing powerful light blasts at the Sakaaran's and they were vaporizing them in an instant. Gamora was slashing them with her sword and blasting them with her blaster. They were killing them all over.

Luan: Lets use our combo Gamora.

Gamora: Right.

Luan fired a blast of red light, Lensay fired a blast of green light and Gamora fired a plasma blast from her blaster.

Luan and Gamora: SOLAR LIGHT INCINERATOR!

The blasts became a huge stream of Solar Plasma and incinerated some of the Sakaaran's instantly. The radiation from the blast burned some of them really badly and it was enough to kill them.

Luan: That was awesome!

Lensay: Poo poo! (Raspberries)

Luan: You tell them Lensay.

Gamora: They were no match for the most Dangerous Woman in the Universe.

Luan: You said it Gamora. Anybody that messes with you is already in Danger. (Laughs to Rimshot) Get it?

Gamora: (Laughs) I get it.

Yondu was helping us. Kevin was WarKevin and he was firing repulser blasts and missiles. Yondu was using his arrow.

Yondu: Lets use our combo Kevin.

Kevin: You got it dude!

WarKevin fired his blasts and Missiles and Yondu fired his arrow.

WarKevin and Yondu: EXPLOSION ARROW BARRAGE!

The blasts became arrow blasts and they blew apart some of the Sakaaran's in an instant in powerful flaming explosions.

Kevin: That was awesome!

Yondu: You got a good edge on you Kevin.

Kevin: Thanks Yondu.

Rocket Raccoon was firing numerous blasts at the Sakaaran's from his blasters and Edd was now Iron Boy and he was firing lasers at them.

Edd: Lets fire our combo attack at them.

Rocket: You got it Double D.

They fired their blasts.

Edd and Rocket: BLACK MATTER OBLITERATOR!

The blasts became a black ball of 4th dimensional matter and sucked in some of the Sakaaran's like a small black hole and then it vanished.

Edd: That was an amazing attack!

Rocket: It sure was. We made a good team Double D.

Edd: We sure do.

Now it was the fight with Me and Nico facing Ronan.

Me: Lets get him.

I form a war hammer made of pure fire.

Me: Before I used the sword I was a user of the war hammer.

Nico: Nice.

Me: Let me face him first and then you get him.

Nico: Okay.

Varie protected much of the city in a powerful force field.

Me: Lets dance.

We went at each other and we swung our hammers and when the heads hit each other it released a massive and explosively powerful shockwave of pure fire and energy.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion was so powerful and so devastating that it shook the planet. Luckily the force field was holding.

Me: Wow! What power!

Ronan: You haven't seen anything yet!

Ronan fired energy blasts from his hammer and I dodged them and fired energy blasts at Ronan. They exploded with incredible power.

KABOOOMMM! KABOOOOOMMM! KABOOOOM! KABBBBOOOOOOOOOMMM!

I went at Ronan and punched him in the stomach and kneed him in the face and kicked him in the chest. I flipped over him and kick him in the back. He got up and went at me and he punched at me but I dodged it and we ran. He fired a purple energy blast from his hammer and I fired an energy blast and the blasts collided and exploded in a massive fiery line of powerful explosions.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMMMM!

I form another war hammer and I hit him in the stomach with incredible power and it sent him flying. He rebounded and I teleported and we both fired energy blasts at each other. We dodged them all and they exploded all over the place.

KABOOM! KABOOOM! KABOOOOOMMMM!
KABOOOOOOOOMMM!

Laney: Unbelievable!

Lola: What power!

I punched Ronan all over the place and kick him in the face and send him crashing into the ground.

Me: Nico lets use our combo on him.

Nico: You got it.

I charged up a Special Beam Cannon.

Me: SPECIAL BEAM CANNON!

Nico: TRI BEAM!

We both fired our techniques and they combined.

Me and Nico: SPECIAL TRI CANNON!

Ronan saw the blast coming.

Ronan: This won't stop me!

He swung his hammer and when it hit the blast the hammer exploded and shattered into a million pieces.

KRABBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOMMMMMMM

The explosion blew him into the wall and he was down. He got up and Drax went at Ronan and he viciously punched and pulverized him at a merciless and powerful rate. He was going to make sure that Ronan pays for the death of his family.

Ronan was down but not out.

I pick up the Power Infinity Stone and got an incredible and massive increase in power and Ronan was now shocked and fearful.

Ronan: (scared) What the heck are you!?

Me: I've been asking myself the same question for years.

My eyes are glowing purple and the sclera are black.

Me: But I am more than just a human. I am a god among man. Immortal, invincible and all powerful. And you Ronan are dead. Go to Hell and stay there!

I fire a blast of purple energy at Ronan and he explodes with incredible power. He was completely obliterated in an instant.

The terror of Ronan the Accuser had been silenced forever.

It was all over. Everyone cheered for all of us including the Guardians of The Galaxy. We later went back to Earth.

On the U.S.S. Valor I decided to send a message to Thanos.

Onewa had Arabic clothes on and they were black.

Nuju was dressed as a white eskimo.

In another part of the Universe, Thanos got my message. I warned him that we will be coming for him in the future and we will make sure that he pays for everything he has done. And we promised to make sure that Thanos never gets his hands on the Infinity Stones.

Me: Thanos, remember this: As long as we are alive and living you will never possess all of the Infinity Stones. I swear it!

The stage was set for when we face Thanos. Mantis was made an official member of the Guardians of The Galaxy. We put the Power Infinity Stone in the safe with the Reality Infinity Stone. We also found out that the Space Infinity Stone, the Blue one was also the Cosmic Cube. Who'd have thought? The Dark Aster was now one of our ships for our own use for later.

---

When she was done they were floored.

Scootaloo: Wow! That is so awesome!

Rainbow Dash: That was AWESOME! That is incredible how J.D. beat Ronan like that.

Whirlwind: It sure was cool. And we were in the process of collecting the Infinity Stones back then too. J.D. wasn't nearly as powerful as he is now but that was an epic and awesome battle.

Shiv: Wow! That sure must've been awesome. And I watched Guardians of The Galaxy before and that was very coincidental how J.D. used the power of the Purple Infinity Stone on Ronan like he did here. That was epic.

Lynn: Yeah it sure was.

Shiv: Yep. Lets do it!

They fired waves of lava, wind, lightning and rainbows and smashed him down.

Lynn: WOOO! LYNNER LYNNER CHICKEN DINNER!

Rainbow Dash: That was AWESOME!

---

Luna Loud, Rarity, Sweetie Belle, Water Skylanders, Maria Rockell and Bai Tza VS Hydro Man - Robot Chicken Sketch we saw

---

Hydro Man was next.

Hydro Man: (to Luna) I heard you guys saw another funny Robot Chicken sketch. Well, most of it was funny, anyway.

Luna Loud: Yeah the last part wasn't funny but the rest of it was dude. Donnie invented a really cool Pizza Flinging Tank.

Rarity: Oh you should have seen it darling it was so amazing and really well made and it was so funny.

Sweetie Belle: Yeah it sure was funny and the Scalding hot cheese from the pizza did the 1987 Shredder in! That was so hilarious!

Gill Grunt: Boy it sure was. The was so funny!

Maria Rockell: Yeah I don't think I've ever laughed that hard before!

Hydro Man: But that is a really good idea. And it would be perfect to give people some lunch too. Lets do it!

They fired waves of water, ice and jewels and smashed him down.

Luna: ROCK ON DUDES!

Rarity: Rapture darling that was grand!

## Lucy Loud, Princess Luna, Moondust, Dark Skylanders, Riku and Demona VS Webstor - Pizza Firing Tank is genius

Webstor was next.

Webstor: (to Lucy) A pizza firing tank is genius. It's perfect for killing 2012 Shredder!

Lucy Loud: That would be awesome but I have a feeling it would take more than just pizza to kill the 2012 Shredder.

Princess Luna: I have that same feeling myself. But that was a really genius method.

Moondust: I agree too mom.

Blackout: Me too. That was awesome and funny.

Webstor: It sure was. Lets do it!

They fired waves of darkness and smashed him down.

Lucy Loud: Ha. Wicked.

Princess Luna: A True victory of the night!

---

Leni Loud, Twilight Sparkle, Sunny Starscout, Magic Skylanders, Xion and Karai VS King Hiss - Me settling an old score with Doom

---

King Hiss was next.

King Hiss: (to Leni) I don't blame J.D. for wanting to settle an old score with Doom. But does it really matter as long as Doom died in the end?

Leni Loud: I guess it doesn't. But we didn't kill him before.

Twilight Sparkle: I wasn't with you all when it happened. But what happened back then?

Spyro: Well it was when we met the Fantastic 4 for the first time. And that was an awesome and epic adventure.

Spyro went over what happened in chapter 558 and it was awesome.

---

It starts at the Baxter Building, home of the famous Fantastic 4. But they weren't always known as the Fantastic 4. Famous Physicist, Professor Reed Richards, his fiancé Susan Storm, her brother Johnny Storm and best friend astronaut Ben Grimm went into space to conduct an experiment and they were exposed to powerful levels of Cosmic Radiation as they passed through a radiation belt. As a result, they crashed back to Earth and were forever changed. The Radiation mutated their bodies and gave them incredible powers. Professor Reed got Super Elasticity and can stretch himself all over the place. Johnny got pyrokinetic powers, flight and the ability to turn into a mass of living fire. Susan got Invisibility powers and Ben became a living rock which gave him Superhuman Strength, endurance, and durability. Together they became known as the Fantastic 4. Professor Richards became Mr. Fantastic, Johnny became The Human Torch, Susan became the Invisible Woman and Ben became The Thing and they fought against the evil forces of the ruthless and nefarious Victor Von Doom A.K.A. Dr. Doom. Together as the Fantastic 4 they vowed to use their incredible abilities to stop his evil world domination plans. But there are times when they have their own disagreements.

Ben Grimm aka the Thing is walking down the halls of the Baxter Building.

Stan Lee (as a janitor): Hey there, Mr. Grimm. How's your day been so far?

Thing: Pretty good, Mr. Lee. Just need to make sure my room is clean. Keep up the good work!

Stan Lee: Will do!

As Thing reached his room, he heard laughing and peeked through the door. Johnny Storm aka Human Torch was laughing as he painted Thing's room pink. Watching him with a worried look was Invisible Woman aka Susan Storm.

Susan: [worried] Johnny, this is so wrong! Ben's sure to discover what you're doing to his room! [Thing slams the door open]

Johnny (painting a wall pink): Relax, sis. What Ben doesn't know won't hurt him.

But Sue tapped her brother on the shoulder. Johnny turned around to see Thing with an angry look on his face.

Johnny: Uhh… I'm a dead man, aren't I?

YEP YOU SURE ARE.

Susan: Please excuse Johnny, Ben. He meant-

Thing: [motioning for Sue to stop] Let me understand this. (pleasantly) I guess insulting me is okay to you, Matchstick? (pupils enlarge pretending to be understanding of Johnny)

Thing's pupils then return back to normal size while Sue steps back nervously.

Thing: Making Susie an accomplice as you redecorate my room?

Johnny: Oh, c'mon! Your room needs some improvement. I just thought it could use more color!

Thing: Really now? [angry] WELL, YOU MIGHT THINK IT'S IMPROVEMENT! BUT I THINK IT'S HUMILIATING! SO YA BETTER GET THIS PAINT OFF! OR IT'S CLOBBERING TIME FOR YOU! GOT THAT?!

Mr. Fantastic came in.

Reed: Ben, why is your room pink?

Thing: Can we discuss this later?!

Mr. Fantastic: Stop this squabbling now guys. We got trouble! (Snickering) We'll worry about this later. Dr. Doom is up to no good again.

Johnny: Lets get him then.

Thing: IT'S CLOBBERING TIME!

The set out for Doom's location.

---

In a small cave outside of the city we were fighting a massive group of terrorists that were going to launch Nukes at the United States Capital and destroy the government.

The terrorists were no match for our power. Red Hood and Winter Soldier were tearing the terrorists apart with their martial arts moves.

Red Hood: Lets finish these clods off with our combo.

Winter Soldier: You got it Jason.

They went at them and launched themselves and their kick became a powerful spear.

Red Hood and Winter Soldier: SPEAR KICK OF DESTINY!

They skewered numerous terrorists and killed them instantly.

Me: That's that.

My watch beeped and it showed that Dr. Doom was up to no good in the deserts of Algeria.

Me: Lets go!

We set out for Algeria.

---

At Dr. Doom's terrorist hideout in Algeria, Dr. Doom and his Doombots were getting ready to launch a full-fledge all out Nuclear Assault on the United States Capital.

Doom: (German Accent) What do you want, Faust?

Felix Faust: I want you to join us in the Legion of Doom. It's not too late, you know. You still have some time to join up before Team Loud Phoenix Storm kills you.

Doom: Your concern is touching, but hardly necessary. All you and your allies seem to be are misfits trying to be conquerors. I do not require your assistance and you are not worthy of mine. I wlll face Team Loud Phoenix Storm and the Fantastic Four on my own terms. Now leave.

Felix Faust: Very well. But I gave you a chance to join us and survive. Remember that. (teleports out with his magic)

Suddenly without warning a huge fiery explosion blasts a hole into the ceiling and we all came in.

Me: You all will die for everything you've done.

Doom: The famous J.D. Knudson of Team Loud Phoenix Storm.

Me: Dr. Victor Von Doom A.K.A. Dr. Doom. We've heard so much about you and your crimes. Your empire will be destroyed by the time we're finished with you.

Nico: You know, Doom. You really should've listened to Faust and joined the Legion of Doom. You would've survived longer. After all, the group does have your name.

Doom: Yet all I see in that group is incompetence!

Me: The Legion of Doom will pay for their crimes. Like you will.

Mr. Fantastic: (Offscreen) Let us help you out.

They landed and standing before us was the Fantastic 4.

Me: No way! The Fantastic 4!

Lily: You guys are awesome!

Mr. Fantastic: It's an honor to meet you all Team Loud Phoenix Storm. The Avengers and the Justice League told us a lot about you.

Me: It's an honor to meet you all too. Come on guys! Lets make this freak and his little toys pay for everything he has done!

Everyone: Yeah!

Thing: IT'S CLOBBERING TIME!

We went and thrashed apart Dr. Doom his robots.

Onua was bashing and slashing some of his robots apart with his earth blade saws and Venom was blasting them with black web and punching them and ripping them apart.

Onua: Lets get them with our combo Venom!

Venom: We will gladly help Onua.

Onua caused a lot of Earth to upheave and Venom fired black web.

Onua and Venom: SHREDDER WEB SHRAPNAL!

The web became razor sharp earth shards and skewered the robots and they exploded.

Doom (punches Venom): Ah. Edward Brock. The symbiotic lethal protector. You used to be feared and ferocious. But joining Team Loud Phoenix Storm has made you weak!

Venom: No. It's made us better people. And it's proven that we still have our humanity. Unlike you!

Venom punched Dr. Doom and I kicked him in the face. Lincoln decided to face him.

Whenua threw numerous shards of earth and crystal at the robots and Elena fired blasts of lightning at them and they exploded.

Whenua: Lets use our combo on them Elena.

Elena: Got it.

Whenua threw numerous shards of Earth and Elena fired a blast of lightning from her Keyblade.

Whenua and Elena: THUNDEREARTH DRAGON CARNAGE!

The techniques combined and turned into a dragon of earth surging with lightning. The dragon went through several robots and blasted them apart into pieces.

2D Man was punching a bunch of robots apart with his big fists and Mr. Fantastic wrapped around some of the robots and spun them around like fast moving tops and they got so dizzy that they shorted out and exploded.

Mr. Fantastic: Lets use our combo on them.

2D Man: Lets do it.

2D Man and Mr. Fantastic wrapped around some of the robots.

2D Man and Mr. Fantastic: SPINNING STRETCH STRIKE!

They spun numerous robots around and they all crashed into eachother all at once and exploded.

CRASH!

KRABBBOOOOOOOOOOOOOMMMM!

2D Man: That was awesome!

Mr. Fantastic: It sure was.

The Invisible Woman was blasting robots around with her invisible blasts and Freon froze them with her ice powers.

Freon: Lets freeze them with our combo Susan.

Invisible Woman: You got it Mary.

Susan formed an invisible force field disk and Freon froze it with her ice and turned it into a massive sawblade of pure ice.

Invisible Woman and Freon: ARCTIC BLIZZARD SAWSTORM!

They threw the disk of ice and slashed numerous robots into pieces and blew them apart.

Human Torch and Magma were firing blasts of fire at the robots and they were exploding and melting.

Magma: Lets get them with our combo Johnny.

Human Torch: You got it.

They both fired huge blasts of fire.

Magma and Human Torch: VOLCANIC FIRESTORM RAIN!

The fire blasts became a huge shower of lava and blew the robots apart in a huge shower of fire and lava.

Thing and Brickhouse were punching and smashing the robots and causing them to explode all over.

Thing: Lets use our combo Brickhouse.

Brickhouse: You read my mind Thing.

They linked hands and ran at the robots and turned into a huge bull.

Thing and Brickhouse: RAMPAGING BULL DESTROYER!

The massive bull smashed many robots to pieces.

Thing: That was awesome!

Star was firing spells from her hands.

Star B.: Cupcake Blast!

She fired Cupcakes from her hands and they hit the robots and blew them apart.

Star B: Narwhal Blast!

She fired a number of Narwhals from her hands and they skewered and flattened some robots.

Takanuva fired blasts of light from his hands and spear. Takanuva's Human form is a blond hair man with yellow eyes and a rainbow Australian Outback Style uniform.

Takanuva: Awesome job Star. Lets finish them with our combo.

Star B.: You got it Takanuva.

Star fired a blast of rainbow light and Takanuva fired a blast of light.

Star and Takanuva: PHOTON RAINBOW NEUTRALIZER!

The blasts combined and turned into a deadly rainbow laser that slashed and burned the robots and blew them up.

Takanuva: You've learned a lot Star.

Star B.: Thanks Takanuva.

Nico was punching, blasting and pounding the robots and Superman was blasting the robots with his laser vision and freezing them with his Freeze Breath.

Nico: This is getting awesome! Lets finish the rest of the robots off with our combo Kal.

Superman: You got it Nico. A Saiyan-Kryptonian Combo is brilliant.

Nico: Just to be on the safe side though. You'll need this.

Nico gave him a lead suit that will protect him.

Nico: The Combo uses Kryptonite and I can't take the chance of you getting poisoned.

Superman: Good thinking.

Superman put on the lead suit.

Nico pulled out a chunk of Kryptonite and fired a focused blast of its radiation like a deadly laser and Superman fired an energy blast from his fist. It was a new move he invented.

Nico and Superman: KRYPTONITE LASER OBLITERATOR!

The blasts combined and turned into a lethal Kryptonite laser and burned the rest of the robots apart.

Nico: That was awesome!

Superman: It sure was Nico. Where did you get that chunk of Kryptonite though?

Nico: J.D. gave it to me. After we put Lex Luthor in prison he gave me this chuck of Kryptonite to use only when necessary. I can focus it into a deadly laser.

Superman: That's exactly the same kind of power used by Metallo.

Nico: John Corben A.K.A. Metallo?

Superman: That's right. You know him?

Nico: (Chuckles) Funny you should mention that. I faced him a while ago in the Philippines and beat him. It was a fight I will always remember.

Superman: That's amazing.

Lincoln was now facing Dr. Doom himself.

Lincoln: You will pay for everything you've done Doom.

Dr. Doom: We shall see brat!

Me: This is the real Dr. Doom guys.

Lincoln and Dr. Doom went at eachother and Lincoln punched him in the face and Dr. Doom punched at him and he blocked it. They were punching and kicking eachother at an extremely brutal and ferocious level. Powerful shockwaves and explosions were blowing some of the lab and lair apart in huge fiery explosions. Lincoln and Dr. Doom then clasped and locked hands and they flared up powerful lightning auras and their lightning was so strong and so powerful that it was blowing everything apart because of a massive electromagnetic field. But Dr. Doom's lightning powers were only making Lincoln's lightning powers stronger and more powerful. Lincoln kicked him in the face and they went at eachother again and the power of their attacks was causing much of the planet to shake. Lincoln then punched Dr. Doom in the stomach and kicked him in the face with a powerful uppercut. Dr. Doom belched out a huge amount of blood if you can call it that.

Dr. Doom: This can't be happening! I am Dr. Victor Von Doom! The most powerful, most evil and greatest scientist of all time! How could I lose to a child like you!?

Lincoln: Because you care about no one other than yourself.

Me: Let me face him now Lincoln.

Lincoln: Okay J.D.

Me: Now you die Dr. Doom.

Dr. Doom: You first J.D.

Me: (Cups hands to side) KAAAAA! MEEEEE! HAAAAA! MEEEEE!

Dr. Doom fired a massive blast of lightning at me.

Me: HAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA!

I fired a Kamehameha Wave and our blasts collided and a massive struggle began.

Dr. Doom: No! That blast is as strong as my lightning!

I intensified my blast and it overtook Dr. Doom's lightning and blew him into the wall and it exploded with incredible power.

KRABBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

When the smoke cleared Dr. Doom came out but he was still alive.

Dr. Doom: You all may have won but I will get the last laugh.

Me: What do you mean?

Doom: I am not afraid of death, Knudson. I knew that there was a high chance that I would fall on this day. But if Doom dies here, you will as well!

He pressed a button on the remote control and an alarm sounded.

Computer: SELF-DESTRUCT SEQUENCE HAS BEEN ACTIVATED. 1 minute until detonation.

Dr. Doom: This base will explode with the power of 300 Teratons of TNT!

Me: You're mad! That'll destroy the entire planet!

Dr. Doom: I know. Even if I live I still have my diplomatic immunity. I'm taking you all with me to Hell!

Nico: I think not. I called the President.

Me: (Imitating Danny Glover) It's just been revoked.

We all teleport out of there and I place a powerful force field over the hideout to contain the explosion. Then the whole base exploded with incredible power.

KRABBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The explosion generated a blinding white flash that was as bright as a million suns and it was so powerful and so incredibly devastating that we felt the incredible power of the shockwave from it. Luckily the force field was holding. When the explosion faded 20 minutes later there was a massive crater in the ground 50 miles wide and 6000 feet deep.

Me: Wow! What power!

Superman: Good thinking with the force field J.D.

Me: Thanks Kal.

Mr. Fantastic: What happened to Dr. Doom?

Me: His energy signal has completely disappeared. He's dead.

Human Torch: Good riddance.

Lincoln: You said it.

Me: Yep.

---

We later went on a tour of the Baxter Building and surprisingly it was located in Gotham Royal York.

Me: Your headquarters is magnificent Professor Reeves.

Mr. Fantastic: Thank you J.D. We work long and hard to help protect humanity just like you guys do.

Me: I believe it.

Vince: You have to remember though that With Great Power Comes a Great Responsibility.

Stan Lee: That's right guys.

Me: Stan Lee!? You're a janitor here too?

Stan Lee: I have many jobs around the cosmos.

Varie: You sure are full of surprises.

Laney: He sure is.

We then saw Thing's room all pink and we laughed ourselves silly while he was annoyed and disgruntled.

---

When he was done they were amazed and shocked.

Sunny Starscout: Wow! That is amazing! So J.D. has unfinished business from 3 years ago to settle with him.

Spyro: Yep he sure does and he's going to make up for it by making sure Doom is added to the Warp's Collection so to speak.

King Hiss: That is a really good reason. Lets do it!

They fired waves of gravity and magic and smashed him down.

Leni: That was totes fun!

Twilight Sparkle: That was amazing!

---

## Lori Loud, Applejack, Apple Bloom, Earth Skylanders, Teresa and Arpeggio VS Leonard the Pig King - Lincoln's Rescue in Storm of The Century

---

Leonard was next.

Leonard: (to Lori) I heard Lincoln's rescue yesterday was in Storm of the Century. How'd that go?

Lori: It was literally the coldest and scariest adventure we've seen. We took down Andre Linous and that was amazing.

Applejack: It sure was. I thought it was so amazing that Linky did that.

Apple Bloom: It was also Nicole Hernandez that did it too.

Flashwing: That was so awesome to see.

Leonard: Wow! I remember reading Storm of The Century and that was a scary book. But it was also a really scary movie. 2 parts I think.

Lori: That's right. It was. 264 minutes. 4 hours and 24 minutes.

Leonard: Wow! That is amazing! And it was on TV back in 1999. That is amazing. Lets do it!

They fired waves of wind, earth, rock, crystal and apples and smashed him down.

Lori: That was literally awesome!

Applejack: YEEHAW! That was great!

---

## Fiona Hernandez the Uria, Lord of Searing Flames Gene-Slammer, Apple Bloom, Sweetie Belle, Scootaloo, Diamond Tiara, Silver Spoon, RD Lola and Misty Tredwell VS Kimberly Ann Hart the Pink

# Ranger Slayer - Nico's Rescue in Firestarter

---

Pink Ranger Slayer was next.

Pink Ranger Slayer: I heard that yesterday Nico went to the facility from the 1984 movie Firestarter. How did that go?

Fiona Hernandez: That went really well. Firestarter is one of my favorite movies and books. That was so awesome how a little girl like Charlie was gifted with such an incredible power like Pyrokinesis and that she can start fires with the power of her mind.

Apple Bloom: But it was absolutely terrible that the government wanted to use Charlie as a weapon for their own sick gain!

Sweetie Belle: Yeah that is awful! What happened to her was absolutely terrible!

Scootaloo: No kidding! That was horrible! It's hard to imagine that there are people like that who want to use people that have powers for weapons.

Diamond Tiara: That is just absolutely despicable.

Silver Spoon: It sure is awful!

Misty Tredwell: It's like they only want to start wars instead of using them to make friends.

Pink Ranger Slayer: Yeah no kidding. Poor Charlie. She went through hell. Lets do it!

They fired waves of fire and elements and smashed her down.

Fiona Hernandez: FIRE WINS!

Cutie Mark Crusaders: CUTIE MARK CRUSADER VICTORY! YAY!

---

Weddinmon was next.

Weddinmon: It's just absolutely sickening that Charlie was going to be used as a weapon like that.

Marie Hernandez: You're not kidding there. It just infuriates me that government agencies want to use superheroes, supervillains and people that have incredible powers like that for war and as weapons of destruction. Terrorist organizations did that too. I've also seen it in comic books, movies and on TV and that is just horrible. Nico told us all about what happened back then and that was horrible. Superheroes, supervillains, mutants and people that have incredible powers are all human beings and not to be used as tools of war that are replaceable! They have feelings and desires and dreams and no one should ever use them as tools and weapons of destruction!

The Fearful Five cheered for Marie.

Frozen Fright: You said it Marie. These are all human beings! Not toys for someones sick pleasure.

Thunder Terror: There's no honor in using people like that.

Magma Gloom: Yeah no kidding! They have feelings like everyone else does.

Toxic Horror: And they deserve to be treated like normal people.

Louie PoisonSea: You said it brothers. What these people have done to good people like Charlie is something that can never be overlooked. America is a place of happiness and freedom. Not Slavery and war.

Weddinmon: Well said guys! Well said! Lets do it!

They fired waves of lightning and elements and smashed her down.

Marie Hernandez: LIGHTNING WINS!

Fearful Five: FEARFUL FIVE VICTORY!

Nico: They just wanted to show off their new transformations they got. I think it was really cool.

Silver Horns: That makes sense.

Nico: Yep.

Nico teleported and opened Silver Horns safe and in it was a bunch of swords called the Destroyers of Doctor Doom, they're large swords with the symbol of The Yost Fantastic Four and the anti-Doctor Doom symbol etched on the 6'5" massive, wide, double-edged man-sized blue blades, large white eagle heads with blue gems for eyes for the crossguards, large blue patterned gems for the hilts, longer black handles, and four large white eagle heads with blue gems for the eyes and in the open mouths. He summoned OMEGA RIDLEY!

Nico: YEAH! Get ready Doom. (EYES GLOW RED) We're coming for you and you will pay for your crimes.

Me: (Eyes glow red) You and I have an old score to settle Doom and this time you will pay for everything you have done at my hands.

We were off to the Doom Fortress.

We arrived at the Doom Fortress.

Nico: There it is. Dr. Doom's impenetrable fortress.

Me: Yep. This is gonna be awesome.

YOST RONAN then appeared!

Yost Thing: So, clobberin ya the first time today didn't stick, huh?

Yost Ronan: Helping Doom kill you fools will send a message to the Avengers of this world. And even without my hammer, I am still a force to be reckoned with!

Just then, we heard the sounds of driving and transforming.

?: Rescue Bots, Roll to the Rescue!

Georgina: I know that call anywhere!

Out came Heatwave, Cody and the Rescue Bots!

Georgina: Hey guys!

Cody Burns: Georgina!

They hugged!

Nico: Wow! Great to see you guys here.

Heatwave: Same here Nico.

Georgina: Let me help you guys!

Cody Burns: Okay. You guys go after Doom. We'll deal with Ronan here.

Me: Thanks Cody. We owe you guys big time for this.

Nico: Be careful guys.

We went in.

Brain Freezer then appeared.

May: Thanks for coming, Brain Freezer.

Brain Freezer: Anytime May.

Aylene C.: Now we can fight Doom together.

Brain Freezer: You said it babe.

We continued on and in a throne room was YOST DR. DOOM!

Brain Freezer faced him.

Yost Doom: So, you must be one of the sorry excuses for the Masters of Evil.

Brain Freezer: Hey, I'll have you know that we ARE the Masters of Evil!

Yost Doom: (chuckles) You can come out now, Knudson. I wish to offer you a deal.

The symbols of the Dark Signers swirled around him and then converged and then…

KRABBBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion went off and a phoenix cry was heard and we came out.

Me: AWWW You ruined our good entrance!

Nico: Yeah and we had something awesome planned for you when we came!

Yost Doom: Whatever.

Me: You and I have an old score to settle Doom. I couldn't kill you in our universe because you blew yourself up. Now I'm going to make up for that by destroying you!

Yost Doom: We'll see about that!

Nico: Oh we will.

Yost Doom: But first J.D. hear my offer.

Me: (growls) Doom, your offer better be good!

Yost Doom: Oh, it most certainly is.

Yost Doom stepped aside to reveal a time portal. And it currently had a doorway to the day I moved to Gotham Royal York.

Me: Is that-?

Nico: A time portal?

Yost Doom: The day when Nicolas Chan over there joined all of you? Yes. All you have to do is go through it and turn him away. Then you'll be full time leader again. After all, weren't things simple enough when you were in charge and Nico wasn't in the picture?

Nico: Okay, I admit that things were simple. But simple isn't always fun.

Yost Doom: Ramble all you want, Chan. But either way, your days of being leader are about to come to an end.

Yost Reed: Either way, I think we'll take your time portal when we're done with you. Who knows when it might come in handy?

Nico: It sure is handy.

Me: As tempting as that offer is Doom, NO THANKS! I'm happy with

Nico being leader now and you can take your offer and shove it up your fat pineapple-eating metallic a**!

Yost Doom: (GROWLS) It's shame you refused my offer. Now, you'll never be leader ever again. Not that you'll live long enough anyway. Doombots! Swabbies! Come!

An army of Swabbies and Doombots appeared.

Nico: Swabbies and Doombots!

Me: Now we're talking! And Doom you will pay for everything you've done! (In my head) I will never forgive you for everything you've done doom. You ruined so many innocent people, hurt countless lives and committed numerous crimes against nature. I won't let you get away with everything you've done!

In my head I felt something snap inside me.

Me: (In my head) And I won't LET YOU TORMENT ANYMORE LIVES EVER AGAIN! (OUT LOUD) AAAAAAAAAAAAAAAAAAAAAAAAAAAAAHHHHHHHHHHHHHH!

I SCREAMED LIKE A MADMAN AND THEN…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive explosion of incredibly powerful energy and fire and elements blasted out around me and blew many of the Doombots apart! I was screaming like a madman as the ground was shaking violently from the incredible extent of the fury of my power!

Nico: HOLY MACKEREL!

Eli: WHOA! WHAT POWER!

Vegeta: (GASP) IT'S UNREAL!

Goku: INCREDIBLE!

Trunks: This is it!

Piccolo: J.D.'s power is mindboggling!

Varie: WHOA!

I then exploded into my SUPER ANGEL ELEMENTAL FRIENDSHIP GOD FORM and then I RELEASED THE ULTIMATE EXTENT OF MY POWER COMBINED WITH THAT OF THE INFINITY STONES IN ONE MASSIVE AND INCREDIBLE EXPLOSION OF POWER!

EXTREMELY MASSIVE EXPLOSION OF INCREDIBLE POWER!

The explosion completely obliterated the entire fortress in an instant! When the smoke cleared, I emerged forever changed!

(IMPERATRIX MUNDI PLAYS AT 1:35 TO 2:14)

I was now far more powerful than ever and I had rainbow clothes that were irradiating with intense power and my rainbow ethereal wings were now bigger angel wings of pure rainbow energy and my sword was more powerful then ever as I had rainbow fire swirling around the blade. On the back of my shirt was the kanji for "James Dean Knudson, Powerful Leader of Team Loud Phoenix Storm, Golden-Hearted Loving Future Husband of Many Wives, Golden-Hearted Loving Father of Many Children, Golden-Hearted Loving Brother of The Loud Family and Many Friends All Over The World, Amazing and Powerful Student of Many Masters, Brave Warrior and Savior of The Universe and Beyond, Master of The Elements of Harmony, The Infinity Stones, God of Friendship, Champion of Light, Justice, Friendship, Love and Hope, Destroyer of Evil, Destroyer of Irredeemable Black-Hearted Villains, Monsters, Power-Hungry Bastards, and Maniacal Tyrants, Emissary of The Cosmos and The Heavens, Ambassador of Harmony and Love, and God of Justice."

I transformed into a SUPER ANGEL FRIENDSHIP GOD ETERNAL INFINITY RAINBOW MASTER!

Everyone was in awe!

Nico: WHOA! J.D. you look incredible!

Eli: Unbelievable! Wow!

Allie Wilde: Awesome! How do you feel J.D.?

Me: (Divine Echoing Cosmic Infinity Voice of The Elements) **I feel amazing Allie. Now it's personal for me and it's time for Doom and I do some catching up.**

Nico: Wow! This power is incredible! You have really ascended!

Yost Doom was shaking in fear from the ultimate extent of my power as it was beyond anything he ever had seen.

I fired a massive blast of energy and blew apart many Swabbies and smashed the Doombots everywhere.

Nico: WHOA! That was powerful!

Laney: Unbelievable!

Then then Swabbies and Doombots jumped the Yost 4!

The Yost Fantastic Four lay defeated at the hands of the Doombots and Swabbies.

Yost Doom: (chuckles evilly) It's a shame it had to end this way after so many years, Richards. But now, it's time to end our rivalry.

Human Torch: (burns a Doombot) Guys, I don't mean to bring up bad news. But our Yost counterparts are in trouble!

Bloom then got an idea.

Bloom: (to everyone watching) Everyone out there in both worlds!

Lend the Fantastic Four your strength! They get stronger with your support! When I go "1, 2", shout "It's clobberin time"! Okay? 1, 2…

All: IT'S CLOBBERIN TIME!

Bloom: One more time! 1, 2…

All: IT'S CLOBBERIN TIME!

Bloom: Louder! 1, 2…

All: (LOUDER) IT'S CLOBBERIN TIME!

At these words, Yost Reed found the strength to get back up.

Yost Reed: They're right. Too many people are counting on us for us to give up now!

A Doombot was about to finish Yost Reed off but he grabbed it and threw it at a Swabbie.

Yost Reed: Thank you all for your encouragement.

Yost Mole Man: I'm honestly not used to praise from the surface world.

Yost Susan: You'll get used to it.

Yost Thing: Nice use of my line back there!

Yost Jen: (chuckles) I'm not even Hulked out right now.

Yost Johnny: Keep watching, folks. You're in for a show!

Nico: Now lets get him guys! Dr. Doom you will pay for every one of your crimes!

Bloom: Let me transform with you guys!

Megaforce Rangers: LEGENDARY RANGER MODE! RPM!

The Megaforce Rangers turned into the RPM Rangers!

Bloom's eyes then glowed neon orange and fire swirled around her with a fire aura.

Bloom: Doom I will never forgive you for everything you have done. You have caused nothing but pain and suffering and now you will face the divine wrath of justice!

Then, Bloom was surrounded by a massive vortex of orange and blue energy with flames, dragons, and phoenixes surrounding it, there was a dragon flying around the vortex, and inside the vortex is an orange phoenix. Then, as the vortex faded, Bloom had emerged, but she was changed forever.

Nico: ATTACK!

We went at the Doombots and Swabbies and smashed and blasted them apart all over!

Me: Your time has come Doom!

I teleported and punched him in his face with devastating force and blood splattered all over the place from out of his mouth and then I punched him in his stomach and kicked him in the chest and grabbed him and threw him into a steel girder!

KING GHIDORAH THEME PLAYS!

OUT CAME A MASSIVE NEW GALACTABEAST AND IT LOOKED LIKE KING GHIDORAH FROM 2018! IT ROARED WITH INCREDIBLE POWER AND IT WAS READY FOR ACTION!

Eli: WHOA! King Ghidorah from 2018!

We got out.

The Yost Fantastic Four explored the wreckage of the large Doombot to search for Doom when they heard his voice.

Yost Doom: I suppose this is the part where I go back to castle and you let things continue as normal.

Yost Thing: Why the Hell would we do that?! You know damn well that we're gonna kill you today!

Yost Doom: Oh, Grimm. Did you forget that if it wasn't for me, the Avengers wouldn't have been able to defeat the Skrulls in the first place? You could at least give me some credit by letting things continue like usual

Yost Reed: You only helped Tony complete his Skrull Detection Device for your own benefit, Victor. Deep down, we know you only care about yourself.

Yost Susan: Besides, we're getting pretty sick of having to chase you down every other week, after you cause misery to dozens of people each time. And yet, we just let you retreat you back to Latveria and hope you magically change your ways!

Yost Doom: (chuckles) Oh, my dear Susan, just think of it as a running gag!

Yost Doom came out of the smoke and charged at Yost Susan in an attempt to kill her. But Yost Johnny threw a fireball at him that burned through his chest and knocked him to the ground.

Yost Doom: (glares at the Yost Fantastic Four) Are you fools happy now?!

Yost Johnny: (serious for once) No. Honestly, it's a shame. I'm gonna miss punching you in the face. Because the funny thing is, even after all this, even after you JUST tried to kill Sue, we still would've let things continue like old times.

Yost Doom: (chuckles weakly) Oh, Storm. I have to admit. That actually is… pretty funny!

Yost Doom started choking as he finally laid still, never to rise again.

His evil spirit appeared.

Me: You've terrorized the world for the last time. (Holds hand out to him) HAKAI!

He was glowing purple and he was faded as I banished him to the Warp!

Yost Doom: I HATE YOU FUCKING HEROES! (FADES)

Nico: Good riddance.

Shiv: (to Yost Johnny) I actually didn't expect you to be the one to kill Doom.

Yost Johnny: Well, at least he's dead either way, right?

Hydro Man: You're right about that.

Webstor: And this time, the Doom of this world is actually dead. No Doombots in his place.

King Hiss: Not bad for our first mission here.

Leonard: (to the Rescue Bots) You guys helped too.

Me: You sure did.

Heat Wave: We sure did.

Yost Reed: (to Cody Burns) It'll be a pleasure to see you when the time comes.

Cody Burns: I'm looking forward to it.

Yost Reed shook hands with Cody while Heat Wave fistbumped Yost Thing.

Me: We owe you all big time for helping us Cody and you too Heatwave. Thank you.

Heatwave: Anytime guys.

Cody Burns: It was awesome.

Me: Yep.

?: I shall freeze all of you to death!

Lincoln: I should've known that one of the Twisted Princesses would be here. You can come out now, Twisted Anna.

A ghostly figure came out, and it was none other than Twisted Anna, the twisted version of Anna, she may look physically the same, but she's actually a snow spirit, she still has the same green eyes, but the sclera of her eyes were black, and she has long black fingernails, and a malicious grin on her face.

Nico: (Gasps) Oh man, is that…?!

Allie Knudson: Yeah, Nico, that's the twisted version of Anna, who died after freezing to death in Elsa's arms, and then, she was killed by Hans, who got his hands on the throne of Arendelle.

Me: That bastard.

Anna: What could've happened to her to make her like this?

Elsa: I'm wondering the same thing.

Kristoff: Same here.

Helena Knudson-Nicos: You won't like what I'm going to tell you what made her into this, and we all know who's to blame for this one: Hans.

Helena proceeded to tell us the whole story of Twisted Anna, and as predicted, we were going to be horrified by her story.

When Anna was frozen completely, Hans got up quickly and pulled out a dagger and killed Elsa who was holding onto Anna's body. Kristoff then got into a fight with him. But Hans managed to injure him and Sven took Kristoff away. With both sisters gone, Hans' desire to be ruler of Arendelle came true. But the ghost of Anna lived on. Hanging on to the power of love for her sister and hatred for Hans, she came back as a snow spirit and scared everyone away. Hans was all alone now. She froze him with the powers that were once her sister's and now haunts Arendelle that the land belongs only to her and nobody else.

When Helena Knudson-Nicos was finished, we were enraged at what Hans did.

Me: I knew Hans was a greedy, psychotic, power-hungry bastard, but he made the big mistake in killing Anna and Elsa.

Nico: And due to the love she had for Elsa and the hatred she now harbored for Hans, she came back as a snow spirit and scared everyone away, leaving Hans all alone, and she froze him with the powers of her sister.

Lincoln: It's true that we hated Hans for what he did, but what Anna did in scaring everyone away and taking her revenge in that manner, she's forgotten that revenge isn't the answer for anything. She needs to be stopped.

Bloom: And that's what I intend to her.

Suddenly, Bloom's blue eyes turned neon sky blue, and she was surrounded by an orange and blue energy aura with flames, dragons, and phoenixes, she unholstered her massive Destroyer of The Trix sword from her back, and as she approached Twisted Anna, she left orange and blue energy, flames, dragons, and phoenixes with every step.

Bloom: Twisted Anna, what happened to you because of Hans was indeed tragic, but when your soul and heart gave into hatred and rage and you proceeded to kill anyone who got in your way, you have crossed the line, and now, you must be stopped once and for all.

Then, Bloom was surrounded by a massive vortex of orange and blue energy with flames, dragons, and phoenixes surrounding it, there was a dragon flying around the vortex, and inside the vortex is an orange phoenix. Then, as the vortex faded, Bloom had emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Bloom grew from 6'0" to 6'5" in height, she still had the body of a goddess, she had sky blue highlights in the bangs of her long orange hair, she has sky neon blue eyes and an orange and blue energy aura with flames, dragons, and phoenixes surrounding her, she has a dragon with the Fire Kanji in its claws emblazoned on her forehead, she has on dragon earrings with orange crystals for the eyes and the Fire Kanji in its claws and a necklace with blue crystal links from her Crystal Necklace of The Buddha with a phoenix holding the Fire Kanji in its claws for the pendant, she has on a sleeveless blue blouse with orange phoenix on it, blue skirt with flames on them, blue pants, blue high heels, and a blue long sleeveless trenchcoat with dragons, phoenixes, and flames on the coattails and on the back is a dragon with flames surrounding it. Bloom has on blue weighted bands with silver phoenixes on her biceps and thighs.

Bloom has massive orange angel wings with light blue tips on the large orange feathers, her massive Destroyer of The Trix sword was then enveloped in a kaleidoscope of flames and orange magic, and when it emerged, it was transformed into Domino's Guardian Fairy Sword of Love, it's a new large sword with a 6'5" massive, wide, double-edged sapphire blue blade with the symbol of Domino and the anti-Trix symbol etched on it, large blue fairy wings for the crossguard, large orange gem for the hilt, longer blue handle, and large orange faceted sphere pommel with surrounding blue gems. Bloom has on her new Bracelets of the Champions of The Universe with large blue gems on her wrists, Belt of Elemental Bravery with large blue gem for the belt buckle on her waist, Star Sapphire Corps ring on her left ring finger, large blue Spellbook of The Gods and the Universe on her left hip and Eater of Sins revolver holstered on her right hip. There's an orange kanji right below the phoenix and fairies that said, "Bloom, Guardian Fairy of the Kingdom of Domino, Member of The Winx Club, Destroyer of The Trix and Valtor, Slayer of Evil, Deranged, Murderous, Blackhearted, Evil, Ruthless, and Sadistic Bastards, Defender of Alfea College and the Magix Dimension, Loving Girlfriend of Sky, Loving Sister of the Yost Fantastic Four, Friend to Many, Wielder of The Dragon Flame, and Master of Fire, Fairies, and Angels."

Bloom has transformed into SUPER ANGEL INFINITY WINX FAIRY DRAGON FLAME ANGEL OF MAGICAL JUSTICE AND DIVINE LOVE!

We were amazed by Bloom's Super Angel Infinity transformation, and when her boyfriend, Sky, saw it, he had an atomic red blush on his face. But, when Twisted Anna saw it, the snow spirit flew into a rage and fired a blast of ice, but Bloom fired a powerful blast of orange energy with flames, dragons, fairies, and magic, which overwhelmed the blast and hit the vengeful snow spirit.

Nico: (Stunned) Whoa, Bloom's become the next of The Winx Club to transform, awesome.

Tecna: (British Accent) That's incredible. Bloom, how do you feel?

Bloom: (Divine Echoing Cosmic Voice of Domino Flames and Draconic Love) **I feel incredible, Tecna, and now, I have to put a stop to Twisted Anna, and make sure that her soul can rest in peace.**

Bloom went at Twisted Anna, who continued firing blasts of ice, but Bloom dodged them, and she fires powerful blasts of orange energy, orange flames, dragons, and sky blue magic, which hits the snow spirit, and exploded with incredible power, and she attacked her with her massive Domino's Guardian Fairy Sword of Love, and it hurt her badly, despite being a spirit.

Bloom: **Sorry, Twisted Anna, but I can't allow you to torment anyone else ever again. DOMINO FLAME JUSTICE MEGABLAST!**

Bloom fired a massive orange energy blast with flames and symbols of Domino at Twisted Anna, and as they hit her, it exploded with incredible power, and destroyed her for good. We cheered wildly for what Bloom did, as she holstered her massive Domino's Guardian Fairy Sword of Love sword on her back and powered down, and

Bloom's new body, clothes, weapons, jewelry, and angel wings are permanent. Tecna, Musa, Stella, and Flora, along with the rest of us, went up to Bloom, and we hugged her, and she hugged us back.

Nico: Bloom, you did an awesome job in defeating Twisted Anna. At least now, her soul can rest in peace.

Suddenly, we saw that Anna's spirit had appeared, but she was finally purified of the hatred that she harbored. Then, she saw the spirit of her sister, Elsa, and they were reunited, as they headed for heaven. We had tears in our eyes.

Lincoln: Even though Bloom put a stop to Twisted Anna, I still can't help but feel sorry for her. What Hans did was utterly despicable and cold-hearted, he did all that because of jealousy and a lust for power, I'm so glad we got rid of him for good.

Anna: You said it, Lincoln.

Elsa: He was nothing but a monster.

Lincoln: Yeah, what a weasel-faced, black-hearted, two-timing, double-crossing, sidewinding, snake in the grass.

Applejack: (Laughs) That's the sort of thing I'd usually say, Linky. I think some of it is rubbing off on you.

Then, the Yost Fantastic Four ran up to Bloom, and they hugged her, and she returned it. Then, Bloom saw her boyfriend, Sky, walk up to her, and then, he hugged her, and she returned it. But, then, Sky did another bold tactic, and he kissed her, and she returned it, and we cheered for them.

Bloom: (To the viewers) This was a really awesome and amazing adventure and we hope you all had fun with this.

Nico: I know we did. Great job today everyone! You did really awesome today. Lets go home.

We later went back home and we enjoyed the rest of the day and went to sleep.

THE END

Another awesome fanfic done.

The Yost Fantastic Four is from the Fantastic 4: Worlds Greatest Heroes series and that was a really awesome and fun series. I thought it was really cool seeing all kinds of awesome villains and heroes and all that. The first part was for the 1999 movie Smart House and that was one of my favorite Disney Movies and it was so awesome. A house of the future being an amazing home for you is incredible. That movie came out on June 26th, 1999 and it was awesome. The second part was for the 1995 movie Magic Island. Sorry if I'm starting to sound repetitive but it was great. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be in the CatDog episode The Great Parent Mystery and Nico, Becky and Swamp Thing are going to Yokelburg and they are going to face UNHAPPY CATS AND DOGS that are in an all out Hatfields & McCoys Caliber feud and that is gonna be intense. They are also going to meet a Methanosian Gene-Slammer named Lena Windsor from England. Lincoln's Rescue is gonna be in the CatDog episode Diamond Fever and they are going to find a massive number of diamonds under their house and deal with that stupid gopher that says Finders Keepers. They are also going to meet a Life Stream Dragon Gene-Slammer named Heather Riley and she is gonna tell us during the exercise scene how she, Lori and Lincoln brought down that ruthless thug Gisele Razor and send her to prison out of state and free all of Michigan from her terror. GET READY TO LAUGH

---

In the Appalachian Mountains, Nico, Becky and Swamp Thing were traversing the mountain trails.

Nico: Thanks for coming with me, Becky.

Becky: No problem Nico. It's gonna be so amazing to go on one of your awesome rescues.

Swamp Thing: And I'm honored to that I'm going on one of your rescues too Nico.

Nico: Yep and it's awesome to hike through the Appalachian Mountains. I always love a good hike.

Becky: Me too. Good for clearing your mind after everything that happened.

Swamp Thing: Boy you said it.

Nico: I'm honestly surprised that Yost Johnny killed Yost Doom.

Becky: Me too. After how J.D. said he was going to kill him I was expecting him to do that and not Yost Johnny.

Swamp Thing: But at least he did the next best thing and that is banish that monster to the Warp.

Nico: That's true. It was awesome though.

BONK!

Something hit Nico on his head.

Nico: OW! Huh?

Nico saw a dog bone?

Nico: A dog bone?

Becky: Where did that come from?

Nico: Whoever left threw this dog bone, please pick it up! Thank you.

Swamp Thing: I think it came from there.

They looked and saw a big house shaped like a dog bone and a house shaped like a fish and the bone house was on one side of the river and the fish house was on the other and the fish house was firing hairballs at the bone house and the bone house was firing bones and tennis balls covered in spit at the fish house.

Nico: Whoa this doesn't look good.

Becky: I think we stumbled onto a feud.

Swamp Thing: Between Cats and Dogs.

Nico saw a sign.

Nico: Welcome to Yokelburg - Home of Dogs and Cats Feuding with Each other for 10 years.

They gasped!

Nico: Oh shit! This is a Hatfields and McCoy Caliber feud except with dogs VS cats.

Becky: This is really bad!

Nico: We need to stop this!

Swamp Thing: Agreed! But something tells me this is not gonna be easy. There's only 3 of us and hundreds of them.

?: Make that 4!

A Methanosian appeared!

Nico: Whoa a Methanosian!

Methanosian: (In a girls voice) (British Accent) Long time no see Nico my chap.

Nico: That voice. Lena Windsor?

Methanosian: It has been a while Nico.

Becky: Another friend?

Nico: Yep. She's from England. We can catch up later. Right now we have a feud to stop.

Lena reverted back and she was a girl with red and green hair and she had red and green clothes and green eyes.

Lena Windsor: I'll gladly help you out.

Nico: Awesome! Lets get them.

They ran and went to the middle of the feud!

Nico: Hey! Before you fire another round of ammo, can you please tell us what this is about?

Hound Dog McDog: It's those stupid cats! We will never get along with them because THEY ARE TERRIBLE FREAKS!

Nico: Lets not resort to name calling!

Pussycat Catfield: YOU DON'T DONE DON'T TELL US WHAT TO DO!

Nico: Oh yeah!?

Nico grabbed both Hound Dog McDog and Pussycat Catfield.

Nico: Excuse me you two but I must discipline the nannygoats!

WHAM!

He bashed their heads together!

Hound Dog McDog and Pussycat Catfield: OW!

Nico: I did not enjoy doing that!

Becky: But at least you learned something from Eli.

Nico: True.

Lena Windsor: It serves these dullards right for fighting like that.

Nico: Yeah. Now you blockheads stop this petty feud right now or things are going to get REALLY UGLY! Really fast.

Swamp Thing: That's right.

Becky: Yeah! That's the last thing we want is a repeat of the terrible Hatfields & McCoy's feud!

Nico: And lives will be lost if this war continues.

Lena Windsor: That's right you dullards!

The dogs and cats looked down in guilt.

Pussycat Catfield: Oh you're right.

Hound Dog McDog: We have been really terrible neighbors. But it was because of that stupid cat attached to that dog that did this to us.

Nico: You must mean CatDog. Look, it was all an accident. Can't you all bury the hatchet and get along? The world has enough hatred in it already without you adding to it.

They agreed.

Becky: What's your favorite memory of Nico?

Lena Windsor: I have tons of them. But my favorite memory would be when we were at a British Tea Festival and we saw a lot of amazing Teas from all over the world and they were amazing.

Nico: That was fun. It was really cool.

Becky: It sure is.

They later went back home and told us what happened and it was awesome.

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, Sima Yi, Jiang Wei, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), Musashi Miyamoto (Samurai Warriors), and Dana (Loud House) are heading to Nearburg, and not only is Lincoln going to rescue the seventeen girls there, but we're also going to find a massive number of diamonds under CatDog's house, and deal with that stupid gopher that says Finders Keepers.

Lincoln: Ah, we're back in Nearburg, and I know what we're going to do here, not only am I going to rescue the seventeen girls here, but we're also going to find a massive number of diamonds under CatDog's house, and deal with that stupid gopher that says Finders Keepers.

Me: That's right, big guy. It's been a long time since we've been here.

Luan: Yeah, the last time was when we first met CatDog, pummeled the Greasers, got Rancid Rabbit arrested and sent to prison, and CatDog got an upgrade to their house, and the Ingrid Twins moved in with them, and kicked that jerk Winslow out of the house.

Nico: I heard all of that from J.D. long ago, Luan.

TLPS Mr. Wolf: And on top of today's mission, we also got word that a Gene Slammer for The Life Stream Dragon is here too.

Lincoln: That's right. And thanks for coming with us on our rescue, Dana.

Dana (Loud House): You're welcome, Lincoln. This is going to be one awesome rescue and diamond hunt today.

We got to CatDog's house, and we knocked on the door, and we were greeted by CatDog, and we came inside. Then, we got to work by digging underneath the house outside, and soon enough, we hit the jackpot: we saw a massive mine filled with diamonds.

Lola Loud: Wow!

Luan: That's a whole lot of diamonds, awesome.

We got out all of the diamonds, and we put them into a scroll to use for later to upgrade CatDog's house.

?: Hey, those are mine!

We then saw a gopher pop out of the ground.

Gopher: You know the rules, finders keepers.

Then, Lincoln grabbed him and put him in a cage.

Lincoln: Those diamonds aren't yours, those diamonds were underneath CatDog's house, and we've discovered them, not you.

Cat: He's right, you greedy scoundrel.

Dog: Yeah.

Gopher: Say what you will, but that little mouse friend you kicked out long ago will have payback on all of you for kicking him out.

Cat: Winslow's back?! Where is he, you little dirt-digger?!

Gopher: I ain't saying anything!

Dog: You underestimate us. Fluttershy, if you would?

Lincoln: Actually, Dog, let me.

Suddenly, Lincoln used Fluttershy's stare on the gopher.

WARBLING

The Gopher was ultimately frightened by The Stare, it's as if he was looking into the eyes of the Devil himself. We were amazed by Lincoln using Fluttershy's Stare on The Gopher, and it worked.

Gopher: Alright, alright, I'll talk, he's in the city.

?: HELP!

Suddenly, Lincoln heard the sound of seventeen girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the seventeen girls, but they've been cornered by Winslow, and he has an army of Moogers with him, and they're going to kill them.

Lincoln: Guys, I found the seventeen girls, but they've been cornered by Winslow, and he has an army of Moogers with him, and they're going to kill them.

Luan: That little jerk!

TLPS Mr. Wolf: That's not good! We've got to stop that jerk Winslow, and then, we're handing him over to Vypra.

?: You got that right.

Suddenly, we saw the Life Stream Dragon descend and land in front of us, and when Lincoln and Lori heard that voice, they knew who it was.

Lincoln: Oh, no way, Heather Riley, it's you.

Lori: It's literally been a long time, but we'll have to catch up later.

Lincoln: You said it, Lori. Come on, everyone, let's get that little stinker, Winslow.

We rushed on over, and Lincoln fired powerful rainbow energy balls at a group of Moogers, and they hit them on their backs, and that allowed the seventeen girls to get to safety. When Winslow saw us, he was enraged when he saw us.

Winslow: Well, if it ain't the jerks who got me kicked out of my home. Now, I'll have my revenge on all of youse!

Lincoln: Cut the crud, Winslow, after everything you did to CatDog in making their lives a nightmare, you deserved to get thrown out of the house, and FYI, it's not your house, it's CatDog's house.

Luan: Yeah, and you're just a jerk who enjoys making their lives misery with your antics, and now, we're going to put an end to that, and put you in cage.

Cat: Preferably, in The Masters of Evil's prison in The Center of The Earth.

Winslow: Moogers, GET THEM!

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sima Yi, Sun Quan, and Jiang Wei got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transform, The Samurai Warriors got out their weapons, Dana transformed and unholstered her massive sword, and Me, Eli, Nicole, and Nico also transformed and unholstered our massive swords from our backs, and we went at the Moogers and Winslow, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, ice, lightning, steel orbs, stars, rainbow flames, orange flames, blue flames, ice, green flames, and life energy at the Moogers and destroyed them, and the barrage also knocked out Winslow, who was then put into a cage, and sent to The Masters of Evil's prison in The Center of The Earth. We cheered wildly as we holster our weapons and power down.

Lincoln: That'll teach that little jerk, Winslow. (To Heather Riley) And it's so good to see you again, Heather.

Heather Riley: It's really good to see you and Lori again too, Lincoln, it's been a long time.

They went up to each other, and they hugged, and Heather Riley was surprised at how much stronger and at how much taller and much more muscular Lincoln's gotten since she last saw him.

Lincoln: It sure has been a long time, I haven't seen you when you were eleven, and I've grown a lot since then.

Heather Riley: Yeah, I can see, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs, and Lori's also changed into an awesome woman.

Lori: Don't forget married, Heather. Bobby and I tied the knot years ago, and now, we're married, and we have kids.

Heather Riley: I knew that was about to happen.

Nico: Whoa, Lincoln, Lori, you guys know her?

Lincoln: We sure do, Nico. This is Heather Riley, she's a friend of me and Lori, and she also helped us in bringing down that thug, Gisele Razor, and sent her to the California Women's prison and freed all of Michigan from her reign of terror.

Nico: Whoa. Now, that's something I definitely want to hear later on.

Lincoln: You got that right. Now, let's get you back to normal, Heather. Boys, cover your eyes, hold still, Heather, this is going to hurt.

Me, Nico, Eli, and the rest of the boys covered our eyes as Lincoln snapped his fingers, and Heather was reverting back to normal. Heather Riley is a beautiful 17-year-old with long dirty blonde hair going down to the bottom of her neck, pink eyes, fair skin, she's 6'0" in height, and she had the body of a goddess. She also now has massive dirty blonde angel wings, as she reigned in the power of the

Life Stream Dragon.

Lincoln: How do you feel, Heather?

Heather Riley: Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Heather Riley a new wardrobe, a sleeveless orange shirt with a green phoenix and an orange skirt with the Life Stream Dragon on it, orange shorts, orange leather ankle-high combat boots, and a long orange sleeveless trenchcoat with dragons on the coattails and the Life Stream Dragon on the back, and on her back is a large Life Stream Dragon-themed sword with a 6'5" massive, wide, double-edged, man-sized orange blade with the Life Stream Dragon etched on it, the large wings of The Life Stream Dragon for the crossguard, large pink gem for the hilt, longer black handle, and four large orange dragon heads with pink gems for the eyes and four large pink gems in its mouths for the pommel.

Heather Riley: Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Heather Riley's neck with pink gems on the gold lightning bolts and brown crystals links from her new Crystal Necklace of the Buddha.

Heather Riley:(Surprised) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Heather.

Heather Riley had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the seventeen girls, and when Lincoln saw them, he immediately recognized them. The seventeen girls are Rebecca Anderson, Takatsuki Nanami, Millhiore Firianno Biscotti, Amerita Trumpe, Brioche dArquien, Eclair Martinozzi, Jaune Crafty, Leonmitchelli Galette des Rois, Lisl Conchiglie, Noir Vinocacao, Ricotta Elmall, Vert FarBreton, Yukikaze Panettone, Couverte Eschenbach Pastillage, Adelaide Grand Marnier, Risha Anrobe, and Violle Amaretto from Dog Days.

Lincoln: Oh wow, it's Rebecca Anderson, Takatsuki Nanami, Millhiore Firianno Biscotti, Amerita Trumpe, Brioche dArquien, Eclair Martinozzi, Jaune Crafty, Leonmitchelli Galette des Rois, Lisl Conchiglie, Noir Vinocacao, Ricotta Elmall, Vert FarBreton, Yukikaze Panettone, Couverte Eschenbach Pastillage, Adelaide Grand Marnier, Risha Anrobe, and Violle Amaretto.

Me: From Dog Days, awesome.

Lincoln: Are you girls okay?

Rebecca Anderson: Yes, we're okay, thanks to you.

Then, when Rebecca Anderson and the other sixteen girls saw who it was that saved them from the army of Moogers and that jerk, Winslow, their faces turned atomic red upon seeing the 17-year-old 7'0" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The

17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

He had his massive Sword of Universal Hope and Elemental Bravery holstered on his wider and muscular back, his orange Crystal Saber holstered on his left hip and his Eater of Sins revolver holstered on his right hip, the Pisces the Fish constellation and Aquarius Zodiac sign on the back of his neck and the Cygnus the Swan constellation on the back of his massive left hand, large weighted orange bands on his massive biceps and thighs with silver phoenixes on them, his large gold Cuff Bracelets of The Champions of the Universe with large orange gems on his large wrists, massive and indestructible deep sapphire blue angel wings and the stars and blue nebulae reflecting on them with rainbow tips on the large deep sapphire blue feathers, and he was dressed in an orange version of He Man 2002's loincloth with hanging silver lightning bolts and long orange trenchcoat coattails with elemental forces, Thunderbirds, Phoenixes, and Buffalo on them and with hanging mini silver lightning bolts held up by his large gold Belt of Elemental Bravery with large orange gem for the belt buckle on his waist, a pair of large blue pants with multicolored lightning bolts on the thighs with the orange kanjis "Savior of The Loud House, Powerful Student of Many Powerful Teachers, Shinobi of The Hidden Leaf Village, Member of The Crusaders of The Thunderbird, and The Unifier of The Three Kingdoms" on the left legs, and large white leather combat boots with gold lightning bolts surrounded by a circle of smaller gold lightning bolts and armor on the toe area, silver Buffalo head stud earrings with the Thunderbird and Eternity Kanji on it, a large Thunderbird Necklace of Eternal Love with colored gems on the gold lightning bolts with a large deep sapphire blue gem in the shape of a Thunderbird on top of a silver Buffalo head with the Thunderbird and Eternity Kanji on his neck and across his bare chest, large fingerless orange gloves with the symbol of The Loud House on it and surrounded in a diamond formation are a Phoenix, Thunderbird, Buffalo, and Angel, a large Orange Buffalo Animal Spirit Ring on his left ring finger, large Blue Lantern ring on his right ring finger, he had

Rebecca Anderson: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made sixteen clones of himself, and he and the sixteen clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Rebecca Anderson: Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, seventeen Thunderbird Necklaces of Eternal Love appeared around the necks of Rebecca Anderson, Takatsuki Nanami, Millhiore Firianno Biscotti, Amerita Trumpe, Brioche dArquien, Eclair Martinozzi, Jaune Crafty, Leonmitchelli Galette des Rois, Lisl Conchiglie, Noir Vinocacao, Ricotta Elmall, Vert FarBreton, Yukikaze Panettone, Couverte Eschenbach Pastillage, Adelaide Grand Marnier, Risha Anrobe, and Violle Amaretto with colored gems and crystals on the gold lightning bolts. We returned to the Estate, we told everyone what happened, and they were shocked when we told them the villains we went after were an army of Moogers, and that jerk mouse, Winslow, who wants revenge on us for kicking him out of the house when we first met CatDog five years ago.

But, when Lincoln showed what we did to the Moogers and Winslow and caged and used Fluttershy's Stare on The Gopher, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Heather Riley now have a lot of catching up to do, now that she's back, and we used the diamonds to upgrade CatDog's house, and it was turned into a massive and awesome mansion, and CatDog and The Ingrid Twins had it moved to Gotham Royal York. Winslow was sent to The Masters of Evil's prison, after his stunt for revenge was foiled.

---

After our diamond hunt underneath CatDog's house and throwing that jerk Winslow in the Masters of Evil's prison, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Heather Riley saw Lincoln working out like crazy, she had an atomic red blush on her face.

Heather Riley: Whoa, Lincoln's really grown to be a 17-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Heather, and now, I can also fight and defend myself.

Heather Riley: That's awesome.

Nico: It sure is, Heather. So, Lincoln told us you helped him and Lori in bringing down that ruthless, evil, and bloodthirsty thug, Gisele Razor, and sent her to prison out of state and freed all of Michigan from her reign of terror. Can you tell us about it?

Heather Riley: You're going to love it, Nico. It all happened long before you moved to Michigan, Lori, Lincoln, and I were walking home from our trip to the Mall, but then, we heard a scream. We rushed on over, and we saw Luan, but she was cornered by that bloodthirsty thug, Gisele Razor, and she was going to stab her and kill her. We couldn't let that thug get away with that, so Lori threw a shoe at her face, and it allowed Luan to get away. Gisele Razor was pissed off we stopped her, and she tried to kill us in a fit of rage, but Lori kicked that thug in the stomach and I punched her in the face, and Lincoln also punched Gisele Razor in the mouth, knocking her teeth out, and we knocked her down, tied her up in nylon rope, and while me and Lincoln were checking on Luan, Lori called the cops, and they took Gisele Razor away.

Lincoln: And Gisele Razor was found guilty of her crimes, and she was sent to the women's prison in California, and she was banned from Michigan forever, and we ended her reign of terror.

Nico: Whoa, now that was awesome.

Heather Riley: That bitch had it coming for trying to stab and kill Luan.

Lori: She sure did. But, during the last day of our around the world trip, we went to the women's prison in California, and I got into a fight with that bitch, but I defeated her, and we sent her to the prison on The Moon. But, then, she caused a big fight in the prison, and she tried to kill Ra's Al Ghul and over the last tater tot. Well, we roughed her up even more, and I did the job of killing her, and her soul was sealed into the Book of Vile Darkness. But, during the battle on Animatron, Gisele Razor came back from the dead as a half-human half-scorpion Heartless, but we destroyed her, and sent her to The River of Fire forever.

Lincoln: But, last year, when we went after Osebo, Gisele Razor escaped from The River of Fire, and she returned from the dead seeking revenge, and during a shopping trip that me and my harem went on, we ran into a couple of thugs Gisele Razor hired to kill us. But, we roughed them up, and I used my special information gathering skills by sucking out information from one of the thug's brains, and found out Gisele Razor returned from the dead and she wanted revenge on us for ending her reign of terror.

Heather Riley: That fucked-up bitch doesn't even know when to stay dead, does she?

Lori: No, she doesn't. But, Bayonetta, one of Lincoln's future wives, transformed, and she, Lincoln, and I went after Gisele Razor, and we destroyed her for good, and sent her to Oblivion for good, where she'll remain there for all eternity.

Nico: I wouldn't count her out yet, Lori. Remember what happened with Blackbeard yesterday? The same thing could happen with Gisele Razor.

Lincoln: If that happens, we're not hesitating with using The Black Gates on her.

Me: You got that right.

We then got a shower, and suddenly, the alarm sounded, and when Lincoln checked the computer, we saw that Robo-Manus, another enemy of The Battletoads, is causing havoc in the city.

Rash: Oh great, Robo-Manus is here.

Lincoln: So, another right-hand man of the Dark Queen is here. Let's get him.

We head out to confront Robo-Manus, and Lincoln fired a powerful rainbow energy blast, which hits the robot in the back. When Robo-Manus saw us, he was enraged.

Robo-Manus: BZZT, so, the famous Team Loud Phoenix Storm, along with the Battletoads, have arrived? FZZT, Now, I will have my revenge on you all!

Lincoln: Not a chance, you mutant biogenetic bucket of bolts and flesh!

Makoto Nanaya: Yeah, we're sending you straight to the scrapheap.

Suddenly, Makoto Nanaya's amber orange eyes turned neon amber orange, and she was surrounded by an orange energy aura with stars, galaxies, and squirrels, and as she approached Robo-Manus, she left orange energy, stars, galaxies, and squirrels with every step. Suddenly, Makoto Nanaya was surrounded by a massive vortex of orange energy with stars and galaxies surrounding the vortex, there's a squirrel running around the vortex, and in the vortex is an amber orange phoenix. Then, as the vortex faded, Makoto Nanaya emerged, but she was changed forever.

Suddenly, Makoto Nanaya's massive Destroyer of the Novus Orbis Librarium sword and her cross-shaped tonfas were surrounded by a kaleidoscope of orange energy as they merged, and when the kaleidoscope faded, it was transformed into a new large sword called Ratatoskr's Galaxy Sword of Cosmic Justice, it's a large sword with the Norse squirrel god, Ratatoskr, etched on the 6'5" massive, wide, double-edged, man-sized orange blade and surrounded by Nordic runes, two large squirrel heads with orange gems for eyes for the crossguard, large orange for the hilt, longer black handle, and four large squirrel heads with orange gems for the eyes and in its open mouths for the pommel. There's a gold kanji below the squirrel on the back that said, "Makoto Nanaya, Member of The World Void

Makoto Nanaya has transformed into SUPER ANGEL INFINITY AMBER SQUIRREL GALAXY ANGEL OF STARLIGHT LOVE AND SQUIRREL JUSTICE!

We were amazed by Makoto Nanaya's Super Angel Infinity transformation, and when Lincoln saw it, he had an atomic red blush on his face and hearts in his eyes. But, when Robo-Manus saw it, he flew into a rage and tried to attack, but Makoto Nanaya fired a powerful orange energy blast with stars, galaxies, and squirrels, which hit the genetic and mechanical mutant and sent him flying into a wall.

Lincoln: Whoa, Makoto, you look beautiful, how do you feel?

Makoto Nanaya: (Divine Echoing Cosmic Voice of The Cosmos and Squirrel Love) **I feel incredible, Linky. Now, shall we put an end to that overgrown pile of scrap metal?**

Lincoln: (Smiles) You got it.

Rash: Don't start without us, guys.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Makoto Nanaya, and they're also joined by the Battletoads.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **Let's get that abomination of science and nature!**

Makoto Nanaya, The Battletoads, and Lincoln went at Robo-Manus, and they fired powerful blasts of orange energy, rainbow energy, elemental forces, stars, galaxies, Thunderbirds, Phoenixes, Buffalo, squirrels, and water, and they exploded with incredible power as they hit Robo-Manus. Then, they jumped onto Robo-Manus' back and they brutally pummeled him, and he got hurt really bad. Then, Makoto Nanaya knocked him into the air with an upward swing of her new sword, and she and Lincoln jumped into the air, and with their massive swords in hand, they did two downward guillotine slashes down onto Robo-Manus, and beheaded him, and he exploded in purple flames as his spirit was Super Hakaied and banished to Oblivion for good. We came back home and we cheered wildly for what Lincoln and Makoto Nanaya did, as they holstered their massive swords on their backs and power down, and Makoto Nanaya's new body, clothes, weapons, angel wings, and jewelry are permanent.

Makoto Nanaya: That'll teach that overgrown piece of scrap metal and flesh. Thank you for helping me with taking down Robo-Manus, Lincoln.

Lincoln: (Smiles Warmly) You're welcome, Makoto Nanaya, and there's also something I want to give you.

Makoto Nanaya: (Smirks) And I think I already know what it is.

Lincoln: (Smirks) You know me all too well, along with the rest of my future wives.

Lincoln wrapped his abnormally massive and powerful muscular arms around Makoto Nanaya's waist, and he brought her into an embrace, which took her by surprise and that brought an atomic red blush to her face. Then, as Lincoln leaned down to her face, they kissed passionately as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird and Phoenix flying in the air, and we also saw a herd of Buffalo and squirrels running across the field and stars twinkling and galaxies around them, and the display of the elemental forces. We had tears in our eyes and a smile on our faces.

Me: Wow, now that's so awesome.

Nico: You said it, J.D.

Then, Lincoln and Makoto Nanaya came back to us. Suddenly, Litchi Faye Ling and Makoto Nanaya felt a sharp pain on their backs, and then, massive black angel wings with crimson red tips on the large black feathers sprouted out of Litchi Faye Ling's back, and massive brown angel wings with orange tips on the large brown feathers sprouted out of Makoto Nanaya's back. We were surprised, it was a two-for-one deal.

Nico: Whoa.

Lincoln: Whoa is right, Nico. Makoto, Litchi, you girls now have angel wings, take a look.

Lincoln made two mirrors made of water, and when Litchi and Makoto saw their new angel wings, the girls were stunned.

Makoto Nanaya: Whoa, now that's so awesome!

Litchi Faye Ling: Wow, I always wondered what it's like to have angel wings.

Lincoln: And now, you girls have gotten your wishes, and they look amazing.

Litchi Faye Ling and Makoto Nanaya: Thanks, Linky.

The two girls rushed Lincoln, and they kissed him on the lips, which he returned, and held the girls in his abnormally massive and powerful muscular arms in a massive hug, and we cheered for them.

Lincoln: And I can't wait for later on today, today's the humiliation, and I heard from Corey that Trina Riffin's also going to get the worst humiliation ever. It should serve her right for helping Icky Vicky break out of prison.

Nico: Along with all the crap she's pulled on Corey and his friends, and for what she did to Courtney.

Courtney (Total Drama): I'm looking forward to humiliating that psychopath big time, and for her to break Icky Vicky out of the Jupiter Prison to get revenge, she's getting a whole lot worse from me.

Gwen (Total Drama): Along with all of us, Courtney.

?: I will enjoy destroying all of you for killing me years ago!

Baloo: Oh no, I was hoping never to hear that voice ever again. You can come out now, Shere Khan.

A figure came out, and it was none other than the vengeful tiger, Shere Khan.

Nico: I should've known you'd return from the dead to get revenge, Shere Khan.

Baloo: You just don't even know when to quit, you've caused us a whole mess of trouble in the jungle for so long, along with causing us a lot of trouble back in Cape Suzette. You're nothing more than a nightmare to all those in your path.

Twilight Sparkle: Nico, what can you tell us about Shere Khan? It sounds like all of you have a bad history with him.

Nico: Trust me, Twilight, you won't like this guy one bit.

Nico proceeded to tell those who hadn't joined the team about Shere Khan, and they weren't going to like him one bit.

Shere Khan

Shere Khan is the main antagonist of Disney's 1967 animated feature film, The Jungle Book and the 2003 sequel. A powerful Bengal tiger, Shere Khan is considered suave and charming, yet is deeply feared as the most ferocious predator in the jungle. His reputation was such that he needed only to show himself to intimidate his victims. Khan is equally notorious for his animosity toward man, due to his fear of guns and fire. As such, he has vowed to kill any human that steps foot in the jungle.

Background

As a cub, Shere Khan was best friends with Baloo, Bagheera, Louie, Hathi, and Kaa. However, he was egotistical and cocky which sometimes led to situations where his friends had to bail him out. Nonetheless, he was fond of his friends and was often protective of them when there was danger. In many episodes he even saved their lives. He was also quite affectionate and loving toward his old grandmother. However, as a predator, Khan acted tough as he thought the other animals wouldn't respect him if he showed his soft side. He and his friends went on many adventures together but, at some undetermined point in time, Shere Khan became vicious and belligerent, feared by all the inhabitants of the jungle. He lost the esteem of his friends and they regarded him with distrust from that moment forward.

Despite this, in the DVD scenes of Jungle Cubs: Born to be Wild, Baloo, now an adult, says that, while Khan would "first eat and then ask questions", he doesn't do it out of malice. This implies that, like any other predator, Khan's ways of hunting are merely to survive.

Personality

"Oh, please don't insult my intelligence. It makes me irritable."

-Shere Khan to Kaa

Shere Khan, as a tiger, is the physical embodiment of power and composes himself with grace. Carrying himself with a dignified manner and possessing a strong sense of regal pride and elegance, the ruthless tiger is viewed as the uncorroborated lord of the jungles of India. He is well aware of this reputation and asserts it with sadistic pleasure to the best advantage. Most, if not all, residents of the jungle fear Shere Khan, and for reasons apparent: he is physically imposing and arguably the strongest predator in the jungle; his charm and stoic expressions bely an unpredictable and ferocious nature with a hair-trigger temper; and his sharp teeth and claws are unmatched in battle. He speaks rather politely, even to potential victims, with a soft tone, though he interjects with subtly condescending comments. He also seems fond of taunting and emotionally taunting his prey until he's ready to make the killing strike.

There is no creature Shere Khan holds a deeper burning hatred and resentment for than mankind. It is strongly implied that Shere Khan sees humans as unforgiving, soulless creatures who continuously cause havoc on nature, using narcissistic entitlement as justification for such acts.[1] According to Bagheera, Khan "hates man with a vengeance… because he fears man's gun and man's fire"; these two weapons being the only things capable of challenging Khan's authority and power. His fear of fire is the most dominant; a crippling phobia capable of driving the tiger to immediate panic. As such, Shere Khan has vowed to kill any human that steps foot within the jungle. His rage is such that he is devoted to killing Mowgli, and any creature willing to protect him, to prevent the man-cub from growing up to wield the weapons he fears.

In The Jungle Book 2, Shere Khan's personality and aura take a somewhat darker turn, no doubt a result of his humiliating defeat at the hands of Mowgli. In contrast to the first film, his polite mannerisms and calm monologues are a rarity. His bitterness and hatred for Mowgli have removed any patience or refinement. He is quick to action with no mood for distractions or foolishness and behaves in a more feral way, constantly growling, roaring, and lashing out at anything that pesters him, including a jokester vulture as punishment for mocking him.

## Appearances

Shere Khan makes his first physical appearance two-thirds of the way through the film, seen stalking a deer as prey. His hunt is ruined when Colonel Hathi comes marching by with his herd, scaring the deer away, much to Shere Khan's annoyance. When Bagheera halts the herd, Shere Khan eavesdrops on their conversation and is delighted to hear about Mowgli the man-cub who had recently run away from Bagheera with the hopes of staying in the jungle. Bagheera implores Hathi to help find the boy who is alone and devoid of protection. Hathi begrudgingly agrees and, once the herd and Bagheera go their separate ways, Khan begins his own hunt for Mowgli.

After searching for some time, he hears Kaa singing out of sight in a tree. Suspicious, he yanks Kaa's tail like a doorbell and invites the python to speak. Khan questions whether Kaa has any company and asks him about the lost man-cub, encouraged by the snake's shifty behavior and his singing. Kaa attempted to hypnotize Khan, to no avail, who said he had "no time for that sort of nonsense". Seemingly satisfied after searching some of Kaa's coils, Khan ordered him to act as an informant should he come across the man-cub. Kaa agreed, and Khan took his leave, unaware that Mowgli was sleeping in Kaa's long coils in the tree - though the man-cub soon escaped.

Shere Khan's travels eventually lead to the wastelands where he overhears a quartet of vultures singing. He investigates and finds Mowgli dancing with the birds, even going so far as to finishing the last lines of the song with an imposing baritone voice. He applauds the performance and thanks the vultures for "detaining [his] victim" before frightening them away with minimal effort. However, Mowgli is unperturbed and refuses to show fear or run. Impressed by the boy's spirit, Shere Khan decides to give him a head start to make the chase more interesting for him. As Khan counts to ten, Mowgli instead rushes to find a stick to defend himself with. Irritated by this show of courage, Khan speeds up the countdown before launching at Mowgli but is held back by Baloo who grabs his tail. As Shere Khan runs in circles, struggling to break free of Baloo's grip, the vultures carry Mowgli to safety until they are startled by a lightning flash that ignites a nearby dead tree.

Knowing fire is the one thing Khan fears, the vultures encourage Mowgli to grab a burning branch. Shere Khan furiously bites and hits Baloo until the bear falls unconscious, only to be surrounded by the nagging vultures. While he's distracted, Mowgli ties Khan's tail to the burning branch. Terrified and hysterical, Khan frantically tries to put the fire out, to no avail. He runs away, humiliated, scared and burned.

## The Jungle Book 2

Shere Khan returned once again as the main antagonist in the second film. Unlike in the first, he appeared much earlier and he looks far more evil and antagonistic than before, much less calm and controlled than in the previous film. He is first seen smashing a makeshift version of Mowgli's head after Baloo left the area with Bagheera in pursuit. He seeks revenge on Mowgli for humiliating him at the climax of the original film and wishes for nothing more than his death. Khan travels to the Man-Village where Mowgli dwells.

He had no luck until he heard Shanti, one of Mowgli's friends, calling him. He then found Mowgli's house and was delighted that he would now have his chance for revenge. He became impatient when Mowgli didn't appear. All at once, Mowgli appeared in the air above the house. After Shanti started screaming about a wild animal, Khan noticed it was Baloo with Mowgli and was surprised. After the villagers responded to Shanti's calls, they saw Shere Khan instead of Baloo and chased him out of the village. Khan was attacked by the villagers with torches but they had no power over him. He escaped in rage but overjoyed to hear that Mowgli is now in the jungle. He encountered Kaa afterward, who had seen Mowgli. Kaa at first insisted he didn't know where Mowgli was, but Shere Khan knew better and intimidated him, even though Kaa was telling the truth.

Out of fear, Kaa told Khan to search by the swamp. However, when Khan arrived, Mowgli is nowhere to be found and he splashes the water in fury as he says "That snake lied to me!" The vultures return and become uneasy when their newest member Lucky begins to insanely mock him. After a few "jokes", Shere Khan tricks Lucky into revealing Mowgli's whereabouts. Before Khan leaves, he viciously mauls Lucky as revenge for the annoyance and presumably kills him. Later on, he found Shanti and Ranjan and cornered them. Mowgli then appeared to find them and Khan confronted him.

Mowgli ran away and Khan pursued him to a temple in the middle of a pool of lava. After Baloo and Shanti teamed up and started to bang gongs with Mowgli, one fell down revealing Shanti. He then said he would kill her if Mowgli wouldn't come out. Mowgli did and he pursued him and Shanti after knocking Baloo aside. Mowgli and Shanti jumped onto a tiger statue right over a pit of lava with Shere Khan right behind them. Before he could kill them, the statue's head fell off towards the lava. Baloo saved Mowgli and Shanti, while Khan fell into the pit. Rather than perishing, he landed on a slab of rock and was trapped underneath the statue's head. Lucky, still alive but lost the feathers on his body and has a bruised right eye, then flew down and started to tease Khan again, much to his annoyance.

TaleSpin

Shere Khan appears in a more anthropomorphic form in the television series TaleSpin. Tony Jay provides his thick, British-accented voice starting from the beginning of the series, through other appearances, until his death.

Khan is an extremely wealthy CEO who is the dominant economic force in Cape Suzette, and an anti-hero. He is depicted as a selfish business man. He is sometimes accompanied by an unnamed emaciated tiger "yes-man" office aide. He takes enjoyment out of running small companies out of business (Higher For Hire is sometimes on his hit list) with a sense of ruthlessness to skirt around the law as he chooses. He also likes to feed tiny insects to the many carnivorous plants he grows in his office. At one point he even hires the Air Pirates to create an artificial oil shortage, so he can extort higher prices from the public in "On a Wing and a Bear".

He has a well-armed air force and navy, complete with battleships. This is mainly to protect his Khan Transport shipping and business interests worldwide. However, he is willing to act nobly at times, such as ordering his forces into the air to protect the city from the Air Pirates, and has shown that he respects Baloo's piloting skills, most notably when he allows Baloo to take over piloting his plane after having all of his pilots replaced with his own robotic pilots; his plane is ambushed by the Air Pirates, and the robotic pilot refuses to deviate from its flight plan due to its programming, causing Baloo to forcefully remove the robot and take control of the plane to evade the foes.

He has an extremely cool and calm personality, rarely (if ever) showing any sort of alarm or surprise, regardless of the circumstances. In fact, when his plane is attacked by Don Karnage's forces in the incident detailed above, he calmly mixes himself a drink as he explains the situation to Baloo.

This version of Shere Khan also makes a cameo in the Bonkers series in the episode "Of Mice and Menace". He appears in a couple of mugshots on a computer, implying that he is a criminal in the series.

This version of Shere Khan also serves as the influence for CEO Carl, the main antagonist of the CG animated TV series Talking Tom and Friends.

When Nico was done, everyone who hadn't joined was shocked and horrified by Shere Khan's deeds. Don Karnage also appeared when he found out Shere Khan had returned from the dead.

Fluttershy: Goodness, Shere Khan is someone who needs to be punished, and my Stare won't work on someone like him.

Lincoln: And at that time, I wound up getting sick and couldn't go. But, I heard all about it from the others after they came back. But, now that Shere Khan's back from the dead, I'm wanting to get my shots at him.

Sun Shang Xiang: We may represent the tiger, but Shere Khan gives all tigers a bad name for his crimes.

Xing Cai: And I've had it with this monster to last an eternity.

Suddenly, Xing Cai's brown eyes turned neon brown, and she was surrounded by a green energy aura with green lightning bolts, and dragons, she got out her Protector of Shu large Sword and Shield, and as she approached Shere Khan, she left green energy, green lightning bolts, and dragons with every step.

Xing Cai: Shere Khan, I will never forgive you for the crimes that you've committed against mankind. The pain and suffering that you have caused to so many innocent people in your path can never be forgiven, and now, I will make you pay for everything that you have done.

Suddenly, Xing Cai was surrounded by a massive vortex of green energy with green lightning bolts surrounding it, there was a dragon flying around the vortex, and inside the vortex is a green phoenix. Then, as the vortex faded, Xing Cai emerged, but she was changed forever.

Xing Cai felt a sharp pain on her back, and then, massive black angel wings with green tips on the large black feathers, had sprouted out of her back.

Suddenly, Xing Cai's Protector of Shu Sword and Shield were surrounded by a kaleidoscope of green lightning and green energy, and when they had emerged, they were transformed into Carrier of Shu's Legacy, they're a new large sword and shield set, the large sword has the Shu Dragon etched on the 6'5" massive, wide, double-edged, man-sized silver blade and surrounded by Chinese characters, two large dragon heads with green gems for eyes for the crossguard, large green gem for the hilt, longer black handle, and four large dragon heads with green gems for the eyes and in its open mouths for the pommel, and the large circular purple shield has a large dragon's head with green gems for the eyes. There are gold Chinese characters right below the dragon that said, "Xing Cai, Youngest Daughter of Zhang Fei, Youngest Sister of Zhang Bao of Shu, Warrior and Defender of Shu, Loving Future Wife of Lincoln Loud, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Master of The Sword and Shield, Guardian of Liu Shan, and Master of Lightning and Dragons."

Xing Cai has transformed into SUPER ANGEL INFINITY DIVINE THUNDERSTORM DRAGON ANGEL OF ELECTRIC JUSTICE AND DIVINE LOVE!

We were amazed by Xing Cai's Super Angel Infinity transformation, and when Lincoln saw her, he had an atomic red blush on his face and hearts in his eyes. But, when Shere Khan saw it, he tried to kill her with his claws, but Xing Cai blocked it with her shield, and fired a green energy shockwave with a swing of her new large sword.

Lincoln: Wow, Xing Cai, you look beautiful, how do you feel?

Xing Cai: (Divine Echoing Cosmic Voice of The Lightning Dragon and Divine Love) **I feel incredible, Lincoln. Now, shall we put an end to Shere Khan for good?**

Lincoln: (Smiles) With pleasure.

Don Karnage: Show him no mercy, Xing Cai and Lincoln.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, and he joined Xing Cai.

Lincoln: (Divine Echoing Cosmic Elemental Voice of Universal Justice and Elemental Hope) **This is the last time we'll deal with you, Shere Khan.**

Xing Cai and Lincoln went after Shere Khan, and they fired powerful blasts of rainbow energy, green energy, elemental forces, green lightning, Thunderbirds, Phoenixes, Dragons, and Buffalo, and they exploded with incredible power as they hit Shere Khan. Then, they attacked him with their weapons, and really left some nasty scars on him, and Xing Cai bashed him by running at him with her shield.

Xing Cai: **Shall we put an end to Shere Khan for good, Lincoln?**

Lincoln: **Ladies first.**

Xing Cai and Lincoln fired powerful rainbow energy blades from their massive swords, and as they hit Shere Khan, they exploded with incredible power, and it killed him. Then, as Shere Khan's spirit appears, Xing Cai marked his forehead with a kanji, and condemned him to The Black Gates, and his spirit was erased from existence forever. We cheered wildly for what Lincoln and Xing Cai did, as they holster their weapons and power down, and Xing Cai's new body, clothes, weapons, angel wings, and jewelry are permanent.

Xing Cai: Rest in peace, Shere Khan, may you never return to torment anyone ever again. Thank you for helping me with taking care of Shere Khan, Lincoln.

Lincoln: (Smiles Warmly) You're welcome, Xing Cai, and there's also something I want to give you.

Xing Cai: (Smiles) And I think I already know what it is.

Lincoln: (Smirks) You know me all too well, along with the rest of my future wives.

Lincoln wrapped his abnormally massive and powerful muscular arms around Xing Cai's waist, and he brought her into an embrace, which took her by surprise and that brought an atomic red blush to her face. Then, as Lincoln leaned down to her face, they kissed passionately as she wraps her left arm around his wider and muscular back, and her left hand was on his massive and wide right pec, and right behind them was a Thunderbird, Phoenix, Angel, and Dragon flying in the air, and we also saw a herd of Buffalo running across the field and lightning crashing down behind them, and the display of the elemental forces, and we cheered for them.

Nico: Now, that was awesome.

Me: You said it, Nico, and now, we're rid of Shere Khan, and this time for good.

Don Karnage: Shere Khan made the big mistake messing with the daughter of Zhang Fei, along with her future husband.

Zhang Bao: That he did.

Nico: Yep.

We later went back home.

---

Later it was time for Syndey's next Ambassador Mission.

Me: Okay time for Sydney's Ambassador Mission.

Nico: Okay. Shocker's probably with the bad guy that will attack next on that world. Can I count on you girls to get them to our space prisons?

Me: Yes sir Commander.

Sydney: We'll gladly make sure he is in our prisons.

Irena: Lets go get them.

Me: Here we go.

We were off.

Sydney: Guys, meet my fellow Underground Girls.

Rice: Awesome to meet you all. I'm Rice Fitzgerald.

Georgina: I'm Georgina Montgomery.

Maxxine: I'm Maxxine Stennson.

Kendra: I'm Kendra Armstrong

Irena: I'm Irena Malloy.

Nanette: I'm Nanette Allbright

Sheila: And I'm Sheila Castille. Soon to be Sheila Loud.

U.A. Captain America: Pleasure to meet you all.

U.A. Spiderman: Sydney told us all about you and it's a pleasure.

Sydney: So, what's today's mission?

UA Iron Man: Well, you know Von Bardas' attack? Well, that got the government to consider the Superhuman Registration Act. Not only will that force us to answer to the government. But it'll also tell us who the bad guys are.

UA Captain America: We're heading to Washington D.C. to try and stop it right now.

Me: Okay! Lets head there and fast!

Sydney: Right!

We were off to Washington D.C.

U.A. Invisible Woman: Sydney, while we're heading to Washington, how about you tell us what your reversion to human feels like?

Sydney: Sure thing. It felt like I was being molded and rebuilt in a horrible way. It was too painful to describe.

Me: Yeah no kidding.

U.A. Invisible Woman: Whoa.

Me: Also Susan we have had an amazing adventure yesterday involving another version of you and the Fantastic 4 and we killed Dr. Doom.

U.A. Invisible Woman: Whoa! That is awesome!

U.A. Spiderman: Relax, girls. We're just going to Washington DC to talk about why the SRA is bad news. There shouldn't be anything down there that could warrant a fight.

Me: I hope you're right Peter.

Sydney: Me too.

We then arrived and to our shock we saw a bunch of terrorists attacking the capitol and they were being lead by U.A. Titanium Man!

Me: Oh crap!

UA Iron Man: Titanium Man must be leading these terrorists. And I'm guessing Shocker might be with him as well.

UA Captain America: If we stop them, it should turn public opinion to our favor.

Me: Lets go!

We flew down and punched and pulverized the Terrorists all over and even blasted and smashed them to dust.

Me: Nico didn't say anything about killing Terrorists.

Sydney: No he didn't.

Irena Malloy: That's good.

We blasted Terrorists left and right.

We kept fighting the terrorists… when out of nowhere, UA Deadpool teleported in and knocked one out.

Me: Wade Winston Wilson A.K.A. Deadpool.

UA Deadpool: You stupid, vaguely-foreign freaks! You ruined my vacation!

U.A. Wolverine: Oh, fuck me.

Me: Oh boy. And here I thought this was gonna be an easy mission.

Deadpool teleported to the SHIELD agent that was under fire and knocks him out as well

UA Deadpool: And you! Dumb-as-nails S.H.I.E.L.D. clones! I saw what you did to those cherry blossoms back there! You think those things grows on trees?! (turns to look at us) and YOU!

Sydney: Me?

Me: US?

UA Deadpool: You think it makes me less of a man if I came here for the cherry blossom festival? Huh?

Sydney: No. I wasn't thinking- (Deadpool teleports out of view) Where'd he go? (Deadpool teleports in front of her) WHOA!

UA Deadpool: YOU'RE LAUGHING WITH YOUR EYES! I CAN SEE IT! Fine, time for a little BOSS BATTLE, SUCKERS!

Me: How's this for a boss battle fucklips!

POW!

I punched him in the face and sent him smashing into the wall!

UA Deadpool: Ouch! I knew I should've sprung for the health meter enlargement I saw in that e-mail. But that was awesome how powerful you guys are. Anyway, you're probably trying to clear out these terrorists, huh? Can I join the party?

UA Captain America: (sighs) I suppose you could join on a trial basis.

UA Deadpool: I'll join on any basis you want. As long I get the keys to the Stark Tower executive washroom.

UA Iron Man: Absolutely not!

Me: Not gonna happen jokester.

Sydney: C'mon, guys! Just give him a chance.

UA Wolverine: Sydney, do you even know who the Hell that is?

Me: Yes we do. Wade Winston Wilson A.K.A. Deadpool, masked anti-hero and vigilante known for being a crazy unpredictable jokester and constant breaker of the Fourth Wall.

Jamesdean5842: Yep that's right and he has a really bad habit of getting on peoples nerves. (Sighs) It's gonna be one of those days.

We met UA Maria Hill.

UA Maria Hill: I'll take things from here. Titanium Man seems to behind all this. He just made off with some senators and took them underground. We'll cover the Capitol. You get down to the subway and pursue that tri-plated Russian and his pals.

Sydney: (doing her best to be polite) Got it, Hill. Call us if you need any backup.

UA Maria Hill: I'll keep you in mind. Now, go! Time's wasting!

Hill and several S.H.I.E.L.D. Agents went to another part of the area.

Sydney: (sighs) Control yourself, Sydney. Bad thoughts lead to bad actions!

Me: (In my head) I really hate that bitch. But on the plus side I did manage to make a copy of the document for the SRA.

We were in the subway trying to find Titanium Man and the Senators.

UA Deadpool: So, J.D. Which Gene Slammer do you think Nico's gonna encounter on his next rescue?

Me: Uch you dumb blockhead! I was gonna be the one to ask Nico that. But since you brought that up I'm hoping her goes for an Cerebrocrustacean Gene-Slammer next.

Jamesdean5842: That's a good choice for him. (Sighs) This is gonna be a long ambassador mission. Lord give me strength.

UA Deadpool: Also, on March 19, can I meet my two other versions of me?

UA Human Torch: You guys have two versions of Deadpool on your team?! You must have a lot of patience to stand them.

Me: Don't ask.

Sydney: He might be crazy and a bit annoying. But he actually is funny and means well.

Me: Yeah no kidding.

UA Deadpool: Unlike that version of me from X Men Origins. He looked nothing like me!

Me: Oh brother.

Irena Malloy: He sure drives people nuts huh?

Me: Mm-hmm.

We were then facing UA TITANIUM MAN!

Me: Boris Bullski A.K.A. Titanium Man. I would say it's nice to see you here but we would be lying.

UA Titanium Man: (Russian Accent) Da. Americans. Your precious "representative" is safe… for now. Do you have the courage to save him? Let us see!

Titanium Man flew in the air with the senator and flew through the floor, making a hole. And then, Shocker approached us.

UA Shocker: Funny how we keep running into each other, huh?

Me: No kidding Herman.

Sydney: I know. Shocker, after this is done, we need to get you and Titanium Man to our prisons ASAP!

UA Shocker: I know. But you seemed panicked about it.

Sydney: When the SRA passes, it's going to lead to serious consequences. And you and Titanium Man both don't want to be on this world when that happens!

Me: It's true. It's part of our big mission that's going to take place on March 19th. (To Deadpool) And don't even think about spoiling the plot you dolt!

UA Titanium Man: Take your craven, corrupt leaders back! I have no use for them now. Follow me, heroes, if you dare! (flies through the ceiling)

One of the Senators came to us. It was Stan Lee.

Stan Lee: Senator Lieber, from New York state. Good to meet you. You've done us a great service. You heroes are okay in my book. Maybe we should put this registration business on hold.

Me: Stan Lee! Wow! I didn't know you were one of the senators!

Stan Lee: Big surprise huh true believers.

Me: It sure is. Thank goodness you're safe though.

Sydney: Same here.

Me: We got to get Boris to safety and fast.

Stan Lee: Thanks for rescuing me though.

Me: Anytime Stan. Excelsior!

Stan Lee: Excelsior!

UA Deadpool: Don't I know you from somewhere?

Senator Lieber: You don't look like the voting type.

UA Deadpool: Yeah, whatever. Hey, guys, I'll take these folks back to the Capitol. Give me a call if you want to hang out again!

Sydney: Don't worry. We'll definitely hang out again in March. And we'll bring your other two versions as well.

UA Deadpool: Great! And you should definitely teleport Shocker to one of those prisons of yours. (scowls) Before Director Bitch gets his hands on him!

Me: We won't let that happen. Lets go!

We were off to get Boris.

Titanium Man was about to bust in to the Capitol when suddenly the spirits of the Loud Sisters swirled around him and they smashed and pulverized him all over and then converged and then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive fiery explosion blasted out and a phoenix cry was heard and then we came and We were facing him.

UA Titanium Man: Americans! Your deaths await you… here! You are once again a nation divided… only this time you will fall.

Sydney: Don't count on it. When we work together, we can overcome many obstacles!

Me: That's right!

Me and Sydney: MANITOU PHOENIX FEATHER STORM!

We fired a massive barrage of feathers of fire and they hit UA Titanium Man and knocked him out!

Me: YEAH!

UA Captain America: Wow! Your teamwork is amazing!

Me: That's just one of the many techniques and combos we can come up with.

Sheila: Yep. Endless possibilities on them.

We tied him up after removing his armor.

UA Titanium Man: (groans) You… you think you've won. But you haven't. You'll soon see… you've already lost everything…

Sydney: No. We haven't. But don't worry. We won't let the Maria Hill of this world get to you.

Me: That's right! It's for your own safety Boris. We may be enemies now but you will thank us for this later.

I picked him up.

Me: That's that.

UA Iron Man: Nice job as always, Sydney. And don't worry. I'm gonna do my best to make sure the SRA doesn't get passed anytime soon.

Sydney: I know you will. (sees UA Deadpool) Are the senators safe?

UA Deadpool: They are. (Sighs) Look, I know you're worried about what might happen to us if the SRA gets passed. But don't worry! Sure, things might get bad later. But when the time comes, I know you guys will find a way to pull our fat out of the fire. After all, a piece of paper can't possibly stop you guys.

Me: No it won't. I managed to get a copy of the SRA unsigned for us to look at.

UA Captain America: Smart thinking.

Me: Yep. We'll look it over and see how it affects this world. As much as I don't like it we have to wait till it goes into effect and that's when things go to Hell. But we won't let that stop us.

Irena Malloy: No we sure won't.

Rice Fitzgerald: Yeah.

Me: Anyway lets get these two to prison.

UA Shocker: Thank you.

We later went back home.

We arrived.

Nico: Hey guys. How did it go? And I see you got Shocker and Titanium Man's Counterparts.

Sydney: We sure did.

Me: Nico I did manage to get a copy of the SRA unsigned.

Nico: Excellent. Lets see.

Nico looked it over.

The Super-human Registration Act (SRA, S.R.A. or sometimes SHRA) 6 U.S.C, § 558 - was a legislative bill (HR 421) which was passed into law in the United States of America, enforcing the mandatory registration of super-powered individuals with the government. Supporters and critics debated between the rights of the individual (to freedom of action and expression etc.) on one side versus the rights of society at large (to safety from danger or harm) on the other. See also Registration Acts

When the topic of the original Super-human Registration Act was debated, the issue was explored in a national security context, with the utility of such a law being challenged. The Fantastic Four went to Congress where a committee was investigating whether a SRA, similar in its provisions to the already in effect Mutant Registration Act, was required for Super-heroes (the MRA only covered individuals who had their powers inherently at birth, not those who acquired their abilities artificially in later life).

In his testimony and in evidence he presented to Congress, Mister Fantastic argued that a Super-human registration Act was unnecessary as Super-humans had been largely effective and trustworthy in their actions and government regulation would have only stifled their ability to protect the world. He argued that those individuals who were likely to act irresponsibly with their powers were likely to be super-villains and thus would not be candidates for registration anyway.

As the topic was debated he and his teammates were continually attacked by random super-villains whom they easily subdued, though it is unclear if this helped or hindered his arguments. In his final point concerning the lack of any workable definition of super-human Richards demonstrated a device that scanned a human for physical and mental capabilities and compared those to the national average and marking 'significant outliers', proving several regular humans, including committee members, to be superhuman according to those definitions. The proposed legislation was abandoned and registration of super-humans was not sought in the United States at that time.

## Superhuman Registration Act

Interest in the concept of the act was revived, following the events of "M-Day" and the sudden dramatic fall in the Mutant population, the U.S. government again considered a Superhuman Registration Act and Spider-Man and Iron Man traveled to Washington D.C. to discuss the issue. Iron Man initially opposed to the idea, while Spider-Man was unsure of his opinion.

Iron Man attempted to persuade his Illuminati colleagues to support the SRA in order to defuse it. Iron Man predicted that some super-human or group of super-humans would eventually make a mistake that will cost hundreds of lives. After such an event, he went on to predict, the government would inevitably rush to make an example of someone, or everyone, in the super-human community by passing legislation that would be even more restrictive or persecutory towards them then the proposed SRA. By supporting the Act before it was passed, he suggested, he and his fellow Illuminati might have been able to help avert such possible future tragedies and also, by becoming a part of the process, help moderate the legislation so that it would have the minimum possible negative effect on the American super-human community.

The first part of Iron Man's prediction was proven accurate when a conflict between the New Warriors and a group of super-villains ended with a massive explosion which killed over six hundred people, sixty of them children. The national outcry that followed this event led the government (with the support of Iron Man and other Illuminati such as Reed Richards) to quickly enact the SRA.

This led to a major schism and conflict among the super-heroes, with one side (led by Captain America) opposed to the SRA resisting registration and the other side (led by Iron Man) supporting registration and trying to enforce the new law.

The SRA was abolished after the siege on Asgard.

Terms of the Registration Acts

The Act required that super-powered individuals surrender their real names to the government (but not the public). This obviously entailed the loss of their secret identities.

It enabled the government to monitor all powered individuals and was drafted to facilitate the government's licensing and/or employment of individuals who were actively using their powers. The powered individual had to fulfill some requirements or meet some criteria before they were allowed to fully use their abilities and gain legal authorization to continue to use their abilities to fight crime. Government employment was not mandatory, though it was available to those who wished to take it.

Nico: Whoa! This is a terrible document. But good work on getting this J.D. I did however find a huge loophole in this that we can use to our advantage. It says that it doesn't work on Multiverse, Interdimensional Species or Extraterrestrial Heroes that don't come from Earth.

Starfire: That's good.

Me: So the heroes from Outer Space, other dimensions or other universes are unaffected.

Nico: Yep.

Sydney: That's a good sign.

May: Okay, I think Akira should go with you next time.

Akira: I would be honored May.

Sydney: Awesome!

Me: Yep.

---

Later we were over at the Gotham Royal York Convention Center and it was time for one of Nico's favorite events: The Annual Cheese Festival and it was a really awesome festival where people from all over the world come to show how they make all kinds of awesome cheese.

Shino: Look at all this cheese.

Nico: (Drools) I know and this is amazing!

Eli: Man it sure looks awesome.

Me: It sure does. Wow!

Lana: I hope we get to eat the stinkiest cheeses here like Limburger. That would be awesome.

Rarity: I have always been a very good lover of fine cuisine so it's Gruyere and Brie for me.

Me: Those are good cheeses.

Gaara: Can you believe the cheese aliens wanted to steal all of this?

Me: I know. That is crazy.

Nico: Yeah. But thank goodness we stopped them.

At one stand we saw the stinkiest cheese of all in the world: Epoisse de Bourgogne

Me: Epoisse de Bourgogne. The Stinkiest of all cheeses in the world.

Nico: What does that one smell like?

Me: It smells like rotten sour milk.

YUCK!

Nico: Gross.

We saw a stand from France that had Brie Cheese.

Nico: Brie Cheese. One of my favorites.

Man: (French Accent) Free sample monsieur?

Nico: Oui oui monsieur. Merci.

He tried some and it was great.

Nico: Mwah! Cest magnifique.

Frenzy: For those of us allergic to cheese, best not to touch any.

Nico: Or you'll wind up like Archibald Snatcher.

Me: That was crazy.

Twilight Sparkle: Yeah it sure was.

Lea: Good advice though.

Me: Yep.

Allie Wilde: Yeah no kidding.

Nico: Lets buy some good cheese before we head home.

Me: Good idea. I hope we get some cheddar.

Nico: Yep.

Then we saw Roquefort.

Nico: Hey Roquefort.

Roquefort: Hey guys. Lots of good cheese huh?

Nico: Yep. Doing a little grocery shopping?

Roquefort: (Laughs) Yep for cheese. It's not my turn so I came to get some cheese.

Nico: Cool cool. Just trying all kinds of cheeses.

Wreck Gar: There's also the cheeseburger!

Nico: Yep.

Roquefort: Awesome. See ya round guys.

Nico: You too.

We later got tons of cheese and went back home.

At the estate, we had our Maria Hill with us.

Maria Hill: When it's March 19, I'd like to come with you guys to punch my counterpart in the face.

Eartha: (chuckles) Oh, we'll let you have that chance.

Me: Oh you can count on it Maria. You'll get that chance no matter what.

Laney: Yep. That witch will pay for her crimes.

Nico: Big time. But this was a fun trip. I love the cheese festival.

Me: Me too.

Nico: Now it's time to get some laughter in. It's time for us to go to Lynn's Table for another humiliation session.

Me: Cool! And Deadpool's counterpart already asked what Gene-Slammer you would like to go after next and I picked Cerebrocrustacean.

Nico: Good choice and it would be cool to go meet one like that.

Me: Neat.

Leonard, King Hiss, Hydro Man, Vypra, Shiv, Webstor, Bane, Vexen, Firefly and Calamitous then appeared.

Leonard: Can me, King Hiss, Hydro Man, Vypra, Shiv, Webstor, Bane, Vexen, Firefly and Calamitous go with you guys this time?

Nico: You all sure can. We're going to Lynn's table for another awesome humiliation session.

Shiv: Awesome! I can't wait to get some grub and prank the living crap out of Billy McLean.

Me: Oh yeah. I got some funny pranks too.

Nico: Lets head out.

We were off to Lynn's Table.

---

We were walking to Lynn's Table.

Deadpool: Glad you guys met my counterpart! (sighs) I hope he's okay.

Heat Man: Relax. I've got a feeling that even though he might be fighting for the Pro Registration Forces, he won't be injected with Nanites.

Me: He won't. Not on our watch.

We walked in to Lynn's Table.

Nico: GOOD MORNING LYNN'S TABLE CREW!

Lynn Sr.: Hey guys! Usuals?

Nico: You know it Mr. Lynn.

Lynn Sr.: Coming right up!

We got our tables and I saw Flip sleeping.

Me: I got a funny prank to start us off. Watch this.

I took out a wooden plank and tiptoed up to Flip quietly and then I grabbed him by his feet and then…

WHAP WHAP WHAP WHAP WHAP WHAP WHAP WHAP! WHAP!

I whacked him on his overgrown mutant belly with the wooden plank.

And he was yelling at me!

Flip: WHY YOU STUPID UGLY FREAK! I'LL KILL YOU!

Me: AH (POW) SHADUP!

I punched him in his mouth!

Everyone laughed hysterically!

Shiv: Cat, do you and Dog realize that the war in Nico's rescue today was because of you guys?

Cat: We sure do and it was really stupid.

Dog: We were caught up in looking for our parents.

Cat: Yeah it was nuts.

Nico: Oh man.

Courtney: I got a prank for Trina.

Courtney went up to Trina.

Trina: Well well if it isn't loser Courtney.

Courtney then did something crazy!

CRUNCH!

She bit her on the nose!

Me: YIKES!

Countney: You smell like burnt ham and bat guano.

Trina growled ferociously and fire roared out from around her and she SCREAMED IN FEROCIOUSLY INCREDIBLE RAGE! SHE WENT BALLISTIC!

Trina: (SCREAMS IN UNIMAGINABLE FURY!)

Courtney: Temper temper.

Nico: She has some serious issues. Thank goodness she doesn't have her diary anymore.

Me: Yep.

Rico the Robot: Allow me to do a prank.

Rico went up to Lewis Travolta and then he pulled his underwear up and over his head and splattered raw sewage in his pants and boy was IT HORRIBLE!

We were laughing hysterically!

Nico: Nice one Rico!

Lynn Sr. came out with our food.

Lynn Sr.: Dig in guys.

Me: Thanks Mr. Lynn.

We got to eating our favorite burgers.

Shiv: Oh boy.

Firefly: Let's take 5 before we continue.

Me: Good idea. But it's getting funny so far.

Nico: It sure is.

Courtney: It sure is. Mina I'm sorry Trina put you through all that.

Twilight Sparkle: Yeah in all honesty how can you have someone that uses you like a slave and a pawn for a friend.

Mina Beff: I know. But now that I have you guys as my friends I can start over with good friends.

Applejack: I'm glad y'all think so.

Me: (Eats) Mmm. (Nods)

Chloe Bourgeois: Can't believe I used to be like that.

Maria: No kidding.

Rumble: But you changed for the better.

Me: Actually Trina is worse than you Chloe. She has serious anger problems. You don't.

Chloe Bourgeois: Point taken.

Muscle Man: You know who else has Anger Problems?

Armada Jetfire: (Australian Accent) I know the answer to this one mates!

Muscle Man: My mom!

We laughed at his joke.

Me: That's funny.

I then looked at Flip and then had a mischievous smile on my face.

Me: Muscle Man, I don't know if you heard this but Flip called your mom a stupid dumb prostitute and a moronic mule.

Muscle Man: HE DID WHAT!? WHAT DID HE SAY ABOUT MY MOM! (ROARING) WHAT DID HE SAY ABOUT MY MOM!?

Hydro Man: You heard him.

Nico: Uh oh.

Muscle Man: HE'S GONNA WISH HE WAS NEVER BORN!

Muscle Man roared and then ran to Flip and smashed and pulverized the living shit out of him!

BAM BLAM SMASH WHAM WHAP CHOMP BIFF SMACK WHOMP THUMP BLANG BOOM CHOMP THOTH ZONK KATOW THWACK POW BAP!

Nico: (To me) Nice one J.D.

Me: Thanks man.

Muscle Man came back.

Muscle Man: That was fun. But J.D. I know that was you that said that. So only use those lines during these times.

Me: You got it Muscle Man.

Junk Man: How did you know?!

Nico: When it comes to his mom he knows all.

Me: Yep.

Rolf: Rolf has one. Shall we dance with pink hair angry girl Trina, Bundt Cake for Brain Ed Boy?

Ed: Yeah! Lets do it!

Edd: I think I know what's coming.

Double D pulled out a jug and he blew.

Rolf and Ed were dancing.

Rolf: That's my horse! [Smashes Trina's head with a chair]

Ed: That's my horse! [Fires fire at Trina and burns her]

Rolf: "Yes, that's my horse!" [He slaps Trina's cheek.]

Ed: "That's my horse!" [He hits Trina, and they laugh.]

Rolf: "That's my horse!" [He breaks a barrel over Trina's head.]

We were laughing hysterically!

Ed: "My horse! My horse!" [He slams a wheelbarrow down on Trina's head.]

Rolf: "Uh-uh-uh."

Webstor: (to Chloe Bourgeois) But seriously. You really did change your ways.

Chloe Bourgeois: Yes I did. I got a prank. Want to join me Anne Marie?

Anne Marie: You bet!

They went over to Billy McLean and then they made him guzzle a bottle full of dishwashing soap and then…

Billy McLean: BUUUUUUURRRRRRRPPPPPPPPP!

He belched up a massive amount of bubbles.

Trina: (to Chloe) I hope your dark side comes to kill you and your friends!

Apeface: We'll be waiting.

Nico: No we won't.

Nico fired a wave of light and it hit Chloe and out came Dark Chloe!

Dark Chloe: I'M FREE!

NOT FOR LONG!

Rarity then entombed Dark Chloe in an indestructible black crystal and beamed to the Pluto Prison. Trina then exploded into more rage and her eyes turned red and she screamed in fury even more!

Nico: Oh put a lid on it!

Nico fired a powerful blast of lightning and electrocuted her all over.

King Hiss: Let's put ants in her pants.

Lana: Now you're talking!

Lana went over and pulled out a bucket of ants and poured them right down Trina's pants and they bit her all over the place.

She was yelping in pain and it really hurt.

Nico: (LAUGHS)

Skullcruncher: You know what's worse then ants in the pants? Squirrels in the pants!

Fluttershy: Oh I got this.

She called in a bunch of squirrels and they went into Flip's pants. Flip who was still mangled up from Muscle Man's brutal thrashing was really in a lot of pain as the squirrels bit and gnawed him all over.

Vypra: That's gotta hurt!

Me: Not as much as this will. Nazz, Rolf, Kevin, Jonny, unleash the vengeance express on Trina.

Kevin: You got it!

The 4 of them went at Trina with the fury that they had on the Ed's and then they MERCILESSLY AND FEROCIOUSLY SMASHED AND THRASHED TRINA INTO PULP IN A VICIOUS AND FEROCIOUS BEATDOWN! IT WENT ON FOR 10 MINUTES!

Vexen: William, how would you like to go next?

William: With pleasure!

William went up to Lewis Travolta and pressed a button on his arm device and out came a Thing-a-majig and then he pressed the red button and out came a bear trap and then…

CLANG!

It snapped onto Lewis's crotch and he screamed in a squeaky voice and we winced and then laughed!

Shockwave: Maria, you're up.

Maria: Oh this is gonna be good. I got one.

Rolf, Eddy, care to join me for a duel with Billy?

Eddy: Oh yeah!

We were in for some fun.

Billy was armed with a fish and the fight was on a log over a pit full of scalding hot caramel!

---

MORTAL KOMBAT!

They got to fighting!

SMASH! BLAM! BAM! CRASH BAM! CRACK! THWACK! BAM!

Maria, Rolf and Eddy bashed and pulverized Billy all over with their fish as they were using them like mace clubs and they were REALLY SMASHING BILLY INTO PULP!

BLAM! BIFF! SMASH! WHAM! WHOMP BLAM!

The fight was brutal!

The fight was not gonna stop until Billy McLean had EVERY F*** BONE IN HIS BODY BROKEN AND THAT HE SMELLED GOOD ENOUGH FOR THE CATS TO EAT!

Homer: KILL THAT FUCKING ASSHOLE! KILL HIM! KILL HIM!

Courtney: YEAH KILL HIM!

KRASMASH! KRABLAM! BLAM!

Papi: He's not even putting up a fight!

Billy McLean: [clinging to the log] C'mon, Rolf, I said we were-[Rolf's fish catches the side of his face] -sorry.

Maria, Eddy and Rolf picks up the dazed former host of Total Drama.

Billy McLean: Is it over?

Rolf: In a duel, 2 contestants must fight. Or in this case, four. Why do you not fight us?

Billy McLean: Oh. Is it my turn?

Eddy: Hit us, you big chicken!

Billy McLean: Fine then! (hits Eddy with fish)

Eddy: (feels his hit cheek) Okay. I admit that was a nice shot. Now, here's mine!

KRABLAM!

He smashed his face in and busted his skull to dust and smashed him down and then he fell into the pit of caramel and he screamed in pain as it burned him all over.

Calamitous: Nico, perhaps you would like to go next.

Nico: Sure.

Nico went up to Flip.

Nico: I've been wanting to do this to one of the bad guys we faced.

Nico then kicked FLIP SQUARE IN THE CROTCH AND COMPLETELY DESTROYED HIS MALE REPRODUCTIVE ORGANS AND THEY WERE SMASHED INTO PRIMORDIAL SLOP!

FLIP SCREAMED AND WAS FOAMING AT THE MOUTH! NICO HAD COMPLETELY DESTROYED HIS MANHOOD!

WE WINCED AND LAUGHED!

Nico: Nice.

Guts Man: May, you can go next.

May: Okay. Time to go biker chick.

May snapped her fingers and turned into her biker chick attire and she was really badass and ready to cause trouble.

May went up to Trina and pulled out a paddle and it was ready to spank her. She called it OL' SPANKFUL! (WHAP! (SCREAMS IN PAIN)

May: I think it's time for you to have a massive attitude adjustment.

Trina was put on a table and May slapped her with the paddle!

WHAPWHAPWHAPWHAPWHAPWHAPWHAPWHAPWHAPWHAPWHAP

?: That was funny!

A figure came out and it was BLUE GLOBBOR from episodes 29, 30 and 31 of Season 3 of Mighty Morphin!

---

Master Vile creates the Blue Globbor by spitting up a green egg that hatches into it in front of Rito and Goldar as a demonstration of power. The Globbor s a monster that drains energy and is tasked with recapturing Ninjor who escaped after Rito foolishly broke open his jar. The Blue Globbor arrives whilst Ninjor and the Power Rangers take on the newly empowered Tenga Warriors and grabs onto Ninjor, sapping him of his power. To try and counter this surprise attack, Ninjor makes himself grow but the Blue Globbor does the same and teleports himself and Ninjor away into the Space Skull where Vile has Ninjor tied up. He then takes the powers of Ninjor and Vile sends him into Angel Grove to kill the Power Rangers. The Rangers appear in the Shogun Megazord but are forced to retreat into the Ninja Megazord after the Blue Globbor sucks the Shogun Megazord completely dry of its power. The Blue Globbor proves far too strong for the formation, easily taking it down and wiping the floor with the Rangers. However, Tommy and Kat eventually return in the rescued White Ninja Falconzord and blast the Blue Globbor with lasers to stun him. The Falconzord then combines with the Ninja Megazord to form the Ninja Mega Falconzord and the Blue Globbor is swiftly destroyed by the Power Punch which sends him flying onto his back where he explodes. However, much to the Rangers' surprise, the Blue Globbor survives the blow as he arises from the flames and changes into a Ninjor-like form. Master Vile arrives and reveals that he has established a connection between Globbor and Ninjor so that each blow against the Blue Globbor will injure Ninjor and destroying the master will do the same to the ninja master. With the Rangers unwilling to fight properly, Globbor uses his absorbed energy to easily take down both Megazords and the Falconzord and Vile teleports all four of them to another world. The Blue Globbor then shrinks down and proves too much for the Rangers, although they did manage to destroy his energy draining suction cups, and they are forced to retreat.

Although the Blue Globbor is ready to destroy the city, Vile forces the Blue Globbor to retreat so that he can celebrate his upcoming victory prematurely. After the Rangers retrieve the Zeo Crystal and Zords, the Blue Globbor is sent to destroy Angel Grove and he emerges in the city at which point the three Zords confront him. The Blue Globbor continues decimating the Zords and eventually evolves into his third and most powerful form resembling the later Aquitar Rangers. This final form easily decimates the Zords but does not last long since he is severely weakened when Alpha reverses Master Vile's eclipse spell over the city and the Shogun Megazord hits him with a fiery boomerang which completely severs the Globbor's connection to Ninjor. The weakening of Globbor enables Ninjor to regain his strength and break free at which point Vile grows and Ninjor grows into Ninjor Battle Mode. After the Falconzord blasts Vile and the Blue Globbor, the latter charges and tries to destroy Ninjor but is overpowered and punted into a trap on all sides. With his back literally against the Megazords and no hope of escape, the Blue Globbor is disabled by the Fire Saber and finished off once and for all by Ninjor's energy ball which makes him flail to the ground and explode

---

Tommy Oliver: Blue Globber!

Blue Globbor: Been a while rangers!

Me: I remember you! Master Vile made you to recapture Ninjor.

Blue Globbor: That's right J.D. Good memory on you.

Me: Never missed an episode.

Aurico: Awesome!

Dark Spicer: Here's my first form.

He turned into Gigajolt!

Dark then turned into Boodunce!

Bertrand: I was wondering when I'd see Boodunce again.

Boodunce: Well, here he is now. (Fires a dark blue energy blast from his hands at Bertrand)

Bertrand deflected the blast and it hit Billy and burned him.

They rushed on over, and they saw Luan, but she was cornered by that bloodthirsty thug, Gisele Razor, and she was going to stab her and kill her. They couldn't let that thug get away with that, so Lori threw a shoe at her face, and it allowed Luan to get away. Gisele Razor was pissed off they stopped her, and she tried to kill them in a fit of rage, but Lori kicked that thug in the stomach and Heather punched her in the face, and Lincoln also punched Gisele Razor in the mouth, knocking her teeth out, and they knocked her down, tied her up in nylon rope, and while Heather and Lincoln were checking on Luan, Lori called the cops, and they took Gisele Razor away.

Fiona Hernandez the Uria, Lord of Searing Flames Gene-Slammer, Apple Bloom, Sweetie Belle, Scootaloo, Diamond Tiara, Silver Spoon, RD Lola and Misty Tredwell VS Kimberly Ann Hart the Pink Ranger Slayer

---

Pink Ranger Slayer was next.

Pink Ranger Slayer: It's just terrible that those 4 have done so many terrible things.

Fiona Hernandez: You are not kidding there. Nico told us all about what they did and we were just absolutely horrified. But the rest pale in comparison to Billy's crimes. He did it all and it was all to boost ratings for Total Drama. He tortured, humiliated and bullied the contests and turned them into total laughingstocks all just to satisfy his own sadistic pleasures and ruin their lives and reputations and worse.

Apple Bloom: Yeah it was so terrible!

Sweetie Belle: Billy McLean is a monster! He ruined so many awesome couples too!

Scootaloo: Yeah he sure did! Sky and Dave would have made an awesome couple!

Diamond Tiara: And he made them do all kinds of weird and horrible things and he turned Ezekiel into a feral monster!

Silver Spoon: But it wasn't all that bad. We found out that Gwen crashing in Australia was a total blessing in disguise. She and Jasmine are like sisters. Now Sammy is Jasmine's adopted sister.

Misty Tredwell: That is awesome and we're happy for them and that Billy will be experiencing the same pain he dealt to all of his contestants.

Pink Ranger Slayer: It sure is but Billy should have gotten the Death Penalty for his crimes.

Fiona Hernandez: As much as Canada wants to do that they can't. They abolished the use of the Death Penalty in 1976. So Billy dodged a bullet on that one. But being marked as a dangerous offender and likely spending the rest of his life in prison with no hope of release is considered the next best thing.

Pink Ranger Slayer: That is a good thing.

Fiona Hernandez: Yeah. Canadian law is completely different from what we have here in America. I'm studying up on laws in International Areas and it's really fascinating with me.

Pink Ranger Slayer: Thats good you want to be prepared for that. Lets do it!

They fired waves of fire and elements and smashed her down.

Weddinmon: How come Lewis Travolta is being humiliated?

Marie Hernandez: I don't know the full extent of the details myself but it has something to do with a really high debt.

Frozen Fright: That's right. He's also a really big jerk and a total asshole. He raked in a huge debt worth over $64,000.00 and he didn't want to pay it at all.

Thunder Terror: So Mr. Lynn sent us to MAKE HIM pay by force.

Magma Gloom: Yeah and everyone is totally fed up with him and how he acts like a complete jerk around everyone. He's said to be 1,000,000,000 times worse than Comic Book Guy.

Toxic Horror: He owns a comic book store in the middle of town and everyone is fed up with him because of how he treats the customers and his clients.

Louie PoisonSea: Yeah he is what we call the land version of SpongeBob's enemy Bubble Bass.

Weddinmon: I heard about Bubble Bass. Wasn't he banned from the Krusty Krab for raking up a massive bill himself?

RD Lincoln: That's right and his bill was twice the amount. He owed $128,000.00.

Weddinmon: Geez! No wonder all of Bikini Bottom and Gotham Royal York hate their guts! Those two are made for each other.

They laughed.

Weddinmon: That was funny. Lets do it!

They fired waves of lightning and elements and smashed her down.

Marie Hernandez: LIGHTNING WINS!

Fearful 5: FEARFUL FIVE WINS!

Nicole Hernandez the Raviel, Lord of Phantasms Gene-Slammer, Star Swirl the Bearded, Rockhoof, Somnambula, Mistmane, Flash Magnus, Mage Meadowbrook, Gusty the Great, Clover the Clever, RD Lucy and Carly Atlas VS Marcel Bonaparte

---

Marcel Bonaparte was next.

Marcel: So what is the history with Flip?

Nicole Hernandez: He's an absolute cheepskate and he did all sorts of terrible things that even the Geneva Convention would never tolerate. He poisoned people with Angel Dust in his Flippee's, made his beef jerky from roadkill and did all kinds of health hazards that the Health Inspectors would have a field day over.

Marcel: Jeez! And why does Lincoln call him a mutant?

Nicole Hernandez: Lisa showed us all an X-Ray of him and his whole body is an abomination to nature! His organs are all in the wrong spots!

Nicole held up an X-Ray of Flip and he gasped.

One of his feet doesn't feel pain under immense weight.

His heart is in his belly.

He can burp out of his ear, and his burps can wilt plants.

He can hold his breath underwater for five minutes.

He can swallow many gallons of water at once.

He can withstand sub-zero temperatures.

His internal organs mostly consist of food products.

His liver is in his neck.

His skin is one big callus.

He has fish gills on at least one of his legs.

He has four butt cheeks, and by extension two butt cracks.

His brain is in his knee (or at least that's where he feels a brain freeze).

Marcel: He's a freak of nature!

Nicole Hernandez: I know. What a monster!

Star Swirl: What his crimes did really were shocking though. He even made Princess Luna and Chunk of the Ripping Friends throw up.

Rockhoof: (Scottish Accent) Aye. It's really sickening now.

Somnambula: (Egyptian Accent) That is absolutely horrible.

Mistmane: It sure is. Flip should have died from all that but he is one tough guy.

Flash Magnus: He sure is a tough guy.

Mage Meadowbrook: In all honesty I don't know what Lynn was thinking having a friend like him.

Gusty: Yeah the guy is a freak and a total jerk and an absolute cheepskate.

Clover the Clever: He is worse than Mr. Krabs was.

Carly Atlas: He IS DEFINITELY worse than Mr. Krabs. We found out that he was trying to kill the Loud's by sending them down a Whirlpool that goes to Skull Island.

Marcel: That's insane! Why was he trying to do that?

Nicole Hernandez: It was all for money! Lincoln was on to his schemes and Joy Kiramensikov the Stardust Dragon Gene-Slammer was on to him too and the Louds, Lincoln and Joy pulverized the living dirt out of him at the mall. The entire town was outraged at Flip and they formed an angry mob to try and run him out of town when Joy told the town everything. Then the police and FBI nabbed him at Flip's Food and Fuel as he was hiding.

Marcel: Good. What happened to Flip's Food & Fuel?

Nicole Hernandez: It was torn down and demolished and replaced with a game store. You wouldn't believe what was in Flip's Food and Fuel. The DEA, HAZMAT Division and the FBI found TONS of pounds of Marijuana, Angel Dust, Ecstacy, Methamphetamine, Cocaine, Heroin, every kind of illegal drug you can think of and more. They found 46,000 tons of the stuff as well as $723,342,392,392,938.00 in cash and NUMEROUS carcasses of roadkill.

Marcel: Ugh! I think I'm gonna be sick!

Nicole Hernandez: I would be too.

Marcel: Same here. Lets do it!

They fired waves of darkness and elements and smashed him down.

Nicole Hernandez: DARKNESS WINS!

Star Swirl: That was awesome!

---

The Tiki Tak Tribe was next.

Zecora: This will be much fun after all the pranks and humiliations started for all, and it was just the beginning for many of us to get through the wall.

Valerie Brinkley: It sure is gonna be fun.

Lauren Delaney: Yeah it sure will be fun and those humiliations were so funny.

Rebecca Madison: I always get a great laugh out of them.

Emma Langley: Me too and they are awesome and funny.

Mia Addison: I always like laughing at monsters like the 4 terrors of the World.

Cathy Russo: That's a great name for them.

Emily LeRue: It sure is.

They fired waves of fire and energy and smashed them down.

---

We regrouped and cheered.

Moonstone: Another day of humiliations done.

Chloé Bourgeois: You said it!

Kitty: I never get tired of these.

Tar Pit: You know it's only the second day, right?

Zs'Skayr: But she has a point.

Lena Windsor: We have a special humiliation victim next.

Number 7: I'd ask who he is. But I guess we'll just have to be patient.

Me: I have something awesome planned for the next one and it'll be an awesome surprise.

Nico: Can't wait to see it. But awesome job today everyone. Our 4 party guests are on their way to the hospital.

Me: Good. For another beatdown in the future.

Chloe Bourgeois: Yep. (To the viewers) Hope you all liked this humiliation spree. It was one of the funniest we've done.

Me: It sure was Chloe. And we got a good meal out of it.

Nico: We sure did. Lets go home.

We went back home and enjoyed the rest of the day and went to sleep.

THE END

---

Another awesome fanfic done.

This was an awesome humiliation in the books. It was really funny how we did all these awesome and crazy shenanigans in this one. You'll see who the next victim is for our humiliations later on in the future. The first part was for the CatDog episode where CatDog was off to find their parents and that was an awesome and amazing 3 part episode. The Great Parent Mystery aired on November 25th, 2000 and that was awesome! But it was crazy how they met all kinds of crazy obstacles to find their mom and dad and the craziest of them all was the brutal feud with cats and dogs in Yokelburg that erupted into a Hatfields & McCoys feud. The 2nd part was for the funny episode Diamond Fever which aired on October 8th, 1998 and that was a really funny one. Can you imagine finding diamonds in your own backyard? You would be filthy rich beyond your wildest dreams. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be in the world of Encephalonus IV and Nico, Edd and Linka are going to face APAROID PIGMA! That was beyond a shadow of a doubt the scariest version of Pigma I've ever seen and it was so scary seeing him in Starfox Assault. They are also going to meet a Cerebrocrustacean Gene-Slammer named Elita Karlsson and she is Nico's friend from Kindergarten that helped him many times in Quantum Science and physics. The next rescue for Lincoln is gonna be on the planet Anur Phaetos, Ghostfreak's home planet and Lincoln and his group are going to meet a Blue-Winged Crown Gene-Slammer and also save girls and take down Kane North, the evil twin brother of Abel North from Ben 10 and also Catherine Lancaster the Rainbow Dragon Gene-Slammer is gonna transform against him but he won't be killed. He's not worth killing and he is a potential candidate for the M.O.E.. The next chapter is for Valentine's Day! Get ready for an awesome and romantic adventure as L'Amore is in the air and we go to the amusement park for fun, the movie theater and then finish up by watching the stars.

See you all tomorrow

# VALENTINES DAY FUN

HAPPY VALENTINES DAY 2022 EVERYONE!

---

On the planet Encephalonus IV, Nico, May, Edd and Linka were there for another awesome and amazing rescue.

Nico: Thanks for coming with me, Double D.

Edd: Oh it's my pleasure Nico. It's gonna be most fun and intriguing to see a rescue in action.

May: It sure will and I'm gonna have fun on this one.

Linka: Me too.

Nico: And it is Valentines Day so this is perfect for you all to come with.

Linka: It sure is.

Nico: And the next rescue is gonna be on Encephalonus IV. Brainstorm's home planet. How cool is that.

May: Wow! This is gonna be so awesome.

Nico: Yeah. I'll never forget facing Darkstar here. That was so awesome.

May: That was awesome.

Nico: (to Linka and Double D) Have you two gotten anything for each other yet?

Edd: I sure have.

Linka: Same here. Me and Double D got awesome matching Necklaces.

Nico saw that they had lightning bolt necklaces with hearts on them that said Linka X Edd (Double D) 4-Ever.

Nico: Awesome! And I bet Luna and Sam got awesome stuff too.

May: Everyone sure did. And you made awesome rings for me and the harem.

Nico: Glad you like that May.

It was ominously quiet.

Nico: It's quiet. Too quiet.

May: Yeah but I sense a strong energy.

Linka: I'm also picking up psychic energy signals.

Nico: I hope it's not the Necromorphs.

Linka: No it's not them. They are all destroyed for good.

Nico: Hmm.

They heard something.

Nico: Everyone, hide behind something. I think something's coming!

They agreed and hid in a building and then they saw a strange ship come and it was ugly.

Nico: That ship is familiar. But it's infected by the Aparoids. Wait a second. That opening. It can't be!

It opened and revealed A REALLY HORRIFYING PIG FACE IN IT! IT WAS PIGMA DENGAR AND HE WAS INFECTED BY THE APAROIDS LIKE IN STARFOX ASSAULT!

Nico: IT'S PIGMA!

Edd: I thought that honorless slimeball was dead.

Linka: Me too!

They went to face him!

Nico: HEY!

He turned and saw them!

Nico: YOU HAVE A LOT OF NERVE SHOWING YOUR UGLY SNOUT AGAIN PIGMA!

Pigma: **Do not resist. You have been warned.**

Nico: Looks like Pigma's already gone… Who or what are you?!

Pigma: **We will answer. We are the ultimate existence. You cannot resist us. You will join us.**

Linka: Whoa!

Nico: Why did you turn Lionheart into a fucking zombie?! Why did you let him loose on the mermaids in Luffy's world?!

Aparoid Pigma: We will answer. All things in the universe belong to us. We are the ultimate existence and we want everything in the universe all for us.

Linka: A universe all without free will!? Where's the honor in all that!?

May: A Universe without free will is one that is the Ultimate Fate Worse Than Death!

Nico: One last thing. Why come here?

Aparoid Pigma: **To find you so we can talk. We resurrected many of your fellow family members and friends so we can get you to join us in our conquest of making the universe ours.**

Nico: That didn't work did it. It was half right. But all it did was bring back many of our loved ones and make our families whole again. We freed them from your clutches. And now, I can't believe I'm about to do this but we will free Pigma from your evil clutches and send him to prison!

Linka: Nico saving Pigma? Wow! That is a big call in judgement.

Edd: It sure is.

Nico: Of course, if you release him right now, this would be much more easier.

Aparoid Pigma: **We will not release him.**

Nico: Then we will make you!

?: Let me help in dealing with this abomination of parasitic extraterrestrial monsters.

A Cerebrocrustacean came out.

Cerebrocrustacean: (In a girl's voice) (Swedish Accent) Looks like this atrocious collective of monsters picked the wrong guy for the fight right Nico?

Nico: That voice. Elita Karlsson?

Cerebrocrustacean: Ja. And it's good to see you again Nico. We can catch up on good times later. Lets save Pigma.

Nico: With pleasure.

Double D pressed a button on his wristwatch and his Iron Boy suit began to form.

He turned into Iron Boy!

Nico: Destroy those arms he has first!

Linka: Right!

They fired blasts of lightning and energy and ice and destroyed the arms.

Aparoid Pigma: **Join us.**

The face revealed itself.

Nico: Blast that face!

They fired waves of lightning, energy and ice and the ship was exploding!

Nico: I got this!

Nico fired a beam of light and sucked Pigma out of the ship and he was free of the Aparoids and then the Ship exploded!

EXTREMELY MASSIVE EXPLOSION!

The ship was destroyed!

Nico: Good riddance!

May and Linka tied up and restrained Pigma and made sure he would not escape. He was unconscious but he would be all right.

Cerebrocrustacean: That was a great battle!

Iron Boy: So, what's your favorite memory of Nico?

Cerebrocrustacean: I have so many of them but they are in Chemistry Class. But my favorite it when we made our own candy. We made chocolate mint flavor jawbreakers and licorice.

Nico: I remember that. That was so awesome and delicious.

Edd: Sounds amazing.

Nico: Yep. Lets revert you back Elita.

Nico put on his blind man glasses and Double D was looking up and Nico snapped his fingers and Elita reverted back and she had amber hair and yellow eyes and she was in her birthday suit.

Edd: GOOD LORD ELITA MAKE YOURSELF DECENT GIRL! (COVERS HIS EYES)

Nico gave her a new outfit and she put it on and was in an amazing orange dress.

Elita: Wow this dress is amazing.

Nico: It really is good to see you again.

Elita and Nico then hugged.

Elita: I've missed you too Nico.

May: Aww.

Nico: Same here.

Nico then picked up Pigma.

Nico: Lets go home. This is gonna be one helluva story for everyone.

They teleported back home.

They told us everything that happened and we were floored and amazed.

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, Sima Yi, Jiang Wei, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), Musashi Miyamoto (Samurai Warriors), Ben Tennyson, Gwen Tennyson, Young Ben, Young Gwen, Kevin Levin, Riley Anderson, The Plumber Kids, Catherine Lancaster, and Jimmy Neutron were heading to Anur Phaetos, and not only is Lincoln going to rescue the nine girls there, but we're also going to fight Kane North, the evil twin brother of Abel North, and have him handed over to Vypra as a candidate for The Masters of Evil.

Lincoln: Whoa, we're on Anur Phaetos, and I know what we're going to do here, not only am I going to rescue the nine girls there, but we're also going to fight Kane North, the evil twin brother of Abel

North, and have him handed over to Vypra as a candidate for The Masters of Evil.

Nico: That's right, big guy.

Ben Tennyson: I never thought we'd run into Kane North yet again.

Jimmy Neutron: And that he's been located here on Anur Phaetos.

Gwen Tennyson: But, he'll make a good candidate for The Masters of Evil.

Riley Anderson: You got that right, Gwen, and it's also ironic, the names of Kane and Abel are almost the same names as Cain and Abel in the Book of Genesis.

Me: I was just about to point it out, Riley. Kane was jealous of Abel's achievements, so he started to frame his brother for things he didn't do.

TLPS Mr. Wolf: While Cain murdered his brother, Abel, in The Book of Genesis. I'm just lucky that Kane didn't even go that far as to do something like that.

Ben Tennyson: That's right. But, for now, we'll get him sent to The Masters of Evil's prison.

?: HELP!

Suddenly, Lincoln heard the sound of nine girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the nine girls, but they've been cornered by Kane North, and he had an army of Hidiacs with him.

Lincoln: Guys, I found the nine girls, but they've been cornered by Kane North, and he has an army of Hidiacs with him.

?: (British Accent) Let's get that bad twin brother.

Suddenly, we saw a Blue-Winged Crown land in front of us.

Lincoln: That voice, I knew it was you, Nora Winchester. But, we'll have to talk later, right now, let's put a stop to Kane North. (Smirks) You know what this means?

Ben Tennyson and Young Ben: It's Hero Time!

We rushed on over, and Lincoln fired powerful rainbow energy balls at a group of Hidiacs, and they hit them on their backs, and they exploded, and that allowed the seventeen girls to get to safety. When Kane North saw us, he was enraged.

Kane North: So, the famous Team Loud Phoenix Storm has arrived? And it's been a long time since we last met, Ben Tennyson.

Ben Tennyson: That it has, Kane. But, we're not here to kill you.

Lincoln: Ben's right, we're here to take you in.

Kane North: I'm not going to prison without a fight.

Catherine Lancaster: (British Accent) And that's exactly what you're getting.

Suddenly, Catherine Lancaster's blue eyes turned neon blue and she was surrounded by a rainbow energy aura and dragons, and as she approached Kane North, she left rainbow energy, crystals, and dragons with every step. Suddenly, Catherine Lancaster was surrounded by a massive vortex of rainbow energy with rainbow fire and dragons surrounding it, there was the Rainbow Dragon flying around the vortex, and in the vortex is a blue phoenix. Then, as the vortex faded, Catherine Lancaster emerged, but she was changed forever.

(IMPERATRIX MUNDI PLAYS AT 1:45 TO 2:14)

Catherine Lancaster grew from 6'0" to 6'5" in height, she still had the body of a goddess and she had rainbow highlights on the bangs of her long hair, she has neon blue eyes and a rainbow energy aura with rainbow fire and dragons surrounding her, she still has the Rainbow Dragon emblazoned on her forehead, but it now has the Light Kanji in its claws, she still has on Rainbow Dragon earrings with the Light Kanji in its claws, but the Rainbow Dragon earrings have rainbow gems for eyes, she has on her Crystal Necklace of The Buddha with rainbow crystal links and the Rainbow Dragon with rainbow gems for eyes holding the Light Kanji in its claws for the pendant, she has on a sleeveless pink blouse with rainbow phoenix on it, pink blouse with crystals and The Rainbow Dragon on it, blue pants, blue high heels, she has massive rainbow angel wings, and a sleeveless rainbow trenchcoat with rainbows and dragons on the coattails, and on the back is the Rainbow Dragon with crystals of different colors surrounding it, along with the flag of Britain.

Suddenly, Catherine Lancaster's massive Sword of The DNA Spliceteam was suddenly surrounded by a kaleidoscope of rainbow light and rainbow crystals, and when it emerged, it was transformed into The Rainbow Dragon's Rainbow Sword of Colorful Justice, it's a new large sword with a 6'5" massive, wide, double-edged rainbow blade with the Rainbow Dragon etched onto it, along with the symbol of The DNA Spliceteam on top, the Rainbow Dragon's wings for the crossguard, large rainbow gem for the hilt, longer black handle, and four rainbow dragon heads with rainbow gems for eyes and in their open mouths, Catherine Lancaster has on her new Bracelets of The Champions of The Universe with rainbow gems on her wrists, Belt of Elemental Bravery with a gold version of The Rainbow Dragon with rainbow gems for eyes and a large rainbow gem in its mouth for the belt buckle on her waist, large rainbow Spellbook of The Gods and the Universe on her left hip, and her Eater of Sins revolver holstered on her right hip. There's a gold kanji right below the Rainbow Dragon that said, "Catherine Lancaster, Rainbow Dragon Gene-Slammer of England, Member of The DNA Spliceteam, Master of Rainbows, Crystals, and Rainbow Light, Slayer of Evil, Deranged, Murderous, Ruthless, and Sadistic Bastards, Amazing Member of Team Loud Phoenix Storm, and Protector of England's Long History."

Catherine Lancaster has transformed into SUPER ANGEL INFINITY

CELESTIAL RAINBOW DRAGON ANGEL OF LOVE AND LIGHT!

We were amazed by Catherine Lancaster's Super Angel Infinity transformation, but when Kane North saw it, he tried to attack, but Catherine Lancaster fired a powerful blast of rainbow energy, and it hits him, and sent him into a wall.

Lincoln: Whoa, Catherine's transformed into her new Super Angel Infinity form.

Nico: Awesome.

Catherine Lancaster: (Divine Echoing Cosmic Voice of The Rainbow Dragon and Rainbow Love) (British Accent) **Now, then, shall we teach Kane North a lesson?**

Lincoln: Let's get him.

Lincoln unholstered his improved massive Sword of Universal Hope and Elemental Bravery from his wider and muscular back and he transformed into Super Angel-Ebonwu-Thunderbird Eternity Infinity Elemental Thunderbird Buffalo Angel of Universal Justice and Elemental Hope, The TLPS Bad Guys Gang transformed into their Super Angel Infinity forms, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sima Yi, Sun Quan, and Jiang Wei got out their weapons, Lincoln's sisters transformed into their Super Angel Infinity forms and unholster their massive swords from their backs, Lincoln's harem unholstered their massive swords from their backs and transform, The Samurai Warriors got out their weapons, The Plumbers got out their weapons, and Me, Eli, Nicole, and Nico also transformed and unholstered our massive swords from our backs, and we went at the Hidiacs and Kane North, and we fired powerful blasts of rainbow energy, colored energy, elemental forces, ice, lightning, steel orbs, stars, rainbow flames, rainbow crystals, orange flames, blue flames, ice, green flames, and winds and destroyed the Hidiacs, and knocked out Kane North, who was then tied up by Lincoln in a rainbow energy straitjacket and sent to the to The Masters of Evil's prison in The Center of The Earth. We cheered wildly as we holster our weapons and power down, and Catherine Lancaster's new body, clothes, weapons, jewelry, and angel wings are permanent.

Lincoln: That's it for Kane North, and we got him sent to The Masters of Evil's prison. (To Nora Winchester) And it's so good to see you again, Nora.

Nora Winchester: (British Accent) You too, Lincoln. it's been a long time.

They went up to each other, and they hugged, and Nora Winchester was surprised at how much stronger and at how much taller and much more muscular Lincoln's gotten since she last saw him.

Lincoln: It sure has been a long time, I haven't seen you when you were eleven, and I've grown a lot since then.

Nora Winchester: (British Accent) Yeah, I can see, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Wow, Lincoln, you know her?

Lincoln: Yeah, I do, Nico. This is Nora Winchester, she moved to Michigan from England, when she was eleven, and she's an expert on England's history and on birds.

Nico: Awesome, and Catherine's also from England, so they must've known each other at some point before Nora moved.

Catherine Lancaster: (British Accent) Actually, Nora lived in Camden Town in London, while I lived in Lancaster.

Lincoln: Awesome. Now, let's get you back to normal, Nora. Boys, cover your eyes, hold still, Nora, this is going to hurt.

Me, Nico, Eli, and the rest of the boys covered our eyes as Lincoln snapped his fingers, and Nora was reverting back to normal. Nora Winchester is a beautiful 17-year-old with long dark blue hair going down to the bottom of her neck, blue eyes, fair skin, she's 6'0" in height, and she had the body of a goddess. She also now has massive dark blue angel wings, as she reigned in the power of the Blue-Winged Crown.

Lincoln: How do you feel, Nora?

Nora Winchester: (British Accent) Good. (Realizes she's in her birthday suit) But, I'm also in my birthday suit.

Lincoln gave Nora Winchester a new wardrobe, a dark blue shirt with a blue phoenix and a dark blue skirt with the Blue-Winged Crown on it, dark blue pants, dark blue leather ankle-high combat boots, and a long dark blue trenchcoat with birds on the coattails and the Blue-Winged Crown on the back, and on her back is a large Blue-Winged Crown-themed sword with a 6'5" massive, wide, double-edged, man-sized dark blue blade with the Blue-Winged Crown etched on it, the large wings of The Blue-Winged Crown for the crossguard, large dark blue gem for the hilt, longer black handle, and four large blue bird heads with dark blue gems for the eyes and four large blue gems in its mouths for the pommel.

Nora Winchester: (British Accent) Wow, I love the new outfit and large sword you made for me, Lincoln.

Suddenly, a Thunderbird Necklace of Eternal Love appeared on Nora Winchester's neck with dark blue gems on the gold lightning bolts and dark blue crystals links from her new Crystal Necklace of the Buddha.

Nora Winchester: (Surprised) (British Accent) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Nora.

Nora Winchester had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the nine girls, and when Lincoln saw them, he immediately recognized them. The nine girls are Ikuta Mitsuki, Hayasaka Miku, Imamura Sayaka, Jougasaki Hikaru, Katsuragi Youko, and Yagami Natsumi from Smash Hit, Yuuki Rina, Ijuuin Alice, and Miura Chisato from Hoshikuzu Paradise.

Lincoln: Oh wow, it's Ikuta Mitsuki, Hayasaka Miku, Imamura Sayaka, Jougasaki Hikaru, Katsuragi Youko, Yagami Natsumi, Yuuki Rina, Ijuuin Alice, and Miura Chisato.

Helena McTroy: From Smash Hit and Hoshikuzu Paradise, awesome.

Lincoln: Are you girls okay?

Ikuta Mitsuki: Yes, we're okay, thanks to you.

Then, when Ikuta Mitsuki and the other eight girls saw who it was that saved them from Kane North and the army of Hidiacs, their faces turned atomic red upon seeing the 17-year-old 7'0" tall, handsome, bare-chested hunk with abnormally massive and powerful upper and lower body muscles, eight-pack abs, long white hair going down to the bottom of his neck and rainbow lightning bolt highlights in the bangs of his long white hair, rainbow colored thunderbird with a gold lightning bolt emblazoned on his forehead, golden lightning bolt cutie mark with the thunderbird and comic books right on his massive and wide right pec and it was surrounded by the symbols of Fire, Water, Ice, Wind, Earth, Nature, Light, and Darkness in a circle, a Celtic Cross cutie mark tattoo in the form of the cutie marks of Twilight Sparkle, Sunset Shimmer, Rainbow Dash, Applejack, Rarity, Pinkie Pie, Fluttershy, Starlight Glimmer, and Trixie Lulamoon, surrounded by a circle were the marks of the other girls in Lincoln's harem on his wider and more muscular back, and right on top was the Earth surrounded by the ring of mermaids and surrounded by a Thunderbird, Phoenix, and Buffalo, and below the Cutie Mark tattoo is a deep sapphire blue kanji that said, "Lincoln Landon Loud, Champion and Emissary of Hinon, Master of Lightning Storms, The Weather, and The Thirteen Elemental Forces, The Loud House's Man With A Plan, Golden-Hearted Brother of Many Siblings, and Golden-Hearted Lover, Father of Many Kids, Son, and Future Husband, Descendant of The 17th Century Duke Lincoln of Loch Loud in Scotland, Destroyer of Morag McLaughlin, Destroyer of Evil, Black-Hearted, Sadistic, Delusional, Power-Hungry Bastards, Talented Comic Book Writer and Video Gamer, God of Truth and Justice, and Ambassador and Beacon of Hope to The Universe", and he had deep sapphire blue eyes.

Ikuta Mitsuki: Oh wow, you're Lincoln Loud of Team Loud Phoenix Storm.

Lincoln: That's right, and it's a pleasure to meet you all.

Then, Lincoln made eight clones of himself, and he and the eight clones went up to the girls, and they picked them up and hugged them in their abnormally massive and powerful muscular arms, and kissed them on the lips, which they returned with equally intense passion, as they wrap their arms around the necks of Lincoln and his clones, and we cheered wildly at the scene.

Ikuta Mitsuki: (Seductively and rubs her right hand on Lincoln's massive and wide right pec) You too, big, tall, muscular, and handsome.

Suddenly, nine Thunderbird Necklaces of Eternal Love appeared around the necks of Ikuta Mitsuki, Hayasaka Miku, Imamura Sayaka, Jougasaki Hikaru, Katsuragi Youko, Yagami Natsumi, Yuuki Rina, Ijuuin Alice, and Miura Chisato with colored gems and crystals on the gold lightning bolts. We returned to the Estate, we told everyone what happened, and they were shocked when we told them the villains we went after was Kane North, and he had an army of Hidiacs with him.

But, when Lincoln showed what we did to the Hidiacs and Kane North, they cheered wildly for Lincoln and the rest of us, and they hugged us, and the girls in Lincoln's harem then went up to Lincoln, and they kissed him all over. Lincoln and Nora Winchester now have a lot of catching up to do, now that she's back, and as for Kane North, he was sent to The Masters of Evil's prison, and he'll be recruited into The Masters of Evil as a potential member.

---

After our adventure on Anur Phaetos and putting Kane North in The Masters of Evil's prison, we were training intensely in the gym doing 100,000,000 reps of crunches, wing push-ups and regular push-ups, pull-ups, lat pulldowns, bicep curls, leg curls, and chest presses with 9,500-lb barbells, squats, and going a few rounds with the punching bags, and we were really sweating like crazy, even doing yoga to clear our minds, and when Nora Winchester saw Lincoln working out like crazy, she had an atomic red blush on her face.

Nora Winchester: (British Accent) Whoa, Lincoln's really grown to be a 17-year-old 7'0" tall, really big, and really strong young man, just look at those abnormally massive and powerful muscles hard at work, and to work out with those 9,500-lb barbells and not even get tired, incredible.

Lincoln: And I've also trained a lot under some very powerful teachers, J.D. and Nico included, Nora, and now, I can also fight and defend myself.

Nora Winchester: (British Accent) That's awesome.

Nico: It sure is, Nora. So, what memories did you have with Lincoln?

Nora Winchester: (British Accent) I remembered that one time, we were looking for a rare bird to report in our nature assignment in science class for school, and to our surprise, we spotted a rare Kirtland's Warbler in Tall Timbers Park.

Me: Whoa, I've heard about those birds, they're awesome.

Lincoln: That's right, this bird is Michigan's most unique bird, because it breeds nowhere else in the world and is listed as a federally endangered species.

Nico: (Stunned) Whoa, awesome.

Nora Winchester: (British Accent) It sure is, but while we're looking for more birds, Lynn showed up, and she kicked her soccer ball at us, and it scared off the birds, and she was laughing at us. I wasn't going to stand for that one, so I grabbed the sports jock by the back of her shirt, and we dragged her back to The Loud House, and told Mr. and Mrs. Loud of what she did, and she got grounded for a week for that little stunt she played.

Nico and TLPS Mr. Wolf: Blame Dark Lynn for that one, Nora.

Lincoln: And Nora's not only a good bird watcher, but she was also tough when she grabbed Lynn and dragged her back to the house and told Mom and Dad what she did.

Me: So, we also got another one of your Guardian Angels, who's put Lynn in her place? Awesome.

Lincoln: It sure is, and since today's Valentine's Day, it's time for our date, this time, we're going to an Italian restaurant for Valentine's Day.

We then got a shower, and Lincoln and his harem were getting ready for their date, this time, it's at an Italian restaurant for Valentine's Day in Gotham Royal York.

Lincoln then snapped his fingers, and the 17-year-old 7'0", white-haired, handsome, and extremely muscular teen was dressed in a large black tuxedo suit with large buttoned white dress shirt, large black vest, large black pants, large black dress shoes, along with his large weighted orange bands with silver phoenixes on his massive biceps and thighs, large orange fingerless gloves with the symbol of The Loud House surrounded by a Phoenix, Thunderbird, Buffalo, and Angel in a diamond formation, his jewelry, large orange sandals, and eight large orange orbs orbiting around his legs, and he also had his weapons holstered, in case of trouble, and he had on his Thunderbird Eau Fraiche cologne.

And his harem were dressed in long fancy dresses in their favorite colors, colored high heels, along with their jewelry, and they also had their weapons holstered in case of trouble, and they had on some perfume.

Lincoln: Well, ladies, shall we?

Hannah Montgomery: We're ready, Linky.

Lincoln took the girls by their arms, and they left the Estate, and they head for the Italian restaurant in Gotham Royal York, and when they arrived, it was an amazing establishment, and it looked like a slice of Italy has made its home here in Gotham Royal York.

Helena McTroy: Wow, this restaurant is amazing.

Lincoln: It sure is, Helena. Dad told me about this place, and it's an amazing restaurant with top-quality food and atmosphere, and I also made reservations for this place. Happy Valentine's Day, girls.

The girls were so surprised that Lincoln has made the reservations for them at this restaurant, and they kissed him, then, they went to their tables, and ordered their food. A few minutes later, their food arrived at the table, and when Lincoln took a bite, his taste buds were blown away, along with the rest of his harem, as soon as they took a bite of their food. Then, after they've eaten, Lincoln paid the bill, and they returned home, and were back in their original clothes.

Nico: Hey, big guy, how was your date?

Lincoln: It was awesome, Nico, we went to the Italian restaurant that Dad told me about.

Nico: Awesome.

Lily the Mermaid: And it was also a Valentine's Day gift that Linky had gotten us, a reservation and a date at that restaurant.

Nico: Now, that makes it even more awesome and romantic. Nice.

Lori: And it's a good thing Dad told you about that restaurant, Lincoln, Bobby and I are planning on also going there one day on our date.

Me: Same with me and Varie.

Nico: Same with me, May, and my harem, along with all the other couples.

Lincoln: Nice.

Nico: May, I got another Valentine's Day gift for you.

May: What is it?

Nico pulled out an awesome bracelet. It was a magical bracelet that was gold and it had jewels for each of Nico's friends and May and his harem.

Nico: This is a bracelet that will symbolize that you are part of my harem and family and the gems will continue to increase as more members are added.

May: Awesome! Thanks Nico.

Poromon: Manaphy, I got a gift for you.

Poromon gave her an awesome necklace in the shape of May and her hugging.

So cute.

Manaphy: Oh wow! That is awesome! Thanks Poromon.

Poromon: Anytime.

We all had all sorts of great gifts for everyone.

William: Maria, I hope you don't mind. But I got something for you.

Maria got an amazing gift from William. It was an amazing ocean blue ring and it had sapphires and diamonds and they were in the shape of a mermaid and dolphins.

Maria: Whoa! William that is beautiful!

William: It sure is.

Poliwag: Horsea, I got you a gift

Poliwag put a jewel on Horsea's tail and it looked like a jewel seahorse.

Horsea: Cool! Thanks Poliwag.

Poliwag: You're welcome.

Nico: Aww.

Dark Spicer: What should we do today?

Nico: Lets head to the carnival. But before we go J.D. has something he wants to show us.

Me: Yep. Check this out.

I pulled out an awesome new weapon and it was A Beyblade! It was a purple phoenix Beyblade.

Me: This is my Beyblade, Starstorm Phoenix. Did you guys know that I am the strongest Beyblader in the world?

Eli: Whoa! Are you really?

Me: I sure am and I also know Tyson and his friends. They are some of the greatest Beybladers I've ever known and are really awesome supporters too. I helped them come a long way and Tyson and his Beyblade the Dragoon are the strongest ever. But me and my Beyblade the Starstorm Phoenix have overcome many odds and obstacles.

Tahu: When the time I comes, I volunteer to go on the series of Ambassador missions that involve Tyson and his friends.

Nico: Granted. It'll be awesome for you to meet Tyson.

Me: Yep. And it'll be awesome to show you how they Beyblade. But that's not till later. Not sure when but it will be awesome.

Laney: I can't wait to see what they can do.

Me: It'll be awesome.

Nico: Yep. Lets head to Phoenix Land!

We cheered and we were off to Phoenix Land!

Shiv: So, Nico. Which Gene Slammer do you think you'll meet on your next rescue?

Nico: I'm hoping to go for an evolve alien this time. I'm hoping to look for an Evolved Necrofriggian Gene-Slammer.

Me: Wow you want to kick it up a bit.

Nico: Yep. So one of the ice users will go with me next.

Electro: It really sucks that the version of me in the Ultimate Alliance world is gonna be in the Fold.

Nico: I know. But we'll save him when the time comes.

Eli: Yeah we sure will. We just have 32 days left before we head out.

Nico: Yep.

We arrived at Phoenix Land.

Firefly: Good old Phoenix Land.

Me: Yep. Awesome amusement park.

Nico: Lets go have some fun.

We cheered!

William: Shall we go, my fair lady?

Maria: We shall.

We all went and had fun. We went for the roller coaster and games and tunnel of love and more.

Maria: I was just about to say that.

William: Me too.

Poliwag and Horsea and William and Maria went on it.

Poliwag: Isn't this lovely?

Horsea: It sure is.

Maria and William were making out.

Poromon: Where should we go, babe?

Manaphy: Bumper cars?

Poromon: Oh it's on!

Nico: Lets do it!

May: Yeah.

They were having fun.

Eddy: So, sockhead. I heard Aparoid Pigma made an appearence in Nico's rescue.

Edd: He sure did Eddy and it was amazing and scary.

Linka: Yeah it sure was. And now Pigma is in the M.O.E. Prison forever.

Eddy: So, sockhead. I heard Aparoid Pigma made an appearence in Nico's rescue.

Edd: He sure did Eddy and it was amazing and scary.

Linka: Yeah it sure was. And now Pigma is in the M.O.E. Prison forever.

Eddy: Was he really that hideous in that form?

Edd: He sure was!

Linka: He was gross and disgusting and horrifying.

Ed: I want cotton candy!

Ed went and got some cotton candy.

He was hungry.

Later we got some burgers and funnel cakes.

Me: Thank goodness this isn't turning out to be like Patrick not getting his present.

Nico: No kidding.

Sandy: I should've just gotten that present to Patrick right away.

Nico: But those scallops were interfering.

Me: Yep.

Manaphy: This Valentine's Day is turning out to be trouble free.

Nico: It sure is. Lets head for the movie theater.

We did so and we were going there to watch VENOM 2: LET THERE BE CARNAGE!

*SPOILER ALERT*

In 1996, a young Cletus Kasady watches helplessly as his love, Frances Barrison is taken away from St. Estes Home for Unwanted Children to the Ravencroft Institute. On the way, Barrison uses her sonic scream powers to attack young police officer Patrick Mulligan. Mulligan shoots Barrison in the eye and suffers an injury to his ear due to her scream. Unbeknownst to Mulligan, who believes he killed her, Barrison is still taken to Ravencroft where her abilities are restricted.

In the present day, Mulligan is now a detective and asks journalist Eddie Brock to speak to serial killer Kasady in San Quentin State Prison, as Kasady refuses to talk to anyone other than Brock. After the visit, Brock's alien symbiote Venom deduces where Kasady has hidden the bodies of his victims which gives Brock a huge career boost. Brock is then contacted by his ex-fiancée Anne Weying, who tells him that she is now engaged to Dr. Dan Lewis, much to Venom's displeasure.

Kasady, who was found guilty of his crimes and earlier sentenced to death by lethal injection, invites Brock to attend his execution. Brock speaks to Kasady again and the latter insults Brock, provoking Venom to attack Kasady. Kasady bites Brock's hand and ingests a small part of the symbiote. Back at their home, Venom has an argument with Brock about wanting to have more freedom to eat criminals, and the symbiote decides to leave Brock's body and go off on its own.

As Kasady's execution begins, a red symbiote emerges and blocks the injection. Named Carnage, it goes on a violent rampage through the prison, freeing inmates and killing guards. Carnage agrees to help Kasady break Barrison out of Ravencroft in exchange for Kasady's help eliminating Brock and Venom. Mulligan visits Brock at home and warns him about the situation. At Ravencroft, Kasady frees Barrison and they travel to the St. Estes children's home to burn it down.

Mulligan grows suspicious of Brock and arrests him. Brock contacts Weying as his lawyer and reveals that Venom has separated from him. As Venom makes his way through San Francisco by hopping from body to body, Weying finds him bonded to Mrs. Chen and convinces him to forgive Brock. Venom reunites with Brock and they escape custody. Kasady takes Mulligan hostage and Barrison captures Weying, taking them both to a cathedral where Kasady and Barrison plan to get married. Brock and Venom arrive to fight Carnage while Barrison seemingly kills Mulligan by hanging him with a chain. Venom is overpowered by Carnage, but provokes Barrison into using her powers to separate Carnage and Kasady. Venom devours Carnage and kills Kasady while Barrison is crushed by the collapsing cathedral. Later, an alive Mulligan's eyes flash blue.

Brock and Venom, now fugitives, decide to take a vacation while they ponder their next steps. As Venom tells Brock about the symbiotes' knowledge of other universes, a blinding light transports them from their hotel room to another room where they watch J. Jonah Jameson talking about Spider-Man's revealed identity as Peter Parker on television.

When the movie was done we cheered wildly.

Nico: YEAH!

Me: That was awesome!

Venom: We ate Kasady and Carnage whole!

Girl Jordan: Serves that fucking monster right!

Venom: You said it!

They high five!

Me: That's what happens when you become the most fucked up monster ever.

Nico: I guess Girl Jordan is still holding on to that vendetta to some degree but that was so awesome seeing Carnage get eaten by Venom and then Venom biting Kasady's head off like that.

Eli: That was so awesome!

Nico: It sure was.

Maria: Not to mention the Carnage and Kasady there weren't symbiotic.

Nico: No they sure weren't.

Eli: Yeah no kidding.

U.A. Carnage: I can't believe that version of me was like that.

Girl Jordan: I know. You I can get along with.

U.A. Carnage: Thanks.

Me: That's a relief.

Super Hero Squad Carnage: That was cool though.

Me: Yep.

Eddie Brock: Venom, let's not fight ever like in that movie, okay?

Venom: You got it.

Me: But that was awesome how it takes you guys into the world of Spiderman No Way Home.

Nico: That was really cool.

Laney: Lets hope we don't meet that version of Carnage though. The last thing we want is for Girl Jordan to go off like that again.

Nico: Yeah no kidding.

Horsea: What should we do now?

Nico: I got one last thing we can do.

We went up to our estate special park and we looked up all at the stars. The park was in a dome with a magnificent view of space.

Me: Wow.

Poromon: Look at that view!

Nico: It sure is magnificent.

Me: The stars just go on forever and there's still so much more we haven't seen out there.

Eli: I know and we've only begun to scratch the surface of how much is out there still.

Lana: We sure have.

Nico: Happy Valentine's Day, May.

May: You too Nico.

Me: Happy Valentine's Day everyone.

Laney: You too J.D.

We had a great Valentines Day and enjoyed the rest of the day and went to sleep.

THE END

---

Another awesome fanfic done.

Happy Valentines Day to you all and I hope you are having an awesome and great Valentines Day and that you are giving the special someone you have in your heart the love you have for them and giving them the best day ever. The first part was on the Ben 10 Planet Encephalonus IV and that was an awesome planet from Vilgax Attacks and Aparoid Pigma is from Starfox Assault and that was a really scary villain for both me and Nico and it was really creepy. The second part was for the world of Anur Phaetos and we faced the evil twin brother of Abel North from the Ben 10 Episode Super Alien Hero Buddy Adventures and Kane was jealous of his brother just like Cain in the Bible of the Book of Genesis. NicoChan11, JediAvatarOfShinobi, Omegahatchiyak12, XP4Universe, Darkhai, vinjedi1995, Drako1234658, Nflemingful, Etstheclarencefan and ninjakingofhearts gave me the ideas for this and so did the guest reviewer. Thanks guys. Nico's next rescue is gonna be in California and Nico and Kopaka are going to meet the Kaboom family from Animaniacs AND GET READY TO SEE AN EXPLOSIVE BATTLE as Nico and Kopaka meet not only an Evolved Necrofriggian Gene-Slammer named Shannon Littlefield who is from the Uintah Tribe in Utah but also get Katie to stop these explosive monster outbursts and transformations and all that. She would make a great candidate for the M.O.E. Just a darn shame she had to be cut out of the show 25 years later. The next rescue for Lincoln is gonna be where they take down Dr. M from Sly Cooper 3 who is trying to get to the Cooper Fortune and Worst Of All he is gonna have ALL of The Cooper Clan with him that was brought back by the Aparoids and Lincoln and his group are going to save them and we'll have the WHOLE Cooper Clan back. And they are going to meet a Mavelus Gene-Slammer named Rika Noralenshikov who is from Russia but was raised in America. The next chapter is gonna be where we take down an evil version of Jake Long and we're going to make sure that monster never torments Jake ever again.

See you all tomorrow and Happy Valentines Day to you all.

# Crimes of the Doppelganger Dragon

In a suburb area of Los Angeles, California was Nico and Kopaka and they were there for another awesome rescue.

Nico: Thanks for coming with me, Kopaka.

Kopaka: No problem. This will be really interesting to see how fun the rescues you go on are.

Nico: Oh they are really fun. And I have a feeling this is gonna be a strange one. But I definitely know this area. Rachel San Diego told me all about this place. We're going to meet Katie Kaboom.

Kopaka: Isn't she the teenager from Animaniacs with the unstable temper.

Nico: Yep. A Hulk type personality.

Nico went over her history.

---

Katie Ka-Boom is an antagonist in Animaniacs, being the main antagonist of one of the show's side segments titled Katie Ka-Boom. Though she is not inherently evil by design, she is callous and self-absorbed enough to be a serious threat to those around her.

She was voiced by Laura Mooney.

Katie appears to be a beautiful sixteen-year-old girl dealing with the life of an average suburban teenager and, like most teenagers, is prone to over-dramatics, angst, random mood swings and egomania. Unfortunately for her family, Katie is capable of shape-shifting into large, vicious monsters (whose forms usually relate to the cause of her anger) and generating natural disasters when she gets angry.

While having a daughter/sister that stresses over things like driving tests and dates is normal, Katie's family know to go into full lockdown when such incidents occur. Katie's mood swings transform her into various monstrous forms and herald explosions, tremors and energy blasts. The cause of Katie's supernatural powers is never touched upon and really just creative license given for how teenagers get.

Her parents and brother appear to be normal humans, although her mother describes Katie's outbursts as a phase, meaning she will grow out of it. This could mean one or both of her parents had similar transformations when they were her age, but that would also mean Katie's brother may go through the same phase when he becomes a teenager. Regardless of cause, Katie is a menace to her entire neighborhood, often with her parents and brother at ground zero of Katie's acts of destruction. Yet for some reason, none of her neighbors seem to really notice or pay much mind to said destruction when they come around soon after Katie calms down.

---

Kopaka was shocked!

Kopaka: Whoa! Get he mad and she explodes like an atomic bomb.

Nico: Yep. She would make an awesome member for the M.O.E.

Kopaka: I agree with you there.

Nico: Yeah but it's a darn shame that she was cut from the show after 25 years. What a ripoff!

Kopaka: With this day and age people have to be very careful with what to show around their children.

Nico: That is true.

Kopaka: People are just that careful.

Nico: This is honestly the first time I bring a Toa on a rescue.

Kopaka: It sure is. I'm looking forward to this myself.

Nico: Me too. (Senses something) Whoa! I sense a huge energy.

Nico looked around and then he saw it coming from a house and then…

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The whole house exploded in a huge fiery explosion!

Nico: WHOA! LETS GO!

They went to the house and saw the mom and dad and brother all right and hiding behind a sand bag barrier and Katie Kaboom was a FIRE MONSTER WITH RED EYES!

Mrs. Kaboom: Katie don't you think you're overreacting!

Katie Kaboom: I AM NOT OVERREACTING! I AM A TEENAGER!

Nico: Kopaka, cool her off!

Kopaka: Right!

Kopaka fired a wave of ice and it hit her and she screamed and steam came out.

Nico: Katie you got to calm down! Look at how you're scaring your family!

Katie Kaboom: MAYBE YOU WOULD LIKE TO FACE MY WRATH!

She fired a massive blast of fire at them and Nico fired a massive blast of fire and the blasts collided and exploded!

KRABBBBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

The people of the neighborhood were coming out to see the battle!

Nico: Fuck! Only way we're calming her down is to cool her off.

Kopaka: She is a mentally unstable girl!

?: I'll cool down this toxic girl!

Suddenly a glowing red shadow swooped in and flew through Katie and froze her right on contact and turned her into a block of ice!

It came out and it was an Evolved Necrofriggian!

Nico: WHOA! An Evolved Necrofriggian!

Evolved Necrofriggian: (In a girls voice) Its been a while Nico.

Nico: That voice. Shannon Littlefield. Its been a while.

Kopaka: Wow! How do you know Shannon?

Nico: Shannon is from the Ute Indian Tribe in Utah. I've always been very fascinated with Native American cultures and lifestyles and after School I would fly down to the Uintah Indian Reservation in Northeastern Utah to learn all about her tribe's culture and lifestyles and they are amazing.

Kopaka: That is really amazing.

Shannon Littlefield: It sure is.

Nico: Okay. I think Katie's cooled off.

But the ice shook and then exploded!

Nico: Or maybe not!

Shannon Littlefield: She needs to really cool down!

Shannon fired a massive blast of endothermic fire and it absorbed Katie's fire and froze Katie back into human form in a block of ice.

Nico: That did it!

Kopaka: Wow! She's gonna be really cold from that.

Nico: Yep. Mr. & Mrs. Kaboom you need to take your daughter to serious anger management therapy or someone is gonna get hurt! Or worse!

Shannon reverted back and she was a girl with red hair and had yellow and red clothes.

Shannon Littlefield: I agree with my friend. She needs to learn how to control her temper.

Nico: That's right. My favorite saying from Confucious is To be wronged is nothing unless you continue to remember it.

Mr. Kaboom: Wow.

Kopaka: What's your favorite memory of Nico?

Shannon Littlefield: My favorite is where he saved my tribe land from a massive and terrible forest fire that was coming to the preserve. That was such an amazing moment. But one of my favorites was where Nico showed me the Twin Owls up in Este's Park, Colorado. That is my favorite mountain there.

Nico: That was awesome. And my friend J.D. is from Colorado and he knows Estes Park. Awesome place.

Kopaka: It sure is.

Nico: Yep. Mr. and Mrs. Kaboom you need to stop letting your daughter have these explosive outbursts. You need to grab the bull by the horns and make sure she listens to you instead of doing what SHE wants. You are the parents and you are in charge! So grow a back bone and make sure she obeys you!

Mrs. Kaboom had a look of determination on her face!

Mrs. Kaboom: You're right! It's time we got more serious!

Nico: Good.

Kopaka: That's right!

Nico: And maybe she can join our frenemies in the Masters of Evil.

Mr. Kaboom: We'll do it.

Shannon Littlefield: Good.

Nico: Yeah.

Nico: I really missed you, Shannon.

Shannon Littlefield: Me too Nico.

They hugged.

Nico fired a blast of fire and thawed Katie out and it was time for Mr. and Mrs. Kaboom to start being more serious and take their jobs as parents more seriously. Then Nico and the group went back home.

---

After Nico's rescue, Lincoln, Me, Nico, Eli, Nicole Knudson, Lori, Leni, Luna, Luan, Lynn, Laney, Lucy, Lana, Lola, Lisa, Lily, Lincoln's harem, TLPS Mr. Wolf, TLPS Mr. Piranha, TLPS Mr. Snake, TLPS Mr. Shark, TLPS Ms. Tarantula, Sima Shi, Sima Zhao, Sun Jian, Guo Jia, Zhang Bao, Guan Xing, Cao Cao, Liu Bei, Sun Quan, Sima Yi, Jiang Wei, Yukimura Sanada (Samurai Warriors), Keiji Maeda (Samurai Warriors), Kanetsugu Naoe (Samurai Warriors), Hanzo Hattori (Samurai Warriors), Musashi Miyamoto (Samurai Warriors), Sly Cooper, Connor Cooper, Marie Cooper, Inspector Fox, Bentley, Murray, Jean Bison, Dmitri Lousteau, Penelope, Neyla, Contessa, Panda King, Rajan, Henrietta Cooper, and Nuju were heading to Kaine Island, and not only is Lincoln going to rescue the eleven girls there, but we're also going to take down Dr. M, and worst of all, we got word he's got all of The Cooper Clan with him, and they were brought back by The Aparoids.

Lincoln: Wow, we're here on Kaine Island, and I know what we're going to do here, not only am I going to rescue the eleven girls there, but we're also going to take down Dr. M, and stop him from getting the Cooper Fortune.

Sly Cooper: That's right, Lincoln.

Connor Cooper: I never did like that lunatic, I'll be glad to get rid of him for good.

Nico: Same here. In fact, I'm hoping that Sly uses The Black Gates on him.

Me: Now, that I'm going to enjoy seeing for myself.

TLPS Mr. Wolf: And we got word that there's a Gene-Slammer for the Duel Monster, Mavelus, is here, and who's another of Lincoln's Guardian Angels, and we got word that Dr. M has some other helpers with him, I wonder who they are?

Lincoln: I might have a feeling I know who they are, same with J.D., Nico, Eli, and Nicole.

?: HELP!

Suddenly, Lincoln heard the sound of eleven girls calling for help. With his deep sapphire blue cyborg eyes and superhuman sight, along with sensing energy signals, he saw and heard exactly where the call for help was coming from. He saw the eleven girls, but they've been cornered by Dr. M, and he's going to kill them. Then, Lincoln saw the group that Dr. M had with him: they were none other than all of the members of The Cooper Clan, Bob Cooper, Slytunkhamen Cooper I, Slytunkhamen Cooper II, Salim al-Kupar, Sir Galleth Cooper, Slaigh MacCooper, Slaigh MacCooper, "Tennessee Kid" Cooper, Thaddeus Winslow Cooper III, and Otto van Cooper. But, Lincoln saw they all had purple blotches on them, and that had pointed out to Lincoln that they've been brought back by The Aparoids.

Lincoln: Guys, I found the eleven girls, but they've been cornered by Dr. M, and he's going to kill them, and I saw the group that Dr. M had with him: they were none other than all of the members of The Cooper Clan, Bob Cooper, Slytunkhamen Cooper I, Slytunkhamen Cooper II, Salim al-Kupar, Sir Galleth Cooper, Slaigh MacCooper, Slaigh MacCooper, "Tennessee Kid" Cooper, Thaddeus Winslow Cooper III, and Otto van Cooper. But, worst of all, they've been brought back by The Aparoids.

We gasped in utter shock, and when Sly Cooper found out, the memory of what happened to his Dad last year on Sandy's birthday came back, and it really made him mad.

Sly Cooper: (Getting Angry) They did WHAT?!

Connor Cooper: Those monsters, let's head down there and free them. Then, we'll kill Dr. M, and end his life forever.

Zhang Bao: Now, you're talking.

?: (Russian Accent) Let's get that fucked-up mad scientist.

Suddenly, we saw a Mavelus descend in front of us.

Lincoln: That voice, I knew it was you, Rika Noralenshikov. But, we'll have to talk later, right now, let's put a stop to Dr. M, and free the Cooper Clan from the Aparoids.

We rushed on over, and Lincoln fired powerful rainbow energy balls at Dr. M, and they hit him, and the eleven girls got to safety. When Dr. M saw us, he was enraged, along with the Aparoid-possessed Cooper Clan members.

Dr. M: How dare you get in my way, Team Loud Phoenix Storm?! The Cooper Fortune is mine!

Sly Cooper: Why don't you shut the hell up, you fucked-up mad scientist lunatic!

That loud yell from Sly Cooper was enough to shut Dr. M up, but this was only the beginning. Sly Cooper transformed into his Super Angel 750,000,000,000 form, and he unholstered his Ancestral Cane of The Cooper Clan from his wider and muscular back. Suddenly, we felt something snap inside of Sly Cooper's mind, as he was surrounded by a blue energy aura with fire, lightning, and darkness, and as he'd approached his Aparoid-infected ancestors, he left neon blue energy, fire, lightning, and darkness with every step.

Sly Cooper: You fucking Aparoids are now really starting to make me even more sick. You may have helped us out in bringing back those who've tragically died, and we freed them from your influence. (Suddenly Getting Even More Angry) But, to bring back our ancestors and turn them into your mindless slaves to kill us, just like with my Dad… , YOU'VE JUST CROSSED THE FUCKING LINE FOR THE LAST TIME, YOU PARASTIC BASTARDS FROM HELL!

We gasped in shock when Sly Cooper's rage was really let loose now, including Sly Cooper's parents.

Lincoln: Uh oh, I haven't forgotten the last time when Sly Cooper's rage was let loose like that.

Nico: Yeah, that's when the Aparoids brought his Dad back last year, but to bring his ancestors back and turn them into their slaves, they just crossed the line for the last time, and now, Sly Cooper is now really pissed off now, and his rage has been let loose.

Eli: HIT THE DECK!

We ran for cover, as Sly Cooper screamed like a madman and then…

KRABBBBBBBBBOOOOOOOOOOOOOOOOOOOOOOOOOOOOOOO

A massive explosion of energy exploded out and he was surrounded by a massive vortex of blue energy with flames, bolts of lightning, and the dark shadows surrounding it, there's a racoon running around the vortex, and inside of the vortex is a gold phoenix. Lincoln: That's it for that madman. (To Rika Noralenshikov) And it's so good to see you again, Rika.

Rika Noralenshikov: (Russian Accent) You too, Lincoln. it's been a long time.

They went up to each other, and they hugged, and Rika Noralenshikov was surprised at how much stronger and at how much taller and much more muscular Lincoln's gotten since she last saw him.

Lincoln: It sure has been a long time, I haven't seen you when you were eleven, and I've grown a lot since then.

Rika Noralenshikov: (Russian Accent) Yeah, I can see, you've really grown a lot from the eleven-year-old cute little boy into a 17-year-old 7'0" tall and very handsome teen with abnormally massive and powerful upper and lower body muscles and eight-pack abs.

Nico: Wow, Lincoln, you know her?

Lincoln: Yeah, I do, Nico. This is Rika Noralenshikov, she moved from Russia to Michigan, when she was eleven, and she saved a fifteen-year-old girl and her baby daughter, when they had to go into hiding in a sewer, because her former boyfriend, Armando, wanted to kill her and her baby daughter, and his dad's a high-ranking cartel member.

Nico: What? Oh, I'm definitely going to want to hear this.

Lincoln: You'll hear about that later on, Nico, and you're going to love it. Now, let's get you back to normal, Rika, guys, cover your eyes. Hold still, Rika, this is going to hurt.

Rika Noralenshikov: (Surprised) (British Accent) Whoa, is this…?

Lincoln: Yep, that's a Thunderbird Necklace of Eternal Love, which means you're now part of my harem and you're one of my many future wives, Rika.

Rika Noralenshikov had a smile on her face and tears in her eyes, as Lincoln wrapped his abnormally massive and powerful muscular arms around her waist and he leaned down and he kissed her on the lips, and she returned it, and we cheered for them. Then, we went up to the eleven girls, and when Lincoln saw them, he immediately recognized them. The eleven girls are Shimazu Sakuya, Shimazu Nami, Shimazu Suseri, Tamako, Isuca, Matsuura Fuzuki, Souma Matsuri, Souma Nadeshiko, and Tachibana Kanae from Isuca, Hanazono Karin from Kamichama Karin, and Kujou Himeka from Kamichama.
